Representation review initial proposal

1. Overall, what is your opinion of the changes outlined in the representation review initial proposal?

Do not support

Tell us why

If the population has increased and some areas are not served adequately,it seems there is a need for more councillors in those places.Also if there is an imbalance of councillors,some representatives may have too much workload?

Changes to wards from the 2022 elections

2A. What is your opinion of the proposed changes to the *Central Auckland wards* (maps 1.1 to 1.4)?

Tell us why

2B. What is your opinion of the proposed changes to the North Shore and Albany wards (map 1.5)?

Tell us why

3A. What is your opinion of the proposed changes to the Rodney Local Board subdivisions (map 2.1 and 2.2)?

Tell us why

3B. What is your opinion of the proposed changes to the Howick Local Board subdivisions (map 3)?

Support

Tell us why

Howick Local Board is large so extra representatives would lighten the workload on the present councillors.No

Non-complying subdivisions

4. Do you have any feedback on the proposal to maintain some subdivision arrangements that are currently not compliant with the rule for fairness of representation?

Local board boundaries

5A. We are proposing that Saunders Reserve, currently split across Devonport-Takapuna and Upper Harbour Local Boards, will be fully in the Upper Harbour Local Board (map 4.1). What is your opinion of this proposal?

Tell us why

5B. We are proposing to move part of Kereru Reserve, currently split across Kaipātiki and Upper Harbour Local Boards, to the Upper Harbour Local Board (map 4.1). What is your opinion of this proposal?

Tell us why

5C. We are proposing to shift the section of the Upper Harbour / Kaipātiki boundary that lies between Caribbean Drive and Albany Highway southwards, so it follows a road boundary (map 4.1). What is your opinion of this proposal?

Tell us why

5D. We are proposing to align Bayview, currently split across Upper Harbour and Kaipātiki Local Boards, to the Kaipātiki Local Board (map 4.1). What is your opinion of this proposal?

Tell us why

5E. We are proposing to align Taumanu Reserve (Onehunga), currently split across Puketāpapa and Maungakiekie-Tāmaki Local Boards, to the Maungakiekie-Tāmaki Local Board (map 4.2). What is your opinion of this proposal?

Flatbush is big enough to have its own representation- could have been bigger with an additional local board member perhaps so Flat bush community has a real voice.

Smaller Botany with two representatives seems to have more voice than Flatbush with 45000 people and only three representatives? Should botany just have 1 representative?

6. Do you have any other feedback about how you and your community can be better represented through local boards and the governing body?

Hoping Māori representation will be included in the review in future. Unfortunate that legislative changes will make it harder for this to proceed in future.

Would like a name change from Flat Bush to something more relevant - Māori perhaps to align with other parts of the Manukau/ Southern Auckland region.

Tell us why

3B. What is your opinion of the proposed changes to the Howick Local Board subdivisions (map 3)?

Support

Tell us why

The Howick Local Board is a growing area, specifcally Flat Bush. Being a resident of Flat Bush and attending Ormiston Senior College, the rapid growth is evident. With more and more people, it makes sense for more members to represent this growing area. Hence I support these changes to the proposed Howick Local Board subdivision.

3B. What is your opinion of the proposed changes to the Howick Local Board subdivisions (map 3)?

Support

Tell us why

The population of of Flat Bush is about 42660 of the total population of Howick Local Board of 157,600 which is a fair representation for a separate subdivision. So a new Flat Bush Subdivision is justified.

Non-complying subdivisions

4. Do you have any feedback on the proposal to maintain some subdivision arrangements that are currently not compliant with the rule for fairness of representation?

Existing Botany Subdivision that includes Flat Bush has too many people of 73000 for 3 members. Flat Bush in itself has 42660 , so it is appropriate to create a new subdivision for Flat Bush for fair representation.

Local board boundaries

5A. We are proposing that Saunders Reserve, currently split across Devonport-Takapuna and Upper Harbour Local Boards, will be fully in the Upper Harbour Local Board (map 4.1). What is your opinion of this proposal?

Tell us why

Flat Bush has a population of 42660 of the total population of Howick Local Biard of 157600 so it is fair to create a new subdivision for Flat Bush for a fair representation.

Non-complying subdivisions

4. Do you have any feedback on the proposal to maintain some subdivision arrangements that are currently not compliant with the rule for fairness of representation?

Existing Botany Subdivision has 73000 population too many for 3 members. So it is fair to create a separate subdivision for Flat Bush which has 42660 people.

Don't think the best interests of the Howick ward are served by including Flatbush in Howick would be better served by including in Papatoetoe/Otara due to closer boundaries and social economic similarities.

Representation review initial proposal

1. Overall, what is your opinion of the changes outlined in the representation review initial proposal?

Tell us why
I think some of the area that is being added to Orakei ward would be much better aligned with Maungakiekie Tamaki.

3A. What is your opinion of the proposed changes to the Rodney Local Board subdivisions (map 2.1 and 2.2)?

Tell us why

3B. What is your opinion of the proposed changes to the Howick Local Board subdivisions (map 3)?

Support

Tell us why

We need to add the 2 extra Councillors to ensure we get a fair representation for all of the Howick ward. The workload would be too great for 9 councillors. This area is continuing to grow and the workload will only get greater.

Ormiston Subdvision Northern boundary doesn't follow Botany Doens Secondary School Zone. Families whose children go to BDSC go to school, shop and socialise at Botany Town Centre not Ormiston. They do not identify with Ormiston.

Better to follow the BDSC Zone. This would be a small adjustment to the population. Our daughters attended BDSC- they do not identify with Ormiston. The BDSC southern boundary from their website is:

At the intersection of Whitford Road and Whitford-Maraetai Road the zone travels west across country to the northern boundary of the Gracechurch Reserve. (excluding Sandstone Road and associated no exit roads and all of the Mission Heights estate).

Continue west on Gracechurch Drive (18, 19 and above included), then south along Baverton Close and west into Cyril French Drive (58 – 98 only included) before turning north along Middlefield Drive (95, 88 and below included).

Turn West into Barcaldine Road (Include Earlshall Drive, Dalcross Drive, Baltersan Drive) across Chapel Road (extending south to include 410, 319 and above) to the end of Premwood Road.

Disabled people don't see themselves as being represented – we can't get onto the council or onto the boards to be able to make a real difference. It's really difficult to campaign in local councils for a disabled person. I would like to see disabled people in leadership making decisions for us with us. Could we have a disabled representative with each local board – that could help to get and maintain a good relationship. They need to have a broad vision of different disabilities including autism and include parents of disabled people who are often in time poverty. Knowledge of the United Nations Convention on the Rights for People with Disabilities and the New Zealand Disability Strategy is poor among elected members and candidates. I think elected members should have to go through Disability 101 training to understand disability rights, legislation and strategy that they have a legal responsibility to uphold. Because local boards meet on different days and times, particularly during the day it is hard for disabled people to attend and engage. I would like one board representative on each Council body to have the responsibility of connecting with disabled people and their families. This is particularly important in South Auckland. Disability Connect has accessed data from IHC's recent report from Data to Dignity Dec 2023 https://cdn.prod.website-files.com/628455c1cd53af649dec6493/6584cc68cbd28550e09d0397_Full_IDI%20report_final_web.pdf. Their analysis shows 49% of people with Intellectual Disability in Auckland live in South Auckland. The main areas in order are Manurewa, Otara/Papatoetoe, Howick then Mangere/Otahuhu and Papakura.

I would like an Easy Read version of all consultation material provided by Council for Auckland residents. It's very difficult for people with intellectual disabilities to read documentation that comes out from council or any other institution. Picture exchange boards (PECS) for non-verbal members of our are wonderful (https://nationalautismresources.com/the-picture-exchange-communication-system-pecs/).

Seek regular feedback online in decision making. Make use of online and easy to access ways to contribute to the decisions. Having formal long meetings in person are not practical for these times.

Botany and Flat Bush suburbs as of now are demographically and socially different. Botany is more established while Flat Bush is still developing in regards to educational institutions and residential areas. It would be good to have different members for each area to cater for and advocate for different views.

Botany is very large compared to all the other areas, so just having three members from Botany isn't completely representative of the population, Splitting it into Botany and Flat Bush allows for better representation especially since Flat Bush is very quickly developing.

3A. What is your opinion of the proposed changes to the Rodney Local Board subdivisions (map 2.1 and 2.2)?

Other

Tell us why

3B. What is your opinion of the proposed changes to the Howick Local Board subdivisions (map 3)?

Tell us why

In principle this proposal is sensible aligning representation with population. However it does not take into account historical perspective that Howick / Pakuranga have a lot of influence and infrastructure relative to Flat Bush and Botany (groups like the Grey Power and Ratepayers Association).

Non-complying subdivisions

4. Do you have any feedback on the proposal to maintain some subdivision arrangements that are currently not compliant with the rule for fairness of representation?

Local board boundaries

5A. We are proposing that Saunders Reserve, currently split across Devonport-Takapuna and Upper Harbour Local Boards, will be fully in the Upper Harbour Local Board (map 4.1). What is your opinion of this proposal?

5B. We are proposing to move part of Kereru Reserve, currently split across Kaipātiki and Upper Harbour Local Boards, to the Upper Harbour Local Board (map 4.1). What is your opinion of this proposal?

Tell us why

5C. We are proposing to shift the section of the Upper Harbour / Kaipātiki boundary that lies between Caribbean Drive and Albany Highway southwards, so it follows a road boundary (map 4.1). What is your opinion of this proposal?

Tell us why

5D. We are proposing to align Bayview, currently split across Upper Harbour and Kaipātiki Local Boards, to the Kaipātiki Local Board (map 4.1). What is your opinion of this proposal?

Tell us why

5E. We are proposing to align Taumanu Reserve (Onehunga), currently split across Puketāpapa and Maungakiekie-Tāmaki Local Boards, to the Maungakiekie-Tāmaki Local Board (map 4.2). What is your opinion of this proposal?

Tell us why

6. Do you have any other feedback about how you and your community can be better represented through local boards and the governing body?

Perhaps for proposal 3b Howick Flatbush should be 4 LB, this correlate with population but it could be a special member in vein of a Maori special seat. Moreover, Howick / Pakuranga = 6 LB Flatbush / Botany = 6. Balancing the board.

Agree. The number of local board representatives can be increased in proportion to the population. Economic linkage areas can be more integrated and regulated without separation. It is good to divide them into smaller areas. At the same time, avoiding the increase of local boards can reduce administrative expenses.

Auckland is a diverse community. Our representative can't represent all our diverse communities. Therefore, each local board(and governing body) needs to work closely with

ethnic community leaders who know their communities' needs, aspirations, and unique resources, so that these can be utilized to support and contribute to New Zealand society.

I support the proposed subdivision of the Howick Ward into four areas for better representation. However, 11 representatives is too much and it will make the board expensive and inefficient. My view is: 2 for Pakuranga, 2 for Howick, 2 for Flat Bush and 1 for Botany.

Howick Local Board should have only seven (7) members

Local Boards should have minimum numbers of representatives. Otherwise, they become oversized and inefficient as many other organisations, making them too expensive and not fit for purpose.

assuming the new subdivision is justified as a consequence of different needs between flat bush and botany populations, I support the new subdivision of the Howick ward into 4 subdivisions (originally 3); But I do not support the local board member's increase to 11. The proposed 11 members is an increase of 2 over the current 9 members, over 22% member increase to represent the same total population, The increased number of members will more likely be less effective, and it will very likely encourage the creation of influence blocks within the board, forming powerful voting blocks in detriment of a meaningful local democracy.

Non-complying subdivisions

4. Do you have any feedback on the proposal to maintain some subdivision arrangements that are currently not compliant with the rule for fairness of representation?

I propose the Howick local board, under the new subdivision, should be composed of 2 members for pakuranga, 2 for Howick, 1 for botany, and 2 for flat bush. Under this representation the % diff from average are 4.28%, 2.28%, -23.65%, and 5.26% respectively. Only botany falls beyond the 10% range, while the others are an almost perfect fit.

Do not support

Tell us why

New Botany/Flatbush subdivisions will struggle with more workload with only 2-3 members moreover these areas are all similar economically. It would make sense to keep the current board and focus on other things such as transport issues. Fix current issues before moving on to open new plans.

Changes to wards from the 2022 elections

2A. What is your opinion of the proposed changes to the *Central Auckland wards* (maps 1.1 to 1.4)?

Tell us why

2B. What is your opinion of the proposed changes to the North Shore and Albany wards (map 1.5)?

Tell us why

3A. What is your opinion of the proposed changes to the Rodney Local Board subdivisions (map 2.1 and 2.2)?

Tell us why

3B. What is your opinion of the proposed changes to the Howick Local Board subdivisions (map 3)?

Support

Tell us why

Ormiston is a large area, but so far is largely ignored as a part of the East Auckland community. The Flat Bush subdivision would allow these people to be properly represented.

Non-complying subdivisions

4. Do you have any feedback on the proposal to maintain some subdivision arrangements that are currently not compliant with the rule for fairness of representation?

Local board boundaries

5A. We are proposing that Saunders Reserve, currently split across Devonport-Takapuna and Upper Harbour Local Boards, will be fully in the Upper Harbour Local Board (map 4.1). What is your opinion of this proposal?

Tell us why

5B. We are proposing to move part of Kereru Reserve, currently split across Kaipātiki and Upper Harbour Local Boards, to the Upper Harbour Local Board (map 4.1). What is your opinion of this proposal?

Tell us why

5C. We are proposing to shift the section of the Upper Harbour / Kaipātiki boundary that lies between Caribbean Drive and Albany Highway southwards, so it follows a road boundary (map 4.1). What is your opinion of this proposal?

Tell us why

5D. We are proposing to align Bayview, currently split across Upper Harbour and Kaipātiki Local Boards, to the Kaipātiki Local Board (map 4.1). What is your opinion of this proposal?

Tell us why

5E. We are proposing to align Taumanu Reserve (Onehunga), currently split across Puketāpapa and Maungakiekie-Tāmaki Local Boards, to the Maungakiekie-Tāmaki Local Board (map 4.2). What is your opinion of this proposal?

Tell us why

6. Do you have any other feedback about how you and your community can be better represented through local boards and the governing body?

Support

Tell us why

I support the new proposed subdivision as the population of the Botany suburb is so large, it should be split in some was to give these people more power in their voting and their voice and have the ability to elect a chairperson who solely represents their area.

3B. What is your opinion of the proposed changes to the Howick Local Board subdivisions (map 3)?

Support

Tell us why

I think this will create better representation for everyone living in our local community and ensure better, more specific outcomes. It will also lessen the load for each local board member, making the focus for each subdivision more clear.

Non-complying subdivisions

4. Do you have any feedback on the proposal to maintain some subdivision arrangements that are currently not compliant with the rule for fairness of representation?

Representation review initial proposal

1. **Overall, what is your opinion of the changes outlined in the representation review initial proposal?**

   Other

   Tell us why

   We support the "fairness of representation rule".
   We also support representation based on communities of interest.
   What we question is whether having more elected local board representatives necessarily results in improved decision making. There is plenty of evidence in management theory about optimum group sizes for effective decision making. We suggest that the ratio of elected representatives to population ("fairness of representation rule") needs a review. Increasing the ratio of population to elected representatives, across all wards in Auckland, will not infringe either of the principles underpinning representation. It may actually improve decision making because of higher quality representatives. It will reduce costs. Just think how big parliament would be if the number of MPs would be using a similar ratio to population as that used for local wards!
