

Kahawai/Glenbrook Beach Beachfront Playground Concept Design

Feedback must be received by 4 December 2024.

We are proposing an upgrade to the playground and park furniture at Kahawai / Glenbrook Beach Recreational Reserve to provide accessible, safe, and engaging facilities for all ages and abilities.

We worked with local iwi Ngāti Te Ata to develop a proposed design that reflects the cultural and natural heritage of the area. These include:

- imitating the play area as shellfish scattered on the beach
- using natural materials where possible
- net and rope elements to reflect the importance of the nearby fishing inlet as a food source for locals
- a waka play item to reflect the significance of the inlet as a historic route for travel and trade.

We are interested in how you and your household use the reserve, any accessibility needs, and any additional features you'd like at the playground. Additionally, we'd like your feedback on the proposed design's location, equipment, colors, and materials. We will use your feedback to help us develop the final design proposal.
