

Taurus Crescent Reserve playground upgrade

Feedback must be received by 22 March 2024.

The Kaipātiki Local Board aims to deliver a significantly upgraded playground at Taurus Crescent Reserve.

The aim of this design is to improve the play area for children aged 5 to 9 years old and to provide additional play activities for children aged 0 to 4 years old. The design has focused on making the play area accessible and has also included community spaces for families to enjoy.

The concept design has been developed following previous community consultation via letter drop, and recent feedback from the Kaipātiki Local Board.

We would like your feedback on the proposed concept design.

We strongly encourage you to look at the concept design before answering any of the following questions.
