Aotea/Great Barrier

Question 1: Our overall plan and proposed increases to rates

What do you think of the proposed annual plan?

Support all	NA
Support most	NA
Do not support most	NA
Do not support any	NA
I don't know	NA

Tell us why

NA

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

Strong support for community grant funding
support for Anamata, health centre
support for artists
more support for elderly - services, safety, living costs, meals on wheelss
support for sporting at clubs x3
food resilience - community garden amazing, food reslience so important - party at garden was great & things open to all, baking facility
concern for fuel, freight & transport costs x17
other - peaceful place, keep how it is, no more cell towers, gluten free bread at BBQs, alcohol prohibition, talk to schoolkids
economy - opportunities for the youth
flooding resilience - long term food security if theres a major disaster - containers of food storage, canned goods, etc, was a great response to latest storm
pest & weed control - rabbit control & monitoring, get hunters busy with deer, climbing dock, glyphosphate ban
waste - public bins, vehicle dumping, septic tanks inspections every 6 months
support environmental work - regenerative not just sustainable,
walkways -Walkway/Cycling extension on Hector Sanderson, regular track clearance, reopen tramline track (DoC), volunteer track work, cycle Sandhills ok, footpaths are dangerous, good idea for more investiment in tracks, biking everywhere
parks & playgrounds - dog parks, Okupe shade;skateramp;play area;BBQ table, more equipment & shade at all playgrounds, more skate bowls, flying foxes, maintenance on MG skate ramp, public toilets good/Medlands smelly, boat ramp on eastern coast, eco-burials, agree BBQ near haymans
transport - public transport on island, gold card, bring back fast ferry (x3)Okiwi airfield revitalise,
roads - open a ring road with paper roads, road to FitzRoy is vulnerable, seal whangaparapara, southern end medlands is danagerous for walkers, medlands rd is fine, roads are sweet,
microgrids - bike chargers in north (x2), forestry closed for electric bikes,
housing - ease resource consenting, more subdivision, control development, businesses work together for worker accom, denser housing building for microgrids, shared infrastructure
businesses - cafe in port fitzroy, increase pop to 6000, visitor information,

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0
Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	0	0	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA

Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	NA
Provide and maintain local parks, sports fields and recreation facilities	NA
Libraries, community centres and services that help people feel connected	NA
Plan for how and where we should build more homes should as Auckland grows	NA
Improve town centre areas so they are attractive and accessible	NA
Looke after our beaches, streams, native bush and cultural heritage	NA
Reduce waste and plan for the effects of climate change impacts	NA
Maintain and improve our roads	NA
Make it easier and more affordable for people to use public transport and cycleways	NA
Manage stormwater and protect communities from flooding	NA

Question 3: Local Board Feedback(s)

Aotea/Great Barrier Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	NA
Support most	NA
Do not support most	NA
Do not support any	NA
I don't know	NA

Tell us why

supportive of plan
Agreement with the priorities on the annual plan
Thinks the local board is doing really well 😊

2. What do you think about the proposed key areas of additional investment and changes to services?

Areas	Support	Do not support	Other	I don't know
A. Improvements to the library service including additional programmes.				
B. Partnering with mana whenua and community on the coordination and engagement of island fisheries management and local Ahu Moana marine projects.				

Tell us why (please be clear which priority you are talking about)

good idea for investment in the libraries
No commercial nets/dredging
Marine protection - no fishing to replenish population x2
need for marine fisheries due to increased pressure by inshore closure - need fisheries officiers to monitor marine reserves
no commercial fishing (marine reserves)...apart from locals...x2

Franklin Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	NA
Support most	NA
Do not support most	NA
Do not support any	NA
I don't know	NA

Tell us why

Build a basketball court near Tamaoho School
Need more education and enforcement of 'dog owner' responsibilities; sports fields are not of leach dog exercise areas; dog poo is to be picked up by the dog owner
Need more good chapter books Pukekohe Library
Take out some of the pedestrian crossings they are dangerous
Get the cleaner in more often. Bathroom is a mess lots of cobwebs in the library
A pavement from Buckland into Pukekohe to safely walk into town.
Rates have alread increased, to consider more is unbelievable, no more!
More off leash dog parks please
Would like to see more off leash dog areas

Better parking around the train station for those going to town
Get Kainga Ora to check houses for no lawns mowed and rubbish and cars on footpath
More shaded playground for the littlies please
More walking and cycling infrastructure for families
A youth representative on the board to help voice for students and young adults
Sort out the traffic lights at Bombay please
Wish lists are all very well, break them down, budgets, otherwise if and when they go ahead its just a open cheque (we used to have the) to contractor. We should be more than capture clients.
Englarge/new swimming pool
Look to spend budget on inclusive developments, look to have a Franklin council not with AKL CBD
More pressure to complete roadworks in appropriate time

EVENT: **07-Mar Takapuna Dog Day Out drop-in session**

NA

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

• Comment from public around cost saving measures – o He states that he doesn't like seeing cuts to libraries, but the proposed cuts are not major cuts • Q from public around infill planting – o Can someone clarify what is meant by 'cease infill planting' o Answer from Chair Chris Carter – it's around weeding etc o Member of public states that it 'seems counterproductive' and that short term cuts = long term costs – e.g. mulching is good for plants to survive otherwise someone will need to be out there with a watering can o Member Brooke Loader notes that there will be more weeds if we cease infill plantings and that not doing it would mean more work in the long-term o Member of the public noted that there could be more community involvement with dropping off mulch etc o Member Brooke Loader responded that the there is possibility between the Full Facilities Contractor and local groups/arborists for mulch drop off • Comment from public around bins – o Do more bins = more rubbish? o Feels that the small composting bin is not big enough and that he wants proper composting – that could even be sold back to the council as an incentive for the public? o Feels there should be more education around composting o Comment from Chair Chris Carter – there is education around composting for children o Comment from Member Brooke Loader – Eco Matters have tutorials and, on the concourse, there is a place to get rid of composting o Question from member of the public on whether the small costing bins are costing the city? o Answer from Councillor Shane Henderson – it is out of user chargers. People can't opt out of the small bins to keep costs down for everyone. There is evidence that more bins = more rubbish. o Another comment from the public that there must be a better way to do bin collection o States that the current system of pick up at a certain time of the year is not aligned with the normal way of life – "nobody works like that" o Member of the public notes that other councils give vouchers to the public for dropping off rubbish – "as much and how often as you like and it doesn't cost the council anything" – as long as the individual can drop it off themselves with a trailer etc o Member of the public notes that issues with illegal dumping must cost a lot and want to see measure to reduce it • Comment from the public around rate increase – o Suggest that the local board and councillors should make a big deal around the difference between the normal rate increase and the increase related to the CRL o 3.5% normal rate increase – how many people know that the rest of the increase is due to the CRL? o Notes that this should be the key messaging to make the increase more palatable – "need to make public announcement in the paper" • Comment from the public around intensification and housing developments – o Statement that everyone in the room is affected my developments especially around parking – "the street has become a car park" o Conversation around building contractors and their impact on the roads e.g. not knowing speed limits, increase in parked vehicles, vans blocking view of the road becoming a danger o Conversation around the effectiveness of calling the council to deal with these road/parking issues o Chair Chris Carter states that they hear these issues a lot and they are aware of it – notes that AT is making changes to allow the local board to make more decisions e.g. dotted yellow lines o Member Brooke Loader notes that the board are finalising the local board plan and there will be a marker around intensification, road safety and the relationship with AT – e.g. yellow lines as policy and not ad hoc o Councillor Shane Henderson notes that the AT reform on the way should give the local board more power which will give the community more power • Comment from the public around health and safety issues for building works – o Dust was an issue for a building site near his property – he confronted the builders directly o The builders then brought in a vacuum instead of sweeping as it was a health and safety issue o Question of who is offering out contracts and how do we ensure that the contractors are following health and safety protocols – how do we keep them compliant? • Discussion around community groups working with council on key issues – o Member of the public asking if the council have tapped into local community groups as a resource with things like planting etc. o Chair Chris Carter notes that it is happening but in low numbers and usually community-led rather than council-led, e.g. Rivercare and a local mosque doing plantings at Bethels beach o Member of the public states that we should bring the community together to work together – taking responsibility and teaching young people

o Suggestion that the board should approach churches etc to tap into the community o Chair Chris Carter notes that the council have let community groups work it out themselves but perhaps it's a good idea to do more outreach in an organised way – he suggested that Member Oscar Kightley could reach out to church groups etc • Question from member of the public on who they can contact about run down spaces o Specifically, an 'ugly' car park and space with no trees o Member Brooke Loader states that they can contact her and that the board are working with Kiwirail and AT on 'first and last leg' approach and how to beautify these spaces • Question from member of the public on the Lincoln Road and why a great plan got shelved o Lincoln Road is difficult to walk up and cycle – there is uneven footpaths, no crossings and lots of driveways. A man was killed along the road earlier this year. o Member of the public notes that the road needs proper crossings at slip lanes o Councillor Shane Henderson responds that the project ran out of money and he will ask for an update and send it to the individual directly o Member Brooke Loader notes that the increased shared pathway project is ongoing and that she is trying to push Lincoln Road up the priority list o Councillor Shane Henderson notes that 13 years ago he attended a consultation for the road and it's still the same today

• Question from member of the public on the CRL timetable – o Is the CRL going to run every 30 minutes from the city after 8pm? What about coming home after 8pm? o Councillor Shane Henderson responds that the new CRL timetable will open slowly and that they have not shared the exact details yet o Chair Chris Carter notes that the level crossings in the West present an issue – with trains becoming more frequent there will be more traffic

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6

Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0
Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	0	0	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	NA
Provide and maintain local parks, sports fields and recreation facilities	NA
Libraries, community centres and services that help people feel connected	NA
Plan for how and where we should build more homes should as Auckland grows	NA
Improve town centre areas so they are attractive and accessible	NA
Looke after our beaches, streams, native bush and cultural heritage	NA
Reduce waste and plan for the effects of climate change impacts	NA
Maintain and improve our roads	NA
Make it easier and more affordable for people to use public transport and cycleways	NA
Manage stormwater and protect communities from flooding	NA

EVENT: **Mataawaka Annual Plan Hui**

Number of Participants (optional)	18
Number of People that provided feedback/ sticky dots (required).	5

Local Board:

Henderson-Massey,Waitākere Ranges,Whau

Question 1: Our overall plan and proposed increases to rates

What do you think of the proposed annual plan?

Support all	NA
Support most	NA
Do not support most	NA
Do not support any	NA
I don't know	NA

Tell us why

NA

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

Here are my notes from today ☺ Waitākere Ranges – no feedback Henderson-Massey – no feedback Whau – wanted to understand timelines on some of the Whau priorities. Support for aquatic facility at Whau and Avondale Racecourse (proposed green space). Overall feedback: Maori community suspicious about consultation – all about people telling us how it should be. Want to be around table talking about co-design and participate in what the future looks like. Rangitahi have great ideas – intergenerational discussions. We need to be more involved in next plan. Is there a regional plan that takes in the whole of West Auckland? Need to think less of geographics and boundaries – if we looked regionally, we would be able to work better and look at all putting in for things that are needed. Kaumatua – what does wellbeing & health and safety look like for them. Whare wananga – tag reserve for whare wananga development. Reserve needs to be re-designated for educational purposes. 'mokopuna plan' Partnership/relationship – these words are more meaningful Homelessness – safety

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6

Howick

Question 1: Our overall plan and proposed increases to rates

What do you think of the proposed annual plan?

Support all	NA
Support most	NA
Do not support most	NA
Do not support any	NA
I don't know	NA

Tell us why

NA

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

The specific key areas of spend, aren't really specific or key. They are too vague and ambiguous to know what they actually mean
Cut down on the intensification of housing in Pakuranga getting out of hand
Local activities and better playgrounds
Safety - Community patrols more frequently. More Police presence
More community patrols to improve security of both residential and commercial areas
More shade and covered spaces so community groups can use these spaces for free play, activities, wheel activities etc (outside of playgrounds) More multi use spaces
Upgraded shared paths and connections to make walking and cycling more viable in the wake of the fuel shortages and fuel price increase.

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0

Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

What specific council activities or services do you most want us to prioritise, and why?

NA

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	30
Provide and maintain local parks, sports fields and recreation facilities	40

Libraries, community centres and services that help people feel connected	40
Plan for how and where we should build more homes should as Auckland grows	30
Improve town centre areas so they are attractive and accessible	50
Looke after our beaches, streams, native bush and cultural heritage	70
Reduce waste and plan for the effects of climate change impacts	90
Maintain and improve our roads	30
Make it easier and more affordable for people to use public transport and cycleways	30
Manage stormwater and protect communities from flooding	50

Question 3: Local Board Feedback(s)

Howick Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	50
Support most	20
Do not support most	15
Do not support any	0
I don't know	20

Tell us why

With further intensification of housing builds in the area (PC120) planned, what works are being done to ensure the areas infrastructure will be able to cope with the population increase?
What cost considerations are taking place?
solve the current problem use the tax to import more fuel from Australia
Increase AT buses to Beachlands and Maraitai

2. What do you think about the proposed local board specific key areas of spend?

Areas	Support	Do not support	Other	I don't know
A. Explore ways to get the best value from our play spaces so they continue to meet the needs of children and families.	33	3	0	2
B. Run regular seminars for community groups/organisations on the local grant's application process.	13	3	0	1
C. Identify what type of indoor/sheltered courts are necessary to support sports play in Flat Bush.	14			
D. Continue advocacy of the Tāmaki estuary on water quality and coastal erosion.	21			
E. Continue to advocate to crime prevention organisations on behalf of the community for ongoing safety initiatives.	22			
F. Continue to support our volunteer groups with resources needed for ecological volunteering, such as stream clean-ups and pest plant weeding.	21			

Tell us why (please be clear which priority you are talking about)

Bigger and more playgrounds more upgrades
Make roads wider, add more space on the side so cars and cyclists have space
Put more and bigger playgrounds
Shade covers on all playgrounds with no natural shading

EVENT: **Botany Drop in session**

Number of Participants (optional)	NA
Number of People that provided feedback/ sticky dots (required).	100

Local Board:

Howick

Question 1: Our overall plan and proposed increases to rates

What do you think of the proposed annual plan?

Support all	45
Support most	33
Do not support most	40
Do not support any	NA
I don't know	22

Tell us why

More bus routes in places with less access and connections to the ferry
More public restrooms around Howick and Lloyd Elsmore
Include more sensory play area/centre or community leisure areas for disability and disabled people
Effective H&S measures on Guys Road Reserve stream near Green mount!

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

Better roads
Better water system, better inclusive programmes to take care of our environment
more environmental focus for less established areas
need to have park and ride, more buses with various locations
Park and ride, more but routes to Ormiston
More park and ride arrangements
Need a park and ride in the Howick Local Board Area
Bus routes near Ormiston college/ Mission Heights
Trains in East Auckland area, more crossing and shared cycleways for scooters and bikes at Murphy Road before entering Murphy Park
Severely crack down on crime
Crime prevention
More crime crack down
Crack down on Crime prevention in our Howick Local Board areas
More visibility on Howick Local Board doing more on crime prevention so our area can thrive more. More community togetherness.
Reliable effective public transport into CBD during peak and off peak hours.
More public parking in Flatbush
Better and connected cycleways
Cheaper public transport $1 or less
Bus routes for 72M and 72C to have double decker buses
Bucklands Beach Road better traffic control

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

Build new Basketball hoops in Howick
Speedbumps on Aberfeldy Ave
Limit speed and traffic flow of Aviemore Drive. It is unsafe and too noisy for residents nearby.
Too much plastic going into landfill - sits there for 600 to 1000 years
How can our local board members control or contribute to our community adjusting to the growing increase in living costs?>
Highrise apartments in Farm Cove/Halfmoon bay are not located near public transport. Better planning as there is a lack of available parking and public facilities
Charity work is essential for the most needy in our community. Youth Service for a diverse youth group is needed to cater to our youth across the local board
Supportiveness is an integral part of human life. Please DEDICATE as a board through responses from your community's feedback
Build a crossing line in the middle and the other end of Aviemore Drive for students. Kids and Pedestrian to cross the road safety to the park and shops. No more running across the road to survive but to be able to cross safely.
All Transport goes to Botany but not a lot if any go from Half Moon Bay to the City. Ferries are unreliable.
Parking Management and enforcement near schools to keep our kids safe
Better decisions with Road safety especially crossing placements where there should be traffic lights with pedestrian crossing so that cars will actually stop.
More visible updates from more elected members to reach the wider community like they did when campaigning
More relatable options that will actually benefit our area and the residents
Bring back the Cultural Events to celebrate the diversity. We don't have movies in parks and need more community events with rain dates
More community events
Howick is a lot more diverse than it is advertised to be and we need more input and celebration of other ethnic groups outside of the library especially in our large, diverse local board area
More multi purpose courts in our parks for a variety of sports and activities

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0
Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	0	0	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	NA
Provide and maintain local parks, sports fields and recreation facilities	NA
Libraries, community centres and services that help people feel connected	NA
Plan for how and where we should build more homes should as Auckland grows	NA
Improve town centre areas so they are attractive and accessible	NA
Looke after our beaches, streams, native bush and cultural heritage	NA
Reduce waste and plan for the effects of climate change impacts	NA
Maintain and improve our roads	NA
Make it easier and more affordable for people to use public transport and cycleways	NA
Manage stormwater and protect communities from flooding	NA

Question 3: Local Board Feedback(s)

Howick Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	
Support most	
Do not support most	
Do not support any	
I don't know	

Tell us why

Lloyd Elsmore Pool can get over crowded and we have only one pool in the whole Local Board Area
I have already spoken to Bruce Kendall regarding this issue it seems a non priority for him and fellow councillors. Safey and Access is a BIG Issue and needs to be acknowledged by Bruce Kendall.
Please add up one pedestrian crossing near bucklands road and macleans road for all students. Including BBI and PMP kids can go to school safely
Parking on both sides of a small road makes driving difficult and dangerous. Drake Street. Large Berms why not use them or half their size to make parking available

2. What do you think about the proposed local board specific key areas of spend?

Areas	Support	Do not support	Other	I don't know
A. Explore ways to get the best value from our play spaces so they continue to meet the needs of children and families.	100	20	8	9
B. Run regular seminars for community groups/organisations on the local grant's application process.	26	14	10	10
C. Identify what type of indoor/sheltered courts are necessary to support sports play in Flat Bush.	35	12	10	12
D. Continue advocacy of the Tāmaki estuary on water quality and coastal erosion.	25	4	2	10
E. Continue to advocate to crime prevention organisations on behalf of the community for ongoing safety initiatives.	43	4	1	5
F. Continue to support our volunteer groups with resources needed for ecological volunteering, such as stream clean-ups and pest plant weeding.	40	8	3	7

Tell us why (please be clear which priority you are talking about)

Please control parking on small roads - both sides. It is very difficult to drive through with a normal car... worse if there was an emergency response. Dangerous and a big risk.
Lower Rates in flood plain areas as they won't get valuation if sold
Yellow lines on one side of the street narrower roads. Pot hole in the middle of Juliet Ave
Please repair asap Bucklands Beach walkway and slips to Half Moon Bay Marina they effect all walks of life and businesses

EVENT: **Auckland Brit & Euro Classic Car Show**

Number of Participants (optional)	NA
Number of People that provided feedback/ sticky dots (required).	135

Local Board:
Howick

Question 1: Our overall plan and proposed increases to rates

What do you think of the proposed annual plan?

Support all	NA
Support most	NA
Do not support most	NA
Do not support any	NA
I don't know	NA

Tell us why

NA

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

Need more pump tracks
extend walkway from Rotary to Half Moon Bay
Upgrade playground on highland park drive with shades
More Ferries to the city particularly during the weekend
Stop the uncontrolled rate rises
It is absurd allowing multiple houses on small section. No consideration for parking, vehicle access to small garages, noise with so many on one section and gross overloading of sewage pipes which were never designed for so much use
Cramming houses on sections within spitting distance. allows no privacy either to residents or neighbours.
The council were pathetic in trying to justify the food scraps collection. They said 40% of food is wasted. Instead of spending a fraction of the money this new system cost, why not educate with leaflets on home owners/ Several alternatives to this scrap system, used by 50% of houses. What nonsense
Better planning for speed bumps
Keeping our walking tracks safe
More kids friendly bike tracks so younger ones can enjoy being safe while having fun too
Keep parks and beaches clean
Fix the walkway between Eclipse Place Himilaya Place
Easier way to use public transport to get to the city and more options
Playgrounds with places for dogs to stay while kids are playing
BBYC Car Park Needs to be able to impose parking restrictions
More Bike Parks
Local Board need to focus on illegal dumping
Need a direct bus from Botany to the CBD
There is a question around volunteers, but we need more organised beach clean ups

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	
Support most	
Do not support most	
Do not support any	
I don't know	

Tell us why

Can Howick explain how much money is collected from Flatbush and spent on Flatbush? How much of it goes into Howick?
More CCTV targeted towards illegal dumping and more funding needed in this for our own local board area we can't just rely on regional funding or programmes. Our Local elected members need to do more in these reoccuring issues. Don't just read about it in feedback and not action or acknowledge it
We're tired of the illegal dumping and it's from various people both in our local board area and outside
Create more play areas for kids instead of selling off assets especially our reserves

2. What do you think about the proposed local board specific key areas of spend?

Areas	Support	Do not support	Other	I don't know
A. Explore ways to get the best value from our play spaces so they continue to meet the needs of children and families.	22	NA	1	NA
B. Run regular seminars for community groups/organisations on the local grant's application process.	18	NA	NA	NA
C. Identify what type of indoor/sheltered courts are necessary to support sports play in Flat Bush.	20	NA	NA	NA

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	30
Provide and maintain local parks, sports fields and recreation facilities	47
Libraries, community centres and services that help people feel connected	85
Plan for how and where we should build more homes should as Auckland grows	17
Improve town centre areas so they are attractive and accessible	45
Looke after our beaches, streams, native bush and cultural heritage	NA
Reduce waste and plan for the effects of climate change impacts	40
Maintain and improve our roads	55
Make it easier and more affordable for people to use public transport and cycleways	60
Manage stormwater and protect communities from flooding	30

Question 3: Local Board Feedback(s)

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	NA
Support most	NA
Do not support most	NA
Do not support any	NA
I don't know	NA

Tell us why

How about more elected member presence and in person discussions with these posters

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Support	NA
Do not support	25
Other	10
I don't know	17

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

Areas	Support	Do not support	Other	I don't know
A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.	NA	30	NA	14
B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.	4	19	NA	NA
C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.	6	18	2	3
D. Increase pools and leisure fees - Increase fees and charges by $1 for “Plus” services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.	10	23	2	5
E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).	33	12	NA	5

Tell us why (please be clear which priority you are talking about)

Elected Members need to decrease their salaries especially the high paying ones in Auckland Council. We don't see a lot of them and they don't listen to our feedback so why are we giving feedback. Are they listening to the majority of the feedback from consultation or just remember the inperson conversations they have that are more related to their own personal agendas

4. Overall, how do you think the local board should address the cost increases?

Introduce a Local Service Targeted Rate	2
Reduce current service levels and/or increase fees and charges for those services	NA
A combination of a Local Service Targeted Rate and reductions to current service levels and/or increases to fees and charges	18
I don't know	5

EVENT: **Mangere Bridge Library drop-in session**

Number of Participants (optional)	NA
Number of People that provided feedback/ sticky dots (required).	100

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

I dont agree with any of these suggestions
These are not winning solutions I don't agree with any
Disagree with all these options
These are not suggestions for the community
These posters need to be accompanied with Elected Members to speak to these in person
Don't agree with any of these options or suggestions presented to us.

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0
Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	0	0	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	26
Provide and maintain local parks, sports fields and recreation facilities	45
Libraries, community centres and services that help people feel connected	85
Plan for how and where we should build more homes should as Auckland grows	26
Improve town centre areas so they are attractive and accessible	36
Looke after our beaches, streams, native bush and cultural heritage	65

Reduce waste and plan for the effects of climate change impacts	90
Maintain and improve our roads	32
Make it easier and more affordable for people to use public transport and cycleways	61
Manage stormwater and protect communities from flooding	39

Question 3: Local Board Feedback(s)

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	17
Support most	2
Do not support most	2
Do not support any	59
I don't know	6

Tell us why

I would only pay more rates if the library services keep their current level of service of hours

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Support	2
Do not support	78
Other	NA
I don't know	2

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

Areas	Support	Do not support	Other	I don't know
A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.	2	86	NA	21
B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.	3	57	NA	NA
C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.	12	59	10	5
D. Increase pools and leisure fees - Increase fees and charges by $1 for “Plus” services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.	22	64	NA	16
E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).	72	45	2	1

4. Overall, how do you think the local board should address the cost increases?

Introduce a Local Service Targeted Rate	15
Reduce current service levels and/or increase fees and charges for those services	19
A combination of a Local Service Targeted Rate and reductions to current service levels and/or increases to fees and charges	26
I don't know	5

EVENT: **TOIA - Ōtāhuhu-Mangere Library drop in session**

Number of Participants (optional)	NA
Number of People that provided feedback/ sticky dots (required).	80

Māngere-Ōtāhuhu

Question 1: Our overall plan and proposed increases to rates

What do you think of the proposed annual plan?

Support all	2
Support most	3
Do not support most	75
Do not support any	NA
I don't know	NA

Tell us why

NA

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

NA

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0

Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

What specific council activities or services do you most want us to prioritise, and why?

NA

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	NA
Provide and maintain local parks, sports fields and recreation facilities	NA
Libraries, community centres and services that help people feel connected	NA
Plan for how and where we should build more homes should as Auckland grows	NA
Improve town centre areas so they are attractive and accessible	NA
Looke after our beaches, streams, native bush and cultural heritage	NA
Reduce waste and plan for the effects of climate change impacts	NA
Maintain and improve our roads	NA

Make it easier and more affordable for people to use public transport and cycleways	NA
Manage stormwater and protect communities from flooding	NA

Question 3: Local Board Feedback(s)

Māngere-Ōtāhuhu Local Board Feedback:

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Support	6
Do not support	69
Other	NA
I don't know	5

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

Areas	Support	Do not support	Other	I don't know
A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.	4	60	NA	2
B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.	2	42	NA	1
C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.	3	50	NA	NA
D. Increase pools and leisure fees - Increase fees and charges by $1 for “Plus” services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.	12	40	NA	21
E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).	36	33	7	NA

Tell us why (please be clear which priority you are talking about)

It's important to keep the library services as they are. Libraries are the canaries in the mine shaft of living in Otahuhu

4. Overall, how do you think the local board should address the cost increases?

Introduce a Local Service Targeted Rate	10
Reduce current service levels and/or increase fees and charges for those services	1
A combination of a Local Service Targeted Rate and reductions to current service levels and/or increases to fees and charges	9
I don't know	6

EVENT: **Fale Api Youth Space Civic Engagement**

Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	20
Provide and maintain local parks, sports fields and recreation facilities	50
Libraries, community centres and services that help people feel connected	105
Plan for how and where we should build more homes should as Auckland grows	6
Improve town centre areas so they are attractive and accessible	60
Looke after our beaches, streams, native bush and cultural heritage	30
Reduce waste and plan for the effects of climate change impacts	80
Maintain and improve our roads	80
Make it easier and more affordable for people to use public transport and cycleways	110
Manage stormwater and protect communities from flooding	25

Question 3: Local Board Feedback(s)

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	
Support most	
Do not support most	
Do not support any	
I don't know	

Tell us why

Libraries are a safe space for us
Libraries are a good please to study after school and research where you can find books and staff are always around to help
Need more rubbish bins
Need more bins in the public areas
No illegal dumping
We want to live in clean areas
No illegal dumping
Clean streets
We need better street lights at night and security
More security and safer streets
more rubbish bins so people don't litter
Clean Roads
We need more commercial shops
Cleaner streets and cycleways with bright lighting
More native nz bird type murals in our town centre on the ugly walls
everyone is responsible to make our community clean from shop owners to us.
More artworks and fairy lights in our town centre would give it character but we would also love it more
More diverse cultural displays celebrating unity. I think we are sometimes separate
Fix up some shops and big or small signs and some insides need better flooring
More or even one sportstore so we don't have to travel far or on two or three buses
Our streets have too many cracks and holes.
We should have Feel good quotes on or under street names to spread happiness and encourage wisdom
Roads are too bumpy or uneven
We should have a main attraction in Mangere like Otahuhu has the Christmas carnival and the foodstalls event. David Lange would be cool to have like a community event using the park
We should have movies in parks too
Too many potholes and weird bumps that you can drive inbetween like dad does
Unclear street signs and pot holes
Footpaths are cracked or broken and there are too many potholes in our streets
Our area could be a cool attraction if we had big ticket sports events in our areas or like a mini version with the big teams
Movies in parks
We should have football events
EVents like carnivals, movies in parks, bake sales for community events would be cool
our local board area needs more art in our streets like sculptures like the city.
Youth need more relatable content, like this where you ask us and not tell us what we should be thinking. its cool to know we have a say too
I like the participation and the amount of people in here to have a say
I like the participation and the amount of people in here
It's cool how we are from different schools and in here participating and giving our ideas to share with the local board members its cool to know we have a say too
The questions were fun and the session was fun
This session is inviting and cool energy
Looking forward to the next one
Everyone participating and being comfortable was fun

EVENT: **Mangere Town Centre Library - drop in session**

Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

What specific council activities or services do you most want us to prioritise, and why?

NA
NA

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	12
Provide and maintain local parks, sports fields and recreation facilities	26
Libraries, community centres and services that help people feel connected	45
Plan for how and where we should build more homes should as Auckland grows	13
Improve town centre areas so they are attractive and accessible	NA
Looke after our beaches, streams, native bush and cultural heritage	30
Reduce waste and plan for the effects of climate change impacts	30
Maintain and improve our roads	22
Make it easier and more affordable for people to use public transport and cycleways	50
Manage stormwater and protect communities from flooding	25

Question 3: Local Board Feedback(s)

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	4
Support most	NA
Do not support most	22
Do not support any	NA
I don't know	NA

Tell us why

This equates to $8 a month which is doable by most people

Need to fix the parking.
targeted the be placed onto the developers building in our area as that would cover the short fall even if we were to pay a little towards it too. Win win. they get to build, our area gets external funding towards the community kitty.
Charge costs on non essential small businesses ie the vape shopes who are no different to gambling places. It's bad for the health and hits the pockets
Reduce or raise cost on non essential
reduce local boards pay packets to this fund
WE NEED UPGRADES to our buildings and facilities
More healthy options for our youth in society not these small pockets of community who are always running work programmes with and for the same people. Widen our
need more opportunity for community groups who have yet to be funded but do the mahi in our community with their own money. Why do these groups get over looked?
More free PT session for youth and Gold Card holders
New developments are good as it is creating more homes but our infrastructure is still behind and traffic congestion is not getting any better
Parking is a huge issue and always in the morning
More regulations on building companies taking short cuts and it would be good if the local board could work with these groups to be more sustainable in our community but reusing or recycling building materials safely
Stop cars from parking on our streets 1x car garage developments without offstreet parking. Developers need to cater to the area and population not the number of buildings to erect
More Elected member updates directly from them would be helpful to share what is happening in our community like Member Christine O'Brien does. This helps share the knowledge and encourage residents like me want to participate. Especially when they talk about the whole local board area. Fairness

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Support	2
Do not support	3
Other	8
I don't know	3

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

Areas	Support	Do not support	Other	I don't know
A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.	3	54	NA	NA
B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.	NA	24	NA	NA
C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.	NA	29	NA	NA
D. Increase pools and leisure fees - Increase fees and charges by $1 for “Plus” services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.	3	25	NA	NA
E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).	NA	22	NA	NA

Tell us why (please be clear which priority you are talking about)

These aren't great options. Disability and disabled groups use our free facilities because it is free. They come from all over Auckland

4. Overall, how do you think the local board should address the cost increases?

Introduce a Local Service Targeted Rate	2
Reduce current service levels and/or increase fees and charges for those services	12
A combination of a Local Service Targeted Rate and reductions to current service levels and/or increases to fees and charges	25
I don't know	NA

EVENT: **Otahuhu Youth Panel**

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0
Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	0	0	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	NA
Provide and maintain local parks, sports fields and recreation facilities	NA
Libraries, community centres and services that help people feel connected	NA
Plan for how and where we should build more homes should as Auckland grows	NA
Improve town centre areas so they are attractive and accessible	NA
Looke after our beaches, streams, native bush and cultural heritage	NA
Reduce waste and plan for the effects of climate change impacts	NA
Maintain and improve our roads	NA
Make it easier and more affordable for people to use public transport and cycleways	NA
Manage stormwater and protect communities from flooding	NA

Question 3: Local Board Feedback(s)

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	70
Support most	NA
Do not support most	NA
Do not support any	56
I don't know	44

Tell us why

Libraries need their own bathrooms it is difficult when you have children and you have to pack everyone up just for one toilet break only to come back. Sometimes it is better to just go straight home
Mangere areas are looking tired and in need of vibrant colours reflecting the diversity in culture not just in Polynesian and Maori
Mangere needs to come together with the other two subdivisons and hold a community event like they do in Otahuhu
Can we have Movies in Parks in our own Local Board area. We don't really have big Local Board community events anymore. With fuel prices going up I would rather venture in my own local board area for community events. It's cheaper than movies
Council funded groups to network together Mangere Pools, Libraries etc
Love the green spaces in our community
Libraries are our safe spaces but sometimes it would be helpful if they would chat with the community using it like when you see these posters in the Library. Its always good to have someone to talk to about it
Great having the Elected members and staff explain what you want to hear from us about and the questions/options
This tent is always fun
More Elected members speaking to things like this in public is good to see.
Maybe our elected members could share more on their social media platforms about things coming to the community before they come to the community. I like that we can feedback but some people won't know unless they are at these events. Member Christine is how I knew about it
Leave our library hours as they serve a large number of our community especially our children and families who use the services
I think we should charge outsiders with exceptions because some pools are used by disabled groups who are not funded so this helps these families so there needs to be more discussion around how the charges apply. $1 may not seem much to some but it adds up after a year of daily pool recovery. There are no beaches close by for that natural healing.
Libraries are a safe space for our Tamariki and disabled & disability community. Mangere Bridge on a Sunday morning for my disabled daughter is her safe space
Netball across the Maccas needs a canopy cover
Stinky Fish shop in Mangere the smell drifts in into the library
Need more bins in town centres
what is the local board doing about illegal dumping
illegal dumping to becoming the norm and it is so from people outside of our area so we need cctv to catch people doing it and return their rubbish to them. NO fines because everyone is broke but if they can drive to an area to dump it they can drive to a recycling centre or waste place and do it right.
Aging population. What else can we do for them? The programmes aren't as welcoming as you would think as it isn't as diverse so it leaves some feeling left out or uncomfortable
Safety and security in our town centre areas like Otahuhu and Mangere Centre
Where can our homeless go
What are our local board doing about everyday problems like homelessness, more youth activities, less events that doesn't even benefit the community
Better roads and transport
Cheaper transport and connection options
Safety in our stores, they are too crowded inside and you can't walk straight out
more parking spaces for homes
Better planning with speed bumps that cars just drive between or around
Better use of AT money and not wasting on tiny roundabouts that cars drive over anyway
more cycle way days with communities
Movies in parks
more bins
vendors need to keep their stores clean, just because they are out south do
Targeted rates are do-able for most but this needs more details and reach to the wider community outside of the norm.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Support	70
Do not support	56
Other	NA
I don't know	44

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

Areas	Support	Do not support	Other	I don't know
A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.	47	90	NA	6
B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.	30	80	NA	3
C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.	15	85	NA	11
D. Increase pools and leisure fees - Increase fees and charges by $1 for "Plus" services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.	0	118	NA	5

E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).	31	79	NA	2

Tell us why (please be clear which priority you are talking about)

I don't know - need more details of what services will be cut and were and who will be the exception of charges for using our pools

4. Overall, how do you think the local board should address the cost increases?

Introduce a Local Service Targeted Rate	11
Reduce current service levels and/or increase fees and charges for those services	9
A combination of a Local Service Targeted Rate and reductions to current service levels and/or increases to fees and charges	102
I don't know	13

EVENT: **12-Mar Manurewa Library drop-in session**

Number of Participants (optional)	60
Number of People that provided feedback/ sticky dots (required).	60

Question 3: Local Board Feedback(s)

Manurewa Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	
Support most	
Do not support most	
Do not support any	
I don't know	

Tell us why

Helping where it is really needed
No Vapes
Group connections
Need bus stop shelters
Daily toilet cleaning
More help and picking up rubbish
More community events
Safe community
Music workshops for Rangatahi
Homeless groups and support
Community hub @ library
Help community houses in area
Playground Frobisher Way
Illegal dumping
More community funding for local groups and community activations
Make gas prices not so high
Community Gardens
Less alcahol stores, ban nags
Would love to see manurewa updated, town, gardens
Dog control
With good turnout on our pickleball "South Auckland Togan pickleball outside Manurewa netball court wee need your support.
Permission to make food gardens in local parks, everyone can help out planting and receiving the rewards.
More funding and money to support pickleball outside on Manurewa Netball courts
Waterpark
Better park at Mountfort park with bbq and picnic areas
More workshops - carving, music, gardening
More Kapahaka
Fund Clendon Food forest
More trees
Homeless programmes
More activities for youth
More youth events
Making trading cards
More activities for youth
Housing and feeding our homeless
I am 11yrs old, I want more shade around Manurewa
We need program for homeless Kiribati in community
More run tracks outside and bike pump tracks
Kapahaka groups
More parks
homeless programes
Housing and feeding our homeless
Provide more community garden activity
I am 12, More sports, playgrounds, more basketball courts
Educational programs
I am 12yrs old and I want more waterparks
Put up areas, places where people need help or councelling so we can get youth to do service projects
Keep community houses
Yes to more trees
Protect our reserves
Dog control more
More youth led events
Kiribati community - we need a hall for our people
Continue to fund youth programs
Shelter for homelessness
Educational programes for teens
More Mara Kai
Homeless program
Create a community garden for everyone to learn and grow
Sports fields, more activities free - 14yr old
Cheaper public services
Happy environment, safe environment, housing for our homeless
More housing
More events like this
Autistic Programes for schools
Shelter for homeless

Rubbish dumping between Papakura and Manurewa needs to be sorted
More playgrounds
Voice for high schools kids
Fruit forest at Glenveigh
To have representative of Tainui on the board
Make playgrounds bigger and better and fun
Support for new waka ama she please. Bigger sheds means bigger club, more whanau on the water
Getting into schools, educate next gen on illegal dumping, taking care of our environment
Animal management programs and Education
Bus route for Eugenia rise, goodwood heights, we had it approved and then taken away
More money for public services
17yr old - Bigger pools, bigger poolslide
Affordable public transport
Maintain our buildings so they are fir for purpose
Playgrounds with fences for our autistic children
15yrs - Free play sports
A big huge waterpark and a 3 layered park.
Shelter for homeless
more dog control
Funding for mental health
More promotion of events like this eg. on school pages etc
Inititaive programs for homeless
More parks
Auckand Council Zumba
Plant more trees
Ethnic Groups
Later meeting times so youth members can attend

2. What do you think about the proposed key areas of additional investment?

Areas	Support	Do not support	Other	I don't know
A. Allocate up to $1.5 million of funding to support delivery of the Manurewa War Memorial Park multi-sports pavilion.	13	18	NA	NA
B. Deliver a new multi-cultural initiative that responds to demands for increased ethnic engagement.	41	1	NA	NA
C. Develop a civics education initiative that helps people understand the role of local boards and how they can get involved.	42	1	NA	NA

EVENT: **Molly Green Day**

Number of Participants (optional)	500
Number of People that provided feedback/ sticky dots (required).	20

Local Board:

Maungakiekie-Tāmaki,Puketāpapa

Question 1: Our overall plan and proposed increases to rates

What do you think of the proposed annual plan?

Support all	1
Support most	1
Do not support most	NA
Do not support any	NA
I don't know	NA

Tell us why

Support for community is needed
while the rates increased will not be favourable overall - to support growth that is expected and become a vibrant connected city transport and community needs are paramount

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

parking is a pretty concensious topic-however paid parting to support investment back into the community is a great incentive to think of alternative transport solutions and have
it needs to be cheaper

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

there needs to be more done for our local communities and government is not listening

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	1	0	0	0
Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	1	1	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	2	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	2	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	1	1	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	1	0	0	1

What specific council activities or services do you most want us to prioritise, and why?

community activities and transport
look at the Molly Green event, it is a success after how rough it was back in the day

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	1
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	1
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	1
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	1
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	1

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	NA
Provide and maintain local parks, sports fields and recreation facilities	NA
Libraries, community centres and services that help people feel connected	NA

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0
Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	0	0	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	NA
Provide and maintain local parks, sports fields and recreation facilities	NA
Libraries, community centres and services that help people feel connected	NA
Plan for how and where we should build more homes should as Auckland grows	NA
Improve town centre areas so they are attractive and accessible	NA
Looke after our beaches, streams, native bush and cultural heritage	NA
Reduce waste and plan for the effects of climate change impacts	NA
Maintain and improve our roads	NA
Make it easier and more affordable for people to use public transport and cycleways	NA
Manage stormwater and protect communities from flooding	NA

Question 3: Local Board Feedback(s)

Ōrākei Local Board Feedback:

2. What do you think about the proposed key areas of additional investment and changes to services?

Areas	Support	Do not support	Other	I don't know
A. Increase community-use sports fields provision either through redevelopment or expansion of our asset portfolio to address the forecasted move of Auckland Cricket into Colin Maiden Park and other demands on our sports fields.	12	4	NA	NA
B. Increasing investment in restoration and pest-management programmes to grow and protect your natural environment. Our reserves and open spaces are one of the most vital resources in Ōrākei.	15	7	NA	NA
C. Changing the Meadowbank Community Centre project to a self-funded community centre to capitalise on existing investment and resources.	11	2	NA	NA
D. Construct a playground Remuera Library to optimise the under-used green space at the side of the building.	14	NA	NA	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	30
Provide and maintain local parks, sports fields and recreation facilities	18
Libraries, community centres and services that help people feel connected	45
Plan for how and where we should build more homes should as Auckland grows	10
Improve town centre areas so they are attractive and accessible	60
Looke after our beaches, streams, native bush and cultural heritage	100
Reduce waste and plan for the effects of climate change impacts	55
Maintain and improve our roads	22
Make it easier and more affordable for people to use public transport and cycleways	100
Manage stormwater and protect communities from flooding	27

Question 3: Local Board Feedback(s)

Ōtara-Papatoetoe Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	NA
Support most	20
Do not support most	25
Do not support any	5
I don't know	NA

Tell us why

2. Due to rising costs for utilities, maintenance, staffing and other pressures, we must address an increase in the cost of delivering

Support	22
Do not support	10
Other	5
I don't know	10

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

Areas	Support	Do not support	Other	I don't know
A. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.	6	12	NA	3
B. Reduce library hours: Ōtara Library, reduction of 4 hours per week; Papatoetoe Library, reduction of 2 hours per week; Tupu Youth Library, reduction of 5 hours per week; Manukau Library, reduction to a 6-day service, close on Sundays.	2	30	NA	1
C. Reduce discretionary spending on community grants, community and/or environment projects.	16	NA	NA	NA
D. Increase to fees for "Plus" (spa, sauna, and steam room entry) services by $1 at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).	20	NA	NA	NA
E. Charge adult visitors from outside the local board area at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).	44	NA	NA	NA

Tell us why (please be clear which priority you are talking about)

Do not decrease Tupu Library as they are the only youth Library and do an amazing job
Some libraries can do with less hours more than most
We should charge those who are not from our local board area
Most disabled and disability groups outside of our local board area use our pools it would be unfair to ask them to pay as they are already struggling with funding themselves

4. Overall, how do you think the local board should address the cost increases?

Introduce a Local Service Targeted Rate	10
Reduce current service levels and/or increase fees and charges for those services	7
A combination of a Local Service Targeted Rate and reductions to current service levels and/or increases to fees and charges	15
I don't know	6

EVENT:

What do you think of the proposed annual plan?

Support all	3
Support most	NA
Do not support most	NA
Do not support any	7
I don't know	1

Tell us why

NA
NA

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

Complicated
NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

More Elected member presence to explain these and why in person is needed and very much lacking there is nothing on social media (or not a lot) that the elected members are actively encouraging participation or raising awareness.
The Priorities board was a good addition for younger kids and for those like myself where english is not my first language but it wasn't really encouraged or discussed by Library staff like every year which is a shame because I was interested.

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6

Support all	
Support most	
Do not support most	
Do not support any	18
I don't know	2

Tell us why

Multching reduces need for chemical weed spraying re veg will end up as gause which can be pesty and dangerous in an event of a fire over summer
How much have the elected members looked into these options because they all seem ridiculous and may leave our community worse off
support those who need support in community for the pool facilities in the Papatoetoe Area like the disabled groups from outside the area
Agree - support those who need support in community for the pool facilities in the Papatoetoe area
Agree - support those who need support in community for the pool facilities in Papatoetoe and Otara area
100% support those who need support in community for the pool facilities in the Papatoetoe Area like the disabled groups from outside the area
Local board should support those who need support in community for the pool facilities in the Papatoetoe Area
our community shouldsupport those who need support in community for the pool facilities in the Papatoetoe Area like the disabled, elderly and kids groups from
support those who need support in community for the pool facilities in the Papatoetoe Area like the disabled groups from outside the area but adults from outside our
We bring our kids from Manurewa to use the Papatoetoe local pools because it is free. As the adult I don't mind paying but kids should be for free especially during
Council pools across all South Auckland area should be free especially for kids to keep them occupied and they don't always have money so being somewhere safe and
Why are we paying for decisions local boards make on our behalf sometimes without taking feedback into consideration
Will our feedback be read and will it help make decisions
We need to maintain some areas or it will become an area for more illegal dumping
south auckland already looks sad if we stop maintaining some areas it will just give people more places to dump their rubbish.
We need to keep Tupu library hours the same because it is a safe haven for our kids and the staff a really good with all the kids
Tupu Library is the only Youth Library in south Auckland and it should keeps it's hours the same because it is at the centre of surrounding schools and kids love this

2. Due to rising costs for utilities, maintenance, staffing and other pressures, we must address an increase in the cost of

Support

Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA
NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

Advertise Auckland Council jobs - how can youth contribute to the community without experience or a chance
A youth hub run by youth with Auckland Council guidance and support. Bringing all cultures together making it more diverse. Somewhere for all youth regardless of academics, sport or ethnicity or genre that is open and comfortable environment
Youth are more comfortable when it is run by youth but obviously it will need to supervised or supported by council staff so it's fair and not biased.
More plants for the environment for tree top coverage that is important and otara looks better with more nature like Bairds Road. You notice nature first before the aged homes but referred to State housing
Most areas don't provide enough nature life in their neighbourhoods, mostly just a bunch of infrastructure and dust which isn't good for the environment or health of our community
Local Board could do more Environmental awareness outside of the usual environmental programmes. Like Environment competitions with rewards run by community youth
Youth Council - run by youth for youth and have counselling and past members becoming mentors but no longer part of the youth so that fresh minds have a voice
More accessible transport
an open youth council to all youth of different levels of academics and sports interest and genres
Environmental programmes: Rubbish Rewards for members of the community to clean up in our area and are Tidy Kiwis and help promote keeping our area clean and a safe happy place to live. Acknowledge our community efforts
Recycle Stations: Places where people can take material that are not accepted in recycling bins eg plastic lids or return recycling materials for their price e.g 10c
Have a proper youth group with Auckland Council help to guide us and teach us about what we are learning today about the local board and the elected members and how they represent us and make decisions on our behalf. Brandii is really good at doing that today our group was really into giving our input and ideas.
Someone like Brandii to help us with understanding what it is all about and why it matters and how our feedback is used to help the local board make decisions. It was cool to know that. I hope we have more of these
Free voluntary education facilities. Teachers in training can teach youth basic education boosting the youths knowledge alongside polishing the teachers teaching skills
The community should stop rejecting young adults from getting a job. How can we change that. I want this because people can start work experience at an age so they get more work experience and better job opportunities for the future.
We are tired of hearing the same things and promises but never see a change. Less talk and more actions. We are young but want to work and learn. False hope makes it negative and we feel like not taking part again because there is nothing being done and that makes us feel unheard.
More local events, more malls with better stores, more parks and green spaces with fun QR codes with information or competitions etc
Water slides and create a wave pool in Papatoetoe so that it is more enjoyable. and would bring more people into our area. more economical development for our community. long term investment
Concerts and performances as events by big-ish artists.
More local events

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0

Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	0	0	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	195
Provide and maintain local parks, sports fields and recreation facilities	218
Libraries, community centres and services that help people feel connected	302
Plan for how and where we should build more homes should as Auckland grows	102
Improve town centre areas so they are attractive and accessible	182
Looke after our beaches, streams, native bush and cultural heritage	250
Reduce waste and plan for the effects of climate change impacts	200
Maintain and improve our roads	180
Make it easier and more affordable for people to use public transport and cycleways	216
Manage stormwater and protect communities from flooding	155

Question 3: Local Board Feedback(s)

Ōtara-Papatoetoe Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	
Support most	
Do not support most	
Do not support any	
I don't know	

Tell us why

Modernise malls with better stores so we don't have to go into the city to buy it. Maybe have the stores pay cheaper rent so they too can survive and build a loyal customer base
More safer walking areas across the local board area
Better public pools and maybe a theme park. Current pools are small, packed, sometimes feels unhygienic and with no variations. Better public pools more theme like parks
Public transport to be cheaper or have school buses just for students. It's too expensive and people on public buses are some scary people that is why we have school buses.
Fairness for everyone so that everyone has equal rights and have their say in the community
More fun and social activity areas, so that people can connect and interact with everyone and it can also help keep young children away from their screens and be able to socialise confidently
more help for our new migrant families with driving and understanding the road rules, cultural differences and our society because it can be different and difficult to go about your day and to be confident.
Otara and Papatoetoe areas need to be safer and cleaner for everyone. The town centre isn't as busy or inviting and the stores are over priced and inconsistent
Better eating places in our areas and more options
Safer and cleaner places for our community
I want My local board to put themselves out there and for them to give us the benefit of the doubt
More information/awareness about what is happening around papatoetoe for youth in school, online, upgrade community areas to be cleaner and safer
Better school lunches because the current ones are cold, not cooked properly
Safer transport - on buses for everyone and the driver
CCTV for safer areas and bus stops
More youth awareness round having our say and participating like today

Youth will be more aware of things if its on social media
Safer public transport
More youth engagement like this where it makes us more interested in governance or Local board
More funding in local school lunches
More fun and social gatherings so everyone can come and get to know eachother. Like the community can get together and organise it. Nowadays people don't know their neighbours.
Better school food maybe the local board can help fund that
Free wifi in town centre spaces and more parking
Safer and cleaner community so we can enjoy our environment and have a better future for the next generation
More parking spaces and wider roads for the newer development areas.
Local Board can f'ocus on help fund better school lunches or programmes to help better our education or life choices like this Have your say
We need more local job opportunities in our community because it is closer to home so it saves us money and time so our parents don't have to waste gas taking us to jobs during late shifts. Local jobs for kids and safer transport at night
We need more youth voices like todays sessions to help understand we have a voice and it is important in things we dont think apply to us when it does
Need more rubbish bins for people to put their litter in especially around the town centre and after the markets
More sessions like this so our voices can be heard
More local events and better awareness of what is going on in our area
we need our voices heard more when it comes to our community so more sessions like this
Safer and cleaner public facilities and free wifi access in popular public spaces
More youth voices and job opportunity
Better public facilities
More encouraging activities like this to have our say and for our opinions and ideas to be heard.
Free wifi access in popular public spaces outside of the library
We like enjoying our green spaces and parks but it could be a bit more fun with a QR code trail or fun fact link
More festivals and events in our local areas
More social awareness from our elected members about things in our community, changes that will affect us and our families. People share posts for a wider reach so it will be good to see more Elected Member engagement
More engagements like this
More events that bring people together
More youth participation like this.
Events like high level sports tournaments in our area
Better school lunches
More fun and social activities for our youth
More youth voices to have their say in sessions like this

EVENT: TUPU Youth Civics workshop

Number of Participants (optional)	23
Number of People <u>that provided feedback/ sticky dots</u> (required). Please note that we will be using this number for our analysis. Estimates are acceptable but they must be reasonably accurate	23

Local Board:

Ōtara-Papatoetoe

Question 1: Our overall plan and proposed increases to rates

What do you think of the proposed annual plan?

Support all	NA
Support most	NA
Do not support most	NA
Do not support any	NA
I don't know	NA

Tell us why

NA
NA

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA
NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

NA
NA

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0
Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	0	0	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	NA
Provide and maintain local parks, sports fields and recreation facilities	NA

Libraries, community centres and services that help people feel connected	NA
Plan for how and where we should build more homes should as Auckland grows	NA
Improve town centre areas so they are attractive and accessible	NA
Looke after our beaches, streams, native bush and cultural heritage	NA
Reduce waste and plan for the effects of climate change impacts	NA
Maintain and improve our roads	NA
Make it easier and more affordable for people to use public transport and cycleways	NA
Manage stormwater and protect communities from flooding	NA

Question 3: Local Board Feedback(s)

Ōtara-Papatoetoe Local Board Feedback:

2. Due to rising costs for utilities, maintenance, staffing and other pressures, we must address an increase in the cost of delivering existing services within its current funding. To balance the budget, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $1.1 million capital value based rate charged to all properties (this would be around $27 based on average value urban residential property in the Ōtara-Papatoetoe Local Board area) to cover the increased cost of delivering existing services. What do you think about this option?

Support	3
Do not support	8
Other	
I don't know	12

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

Areas	Support	Do not support	Other	I don't know
A. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.	7	16		
B. Reduce library hours: Ōtara Library, reduction of 4 hours per week; Papatoetoe Library, reduction of 2 hours per week; Tupu Youth Library, reduction of 5 hours per week; Manukau Library, reduction to a 6-day service, close on Sundays.		23		
C. Reduce discretionary spending on community grants, community and/or environment projects.	11	9		
D. Increase to fees for "Plus" (spa, sauna, and steam room entry) services by $1 at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).	8	15		
E. Charge adult visitors from outside the local board area at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).		23		

Tell us why (please be clear which priority you are talking about)

If there is a charge adults should pay and kids should be able to go in for free
Make it safer. keep drunk people away from the public parks so young people can keep a positive mindset
Safer parks
Safer playgrounds
more basketball courts
Everything my school provides makes my community better for younger people, safety and clean
Everything needed in the community for young people my school Tangaroa College provides for youth already
More youth spaces. Previously Otara had a youth hub which helped some kids but it was a safe place for them. We need more spaces like that but maybe more than one so kids have choices and feel comfortable
The social and community workers getting the kids more involved as they grow-up
More youth participation
More youth spaces and libraries
More diverse spaces for our disability and disabled community
More rainbow collaborations
upgrade the park outside of Tupu library
More shades in our playgrounds
Smoke and vape free places
Multi use courts for everyone
more green space
more fun free community events

4. Overall, how do you think the local board should address the cost increases?

Introduce a Local Service Targeted Rate	
Reduce current service levels and/or increase fees and charges for those services	23
A combination of a Local Service Targeted Rate and reductions to current service levels and/or increases to fees and charges	
I don't know	

EVENT: Tupu Youth Power Up Boards

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	
Support most	
Do not support most	
Do not support any	
I don't know	

Tell us why

Good job Papakura Local Board
Express train
Great work as always - Request limited train stops from Papakura to City
Papakura has the best community feel that I ever felt. We moved from West Auckland and feel at home here.
We need more kids playgrounds and swings in public places
Piles of rubbish dumped behind pak and save
Overgrown Southern Path
Your visible, good on you Papakura Board. Don't reduce the bins please Papakura looks clean and I like that.
Papakura Flag
Need more buses
Use volunteers to reduce costs for events and programes
Pair events to reduce costs, run them in the school holidays
Library Times Monday-Friday times should be 4pm not 5pm. Saturdays should be 5pm not 2pm. Us kids have school from Monday to Friday. Weekend times are better for us.
Massey Park Pool - Charge more for out of Papakura/Manurewa board area visitors. Possibly Franklin at a cheaper rate.
Opaheke Park Maintenance and passive park.
Bus stop at Rosehill suddenly stopped. Please reinstate. Park estate too far for Rosehill shops for a bus stop going to train station. Trains cancelled and no notifications.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

Areas	Support	Do not support	Other	I don't know
A. Reduce library hours on Mondays and Fridays at Sir Edmund Hillary Library.	13	37		
B. Reduce library hours on Saturdays at Sir Edmund Hillary Library.	13	37		
C. Reduce selected maintenance: Stop bollard and post-and–rail maintenance in parks, stop scheduled maintenance for bush areas (except high value/ecological).	23	18		
D. Charge a higher fee for visitors outside the Auckland region who visit Massey Park Pool.	38	13		
E. Reduce or discontinue grant funding.	7	44		
F. Reduce the numbers of public rubbish bins in public spaces such as town centres, parks and reserves.	9	43		
G. Reduce or discontinue some arts and culture activities.		52		
H. Reduce or discontinue some services and programmes in arts facilities and community centres.		52		
I. Reduce or discontinue some community development and support activities.		52		
J. Reduce or discontinue some environmental and water quality activities.		52		
K. Reduce or discontinue civic events.		52		
L. Reduce or discontinue sports and park activation activities.		52		

EVENT: 11-Mar Sir Edmund Hillary Library drop-in session

Make it easier and more affordable for people to use public transport and cycleways	NA
Manage stormwater and protect communities from flooding	NA

Question 3: Local Board Feedback(s)

Papakura Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	
Support most	
Do not support most	
Do not support any	
I don't know	

Tell us why

Murder especially in broad daylight
Don't reduce Art funding, we need to encourage artistic input and beauty in our environment
Why not make pools free? Charge slide/spa, pools should be free!
Run a programme to make people stop dumpinmg rubbish in public places. This avoids council costs in clearing this. Everyone keep Papakura clean.
Limite rates increases. We were toldrate increases would be 5.9% but ours went up 19%. We can't afford these annual increases.
Reducing funding for community groups will have detrimental effects on the youth and the elderly
I do not support any of the ideas the council has. I don't understand how reducing any of these will help the community in any way.
Please take away Massey Park Poo fees because we have to take our children to Otahuhu pools because it is free. We need free Massey Park pool too. Increase healthy physical lifestyle helps us all.
Do not touch the library hours.
Papakura is also home to 5 bush areas.
Reduce maintenance activities and leave services (Library and arts)
Why not reducing local board wages on the list of your options to reduce budgets.
Stop with the cost cutting ideas, give Papakura library more social groups, fix footpaths, and more funding for younger artists.
If Library hours are to reduce, keep Sat open til 4pm but reduce Mon-Friday hours. There is not much point in opening on a weekend until 2pm - too short for customers and staff time
Don't reduce Arts funding, a community without Arts has no soul.
Start at the top and reduce the council bigt wigs, stop increasing rates.
Free on-line library classes for kids for maths, vocabulary, words, science in Library
Accessibilty to Te Reo classes/courses at the library for workers, night classes
More budget specifically for library programes
Please do not reduce library hours becuase it had been very helpful to us students. It matters that we can do our assignments in library after work without disturbances by family at home
Protect the Arts, advocate for us for artists for the people
Do not top scheduled maintenance for bush areas that are used daily by people eg. Kirks Bush
Leave the libray alone, leave the rubbish alone, don't reduce arts funding, philistines
More libraries and fix Maraetai library
Papakura is also home to one Museum
Do not walk through Kirks Bush on your own. Always have another person with you. Kirks busy is not safe to walk by yourself because of murderers and vandels
Leave community development activities alone.
Sut down the internal costs in the local board. Seek for competitive road, construction campanies
Night classes for mums that cannot make it during the day.
More social services for people & family's needing support

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

Areas	Support	Do not support	Other	I don't know
A. Reduce library hours on Mondays and Fridays at Sir Edmund Hillary Library.	36	88		
B. Reduce library hours on Saturdays at Sir Edmund Hillary Library.	36	88		
C. Reduce selected maintenance: Stop bollard and post-and–rail maintenance in parks, stop scheduled maintenance for bush areas (except high value/ecological).	17	48		
D. Charge a higher fee for visitors outside the Auckland region who visit Massey Park Pool.	34	44		
E. Reduce or discontinue grant funding.	10	53		
F. Reduce the numbers of public rubbish bins in public spaces such as town centres, parks and reserves.	7	69		

G. Reduce or discontinue some arts and culture activities.	8	77		
H. Reduce or discontinue some services and programmes in arts facilities and community centres.	8	77		
I. Reduce or discontinue some community development and support activities.	8	77		
J. Reduce or discontinue some environmental and water quality activities.	8	77		
K. Reduce or discontinue civic events.	8	77		
L. Reduce or discontinue sports and park activation activities.	8	77		

Tell us why (please be clear which priority you are talking about)

What a ridiculous suggestion. Youth and active community members, rangatahi, the people matter, we matter - Grant Funding. Arts, artists, images, music, film, peotry books are the spine and backbone of western civilization. Reducing or discontinuing arts kills the Soul.

EVENT: 14-Mar Pasifica (Day 1)

Number of Participants (optional)	NA
Number of People <u>that provided feedback/ sticky dots</u> (required). Please note that we will be using this number for our analysis. Estimates are acceptable but they must be reasonably accurate	119

Question 1: Our overall plan and proposed increases to rates

What do you think of the proposed annual plan?

Support all	NA
Support most	NA
Do not support most	NA
Do not support any	NA
I don't know	NA

Tell us why

NA
NA

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA
NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

NA
NA

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0
Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	0	0	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	64
Provide and maintain local parks, sports fields and recreation facilities	100

Libraries, community centres and services that help people feel connected	119
Plan for how and where we should build more homes should as Auckland grows	48
Improve town centre areas so they are attractive and accessible	79
Looke after our beaches, streams, native bush and cultural heritage	82
Reduce waste and plan for the effects of climate change impacts	61
Maintain and improve our roads	91
Make it easier and more affordable for people to use public transport and cycleways	85
Manage stormwater and protect communities from flooding	61

Tell us why

Port Albert Fishing Club is unclear who's responsible for maintenance of the boat ramp as part above/below MHWS, trying to connect, no response (engage with Parks/Coastal)
Puhoi Community Forum need ongoing support to compensate for grazing loss - $6k pa via collaborative discussion
One Mahurangi Business Association seek RLB support to address $36k info centre deficit and include a $50,000 investment into OMBA / Warkworth Information Centre 2026/27 Annual - seeing increase in people coming into the centre and wanting information
OMBA looking at possible increase in targeted rate
OMBA support 2026/2027 Key Projects, in particular “invest in community hubs, libraries, skills training, social enterprise, and local economic growth to build resilience.”
Friends of Awa Matakanakana Catchment Inc requestion funding of an additional part time coordinator at 10 hours per week for the 26/27 financial year - anticipated cost;- $24,000
Mahurangi Community Planning Group (MCPG) want community -led planning development embedded as an activity in RLB 2026/2027 plan
MCPG want Local Board agreement to seed funding ($100,000) and Community Organiser engagement
Foundation Gallery & Arts Hub requested that if their work is important then it needs greater sustainability (has sent through $70k estimate previously) $26k is rent
MEAG (Mahurangi Equestrian Advocacy group) would like to be a stakeholder for equestrians in Rodney
MEAG want to be involved in opportunities for multi use tracks, beach and reserve bylaws, and a Trust involving walkers, cyclists and equestrians
MEAG seek upgrading carparking, enabling horse use of existing loop tracks, arenas, ultimately an all weather sand arena
Point Wells Community & Ratepayers Association seek funding for local hall being emergency hub, owned by council but run by association
Point Wells C&R support RLB priorities,
Point Wells C&R wants toilets at Pt Wells Reserve due to visitor popularity
Point Wells C&R advice with drainage problems due to low lying land
Point Wells C&R noted that planning and infrastructure to manage growth is No. 1 need, concerned about PC120 impacts and have started a fund to provide advice on mitigating impacts
Snells Beach R&R thanked RLB for how good the area looks, thanks for funding for community watch and wardens
Snells Beach R&R want staff to help community develop a Goodall Reserve Development Plan, want to see more recreation opportunities - bmx, sports, disc golf
Snells Beach R&R are concerned about community resilience and emergency preparedness, has only one way in/out road, forming paper road of 200m would create alternative
Snells Beach R&R noted that the walkway removal to enhance shorebirds habitat in the park is dividing community, RLB has engaged an independent facilitator, some problem with this and needs to be addressed in between breeding seasons
Snells Beach R&R noted that a pedestrian crossings needed
Snells Beach R&R support coastal trail, wants it linked through
Snells Beach R&R support ideas for improving streetscape
Snells Beach R&R wants to see re-establishing bimonthly chairs forum(?)
Matakana Community Group sees potential for future of area where Tennis Club and Pony Club are at Jubilee Park, noting people want to see more going on
Matakana Community Group support inclusive planning at Jubilee Park considering drainage needs , toilets, shared facilities, existing fence removed and relocated to enable horse floats to park, proposal for a walkway/riding trail around park periphery, furniture, and play area, club house, t, shade sails, cricket nets, change to tennis club lease to build another court
Matakana Community Group want block to LoA removed

EVENT: Albany Village Library drop-in

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA
NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

NA
NA

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0
Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	0	0	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	NA
Provide and maintain local parks, sports fields and recreation facilities	NA

Libraries, community centres and services that help people feel connected	NA
Plan for how and where we should build more homes should as Auckland grows	NA
Improve town centre areas so they are attractive and accessible	NA
Looke after our beaches, streams, native bush and cultural heritage	NA
Reduce waste and plan for the effects of climate change impacts	NA
Maintain and improve our roads	NA
Make it easier and more affordable for people to use public transport and cycleways	NA
Manage stormwater and protect communities from flooding	NA

Question 3: Local Board Feedback(s)

Upper Harbour Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	0
Support most	0
Do not support most	0
Do not support any	0
I don't know	0

Tell us why

Love playgrounds
We love our library
We love our library

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

Areas	Support	Do not support	Other	I don't know
A. Reduce maintenance activities may include stopping scheduled work on bollards, post-and-rails, and low-value bush areas, ceasing amenity garden infill planting and mulching, and reclassifying re-vegetation areas as bush.	0	2	0	0
B. Reduce grants funding.	0	1	0	0
C. Reduce funding across all programmes and projects including environmental outcomes, events and activations, cycling initiatives and community outcomes.	0	3	0	0
D. Increase the fees and charges for Albany Stadium Pool: Option 1: Increase casual swim and swim plus fees by $1 (Fees will range from $5.00 - $11.40)	0	2	0	0
E. Increase the fees and charges for Albany Stadium Pool: Option 2: Increase spectator fee and supervising adult fee by $1 (Fees will become $2)	3	0	0	0
F. Increase the fees and charges for Albany Stadium Pool: Option 3: Increase spectator fee and supervising adult fee by $4 (Fees will become $5)	0	2	0	0

Tell us why

Want the LB to hold the line and scale environmental investment
Te Hononga a Iwi come with request with young people on shoulders • We are at risk of losing 1million species around the world
Low canopy cover in UH, but there is scope to improve - overheating issues
Te Hononga a Iwi are trying to bring in international investors - want local board to stay with them. Their work wouldn't have started without iwi.
want regional and local council to be partners in attracting international funding - also iwi and public support and MPI. MPI - need new funding stream with biodiversity credits. Clean green and bio-diversity credits make us attractive to international investors. Short-term - we need to produce data to create attractive opportunity to invest. It's about flipping the lid on the current economic model. The philanthropic model in US is huge.
wouldn't have started if didn't have council expertise to support. Te Hononga a Iwi access council expertise on average every week.

Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	NA
Provide and maintain local parks, sports fields and recreation facilities	NA

Libraries, community centres and services that help people feel connected	NA
Plan for how and where we should build more homes should as Auckland grows	NA
Improve town centre areas so they are attractive and accessible	NA
Looke after our beaches, streams, native bush and cultural heritage	NA
Reduce waste and plan for the effects of climate change impacts	NA
Maintain and improve our roads	NA
Make it easier and more affordable for people to use public transport and cycleways	NA
Manage stormwater and protect communities from flooding	NA

Question 3: Local Board Feedback(s)

Waitākere Ranges Local Board Feedback:

2. What do you think about the proposed key areas of additional investment?

Areas	Support	Do not support	Other	I don't know
A. Community wellbeing - continue to grow and evolve our programmes to support community wellbeing with a focus on tamariki and rangatahi, as well as older people	4	0	0	0
B. Review level of community grants, including investigating a Facility Partnership Fund to support community organisations to plan, develop or upgrade community	5	0	0	0
C. Improve engagement with communities of need, schools and youth	6	0	0	0
D. Progress an omnibus Waitākere Ranges Local Parks Management Plan		0	0	0
E. Walking and cycling connections, particularly through parks	5	0	0	0

Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

Hello I wanted to give brief feedback re the above. I went on the council website as directed by the information letter and cannot find any specific reference to the scheme so am emailing feedback. My vote would be to Retain the current scheme beyond 2027. For the 1 simple reason that the information advice from Council does NOT indicate any REDUCTION in rates in relationship to this proposed reduction of council services. So i presume our rates will increase for fewer services. We get so little as it is - no lights / footpaths and only intermittent upkeep of road drains. Rubbish and water services are appreciated. Actually i admit i am not well positioned to give competent feedback. As I have no idea of costs when tanks are serviced privately but I presume the cost to be greater than Council estimates. I guess any local meetings have already been. If so i wasnt aware of them. Could we have had a postal flyer in PO boxes ? Thank you for your services.

Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

Hello, Sorry I have missed the deadline to submit on the Rural Septic Scheme, but I have been away from home for the past month. I oppose the ending of the Rural Septic Scheme. Here in Waitākere we have many people who have old septic systems, living near waterways. This scheme ensures that every septic is cleared out at least every 3 years. Moving away from the scheme, we will not have this guarantee. We have worked really hard to improve the swimmability/ cleanliness of our waterways, I am not confident that there will be adequate monitoring of households and enforcement of those who infringe, and regular testing of waterways to ensure we do not go backwards. Having the rate come out of our overall rates over 3 years also means that we do not need to come up with the lump sum in one go- given the current economic climate many families would not be able to achieve this. I am also concerned about this being consulted on as part of a larger consultation- I believe this has been lost to the people who would be affected by this change. I would like to see a separate consultation with some local information sessions so that residents and ratepayers can ask questions and clarify what all the implications are. I would appreciate to have the support of the Local Board on this issue.

Waitematā

Question 1: Our overall plan and proposed increases to rates

What do you think of the proposed annual plan?

Support all	NA
Support most	NA
Do not support most	NA
Do not support any	NA
I don't know	NA

Tell us why

NA
NA

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include - Introduction of a refuse bin/bag exchange fee. Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas, Waitākere Rural Sewerage Scheme and An Auckland Transport proposal to increase residential parking permit fees in specific areas. What do you think about these proposed changes?

NA
NA

Question 4: Other feedback

Do you have any other comments on the Annual Plan 2026/2027?

NA

Question 5: Looking further ahead / shaping Auckland's longer-term future

Which areas are most important to you over the long term? (1 being the most important and 6 being the least important.)

Area	Rank - 1	Rank - 2	Rank - 3	Rank - 4	Rank - 5	Rank - 6
Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.	0	0	0	0	0	0
Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.	0	0	0	0	0	0
Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.	0	0	0	0	0	0
Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects	0	0	0	0	0	0
Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around	0	0	0	0	0	0
Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.	0	0	0	0	0	0

Question 6: City centre

What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.	NA
Events and city life – attract people to the city centre through events, culture and a strong sense of place.	NA
Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.	NA
Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.	NA
Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.	NA
Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.	NA
Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.	NA

Question 7: Optional Question

Which areas are most important to you over the long term?

Fund events and tourism to help grow Auckland's economy	NA
Provide and maintain local parks, sports fields and recreation facilities	NA
Libraries, community centres and services that help people feel connected	NA

Plan for how and where we should build more homes should as Auckland grows	NA
Improve town centre areas so they are attractive and accessible	NA
Looke after our beaches, streams, native bush and cultural heritage	NA
Reduce waste and plan for the effects of climate change impacts	NA
Maintain and improve our roads	NA
Make it easier and more affordable for people to use public transport and cycleways	NA
Manage stormwater and protect communities from flooding	NA

Question 3: Local Board Feedback(s)

Waitematā Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	0
Support most	0
Do not support most	0
Do not support any	0
I don't know	1

2. What do you think about the proposed changes to service levels, fees and charges?

Areas	Support	Do not support	Other	I don't know
A. Reduce library hours at Central City, Little Leys, Grey Lynn and Parnell Libraries.	1	3	0	0
B. Reduce maintenance for bollard and post-and-rail.	4	0	0	0
C. Reduce community grant funding and accommodation grant funding.		3	0	1
D. Increase fees for adult swim fees at council pools by up to $3.	3	1	0	0
E. Reduce funding for environmental management activities.	0	0	0	0

Tell us why (please be clear which priority you are talking about)

1 million for a local board seems like a small amount. Shouldn't be hard. Less moment on road cones. Sell the road cones
A decrease in tending for environmental management would be detrimental in 2026 where one focus should be on the health of the planet.

EVENT: 14-Mar Te Rimutahi drop-in session

1. What do you think of our proposals for your local board area in 2026/2027?

Support all	
Support most	
Do not support most	
Do not support any	
I don't know	

Tell us why

Carmel: Loved the Whaulympics would love to see this again as a way of connecting communities
Waste Plan? Where is this at? No to Dome Valley. Are we making the decisions to deliver on zero waste.
Justin: If I have to pay more rates I want better services.
Safety around train station with fighting and drunkenness
Yes to support youth but needs to be based on their needs not top down
PT needs to be safe, reliable, clean, regular and cheap
Situation of homeless during winter
Protecting the environment, rubbish collection, zero waste household. Mindfulness of neighbours. Homelessness is important!
Bus #161 should be every 30 mins minimum during peak hours. Better footpath repairs particularly Kelston Street.
Scenic Drive. Rates increases create financial stress. Climate change protecting our area closer to transport.
