Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? I support outdoor recreational activites

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**

Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**

Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**

Support

Do you have any comments about your responses above?

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**

Partially support

6. **Shifting to sport and recreation for all Aucklanders**

Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

Partially support

8. **Shifting to best practice in ecosystem management and biodiversity conservation that meets clearly defined target**

Do you have any comments about your response above? I think that making room for more inclusive public spaces for recreational activities such as bike paths and such is great!

A lot of kiwis and working families don't get to use the vast spaces set aside for golf-fees are costly and creates the feeling of being shut out while your taxes are contributing to maintaining the land. It's honestly a waste if most of our communities are barred from using it. Because only a small group of people use the huge spaces, why not repurpose the land for affordable housing or parks and playgrounds so more of our community can benefit from it? There really is no need to have so many golf courses. You only need to see in the last 10 years that for many working and middle class people, pay has risen by a few dollars while house prices have doubled or sometimes tripled.

Repurposing hectares of golf land used only by a handful of people into something everyone can access would only benefit Auckland.

Thank you for taking this into your consideration.

Please work where possible to retain green spaces and avoid overdeveloping without housing. I support initiatives that increase biodiversity and access to parks and spaces but not infill with housing or other developments. It's important to increase density around but not within green spaces

Please think long and hard and don't blow it!!!! Green space is immeasuarbly precious to our growing city. Adding value by opening the spaces up to all Aucklanders and making sure people actually know they exisit is great - I had no clue about the location of most of the golf courses and the ones I did know about, I assumed were private member only places that I couldnt go and walk around on for example. Enhancing these spaces environmentally is also great - but concreting over them and building houses - is not! There are other ways to solve the housing crisis and the gap in the Auckland Council Budget without sacrificing our parks, sports facilities, open spaces and recreational areas. Thanks for the opportunity to comment on this draft plan.

the reason that most people don't like bureaucrats or those that work in councils is that all you do is waste money on crap people don't need, then hike the rates the next year when you blow through the budget. spend the money where it is actually needed. its pretty simple. Auckland doesn't need slightly different green spaces. Auckland needs investment in infrastructure for the future you dimwits

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
I don't know

Do you have any comments about your response above? Its really interesting at the amount of Golf Courses in and around Akl Isthmus

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Partially support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above?

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Support

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Don't support

Do you have any comments about your response above? It seems as though this is just golf courses being targeted here. If all sports grounds were being looked at in the same way I would be more supportive. Soccer fields are not touched Monday to Friday but overwhelmed on weekends. These could be used for the development suggested much more easily than golf courses that are used daily. As stated on Page 5 of the plan There is competition over access to open space and some Aucklanders are

missing out. Opening publicly-owned sports grounds to other users with new play spaces,walking, running and cycling paths and other sport and recreation activities would be ideal. Especially soccer fields.

In this way all Aucklanders will benefit from increased equity, participation and environmental outcomes (Pg 6 of draft plan)

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

The Auckland Golf Investment Plan is basically flawed. I do not play golf but I hate to see the players discriminated against. Review all sports grounds or none at all.

Do you have any comments about your responses above? Retention of purpose of golf courses, i.e. they should be treated as sought-after amenities which most cities / countries would admire.

Some effort may need to be put in to increasing the attraction of golf courses to a more wide range of participants.

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Support

6. **Shifting to sport and recreation for all Aucklanders**

Do you have any comments about your responses above?

I don't play golf, but would not like the implications of the fourth shift above to mean more power in the hands of the Council to choose an alternative use for any golf course/s.

Now we have a few questions about you and golf. Which, if any, of the following golf formats do you play?

Mini golf	
Starting New at Golf	
Driving ranges	
Golf simulators	
Introductory golf	
Short and fast golf	
Development golf	
Advanced golf	
High performance golf	
None of the above but I would like to play golf	
None of the above	Yes
I don’t know	

Other (please specify):

How often do you play golf?

What, if anything, stops you from playing golf?

The cost / it's too expensive	
I don't have anyone else to do it with	
I don't have enough time / it takes too long	
I don't know where or how to start	
I don't feel like the golf experiences offered are relevant to me	
I don't have the equipment	
It's at an inconvenient time for me	
I feel intimidated / I don't feel welcome	

Transport issues / the facilities are too far away

Do you have any comments about your response above? There is not enough information to be able to make an INFORMED answer. As a person do has lost out with the closure of the Waitakeres and other areas for walking based on a poorly prepared and bias report I would hate to see others meet with the same fate. The wording at the beginning of ther survey has the feel that it has been "spin-doctored"

Our city, which I use to love, is becoming rather ugly as we loose more and more green and gain more and more concrete, it is disgusting!

These Golf courses are an amazing asset for Aucklanders & should be retained. They are also a haven for a large diversified range of wild life & the Green Lungs for the City

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Don't support

Do you have any comments about your response above? As it is, the environmental targets are too vague and high level. It doesn't state how people conducting other activities (e.g. neighborhood walking) will be able to access or use the land. I don't support using green space for housing. We need green views and large trees within the city.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? I support the objectives but not the strategies to achieve them. BTW - how will rugby fields be changed to achieve these objectives as well? Huge investment in these but a narrow section of society playing and grass is (1) hard to keep (2) doesn't support

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Don't support

6. **Shifting to sport and recreation for all Aucklanders**
Partially support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

Partially support

8. **Shifting to best practice in ecosystem management and biodiversity conservation that meets clearly defined target**

How will you enable transport to full golf courses if you shut down those in the inner city??

All that is needed are loop tracks around the courses to give access to walkers / cyclists, and more native trees supporting birdlife.

Waaaay too much money being spent on this. We need better development for housing, not plans to reduce green space. Currently too many shoddy and poorly planned infill developments ruining neighbourhoods.
