Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
Played a lot of mini golf and the like. Many years ago I started to take up playing golf and purchased a second set of clubs but found playing golf a little to expensive and very much time consuming when I had a young family.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? Some of these clubs have long leases which do not reflect the value of the land. Auckland has too many golf clubs so there should be some reduction in the numbers and better use made on that land.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Partially support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above?

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Partially support

6. **Shifting to sport and recreation for all Aucklanders**

Golf is not a sport for everyone so targeting certain sectors of the public will not work. There would be those who would utilized more public courses if they were available but the courses would have to be strategically placed.

Now we have a few questions about you and golf. Which, if any, of the following golf formats do you play?

Mini golf	
Starting New at Golf	
Driving ranges	
Golf simulators	
Introductory golf	
Short and fast golf	
Development golf	Yes
Advanced golf	
High performance golf

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Partially support

Do you have any comments about your response above? I only support this if the golf courses remain open green spaces. I am very much against any plan that builds houses on them. We need those green spaces in the city, especially with building being intensified.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? Just keep them green

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
I don'tknow

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

My main concern is that this land will be sold off by Council for housing. With housing intensifying in the suburbs we need these green spaces more than ever. I do not support this plan in any way if that is to happen - even if only part of this land is

I think the draft plan is overly idealistic and politically correct. If golf courses aren't being used by a sustainable number of people then close them and use the land differently. Or if Council cannot afford to run so many courses, then strategically c

Specialised management is required in many sports and more so in golf, specialisation comes at a higher cost. There are already sporting environments maintaining and managing change and growth. EG Pakuranga Rugby Sports Club in East Auckland.

New Zealand is recognised world wide for it parks, reserves and sporting facilities and as such is the envy of many countries. Such facilities and structures should not change especially golf courses and other open spaces dedicated to sport and recreation

I partially support on the shift to a broad golf service offering, as long as it is user pays and not funded by ratepayers.

I partially support sport and recreation for all, as it will be expensive to develop and maintain and may only benefit immediate l

I do not play golf and am not interested in it (although many in my family play both regularly and not), but I would hate to see our public golf courses sold off for development when we already do not have enough green spaces.

Golf land should be supported at a similar area to usage ratio as other recreation. Currently the use of public land for golf comparted to other recitational facilities is huge.
