Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields,I don't have a direct connection, but I am interested in how the space is used

There are three options to consider

Which option do you prefer? Select one option only.

Option 3B: Neither Option 1 or Option 2 - explore other ideas

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

There has been nothing wrong with they way it's been used for the past 96 years so why change. Keep speedway there along with rugby. Soccer has Mt smart, eden park and north Harbour.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

There are plenty of other soccer stadiums in Auckland. Why move western springs??? Waikaraka park is a ********** hole. Springs speedway is a world class race track that many international drivers attend to race at. E.g. Kyle Larsen, arguably the best race car driver in the world.

I am resubmitting my vote as my previous vote I realised should have been option 3B: in support of KEEPING Speedway at Western Springs Stadium. 3 Generations of my family have been going and still attending annually, every meeting. My parents have been going for many years, they started taking me and my siblings as babies, we all grew up on speedway at the springs, its in our blood, its our heritage, our memories, fond and memorable moments. My earliest memory of speedway was when I was very young of my dad asking me if i wanted to go on a 'sleepy trip' who was one of my favourite drivers along with Denise Bennet. My autistic 6 year old son looks forward to speedway at Western Springs every year, he loves it. It would be devastating and heartbreaking

to lose Speedway at Western Springs, not just for my family but for all the other thousands of families that have been going for generations. Speedway has been at Western Springs for 96 years, its heritage, it cannot and should not be moved. KEEP SPEEDWAY AT WESTERN SPRINGS, THERE IS ABSOLUTELY NO REASON FOR IT TO BE MOVED! SPEEDWAY STAYS AT THE SPRINGS, LET US KEEP OUR SPORT WHERE IT BELONGS AT WESTERN SPRINGS!

Support for Option 3 – Retain Western Springs as it is

I strongly support Option 3, which is to keep Western Springs as it is, including retaining the speedway.

Western Springs is an iconic venue that holds immense value to both locals and visitors from across New Zealand. I've been coming here my whole life, and it's truly an amazing stadium with a unique atmosphere that you simply can't find anywhere else. The speedway, in particular, attracts people from all over the country to Auckland, creating a vibrant community spirit and bringing significant economic benefits to the area.

There’s no place quite like Western Springs Speedway. Losing it would not only be a significant cultural and community loss but would also take away an essential part of Auckland’s identity.

Please consider keeping this beloved stadium and speedway intact for future generations to enjoy.

The lack of suitable high density public transportation to the area should immediately render the site impractical for large public gatherings such as concerts or sports events.

As a city we are supposedly trying to reduce car dependency, to install a large capacity venue where one shouldn't be is a terrible idea.

Speedway should've been considered as an option. Waikaraka park is not an option and the underhanded dealings by the mayor brown and councillors is appalling. Put the future of western springs to the vote of Auckland ratepayers. How can 7 people decide the future of an Auckland landmark?

The city of Auckland is losing its identity - im not into speedway, but how could we end this NZ icon? 1000s of people go along, a lot of people also make an income from speedway racing in NZ - there is quiet a big difference to open wheel racing (WS speedway) and stokc cars (waikaraka) its like saying soccer and rugby must merge. there is so much history in WS speedway, id be ashamed to be an aucklander if it was thrown out, another reasoin why so many people my age are flocking to austrilaia

We should involve investors, as they will have the motivation and resources to make the space successful. There may even be multiple companies or investors interested in developing the space, which would help ensure we get a high-quality venue. By having investors fund and build the space, there's a greater likelihood it will be done properly and efficiently, with minimal waste—since they will be the ones covering the costs and will have a direct incentive to manage the project effectively.

Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I don't have a direct connection, but I am interested in how the space is used,Other (please specify):

I have enjoyed attending Western Springs Stadium since mid 1960's, Speedway,Music by visiting Groups,,and watching my son's play for Ponsonby Rugby .

There are three options to consider

Which option do you prefer? Select one option only.

I do not have a preference

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

It is obvious to me that Auckland City Council, will prefer Option 1, but would like Option 1, to include the Ponsonby Rugby Club, it is a Community Club, that has shown since 1997, a huge commitment, to many families, and sports people.

Having been involved with Speedway at Waikaraka Park and Western Springs. Western Springs is the only track suitable for Open Wheel Racing and the huge Following it Has. The only person advising you it isn't is Bruce Robertson Whom has a Clear conflict of interest. This Shamefull corrupt Council haven't Listened to effected parties until you are served with High Court Action. AFC (Port Fan's) Think Western Springs is unsuitable. Leave it as Ponsonby RFC and Speedway Change then Urban plan to allow more than 12 meetings. And stop using fraud and deception to push your agenda.

It's getting small for these events, we have spark arena not to far away, sports would be ideal but very expensive would be great in the long run, but thinking of budget and things quite tight i would say to think of something else.

Just an idea; Western springs family swimming gym community center i know it wouldnt be cheap either perhaps later on.

I think a lot of big artist refuse to come to NZ due to the limitations around venue. For example, like Taylor Swift, who recently had the biggest tour in history. Unfortunately, due to the capacity limitations and with Mt Eden being only one of the largest areas to hold concerts, many artists refuse to come to NZ. Choosing option 2 would mean it can attract artists to come and perform here in NZ.

No other sport has supported the stadium like speedway has. It has produced world class athletes, as speedway drivers are. It has attracted top competitors from around the world to entertain local fans. The sport also attracts sponsors and supports businesses from companies who supply parts for cars, food, repairs. It attracts families, many of whom are multi generational.I personally have attended speedway since 1965 and been an official for the last 43 years, 10 were as the Head Steward for Speedway NZ.This developed from my early time selling popcorn on the terraces.

I feel it's a greater asset to the existing area -zoo, motat & current park. Having a stadium if larger capacity for sports is key for future growth of sport in general. Adding a hospitality precinct also increases usage & local visitors to the area. It would have to be able to host music options as well I think.

I have been attending Western Springs speed way and concerts for 40+ years. This is a great venue and from my understanding was originally donated to the Council for the current purposes. As such it shows a complete lack of moral integrity on Auckland Councils part to disregards the wishes and conditions that granted them the facilities/land in the first place. Shame on you!

As a born & bred rate paying Aucklander, & a life long attendee of speedway at Western Springs my preference is to see speedway remain as one of its uses. The historic use is part of Auckland .

You may note I have also checked the cultural & community box as this an important part of many peoples lives.

Full disclosure-AFC fan here, just getting that out of the way.

Option 1 seems the most financial sense for the Council with most of the capital outlay coming from private interests but still providing a wide community use beyond professional football and, I assume, could still be used for rugby on occasion. There is no modern stadium in Auckland of the proposed size,, a kind of Goldilocks size for regular events where the atmosphere of fan participation is sometime lost in too big a stadium. Think the Cake Tin in Wellington; too big for the Phoenix and, often even for Wellington Super Ruby games. Option 1 would provide a better atmosphere as smaller stadiums often do, like Waikato Stadium.

Option 2 and 3 don't seem to be progressing things much for the future or providing something new and unique. Option 2 seems to rival the new extended concert hours at Eden Park. Why sink money into a competing rival venue just across the motorway, with much better public transport links by the way? On that point either Option 1 or 2. , but especially 1, would need to see much improved bus stop and bus services on Great North Rd which should could connect well with the new K Rd station for rail access and the Britomart area for Nort Shore buses. Available parking is a big weakness in this area for any of the proposals so public Transport on game days would need a lot of thought and improvement.

Speedway belongs and deserves to stay at Western Springs Stadium.

The AFC owners option 1 is all good until their funding dries and Auckland Council are forced to step in again at an even higher cost.

Given that AFC are currently filling stadium capacities at Mt Smart or North Harbour Stadiums, both with greater than 20k capacity, why build a 12.5k capacity stadium?

Speedway, Concerts and Sporting events can all coexist at Western Springs. Palmerston North Has Arena Manawatu, a prime example of how a council should support an events ground.

Speedway deserves a long-term lease at Western Springs Stadium and the chance to operate under commercially viable conditions. Like Eden Park's Unitary Plan was changed to allow more concerts, the same should be done here to support speedway. It's clear that most Aucklanders I know feel the same way — we were never properly consulted, and our voices deserve to be heard.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I am writing to express my strong support for Western Springs Speedway to remain at its current location, the venue it has proudly called home for 96 years. This site is not just a stadium; it is a cornerstone of Auckland's cultural and sporting identity, deeply embedded in the lives of generations of fans, competitors, and families. Removing it would be an irreversible loss to our city's heritage.

I urge Auckland Council to provide the Speedway with a long-term lease. This would allow for stability, investment, and future planning, all of which are critical for the ongoing success of the

sport. Without a secure lease, the Speedway cannot attract long-term sponsorship, develop infrastructure, or maintain the high standards of safety and presentation expected by the public.

In addition, the Speedway must be given commercially viable operating conditions. It is unfair to expect a major venue to thrive while being burdened by red tape, restricted operating hours, and bureaucratic limitations that other venues, such as Eden Park, have been supported through. The Unitary Plan should be amended to reflect Speedway's status and importance, just as it was for Eden Park to allow concerts. If concerts and rugby can successfully coexist at Eden Park, there is no reason that speedway, concerts, and other community uses cannot share Western Springs Stadium in a smart, multi-use approach.

Motorsport is being increasingly shunned and suffocated in New Zealand. Venues are being shut down or restricted one after another, often to make way for yet another rugby field, football facility, or multi-purpose concert space, all of which already have numerous other venues across the city. Taking away yet another dedicated motorsport venue, especially one with such deep roots and national significance — is short-sighted and unfair. Motorsport is a legitimate and growing part of our sporting landscape, and it deserves a fair place in the future of Auckland.

Another key issue is the complete lack of consultation with the community. Stakeholders, fans, and local residents were not engaged in meaningful conversation before decisions started being made about the stadium's future. That's not how good governance works. This facility belongs to the people, it was built and maintained with our rates, and we deserve a say in its future.

Frankly, I'd rather see my rates used to support and improve a vibrant, iconic venue like Western Springs Speedway than see them spent on some of the disconnected, questionable initiatives that currently pass through Council budgets. Speedway delivers real, measurable community value: it brings people together, supports local business, inspires youth involvement in sport, and gives Auckland a proud place on the international motorsport map.

The way this situation has been managed has left many, including myself, disappointed. I've lost confidence in some Council staff and elected officials who seem out of touch with the very people they serve. This isn't just my view and almost every Aucklander I've spoken to feels the same. There is overwhelming public support to keep the Speedway where it is.

This is a chance for Auckland Council to restore trust and demonstrate that it values its residents' voices, our shared history, and the need for common sense solutions. Give Western Springs Speedway the long-term certainty it deserves

Auckland FC's current home stadium seating capacity is 27000, and making the capacity go down to 14-15000 seats is not a great idea, as the larger seating abilities allow more people to get interested in the sport and the team, but with less seats or people, more people lose interest

A bowl is a far more inclusive option.

The facilities need updating, but making this a football specific stadium ignores the other uses of this space. We need music, the rugby at the space is great. Football should be welcome in my mind, but not at the expense of other's enjoyment of the space.

We don't want another North Harbour stadium, that ends up under ustilised. Especially when we have Mt Smart that just needs a new South Stand. Mt Smart also has a trainline. If a Game day/Event day Station was built at the corner of Station & Maurice Rd it would make Mt Smart a perfect stadium. What train goes to Western Springs? Aren't we trying to get people out vehicles??

It has been clear over many years, and many different Auckland stadia infrastructure, that the minimal funding available for maintenance and upgrades has resulted in sub-standard stadia and at times, poor customer experience. With the backing and financial input from world-class organisation with significant experience in stadia build and management, there is certainty of long-term success. Option 1 is a clear leader in bringing value to both the local and wider Auckland community

Lack of council funding which can be better doesn't elsewhere, community access to facilities, wide range of facilities, potential for constant use as opposed to seasonal or occasional use safe - downside is another stadium but this gives Auckland a chance or a purpose built arena

The current uses for speedway, ponsonby rugby and concerts/events is how it should remain. It's outrageous to even consider putting a stadium on this land. Leave it for its traditional uses and stop bowing down to a vocal minority who turned up well after speedway started!

I have no issue with any of the proposed options except for transport links. There's no mention of whether parking will be provided or better public transport links. Currently, as someone living in South Auckland, it is near impossible to attend events such as concerts at western springs as there are no public transport links (special event busses only ever go from the cbd which is a long detour). There's no parking on site and hard to park nearby so please factor this in when deciding hat to do.

I believe that open wheel racing (speedway) as it is known by should remain at western springs .

Speedway has a large following and part of the reason for this is the fact that it's has Western springs as it's Auckland Home.

If this is not continued then I see the sports demise in Auckland.

It is in the Auckland council brief to encourage sports and help them succeed.

The removal of Speedway from Western spring would have the opposite effect.

Not only would it have detrimental effect on the sport but also on the community social out comes. Many Businesses would also be effected .

My parents went to speedway as kids, I have attended and now we've taken our children to speedway events and also attended many an amazing concerts there. It deserves to stay as is and not add another sports stadium when we have plenty and some being under-utilised like North Harbour stadium with bus links on its doorstep...

Leave western springs as a speedway track and preserve the heritage for generations to enjoy.

It's disgusting as rate payers that wealthy people have thrown money in councillors pockets so they have another stadium we don't need in this city!!!

Western Springs holds a rich history and has been a cherished destination for decades, serving as a venue for concerts and the speedway. It stands as an institution, one that is at risk of being relinquished from Auckland constituents. Altering the current status quo entails the removal of a significant aspect of our cultural heritage and recreational experiences as citizens of Auckland. While progress is essential, it is equally crucial to preserve our history and culture. In this instance, preservation is paramount. We implore you to consider the broader implications and refrain from viewing the matter solely from a financial standpoint. Content and engaged citizens contribute to a more content society. Let us preserve a symbol of pride for our city.

I have attended events at a variety of venues. There are a significant amount of event venues for a city this size already we do not need more. The events at western springs in particular non-sporting involves significant input in terms of facilities to be brought in. To add to this when compared with other outdoor or semi outdoor options it is incredible mucky and has significant issues with parking. Having the rugby club there is nice as it is nearby for them. I don't see the need for another event venue. I feel western springs is best utilised as a sponsored community sporting area.

With a few facility upgrades the venue will continue to be the most wonderful music stadium Auckland has to offer, don't change its core, it works perfectly well.

Save the money and invest in bringing quality acts to the venue, increasing tourist $ and use the rest of the money saved to enable community groups to also make use of the venue. Let it be a golden jewel for Auckland as it always has been.

My mum has been taking me to Speedway at western springs since I was a baby. My mum has been g9ing since she was also a baby (now 39) and her parents have been going for years. 3 generations of my family have been attending Speedway at western springs. My baby brother who is Autistic loves going to Speedway, it makes him very happy seeing the cars up close and racing at western springs. Western Springs is home to open wheel speedway and has been a family friendly place where many memories have been made. It is 96 years of history, it would be devastating to lose our iconic sport at western springs.

The history of a rugby club is more than just dates and games — it's the heartbeat of who we are. It carries the stories of those who built this place with passion, sweat, and aroha. It connects us to our past, unites our present, and inspires our future. By honouring our history, we carry forward the mana of everyone who wore the jersey before us, and we remind ourselves why we play — for each other, for our community, and for those who came before.

I attend events at the stadium or its sports fields,Other (please specify):

Life long speedway spectator and former helper for driver and attended many concerts

There are three options to consider

Which option do you prefer? Select one option only.

Option 3A: Neither Option 1 or Option 2 - keep things as they are and retain current arrangements

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Keep Speedway which has long history and continue concerts and Ponsonby rugby.. Give speedway more meetings to make it financially viable.Great family entertainment for many generations. The Auckland soccer option should not happen. One that relies on fluctuations in form of a team that has in the past been unsuccessful in the past. Promise of a free stadium is also dangerous as everyone knows that the costs of builds always sky rocket and the enthusiasm can end up quickly and the rate payers end up footing the bill. Also depending on promises of celebrity marriages is also dangerous. For once Auckland Council should not throw away

important parts of Aucklands history. We have enough stadiums for football codes utilise them and help them stay alive too.

I strongly support Speedway remaining at its historical Venue where it belongs. This venue needs strong management to facilitate viable speedway events alongside outdoor concert events etc. The existing infrastructure is fit for purpose to carry on historical use for speedway and concerts. There is too much history for it to be destroyed.

the land was donated by the Motions family for use by the community. it was donated with the land the zoo and motat are on as well. this was a magnificent and historic contribution to Auckland and all auckland ard and new Zealanders. we will never see this sort of generosity and forethought again and it is our job to protect this historic legacy. to developers the land making it unavailable to, local regional and national residents would be an absolute disrespect to the whole massively historic contribution the Motions family gave us. we won't ever see this sort of act again, it is a absolute wonder to have, one not to be changed without considerable consultation and inclusion of all new Zealanders especially auckland and the local residence.

I don't have a direct connection, but I am interested in how the space is used

There are three options to consider

Which option do you prefer? Select one option only.

Option 1: Auckland Arena

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Auckland Arena sounds like a great idea. I'm all for private investment to get public venues built. Currently there is no purpose built stadium for football in Auckland of this size 12,500 all seater.

Have been part of the springs most of my life, and it doesn't need to change in any shape or form, at least not until we have a better alternative. Alternative : Waikaraka is not going to work for either organisation, that's just a cop out, we do need better alternatives for both organisations in the future.

Speedway to remain there and ponsonby rugby speedway has been there for 95 years it feels like Ann

Auckland icon preserving history with the lake and moat it feels like auckland the coach of afc has already said ground will be to small nothing wrong with mt smart warriors only play about 12 games a season same as afc some times there is a hole month with no games depending on draw mean while eden park sits there empty week after week costing rate payers money afc would be better using eden park

Western Springs has a lot of memories for me growing up in Auckland and Coromandel we went to the Racers, fireworks night. Concerts i think to persevere the spring as it always has been is far greater than anything else that has been planned to replace it. I think everyone should have a say on the future of the springs, not a hand full of people that think they know better, in this case forsure.

It's a Home for Community Sports. Western Springs is where my son's rugby school team (under Ponsonby Club) plays every Saturday. It's more than just a field, it's where young athletes grow, learn teamwork and build confidence. For Tradition and history, WS's has a long-standing place in Auckland's sporting culture. Many generations have played there, and we should preserve that legacy for the next.

Auckland has too many stadia already and should be consolidating, rather than adding to the list. The concert venue is likely to be under utilised granted Eden Park is nearby and has just had concert limits raised, plus Mt Smart is already available as a large scale Council owned option. Explore the option of keeping Speedway at Western Springs.

Option 2 would still be Still keeping the Stadium for sporting activities and providing a place where people can come and enjoy playing sports there when it is not being used. It would also still allow Western Springs to remain Fully under Public control, rather than Option 1 which involves it being leased to a Commercial Company that are normally more interested in making Money than providing a Community Resource that can be freely used by all Rate-payers. As all Rate Payers

would still like Free access to Western Springs which would dramatically alter if Option 1 was picked.

This is an area where there were streams and bush. Both the alternatives seem to show larger areas of concrete and no allowance for the effect of handling rains and or flooding. I think keep things as they are but see if some areas of NZ native plants & bush could be incorporated in the area.

We should have more high quality new stadium to attract more international recourses, group and talent to come to NZ and AKL. Right now with the limitation of the shows that we can hold in AKL stadium, we are missing out so much opportunities to connect with international recourses. If keep like this, eventually no one would come to perform and participate in here since there's no place to hold the event.

Option one is expensive and inaccessible for Auckland residents - private management means restricted access – high hireage fees and limited availability. That cuts out the working class and small business owners and families. Option two OR something similar to that where the public will continue to have full access and affordable entry is key. Most of us, who are cops and nurses and jobs like that which my family do, can't afford expensive things at a time when its really tough on families in particular.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Options 1 you're looking at less capacity but spending more money... most likely government funding or taxes.

Option 2 you're looking at more capacity as well as less costs towards 'Western Springs Bowl'

Option 3 shows there's no "real plan".

I have chosen option 2 purely based on how it will affect Auckland Council and the members of the public. A sports bowl where sports, concerts and other entertainment is what is basically already there but having the opportunity to update the area/facility will be a huge advantage for everyone.

There is so much history in this space alone and I hope that going forward with option 2 will allow residents and visitors to come to know of this history and how our input reflects that we care to keep the history alive with a few upgrades.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Speedway is part of Auckland. The venue is the best for this and Waikaraka Park and stockcars with speedway will not work.

I have been to concerts at Western Springs, so in current format is able to hold good sized concerts. I think Speedway needs to be retained as it is.

I believe that the speedway should be a permanent fixture at the springs, as it has been for the last 100yrs approximately. This track is valued by all who come and race on it, especially those who come from overseas. There is no suitable alternative venue for speedway. Waikaraka park has never been suitable for speedway, no matter how much money is invested. Suitable for Sock Cars yes, but not speedway. I do not attend either venues on a regular basis, but back speedway

as I grew up in Point Chev and was a regularly attender, either at the springs or stockcars on a Saturday night. There was never any problem expressed by any us in regards to the noise, that includes any locals that I recall. What you are proposing with the other options will be the death knell of the sport in the Akld region. It deserves better.

Surely with option 1, and with the money available through Ali Williams and the investors, Albany Stadium could be developed into a suitable facility. At the moment it seems to be a bit of a white elephant. I have attended rugby matches there a number of times and it needs a lot of money spent on it. I wouldn't go back again not even on a free ticket now. So keep the current statues and allow speedway to return on a permanent basis and you will have my vote.

I'm a proud ponsonby fillie (female premiere team member). Being apart of this club is like being apart of family no matter where I end up in the world. This club has given me numerous opportunities as a female rugby player to travel the world & also give back to my community. This club led me to meeting some of my bestest mates!!! This is our home and there are many young athletes looking forward to being apart of the family. Please don't take that away.

Delay the decision making until a government with vision for the future of Tamaki Makaurau Auckland is in power. Then devise a plan where Tamaki Makaurau Auckland is served best by transition to a 12month a year, multi-purpose venue for concerts, cricket, rugby, football and other community events.

Taking a 50 year lease and effectively locking out the use for this awesome community asset is short sighted and negatively impacts the people of Tamaki Makaurau Auckland.

Western Springs Bowl has been a critical part of Western Springs' identity and culture. My own personal connect with the Ponsonby Rugby Club implores me to pick Option 2. Such a rugby club deserves to keep its rich history and connection with Western Springs by remaining there. In addition to this, the Speedway and many concerts held at Western Springs are enjoyable in the space that exists. KEEP WESTERN SPRINGS BOWL!

The inclusive nature of the proposal . It encapsulates all the Inner Auckland sporting , cultural and recreational activities in the precinct as opposed to option one which an exclusive feel to it. Aucklanders would still have a sense of open space and the link to the lakeside enhances this.

We already have plenty of stadiums in Auckland for football and rugby. (Eden park, Mt smart, North Harbour) we should use them more rather than add a forth for rectangle pitch sports.

We should be looking to setup western springs as a dedicated cricket and concert venue. Auckland doesn't not a good cricket venue and most games are played out of Auckland at bay oval or around the rest of the country. By making it suitable for cricket and other oval/round field sports we would bring in new events rather than just move existing ones around the city.

Some of my best memories were at concerts held at the western springs stadium. They were conveniently close for me to attend so I didn't have to worry about transport. Especially Every Saturday, a club rugby game is held and i feel it makes the community feel more united. I myself was also interested in joining their club team every time I would pass by their fields to get home. A wonderful bunch of members and facilities. Would definitely save me the time and petrol attending a new gym at western springs than driving to one.

It is important for Council to own, manage green/recreation spaces particularly with intensification of building jn Auckland. Don't sell off assets and this is a long term greater cost to Auckland. I've enjoyed many great concerts ar Western Springs which couldn't happen under 1st 2 plans.

This option will add a star to the Auckland. We lack such state-of-Art facilities with all modern amenities and vibrant places. This may change the profile of whole area. Good thing is that this option also don't cost tax payers.

But council needs to add clauses in Lease, which will make sure that the venue will be available for community activities at subsidized or reduced price and access to the facilities is at nominal affordable rates. Facility must be maintained in good condition at all times during lease period

and should be handed over to TAU in good working condition at end of lease. There should be clauses in agreement which will give right to council for regular inspections to see if all facilities are kept up to standards required and facility is available to all sections of community and not promoting just a certain group of people or community / association / club / sport etc.

Speedway at Western Springs Speedway is of great importance to me and Auckland. I would rather see my rate payer money spent to keep Speedway at Western Springs than on many of the other things the council currently spend our money on. I do not agree with how this issue has been handled and consequently have lost faith in the council staff and many councilors.

Keep Speedway at Western Springs! I have attended Western Springs Speedway for over forty years, firstly with my parents and then when I had children, I started taking them and they have continued to attend both as spectators and as part of the car crews. As a avid motorsport fan, I have been disappointed by the lack of public consultation by the council and it's agencies and the apparent lack of regard to the history surrounding the speedway, and what I as a rate payer would like to see our rates spent on. We have already seen Pukekohe shut down, with the loss of events such as the V8 Supercars and the income that that brought to our city. Western Springs Speedway has offered the families that attend a safe environment where we feel our children can play, watch

and be among other like minded families. Boxing Day especially will not be the same for us if Western Springs Speedway is not allowed to continue at "the Springs".

What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields,I participate in nearby activities (e.g. community sports, performances, MOTAT, Zoo, Western Springs),Other (please specify):

Work in the large events supply industry.

There are three options to consider

Which option do you prefer? Select one option only.

Option 1: Auckland Arena

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

If Auckland Arena becomes a reality, would foster community, host local and major international sporting events, encourage youth participation in sporting events, stimulate the big events industry, bring more people to the area to visit the Zoo, Motat, Western Springs and the land would be in regular use and be a great asset to Auckland for entertainment.

I want western springs speedway to stay (or be reinstated) at western springs. Myself and my family regularly attend race meetings and have no desire to go to Waikaraka park instead. Speedway has been at Western springs for 96 years and it's only being ousted because of manipulation from the council. The council needs to start listening to the people who elected them and pay their wages.

The zoo is right next door - last thing the animals need is loud noise on a regular basis.

Traffic congestion in roads surrounding it are already over capacity last thing needed is a lot more traffic - and that includes more buses

Leaving things as they are which includes concerts, rugby and speedway. This makes best use of the stadium with the least cost to the rate payer. The other options could look at using Eden park and other new stadium options being proposed.

My main desire is that Speedway can continue to use Western Springs Stadium as it's rightfull home.

I have been going to western springs since I was a little kid to watch speedway with my dad. That place is the reason I got into motorsports and have the passion I do today. To remove speedway from where it has been for decades almost feels like your disregarding the immense history and importance of this place. Moving speedway to waikaraka despite the upgrades is a waste of time and money. It will not be the same in numerous ways and it won't be sustainable like springs. This place is home to so many people... it's where we go to watch people do something they love at a track that has been often times been raced on by multiple generations.

It would be a shame to not see speedway at its home... its where it belongs

I was introduced to Speedway at Western Springs almost 30years ago and have been attending meetings ever since. While the attraction of the drivers skills and the crews dedication to producing the best possible machines is obvious, this is only a part of the attraction. Speedway has long been a place for family's and friends to come together to enjoy a common love of open wheel racing. It would be devastating for many Aucklanders to lose this historical place they have loved for nearly 100 years. I am shocked and appalled at the offhand manner in which the council appear ready to dispose of this historic sight, an anchor of open wheel racing in New Zealand

without which the sport may well disappear in this country. This would mean a loss of mechanical skills and kiwi know how that once gone will never return. As a Canadian who came here to live and was introduced to the sport all those years ago I've always been impressed and amazed by the kiwi number 8 wire attitude and resourcefulness that is like nothing else I've seen in the world and Speedway at Western Springs exemplifies this. I've also attended concerts over the years at Western Springs and Speedway and concerts work well together. I'd rather see my ratepayer money spent to have Speedway at Western Springs than many of the things the Council currently spend the people's money on.

The amount of funds I've heard on offer from the council for facilities upgrades elsewhere seem to be entirely deficient to build something equivalent to Western Springs which has been fit for purpose for nearly a century and can continue into the future.

I have seen in the media how this issue has been handled and I don't agree with this process and have lost faith in the Council Staff and many Councillors.

Think about the traffic congestion any of the options will congest the area. Needs a plan for that too. #1 option sounds good but it would be nice to include the natural amphitheater some how into the development of the area. It will bring a lot of business to the area. I used to work for MOTAT and it is already a very busy area. Proper infrastructure to handle extra traffic definitely needs to done as part of project. Put in a Sky Train like Vancouver. It moves a lot of people above ground.

Option 2 represents the strongest community focused approach to developing a valuable, local assets and ensures the cultural and sporting heritage of the area is retained. This option reflects a genuine commitment to preserving the site's identity while future proofing the area for years to come.

The plan to build a 50,000 capacity event space which can host concerts and a range of sports ensure a versatile area with ample flexibility BUT does not displace other longstanding Auckland stadiums/event centres.

A venue of this scale can drive significant economic activity through jobs, tourism, and events. More importantly, the integration of expanded sporting facilities ensures ongoing value for local youth and amateur sports groups.

Unlike other proposals that may prioritize commercial or private interests, Option 2 presents a development plan grounded in community values. The intention to seek council support reflects transparency and partnership with the public sector.

Option 2 is driven by Campbell Smith and Brent Eccles, arguably New Zealand's most successful promoters. Their experience with promoting the country's biggest festivals and events including Big Day Out, Auckland City Limits, Six60 to name a few, will ensure the success of the venue.

I urge Auckland Council to select Option 2 as the preferred development pathway for Western Springs. It is a vision that honours our past, serves our present, and responsibly prepares for Auckland’s future.

Diminishing the capacity and flexibility of the concert venue is not what anyone in the regular community wants. Letting this amazing space, a core part of the city's history, become so commercialised would be a tragedy. Option B improves the space for its main users, takes into account a range of different uses, and doesn't lose what's so special about this place.

I want speedway to continue at Western Springs.

I have been a spectator since childhood (50+ years), sponsored competitors (10+ years), and own a race team (5+ years)

Speedway has been successful throughout its entire existence, despite seemingly constant attempts by council divisions / entities to restrict speedway operations and opportunities for quite some time.

Speedway will continue to be successful with a long term lease, and commercially viable operating conditions.

Surely with more opportunities to use the stadium all year round - speedway and festivals in summertime, and Ponsonby Rugby in winter, everyone is benefiting (including council)?

I don’t believe that it is correct that a councillor’s vote or a council operating division should have the power to close down and reallocate a public asset to either private enterprise, or even redevelop the site for a different usage using ratepayers funds, if the facility is being used by its original tenants at every available opportunity.

Keep Speedway at Western Springs!

Perfect central, and easy to get to, location for an outdoor central-city very large concert venue. Otherwise, large gigs are either large barns, or Mt. Smart etc. The stadium also has a legacy of these concerts, that should be preserved.

Western Springs Speedway has been there longer than most people have been alive. This new generation are always trying to ********** stir and upset things and people. I love the Speedway and the rugby club. Please leave Western Springs Stadium alone. Leave it as it is.

We an Auckland FC family and have supported them throughout the inaugural year. It was amazing experience and great to see Auckland community rally and support the team. Having our own home stadium would further develop stronger ties to Auckland community and develop the love for football in the city further. Auckland is a sport fanatic city and deserves a strong football identity.

I'm am huge fan/admirer of Auckland FC and because of the massive response and incredible season they've had they deserve an equally good premises to call home. Their current stadium at Mt Smart is the spiritual home of the Warriors. Auckland and the Port need a place to call their own and Western Springs is that. They will still be able to honor the Ponsonby Rugby Club but the development needs to have both commercial and recreational interest and Auckland Arena ticks both those boxes.

The proposal for Auckland Arena will allow the people of Auckland to secure the modernisation of the facility, provide a home suitable for the use soccer, remains in use for concerts, while minimising the impact to ratepayers.

The private investment of $200-300 million by the proposers minimises the impact to the ratepayers of Auckland while securing the future of the facility for the community of Auckland.

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I believe that Western Springs should retain its world class name as a Speedway facility, something that has not only seen a huge success with local drivers but has also been highly regarded internationally.

We have a number of other sporting facilities (North Harbour & Mt Smart) which could , and likely would, appreciate upgrades to support more sporting events and concerts, leaving Western Springs for speedway, festivals and other community events.

What is your connection to Western Springs Stadium? (tick one or all that apply)

I live in the area (Waitematā or Albert-Eden local board),I don't have a direct connection, but I am interested in how the space is used

There are three options to consider

Which option do you prefer? Select one option only.

Option 1: Auckland Arena

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

This option encapsulates sports, culture, entertainment yet will reduce tax payer funding. This option has more versatility. The Auckland FC benefit from this option but it is noted they cover the whole Auckland region so the benefit is citywide. Costs of living in Auckland are already beyond many people's ability to live here. On that basis alone this option is the best for our multi-cultural city.

This affords wide use of the space for the community, while also retaining the speedway. Auckland is missing out on many large scale touring concerts, and this would take the pressure off eden park as the only venue in this size range. Improving the facilities of the space would see western springs continue to play a significant role in exposing New Zealanders to the best touring musical artists in the world, and increasing tourism dollas to Auckland. On a grass roots level, the venue would still be guarenteed for use by the community for sports and cultural events. Private funding may not guarantee this outcome.

Give Speedway a long-term lease. I have been going to speedway since the early 1990s. I race motorcycle speedway at Rosebank Park and am a paying customer of Western Springs Speedway meetings. Up until May 2024, I lived in Westmere, just walking distance from the Stadium. Myself and my flatmates would walk to Speedway meetings whenever we could.

Give speedway commercially successful operating conditions.

Change the WS Stadium Unitary Plan to help speedway like they did at Eden Park to help concerts.

Speedway can be part of a multi-use situation with concerts, and has worked with rugby at the stadium.

We (stakeholders/fans/the people) were never consulted with before this time and should have been.

I'd rather see my ratepayer money spent to have speedway at Western Springs Stadium than a lot of the things the Council currently spend the people's money on.

I have seen how this issue has been handled and I don't agree with it and have lost faith in the council staff and many councillors.

I chose Western Springs as the location to build the Auckland Arena because it is already a popular hub for large events and live performances, making it a natural fit for a major entertainment venue. The area is centrally located, easily accessible by public transport and close to the city centre, which ensures high attendance and convenience for locals and tourists. It also has open space that can be developed without disrupting the dense commercial or residential zones of the CBD. Building the arena here revitalises a well-known area while boosting local business and adding a modern, multi-purpose facility for concerts, sports, and community events.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

The Stadium should be retained as it is for all of Auckland for all sports, cultural events and if possible speedway.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Public transport and parking availability is ridiculosly bad, there is a bigger need to develop a better public tranport network with efficient trains and buses rather than building an entire stadium, because it will not get any better, rather keep Mt Smart for AFC matches for now.

I have attended many well organised concerts/events that are unique to the venue and I hope to see tradition continue with the Ponsonby rugby club to maintain their home ground and history there; This with a revamp of the current facilities would be the best option out of all options.

We dont need another spots focussed stadium in auckland (i.e. option 1). We should upgrade western springs as a world class concert venue. Eden Park has limited concerts a year. Western Springs could be a hub of entertainment, building on the historic concerts in the past, and giving international acts a major reason to visit auckland on tours

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Auckland needs to keep a large outdoor event venue. Options allows to keep Ponsonby rugby Club. Option keeps outer fields for public access and use. I believe we already have many underutilised Sports venues.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I was born in Western Springs in 1960, raised and schooled in the area. I stiil have strong connection to the area. We are Zoo members and visit the lake and MOTAT. Speedway has always been a part of Western Springs and was never a problem. Rock concerts were and brought greater noise, traffic, litter and disorderly behaviour.

I'm married into a family who have a Long history at Ponsonby Rugby Club and now my daughter plays there. I have selected option 2 because while I believe it should remain as a rugby club, I also feel it can be used for other events that the community can attend. I find it insulting people with money can come along and turn it into whatever they choose! What happens to all of our young rugby players, not to mention girls who are growing to love the sport!!! PLEASE SAVE PONSONBY RUGBY CLUB!!!

We citizens of Auckland value highly our remaining green spaces. Western Springs has historical significance. Any major construction on this site would be to the long term detriment of the majority of local residents. Nature has already removed the valuable tree population there. And will hopefully allow regeneration of appropriate vegetation.

What considerations have given to access to this site, given major traffic disruption which accompanied recent large scale events on the site.

My preference is to see a facility that is adequately provided for to facilitate a range of events and activities. Both one-off special events and regular day-to-day events.

This is a better use of the land and facilities. However, a key requirement to be included is the provision of adequate parking facilities for the various events that happen at this and other events nearby, like at Auckland Zoo and MOTAT. This is a key requirement, as bus and train services are limited and will be overwhelmed when these events occur. Since mass events are attended by people driving in using personal transport, the provision of public parking should not be ignored.

Western Springs Stadium is Auckland's most unique and iconic outdoor venue. Any proposal that would significantly alter this spectacular natural amphitheatre should not even be up for consideration.

The Western Springs Bowl proposal offers a sensitive development that would enhance the venue's natural beauty while building on its legacy as a large scale concert venue and the home of Ponsonby Rugby, This proposal understands and reflects what this space is, and how it is used. Auckland Council should work constructively with its proponents to ensure that the development

is commercially viable, accessible to a wide range of community groups and local promoters, and with low ongoing costs to ratepayers.

Please, do not destroy this unique natural asset by over-developing it into another sterile, corporate-run stadium venue. To do that would be one of the worst acts of civic vandalism that I have witnessed in my lifetime.

I would like to see Soeedway race track reinstated to a top level international raceway park. Rugby grounds to remain in the centre and concerts still held. This had been an iconic events park in Auckland city and provides huge entrainment for families.

I have chosen Option 3B rather than 3A because Option 3A with its mention of current arrangements implies the immediate status quo where Speedway has, at the present time, been transferred to Waikaraka Park. I support the reinstatement of Speedway to Western Springs. It is a disgrace that Speedway was dumped from its home of many many years by very questionable undemocratic behaviour by Auckland Council. Waikaraka Park is the home of stock cars in Auckland and in no way an equivalent or even suitable replacement for Western Springs as a Speedway venue. Maintaining the existing site as it is still means it is a premium concert venue

where Aucklanders have been seeing top acts like Elton John, David Bowie and The Rolling Stones since the 1970s quite satisfactorily. Why change something that is working well?

I am very aware of the importance of people in Auckland having access to community facilities at prices that are affordable to small community groups to hold events. That is why I would like to see Auckland retaining, not just ownership, but controlling who has access to the venue over the short term, the medium term and the fairly long term, rather than giving the land and use of it away for up to 100 years.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

1. Western springs means a lot to me and my family

2. I have fond memories of attending speedway as a youngster and as an adult with my father.

3. He in turn has fond memories of going to speedway - including pushing his brother's car into the track.

There is no replacement for this historic site. Leave it alone!

Also, I consider Option 1 to be effectively a one hundred year lease (50 years plus two twenty-five year extensions) to a private developer to do whatever they want. This is very long time that frankly scares me.

However, some upgrades to support the use of concerts without compromising speedway is worthwhile -- there have been concerts before. I do not believe track and field sports need much support, as Mt Smart Stadum and the Netball center among other places already deal with that. There already are sports stadia around that aren't fully used (Mt Smart, North Habour, Eden Park), and the private use training facilities are a destination in their own right and would be better suited to a wider space south of the Urban area with good connections to the airport.

Some investiation of this while maintaining the speedway and the unique character of it is warranted - but it must be to keep the unique nature of speedway first and foremost.

Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields,I don't have a direct connection, but I am interested in how the space is used

There are three options to consider

Which option do you prefer? Select one option only.

Option 3B: Neither Option 1 or Option 2 - explore other ideas

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Western spring is a cultural pillar of auckland, to get rid of it would be the same getting rid of Eden Park turning it into a park
