

Eastdale Reserve Pump Track

Feedback must be received by 15 December 2025.

We are proposing a new pump track for Eastdale Reserve and would like your feedback.

The design for proposed pump track would include loop tracks for both beginners and more experienced users. We would build it next to the playground and carpark on Eastdale Road.

A new pump track will provide children, young people and families with:

- more opportunities for recreation and outdoor play
- a safe and easy-to-access social space.

We chose Eastdale Reserve as the most suitable site for a pump track because it:

- is a large, well-used sports park with plenty of open space
- has safe and connected paths
- has other facilities such as toilets, parking and a playground.

We want to know:

- what you think about creating a pump track at Eastdale Reserve
- if you or your family would use the new pump track
- what your main activities are at the reserve
- any ideas you have for other future improvements at the reserve.

We will present your feedback to [Whau Local Board](#) and prepare the detailed design.

We plan to start building the pump track between October and December 2026.

We encourage you to give feedback online at [akhaveyoursay.nz](https://www.akhaveyoursay.nz) or you can:
