Overall rationale/guidelines seem sound. I am in Pukekohe/Franklin and agree that the proposal to not change the boundaries, and reasoning given, are sensible.

I suggest going back to

Auckland Regional Council and how the old areas use to be made up

Manukau City Council

Auckland Council

etc

Its a lot less than what we have at the moment and I think it work much better in this regional approach.

For example Franklin has Beachlands which is so disconnected from Pukekohe & even Clevedon.

Keep it simple and go back to the old Regional Council, Manukua City, North Shore, Auckland City etc

Makes so much more sense as they are service area for the wider regions.

All the public parks need to come under control of the likes of the old Auckland regional Council. As its up to local boards to fund them and often they are not on their funding radar. A new Auckland regional large parks department and depo with a large in house lawn mowing garden maintenance team. Plus a plant nursery. Employ local workers, with progression training scheme.

Parks plans need to be done by the parks department not a bunch of local board members that have no understanding of flooding issues, sports requirements, design, planting. They have so much power that our horse sports are being kick off parks like Clevedon Showgrounds. Climate change is effecting our local parks and these need future proofing with green scape planting solutions to soak up water runoff.

Bring back the Auckland regional council (Why i's most of Auckland's waste water needs to be looked at as a whole. Why is most of the waste water going out to the Manukau Harbour which is shallow and takes over a week to clear. Should be piped straight out to sea. Auckland is bursting at the seam, motorway, sewage, drainage, hospitals drinking water, flooding, un safe swimming beaches are all struggling to cope with the increasing housing developments etc. Climate change & sea level rise is only going to put more pressure on the city.

Local Howick Board Members should have a restricted term of 2 years only. Currently there is an urgent need for a complete change in Howick Community Board Member and also Local

Auckland Council Representation for Howick District. It is important to get better and more suitable representation. It needs a better selection process.

Any proposal which allows local boards to vote on representation levels at other boards, when their own are unaffected, is a heinous breach of the democratic process.

That would mean Papakura/Manurewa for example, combined into one, effectively giving representation levels far below those in unaffected boards.

The same would be true in Otara-Papatoetoe amalgamating with Mangere-Otahuhu.

It is difficult to perceive of this as anything other than grossly unfair on the south.

I have no problem with having fewer boards. Despite reservations as stated above, making savings from not serving 21 boards makes sense. But if you are going to act, act. The 21 boards would be better aligned as Gt Barrier/Aotea, Waiheke - because they are unique island communities. The Rodney and Franklin, as still mainly rural communities. Then four others, north, everything north of the bridge; East - everything on the east of SH1, West - everything on the west of SH1, South - everything beyond Mt Wellington overbridge.

I quote your own documentation "The Warkworth and Kumeū subdivisions have been reduced in size to match urban and future development zones around these centres" why would you do this if other parts of the Ward eg Matakana are also growing, why reduce the number of Wards for a rapidly growing area by 1 (if anything the area need provision for a further addition)
