Beach Haven Coastal Connections

Feedback must be received by 14 July 2025

We're getting ready to start the next stage of our project to improve coastal tracks and pathways in Beach Haven. This work is part of the Kaipātiki Connections Network Plan, which aims to create better walking and cycling links across the area. We've already completed stages one and two, which upgraded existing tracks and built new bridges to improve access. Now, for stage three, we plan to build a new pathway to connect to the upgraded coastal track—and we'd like your help choosing where it should go.

There are two options: one would link Tui Park to the new coastal track in Shepherds Park, and the other would link Hellyers Creek Reserve to Kahika Point Reserve in Birkdale. The local board currently has funding for just one of these options and will build the second one later when more funding is available. Let us know which route you prefer.

We strongly encourage you to read the proposed approach and accompanying information before answering any of the following questions.

We encourage you to give feedback online at akhaveyoursay.nz or you can:
