There are plenty of existing stadiums now. The proposed redevelopment for Auckland FC is a vanity project.

The stadium has history and is the home of open wheell speedway in NZ. 96 years of history. It's known worldwide as the best speedway in the world. It'd also home to one of the best rugby clubs in the country. Auckland already has 3 stadiums capable of football. It doesn't need a forth. Pouring money into North Harbour stadium is a much better idea. Better public transport options and surrounded by bars and eaterys for pre and post game events.

Give the people what they want, not another vanity project that will end up costing the rate payers eventually. Bring back speedway, it is an icon of Auckland, as a 40yo fan iv been going to springs speedway since I was a toddler. Speedway has a dedicated fan base that turns up regularly not just when a sports team is "winning".

Western Springs is the home of speedway and the Ponsonby rugby club, to have this taken away would be like cutting the throats of all it's supporters. Having speedway at western Springs is the epi centre for all that enjoy the sport of open wheel racing a hub where people can easily commute to whether it be by car, bicycle, or public transport. By pushing it further south it makes more difficult for those to attend and with the likes of Waikaraka it is to small to accommodate all the fans of speedway.

Please disregard my feedback of 3A, I made a mistake. We want speedway to remain at Western Springs. Western Springs speedway has a rich history and is a big part of many families lives in Tamaki and beyond. Please please bring back speedway to Western Springs. Concerts at western springs are also the best out of all venues in Tamiki Makaurau!

Speedway at western springs has a heritage about it. The track is known throughout Australia and USA with most professional drivers wanting to get the chance to race here. These drivers aren't coming here for money, its the prestige of being able to say they raced (and hopefully won) at western springs. And subsequently it gives Auckland an international profile in motorsport. For every one NZer that has raced in Formula 1, there has been approx fifty speedway drivers that have got a chance on the international midget or sprintcar stage. And we get that because the international top drivers want to drive at western springs and our drivers get noticed. Currently the best driver in the world, arguably, Kyle Larson loves racing down here at Western Springs and even proposed to his wife here. He regularly speaks about his passion of racing at Western Springs

and being in Auckland. All tracks aren't the same, Western Springs is built for midgets and sprintcars. You can't take a stockcar track and expect it to be banked and run cushions (dirt ridges) as different cars race different ways. And the cost to change the track week in week out would be unmanageable.

Bring back Western Springs Speedway. It's the right thing to do. To deny one sport that's been here for a very long time and enjoyed by so many people generations of people is so wrong. What correct park and stock cars a completely different to Western Springs Speedway. Speedway and it's fans have complied in every way possible for the council for the so-called people complaining. To see an absolute icon being destroyed for the minority That's not fair That's not democracy that's greed there is only one answer bring back Western Springs Speedway

To preserve the open space and make a cultural hub with a permanent music stage would allow pacifica, kapa haka and other festivals. The natural bowl could be enhanced like the bowl in new plymouth a a family friendly place to visit. No need for any new concrete zone exclusion buildings as important to preserve the site for the community. There are very good bus services and access by walking and cycling unlike Mt Smart which is very hard to get to. Suggest that Auckland FC lease and develop the under utilised North Shore Stadium rather than restrict western springs to be a high intensity sports facility, plus as they have demonstrated they should expect 20,000 per game so the initial application stadium size is too small in any case.

I prefer Option 2, but this is on the limited proviso that the public are not being dutifully informed around the overall approach to stadia across the region and this is critical. What is to occur at Mt Smart (critically), North Harbour and the (literal) elephant in the room, the Eden Park white elephant? We do not have any certainty around this and the use of Western Springs is tied up with them all. Recently, the Auckland Council looked at, for the nth time, stadium network investment objectives (see minutes attached), as well as the competing Eden Park / Downtown stadia options. Whilst Eden Park 'won' that, there is no certainty at all that Eden Park can proceed. Eden

Park is trying to cannibalise events and sports from other parts of the publicly owned network to survive. As long as Eden Park is around and trying to be both cricket and rugby and an events stadium, Auckland will fail with its stadium approach. Mt Smart suffers from poor PT and overall game day facilities compared to Eden Park, but still packs the crowds in and it creates a great atmosphere. We need investment here for a mid scale stadium, not at Western Springs (as per what Option 1 entails). Even North Harbour should be preferred over Option 1, and that is saying something. Western Springs as a smaller scale sports facility and outdoor cultural / musical venue is much better and more reflective of its community, place in Auckland, heritage and the future.

14 Main stadium feasibility studies

Cr G Sayers returned to the meeting at 3.54pm.

A PowerPoint presentation was given. A copy has been placed on the official minutes and is available on the Auckland Council website as a minutes attachment.

Note: the following was moved as chair's recommendations.

MOVED by Mayor W Brown, seconded by Cr S Henderson:

That the Governing Body:

a) whiwhi / receive the feasibility studies provided by Eden Park Trust (Eden Park 2.1.) and Te Tōangaroa Consortium (Te Tōangaroa/Quay Park) for a new building or upgraded main stadium, which were provided to council at the proponent's own cost and at the invitation of the Governing Body;

b) whiwhi / receive council's review of the feasibility studies, which concludes that:

  i) Neither proponent has demonstrated that their proposal is feasible without significant public funding;

  ii) Eden Park 2.1 is technically feasible, but is not currently financially feasible because it relies on significant public funding;

  iii) Eden Park 2.1 can be progressed in stages and there may be merit in progressing the case for government support for early stages;

  iv) Te Tōangaroa has not demonstrated that their proposal is technically or commercially feasible at this stage and has suggested it needs more time to do so.

f) whiwhi / receive council's review of the current state of the network, which notes the status quo is that Eden Park is the region's largest nationally significant stadium and notes several challenges affecting the stadium network.

g) endorse, in principle, a staged redevelopment of Eden Park as the best and most feasible option for providing Auckland with a fit-for-purpose main stadium in the future, subject to:

i) completion of a business case for Stage 1 (at their own cost) that establishes a robust case for government support and confirmation of central government support;

ii) noting there are no plans for council to provide funding towards Eden Park's redevelopment;

iii) all parties working together to satisfactorily address challenges with the status quo (including Eden Park's financial obligations to council, and ensuring funding, ownership structure and governance arrangements based on returning the best public value for Auckland and New Zealand);

h) request that the Chief Executive engage with Eden Park and the Government to constructively address challenges with the status quo and enable adequate consideration of Eden Park's development plans based on returning the best public value for Auckland and New Zealand, and bring any recommendations back to Governing Body;

i) thank all parties for their engagement in the process to-date.

Cr G Sayers left the meeting at 4.43pm.

Believe it is a world class natural amphitheatre

And believe the out field options and key festivals make it invaluable ...as for speedway I feel it no longer is the right location and needs to be moved for long term benefits...

Western Springs is an ICONIC speedway and concert venue as it is. In this current financial time surely the money can be better spent elsewhere?

Western springs speedway has been an icon for 96 years and to remove the history is just so sad. Although times have changed the sport has adapted and the stadium has been used for concerts just the way it was. I went to a 6sixty concert and it was epic. All of this happened and still we managed to keep speedway alive and happening. To think that you can amalgamate two different venues where the sport and what classes are on are just not the same doesn't work. The process in which change will come needs to be more transparent and not just told it is happening. It's not going to be a cost to anyone as long as the least is given for a substantial amount of time. Keep it the way it is! Such an epic venue and sport to enjoy for myself and the family

Bring Western Springs and speedway back as well as the multiple different ethnic group events. This stadium has all the facilities already in place and is the most central location in Auckland to host multiple events (ie concerts/speedway. Also the stadium has been there for about 90 years and is iconic to Aucklanders.

The place needs an upgrade. I also live 45mins North of Auckland and traveling to South Auckland for sports events is just too much time and distance. I believe this location would suit the larger Auckland community better because of its location. I believe Eden Park needs to be the focus for larger events. There is no point having to 50'000 plus venues 5km from each other

Keeping westernsprings speedway at its home, where it has been for nearly 100 years. The question options are very deceiving and many people will confuse them.

I've attended both speedway (with my whole family) and concerts at westerns springs. It's great for both and is the only place that is relatively easy to get to from all parts of Auckland. Moving speedway to onehunga or Colin dale means I won't take the family as we have to travel all the way across Auckland because we live in north Auckland. Auckland has enough traffic and no one wants to drive an hour to get anywhere. Western springs is 30 mins from most of Auckland. It is an awesome natural concert venue as well. I've been to Auckland city limits there, Creed and many others. It's a much nicer environment for music than a stadium like eden park or mt smart.

Maybe rather than trying to stop what is already great about it, you could simply try to grow and encourage its usage.

Don’t push all the things we like to do out to horrible industrial suburbs that are impossible to get to and have nothing around them to do.

There is great history with western springs in its current functions and maybe we could try to build that up rather than tear it down

Because Auckland needs a no fuss smaller staduim and not a giant empty stadium like Eden park for viewing sports. This is a rectangular stadium which will be intimate as a fan but intimidating as an opponent.

My only wish is that they build 4 sides , not have an open end which loses the atmosphere. I'm sure the design will encompass 4 normal sides for impact.

Very excited.

Western Springs in it's current form is quite unique. Where else can you find an established events area that caters for so many activities. It is conveniently located, has excellent public transport and motorway connections, and doesn't need much money spent on.

The Auckland council should take a step back and look at it's spending bill first. There is not much to be spent on Western Springs in it's current state, and it provides first class entertainment with open air concerts and motorsport activities.

It is a lovely natural arena and it would give great use to the space and preserve the traditional use. Mush as it was disappointing to lose speedway from western springs now it is gone this option will elevate the area.

this is such an iconic venue and something so many families have gone to and supported fully. if this was to close so developers can get rich then New Zealand has gone to the pack, this has to stay so the tradition and entertainment can be continued.

i was in Australia and used to go to a track there, it was extremely well supported by all ages and both genders, the council decided that it needs to be closed and shut it down to the cries of thousands, now the council are complaining that the young people are causing mayhem in the streets, when they were asked why they were doing it, they said they were bored and have nothing to do... these are the same kids that were brought up going to the speedway and would 100% be there if the speedway was still being run.

please do not close the speedway, it is something that not places have anymore,

keep it as it is, the crowds show that this is something that is needed, for all ages, races and genders

When people complaining moved into the area they would have known about speedway and should never have brought in the area if they were going to have a problem.

Speedway at Western Springs has grown into a well established,unique and popular form of racing at the stadium.The best use of this wonderful facility for the people of Auckland would be to establish a permanent stage for concerts,make available infractructure for cultural and local events,upgrade fields for Ponsonby Rugby and the Speedway remains.

Council appears to be happy to continue to subside hosting a rugby club at the stadium for 50 years but not speedway? Council's anti motorsport position is reinforced by it barely getting a mention here - disappointing! I have attended both concerts and speedway at Western Springs. If it could be done in the past why can't it continue into the future?

My grandfather, Aunt and Uncle took me to the Speedway at Western Springs from the mid 60s until the mid 1970s. I was hooked! I have been to nearly every meeting since. I have been to racetracks all over the USA, Australia and the UK. Western Springs is the best track I have been to and I can't bear the thought of not going to the Speedway at Western Springs after going for nearly 60 years. Waikaraka Park is totally inadequate. There is not enough parking and seating. There's no way 20,000 people would fit in during a big international night. There is so much history with Speedway at Western Springs and I would like to see a speedway museum built at the track like Indianapolis Motor Speedway and Knoxville raceway have. The Speedway has been there since 1929 which makes it much older than the nearly 80 year old Mayor. It's just wrong to me that 11

Councilers against 7 can decide the fate of the Speedway. I'm not a rugby or soccer fan like Mayor Brown is but he and his Councilers need to appreciate what the majority of Aucklanders want. Let's have a referendum on the issue during the upcoming election. Let the ratepayers like myself decide.

Thankyou

The heritage of this venue, I have fond memories here with over 3 generations, if they keep bringing up the noise thing, put a dome on it and still cheaper than options 1 and 2, more international visitors to this event brings in more money to the area. Think big. And while I'm at it the Americas cup should have been run in the country that won it and bring in money and visitors who will spend training time here. There is already a service area in Auckland thats been used for this, just splash up fresh paint, you dont need to build all new buildings for it. Once again keep

Western Springs as a race track, bring back open air concerts as it used to be, no need to blow millions just to have option a which was always there. Keep our heritage.

It is encouraging private investors are wanting to upgrade this space for the community and wider Auckland area for everyone to enjoy. It will meet the needs specified (sports, music, entertainment, hospitality etc) and also won't cost the taxpayer / Council. With the amount of debt Council has I would take this option as a win and use the funds for other important projects Council needs to cover.

Western Springs is my history for the last 50 years. I started life in Pt Chevalier. Early on my vivid memory is of attending Millitary Tattoo shows, Speedway every Saturday night, there is nothing else like this in the world to have a dirt track right near the City Centre which is easily accessible for all those living in the whole of Auckland. My very first concert (Pink Floyd) was held at Western Springs and I will forever remember it as well as numerous other concerts that brought so many to this wonderful stadium. Western Springs is my and your history. For me it has been for the last 50 years. I started life in Pt Chevalier. Early on my vivid memory is of attending Millitary Tattoo shows, Speedway every Saturday night and to think there is nothing else like this in the world to have a dirt track right near the City Centre which is easily accessible for all those living in the whole of Auckland, good parking and minimal nuisance to the neighbours unlike Eden Park. My very first concert (Pink Floyd) was held at Western Springs and I will forever remember it as well as numerous other concerts that brought so many to this wonderful stadium. For so many Western Springs holds true history for so many recreational uses. Please let our next generations experience these same historical events. Please keep Western Springs Speedway!

Other ideas to host at Western Springs alongside Speedway, is more concerts, and either a weekly Friday night or Sunday afternoon market like that held at Avondale Markets, people will come from all round, stallholders pay a site fee run by an organisation like that at Avondale Markets. There is plenty of parking and facilities to make this happen. Rugby can be hosted in the inner field, the seating is there as well as all facilities. The outer track can be covered during winter and people will come, it's so easy to access with the motorway being so close. Please save our Speedway! Thank you.

This is a world class speedway track which is loved by not only bt 10 of thousands of aucklanders but the international racing community. it has a rich history and it's unique location adds to the mystique. i have been there on nights when there has been 15,000 to 20,000 fans at the track. It has one of the richest histories in world speedway. I say speedway because it is different to stock cars. No offence to them but this racing has a far higher level of drver attending from overseas such as drivers from Indy car racacing and Nascar. I suggest anyone against it actually attend an international meeting there such as the world 50 lapper { yes WORLD }or the international sprint cr series. This meeans so much to more aucklanders than football. I support AFC but they need

to stay at Mount smart where their main support comes from . It has a great football atmosphere. Enough of this snobbery towards motor sport. Most of the locals in the area moved there knowing that speedway is there and the majority support it. why base your opinion on a few individuals who could sell up and move at any time despite being against the speedway. Once it is gone, it is gone forever.

No place like the springs.

I have attended many nights at western springs speedway, this historical venue and sporting event should be protected for further generations. It is the historic value that brings me back to this RACE TRACK time and time again rather than going to another local RACE TRACK.

The stadium/events venue should be able to continue hosting speedway races.

I support this venue being upgraded to offer even better race events, concerts and existing football club use.

Western Springs Speedway is the sport of generations & it needs to stay for future generations to enjoy! Council ELECTED representatives need to listen to the people that elected them & not the very very few trying to flash their money around

I believe speedway should stay at Western Springs because of its history and heritage as an integral part of Auckland. But also because it is tremendous family entertainment. In all my years of attending race meetings there I have never seen any trouble, no police presence etc, a very rare things in this day and age. I believe speedway can coexist with other uses such as concerts, rugby and other football codes.....this would be a win win for all.

Keep Western Springs Speedway at Western Springs Stadium

Speedway can be part of a multi use Stadium, as it has been for the last 96 years

As rate payers in Auckland, we deserve a say .

Western Springs Speedway and the Stadium is important to me & my family, 3 generations of us are current supporters of Western Springs Speedway and the concerts held in the Stadium and the outer fields.

I'd rather my rates were spent keeping Western Springs Speedway where it is, than more stadiums for sports I have ZERO interest in. Zero, I don't watch Ruby, football, league or cricket. There are enough Stadiums, some unused to thier potential.

Why would you let Auckland FC, take over & build a 'boutique' Stadium, that won't fit all thier supporters in?

Seems ludicrous

Not all Aucklanders like 'ball sports' we are all entitled to enjoy our own preferences, and Western Springs Speedway is world renowned, the family friendly events they hold, bring people of all ages, races and abilities from all over the ithmus, it's a very special place & moving it or combining it with another Stadium removes the heritage.

You can't replicate the heritage or the uniqueness of Western Springs.

Myself and family having been going to western springs for many years for speedway. I went as a child, then took my children and now my grandchildren - what the council has done is so wrong because Western Springs has always been for speedway specifically as there are plenty of other sports grounds that are used for those sports and can't be used for Speedway !!

I have been going to Western Springs stadium to watch speedway with my family since i was 6 months old right up till this year, at 29 years of age. It is one of my favourite things to do on a Saturday night during summer just like it is for the other thousands of people that regularly attend. There is SO much history at that track that spans nearly a CENTURY. It would be ludicrous and a total dis justice to everyone who has poured their life into the sport, to destroy all those memories by removing speedway from that amazing historical venue. AUCKLAND ALREADY HAS MULTIPLE CONCERT VENUES AND SPORTS FIELDS BUT THERE IS ONLY ONE OPEN WHEEL SPEEDWAY TRACK, DON'T TAKE THAT AWAY FROM US.

I choose option 3b as this is the best option to keep springs speedway at western springs. I am a 59 year old second generation speedway fan that has been attending speedway at western springs since the 70's thanks to my parents who were avid fans that never missed a meeting until health issues prevented them from attending.

I have 4 children that are also hooked on speedway and have been attending since they were babies. Now all in their 20's I'm sure when they start having children the fourth generation of my family will start attending speedway.

Moving to waikaraka park will not work as speedway and stock cars are 2 different sports and a seperate fan base that generally don’t mix.

Also in the 50 plus years that I have been attending speedway at western springs I have never seen any trouble, fights,disruptive behaviour in the crowd, something that is extremely rare at any sporting event.

I support a facility that is open to the public.

I like the idea of having a an open area for concerts, I have enjoyed watching a number of well known international performances performances at Western Springs in the past and it seems Option 1 would remove this choice.

Ponsonby Rugby Club, one of NZ's premier Rugby Clubs has been around for more than 150 years. To stay relevant for this long means amongst other matters, they must have excellent enduring leadership.

My preferences is to support an historical well established facility/club rather that some "johnny come lately" that has no history or for that matter links to this area.

History overseas tells us franchise clubs have a tendency to shift from city to city.

My husband and his family have been members of Ponsonby Rugby Club since the 70's and my son used their amazing training facilities in the 2000's to represent Auckland Rugby so we have strong ties to the club and hope to see future generations have connections with Ponsonby Rugby

Western Springs Speedway is iconic and has been for almost a century there have been many generations of fans and racing teams spend their lives enjoying the racing

The current stadium has had world class and iconic concerts and is an incredible venue for concerts because of its location and design

I have wonderful memories of time spent at western springs for speedway concerts and rugby b ing a multi use stadium it cannot be replicated and to change it for a single use venue is selfish when there are other options for Auckland football to be based

Western Springs Stadium is an iconic venue in Auckland city. Some the greatest shows I have seen or worked on have been at Western Springs. It's a no brainer for me, a cultural and musical behemoth that will be greatly missed. Think Red Rocks, Hollywood Bowl, Riverstage... Auckland needs this, not another stadium to sit dormant.

Firstly I feel very strongly that the history and world class speedway track at western springs is not lost. It is also a wonderful family venue and gives a personal experience which should be treasured as a city needs to be alive and create different and varied events for its community. In this case why try and fix something that's not broke and offers the wider community world class events. Speedway music festivals cultural festivals etc and I'm sure Western springs could be utilized further without destroying its current usage and and breath more life into Aucklands wider community which I believe is it's primary purpose

Submission to Auckland Council on the Future Use of Western Springs Stadium

From: [redacted]
Date: 13 June 2025
To: Auckland Council – AK Have Your Say
Re: Strong Support for Auckland Arena (Option 1) – Enabling Basketball Infrastructure Growth

Overview

I am a member of the People's Panel and the CEO of Auckland Basketball Services (ABS), a regional organisation established to support basketball in our region. ABS provide services to the three largest Basketball Associations in New Zealand – Basketball Auckland, Waitakere West Basketball and Counties Manukau Basketball. I strongly support the Auckland Arena proposal (Option 1) for the redevelopment of Western Springs Stadium into a 12,500–15,000 capacity multi-purpose venue. This is a critical step forward in addresses the significant shortage of indoor courts which has real impact on limiting basketball delivery and enabling our community to participate fully.

Indoor court shortage

Sport and recreation is a fundamental necessity for Auckland to ensure that our community are engaged, active and able to connect with one another. We know the benefits of this are significant and ultimately create a happier, healthier community.

There is growing demand for basketball which is projected to be the #1 participation sport in NZ high schools by 2026. It is the #1 recreational activity for tamariki and the #1 consumer sport for rangatahi (16-24).

We have a very diverse pool of participants and basketball is particularly popular with Maori, Pasifika and Asian communities. We also recognise that playing basketball comes in numerous forms, 3x3, 5x5, informal formal, and provides not only activity for our community but connection and sharing, and support for personal wellbeing.

Basketball is delivered at grassroots level through to high performance including the representative pathway and coach and referee development critical to the games success.

Auckland Basketball Services use facilities across the wider Auckland area which we share with many community groups so access is limited. This means a lot of people are missing out on the opportunity to participate. With the existing larger venues our bookings are often bumped for priority bookings/events which means we have to cancel our planned leagues or events or scramble to find an alternative venue to avoid disruption to our members, often with little

success. With no stadium/arena in the central Auckland area this results in an ongoing scramble to access school and smaller community venues, competing with school needs and other indoor sports.

As identified in the Auckland Council Sport and Recreation Facility Plan there is a current shortfall of 73 indoor courts across the Auckland region with this having a direct impact on our ability to provide basketball offerings which meet the growing demands of our Auckland community.

Having a large multi-court venue within the central Auckland area enables community through to international tournament delivery, which also supports economic benefits within to Auckland region and beyond through the use of accommodation and other service providers.

Support for Auckland Arena (Option 1)

I endorse Option 1 as outlined in the council's consultation document for the following reasons:

- **Dedicated Indoor Basketball Courts:** This proposal includes state-of-the-art indoor courts accessible for community, club, and elite-level use. This aligns with our long-term vision to provide safe, inclusive, and accessible playing spaces for all Aucklanders.
- **High-Performance Facilities:** The venue would offer training hubs and development infrastructure to support representative programmes, coaching academies, and youth development pipelines. This could directly support the growth of local, regional and national-level talent.
- **Accessibility and Co-Location Benefits:** Co-locating courts alongside football, health, and commercial amenities will foster cross-sport collaboration, community vitality, and efficient year-round usage.
- **Sustainable and Scalable Solution:** With private investment and a long-term lease model, this option represents a sustainable solution that future-proofs Auckland's capacity to meet rising basketball demand.
- **Equity and Inclusion:** Providing more local court access, particularly in central and inner-west Auckland, ensures that sport is more inclusive and reduces barriers related to travel, cost, and accessibility.
- **Alignment with Basketball New Zealand:** Facilities that support community to high performance delivery aligns with Basketball New Zealand's strategy which guides our Association strategic goals.
- **Economic Benefits:** Having a facility that enables us to bring participants from across Auckland, New Zealand and internationally provides economic benefit to Auckland and New Zealand.

Why I Support Option 1

- **Option 2 (Western Springs Bowl):** we have facilities across Auckland for music and festival delivery but face a considerable existing shortfall of indoor court facilities.
- **Option 3 (Do Nothing/Explore Ideas):** the existing shortfall demands immediate action, we know we need a facility of this size and scope now. This arena needs to be one of a number of new multi-indoor court facilities that need to be planned for in the Auckland region in the immediate future to move towards a more sustainable infrastructure for indoor sport.

Conclusion

As a member of the People Panel and CEO of Auckland Basketball Services I strongly support Option 1 – Auckland Arena.

I look forward to working with relevant stakeholders to ensure we are able to utilise this facility and support community demand.

Ngā mihi,

[redacted]

It's imperative that we retain this precious multi purpose space for ALL Auckland to enjoy, not just those interested in football. This space is a jewel in the Auckland landscape, and must be protected for future generations to enjoy!

I would like to see Western Springs used for Speedway. This sport has been held here for 96 years and is an institution. It's an internationally recognized track and should be the home of Speedway for Auckland

We want Speedway to continue to run at Western Springs, with an arrangement for the promoter which does not make it impossible for them to do so, I.e insisting on an expensive resource consent each time.

You can still hold music festivals abd sports events alongside Speedway surely.

I have been attending speedway since I was a baby. My children have also been attending speedway since they were babies. To remove this iconic sport from Western Springs is a travesty. Especially the way the Council staff and elected Councillors have conducted this process in such an underhanded way not allowing speedway officials, drivers or the public to have their say.

Speedway can be successful with a long-term lease and commercially viable operating conditions.

• Its Possible to change the WS Stadium Unitary Plan for speedway like they did for concerts at Eden Park.

• Speedway can be part of a multi-use situation with concerts and have worked with rugby at the stadium.

• We (stakeholders/fans/the people) were never consulted with before this time and should have been.

• Western Springs Stadium is important to me and Auckland. I'd rather see my ratepayer money spent to have speedway at WS than many of the things the Council currently spend the people's money on.

• I have seen how this issue has been handled and I don't agree with the process and have lost faith in the council staff and many councillors.

• Most Aucklanders I know want the same as me.

Western Springs a place I have attended my whole life, in a city full of sports stadiums why would we need another. Auckland council has raised eye brows and drawn attention to its over reaching and very questionable decisions causing a lack of trust and confidence of rate payers who actually pay them and the bills.

I have been attending speedway for the last 40 years with family and friends. It has been a safe family environment which I wish to see continue. I have witnessed two generations of drivers giving it their all.

There needs to be a long-term consistency so that the sport and it's sponsors can be it for the long haul.

Long live Western Springs speedway.

For the future of Auckland and its football/soccer scene. This would be great for New Zealanders and international countries who visit.

The area would later need more work for transport and parking as well as water and waste water. It would be nice and better to build something more perpese made else where. The Hollywood bow type venue is something I belive Auckland would love to have especially in summer months and especially for smaller performances coming to nz. North Harbour stadium needs better investment and is better suited for what is purposed in western springs. Also with Eden park confirmed as being done up. It would be nice to see and area of the cdb turned into a smaller stadium with the infrastructure build it to later turn it into a 75,000 seater when eden park is no longer viable

I believe that the wider Auckland region would benefit greatly from a stadium structure of this size.

With Eden park stadium now being permitted to run concerts the requirement for a concert set up at western springs becomes significantly less - especially considering that Eden park has catering and hospitality structures ready to go, where as western springs requires these things to be built or brought in.

Having a stadium like structure as is proposed in option 1 will also benefit surrounding hospitality if regular high attendance games are scheduled.

I've been attending western springs speedway for over 35 years and spent 10 years as a crew member.

There is no doubt Western Springs Speedway is an internationally acclaimed venue and has been a multi-generational part of New Zealands rich motorsport history. It should be preserved and retained at ALL costs for future generations. It has co existed in the community for over 90 years now with largley new residents complaining of noise issues all the while fully aware the speed way has been there for decdes.....

While changing times are unavoidable, speedway should be retained for future generations. I'm very happy for my rates to be spent on retaining speedway as opposed to other spurious activities and vanity projects "of the moment".

Western Springs Stadium should remain with its current uses for all of Auckland rate payers and visitors, Western Springs Speedway has 97years of history and heritage and that alone should continue for generations to come.

The Ponsonby Rugby Club and for concerts and Speedway can all work together.

This is a very unique and special place with its surroundings and amphitheatre where generations of families get together to enjoy the love of Speedway and its heritage.

There is so many other stadiums that can be used to their full potential ie North Harbour Stadium and this is a really nice facility that needs some love.

Why should we allow to called big noting rich listers have and control and build a building and venue that has proven that would not even be big enough for everyone.

Motor sport has and gets a bad rap by Auckland council, speedway is a team sport also as it takes a lot of people build , to support and run the whole team and a lot of money.

Western springs speedway is World Renowned and is one of the best places to race and for atmosphere.

I have been to a lot of other places in Australia and the USA and western springs speedway is by far the best place.

I have grown up going to western Springs speedway with my whole family as a kid then crewed on cars then built and drove my own car from 26 years old for 8 years and have sponsored many cars and teams over the years. There is NO OTHER OPTION BUT 3B

WESTERN SPRINGS SPEEDWAY MUST CONTINUE.

Western Springs has long been an area that is focused on history and the community. Motat, the Western Springs park and Ponsonby Rugby Club are all places we spend time with our kids. The rugby club is one of the very few places that actively fosters and gives that sense of a community and pride in a time where it has become more common to keep to ourselves.

There are no viable options on the table at the moment for where the rugby club could be moved to - there is insufficient parking at both Victoria Park and Coxes. Western Springs also provides a safe fenced in area for kids to play.

The Auckland FC proposal is commercially focused not community focused, they could be based anywhere in Auckland- they are not the Ponsonbyor GreyLynn FC after all.

I think it would be a really sad loss if this club with so much history there was to be splintered across facilities.

Because we are giving up on something that so many families enjoy and those that compete are now being made to face an issue of not driving where they are comfortable. Everyone loves to go to western springs already as it is and by removing that to replace it with more fancy money that should be spent on something else is not fair. Work on the roads instead.

The positive impact Auckland FC has had on the city and the sport in just one season has been nothing short of remarkable. Transforming Western Springs into Auckland Arena is more than a stadium upgrade — it's an investment in the future of football in Auckland and across New Zealand.

I have so many fond memories from my own childhood watching speedway at Western Springs, and I would love for my kids to grow up making the same kind of memories — but this time, watching football on those same iconic grounds. Let's give the next generation a home for the game they'll never forget.

Western Springs in its current form has been part of this city for generations, it is loved by many and is a focal point of the area. Over the years most of us have had the pleasure of attending different events at the Springs, whether it be one or more memorable concerts, speedway, Pacifica, Food Festivals, Rugby and football matches, plus enjoy the fact that we can walk through the open spaces as part of a visit to the zoo, western spring lake and playground.

The prospect of loosing this open space to commercial interests with leases of potentially up to 100 years does not sit well at all.

I accept that Auckland is a city that is struggling with the cost of growth, but to loose control of this open space, to be replaced with another concrete stadium / complex when issues regarding usage of Eden Park, North Shore Stadium , and Mt Smart seem to be yet unresolved, leaves unanswered questions for me.

As an Auckland ratepayer who sees large amounts of ratepayer dollars being spent on vanity projects, I would rather see that money being diverted to the maintenance of the open Western Springs precinct, to allow all Aucklanders , especially high density dwellers, the opportunity to have an area in which to enjoy the open spaces for family time, picnicing, playing or what ever.

I feel that loosing control of this beautiful part of Auckland will haunt us for generations.

I want the decision to shift open wheel racing from Western Springs to be re-looked at. Speedway has been an institution at the Springs for nearly 100 years and there is no reason it cannot stay at the venue in harmony with concerts/rugby/cricket etc like it has been for decades.

I'd like to see football, not rugby, have a home at Western Spring. Rugby has monopolised our sporting finances and grounds for far too long.

Football needs the same opportunities.

The financial sayings to Auckland ratepayers in the first proposal are also extremely important. They should not be ignored. Auckland cannot afford to waste another cent.

Western Springs is an iconic venue which is central to Auckland and needs to be retained as a venue for stadium sized events. It would be a travesty to lose this invaluable resource.

Old enough to have gone to iconic concerts like Bob Marley, Rolling Stones, David Bowie and many more at Western Springs.

Outdoor stadiums are the best.

Black barn in Hawkes Bay is a small venue and superb.

Have attended concerts at Vecta Arena and similar venues and they loose a lot of the atmosphere.

Come on Auckland, wake up. Reconstruct Western Springs as an outdoor concert venue again.

I feel like this has been too rushed and that there is 1 main reason. For the football club. It's hard to u der stand why you would kick a rugby club with so much history out to have to find a new home for a new football club. It's pretty unfair. It's also unfair to speedway too.

Western Springs Speedway must remain at Western Springs as it is part of our heritage. I have watched how speedway has been handled by the council and I don't agree with the process as it has been so underhanded, I don't have faith in the council. The process needs to start again after elections!!!

We need speedway at western springs - it's heritage pre dates every house or other party interested in taking it over , and NZ needs Motorsport development and raised profile and interest . We need to re look at the financial and marketing activity to retain speedway and utilise the infield and surrounding areas better .

i like western springs speedway just the way it was, As a fifty year watcher of speedway in Auckland I have had plenty of time to taste both current venues worth, the location in onrhunga is horrible, its cold you can't change that the shape of the oval is poor in cemetery bend it promotes crashes as it is too narrow and slow.,nomination of this changing in the plans, waikaraka already is football destination ,build your little footy stadium on those empty footy fields next to the speedway no demolition and violation of western springs needed to get brown his backhander CEO job at AFC Don't use someone who chose money not country to steal western springs speedway from the people now and in the future

I wish for speedway to stay at western springs. It is an integral part of Aucklands uniqueness, having been going for over 20 years I've witnessed first hand the electric atmosphere and strong sense of community which makes it so special and irreplaceable. Removing speedway would mean erasing a significant piece of Aucklands heritage as well as devastating the thousands of fans not only in New Zealand but all around the world as well as everyone involved in the racing community and I have serious concerns that moving to Waikaraka park will lead to the demise of open wheel racing in Auckland as it is not in any way a suitable replacement venue. Speedway needs to be embraced and given a fair opportunity to thrive at western springs.

Western Springs has been the spiritual home of speedway in Auckland for over 90 years. It holds deep cultural, historical, and sporting significance for generations of fans, families, and racers. The venue's unique natural amphitheatre provides unmatched atmosphere, community accessibility, and heritage value that cannot be replicated elsewhere. Moving speedway would sever decades of tradition and negatively impact local businesses, tourism, and youth involvement in motorsport. Preserving speedway at Western Springs protects a vital part of Auckland's identity.

Speedway belongs at western springs! It has always been there and that's were it should stay. Speedway is part of our heritage. We protect trees and buildings under heritage status, speedway should be no different. People move into the area knowing speedway is there, they shouldn't have any influence on the venue or what is done there!!

Western Springs Speedway is the only dirt track of its kind in the world. The history is second to none, speedway, concerts and events have been hosted here. It's in the best location being so central and so many possibilities to make it even better but still being able to keep speedway race meetings here. Let's keep history going for all the future generations.

Because Western Springs is the heart of speedway in the upper North Island, anyone who bought property in the vicinity and then started campaigning on a platform of nimbyism should take a good hard look at themselves, this is an iconic track with comparatively easy access to a huge part of the NZ Motorsport community, that once gone will never be replaced.

Get speedway to at least 100 years at Western Springs and plan to build a speedway which is international quality for the top Classes of the sport. Stop sinking money into old run down facilities like Waikaraka park. Motorsport and speedway overall is a hugely attended and followed sport and contributes serious amount of money into any local areas there are tracks. Regards

I have grown up around western springs speedway having many family friends as racers and it being passed down from my dad I'm in my 40s and my kids have been going since they were babies, it's a great community to be a part of and will be a huge loss if it gets taken away, not to mention my father was friends with Danny Lendich who poured his heart and soul into these grounds and the sport.

I have played for Ponsonby rugby and supported for many years and know they do an amazing job in the community. The speedway and music concerts are what make the area special having lived in the area, I still have family and close friends who have been there many generations. Taking this away from them would negatively impact the community immensely.

Where else in the WORLD can you access the likes of speedway so close to a main city. We need to embrace this. All the infrastructure is there for speedway, for concerts, for rugby on the outer fields. Don't take this historic and important place away from Aucklanders. You people in the council have completely lost touch with what the people want - it's so sad.

It's a speedway track, keep it that way. People buying houses in that area KNOW that and choose it anyway. It is the heart of dirt track Motorsport in the upper north island. Taking it away will do more damage to the sport than good. If people don't wanna live around that then they can buy somewhere else instead of complaining after purchasing KNOWING full well that it is there. Thank you for your time

I'm not happy with how this issue has been handled and lost faith in some of the council members who have enabled this to pan out and get as far as it has. The space can be successfully used for speedway with a long term lease and commercial viable operating conditions as well as other concerts. I come to watch speedway with my family and have lots of friends in the community who have done the same for years.

I support speedway continuing at Western Springs Stadium. Why would you get rid of the best speedway in the world especially when it is about to reach one hundred years old and still gets packed out with fans. The foot ball needs to go to Mt smart where it has better transport options to get the fans to and from.Removing speedway will be a disaster, speedway and concerts can work from western Springs together as they have for many years. Many in the community are struggling with the ever increasing cost of living on top of the massive rates hikes forced upon us. Council primary focus should be on repairing, maintaining and upgrading the essential utilities before wasting even more money on nice to haves! Option A offers facilities to a wide range of users at no cost to the ratepayers.

Option 2 is a suitable compromise that is community focused. Catering and shared by a wide range of community clubs, groups and the general public. While Auckland FC did very well in their first season, it would be a shame to abandon the historic Ponsonby Rugby Club that has for many many years produced fine men & women rugby players on and off the field. Why can't Auckland FC share the facilities with Ponsonby Rugby and other community groups? I am concerned option 1 will become for the rich, privileged and elite. Im am concerned established and new grass roots

community organisations will be pushed out. This is the last thing we need for our kids and grandchildren.

Stinks of Mr David Seymour syndrome. Rich get richer under the facade of “Economic Growth”.

I used to attend Western Springs Speedway i my younger days so it needs to remain where it is. It's been there for many years & should not be dismissed for other Council concieved reasons.

Don't need 2 speedways on public land hardly ever have a decent crowd. Better to have one decent speedway at Waikaraka Park. The speedway clubs should be paying for a lease to Auckland Council to use Waikaraka Park though, especially after giving $10 million in funding.

The arena would be a good alternate concert venue to Spark Arena.

Don't change it!! Why change something that works...it's iconic, It has dedication and it is loved by young and old, over generatios..isnts it councils job to work for the ppl, then why is there a need to take away a sport that ppl love in favour of one that is saturated, dying, has may other options and is funded.

What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields,I participate in nearby activities (e.g. community sports, performances, MOTAT, Zoo, Western Springs)

There are three options to consider

Which option do you prefer? Select one option only.

Option 3B: Neither Option 1 or Option 2 - explore other ideas

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I would like Speedway to stay at Western Springs. I am very happy with it being left as a Speedway venue and it delivering the best form of Summer Saturday night family entertainment for myself, my wife and my children.

Future use of Western Springs Stadium
