1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above?

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Partially support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above?

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Partially support

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Don't support

Do you have any comments about your response above? Why golf courses and not rugby, soccer and netball venues as well. A majority if people that play golf wouldn't benefit from these spaces as well as walking, running and cycling paths

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

Support

Do you have any comments about your responses above? Will there also be a push to get increased equity in other publicly owned sports venues? For example getting more elderly men to play netball and elderly women playing soccer? There is a significant gender and age inequity in the sports if rugby, soccer and netball

Golf is a popular pastime for many. It can be construed as a sport for the wealthy, but on public land this need not be the case. Any plan to change the status quo should be made very carefully.

At NO STAGE should any golf links land owned by the Council

Do you have any comments about your response above? Golf courses are for the playing of golf.

The ability to play golf should be safeguarded in any expansion of use.

I am not a golfer and cannot abide the game. However, I acknowledge that there are many people who are passionate about the game.

Do you have any comments about your responses above? See my initial comment. People who don't participate in golf do so for a reason. You are never going to attract them to something that they can't already be bothered with.

Focus on equality of opportunity, not equity of outcome. That provides people with a choice to participate or not. Do not dumb everything down to the lowest common denominator.

In any event, the Council is facing financial challenges. Focus on the must-haves and stop tinkering with social engineering.

Do you have any comments about your responses above? Whilst I generally support the idea of ensuring all publicly owned open space is used as widely as practicable, I do have serious concerns about the cost incurred in achieving these policies. Council has a poor track record of achieving cost effectiveness and in developing policies which have down to earth practicality. Council seems dedicated to "politically correct" objectives which seem inevitably to be extremely costly and excessively idealistic. Esisting golf courses appear to be generally valued by golfers and change to expand other uses and achieving silly goals such as replacement of existing mature (exotic) trees with natives should be carefully managed on order not to limit the existing golfing activity or to run up high costs which inevitably fall on hard pressed ratepayers. In other words, this submitter doesn't trust Council to, a) develop measurable, cost effective, achievable objectives, or, b) to carry out the necessary works in an efficient manner!

Do you have any comments about your response above? There are almost double the number of private providers of golf courses as there are publicly/rate payer provided golf courses. However the strategy makes no mention of where the private sector sits in relation to the publicly/rate payer provided golf cou

Do you have any comments about your responses above? The private sector is already providing for golfers and at a greater level than public ones. What if Council got out of the way, would this open up additional opportunities for the market to provide for golfers? Would the remaining golf courses become more sustainable if Council stepped back? Is there a better open space provision opportunity by converting public golf courses into community open spaces.

I think the strategy's reference to inequity is inaccurate when considered against the broader issues of access to open space.

Do you have any comments about your response above? A housing crisis should not mean you get rid of valuable recreation land.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**

Some of my family members love playing golf. Only 13 courses in the whole of Auckland is not much. I think they should be left alone. They create greenery and well looked after trees and a place for a good sport and recreation. I think it is ludicrous

Do you have any comments about your response above? I do not mind dual resource usage, but due to H&S reasons (golf ball hitting member of public at speed) the two are mutually exclusive but could be resolved by (say) restricting golf play to between 8am and 4pm.

No two courses are the same. Meet and listen to the governing committee of the course, that represents its member base.

Do not be like AT and go to pointless consultation with predetermined plans (like road speed reductions)

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
I strongly support facilities being available to the whole community especially in our area of Clarks Beach/ Waiau Pa, and travel to other facilities takes time and planning. Better to use what can be provided locally.

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
I don't know

Do you have any comments about your response above? That's a very ambiguous question. A trick question perhaps!

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
I don't know

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? What is meant by "..opening up publicly owned golf land to ALL Aucklanders". Does this mean opening up to real estate speculators?

Again this is a pretty vague question and answers can be twisted to mean something else.

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Support

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

It's a pity someone could not be found to simply tell us in plain English what they are aiming at. Is the purpose to be able to sell off some of the land to developers?

We need to keep open spaces, and golf courses are the loveliest of all. However acce

This is totally impractical. Golf courses are large green spaces and almost fulfill a town belt function. The Council has no money apparently and keep putting up rates. Why are they playing around with this and what are they going to do with them. It is a

Poorly done. I can't make any judgements as there is no detail around what you would do with them . Equity is such a woke word. People choose to take part or not. You can't make them. There are so many overweight people in Auckland you might be better foc

I am a retired primary school teacher. I have supported someone in the past, taking them to golf venues. Some places do need to be used by a wider range of people, in terms of ethnic, economics and social/family groups.
