Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Support

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

I don't know

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

How on earth do you think people are going to be able to absorb such a phenomenal rate hike? We are already struggling. Why can't you look elsewhere to save costs?

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

For each of the above I do not support reduced funding. This is not effective. Things like not funding pest control can easily end up being a bigger cost later due to lack of funding. Better thought should be given than to just reducing funding. Finding more cost effective ways to do the same should be a priority

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Your rates are already astronomical, you should be more open and honest about your use of expensive contractors and what you pay staff particularly key personnel

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

This is a stupid question. All these areas need to be maintained/managed, making people prioritize them is short sighted as all of them interact

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Supporting

businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

#54

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

The current average residential rates bill is $4069 and the real increase since 2022 has been 30 percent while cumulative inflation is about 12 percent. The proposed increase is not affordable for households and is incompatible with responsible budgeting.- I support significant reductions in expenditure on corporate and backroom office functions across the Council and CCOs and a reduction in consultancy and professional services. The briefing notes that consultants cost about $126 million annually across the Council group with the Auckland Council parent accounting for a large share and staff on six-figure salaries increasing substantially. Reducing these costs is essential

to constrain rate rises.- I support cancelling the Food Scraps Programme which costs $36 million per year and reportedly emits more carbon than it saves. Redirecting these funds to essential services would better serve ratepayers.- I support freezing staffing and/or reducing payroll costs by not hiring for vacant non-essential roles which the briefing suggests could save at least $17 million immediately.- I support cutting Māori-specific spending such as the $10 million per year spent on the Maori Outcomes department (Ngā Mātārae) arguing that this is not a core local government function.- I support the Ratepayers' Alliance Alternative Budget: reduce new Council spending by $150 million (2%) cap the average residential rates increase at 3% and prioritise statutory and essential services over discretionary grants achieved through targeted reductions in personnel costs consultants spend contract renegotiations and vendor consolidation.- I also request consideration of removing power from Auckland Transport to better align with core statutory responsibilities and reduce duplication of functions.I would prefer to present these points in hearings if given the opportunity but I do not wish to speak to my submission at a hearing.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I don’t agree with any I do the above proposals., Rate an payers are being used as a cash cow for unnecessary projects.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing

services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

I don’t know

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

I do not support reducing any of the above, However I do not support new initiatives ie skateparks etc. Funding should go to maintaining the existing amenities as many of these are in disrepair.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Parks - please keep our green spaces, once gone we cannot get them back. I would support Transport but as it has been a abysmal fail so far I have no faith in Auckland Transport to get anything right.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.,Other (please specify):Bring back cars and parking, ha be not been to the city for over 5 years, feel extremely unsafe and as public transport is such a fail I would never contemplate using it.

Annual Plan 2026-2027

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Living on the North Shore, we are being taxed/rated to provide for all the councils pet projects, most of which do not cross the harbour to give us any benefit. The CRL is being pumped as propaganda, but we have no connection to it. A new harbour crossing is not discussed and what benefits it could bring to the city if it is planned and implemented correctly. The plan states that the council wants to develop and expand open areas and sports fields, yet they are flooding the Takapuna golf course. More than 1/4 million residents do not get any benefit from the extra taxation.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

More than 1/4 million residents do not get any benefit from the extra taxation.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don't know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

I don't know

G. Reduced funding for parks volunteers.

I don't know

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I believe all of the priorities are essential to making the local board area attractive to reside in. Reduction of these services is a step backward.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Transport. Auckland city is grinding to a halt. There is no world class public transport city wide.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow, Other (please specify):Getting to and from the city centre. There is no easy to use public transport.

Annual Plan 2026-2027

#71

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

The increase in rates on the North Shore to help with the costs of the city rail link doesn't make too much sense, when the options for transport from the North Shore to the city and beyond are very limited.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

I don’t know

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Reduced funding for environmental restoration, pest management and waste minimisation seems to go against all previous sustainability endeavours.

The reduction in planting of decorative plants is a great idea - they look great, but they seem to get planted and then taken out a week later -what is actually happening to them - seems like a great waste of money.

Reduced funding to organisations that deliver support for seniors, youth and community wellbeing seems like a massive step backwards as people struggle more to make ends meet - taking away any social support surely cannot be a good thing for the wellbeing of the groups that need it most or the groups that provide it.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Improve the infrastructure so that it can cope with the more frequent occurrence of flooding. People should be able to feel safe that the drains will be able to cope. We should also not have to stay away from our beautiful coastline after every rain fall as the overflow of waste into the sea is far too frequent and not good enough

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces

work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

#97

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

support and understand rates rise (firmly against caps on rates)

- support, broadly, the priorities of transport, water, and local boards

- landing the change to transport CCO and the CRL opening

- I wish the plan had more emphasis on zoning for density near public transit and making it easier for stuff to get built

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I support this plan.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

I gave this feedback last year – the plans are a bit vague. There's no indication as to how large a lever any given service level reduction is. If I were to say for or against event funding, there's no indication how much that moves the needle. It is hard to give feedback.

That said, I support the parks management plan and the Takapuna Library (reducing library hours seems bad while simultaneously making the library a better place, FWIW). I oppose 139 Beach Road. I support the pool and playgrounds.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

I don’t know

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Reducing maintenance is a bad idea because it just increases costs later – that is literally how all of NZ ended up in an infrastructure deficit. Stop doing that. Instead, divest of assets that have an operational expense of maintenance. Otherwise the board is just holding on to assets that are worth less and less as they aren't maintained – it is the worst of all worlds. So I oppose anything that looks like it reduces or limits maintenance. But I also note that divesting isn't considered here.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

The Tūpuna Maunga is very vague and glosses over the actual projects. Maybe that's because that's not what this is about, but it seems like a missed opportunity for Aucklanders to have a say, pro or con. There's lots of maintenance and facility refreshes happening in/around the Maunga – why not talk about them?

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

I it was hard to rank growth/infra planning vs transport. They go hand in hand. But I think of the things that unlock other things. Investing in smart growth and infra, walkable/bikeable centers,

regional transport – these are the things that unlock the density and tax bases which helps cover investment in parks, recreation, events, economic development, etc.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

tomuch plans spent on new infrastructure and too much on transport thats not fully defined eg bike lanes

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

poor how come new development levies have not covered these costs

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

many of these are essential non capital services that shuld be maintained

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

yes too much time spent on grandiose schemes like electric ferries and repainting buses plus crazy real expensive fancy bike lanes In London which has a higher percentage of bike users they dont have that many dedicated bike lanes instead they share use the bus lanes As I bike rider and dual resident tI FIND THESE WORK WELL THE PT. CHEV ROAD BIKE LANE COST A LOT OF BAKED BEANS AND IS/WAS SO UNNECESARY - THEY SHOULD of learnt from the wasted Northcote Point bike lane to a ferry that rarely runs DUM and Dummer

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

PLanning and Infrastructure as these affect us and our childrens future plus the viability of Auckland

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Other (please specify):more green spaces/trees

Annual Plan 2026-2027

#162

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

There is not enough investment into the water and infrastructure upgrades needed to support all the high density development springing up all around Auckland. Flooding due to poor infrastructure but hugely increased population is a real issue in many areas you have not recognised.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I am against it - why increase rates AND charge fees. Do things smarter without all the ideology of try to get people out of cars and on to the poor (very slow!!) public transport system. People who don't work for the council actually have real jobs and are busy, especially people with children who can't use the 'buses'. It's shocking how out of touch the council workers are.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna,Hibiscus and Bays,Rodney

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Hibiscus and Bays Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to fees and charges?

A. Supporting further protection of our sea, soil and fresh water from contamination and sedimentation, through increased monitoring and extending projects such as local stream restoration including the Weiti River.

Support

B. Supporting community access to a wide range of recreational opportunities through investigating new capex projects such as outdoor court provision and increasing support for indoor court provision through facilities grants.

Support

C. Creating safer town centres and other public spaces through actions such as an increased support for community safety and placemaking.

Support

D. Ensuring Hibiscus and Bays is welcoming and supportive for all through collaboration with a broader range of local residents and an increased focus on inclusive design, so it is accessible and usable for people of all ages, abilities and backgrounds.

Support

E. Introducing changes to a range of fees in pools and leisure centres, including casual recreation, dry and aquatic group fitness and pool lane hire to better align fees across our sites.

Support

Tell us why (please be clear which priority you are talking about)

The whole community and Auckland benefit from better public spaces, sports facilities' and more welcoming, useful public spaces to gather. It reduces social issues and improves community well being which, in turn, creates a more positive place to live = productive society.

Rodney Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Infrastructure and making creating better community facitilies.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Reducing current service levels when the current service is already lacking. I am not happy my rates will increase but service levels decrease.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

I don’t know

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

For the good of all the community

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Fair enough

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Again for the best of most people

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

I don’t know

D. Reduced budget available for contestable grants.

Other

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Other

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

Balance is about right

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I think we pay for enough

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Roads and footpath

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Its a reasonable solution in terms of overall budget to the issue of the CRL cost blowouts which are a result of Council procurement and pricing incompetence.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Why is the Waitakere Rural Sewerage scheme in the annual plan? Is this not an IGC matter?

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

I don't know

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

The priority must be core functions only. AT not in touch with what ratepayers want.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Far too high increase. Should mirror inflation.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Not enough emphasis on core functions. Now not the time for funding events .

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Funding other organisations is for the ratepayer to decide individually I give donations to organisations i support. Not the role of Council to give my compulsory rates to other organisations.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Water roads parking rubbish collection

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Local boards need more funding for the community assets. Reducing local board BUDGETS DOES NOT help them respond to community needs. It restricts their ability to respond. I oppose selling assets to cover Council blow out. Limit other vanity projects.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

The proposed reductions affect viral projects. Mire funding us required

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

See above

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

More local community input is required fir the Maunga. Not viable to have overseas board members determining the maunga

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

#374

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

As a pensioner couple (wedding anniversary yesterday, 47 years) we are struggling somewhat to deal with the near $6,000 pa we pay now. An increase, as proposed, to $6,509 will just add to our stress - and for no improvement in any services.

NB: the CRL is irrelevant to us personally.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

The current rubbish bin systems seem to work well enough - don't muck around with it.

Food scraps - we compost so it isn't needed, however the small inner bin is used to collect kitchen scraps - a one off payment would be fair for that, not an ongoing charge.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

I appreciate the cost challenges facing our council but those challenges are shared by us all. Reduction of service costs must be prioritised to non-essentials first. Note that Devonport is on the Aroha Trail and popular with tourists in general. Rusting railing supports along our city-side waterfront are an embarrassment that must be fixed asap. A fallen slab of concrete at the eastern end of Cheltenham Beach is another example (literally passed by every Aroha Trail walker).

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Essentials first (such as examples described already), parks and pest control next, local events where and when possible/affordable.

Reduced library hours would be a shame, but acceptable if minimal.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Many of us agreed to rates increases that are based on inflation. That hasn't changed.

When seeking more, the council must realise that ratepayers will look at all costs including the salaries of CCO senior management.

Also, I note that our Maori citizens are given exemptions - why?

Finally, I support the proposals (from Act and others): the GST that's added to bills we pay to Auckland Council should be forwarded to Auckland Council. Those much-needed dollars should stay here, rather than going to Wellington.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

We keep hearing that projects, housing infill, transport and infrastructure developments are uncoordinated, frequently involve consultations at significant cost, and can even involve groups based on culture/racial identity.

It seems, even if partially true, to be very inefficient.

Information provided via the media is sometimes misleading or erroneous as well.

Example: the NZ Herald recently printed an item about the forthcoming e-ferry for Devonport/City route. They stated that it had arrived last month. In fact, we looked it over last year when moored at the Viaduct. Who would order a multi-million dollar ferry to be delivered long before the required charging infrastructure had been built? This sort of service (transport) is really important; I'd like to see AT do much better. Please remember also that Devonport is a rather special heritage area of Auckland, enjoyed by locals and visitors alike - it must be protected and enhanced with all due consideration, but please also remember that many of us who have lived here all our lives and played our roles that we are not money-bags to be raided either. Quite the contrary.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.,Other (please specify):Consider restricting Queen St traffic flows to across it, not along it - so East/West, not North/South. This would encourage interesting pedestrian areas to develop. - notable in some European cities already.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

The 7.9% rates rise is mainly due to running and owning City Rail Link. While City Rail Link does not run in the North Shore, rates in North Shore should have lower rates rise.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I generally support these changes.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Devonport-Takapuna Local Board is proposing to reduce funding in all aspects. While I understand the aim is to reduce costs, I strongly disagree to reduced funding to environmental programs including planting, pest management and flood resilience.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

8. It is really important to keep the funding to support environmental restoration, planting, pest management and waste minimization to combat climate change and preserve biodiversity

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Improving drainage and reinforcing slopes to avoid future mud slides like that in Mount Maunganui.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

#518

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

7.9% rate increase overall for Auckland - where the CRL does not deliver anything for the north shore. The plan mentions frequent and faster bus services - however I can't see any evidence of this. It also appears that the local board area I live- Devonport Takapuna is the only area that has no money for improvements - it's only asking what we don't want done any longer. Also none of the city wide investment is for this area - however the rates collected from the area is greater per capita- very unfair distribution.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

All again are irrelevant to how and where I live. In an apartment the council does not collect rubbish and there is no street parking - so yes I support user pays for these services

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

There are no options - there is not a section for what you are going to do wit the money that are improvements only options for decreasing services even though our rates increase over 7%. All other local boards are doing improvements.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Other

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Other

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Number 1, 7 and 8: Our natural environment - the plantings of flowers and protection of plants and maintaining our parks is very important to me and I don't want any cuts to this area. 3 4 5 and 6I support user pays for community events or organisations that deliver to specific parts of the community. Library hors being cut I would support if it was days/ times during most peoples work hours eg close on Tuesday and Thursday and continue to be open on the weekend days- as for working people these are the only days they can use.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Other (please specify):Prioritise people from the north shore being able to access the city. All other parts of Auckland can walk, bike hop on a train - however not the north shore

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I like to focus on transport, but am concerned about any proposed water works and the disruption it will cause

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I support residential parking permit fees in specific areas

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

I don't think there should be such an emphasis on the library. I don't use the library and don't know why people do

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

CRL is a flop with unjustified ROI. The plan is essentially to pay for a failed project by harvesting from hard working average person. I dont support this plan and i think its stupid.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

i think these fee changes are stupid with the raising cost of living and inflationary pressure. no wonder kiwis are fleeing out of the country.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

some things are more relevant to certain regions than others

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Again it is more relevant to specific areas than all

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

relevance to our region

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

Reduce the funding with many resources. Nothing more frustrating than a rod being dug up and three months later it is dug up again

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Work smarter - use common sense - get traffic moving

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

as above

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

Mayor Brown states the following:

My expectation is that we keep working on bringing our costs down to avoid further burden on ratepayers, while providing appropriate and accessible support for those experiencing financial hardship.

With that said he wants to continue to increase rates year on year.

Should always be user pays - Charge the people that use the CRL the same as you would charge the people using the Bridge as a newly suggested plan to re-add tolls for a future crossing.

Why should all Aucklanders fit the bill for a Service (CRL) I will probably never use as I live on the North Shore and catch the bus to the city for work.

Not impressed.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

take take take.. Sort out your spending!

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**

- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Other (please specify):Don't frequent the city so don't care so much as for my local neighbor hood.

Annual Plan 2026-2027

#691

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

The CRL is a useless financial black hole which must be canned before it opens. The CRL will continue to suck massive funding from long suffering rate payers many of whom will never use it.

Council bureaucracy is grossly over staffed and out of control. Council under deliverers and over charges. Council bureaucracy works against rate payers and makes life even more difficult for most. Most are not needed. Auckland transport should be canned.

Ongoing rate increases without justification (excess spending on nonsense) continue. Rates are extortionist and tantamount to theft (A 16.7% increase last year on my property translated to more than an $8k increase. Mayor Brown simply laughed when I complained. He now proposes to do the same again to me this year.

Plan 120 is an abomination. It is authoritarian, corrupt and stupid and must be ditched in its entirety.

The destruction of community assets such as the Takapuna Golf course is an outrageous example of council overreach and ********** minded stupidity to ********** with the cost and any real benefit.

Auckland roads are a disaster, full of obstacles and stupid restrictions.

Public transport subsidies burn rate payers hard earned dollars, steal road capacity whilst buses mostly drive around empty past traffic jams facilitated by the council. All transport spending should be user pays. No transport subsidies.

Out of control spending by the Auckland Council and a council bloated bureaucracy does no one any good, it just makes hard working Aucklanders poorer and rate payers victimised. The higher the rates go up the lower the quality and quantity of all services delivered.

The current average residential rates bill is around $4069 and the proposed increase would add roughly $320 for the average household. Since 2010 rates have risen 85% far outpacing inflation and population growth. A more prudent sustainable approach is required.I agree with the need to reduce expenditure on corporate and backroom office functions across the Council and CCOs and to curb consultancy and professional services. The briefing shows Council spending on consultants at about $126 million per year across the group with the average consultant remuneration around $200000. Direct operating expenditure and payroll costs have risen far faster than inflation with staff costs and other expenses increasing well beyond consumer price growth. These are areas where efficiencies should be found before asking ratepayers to bear higher costs.I also support cancelling the Food Scraps Programme which costs about $36 million per year and reportedly emits more carbon than it saves. Prioritising statutory and essential services over discretionary programmes is prudent and freezing staffing or reducing payroll by not filling vacant non-essential roles could save at least $17 million immediately. Reducing spending on consultancy and professional services should be a priority and I support contract renegotiations and vendor consolidation to achieve further savings.I oppose ongoing spend on Māori-specific programmes such as the $10 million per year allocated to the 'Māori outcomes' department (Ngā Mātārae); I question whether this is a function of local government. The Ratepayers' Alliance Alternative Budget suggests cutting new Council spending by $150 million (2%) enabling a cap of around 3% on rates while preserving essential services.Last year I faced a 17.7% rate increase despite receiving services I consider subpar. This feels unjust and unsustainable. I urge the Council to adopt a more restrained financial plan that prioritises core services and genuine value for money.I do not wish to speak to my submission at a hearing.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

They suck big time. I totally object to any rate increase. Cut out council wastage and profligate spending on nonsense and post a rate decrease. I am not receiving value for my rate dollars.I totally disagree with all suggested council spending. So far as rates go the 8.8% proposed increase on my property follows a 17.6% increase last year, this is an outrage and grossly unfair. So much so it is tantamount to theft. The council promises stuff and wastes my money on things I don't want and don't need for example more road potholes and more speed bumps plus other road obstacles. The proposed destruction of the Takapuna Golf Course to create a fetid swamp achieves nothing and doesn't even address the cause of the flooding issues used to justify the vandalism simply takes the cake,

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

Another wasteful invisible elected capable following bureaucracy orders with a woke DEI agenda spending my hard-earned rate dollars to make my life even more difficult.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Other

B. Reduced library hours over 7 days.

Other

C. Reduced local board funding to local organisations that deliver local events.

Other

D. Reduced budget available for contestable grants.

Other

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Other

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Other

G. Reduced funding for parks volunteers.

Other

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Other

Tell us why (please be clear which priority you are talking about)

Council should deliver only core services well (nothing else).

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Eliminate all ideological spending initiatives, eliminate all subsidies paid and remove all woke, DEI and race based initiatives. Close down Auckland transport.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Reduce rates and focus spending on core services only. Make public transport 100% user pays (no subsidies). Stop vandalism of the road network (remove speed bumps and other roading obstacles, ridiculous speed restrictions, bring back stolen carparks etc)

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces

work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Other (please specify):Focus on core services only

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

I don't know

Tell us why

It's already expensive for household additional increase rates will make life a ********** in Auckland.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Adding cost to Auckland residents are not the way to get finance. Improve financial management, stop wasting rate payer money

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Due to poor accounting and financial management Auckland council is not able to handle the budget. improve so that you may not need to punish rate payers by increasing rates

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

#736

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

There are a number of areas of the annual plan which I find concerning:

- The planned residential rates rise of close to 8% & commercial rates rise of around 9%, on the back of recent high rates rises & in a context of increasing cost of living relative to incomes.

- The lack of a plan for significant transport infrastructure investment in the Rodney area (particularly Kumeu-Riverhead-Whenuapai), where the population has grown strongly in the past 10 years.

- The small amount of money allocated to the Devonport-Takapuna local board, relative to other local boards, although this area has a high population & is a significant contributor of rates (with high property values).

- The fact that the primary reason given for the high planned rates rise is funding the CRL, and residents of areas of the city that will see no or minimal benefit from this project (such as the North Shore, which doesn't have rail services) also need to contribute to this.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I am against the planned universal residential rates rise of close to 8% & commercial rates rise of around 9%, on the back of recent high rates rises & in a context of increasing cost of living relative to incomes.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna,Rodney

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

I believe that the Devonport-Takapuna local board has not been allocated a fair share of funding, relative to it's rate base, in the proposed annual plan.

I don't agree with the changes (reductions) to services planned for the Devonport-Takapuna area, when this area would have some of the highest individual rates bills of any area in Auckland & is not benefiting greatly from the CRL, where a lot of spending is apparently going.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I believe the rate base in Devonport-Takapuna should be able to fund these things. The issue seems to be that money from residents is being used to fund projects in other areas of the city, which will contribute no or minimal benefit to those living in Devonport-Takapuna.

Rodney Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

The Rodney local board area (in particular Riverhead-Kumeu-Whenuapai) badly needs improved transport infrastructure & more public transport, to reflect the increased population in this area. There is no mention of these things in the proposed annual plan.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

The Tupuna Maunga Authority operational plan is very non-specific around what is planned for the over $140M in funding allocated. I believe more transparency & opportunities for general public input should be provided, given that some of our rate money is being spent here.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Ensuring adequate services (infrastructure, public transport, schools, water / wastewater) are provided to areas where population has grown or is growing fast (e.g. Northwest Auckland).

- Looking at ways to better spend locally generated rates locally, to ensure residents get value for the rates they are paying (e.g. within the same local board area).

- Working towards a development model for Auckland where people don't all need to commute to the city centre for work (e.g. regional centres at Takapuna, Albany, Westgate, Manukau, Botany), with a wide range of jobs & services available in all these hubs.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city

centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

#749

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Increasing rates to finance the City Link is not good. The increase of 7% is also way too large.

The price of tickets in NZ is already one of the highest in the world for public transport.

The service is not as frequent as most other modern cities that have extensive public transport.

What you need to do is divert rampant road construction/renovation spending towards public transport and tax people who choose to drive to work when they don't need to.

This will encourage more economical modes of transport, reduce pollution and decrease the need for heavy spending for road maintenance.

Every morning I can see hundreds of cars not being able to use T2 lanes which just shows how many people choose to use road instead of public transport.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Bin exchange price is too high. It should be free unless it's used multiple times.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

I want you to build Transport that is NOT based around cars! More cycling options, more public transport.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces

work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

The rates is not value for money. These is no justification to keep increasing year in year out.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Unacceptable to have increase. Not value for money for the services delivered.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

It appears to me that the majority of local boards are improving the facilities and services they provide where the Devonport-Takapuna local board is reducing expenditure on existing facilities and services. Our rates are estimated to increase by $880 for the next fiscal year, as all others are likely to also increase by varying amounts.

More money for reduces or less services.

Is this any way to run a business?

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Rates continue to increase and the level of service and facilities are reducing.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Where the majority of other local boards appear to be increasing the level of service they offer their ratepayers the Devonport-Takapuna local board continues to march in retreat of improvements.

Rates continue to increase at a rate higher than inflation or wage growth and the services are reduced.

if I ran my business like this I would soon have no clients left.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

I believe the Auckland Council must focus much harder on containing costs. Rates rises have well exceeded inflation in recent years and ratepayers can ill afford this, particularly those on fixed incomes like pensioners. For a start, Council should slim down its employee numbers and contain salaries more effectively. As to particular expenditure issues, it has been evident for several years that spending has been out of control on nice to have projects. These include:

(i) Huge expenditure at $300,000 a time on raised pedestrian crossings that I would find it hard to believe have saved any pedestrian lives.

(ii) Huge expenditure on cycle ways which in many areas are barely used, e.g. Lake Road between Takapuna and Devonport, The few cyclists who use this road generally ride on the footpath.

(iii) Huge expenditure remaking footpaths that as a 2-hour per day walker I know are OK.

(iv) Beautification or amenity projects like high expenditure remaking of tracks on Mt Victoria/Takarunga in Devonport.

(v) The massively costly food scraps recycling scheme which causes much more environmental and emissions impact than if it were not done at all. This must be stopped.

(vi) the unbelievable orange cone racket with minor road or drainage etc repairs which involves hundreds of cones when a tenth of the number would do, plus several traffic managers who stand or sit gazing at their cell phones all day on quiet roads that have almost no traffic. Even on busier roads there are far too many of these unemployed absorbers of ratepayer funds.

I could go on at length. It is simply evident that the Council exerts no control over expenditure budgets. Many many people complain of issues such as I have raised above. If there were a rates revolt it would not surprise me.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Look to contain Council costs before dumping more on the ratepayer.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Insofar that most of these cost cutting I support them. This Local Board is getting minimal investment this year so it only increases my objection to a 7.9% rates rise. Lake Road is increasingly congested with housing developments in the Hauraki (Eversleigh St), Bayswater and Ngataringa (Ryman complex) areas. The previous traffic investment plan came to nothing except work on pedestrian safety and cycle lanes. Yet, the Council is spending millions on unnecessary footpath and other works in our area as noted above. I struggle to find words to describe my frustration at all of this. Please just focus on water and roads and dump all your green projects. The Earth is not in a state of climate catastrophe and will not be.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

The library performs a great service for Devonport and is well patronised. Please do not reduce its hours. Some other initiatives above eg 1, 7, 8 can be undertaken without any loss of service - just ensure that these services are delivered more efficiently than at present.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.

1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Water supply and sewerage, roading improvements not specifically directed at saftey like the raised pedestrian crossings. These are necessary to handle growth Reducing waste is good and the rubbish collection system works well, but please drop the costly and wasteful food scraps recycling scheme.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.,Other (please specify):Car Parking availability and pricing

Annual Plan 2026-2027

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Council cannot be trusted on rate increases. This year we had an increase of over 20% - this for a property where improvements have not changed for 20years. Latest improvements value show $400,000, up from $50,000! If this is one of the effects of intensification then more houses is penalizing long term residents.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Waste disposal charges have been lumped into rates rather than user pays. Obviously it's probably cheaper for council admin,

There is now no incentive to reduce waste disposal. Flat charges through rates benefit high waste generators but penalize low users.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

As an 83year old, most of the proposals will be of no benefit. I don't ride a bike or scooter, play or watch sports or use public transport. I will never use the CRL.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

I don’t know

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

I don’t know

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

Everyone now has an expectation that everything is available 24/7. In reality this is expensive an in many cases unnecessary - e.g. libraries.

The things that need to be available include emergency services to cope with accidents and disasters.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

There is no logic in valuations.

Why is there an apparent drive towards expansion in Auckland. The city infrastructure can't support existing population. Immigrants (including a corrupt segment if the Herald is to be believed) can arrive in a short time frame but the infrastructure takes decades to catch up.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Planning & infrastructure - current plans seem to turn local streets into parking lots to the extent that some streets are reduced to single lane.

Vehicles and people need to be separated on Kitchener Rd, Milford

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

#910

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

The biggest priority has to be to protect our waters and the environment for today and future generations. Fixing waterways and Public transport is part of this. Investing in local community facilities like sports centres and pools provide activities for all and promotes a sense of belonging, preventing youth to go in the wrong direction.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Yes especially parking fees should be dramatically increased in congested areas where public transport is available.

Extra tax revenue should be charged from less community desirable shops such as liquor stores, fast food, vape stores, ...

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

More should be done to improve cycle lanes, road safety for pedestrians and cyclists. There are hardly any crossings on Kitchener road between Milford and Takapuna despite children having to cross the roads to access bus stops. Very dangerous to do in the dark.

More should be done to keep the ocean clear of sewage.

There should be more bins available.

The council should clean the drains and prune trees that are too large and cause danger in residential streets.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing

services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

I don’t know

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I would rather pay more in tax to keep these services that are important for the community. Revenue can be raised from other areas eg congestion charges, bridge toll charges, parking, levy on vape and liquor shops and fast food restaurants, higher entrance fees for pools and community and sports centres, rental for market spaces, turn Takapuna camping ground into a restaurant (charge rent) and recreational area.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Get the basics right first. We can't afford not to look after our existing stormwater systems before even considering expanding.

Auckland should learn from Europe regarding local transport. Eg Stockholm and London had no cycle lanes 20 years ago. Today there are cycle lanes everywhere and people use e-Bikes and bikes to get to work. Congestion charges have helped to pay for infrastructure.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Stop the cost increase rout.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Albert-Eden,Aotea/Great Barrier,Devonport-Takapuna,Franklin,Henderson-Massey,Hibiscus and Bays,Howick,Kaipātiki,Māngere-Ōtāhuhu,Manurewa,Maungakiekie-Tāmaki,Ōrākei,Ōtara-Papatoetoe,Papakura,Puketāpapa,Rodney,Upper Harbour,Waiheke,Waitākere Ranges,Waitematā,Whau

Albert-Eden Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

2. What do you think about the proposed key areas of additional investment and changes to services, fees and charges?

A. Restoration planning for Waititiko / Meola Creek, to leverage the improvements in water quality that will be achieved through the Central Interceptor.

Do not support

B. Investigating how to respond to future growth expected in our area.

Do not support

C. Trialling free off-peak access for Gold Card holders to swim at Mt Albert Aquatic Centre.

Do not support

3. Kingsland Business Society Inc is proposing to expand the geographic boundary of its Business Improvement District programme to include areas around the north end of Morningside Drive, and to increase the amount of targeted rate funds to be collected from $245,000 to $370,000 per year. If it is successful, ratepayers of business properties located within the BID expansion area will be required to pay the associated BID targeted rate. Do you support this proposal?

Do not support

Tell us why

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

Aotea/Great Barrier Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

Kaipātiki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Do not support

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.

Do not support

B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Do not support

C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.

Do not support

D. Increase pools and leisure fees - Increase fees and charges by $1 for "Plus" services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.

Do not support

E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).

Do not support

Tell us why (please be clear which priority you are talking about)

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

4. Overall, how do you think the local board should address the cost increases?

Reduce current service levels and/or increase fees and charges for those services

Manurewa Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita

they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

2. What do you think about the proposed key areas of additional investment?

A. Allocate up to $1.5 million of funding to support delivery of the Manurewa War Memorial Park multi-sports pavilion.

Do not support

B. Deliver a new multi-cultural initiative that responds to demands for increased ethnic engagement.

Do not support

C. Develop a civics education initiative that helps people understand the role of local boards and how they can get involved.

Do not support

Tell us why (please be clear which priority you are talking about)

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. Stop shoving your hands further and further into my pockets.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Do not support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Do not support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Do not support

Tell us why (please be clear which priority you are talking about)

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Do not support

Tell us why

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

Ōrākei Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

2. What do you think about the proposed key areas of additional investment and changes to services?

A. Increase community-use sports fields provision either through redevelopment or expansion of our asset portfolio to address the forecasted move of Auckland Cricket into Colin Maiden Park and other demands on our sports fields.

Do not support

B. Increasing investment in restoration and pest-management programmes to grow and protect your natural environment. Our reserves and open spaces are one of the most vital resources in Ōrākei.

Do not support

C. Changing the Meadowbank Community Centre project to a self-funded community centre to capitalise on existing investment and resources.

Do not support

D. Construct a playground Remuera Library to optimise the under-used green space at the side of the building.

Do not support

Tell us why (please be clear which priority you are talking about)

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

Ōtara-Papatoetoe Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

2. Due to rising costs for utilities, maintenance, staffing and other pressures, we must address an increase in the cost of delivering existing services within its current funding. To balance the budget, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $1.1 million capital value based rate charged to all properties (this would be around $27 based on average value urban residential property in the Ōtara-Papatoetoe Local Board area) to cover the increased cost of delivering existing services. What do you think about this option?

Do not support

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Do not support

B. Reduce library hours: Ōtara Library, reduction of 4 hours per week; Papatoetoe Library, reduction of 2 hours per week; Tupu Youth Library, reduction of 5 hours per week; Manukau Library, reduction to a 6-day service, close on Sundays.

Do not support

C. Reduce discretionary spending on community grants, community and/or environment projects.

Do not support

D. Increase to fees for “Plus” (spa, sauna, and steam room entry) services by $1 at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

Do not support

E. Charge adult visitors from outside the local board area at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

Do not support

Tell us why (please be clear which priority you are talking about)

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

4. Overall, how do you think the local board should address the cost increases?

Reduce current service levels and/or increase fees and charges for those services

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

The plan requires a 7.9% increase to my rates. The council is a bureaucratic monster that continues to waste money sucking up to Maori and getting their sign-off on everything, even though per capita they pay the least in rates. You can't even fix a bus stop shelter on Lake Rd that has been busted for months. You bunch of ideological woketards. Stop wasting my hard-earned money. Stop shoving your hands further and further into my pockets.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Just the essentials. Nothing woke or race-based.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Other (please specify):Anything but Maori culture.

Annual Plan 2026-2027

#932

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

The cost of the CRL system including the annual operating costs should not be spread over North Shore rate payers as North Shore rate powers will get zero benefit from the CRL. The CRL should also be funded through long-term debt so that the cost of that infrastructure is spread over multiple generations of ratepayers. also the cost increase as a result of government imposed Covid lockdowns should not be paid by Auckland rate payers but by central government (taxpayers of NZ)

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I do not support reduced funding for local activities as I believe more of my rates should be spent in the local area and not to fund white elephants like the CRL which gives no benefit to North Shore residence

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I firmly believe that council should reduce its capital expenditure budget for 2026/27 so as to reduce the increase to know more than 3%. in other words, council must learn to operate within its means just like we all have to.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**

- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Work with the central government to finalise a new harbour Crossing, preferably another bridge rather than a tunnel under the harbour.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for

residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

It would change people's dynamics to change from driving around the city & getting on the CRL to get to places faster!

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Im not too keen on AT but overall im ok with the rest of it

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Ok the questions I answered were about the city & the next question i was asked was which regional did I refer to & there was nothing about the city regional so I put other

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Get rid of AT

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I understand why we are doing most of the things but there must be a better way to fund the CRL than to increase rates in an increasingly expensive market.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Not sure what Introduction of a refuse bin/bag exchange fee means- even after I read the consultation document

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Reduce duplication of expenses within government organisations and simplify processes. I know there will be an initial outlay to bring about simplification and efficiencies but this is worth it in long term gains if done right

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Not focused on key structural investments there are too many community projects for cultural support

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

These make sense, but why are you not highlighting the increased spending on. Non essential projey

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

You plan to reduce these priorities but still spend ridiculous money on speed bumps, raised footpaths and coloured pedestrian crossings

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Making Auckland a functional city

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Council should spend much more on public transport infrastructure, and biking and walking transport options; and less/almost nothing on new roads infrastructure for private vehicles

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I support increased residential parking permit fees as this is a privatization of public land that should carry a high charge

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

I think that planning services are inefficiently run, by people who operate below their pay grade.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

We already pay through the roof

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Don't care about all this **********, it never goes to its intended places

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.

Annual Plan 2026-2027

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

Need to get CRL working for Auckland after huge investment.

Water issues need to be prioritised

Auckland is a big area need to give local boards freedom to sort out the local issues.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

No issues with those proposals mainly for other areas

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

Continue to focus on infrastructure resilience, and transport while maintaining decent level of services

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don't know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Reduce costs e.g library hours, without eating away at the fabric of society, local events.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Focus on building a good base e.g infrastructure and environment, so others can do the more fun cool stuff e.g tourism

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public

spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

It's quickest to list the things I don't agree with first in a numbered list, then follow with the most important positive parts of the plan that I would like to endorse:

1. I don't think moving AT under council control will have any tangible effect on how it operates. It was already council controlled, and had strong political oversight. I don't see any reason to expect that its priorities, planning or execution will change with the new management structure. To me, it's

an exercise in make-work, and a waste of money. Which is ironic, given the Mayor's campaign platform.

2. The local board for my region, Devonport-Takapuna, says that they will stop scheduled maintenance of bush areas, reduce library opening hours and reduce funding for grants, events, volunteers and environmental programs including pest control and waste minimisation. These are all services that I consider vital to quality of life in this part of the city. I think it's irresponsible to be cutting back on any of these areas.

The parts of the plan that I support and want to ensure are kept or strengthened are:

1. I strongly support the CRL and water quality improvements, and look forward to the benefits they will bring. I'm more than happy to increase the rates by 7.9% (or even more) to achieve those improvements. I'm glad to see that the rates increases have been done in a progressive manner, so that more expensive properties have a higher percentage rates increase.

2. I strongly support the increase in parking permit fees. (More on that below.)

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

There wasn't enough information in the Consultation Document to have an opinion on these changes. After reviewing the supporting information:

1. the refuse bin/bag, BID and Waitākere rural sewerage scheme don't apply to me, as I'm not in those areas.

2. I strongly support the increase in parking permit fees. It seems obvious to me that the permit fee should cover the administration costs. If I've understood correctly, this means that the permit fee doesn't cover other costs, such as road construction, maintenance and the opportunity cost of using the space for something else, e.g. green space or a cycle lane. So I would also strongly support increasing them further, to cover the full cost of providing a parking space on public land, and in line with the statement in the document: to better reflect the benefits received by permit holders. Especially for people living close to the centre, there are many other transport options available (public transport, active modes, or even car sharing e.g. CityHop and Mevo...) which all have less negative externalities (noise, particulate and greenhouse gas emissions, injury risk from accidents,

infrastructure costs...) for the city than private vehicles. Parking costs are one way of internalising these externalities, and incentivising drivers to mode shift.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

These are all services that improve the quality of life in our part of the city. I would much prefer to pay more than to lose out on these benefits.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

As stated above, I would like to keep or increase funding for all of these services. However, if the board is unable to achieve that, this is my order of priority. I would most like to retain funding for:

1. libraries

2. environmental restoration, planting, pest management and waste minimisation

3. maintenance for bollards, fencing and bush

4. parks volunteers

5. local events

6. support services for seniors, youths, ethnic communities, sport and recreation

7. The Depot, Devonport Museum etc

8. Contestable grants. (I give this low prioritisation because of the high overhead of writing and reviewing grants.)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**

- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Public transport. My primary concern is greenhouse gas emissions. Auckland's emissions are dominated by transport, and the city was planning to reduce the transport emissions by 68% before 2030. The progress so far is far below that target. Encouraging people to use public transport instead of private cars is the most effective way to reduce emissions.

Besides emissions, there are many other reasons to prioritise public transport:

- cost savings. On the public side, road construction and maintenance for cars is more expensive than increasing the transport system's capacity with buses, trains and trams. On the private side, if people are less car dependent and households can drop from 2 to 1 car per household, the savings are huge (depreciation, parking at home and at work, insurance, maintenance, WoF...)

- improved health from a less sedentary lifestyle, and lower risk of accidents. (Which ends up being another cost saving, albeit for the central government.)

- enabling higher density residential development. (Again, a cost saving for the city in terms of infrastructure and private people in terms of housing costs.)

- reduced congestion means less wasted time, which is both an economic benefit and an improvement to quality of life

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Other (please specify):Safety is important, and probably the one I hear most other people mention. (For me, the city already seems very safe, but I'm a low-risk demographic.) I didn't tick safety because my support for that priority depends on what policies are proposed to address it. I don't think the recent push to move on homeless people will be effective. I like beat police on foot, improved lighting and wrap-around support for those who need it - ideally as prevention before they really need it.

Annual Plan 2026-2027

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

I find it incredibly frustrating as a North Shore Takapuna / Devonport resident that rate rises are going to fund the City rail Link(which does not service or benefit the North Shore) at the same time as local services in our area are needing to be cut due to lack of funding.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

As above, there seems to be a bias against the North Shore and none of the things are relevant to us as residents yet we are funding them.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

I am comfortable with a rates increase where it goes to improvements that are relevant to my local area (or all of Auckland - which the CRL is not). This should have been the case here (meaning services would not need to be reduced) instead of rates increases solely going to things irrelevant to my local area.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

I don’t know

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

I don't know

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

The city rail link does not benefit us all, why are those not benefitting at all paying for it?

We haven't received a pay rise anything like this in the past few years and have had to learn to live within our means, however, council thinks this doesn't apply and just sticks their hand out for more money. In tough times, people learn to spend more wisely. A lesson you guys need to on board.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

I don’t know, but I am getting tired of paying huge rates and then seeing rates that our local area pays spent in poorer areas so they have amazing sports facilities, recreational areas and playgrounds when nothing in our local area has improved at all for years. Our parks look over grown, the grass hardly mown and unkempt

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

I don’t know

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Other

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Other

Tell us why (please be clear which priority you are talking about)

Some of this depends on how much funding you have currently. Some things are overfunded already. Spend wisely!

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland’s future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland’s spatial plan**

- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.

2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Working with the economy to bring more money into Auckland would be a good start. We need to be able to move around the city without sitting in traffic for hours too!

Also, allowing low budget high intensity housing is going to be a scourge on our city in the future. More thought needs to be put into how we intensify. We don't want another leaky homes disaster.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Dear council, thank you for your service and hard work for the last year to help the community running smoothly.

I want to register my opposition to the rates increase due to CRL as an Auckland resident and a rates payer in the North shore area.

I oppose the proposed Annual Plan 2026/2027 on the basis that the City Rail Link (CRL) funding burden is unsustainable, inequitable, and insufficiently justified for many ratepayers outside the rail catchment.

First, the scale of the cost is too great to place on households at a time when many Aucklanders are already under financial pressure. Auckland Council says it will contribute $2.75 billion toward the total $5.5 billion CRL build cost, and that the full annual cost to the council to own and run CRL will be about $235 million per year. Council also states that these costs are the main reason for the proposed 7.9 per cent rates increase for the average-value home in 2026/2027. For many households, that is not a minor adjustment. It is a substantial ongoing burden added on top of rising mortgage, insurance, food and utility costs.

Second, this is not fair to communities on the North Shore, including residents of Sunnynook, who will not receive direct rail access from this project. CRL runs through the central city rail network and does not extend to the North Shore. Even the project's own FAQ says any future extension to the North Shore would be a separate government decision. Asking North Shore ratepayers to help fund a multi-billion-dollar inner-city rail project, without direct rail service to our area, is inequitable. The claimed regional benefits are indirect, while the rates burden is immediate and certain.

Third, ratepayers are entitled to question whether the project and its wider enabling works can be delivered fully and efficiently. The official capital cost has already risen to $5.493 billion, up from the earlier $4.419 billion estimate. The Auditor-General has also said that wider network improvements were required for Day 1 operation, budgeted at about $1.11 billion at the time of review, bringing the total work needed to start passenger services to about $5.53 billion on that basis. That raises a legitimate concern: if a project requires repeated cost increases, wider supporting works, and multiple agencies to coordinate delivery, ratepayers cannot simply be expected to accept assurances without stronger proof of affordability, delivery discipline, and value for money.

Finally, the council has not made a convincing case that the burden is being shared fairly. If the project is genuinely of regional and national economic importance, then a greater share of the cost should fall on central government, project users, or areas receiving the strongest direct benefit, rather than being spread broadly across all Auckland households. For North Shore residents, the proposal effectively means paying more now for a service we may never directly use in a meaningful way. That is not a fair or sustainable funding model.

For these reasons, I ask Auckland Council to reject this approach and either reduce the rates burden attached to CRL, adopt a fairer targeted funding model, seek a substantially greater contribution from central government before imposing these costs on all Auckland ratepayers or maybe simply give up on the project and sell the current government's share in the project, as sometimes the hardest job is to do nothing.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Waitematā

Waitematā Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Dear council, thank you for your service and hard work for the last year to help the community running smoothly.

I want to register my opposition to the rates increase due to CRL as an Auckland resident and a rates payer in the North shore area.

I oppose the proposed Annual Plan 2026/2027 on the basis that the City Rail Link (CRL) funding burden is unsustainable, inequitable, and insufficiently justified for many ratepayers outside the rail catchment.

First, the scale of the cost is too great to place on households at a time when many Aucklanders are already under financial pressure. Auckland Council says it will contribute $2.75 billion toward the total $5.5 billion CRL build cost, and that the full annual cost to the council to own and run CRL will be about $235 million per year. Council also states that these costs are the main reason for the proposed 7.9 per cent rates increase for the average-value home in 2026/2027. For many households, that is not a minor adjustment. It is a substantial ongoing burden added on top of rising mortgage, insurance, food and utility costs.

The Auditor-General has also said that wider network improvements were required for "Day 1" operation, budgeted at about $1.11 billion at the time of review, bringing the total work needed to start passenger services to about $5.53 billion on that basis. That raises a legitimate concern: if a project requires repeated cost increases, wider supporting works, and multiple agencies to coordinate delivery, ratepayers cannot simply be expected to accept assurances without stronger proof of affordability, delivery discipline, and value for money.

Finally, the council has not made a convincing case that the burden is being shared fairly. If the project is genuinely of regional and national economic importance, then a greater share of the cost should fall on central government, project users, or areas receiving the strongest direct benefit, rather than being spread broadly across all Auckland households. For North Shore residents, the proposal effectively means paying more now for a service we may never directly use in a meaningful way. That is not a fair or sustainable funding model.

For these reasons, I ask Auckland Council to reject this approach and either reduce the rates burden attached to CRL, adopt a fairer targeted funding model, seek a substantially greater contribution from central government before imposing these costs on all Auckland ratepayers or maybe simply give up on the project and sell the current government's share in the project, as sometimes the hardest job is to do nothing.

2. What do you think about the proposed changes to service levels, fees and charges?

A. Reduce library hours at Central City, Little Leys, Grey Lynn and Parnell Libraries.

Support

B. Reduce maintenance for bollard and post-and-rail.

Support

C. Reduce community grant funding and accommodation grant funding.

Support

D. Increase fees for adult swim fees at council pools by up to $3.

Support

E. Reduce funding for environmental management activities.

Support

Tell us why (please be clear which priority you are talking about)

Reduce the government's services as I understand it is challenging times. Maybe reconsider on big projects that will further burdens the public in this economic climate.Support

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

Because transportation, water and support for local board are few of the important sources for the community to proceed and move forward in positive ways.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think increases rates and fees for wastes and climate action will help the Auckland to fuher develope in different areas like economics and culture and environment. IThis changes will mostly beneficial to the environment and nature.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

Because the local board options for 2026/2027 are widely spread fairly without leaving out any regions. It is more specific with the area with high population density. I also apricieate the fact that the variety of engaging services and actives in community centre are continuing. Additionally, the local board options will be a amazing plan for upcoming future.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Other

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Other

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Other

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Other

Tell us why (please be clear which priority you are talking about)

Reduction of funding for the environment might lead to lack of attention on our nature habitats. It is important distribute enough fundings in environmental areas.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**

- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Some specific council services I would like the government to review is local parks and community facilities. I really appreciate huge parks with good conditions, activities in community centre and also enjoy going to council libraries. So, it will be a great deal to continue considerung improvements on those services.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

They're all a bit too much.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Sure

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Some of the rates can be extremely high.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Most of them are ok but I go to the library sometimes and I don't want it to close that early. If we don't take care of the environment properly there will be other issues and then you'd have to spend more money fixing an issue that would have been resolved if it weren't for budget cutting.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

I think the economy is the most important thing out of all of the items in the list because it's what matters the most in the long run.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

I think its a great idea because public transport is a very big thing at WGHS and it would promote us in the best way. I also am glad that they are going to help with local communities and we all drink water so its great for everyone.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

That's a good idea because its promoting a better lifestyle for all residents living in auckland.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

because they are making it a better place.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Other

C. Reduced local board funding to local organisations that deliver local events.

Other

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I picked do not support for a couple because I think we should give more to people who volunteer and spend their time helping people

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland’s future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland’s spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

prioritize public transport so kids who cant get picked up everyday can be independent and find their own way home

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I think it is very good especially transport, needs work. Transport even public transport as-well, but our roads need fixing

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think the refuse bin/bag exchange fee is very smart to it lets people recycle. The Kingsland and Onehunga wouldn't specific affect me since im in the North Shore. An Auckland Transport proposal to increase residential parking permit fees in specific areas is not ideal. We want free parking!

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

They have been doing very well to keep our area looking good. Very clean environment and nice new roads.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Looks good

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

I think transport is very important, as a live on shore I need safe roads and places to bike and walk.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

#1395

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I support most of this plan because it focuses on important things that Auckland needs. Investing in transport and water will help the city grow and make daily life better for people. I also think it is good that local boards can respond to the needs of their own communities. Even though the rates increase is not ideal, it helps pay for major projects like the City Rail Link, which should improve public transport and make the city stronger in the future.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think some small changes to fees can be reasonable if they help maintain services. The refuse bin or bag exchange fee seems fair if it helps cover the cost of replacing bins, but it should stay affordable for households.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

I think there was a wide range of local board areas you could choose from which gave everyone a chance to pick somethings, no matter where they are from

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

I don’t know

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Other

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

I think you should keep the library hours the same as they are now, because reducing them would mean less time for everyone to explore and visit the library! Everyone has different commitments so it mean that they need a wide time range to be bale to visit the library!

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**

- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Local Parks!

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city

centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Before costs are allocated to paying parties, have any major cost reductions been planned for the Councils ???

Like reducing the staff by a serious number like 20% - 30%, so who will be left does copncentrate on the essentials .

Lately road works in all type of suburbs are taking place, which are mostly not required - this appears more like how to quickly spent what is still left of the previous year 's budget.

As long as no substantial council costs are being save, definitely a +7.9% (for us 8.5%) is out ragious - especially when looking at the country's economical situation. And when looking a bit further, the world is on the brink of a 3rd WW, but the major seems to be blind ignoring these cirumstances.

With a possible complete revaluation of the USD and related interest rates, this will just as well hit NZ hard !!!

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

A +63% increase for the Resident Parking Permit in the inner city appears to once more to cover its administrative costs - so why not to leave it as it is and set council man power free !?!?

Continuing such cots increases, you will wide out that somebody wants to live in the CBD.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

When there are no funds, you do not embark on big projects but plan for SAVINGS !!!

Overall the councils need reduction of admin staff and learn how to work efficiently.

Having worked over 20 years in Asia Pacific, I can only say NZ has a huge potential in savings, but this requires a major change in attitute !

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

Going for all these suggested cost reductions would not require more than 2-3% rate increases, just to keep things going and that is enough in the present situation.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Build up of the Transport system - the biggest investment.

Is there anywhere a plan to see what is to be achieved in the years 1 + 2 +3 .... ? How else to control what gets promised will be achieved - or will the most disappear in administration ?

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around

	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Traffic Flow is important - have you noticed that there is hardly any green wave for cars ? On many main roads is a constant Stop-and-Go. Consult some big cities which have a proper software on how to have their traffic lights better organized.

At Henderson Park you have 100s of visitors, but no toilet - everybody disappears in the bush and depending on the wind direction, the living neighbors receive the smell !!!

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.,Other (please specify):Do not make it less attractive to live in the CBD by having more and more cost increases

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

I don't know

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Why the ********** would you cut funding to arts & events? ********** no. Also, pest management and waste management is extremely important because those two things have adverse effects on the environment.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

I don’t know

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

This ********** sucks. Do better.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

good plan by thinking about the community alot.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

i think you should focus on the bigger problems like fixing blocked roads.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

traffic in this area is crazy, but is improving.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

I don’t know

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

people should be first, environment can wait.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

economic deelopments because the oild prices and everyday groceries can be so expensive that it makes me want to leave.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I believe auckland is in need for better transportation prices, if they would really like to promote it and create a more eco friendly environment. That is is why I believe thsi proposal plan should really work on this. However, I support all other movments on water and helping local boards respond to the needs of their communities.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I am concerended it may add a financial burden on residents. I suggest that any new administrative fees for refuse services remain minimal to ensure that waste management remains accessible and does not lead to an increase in illegal dumping. Otherwise I believe these proposed changes would benificially help Auckland.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

Although it may increases prices I think they support the community.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

I support the majority of the propsed changes as I believe it will better support our communities needs. However I believe reduced library hours will not benifit most students like my self in highschool or university who spend long hours studing and need quite facilities as sometimes homes are not quite and a good studying environment or it is too far away from say universities, which is my the libraries are more accesiable and need to stay open for longer.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**

- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
6	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Transport and parks

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city

centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Increasing rates once again in favour of City Rail Link will not be favourable or fair to families that do not rely on public transport

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

These will only increase prices for the average New Zealander and make transport more and more unaffordable.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

Devonport-Takapuna LB has lots of facilities to maintain and this funding will be sufficient.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Other

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

The youth, the environment and the artistic community need to be prioritised.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Ways to empower Māori and ethnic youth and improve their opportunities and living conditions.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Does water include flood protection? What about the environment, the arts, sport and recreation - shouldn't these be a priority for Auckland Council?

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think you are missing a trick. You gave up $1m when you deleted late fees for library books, the charge out rate for your halls is less than the cost of running them, there is money being wasted on things like the Milford Beach steps. I want to see expenditure controlled and targeted - a business approach to doing business. Parking fees reduce business - when businesses go out of businesses you get less rates.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

The reductions in funds for Devonport-Takapuna is very concerning, The impact on sport and recreation and the arts will be significant. In Devonport Takapuna there is the Depot, Rose Centre, Lake House and Pumphouse to name a few.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

The impact of cuts to the environment and arts groups will be significant and will disable them from meeting community needs. No one else can meet these needs and there are thousands of voluntary hours that go into these organisations.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

You really need to get real. Charge realistic prices when you can e.g. a hall hire a company paid $72 including GST for a booking from 8 - 5pm, with power and the fan on all day and staff support employed in the office. Stop doing dumb stuff. The steps at Milford Beach are a joke. One set of stairs leads to a big pool of water and rocks (only dogs go down it) and a second set of steps is covered in sand for 90% of the time.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Look after local needs first.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Dot agree with the rubbish rate - solely because we're a very small family and don't require to take our bins out weekly.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Upper Harbour

Upper Harbour Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

A. Reduce maintenance activities may include stopping scheduled work on bollards, post-and-rails, and low-value bush areas, ceasing amenity garden infill planting and mulching, and reclassifying re-vegetation areas as bush.

I don't know

B. Reduce grants funding.

I don't know

C. Reduce funding across all programmes and projects including environmental outcomes, events and activations, cycling initiatives and community outcomes.

Do not support

D. Increase the fees and charges for Albany Stadium Pool: Option 1: Increase casual swim and swim plus fees by $1 (Fees will range from $5.00 - $11.40)

Support

E. Increase the fees and charges for Albany Stadium Pool: Option 2: Increase spectator fee and supervising adult fee by $1 (Fees will become $2)

Support

F. Increase the fees and charges for Albany Stadium Pool: Option 3: Increase spectator fee and supervising adult fee by $4 (Fees will become $5)

Support

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

I don’t know

B. Reduced library hours over 7 days.

I don’t know

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

I don't know

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

B. Reduced library hours over 7 days.

C. Reduced local board funding to local organisations that deliver local events.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I do not support reductions to local events, community grants, local organizations, or arts services in Devonport-Takapuna. Our community needs fair funding to protect participation, wellbeing, and affordable access to local services. People are struggling in all sorts of ways in our fractured society. For me and for many services that help community involvement and connection are not a luxury but a necessity. I.E. Music, sports, arts, gardens, culture etc - all the things that help keep us human in this increasingly digital and divided world.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

I am unwilling to share personal infromation or reasoning any longer no that you are using AI to analyse the content, which is known to halluciante infromation.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

DO NOT CONSENT TO AI USAGE OR ANALAYSE OF THIS RESPONSE

Making people pay more for trash cans and bags will only result is greater litter around the areas where they can't afford it. Auckland Transport proposal to increase residential parking fees is also contradictory. It feels as though they are trying to encourage more public transport, however you are also raising public transport rates, and have been repedately raised multiple times in the last few years. They are getting very. a single ferry from auckland to devonport is nearly 8 dollars (7.80), so getting there and back is over 15$ just for transport, but cars are even more expensive, even after the inital cost of buying the car, insurance, fuel, etc.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

Do not consent to AI usage or analysis of these answers. There are complaints about rising prices, however the human, environmental, economic and energy costs are already known, and only increasing. Choosing to fund AI at the cost of cutting enviromental protection and services, when AI is already destroying the enviroment nesscary to live is not respectable.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Enviromental protection is nesscary for human life. If our enviroment is too inhospital to live in, it won't matter how much tax payer you've saved. It is highly diffucult to restore enviroment once damaged, and very time consuming. Same is true the museum, once pieces of the past are destroyed, there is not much that can be done to save it. These community aspects are essetinal. If you are really interested in cutting costs, many people are rather upset about the constant and seemingly pointless roadworks occuring on well devloped sub-urban areas with no road issues, or even pot holes. they drasctialy increase traffic, and are better spent otherwise

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Do not consent to AI usage or analyasis of these answers.

Protecting the enviroment, eg coastal zones, and reducing waste directly improves health, quality of life, and also helps reduces the risk of floods. Improving the economny is something too far away

and absrtact for most people to care. Nor does an increasing econmoic or auckland growth do much for the indivudal, as homelessness is increasing at a much greater rate.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.,Other (please specify):Enviroment, I would have selected public spaces, however that option is linked with roads, and there are already many pointless road works operating

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I think the priorities in the Annual Plan mostly make sense, especially investing in transport and water because those are really important for a growing city like Auckland. It's also good that local boards are getting support so they can respond to what their communities need. However, a 7.9% rates increase seems quite high, especially for families who are already dealing with the cost of living going up. I understand that projects like the city Rail Link cost a lot, but I think the council should still try to manage spending carefully and make sure the money is being used in the best

way. In conclusion, I support investing in important infrastructure, but I think the council should keep looking for ways to reduce the impact on ratepayers while still improving the city.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think some of the proposed changes to rates, fees, and charges make sense, but it depends on how much they increase. For example, I understand why there might be a fee for refuse bin or bag exchanges, because replacing things probably costs money. However, the council should make sure the fee isn't too expensive, especialy if someone needs a replacement for a reasonable reason. For the residential parking permit fees, I think it's okay if they increase slightly in areas where parking is very limited, but it should still stay affordable for people who live there. in conclusion, I think these changes can be reasonable if they help cover real costs, but the council should try to keep fees fair so they don't become too expensive for residents.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

I think the options for the Devonport–Takapuna Local Board are mostly good, especially if they improve parks, community spaces, and transport in the area. These things make the community nicer and easier for people to use.

I also think it's important that the board spends money carefully and focuses on projects that benefit the most people. Overall, the plan seems positive if the spending is well managed.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Other

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Other

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Other

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I do not support most because the amount of reducing for each different thing is too much, and I believe that we should not reduce all those things =, but only just a few which could maybe be accepted, i.e: Reduced budget avaliable for contestable grants, etc.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Overall, I think the Annual Plan 2026/2027 has some good ideas, like improving transport, water, and community spaces. But I'm worried that the rates increase and cuts to services will make it harder for people to access important things in the community. I hope the council can keep improving the city while making sure residents aren't paying too much or losing essential services.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around

3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

I think Transport is takes the most priority for me because I am a Year 9 High School student, and I take the bus each day, to and from, and I feel that it should be easier and more sustainable for me to take the bus.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

These are important things in oir community. The council is meant to make auckland better for the people, and by reducing things for the general public you are doing the opposite. Things like libraries already have very few hours as is, they close pretty early which makes it hard to study after school. By reducing these hours as well as funding for things that make our community better, we are making our city worse- Where is this funding going instead? Is it going towards the community?

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Other (please specify):Prioritise finding homes for all the homeless people on the streets instead of hiding them alway for 'tourism'

Annual Plan 2026-2027

#1559

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

I don't know

Tell us why

The Plan has a number of changes and cuts that could be made, so it's difficult to say whether I support it without knowing what those would be. In princple, any cuts to services feels like a step backward to me

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think we have a culture of viewing rates rises as something to be avoided. This has resulted in underfunding of crucial infrastructure and services, and a general sense that people are paying too much and getting too little for it. I would support a meaningful rates increase that means our communities can see and feel the benefit of our shared spaces and resources.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

As in my earlier answer, it's not clear what changes and cuts will actually be made, but the idea of losing any of our existing facilities isn't something I support

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

All these services have a positive effect on our communities, both directly and indirectly. It is difficult to measure the benefits of arts engagement, cultural representation, and community participation & connection - all of which are fostered through our local organisations and groups. But these are the qualities that communities need to thrive, and trying to build things back after they've been disestablished comes at both a social and financial cost.

I don't know what the current budget is for contestable grants, but generally support the availablity of such grants.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

This is very hard to answer, and the ranking system doesn't feel right, as all these things are important and for one to work well, they all need to work well. Economic development is of course important, but is contingent on all the other factors.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces

work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Other (please specify):How can we choose, these are all important!

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

I regularly read comments made by the Vice Mayor and Councillor Richard Hills and they come across as fair minded, sensible and community focused. I trust them.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

I follow comments made by some of the members of our local board and they come across as pragmatic and community oriented. I am happy we have some new, younger members with fresh ideas, particularly about environmental issues. I appreciate our funding is limited.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

C. Reduced local board funding to local organisations that deliver local events.

D. Reduced budget available for contestable grants.

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

G. Reduced funding for parks volunteers.

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

I will hardly ever use the CRL, I live on the North Shore and rarely travel to the city, so a rates rise to pay for this doesn't benefit my household. However a rates rise to pay for better infrastructure I would support.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

I don’t know

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

I don't know

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

we gain more then we lose.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think their great especially the Auckland Transport proposal to increase residential parking permit fees.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

I don’t know

C. Reduced local board funding to local organisations that deliver local events.

I don’t know

D. Reduced budget available for contestable grants.

Other

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Other

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

I don't know

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

reducing funding support on the environment, restoration, management and waste minimization as those improve the overall feel of our community.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

economic development and more events as it will help us finically but also get more people to visit or stay in Auckland.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Positive.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

In times where people are struggling, cutting funding to services such as local events, libraries and arts centres puts the emotional wellbeing of the general public at risk. For most of us, being able to visit a local gallery, to pick up a library book or to know there's a free market or event coming up gives us something to look forward to despite of the heartbreak going on in the wider world.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

I don’t know

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027-2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

I do not support most of the proposed Annual Plan because it puts too much pressure on Devonport-Takapuna while risking cuts to local arts, community services, events, and grants. Our community needs fair funding so essential local participation and wellbeing are protected.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I do not support adding more fees and charges on top of the rates increase. Even small extra costs add pressure to households and communities already struggling with rising living costs.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

I am prioritising supporting people. I do not support cuts to local events, contestable grants, community organisations, or arts organisations such as Lake House Arts. These services directly support wellbeing, belonging, cultural identity, and affordable participation. If savings must be made, people-facing services should be protected first

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

My main concern is that the plan combines higher rates with reduced local services.

That risks weakening community life, arts access, and local participation. Auckland

Council should ensure Devonport-Takapuna is funded fairly so essential community

services are not reduced. Particularly Lake House Arts which has the least funding but with challenges are still putting out more delivery into the community comparatively. Its essential.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

My main concern is that the plan combines higher rates with reduced local services.

That risks weakening community life, arts access, and local participation. Auckland

Council should ensure Devonport-Takapuna is funded fairly so essential community

services are not reduced.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects

4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Council should prioritise libraries, local events, community grants, support for local

organisations, and arts and cultural services. These are the services that most directly

support connection, wellbeing, learning, and affordable access for the whole community.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Environmental conditions are the heart of the North Shore. Finding reductions in this area have a disproportionate detrimental effect on the enjoyment of living on the Shore

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

See comment above. The heart of the Shore revolves around the environment.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Board is between a rock and a hard place. It's the government who is making these cuts. I know where my vote will go in November -

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

I do not support adding more fees and charges on top of the rates increase. Even small extra costs add pressure to households and communities already struggling with rising living costs.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

I do not support most of the proposed options for Devonport-Takapuna because they reduce investment in the very services that keep communities connected — including events, grants, community groups, and arts organisations.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I am prioritising supporting people. I do not support cuts to local events, contestable grants, community organisations, or arts organisations such as Lake House Arts. These services directly support wellbeing, belonging, cultural identity, and affordable participation. If savings must be made, people-facing services should be protected first.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

My main concern is that the plan combines higher rates with reduced local services. That risks weakening community life, arts access, and local participation. Auckland Council should ensure Devonport-Takapuna is funded fairly so essential community services are not reduced.

Question 5: Looking further ahead / shaping Auckland's longer-term future

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

I don't know

Tell us why

I don't own my own home .

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

I don’t know

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Yes I do ..I would like to see a law or an agreement between locals in Devonport to all dog owners and walkers that dogs have to be leashed when out walking. Beaches and parks unleashed. I think it would be good if my community became a role model for other North shore communities. It's a win win situation and it's being a responsible dog owner.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Transport lake Rd to esmond road.

Infrastructure and housing

Recreational things for youth skatepark etc

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

While I'd prefer a lower rate increase I see that it is needed to fund many improvements, including better cycleways.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Improved road safety awareness with newly installed crossing in my street to make it safer.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

I don’t know

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

I don't know

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Volunteers should be supported to help maintain parks, not have funding reduced. They already save lots of money by offering their services for free.

We need to protect and look after our environment.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Safer cycling paths to encourage people onto bikes.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I think it's not very nice to do a 7.9 percent increase, as that may put poor families under financial pressure

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

That's still mean things should be cheaper

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

The planned changes are good. But if the plans are to be expected, it should not make it a big issue for kiwi's/residents - that they have to reschedule or change their daily schedule.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

I don't know

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Other

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Other

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

I don’t know

Tell us why (please be clear which priority you are talking about)

You shouldn’t have to reduce a local organization or events that deliver local health and wellbeing. Health and a persons wellbeing is what we should take priority into. We can definitely reduce -but not too much of the environmental installments. As Auckland/nz has a high percentage of clean environments. Definitely for sure, have the pests management on going.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland’s future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland’s spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

6- Love the tourist that visits New Zealand/Auckland. But it gets to a point where it's annoying. Also with the ongoing war in the middle east, it wouldn't be safe if New Zealand got too populated. As countries presidents will have a chance of threatening our country.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I'm disappointed the CRL has incurred so much extra cost. I'd like to know how much was within the Council's control, and how the Council will prevent similar blow outs occurring in the future in its capital programme. Ratepayers can't afford anything other than on time and within budget in the future.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Fine with these

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

The Council exists to support the community, whether in big things like sewers or smaller areas like arts, events, etc. The proposed cuts are small in dollar terms but significant in percentage terms, and could make a big difference to many residents' lives. I's like to see local Board income ring fenced as a set percentage to total rates.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

If there are to be cuts, I don't think they should be in areas which support community activities - this is the funding that affects people the most, decreases people's wellbeing, and is the hardest to replace or build back in the future.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I'm concerned that ratepayers and residents have to underwrite public overspending. My perspective is is from working for 35 years at a senior level in a private health organization that successfully held and delivered MoH contracts, and continued to improve outcomes, despite annual funding increases often below inflation. I know this can't be done in all sectors, but the discipline of trying must be a guiding principle.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

The greatest priority is to plan mitigation/retreat against the impacts of climate change, especially sea level rise. Planning and infrastructure needs to take this perspective.

I put economic development last, not because it isn't very important, but because this is unlikely to ever be a Council strength - it is for entrepreneurs.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Other (please specify):We are not going to travel to the city (even a quick ferry trip from Devonport) unless the city is safe and pleasant.

Annual Plan 2026-2027

#1691

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

I think improving transport, water, and community needs are good goals but I think there should be more rubbish bins everywhere to help lessen rubbish pollution.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I don't relate to most of these ideas so I don't have many thoughts on these changes.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna,Upper Harbour

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

I don't know many of the actions the local is taking so I don't know.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

I don’t know

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I care for the environment a lot so I stand for support on those options.

Upper Harbour Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

I don't follow the actions of this board so I don't know.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

A. Reduce maintenance activities may include stopping scheduled work on bollards, post-and-rails, and low-value bush areas, ceasing amenity garden infill planting and mulching, and reclassifying re-vegetation areas as bush.

Do not support

B. Reduce grants funding.

I don’t know

C. Reduce funding across all programmes and projects including environmental outcomes, events and activations, cycling initiatives and community outcomes.

Do not support

D. Increase the fees and charges for Albany Stadium Pool: Option 1: Increase casual swim and swim plus fees by $1 (Fees will range from $5.00 - $11.40)

Do not support

E. Increase the fees and charges for Albany Stadium Pool: Option 2: Increase spectator fee and supervising adult fee by $1 (Fees will become $2)

Support

F. Increase the fees and charges for Albany Stadium Pool: Option 3: Increase spectator fee and supervising adult fee by $4 (Fees will become $5)

Do not support

Tell us why (please be clear which priority you are talking about)

Environment is important and I think the fees for the pools should be relatively low for a positive environment.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Environmental issues.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

In my opinion, the transport in Auckland is lacking in space, especially during peak hours.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I agree with all proposed changes, though they do not relate to me as much as I would like to.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna,Upper Harbour

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

They are quite insignificant to me.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I care for local boards, and this contradicts this.

Upper Harbour Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

I am not involved heavily within it.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

A. Reduce maintenance activities may include stopping scheduled work on bollards, post-and-rails, and low-value bush areas, ceasing amenity garden infill planting and mulching, and reclassifying re-vegetation areas as bush.

Do not support

B. Reduce grants funding.

Support

C. Reduce funding across all programmes and projects including environmental outcomes, events and activations, cycling initiatives and community outcomes.

Other

D. Increase the fees and charges for Albany Stadium Pool: Option 1: Increase casual swim and swim plus fees by $1 (Fees will range from $5.00 - $11.40)

I don’t know

E. Increase the fees and charges for Albany Stadium Pool: Option 2: Increase spectator fee and supervising adult fee by $1 (Fees will become $2)

Do not support

F. Increase the fees and charges for Albany Stadium Pool: Option 3: Increase spectator fee and supervising adult fee by $4 (Fees will become $5)

Support

Tell us why (please be clear which priority you are talking about)

The supervising adult fee increase seems unnecessary, especially with its importance.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland’s future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland’s spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Transport and flood resistance is important, especially for Auckland and our pacific weather.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I suppport improvements to public transport, wastewater and widely used community facilities.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I like targeted rates. Beyond region wide costs for region wide projects, e.g. public transport, it make sense for local boards to decide on what projects to proceed with locally and for local people to decide how they will pay for them.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Saving money makes sense, but I think reducing library hours is short sighted and hurst those in the communtiy with the least access to books. This will come back to bite us.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I think council use of contractors is a continued drain. If the need is there it woudl be better to employ staff and find ways for them to float across different areas than it would to employ contractors. Contractors should only be used to even out irregular work when needed. This applies to things like consenting, building inspection parks and maintenance.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Auckland will grow. The best place for it to grow is near the city centre, i.e. through intensification rather than sprawl. This needs to be supported by investment in infrastructure and transport to enable this.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public

spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

Extra costs for households

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Extra payments which put more pressure on people

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

i think cutting the library open hours is not a good idea

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

i think especially in takapuna devonport area there are a lot of students who need the library and also need help from young support groups

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

No i just don’t like the idea of the library shorting times being open

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland’s future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland’s spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

transport and parks because that's why people spend the most time especially if it's easy and fun

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

#1732

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

I do not support most aspects of the Annual Plan because it is vague, lacks meaningful detail, and relies heavily on broad, generalized language. There is not enough specific information to form a clear, informed view of what this plan will actually deliver.

1. Message from the Mayor

- The Mayor claims he has fixed Auckland through discipline, yet no evidence is provided to support this.

- The 7.9% rates increase is presented as an achievement, but to properly assess this we need:

- Data on the significant growth in the rating base and how much additional revenue this has generated.

- The extra costs now placed on ratepayers due to Watercare's separation, both this year and in future years.

- The cost implications of tagging rubbish bins.

. Our Vision

The vision statements sound positive, but they are not reflected in the detail of the plan or in the Council's recent actions.

- Stunning natural environment

North Shore beaches have been closed multiple times this summer due to pollution. Where is the plan to fix this? Development continues to be approved despite the increased pressure it places on stormwater and wastewater systems.

- A transport system that works

Try catching a bus along Lake Road on the North Shore. There is still no bus lane, yet consents for more multi-unit developments keep being issued. Auckland has serious transport infrastructure issues, and the plan does not address them.

3. Water Networks

The plan mentions Wellsford, Snells Beach, Algies Bay, etc., but says nothing about addressing pollution at Auckland beaches. What specific progress is being made, and where is the detail?

4. Auckland Future Fund

The plan should include clear financial information. How much is this fund earning? What are the projections? Ratepayers deserve transparency.

5. Financial Separation

This appears to be another mechanism that increases debt and ultimately leads to higher rates. What guarantees are being made that costs will decrease or that services will become more secure?

The plan should provide clear, specific financial details, and it does not.

I do support investment in CRL, public transport, libraries, community events, and parks. However, Auckland is not keeping pace with increasing population density. We need more parks and more infrastructure, not vague statements and incomplete financial information.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I cannot agree because all of these proposals represent additional costs to the ratepayer. The plan should clearly outline the expected earnings to Council and the projected cost to the average ratepayer so that we can make an informed decision based on full and transparent information.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

The Major Projects section does not address the key issues facing the Devonport–Takapuna Local Board area. There is no clear strategy to attract people to this part of Auckland, nor any meaningful plan to improve traffic flow or public transport.

Both Takapuna and Devonport should be vibrant, lively destinations on a Saturday night — true beach-resort hubs. Instead, Devonport in particular becomes quiet after 7pm because it is simply too difficult to get to. Traffic congestion and poor transport options are major barriers, yet the plan offers no inspiration, no solutions, and no commitment to change this.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

The idea of asking ratepayers which services they are willing to lose is a clever tactic — it allows the Local Board to cut services and then claim it is what the community wanted. We are being asked to make choices without any of the information required to make an informed decision. Without clear data on costs, impacts, and alternatives, this exercise is not genuine consultation but a way to shift responsibility for cuts onto ratepayers.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

While I acknowledge that Auckland Council is performing well in some areas — and I am genuinely looking forward to the CRL opening and the revitalisation of the city centre — this document does not provide the clear, honest, and detailed information needed to understand Auckland's future direction or the true cost to ratepayers. Without transparent financial data and straightforward explanations of long-term implications, it is impossible to give informed support.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.

	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

This is yet another question asking us to give a rating without providing sufficient information to make an informed choice. Meaningful consultation requires clear data, context, and transparency — none of which are provided here. Please

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Other (please specify):This is yet another question asking us to give a rating without providing sufficient information to make an informed choice. Meaningful consultation requires clear data, context, and transparency — none of which are provided here. Please

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Community's need comes first but prices are going too high

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Important but too expensive

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.

3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

The growing population and waste seem to be more prevalent issues

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Prioritizing infrastructure is right. Less should be spent on cultural and social investment.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

The bin exchange fee should only be for increases.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

I don't support the change in funding for any local board to be purely based on resident numbers. It should be balanced on that and asset value.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Generally maintain assets but reduce services.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Reduce Cultural and Social services and reduce funding to Tupuna Manga Authority.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Transport and sewerage management.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

cost of living, iran war, cost pressure is insane this year

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

cost of living, iran war, cost pressure is insane this year

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

cost of living, iran war, cost pressure is insane this year

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

#1794

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

I do not support most of the proposed Annual Plan because it places too much pressure on the Devonport–Takapuna area while risking cuts to local arts, community services, events, and grants. Our community needs fair and balanced funding so that essential opportunities for participation, connection, and wellbeing are protected.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I do not support introducing additional fees and charges on top of the proposed rates increase. Even relatively small extra costs can place further strain on households and communities that are already facing rising living expenses.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

I do not support most of the proposed options for Devonport–Takapuna because they reduce investment in the services that help keep communities connected, including events, grants, community groups, and arts organisations.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

I don’t know

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

I don’t know

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

I don’t know

Tell us why (please be clear which priority you are talking about)

My priority is supporting people and community wellbeing. I do not support reductions to local events, contestable grants, community organisations, or arts organisations such as Lake House Arts. These services play a vital role in supporting wellbeing, belonging, cultural identity, and affordable opportunities for participation. If savings are required, people-focused services should be protected wherever possible.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

My main concern is that the plan combines higher rates with reduced local services. This risks weakening community life, access to the arts, and opportunities for local participation. Auckland Council should ensure Devonport-Takapuna receives fair funding so essential community services are not diminished.

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Council should prioritise libraries, local events, community grants, support for local organisations, and arts and cultural services. These are the services that most directly strengthen connection, wellbeing, learning, and affordable access for the wider community.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces

work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

I love how you thought of transports, help people with their work and helping people needs.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I really liked the idea, and I think you should also think about the health. People are waiting so long for one appointment in hospitals and stuff. I actually know a person who went to hospital for his leg treatment and got the appointment in 2027 and that too he was an old man.He was so disappointed and said he is not even sure if he is gonna live for that long.That's why I think you should think about the health care more and keep helping more communities in Aotearoa. There are also no jails/cells for people who committed any crims,which makes people think it's ok to commit a crime. I really think people are doing amazing like police, fire fighters and everyone and New Zealand governments are doing amazing job.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

I encourage the ideas of community peoples and everyone.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I think reducing funds may lead to more expensive living, and people may not achieve their dreams and can lead to crimes, like robbing and stuff. I also think that the house value increased a lot in NZ and now reducing funds make young people hard to achieve their goals and we are going to lose investors since we don't have any young people to work, and they are going to go and invest in other countries. I also think we are going to lose people since we don't have any suitable salary for their studies value and people are gonna go to another country, which gives them a good amount of salary for their studies.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I think it is good of you to think about the community and look out for them.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Well, we first need to focus on Auckland's growth, and then we can focus on its economy. I think we should focus on our Whanau and then focus on other stuff.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Support

Tell us why (please be clear which priority you are talking about)

I do not agree with reducing funding support for local community, recreation, ethnic, seniors and youth groups or reducing operational grants for arts groups and organisations. Organisations in these areas provide significant support for large sections of the community and are vital for mental health, personal development and social connections within the community, particularly those with the most need for inclusivity and connections with others. Many of these organisations are critically dependent on council support and may not be able to continue operating if financial support ceases. If you reduce activities such as mowing grass in parks, these existence of the parks is not threatened, if arts organisations fail due to funding gaps, they may be lost to the community forever,

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I understand the need for Auckland Council to invest in essential infrastructure such as transport and water to support the city's growth. Projects like the City Rail Link are important for improving public transport and reducing congestion in the long term.

However, I am concerned about the proposed 7.9% rates increase, especially given the rising cost of living. While investment in resilience and infrastructure is necessary, the council should continue looking for ways to manage costs carefully and ensure spending is efficient.

I support prioritising transport, water services, and funding for local boards so communities can address their specific needs. At the same time, I encourage the council to balance investment with affordability for residents and to clearly communicate how these funds will deliver long-term benefits for Auckland.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I understand that adjustments to rates, fees, and charges may be necessary to support the delivery of services and maintain infrastructure across Auckland.

However, any increases in fees, such as residential parking permits and new refuse bin or bag exchange fees, should be carefully considered to ensure they remain affordable for residents. With many households already facing higher living costs, it is important that the council keeps fees reasonable and clearly explains why the changes are needed.

I support measures that improve efficiency and ensure that those who directly benefit from certain services contribute appropriately. At the same time, transparency and fairness should remain a priority when introducing new charges or adjusting existing ones.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

I support continued investment in the Devonport-Takapuna area to maintain parks, community facilities, and local infrastructure that benefit residents and visitors. This area is an important part of Auckland and requires ongoing support to keep public spaces safe, accessible, and well maintained.

At the same time, it is important that spending remains responsible and that projects are prioritised based on the greatest community benefit. With the rising cost of living, I encourage the council and the Devonport-Takapuna Local Board to ensure that local investments deliver real value for residents while keeping rates increases as reasonable as possible.

Overall, I support balanced investment that maintains the quality of local services while remaining mindful of affordability for the community.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Other

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I have mixed views about the proposed changes.

I support the proposal to reduce some maintenance activities in parks and bush areas where it does not affect high-value ecological areas, as this may help manage costs while still protecting important natural environments.

However, I do not support reducing funding for community organisations that provide support and services for seniors, youth, ethnic communities, sport, recreation and community wellbeing, or reducing support for local cultural organisations such as The Depot, Devonport Museum and The Michael King Writers Centre. These organisations play an important role in strengthening the local community.

I also think environmental restoration, planting and pest management programmes remain important for the long-term health of our local environment and should continue to receive support where possible.

Overall, while I understand the need to manage rising costs, I encourage the board to prioritise services that have strong community and environmental benefits.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Overall, I appreciate the effort to balance investment in essential infrastructure with the need to manage rising costs. Projects that improve transport, water services and community facilities are important for Auckland's long-term growth and resilience.

At the same time, I encourage the council to continue focusing on financial responsibility and efficiency to minimise the impact of rates increases on residents. Clear communication about how funding decisions benefit communities will help maintain public trust and support for future investments.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around

2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

I would like the council to prioritise protecting and maintaining regional parks and the natural environment. This includes looking after heritage areas, natural landscapes, and coastal environments that are important to Auckland's identity and biodiversity.

I also strongly support investment in environmental protection initiatives such as waste reduction, restoration planting, and pest management. These programmes help protect ecosystems and improve long-term sustainability.

In addition, improving flood resilience should remain a key priority. Upgrading stormwater infrastructure and investing in flood prevention measures will help protect homes, communities, and public assets from increasingly frequent severe weather events.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

It will make the it a lot better for everyone

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I like the Idea

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

Because they are doing great work

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

I don’t know

C. Reduced local board funding to local organisations that deliver local events.

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

It just how I feel

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

As long time North Shore residents we do NOT support any reductions to local organisations like The Lake House Takapuna. It is rare to have such a welcoming sense of community for all ages and races as experienced at the Lake House

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

B. Reduced library hours over 7 days.

C. Reduced local board funding to local organisations that deliver local events.

D. Reduced budget available for contestable grants.

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

G. Reduced funding for parks volunteers.

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Water quality and transport need to be priorities.

I am very concerned about all the infill housing, where 3+ built on one section. Parking, traffic and pressure on local recreation space is all negatively impacted. There are a lack of large green areas

And trees.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Nothing about quality of local area. Creating more space and conserving area that we live in.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Other

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Good town planning.... Stop infill housing rates. Build up transport, infrastructure and open spaces.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

We can't use the City Rail Link there is no benefit so why should people on the North Shore have to fund it

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I don't agree to it we can't afford it

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

I agree they need to reduce spending but we are not benefitting from the reductions

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

B. Reduced library hours over 7 days.

C. Reduced local board funding to local organisations that deliver local events.

D. Reduced budget available for contestable grants.

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

G. Reduced funding for parks volunteers.

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Our services are being reduced but the rates are going up it doesn't make sense?

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Get back to the basics we can't afford nice to haves.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

#2054

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

AT and Council should only fund basic services like rubbish collection, road maintenance - nothing else. Regarding AT parking fees, surely the purpose is to be a disincentive to incorrect activity, and not to cover all sorts of expenses like buildings. Just operate AT efficiently and to the level required. Dont make an industry of AT. eg I have suggested to AT staff to put signs at heights that car drivers can see, rather than so high they are not seen , thus getting a ticket. eg make fines for accidentally getting into bus lanes because the driver is not familiar with the area, therefore attracting a 200 fine. The attitude of AT is all wrong. Needs a complete change in there.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Ridiculous. Council and AT dont seem to get it. People are struggling and they need to be in the same mode . Reduce rates and fees - do not increase them.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Albert-Eden

Albert-Eden Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Reduce rates for goodness sake!

2. What do you think about the proposed key areas of additional investment and changes to services, fees and charges?

A. Restoration planning for Waititiko / Meola Creek, to leverage the improvements in water quality that will be achieved through the Central Interceptor.

Do not support

B. Investigating how to respond to future growth expected in our area.

Do not support

C. Trialling free off-peak access for Gold Card holders to swim at Mt Albert Aquatic Centre.

Do not support

3. Kingsland Business Society Inc is proposing to expand the geographic boundary of its Business Improvement District programme to include areas around the north end of

Morningside Drive, and to increase the amount of targeted rate funds to be collected from $245,000 to $370,000 per year. If it is successful, ratepayers of business properties located within the BID expansion area will be required to pay the associated BID targeted rate. Do you support this proposal?

I don't know

Tell us why

-

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Please do what the rest of NZ is doing. Reduce services to basics and reduce costrs

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.

4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

None. Reduce costs and rates first1

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

#2101

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation: N/A

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

Most Aucklanders, including myself, are currently under immense pressure due to the rising cost of living. While the council's Long-term Plan aims to secure our future, this proposed Annual Plan adds an unreasonable financial burden on households right now rather than providing relief.

A 7.9% rates increase, on top of other rising costs, feels disconnected from the reality many of us face. While I understand the need to invest in infrastructure like the CRL, the plan lacks clarity on

how the council intends to support the here and now for residents. We need a budget that balances future resilience with immediate affordability. If we are forced to pay significantly more, we should not also be seeing cuts to the very local services (like arts and community grants) that keep our communities liveable.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Introduction of a refuse bin/bag exchange fee: [STRONGLY OPPOSE]

I find the proposal to introduce a new fee for refuse bin or bag exchanges completely unacceptable. Waste management is a core council service that is included in our rates without additional charges.

It is illogical and unfair for the Council to introduce new service fees at the same time they are proposing a significant 7.9% increase in general rates. If our rates were being reduced, a 'user-pays' fee for bin exchanges might be understandable. However, asking Aucklanders to pay substantially more in rates while simultaneously stripping away previously inclusive services and reintroducing them as paid extras is a clear case of double-dipping. I cannot support this move to place more financial pressure on households through hidden costs, especially when we are already paying more for less.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

My family and I have lived in Milford since 2014, when we first arrived in Aotearoa from Korea.

Lake House Arts, the Takapuna Library, and The Pumphouse are much more than just physical spaces to us. They are where my whole family visits very often, and where my children have spent so much time enjoying art, books, and various community activities.

For an immigrant family like ours, these facilities are the actual places where we feel connected to others and truly experience being members of this society. They are where we integrated into the community and found our identity.

It is deeply upsetting to see these places named for potential funding cuts. Cutting these 'small' grants might save the Council a tiny fraction of its budget, but it will cause irreversible damage to our social fabric. I value our local parks, volunteers, and arts programmes far more than another large-scale project. Please, do not try to balance your books by sacrificing the very things that make our community such a liveable and welcoming home for everyone.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.

1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I agree with all suggested priorities although I believe that water and transport are vague and should be more specific to motivate people to support these things.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think that any additional fees are generally not a good idea as they will create more issues and increase the poverty gap. This will increase the poverty gap because the people who can afford these fines and extra costs will pay for them and get the benefit, the other people who struggle to make ends meet will find it very difficult to pay these additional fines resulting them on losing their money and the potential benefit of whatever the specific thing may lead to.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

I immensely appreciate the community targeted goals and plans. I do think we could add solutions for things that are currently making day to day things difficult (eg. sewage issues)

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Do not support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I believe we should maintain or increase funding on all environmental and specific community groups rather than volunteer work and community facilities. As the world becomes far more digital, there will be less people watching plays, going to museums, and music events (the pumphouse, Devonport museum etc). So, spending less money on these things would be wiser as less people are attending and the money can be added to issues that need the funding.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**

- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

I believe prioritizing transport and economic development are crucial for Auckland city's developments are creating a thriving environment. This is because transport is the way we get to social events, work, and day to day living. Having affordable and eco friendly transport positively impacts our standard of living. Economic development will set up Auckland so it can grow and continue being the diverse city is known to be.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.

5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I think that 235 million dollars to run the CRL seems like to Mutch of our rates. The rest I would agree with.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think that the parking fees are very high already, they don't need to be put up. And a bin exchange fee is over the top.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

I think that we are spending to much money on day-to-day basics. for example the CRL's stations costed well over millions to build and have many architectural dysines that are not nesesery.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

I think that in Auckland we should have a mixture of natural and cultural features not just on eor the other

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

I think that the transport services have got plenty of money in but are not reliable.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Other (please specify):More trees and greenery

Local Board: Devonport-Takapuna

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

The price increase and it will help our communities

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

The changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas will help improve the area

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna,Hibiscus and Bays,Upper Harbour

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

They have good ideas and will help the community

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

I don’t know

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

I don’t know

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

The environment and people's wellbeing is really important so please don't reduce funding on those, however it can be considered for other stuff that isn't quite necessary

Hibiscus and Bays Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

They make good decisions

2. What do you think about the proposed key areas of additional investment and changes to fees and charges?

A. Supporting further protection of our sea, soil and fresh water from contamination and sedimentation, through increased monitoring and extending projects such as local stream restoration including the Weiti River.

Support

B. Supporting community access to a wide range of recreational opportunities through investigating new capex projects such as outdoor court provision and increasing support for indoor court provision through facilities grants.

Support

C. Creating safer town centres and other public spaces through actions such as an increased support for community safety and placemaking.

Support

D. Ensuring Hibiscus and Bays is welcoming and supportive for all through collaboration with a broader range of local residents and an increased focus on inclusive design, so it is accessible and usable for people of all ages, abilities and backgrounds.

Support

E. Introducing changes to a range of fees in pools and leisure centres, including casual recreation, dry and aquatic group fitness and pool lane hire to better align fees across our sites.

Support

Tell us why (please be clear which priority you are talking about)

It will help improve areas to support the community

Upper Harbour Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

They are reducing a lot of funding but some is for the better

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

A. Reduce maintenance activities may include stopping scheduled work on bollards, post-and-rails, and low-value bush areas, ceasing amenity garden infill planting and mulching, and reclassifying re-vegetation areas as bush.

Do not support

B. Reduce grants funding.

Support

C. Reduce funding across all programmes and projects including environmental outcomes, events and activations, cycling initiatives and community outcomes.

Do not support

D. Increase the fees and charges for Albany Stadium Pool: Option 1: Increase casual swim and swim plus fees by $1 (Fees will range from $5.00 - $11.40)

Support

E. Increase the fees and charges for Albany Stadium Pool: Option 2: Increase spectator fee and supervising adult fee by $1 (Fees will become $2)

Support

F. Increase the fees and charges for Albany Stadium Pool: Option 3: Increase spectator fee and supervising adult fee by $4 (Fees will become $5)

Do not support

Tell us why (please be clear which priority you are talking about)

They are good choices

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

The environment and transport are some of my most important ones as I associate with them the most

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

I don't know

Tell us why

Changing the look of old types of buildings to put up more reminds me of the 1970. Beautiful streets with eye sore building in the middle. Not in keeping of what people in the area purchased their house for. New areas I wld expect but not in old. When building tall buildings the must acknowledge sun / light / privacy of neighbours.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Why change the bin system every couple of years this must be a very costly exercise with people doing research purchasing the bins etc.. 15 years ago it worked perfectly well now it seems to be an expensive exercise.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Lake Road is severely congested at the moment. Council doesn't seem to do anything about it but keeps building the infrastructure in and out of deport is choking and no one can move when you get into Devonport. Especially the locals. His rates have got higher and higher or convenience stores have now moved to either Albany or constellation Drive which means we have to get into cars to purchase items like haberdashery etc decrease the rates for suppliers for them to actually be able to run a business that will mean less cars on the road just common sense really. Stop building more properties in Devonport Belmont area until late road is sorted otherwise don't build any more!

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Other

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Other

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Some are vital some are not. Also I was told that when my street paid by the people in the street to have the power line underground to hep with the view. Council then planted trees and we’re going to b no higher than 4 metre. So they would no block views. Some are no over 4 metres. If you cannot maintain please remove the trees!

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Transport, flood.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces

work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

#2222

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

Do not support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Referring to 3,4,5,6.As a community we are on a peninsula and do not have the ease of access to arts and events that other Aucklanders do .The rail link will not be a great benefit to us ,yet we are being asked to take cuts for what we do have here ,for the benefit of the rest of Auckland.We pay high rates and we are getting less for our money .

Our community services are very well used and need to be supported

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

all good

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

the auckland transport should instead make it the same price fore everyone as some that live in places or work somehwere pay more than some waorking in other areas. making it an unfair mark.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

some increases of price need to be tested through the amount people earn and where the area they live in

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

I don’t know

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Do not support

G. Reduced funding for parks volunteers.

Support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

all the points i have dissagreed with are something to onlcude the community, without these events or maitance the community will not be as appreciated and there is no way for people to have fun with friends and family

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I find it very amazing that you are helping local brands in need of help and investing in water and transport as it will help the public alot.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think for the fees its bad in my opinion as I don't like idea of charging a fee for replacing the rubbish bins as I think a fee is already charged for collecting the rubbish bins right? Unless reason is stated it feels kinda unethical to do this.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Besides the comment I stated earlier, I do not have anything else to state.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

It's focused on things which would like life better for people who live in Auckland

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think these are all needed changes, but I know it will be challenges for some people

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

I know cuts are needed, but it's unfortunate the amount of community supports being cut. This is a high income area and I'm sure the community that lives here can afford to support the community more.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Support

B. Reduced library hours over 7 days.

Support

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Support

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

We should keep funding to things which provide support and enrich life in Takapuna-Devonport area

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Maintaining and improving public transit. Protecting communities from flood and other natural disasters expected from climate change. Reducing waste and pollution in our air and water

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

#2351

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Why does a policy have to be revised again and again? Is the garbage bin policy too wasteful of resources and manpower?

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
