Do you have any comments about your responses above? Providing more opportunities for "golf experiences" (free access/equipment?) is a nice idea, but when do typical Aucklanders actually have the free time to spend a day playing golf? Accessibility is obviously an obstacle for some but I doubt golf will rise in popularity if this barrier is removed and the land could be utilized for far more important and popular things like HOUSING and more family friendly parks and playgrounds

Golf is an elitist sport and I don't think council should be focussing resources on making it more popular. If the land currently designated for golf courses is not being used by enough of the Auckland population to make their existence viable, repurpose that land rather than trying to encourage more people to play.

Repurpose the land currently occupied by golf courses for more critical issues like emergency housing, conservation, education and healthcare. It should be a crime to have that much valuable land occupied for one sport

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? Do we really need 13? Plenty of space for new things and still have gold courses around. It isn't a major sport really is it?

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? As per previous comments although this is more at getting low participants to take part. Are you aware how much golfing equipment costs let alone fees to play golf? Need to address the whole picture if you want to get low participation groups in to golf.

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Support

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
I don't know

Do you have any comments about your response above? The question is too generalised. Would need to know more about what Council deems 'all Aucklanders would benefit from publicly owned golf land'. This would not include more housing. I prefer more parks and reserves but Council does not have enough money

Walking tracks on golf courses etc are fine but the essence of them as golf courses should remain. While golf might appeal to a smaller cross section of the community than some sports, those people generally play high rates/taxes and should get their return.
