Local Board: Albert-Eden

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support all

Tell us why?

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Emergency preparedness and recovery support, including supporting the Community Emergency Hub Network.,Ensure groups such as children, older people, and migrant communities can participate and connect within our communities.,Maintain and improve local parks and sport fields, to better meet community needs.

3. What would encourage you to visit your local town centres more often?

More stores, cafes, activities happening there

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Looking at speed limits to ensure they are safe.,Improving the cycling network.,Making the most of the City Rail Link (CRL) for our community.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

Local Board: Albert-Eden

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

Because I support the idea of building stronger neighbourhood connections, working towards community safety, access to libraries and community facilities.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Free activities and events in local parks, libraries, and public spaces.,Public spaces that feel safe.,Other, please specify:maintain and/or repurpose while preserving historic landmarks (ie Unitec Bldg 1, Alberton...) to make the area safe and a destination ppl want to spend time in.

3. What would encourage you to visit your local town centres more often?

If it felt safer, greener and more like a destination rather than just a place to pass through while avoiding strange encounters. This means addressing abandoned, unsafe or graffitied buildings, improving lighting (especially around the Mt Albert train station side streets), cleanliness, crossings, seating, trees and small public spaces like the arcade.

Point Chevalier has strong potential because of its beach, heritage, possible community feel and cycleway connections. I would love to see more ambitious use of local assets, such as turning the former Unitec Building into a destination library/community hub, a school, offices, with weekend farmers or artisan markets and so much more. The temporary library site could become a small green space for the town centre.

The Ambassador Theatre /Cupid bar also feels like a missed opportunity. It could be restored and promoted as a boutique heritage cinema or arts venue, hosting special screenings, festivals and community events, (ie French film festival). Overall, Point Chevalier needs investment and imagination so people have more reasons to stop, stay and enjoy the area.

4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important? (Select up to 3 options)

Improving walking paths and footpaths.,Improving the cycling network.,Making the most of the City Rail Link (CRL) for our community.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

Point Chevalier should be treated as a destination village, not just a traffic corridor. Make it SAFER, greener, more beautiful, and more active, with heritage buildings restored, neglected sites addressed, a landmark library/community hub, weekend markets, boutique arts and cinema, public spaces that invite people to stay and attracts the crowd that would contribute to the economy of the businesses around.

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

There seems to be a focus on preserving and enhancing 'green spaces' and acknowledgment of the effects of climate change

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Free activities and events in local parks, libraries, and public spaces.,Public spaces that feel safe.,Maintain and improve local parks and sport fields, to better meet community needs.

3. What would encourage you to visit your local town centres more often?

Better and more frequent public transport

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Improving the cycling network.,Making the most of the City Rail Link (CRL) for our community.,Better public transport (buses and trains).

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

nil

Local Board: Albert-Eden

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

I like how the goals focus on Maori language visibility and have the natural environment and the community in mind.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Environmental and climate action projects to get involved in, e.g. planting, pest control.,Public spaces that feel safe.,Support local groups and volunteers build skills and continue to do their work in our communities.

3. What would encourage you to visit your local town centres more often?

I'm fine to not visit, I appreciate the facility is there and for others to go and use.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Improving walking paths and footpaths.,Better public transport (buses and trains).

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

In my opinion the main focus should be public safety. There are many factors which contribute to that, some controllable and some which are not e.g. macro impacts. I think maintaining/enhancing that sense of community to make the area a friendlier or approachable space helps.

Local Board: Albert-Eden

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

I don't know

Tell us why?

It sounds too general and doesn't have detailed information to show how you do it, and the own deadline for each issue.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Free activities and events in local parks, libraries, and public spaces.,Maintain and improve local parks and sport fields, to better meet community needs.

3. What would encourage you to visit your local town centres more often?

If our local town centres are accessible at any time with many kinds of transport and many parking slots, I am pleased to take my family to visit your centres.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Looking at speed limits to ensure they are safe.,Better public transport (buses and trains).

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

I have opinions about 2 issues:

. Economic development:

I am living in St Andrews, Epsom. In my beginning time came to the Epsom area to live and work, I felt pity for this area. In the Epsom area (especially Manukau Road), the infrastructure and roads are really convenient, but its economic status isn't as good as expected. Compared to the MT Eden village, it is quiet in all of the business spots. It needs support and guidance from the local band to boost its value and bring money to the business shops.

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Public spaces that feel safe.,Support local groups and volunteers build skills and continue to do their work in our communities.,Maintain and improve local parks and sport fields, to better meet community needs.

3. What would encourage you to visit your local town centres more often?

More bars and cafe. Make the Council process of obtaining licences including liquor far quicker.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Making the most of the City Rail Link (CRL) for our community.,Better parking management (e.g. time limits, or paid parking to improve availability).,Other, please specify:improving street lighting so walking to from bus stops and train stations feels safer.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

There is a need to look at better maintenance. I notice all the staining / paint on the wood elements on the waterview shared path needs restraining repainting. Look after all the assets better.

Local Board: Albert-Eden

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

Why have you not specifically announced how Albert-Eden Local Board members have voted on the 3 options given to local boards to vote on by Auckland Council re Plan Change 120? Shouldn't this be transparent to your constituents? How specifically will you do this: Planning rules to protect historic heritage, special character, viewshafts

of the tūpuna maunga (ancestral mountains) and sites and places of significance to mana whenua.

2. Which of these do you believe our diverse community needs most? (Select up to 3 options)

Environmental and climate action projects to get involved in, e.g. planting, pest control.,Public spaces that feel safe.,Maintain and improve local parks and sport fields, to better meet community needs.

3. What would encourage you to visit your local town centres more often?

cheaper public transport, well maintained local heritage character, local and unique retail opportunities, better walkable and bike-able access, outdoor/open space dining/meeting areas, pet friendly areas including public transport/dining/shopping/etc

- 4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important? (Select up to 3 options)**

Improving walking paths and footpaths., Improving the cycling network., Better public transport (buses and trains).

- 5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?**

Ensure the public transport network is safe, reliable and accessible. Why have you not addressed decreasing the cost of public transport?

More frequent specific events

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Improving walking paths and footpaths.,Better public transport (buses and trains).,Other, please specify:Improving and maintaining drainage

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

We need to sort out the rat problem. I reached out to Pest Free Balmoral to get a free rat trap as I see them in my garden semi-regularly, but they never replied to my email or text.

We also need to sort out the drainage. I've reported the street/footpath flooding that occurs literally every time it rains on the corner of Peary Road and Dominion Road to AT at least three times and nothing has been done. The flooding makes it impossible to cross the street or use the footpath on the Peary Road side of Dominion Road, and cars going by create massive wakes and waves in their paths.

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Do not support most

Tell us why?

I want the council out of my life as a general policy.

I dont want parades and local events and cultural days

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Public spaces that feel safe.,Maintain and improve local parks and sport fields, to better meet community needs.,Other, please specify:i dont believe in helping people, they should rely on their own family, there is no end to need so its best not to start

3. What would encourage you to visit your local town centres more often?

Making sure they are rubbish free and free of the semi homeless and poor social attitude that they bring

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Improving walking paths and footpaths.,Other, please specify:If you want to make the city better deal with petty crime and the threat of violence and car break ins, thats how you make a city feel good.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

I don't know

Tell us why?

Important that people feel their community is safe and deserving of respect.

Inclusive of all nationalities and ages.

English and Māori should be used when labelling buildings and using information for general public.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Free activities and events in local parks, libraries, and public spaces.,Environmental and climate action projects to get involved in, e.g. planting, pest control.,Ensure groups such as children, older people, and migrant communities can participate and connect within our communities.

3. What would encourage you to visit your local town centres more often?

If they were cleaner.

- 4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important? (Select up to 3 options)**

Improving walking paths and footpaths., Looking at speed limits to ensure they are safe., Better public transport (buses and trains).

- 5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?**

I think the problem of overgrown berms needs to be addressed. For some reason lot of apartment dwellers do not appear to be connected to the outside environment. Biggest litterers, dumping of obsolete items, overgrown berms. Land owners should be responsible for maintaining the berms.

3. What would encourage you to visit your local town centres more often?

If they were safer and less run down. Point Chevalier is full of drug users and derros. We need to get rid of them,

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Better public transport (buses and trains).

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

There is not enough parking in Point Chevalier, if they take our public carpark away behind the shops this is going to negatively affect all the local businesses who are already struggling.

Please do something about the anti-social behaviour in Point Chevalier and the rundown, dirty town centre.

Improving the cycling network.,Making the most of the City Rail Link (CRL) for our community.,Better public transport (buses and trains).

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

Would like to see more direct comment and proposals regarding flooding and climate change as this is the main key issue Auckland is facing as a whole and many of our communities have been effected and new ones will be effected in the future. Would be great to see opportunities to build rain gardens, rain barrels, to identify areas that can be better prepared for flooding, etc.

Local Board: Albert-Eden

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support all

Tell us why?

All the priorities reflect valuable objectives in terms of general population well-being.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Ensure groups such as children, older people, and migrant communities can participate and connect within our communities.,Support local groups and volunteers build skills and continue to do their work in our communities.,Other, please specify:continued involvement of mana whenua in strategy and implementation of plans

3. What would encourage you to visit your local town centres more often?

The most common thing that takes me out of local town centres is the shopping opportunities of Newmarket and the CBD. An upgrade of Westfield St Lukes would perhaps mitigate this - although it is easier for me to get to Newmarket and the CBD anyway.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Making the most of the City Rail Link (CRL) for our community.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

I think it is good as far as it goes but I didn't see any real vision of the major opportunities for strengthening of the area. Typical SWOT analysis kind of things. Without that it is hard to get a sense of where the area is heading and whether the priorities set are well assigned. What do we want Eden-Albert to be like in 50 years time? Do we want to try to shape that future or just keep up with whatever changes organically arise? To what extent and in what ways are we in competition with other local board areas in Auckland?

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support all

Tell us why?

This looks like a good thorough plan with well balanced goals to support the area and community.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Emergency preparedness and recovery support, including supporting the Community Emergency Hub Network.,Public spaces that feel safe.,Maintain and improve local parks and sport fields, to better meet community needs.

3. What would encourage you to visit your local town centres more often?

Honestly, what motivates me to visit different town centres now is the individual character they have, e.g. Sandringham for Indian stores and restaurants, Mt Eden Village for cafes bars etc., which are related mainly to the shops/services offered, but also to the character and vibe that differentiated them. So the more this exists, the more attractive they become.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?

Your VALUES are correct and the planned work reflects them. Yo I LOVE SEEING THIS. Well done.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Public spaces that feel safe.,Other, please specify:Less cars

3. What would encourage you to visit your local town centres more often?

They're beautiful as is mate. The only 2 things I would change are:

1. Less cars. (And I mean a 75% to 90% reduction.)
2. More street art.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Making the most of the City Rail Link (CRL) for our community.,Other, please specify:Less cars

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

Firstly, thank you for taking your duties seriously, and executing them in good faith with inclusion, reason, and compassion. You are true leaders, and more significantly you are true stewards of our heritage and of our future.

Secondly... the answer is less cars.

Cars ruin cities. It is obviously well-established in the field of city planning, and cars are a DIABOLICAL problem for Auckland. We need to transform this city to first become free from car-reliance and ultimately car-free.

Auckland is now classified globally as a LARGE city from a global perspective. Only by breaking car dependency and committing to a car-free or 90% car-free trajectory will this jewel of the Pacific become a world-class city and a leader in the sustainable future we need.

We have ONE opportunity to start heading on the right path, and that opportunity is right now.

Local Board: Albert-Eden

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

There isn't an indication in the Built Environment section as to whether this board supports the Option A or Option B for selective intensification as proposed by the Governing Body, and I would like my Local Board to strongly support Option B. I would also like to support increasing the 6-storey limit on intensification to 8-storey, This is the best option for promoting:

More affordable housing

Younger generations being able to afford to live centrally in Auckland

Older people being able to downsize and keep living in their community

Walkable neighbourhoods close to shops and around town centres

Housing that's close to great transport options

Reducing emissions by keeping the city compact and connected

Lowering the rates burden by maximising existing infrastructure and investment

2. Which of these do you believe our diverse community needs most? (Select up to 3 options)

Emergency preparedness and recovery support, including supporting the Community Emergency Hub Network.,Public spaces that feel safe.,Maintain and improve local parks and sport fields, to better meet community needs.

3. What would encourage you to visit your local town centres more often?

It's not that easy to get around the Mt Albert Library/St Lukes area on bike or foot. It's very car-centric.

4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important? (Select up to 3 options)

Improving the cycling network.,Making the most of the City Rail Link (CRL) for our community.,Better public transport (buses and trains).

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

I want my children to be afford to live in an affordable, sustainable Albert-Eden, and that is not possible without both greatly intensified housing around our public transport links and ensuring that this housing is walkable and ecologically sustainable.

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Do not support any

Tell us why?

This plan is nothing. A plan with any credibility would be described in a way that lets a reader understand if the objectives in the plan had been met or not. It would also set out the priorities. I see no priorities here. It would include timetable?? This is just a list of wishes. And there is no allocation of money to the development activities. Which of these 100+ items is it proposed are the MUST do??? I can't tell.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Maintain and improve local parks and sport fields, to better meet community needs.

3. What would encourage you to visit your local town centres more often?

Lower rates for the businesses so the available hospitality was less expensive. Which a big cut back on all the cuddly initiatives.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Other, please specify: Reduce road and parking congestion for residents.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

I can't believe that any money at all can be approved and allocated based on this plan. It is just not specific enough. If it was me I'd approve a budget for maintenance of existing facilities and go back to the drawing board for everything else. For each initiative... What's the scope, what's the measure of success/completion, how much is it estimated/going to cost, when is it to be done, who is responsible for outcome? This plan doesn't even outline the major capital projects that are planned and how much of the budget they consume? For all I know 90% of the budget will be spent on free events in the parks!!!! Surely the pieces should be listed with the dollars and ratepayers asked if they want the money spent? or would rather a rate reduction???

Improving walking paths and footpaths.,Better public transport (buses and trains).,Other, please specify:Clean main streets regularly

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

Seems like flood prevention is not on any agenda. Repeat of Auckland Anniversary flood 3 years ago should be prevented in the future. Even now, there is more rain. We need to improve stormwater systems around areas that have potential to flooding and regular road

sweeping so that debris do not block stormwater systems. I have been to third world countries that have cleaner streets than Auckland

The plans seem balanced to assist people economically, grow the community and keeping the environment healthy and vibrant.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Environmental and climate action projects to get involved in, e.g. planting, pest control.,Ensure groups such as children, older people, and migrant communities can participate and connect within our communities.,Support local groups and volunteers build skills and continue to do their work in our communities.

3. What would encourage you to visit your local town centres more often?

More kid friendly festivals that focus on educating and preparing them for the future.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Improving walking paths and footpaths.,Looking at speed limits to ensure they are safe.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

Improving the shared paths, particularly signs to advocate for people on bikes to slow down or pass away from people who are walking. I find that some of the cyclists pass way to close to me when I am walking these paths and never really slow down or something. Just an observation, better lighting on the paths as well would be great.

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

Mostly looks like good ideas, but I am against further intensification in this area - particularly where large buildings are being built (Morningside Drive for instance) with limited parking. While it is commendable to think people will use public transports solely, it's just not realistic in a city like Auckland.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Emergency preparedness and recovery support, including supporting the Community Emergency Hub Network., Ensure groups such as children, older people, and migrant communities can participate and connect within our communities., Public spaces that feel safe.

3. What would encourage you to visit your local town centres more often?

Nicer looking areas, with less run down shop fronts and buildings. Community pop-up activities.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Other, please specify: Providing more off-street parking in residential development

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support all

Tell us why?

The recognition of the importance of our unique heritage (what is left of it). Not looking back with nostalgia, but it is the whakapapa of our direction going forward, not with haste, but with decisive action. We are living in an aging borough of Auckland, though infrastructure is important for growth, community and township focus is so important. The Board needs to lead in the redevelopment and not allow the deterioration and blatant misuse of township structure by landlords.

2. Which of these do you believe our diverse community needs most? (Select up to 3 options)

Free activities and events in local parks, libraries, and public spaces.,Environmental and climate action projects to get involved in, e.g. planting, pest control.,Other, please specify:Introduce a one off levy to all new residential sales, new residential developments, new commercial developments as a towns centre development.

3. What would encourage you to visit your local town centres more often?

Point Chevalier needs an upgrade. Possible developments could be developing the 'air space above the arcade, attracting businesses to work from our township. Hotel development and all the accessory type shopping it brings. Dig up the council carpark and create basement parking with a new mall and shops and hospitality looking back over the city.

- 4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important? (Select up to 3 options)**

Improving walking paths and footpaths., Better parking management (e.g. time limits, or paid parking to improve availability)., Other, please specify: As per 4. Give people a reason to come to Pt Chevalier

- 5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?**

Create an amazing towns square around the library. Enclose the area and make it accessible for coffee drinkers, quality lunchtime foods, entertainment, secure and vibrant. Modern interactive activities. A permanent visitor and community centre that promotes retailers, and businesses.

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Do not support most

Tell us why?

Council is obsessed with supporting Maori and Immigrants and only encouraging anyone else. Especially in business. No wonder so many businesses have gone and shops up for lease.

I don't even know what other community expenses is but it's a huge part of expenditure.

A diatribe of climate change, sea level rising alarmism. We just want our gutters swept and our drains unblocked regularly so that we don't flood.

It's a shame Epsom has become part of West Auckland.

2. Which of these do you believe our diverse community needs most? (Select up to 3 options)

Public spaces that feel safe.,Maintain and improve local parks and sport fields, to better meet community needs.

3. What would encourage you to visit your local town centres more often?

More shops leased, not empty. Retain heritage and tidy up shop frontage to see the beauty of Victorian/Deco architecture

- 4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important? (Select up to 3 options)**

Improving walking paths and footpaths.,Other, please specify:More accessible parking

- 5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?**

Too woke for me. The Auckland Council is captured with this Tangata whenua overload and I suspect, the extra costs associated are included in the other community expenses. Stick to the basics. Start fining people hard for dumping. Encourage/support people to mow their berms and take pride in their street, or the Council should be keeping them tidy. The area is looking more and more run down, especially with all the infill housing and lack of car parks.

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Do not support most

Tell us why?

you mention that our community is struggling with the cost of living but a lot of these initiatives are unnecessary and the budget savings should either be used to reduce rates (directly helping everyone) or used for practical activities that will make a difference for everyone in the community.

2. Which of these do you believe our diverse community needs most? (Select up to 3 options)

Emergency preparedness and recovery support, including supporting the Community Emergency Hub Network.,Public spaces that feel safe.,Maintain and improve local parks and sport fields, to better meet community needs.

3. What would encourage you to visit your local town centres more often?

Better parking opportunities. It's so difficult to park that many time we either don't go out or go somewhere else.

4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important? (Select up to 3 options)

Other, please specify: A more rounded policy that considers all transport methods equally - cycling, walking, public transport and private vehicles

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

Community: there's a lot of spend here that won't benefit many people in the community:

* Te ao Māori - this is quite exclusive for only one part of our community and is not very equitable for the community as a whole. This time and money could be better used to benefit all of our community.

* Celebrate diversity - consideration should definitely be made for older people, migrant communities, and people with physical or intellectual disabilities so they have access to resources and connect with our community. Everyone should participate in democracy and be involved in local decision-making.

* Access to spaces and services - these sound like good priorities.

* Healthy and active - these sound like good priorities. it's good to see the local boards battle against golf has ended. We need to provide activities for a diverse number of needs and preferences.

* Manage climate risks - these sound practical without too much expense in order to avoid more financial pressure on our community.

* Natural Environment initiatives look balanced and reasonable.

* Built Environment - This is a high priority with all the new development in our local suburbs. The plan looks sound. With such a diverse community why should mana whenua identity be promoted over all other cultures? This isn't very equitable for our community as a whole and excludes many opportunities for people in our community from other ethnic backgrounds.

* Economic development - some of these initiatives are unnecessary, like:

- Support Māori economic development and Māori businesses. Why only focus on something that benefits a specific part of our community at the expense of everyone else?

- Solidify our place as a major events destination - This is good for Auckland as a whole but for local plan it's not really that relevant.

These initiatives would be beneficial:

- Procure local businesses and employ local people

- Attract new businesses to the area,

- Minimise disruption and reduce negative impacts on local businesses

* Transport - these all sound practical and worthy.

I don't know

Tell us why?

2. **Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Public spaces that feel safe.,Other, please specify:Climate resilience, particularly flooding issues

3. **What would encourage you to visit your local town centres more often?**

4. **Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

5. **Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?**

I would like to advocate for two things: a) a stormwater system for the Meola catchment; and b) the bund and stormwater detention wetland in Watea/Taumata reserves. This will help the flooding issues that we have in the area. Also we should be restricting development in these areas which has the impact of allowing 60% of sections to be impervious to water.

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

The declared climate emergency is poverty referred to. This includes laudable adaptation with extensive recycling projects a focus on transport community gardens and more.

The city has a goal for the urgent need to reduce emissions. This needs to be a strong public campaign. Regular reports on the latest CO2 measurements. Celebrating when they are dropping.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Free activities and events in local parks, libraries, and public spaces.,Ensure groups such as children, older people, and migrant communities can participate and connect within our communities.,Support local groups and volunteers build skills and continue to do their work in our communities.

3. What would encourage you to visit your local town centres more often?

Traffic control to make them pedestrian safe. Eg lowering the speed in all town centres. Plus more facilities for active transport and families with young children and pushchairs

4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?

(Select up to 3 options)

Improving walking paths and footpaths.,Looking at speed limits to ensure they are safe.,Other, please specify:All of the above. Plus a public campaign to get us out of our cars. Make urban SUVs pay extra for parking

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

The big issue facing us is the looming climate crisis.the science could not be clearer. We need to urgently drop emissions. Local bodies and boards can help with town planning and public campaigns to help us do this.

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Do not support most

Tell us why?

We definitely do not support the changing of Chamberlain Golf course to a park and wrecking the 18 hole course that provides so much enjoyment for a wide variety of people. Young and old – all of us!

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Other, please specify: We need to keep The 18 hole Chamberlain Golf course open as a public course.

3. What would encourage you to visit your local town centres more often?

Having a great 18 hole public golf course me and my local town centre is wonderful.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Other, please specify: Having an 18 hole public golf course for everyone to enjoy.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

Please do not change anything to do with Chamberlain Golf club. Do not make it into a lesser golf course. So many teenagers use it, it gets them out of their rooms, young people, all nationalities and socio economic groups. Please let us continue to enjoy this beautiful golf course which allows for so much birdlife and nature within the middle of the city.

Making the most of the City Rail Link (CRL) for our community.,Better public transport (buses and trains).,Better parking management (e.g. time limits, or paid parking to improve availability).

5. **Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?**

Just that i would not be keen to see the Board spend on predator free.. This movement is already supported by central government and has completely captured the narrative. Now that central govt has added feral cats to the PF2050 target list the killing of companion cats by vigilante types who dont understand the difference has really ramped up across Auckland. These people do not need encouragement.

We must clean up those streams waterways in Waterview and Point Chevalier since storm water runoff has degraded them.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Free activities and events in local parks, libraries, and public spaces.,Ensure groups such as children, older people, and migrant communities can participate and connect within our communities.,Public spaces that feel safe.

3. What would encourage you to visit your local town centres more often?

MacDonald St in Morningside is at a car- jam capacity. We need a block of publicly accessible carparking spaces behind the new construct apartments on Morningside Drive urgently.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Other, please specify:New carparking spaces.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

it is incomplete by the way that it hasn't yet realised the traffic problems in the new block construction on Morningside Dr. Provide public spaces for drivers there. There is enough space behind the front of the building where an alley of parallel parks should be allowed. Tell the owner of the new bulding that they are creating an emergency lack of space provision in the way they are going about it by taking up all the previous carpark spaces which were there before they started building. Make them provide.

This is a pointless waste of time and you should be ashamed to have taken the idea of public consultation and sabotaged it by making me answer whether I think community should be a priority. This is meaningless. You are ticking a statutory box in the most malicious-compliance way possible. I hope you get judicially reviewed and you, personally, the person who wrote this, get disciplined.

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Other, please specify: Your sole useful role should be to maximise the amount of housing being built. You cannot meaningfully contribute to most of these goals - you cannot, for example, make public spaces safer unless you want to establish a paramilitary police force.

3. What would encourage you to visit your local town centres more often?

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Environmental and climate action projects to get involved in, e.g. planting, pest control.,Other, please specify:More support needed for cycling and public transport to combat fuel prices

3. What would encourage you to visit your local town centres more often?

Better bike access - I would visitSandringham for example more if it was safer to bike there

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Improving walking paths and footpaths.,Improving the cycling network.,Other, please specify:Specific mention to connecting up to the northwestern, it's a great path once you are on but hard to get to safely e.g. a connectiong from kingsland shops in the uphill direction

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

like the focus on safety but maybe this needs to be better defined

focus on Carrington Development - I know some of this isn't in the local boards control but appreciate anything that can be done to influence better oiutcomes - it's currently a big mess.

Local Board: Albert-Eden

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

I strongly support the overall direction of the draft Local Board Plan. It recognises the unprecedented growth occurring around Point Chevalier and Carrington and the need for additional community facilities, open space, transport connections and town centre improvements.

However, I believe the plan could be strengthened by adopting a clearer precinct-wide approach to Point Chevalier and Te Kukūnga Waka (Carrington). At present, many of the right initiatives are included, but they are presented separately rather than as parts of one coordinated vision.

Over the next decade this area will experience one of Auckland's largest concentrations of population growth. That growth presents an opportunity to create an exemplary urban precinct where housing, transport, recreation, heritage, ecological restoration and community facilities are planned together rather than delivered independently.

I encourage the Board to explicitly advocate for and help coordinate a Point Chevalier-Carrington Precinct Plan that integrates these initiatives into a single long-term framework.

2. Which of these do you believe our diverse community needs most? (Select up to 3 options)

Free activities and events in local parks, libraries, and public spaces.,Public spaces that feel safe.,Other, please specify:Coordinated planning for new community facilities and open space to support rapid population growth around Point Chevalier and Carrington.

3. What would encourage you to visit your local town centres more often?

Point Chevalier has the opportunity to become much more than a traditional shopping centre. As thousands of new residents move into Carrington, the area will need a genuine civic heart.

I would be encouraged to visit more often if the town centre developed stronger connections with Carrington through attractive walking and cycling links, improved public spaces and a coordinated precinct identity.

The adaptive reuse of Building One as a mixed-use community destination could become a major anchor for the precinct. It could accommodate community meeting space, cultural activities, cafés, creative industries, heritage interpretation, co-working space and local events, complementing the new Point Chevalier library and community hub rather than competing with it.

Together with improved access to Te Auaunga, additional public open space and stronger links to Chamberlain Park and the Northwestern Busway station, this would create a destination that serves both existing residents and the thousands of people expected to live in Carrington.

4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important? (Select up to 3 options)

Improving walking paths and footpaths.,Improving the cycling network.,Other, please specify:Prioritise integrated walking and cycling connections between Carrington, Point Chevalier town centre, the Northwest Busway station, Te Auaunga and Chamberlain Park, including completing the Sutherland Road cycle connection.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

The draft plan already contains many of the ingredients needed to respond successfully to the transformation of Point Chevalier and Carrington. My main recommendation is that these initiatives should be brought together within a clearly articulated Point Chevalier–Carrington Precinct approach.

This precinct should include:

- preservation and adaptive reuse of Building One as a mixed-use community destination that complements the new Point Chevalier library and community hub;
- acquisition and development of additional public open space to meet the needs of the growing population, including improved access to Te Auaunga and consideration of additional publicly accessible parkland adjoining Chamberlain Park where appropriate;

- investment in community sport through additional playing fields, upgraded facilities and sports field lighting so existing and future residents have access to recreation close to home, ideally integrated into Te Kukūnga Waka (Carrington);
- completion of safe, well-lit walking and cycling connections between Te Kukūnga Waka (Carrington), Point Chevalier town centre, Te Auaunga, Chamberlain Park and the Northwest Busway station, including the problematic Sutherland Road stretch of the Northwestern cycleway (which ideally would be rerouted off Sutherland Rd);
- coordinated planning with mana whenua, Marutūāhu, MHUD, Auckland Transport, Auckland Council and the local community so housing growth is matched by community infrastructure, ecological restoration, heritage protection and high-quality public spaces. Support Open Space for Future Aucklanders challenges to the fast-tracked Plan Change 94. Facilitate much more transparent communication between Marutūāhu, MHUD, Ockham and the public regarding actual future intentions for use of open space and Building One.

The recent public debate around Carrington demonstrates the importance of precinct-scale planning. Rather than viewing housing, transport, heritage, parks and community facilities separately, the Local Board has an opportunity to champion an integrated vision that creates one of Auckland's best examples of a connected, liveable and distinctive urban precinct.

I received advice through the office for seniors newsletter that I could apply for a rates rebate as I am a pensioner. I have never been advised before that I could apply for this.

I read the information which stated that the correct form to apply for a rates rebate (as per there email) would be available on 1st July 2026. I noted in my diary the date and then completed the form and obtained the required documentation.

The day after I contracted the council to find out where to send the form and was advised the forms needed to be completed the day before the 1st July 2026 and was no longer able to claim for the year ending 31 April 2026.

This is appalling!!!! The council have never advised me of the possibility of claiming a rebate, and the refused to allow for 2 days beyond the closure date to accept my forms.

Please advise me of the contact details for the appropriate Ombudsman so that I can submit a complaint about this substandard customer service.

My email for a reply is redz.ron@gmail.com

2. Which of these do you believe our diverse community needs most? (Select up to 3 options)

Emergency preparedness and recovery support, including supporting the Community Emergency Hub Network.,Public spaces that feel safe.,Other, please specify:appropriate communication regarding subsidies and discounts available

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

There are some good plans to improve transport and water infrastructure. Also good to see how the plan supports flood resilience in our area. I use the library and community services in Parnell and Three Kings and they well run and safe spaces to be.

There isn't very much detail on the improvement of town centres in Royal Oak, Sandringham and Epsom. I am concerned about how run down some of the businesses are in these areas. Are the business associations looking to make improvements and should this go in the Albert-Eden plan?

There isn't anything specific about limiting parking on residential streets. This could become a bigger problem once the CRL opens. Also, I am aware that bus and T2 lanes may be introduced on Greenlane West. Why isn't this mentioned in the plan?

We are so lucky to have Oakley Creek so close to our CBD. I would love to see this area developed into a beautiful, accessible and safe destination for everyone in the community to visit.

2. Which of these do you believe our diverse community needs most?

(Select up to 3 options)

Emergency preparedness and recovery support, including supporting the Community Emergency Hub Network.,Ensure groups such as children, older people, and migrant communities can participate and connect within our communities.,Support local groups and volunteers build skills and continue to do their work in our communities.

3. What would encourage you to visit your local town centres more often?

As in 1. above. A general improvement in the maintenance of our local town centres. Don't allow the movement of large haulage trucks through our residential streets and town centres. Slower speeds in these areas.

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Looking at speed limits to ensure they are safe.,Better parking management (e.g. time limits, or paid parking to improve availability).

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

Thanks to the Board for the work they have done to develop the plan. There is so much change happening now in Albert Eden. There are many issues to be considered in the short and long term.

Local Board: Albert-Eden

Your feedback:

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support most

Tell us why?

Generally, supportive. However, the plan is not consistent with the AELB's actual actions: It refers on pages 21-23 to protecting and celebrating historic heritage/special character of our communities and supporting others to care for theirs. Yet at the June AELB meeting, while supporting some small SCA areas and the Bellwood Estate (thank you), the majority failed to support to support the Eden-Kingsland Society's request for support of retention of the special character areas in Eden-Kingsland under PC120. Similarly, with respect to water. This plan is not sufficiently forceful in advocating for, and prioritising, a whole of Meola Catchment water plan. This must happen before any further intensification. Needs much more emphasis on developing Dominion Road which is, frankly, derelict in many parts.

2. Which of these do you believe our diverse community needs most? (Select up to 3 options)

Emergency preparedness and recovery support, including supporting the Community Emergency Hub Network.,Ensure groups such as children, older people, and migrant communities can participate and connect within our communities.,Other, please specify:Much, much more stormwater infrastructure

3. What would encourage you to visit your local town centres more often?

The report correctly identifies that Dominion Road has had very little investment. I would visit my local area more if it were the focus of rejuvenation under PC120, especially the city end. The whole road, with the exception of some SCA-business sites and new apartment builds is shabby and dilapidated.

4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important? (Select up to 3 options)

Looking at speed limits to ensure they are safe.,Better parking management (e.g. time limits, or paid parking to improve availability).,Other, please specify:Ensuring that Eden Park does not change the traffic management rules to the detriment of residents. Also, that it doesn't shorten the closing off time for the local streets ahead of events. Any shorter and the residential streets will just be a congested drop-off zone.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

See above: not sufficiently forceful with respect to advocacy for stormwater infrastructure. AELB needs to match its word with action re SCAs and heritage. Dom Road needs revitalisation. Perhaps the plan should be more focused on fewer matters? Thank you for the work the AELB does for the community.

1. Overall, how much do you support the priorities in the draft Albert-Eden Local Board Plan 2026?

Support all

Tell us why?

**2. Which of these do you believe our diverse community needs most?
(Select up to 3 options)**

Free activities and events in local parks, libraries, and public spaces.,Public spaces that feel safe.,Maintain and improve local parks and sport fields, to better meet community needs.

3. What would encourage you to visit your local town centres more often?

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Looking at speed limits to ensure they are safe.,Making the most of the City Rail Link (CRL) for our community.,Better public transport (buses and trains).

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

1.outerlink changed bus route, it made inconvenient to go to community events.

2. The venue we used in Epsom is small, please help find more spacious venues.

3. a few bus drivers didn't stop for seniors, seniors had to catch the next bus.

4. It was dangerous that bus drivers started driving when seniors had not sit down properly.

(Select up to 3 options)**

Free activities and events in local parks, libraries, and public spaces.,Ensure groups such as children, older people, and migrant communities can participate and connect within our communities.,Support local groups and volunteers build skills and continue to do their work in our communities.

3. What would encourage you to visit your local town centres more often?

Better and more convenient public transportation, safe walk path

**4. Decision making for transport is changing. Local boards will decide on some things and advocate for others. Which of the following transport issues are most important?
(Select up to 3 options)**

Improving walking paths and footpaths.,Making the most of the City Rail Link (CRL) for our community.,Better public transport (buses and trains).

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

Please convert more spaces into halls and activity spaces.

I'd like more singing, dancing and visits to attractions. More spaces for those activities.

Improving walking paths and footpaths.,Improving the cycling network.

5. Do you have any other feedback on the draft Albert-Eden Local Board Plan 2026?

1. since changing the outerlink bus route, it is not convenient to go to Mt Eden and Mt Albert.
2. the current Epsom community space for activities is too small. we have many activities like pingpong, taichi, singing, and dancing. It is very crowded, please help adding more spacious

venues so more residents can participate in community activities. this will hep reduce loneliness and isolation for seniors and live a happier life.
