

# Waitematā Local Parks Management Plan

Feedback must be received by **5pm 11 December 2024**

Waitematā Local Board is developing a local parks management plan for all parks and reserves in the local board area. The plan will provide a policy framework to manage the use, protection and development of the local parks network, as well as set direction for the management of individual parks.

The plan will capture key cultural, historic, natural and recreational values associated with parks and desired activities including leases and licences. It will also identify issues and opportunities for specific parks.

We are following the statutory process for developing reserve management plans under the Reserves Act 1977 which includes two rounds of public consultation.

Once adopted, the plan will replace all existing reserve management plans for the local board area.

## Why have local parks management plans?

The local parks management plan will:

- help the local board to make good decisions about how parks are used and protected,
- address what needs to be considered when developing and enhancing our parks,
- be a handshake with the local community to reflect what their needs and aspirations for local parks.

## Why we are consulting?

We would like to understand what you value about parks in the Waitematā Local Board area, what the main issues are you think the local board should address, and how you'd like to use your parks – both now and in the future. This information will help us develop a draft plan. Consultation is open from 11 November 2024 and closes at 5pm on 11 December 2024.

## What will be the next steps?

After the consultation closes on 11 December 2024, we will analyse all the submissions received and provide a summary of feedback by early or mid 2025.

We strongly encourage you to read the proposed approach and accompanying information before answering any of the following questions.

We encourage you to give feedback online at [akhaveyoursay.nz](https://akhaveyoursay.nz), or you can:
