**Note:** This version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

**Organisation:** N/A

**Local Board:** Devonport-Takapuna

## Your feedback

1. **How do you or your household currently use the park?**
   Walk / run in or around the park, Play golf at the golf course, Play sport at Eventfinda Stadium

2. **How often do you use the park?**
   Less than once a month

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly golf with limited other recreation uses

   **Tell us Why**
   Golf in New Zealand enjoys unique natural advantages and is popular among people from all walks of life. Retaining an appropriate amount of land for golf is important, while part of the area can also be used for other community recreational activities. Through this project, the space and related facilities can be upgraded to support a balanced development of healthy community activities.

4. **What type of golf would you most like to see provided at the park?**
   9-hole traditional golf course (35-36 par), Short-game practice area / putting green, Indoor golf simulators

5. **What other type of recreation would you most like to see provided at the park?**
   Indoor sports courts (e.g. basketball, netball, badminton, gymnastics), Nature play / playground, Open space / picnic area, Walking / cycling tracks

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Heritage - highlighting local Māori culture, Open space - space for free play and relaxation, Organised recreation - space for organised sport or clubs, Resilience - supporting flood protection and climate adaptation, Safety - providing a safe environment for play, sport, and relaxation

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   **Tell us Why**

   Under City Council leadership, coordinated communication across government departments is vital. Park management must serve different community groups effectively while maintaining technical standards, practical functionality, operational feasibility, and efficient management systems.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   In the design of the park, necessary public safety considerations should be incorporated to help reduce the occurrence of foreseeable crimes.

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   **Tell us Why**

   Under the management of the City Council, land use can be coordinated to meet the needs of different sectors, with improved communication between departments and more effective contract administration. As this project involves long-term development, the City Council should participate and oversee the management throughout the entire process. Its performance can be monitored through avenues such as public representative consultation, media reporting, and council election accountability.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   The design must prioritize the safety of all park activities, preventing accidents during events while also minimizing crime opportunities.

   A pure golf course alone can no longer meet the needs of residents. Adopting a balanced and integrated approach is a practical and forward-looking choice. It allows the park to adapt flexibly to future trends and become a truly vibrant community hub.

4. **What type of golf would you most like to see provided at the park?**

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   **Tell us Why**
   A balanced development model can attract both golf enthusiasts and other recreational users, enhancing the overall vitality of the park through a diverse user base. This approach also provides a more stable foundation for future maintenance and upgrades.

4. **What type of golf would you most like to see provided at the park?**
   Short-game practice area / putting green, Driving range, Mini golf, Pitch and putt golf course

5. **What other type of recreation would you most like to see provided at the park?**

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   **Tell us Why**

   With unified management by the City Council, the relationship between new facilities and environmental protection can be better coordinated, ensuring that development does not damage valuable natural ecosystems. If control of the land is handed to commercial operators whose primary goal is profit, there is a risk that environmental integrity and long-term sustainability may be compromised in the effort to attract more visitors.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   It is recommended to prioritise the construction of free public facilities, such as children's playgrounds, outdoor fitness equipment, and shaded rest areas. These facilities can meet the basic leisure needs of residents of all ages and encourage greater community interaction.

   Once or twice a week

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly golf with limited other recreation uses

   **Tell us Why**
   A single-purpose golf course tends to have low usage during off-peak periods. Mixed or shared use can increase overall park utilization and improve social benefits.

4. **What type of golf would you most like to see provided at the park?**
   Driving range, Mini golf

5. **What other type of recreation would you most like to see provided at the park?**

   **Tell us Why**
   Management by the City Council also means that all facilities will follow unified public safety standards and remain open to everyone. A truly successful community park should first and foremost be a place where all people feel welcome and can access it with ease — a shared space for everyone to enjoy.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**
   The park design should maintain a certain level of flexibility and include multi-purpose spaces so that it can adapt to changes in community needs in the future.

   **Tell us Why**
   Through a balanced, combined approach, we can retain part of the golf function while also creating space for walking paths, picnic areas, children's playgrounds, and other recreational uses. This would significantly enhance both the value of the land and the park's capacity to serve the community.

4. **What type of golf would you most like to see provided at the park?**
   Driving range

5. **What other type of recreation would you most like to see provided at the park?**

   **Tell us Why**

   Park land is a valuable public asset. When it is managed by the City Council, it ensures that all residents — regardless of their financial situation — can have equal access to recreational facilities.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   It is recommended to first develop low-cost but practical basic facilities. Any future maintenance plans for these facilities should be clear and well-defined to ensure they continue to serve the community effectively over the long term and avoid falling into disrepair due to inadequate upkeep.

   **Tell us Why**
   I support City Council management because it allows us to plan and use the land flexibly in response to future changes in community needs, ensuring that it can continue to meet the evolving needs of the community.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**
   Any new facilities should be designed with careful consideration for harmony with the wetland's natural environment, ensuring that recreational areas do not disrupt the ecological balance or the peaceful atmosphere of the park.

   Heritage - highlighting local Māori culture, Nature - protecting or enhancing the natural environment for people and wildlife, Resilience - supporting flood protection and climate adaptation

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   **Tell us Why**

   Facilities managed by the City Council are typically free or low-cost, which encourages more families, children, and seniors to use them regularly. This greatly enhances community vitality and supports overall public health.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Before planning specific facilities, it is recommended that the City Council conduct more detailed community needs assessments to understand which types of activities residents value most.

## Your feedback

1. **How do you or your household currently use the park?**
   Walk / run in or around the park, Use the bowling club (lawn bowls)

2. **How often do you use the park?**
   Once or twice a week

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly golf with limited other recreation uses

   **Tell us Why**
   Golf is a sport widely loved by the community and is affordably priced. It should be preserved with a greater number of programmes, as it is popular among both seniors and young people. Expanding the diversity of sports activities would further promote balanced development.

4. **What type of golf would you most like to see provided at the park?**
   Other, please specify: I'm not sure, because I don't play golf.

5. **What other type of recreation would you most like to see provided at the park?**
   Archery, Indoor sports courts (e.g. basketball, netball, badminton, gymnastics), Nature play / playground, Open space / picnic area, Sports fields (e.g. rugby, soccer, cricket)

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Heritage - highlighting local Māori culture, Nature - protecting or enhancing the natural environment for people and wildlife, Open space - space for free play and relaxation, Resilience - supporting flood protection and climate adaptation

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   **Tell us Why**

   City Council's integrated management approach demands effective coordination among relevant departments. Park operations should accommodate diverse community group requirements while upholding technical reliability, practicality, operational feasibility, and management efficiency.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Park design should prioritize safety across all activities, preventing accidents during events and minimizing opportunities for criminal behavior.

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly golf with limited other recreation uses

   **Tell us Why**
   Golf in New Zealand enjoys unique natural advantages and is popular among people from all walks of life. Retaining an appropriate amount of land for golf is important, while part of the area can also be used for other community recreational activities. Through this project, the space and related facilities can be upgraded to support a balanced development of healthy community activities.

4. **What type of golf would you most like to see provided at the park?**
   Other, please specify: I'm not sure, because I don't play golf.

5. **What other type of recreation would you most like to see provided at the park?**

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Affordability - providing low-cost or free activities, Heritage - highlighting local Māori culture, Open space - space for free play and relaxation, Safety - providing a safe environment for play, sport, and relaxation, Resilience - supporting flood protection and climate adaptation, Organised recreation - space for organised sport or clubs

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   **Tell us Why**

   Under the management of the City Council, land use can be coordinated to meet the needs of different sectors, with improved communication between departments and more effective contract administration. As this project involves long-term development, the City Council should participate and oversee the management throughout the entire process. Its performance can be monitored through avenues such as public representative consultation, media reporting, and council election accountability.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Park planning should fully incorporate safety measures to avoid accidents during activities and lower the risk of crime.

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   **Tell us Why**
   A balanced and integrated approach allows the park to serve a wider range of community members, rather than only meeting the needs of golf users. In this way, the existing golf facilities can be retained while also providing diverse recreational options for families, young people, and seniors.

4. **What type of golf would you most like to see provided at the park?**
   Driving range, Short-game practice area / putting green

5. **What other type of recreation would you most like to see provided at the park?**

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   **Tell us Why**

   City Council management can ensure that the park's development truly serves the overall interests of the community, rather than the profit goals of a commercial operator. By retaining control of the land, we can ensure that the park remains a public, open, and welcoming space for everyone.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   In addition to standard facilities, the park could include elements that enhance cultural vibrancy, such as a community garden or outdoor art display areas. These features would not only beautify the environment, but also strengthen residents' sense of participation and belonging within the community.

   The development of golf courses today has already gone far beyond simply providing a place to play golf. Many modern golf venues aim to create a comprehensive, high-quality leisure environment that attracts a wider range of users. This can help increase revenue by incorporating elements such as:Wellness and health activities• Social and recreational spaces• Family-friendly and parent–child facilities• Other sports and outdoor activities• Business and corporate event spaces• Cultural and ecological experience areas.Such a diversified model helps broaden the customer base and enhances the overall vitality and sustainability of the golf facility.

## Your feedback

1. **How do you or your household currently use the park?**
   Walk / run in or around the park, Play sport at Eventfinda Stadium

2. **How often do you use the park?**
   Once or twice a week

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   **Tell us Why**
   The community embraces golf as an accessible and affordable sport. We should preserve it with expanded programme offerings, as it attracts both senior and younger participants. Greater sports diversity will advance balanced community development.

4. **What type of golf would you most like to see provided at the park?**
   9-hole traditional golf course (35-36 par)

5. **What other type of recreation would you most like to see provided at the park?**
   Indoor sports courts (e.g. basketball, netball, badminton, gymnastics), Nature play / playground, Open space / picnic area, Walking / cycling tracks

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**
   Heritage - highlighting local Māori culture, Open space - space for free play and relaxation, Organised recreation - space for organised sport or clubs, Resilience - supporting flood

protection and climate adaptation, Safety - providing a safe environment for play, sport, and relaxation

7. **Which Park lease approach would you prefer?**
   Keep all land under Council control

   **Tell us Why**
   Under City Council leadership, coordinated communication across government departments is vital. Park management must serve different community groups effectively while maintaining technical standards, practical functionality, operational feasibility, and efficient management systems.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**
   Safety should be a fundamental design principle, preventing accidents during park activities and creating environments that deter criminal behavior.

   Unified management is beneficial for long-term planning, allowing park development to progress more logically. Future facilities can be improved gradually based on actual community needs. As residents see ongoing improvements year by year, they will be more willing to participate in and support community development.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Increase social activity spaces to provide residents with more opportunities for interaction, such as small performance lawns and areas for festival and community events.

1. **How do you or your household currently use the park?**
   Play golf at the golf course

2. **How often do you use the park?**
   Other, please specify: I don't use the park myself but family do use it probably around less then once a month

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   **Tell us Why**
   The park was originally for the purpose of Golf and I believe it would be fair to keep it that way but also in a way that makes sure its not floodable. Plus recreational use can be reserves aswell serving a safe place for wildlife too. So being able to balance the old purpose and the new purposes gives it a way include all interests.

4. **What type of golf would you most like to see provided at the park?**

   Archery;BMX pump track / skate park / other wheeled play;Nature play / playground;Off lease dog exercise area;Open space / picnic area

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Nature - protecting or enhancing the natural environment for people and wildlife;Productive land use - using parts of the park for food growing or other resources;Resilience - supporting flood protection and climate adaptation;Safety - providing a safe environment for play, sport, and relaxation;Equity/Inclusion - a diverse range of experiences the whole community can enjoy

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   **Tell us Why**

   Leasing it to independent operators makes an oppurtunity for incorrect use since the council has no complete control over what is done in the park, the intentions of the leaser could sway from what it was intended for. Therefore with the council keeping ahold of the land even if it takes longer and not a high-quality recreation (which i dont think quality matters as it should be outdoor recreation not requiring buildings other then toilets) means the intentions of the parks use are kept to the original plan.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   The blurb said that they had no prior funding for recreation use. Maybe next time as a way to figure out the full picture. Even if it is just considering or looking over. Include possible funding for recreation because if you promise something to a community without the funds to provide it then bring it on them that it will take longer then expected, they may become frustrated or distrusting. Being organized or aware enough to include funding for everything makes the success of your plans more reliable.

   **Tell us Why**
   A balanced approach would allow the park to continue serving existing golf users while opening the space to a wider range of community members. By adding facilities such as walking and cycling paths, picnic areas, natural play spaces, and possibly multi-use sports areas, the park would become accessible and enjoyable for people of all ages, interests, and abilities.

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   **Tell us Why**

   This option gives a good balance. Leasing some land means new facilities can be built faster and funded by operators, while keeping some under council control ensures the park stays accessible and flexible for the community in the future. It allows development without losing public space or access

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   **Tell us Why**
   The park was originally for the purpose of Golf and I believe it would be fair to keep it that way but also in a way that makes sure its not floodable. Plus recreational use can be reserves aswell serving a safe place for wildlife too. So being able to balance the old purpose and the new purposes gives it a way include all interests.

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   **Tell us Why**

   Leasing it to independent operators makes an oppurtunity for incorrect use since the council has no complete control over what is done in the park, the intentions of the leaser could sway from what it was intended for. Therefore with the council keeping ahold of the land even if it takes longer and not a high-quality recreation (which i dont think quality matters as it should be outdoor recreation not requiring buildings other then toilets) means the intentions of the parks use are kept to the original plan.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   The blurb said that they had no prior funding for recreation use. Maybe next time as a way to figure out the full picture. Even if it is just considering or looking over. Include possible funding for recreation because if you promise something to a community without the funds to provide it then bring it on them that it will take longer then expected, they may become frustrated or distrusting. Being organized or aware enough to include funding for everything makes the success of your plans more reliable.

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly other recreation uses with limited golf facilities

   **Tell us Why**
   I feel like prioritising other recreational activities such as hiking running mountain biking etc would be far better than appealing to a much smaller group of golf enthusiasts. I just feel like I never go out to use the park because it's mainly thought of as a golf course and the other stuff is overshadowed. That being said I think the park is really beautiful and the government should lean into the nature part of the park

4. **What type of golf would you most like to see provided at the park?**

7. **Which Park lease approach would you prefer?**

   Lease all land to commercial operators

   **Tell us Why**

   I'm not really sure. I just feel that the independent parties will have more opportunities to improve the park. Instead of the government. I feel like the government would set the park last in the priority list

## Your feedback

1. **How do you or your household currently use the park?**
   I don't use the park

2. **How often do you use the park?**
   I don't use the park

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   **Tell us Why**
   I think it would be great to have the area balanced to make sure everyone is included especially when not everyone enjoys golf

4. **What type of golf would you most like to see provided at the park?**
   Pitch and putt golf course;18-hole beginner/intermediate golf course (approx. 54-60 par);Mini golf

5. **What other type of recreation would you most like to see provided at the park?**
   BMX pump track / skate park / other wheeled play;Nature play / playground;Open space / picnic area;Off-leash dog exercise area;Space to hold events (e.g. community markets, festivals or concerts)

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Equity/Inclusion - a diverse range of experiences the whole community can enjoy;Nature - protecting or enhancing the natural environment for people and wildlife;Open space - space for free play and relaxation;Productive land use - using parts of the park for food growing or other resources;Safety - providing a safe environment for play, sport, and relaxation

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   **Tell us Why**

   I believe it should be under the council because it would ensure that the land is kept under them when the plans for the new area is being made which means for example that no other potential buyers can take the space while the plans are being made for the new area.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   I think this is a great idea for the future area and I believe it would be really appreciated by the community.

2. **How often do you use the park?**
   I don't use the park

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly other recreation uses with limited golf facilities

   **Tell us Why**
   Because golf is a sport that uses much land, water and other resources, and i would argue that this is a huge waste, as it is one of the most boring sports to exist, with the majority of golfers being old, rich, insufferable bores. Volleyball, rugby, basketball, cricket and football are examples of sports that appeal to a larger number of people, and take up much smaller areas than golf, allowing a wider range of sports facilities to be developed instead of a single golf course.

4. **What type of golf would you most like to see provided at the park?**
   Mini golf;Short-game practice area / putting green

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly other recreation uses with limited golf facilities

   **Tell us Why**

   I just don't know many people who actually play golf, and I'm definitely don't play golf. from my
   perspective, changing the purpose of the space to benefit a more diverse audience would be an improvement for the community. However, I do believe that trying to change the space physically could be a potential waste of money and resources when there are many other things that the area would improve more from than an up-cycled golf course.
