The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Partially support

Do you have any comments about your response above?

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Partially support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above?

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Don't support

Do you have any comments about your response above? I don't play golf and I think that there are better ways that funding can go into my publicly accessible recreational activities such as reduced gym fees or outdoor exercise machines at local parks and regular fun activities run by local council at park so more people can join in and find it more accessible. Only a very small specific group of people play golf.

I definitely support the overall movement of trying to improve access to sports for all Aucklanders but like I said at the beginning there are better ways to support this instead of focusing on just golf

Now we have a few questions about you and golf. Which, if any, of the following golf formats do you play?

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
Please refer to my other comments. From a public health perspective of getting more people to exercise and become more active, there are definitely more and better ways to do this. Perhaps have a survey which asks Aucklanders what sorts of recreational activities they would like to see more of and be able to access as I think that golf is very niche and not many people will be able to access this even if it is free e.g people that don't have access to a car can't get there whereas if there were activities at their local park then this would be more accessible. Also thinking about whÄ nau and how you can include them too as golf can be quite time consuming if the entire family plays so I think it's all about accessibility and you should really think about all these things when it comes to funding something like this for Aucklanders.

Just stop Central Planning and focus on reducing spending and rates - you have made a complete mess of CBD Auckland so clearly have no clue and we are all better off if you do nothing and cut Council staff dramatically except for managing contractors for rubbish collection, street rubbish collection, maintaining park and reserves and managing resources and building consents within the RMA and similar rules - stop everything else

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Don't support

Do you have any comments about your response above? I don't support the retention of the existing land for golf in urban areas or on the urban fringe.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Don't support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Don't support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Don't support

Do you have any comments about your responses above? It's a gold course. Hugely wasteful and the land can be put to better use. Buy subsidised passes at private clubs for Aucklanders and use the land for house, play parks and other uses which support the city.

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**

It's a golf course. Support widening access but facilities need to be run to support those with an interest in golf, not amateurs those undertaking golf on a limo tied basis.

I support a managed retreat from golf facilities. It is not a good use of tax payers money.

Invest in public areas and improve amenity in Eden Terrace. I would like to see more street trees on Newton Road and improvements to the streetscape.

More community uses and support for Eden terrace around basque park.

I do not agree that it is council's role to encourage people to play golf. While I generally support equity and accessibility (naturally), I do not agree that a broad range of golf offerings is needed.

Now we have a few questions about you and golf. Which, if any, of the following golf formats do you play?

Mini golf	
Starting New at Golf	
Driving ranges	
Golf simulators	
Introductory golf	
Short and fast golf	
Development golf	
Advanced golf	
High performance golf	
None of the above but I would like to play golf	
None of the above	Yes
I don’t know	

Other (please specify):

How often do you play golf?

What, if anything, stops you from playing golf?

The cost / it's too expensive	
I don't have anyone else to do it with	
I don't have enough time / it takes too long	
I don't know where or how to start	
I don't feel like the golf experiences offered are relevant to me	
I don't have the equipment	
It's at an inconvenient time for me	
I feel intimidated / I don't feel welcome	
Transport issues / the facilities are too far away	

None of the above	
I don't know

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? I would like see golf courses that are retained as golf courses made available for other uses periodically e.g. enable walking / running around once per month

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**

Do you have any comments about your responses above?

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**

Just want to make sure golf courses still available for golfers. Concerned about €œinvestment framework€ as having worked on these they can be a bit meaningless. Just needs to balance open space, golf, public amenity, etc. Wouldn't want to see land used for housing development or similar. Plenty of other land. Open land, even if for golf, should be PROTECTED AT ALL COSTS. All this land must be retained as minimum for parkland, natural land

Why are you not already doing 'best practice in ecosystem management'? Why would you ask if we want that? You should be doing that already. Weird

Golf is an incredibly space greedy game. I think you should donate land for housing & make golf players go to one of the many, many courses outside Auckland. We are in a housing crisis & land would be much better used for this (esp Chamberlain Park), not an elite sport that serves a few.

Golf is not just a rich persons sport. The full range of community members make good use of public courses. Although they are an easy target for the Council they are actually more important that the private courses with historic lease arranagements.

Too many council owned golf courses and, as far as I'm aware, the public cannot play freely on all of them. Leased land should be market rate.

Do you have any comments about your response above? The question is not clear. I don't support the draft plan but I support public access to golfing land as long as it is safe. Golf is the number one participation sport in Auckland. Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
I think it is a poorly drafted document with many mistakes and that fails to understand the importance of the sport of golf.

As the Auckland population grows, more golfing space will be required as newcomers to NZ are more likely to be golfers than rugby players.

Unlike most other sports, golf pays its way both through maintenance of land and some payment towards the use of that land. The draft document is highly pejorative in that it falsely makes out that golfing land occupies a large amount of public land. The fact is that it only makes up 0.6% of public land in Auckland.

I strongly support the mixed-use idea of publicly golf courses going forward. However I believe some of the proposed options are constrained by retaining the nature of a golf course instead of greater shifts in the land use.

Now we have a few questions about you and golf. Which, if any, of the following golf formats do you play?

Mini golf	Yes
Starting New at Golf	
Driving ranges	Yes
Golf simulators	
Introductory golf	
Short and fast golf	
Development golf	
Advanced golf	
High performance golf	
None of the above but I would like to play golf

Other (please specify):

How often do you play golf? Monthly or less often

What, if anything, stops you from playing golf?

I don't have enough time / it takes too long

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Partially support

Do you have any comments about your response above? There are some very good objectives and the plan has been well prepared. There is good regional spread of courses but too many in close proximity on the North Shore. Some rationalisation (sales) should occur there. There are some heroic assumptions as to why people do or don't play golf. And whether they should be encouraged to play golf.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Don't support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Partially support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Partially support

Do you have any comments about your responses above? Some golf courses should be retained for golf use only e.g. Remuera.

There is little opportunity with this course for any development to provide public access. Comment made by a non-golfer.

Not all Aucklanders like or want to play golf.

A survey should be undertaken to determine how many Aucklanders participate in sport or want to play sport, particularly golf.

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
It needs more work especially around the assumptions on playing or wanting to play golf.

There should be a fair and even spread of courses across Auckland so that the East, West, North and South all have public courses. The sale of either Takapuna or Pupuke merits strong consideration. The proceeds could then be used to fund development of existing courses

Not all courses are suitable for public access.

I strongly recommend a robust commecially focused cost/benefit evaluation of the land-holdings of all 32 golf sites - and particularly those 8 where the leases on public land expire by 2028 - for what is documented as a numerically small population of golfers; with a view to amalgamation and repurposing of others, including appropriate to complementary high rise intensive residental development as per Central Government legislation.

Leave golf courses alone. Fully support efforts to encourage more participation. We need green spaces in the city not more housing.

Would support walking trails if they can be done safely and don't entail carving up a course .

Do you have any comments about your response above? Personally I am not sure why Auckland Council owns any let alone 13 golf courses unless they are making substantial money from them. It seems such an elite support that so few people actually can afford or chose to do. I fully support Council owned fields for ball and grass sports, netball courts and even tennis courts: they are and can be accessed by a wide range, age and volumes of people.

The only benefit of golf courses to the City is the green space.

So I support the plans to open up these green spaces to other recreational activities.

I don't support trying to open up the sport of golf to new players. it is a sport that takes up far too much land for far too few players and is a luxury of land that we actually don't have in Auckland anymore.

I would fully support building houses on most of these golf courses, especially the central ones.

Do you have any comments about your response above? Golf is open to all people of society and removing courses will push the burden on other courses which will make them in worse condition or people will stop playing. There is clear health benefits to golf so changing this will have a bad aspect on people in Auckland. Also tourism will be effected as many overseas people travel here to play some of our great courses so putting more pressure on these courses by locals will detract tourists from coming and the benefits from that are greater than just at the golf course.

Let golf courses be run independently and have a proper fee charged by the council to the courses.

I would like to see land opened up to benefit all Aucklanders, either for general recreation or housing. Having so much land allocated to a sport that feels elitist does not sit well with me.

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Don't support

Do you have any comments about your response above? Council has endeavoured to take back part of Chamberlain Park in recent times. Repeat - for what purpose. As a golfer having walkways, cycleways does not not fit with Golf courses. You have already stolen land from roads to fit cycleways, bus ways. Participants engaged in these activities are not missing out . In fact where are they all - non participating . To try and compare land uses is stupid. Just think how much land footpaths and now cycleways takes up.

Again - this is crap. 1 not all aucklanders will want to "shift to sport and recreation for all".

Does making better use of land include carving up the many parks such as in Orakei, Mission Bay, Walker park at Pt Chev, etc etc . Think again

Would be good to have more publically owned land more available for everyone, rather than locked off from most of the population by private clubs.

Good environmental management is obvious, should happen without saying.

Do you have any comments about your response above? It is a golf course - leave it at that. Gives access to people to play. Can't have people walking and cycling on golf course - it is dangerous. Once the course is lost, it is lost for good. There are plenty of other places people can walk and cycle.

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? One of the advantages of publicly owned golf land is that is preserves the precious open greens spaces = whether utilised by players or being enjoyed by the public. It can also act as a buffer between intensive land development & urban sprawl.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? All members of the public are encouraged to enjoy excercise regardless of situations - to make this amenity more inclusive can only benefit all of Aucklanders. Observing best eco management & biodiversity practices are important in todays awareness of env

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Support

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

Support

8. **Shifting to best practice in ecosystem management and biodiversity conservation that meets clearly defined target**

I understand that most golf clubs cost plenty to join & be a member. Some I think own their land [& presumably pay rates]. Others must lease land off Ak City? Then there is Chamberlain Park which was regarded as a golf playing area for Aucklanders of modest means.

Most current golfers have a reasonable income so they & their clubs should pay a decent amount for the privilege. But there should be several golf courses within the Auckland "super city" area where golfers not members of a club can play [& pay a modest amount for the opportunity].

If the City is serious about non-golfers like walkers, cyclists & other sports using golf course land it must bear in mind the possibility of danger from golfballs, & re-think its policy of selling off Council 'green land' for housing!

Do you have any comments about your response above? Golf courses offer recreation for Aucklanders in green spaces. They should be preserved to allow that to continue. Chamberlain Park in particular allows access for people who can't pay much to play. Many Maori and Pasifika people play there. Please leave our golf courses as they are.

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
The survey is clearly designed to elicit the answers the Council wants so it can justify the proposed changes. More neutral questions should have been formulated. I fully support increasing biodiversity on golf courses but do not support changes that remove or reduce Aucklanders' access to existing golf courses. This will only reduce recreational opportunities for us.

First point, it depends WHO the investors are. I don't support any foreign investment in New Zealand.

Do you have any comments about your response above? Golf courses are for golfers, I don't accept that Aucklanders are missing out on anything because of land applied to golfing. In my opinion there are ample cycleways, and plenty of walking and running areas - including golf courses if you use them early enough - already.

What makes you think that golf courses aren't already using best practice in ecosystem management? I consider, from what I know, that greenkeepers and golf maintenance staff are well versed in this area - moreso than any councillor for sure. Why is such lunacy even on the table? Surely AC has more pressing issues than disrupting the golfing community, e.g. controlling the AT nazis!

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
Yes, it's poorly thought out and plain stupid. It smacks of jealousy and greed, in that it implies somehow that golf is an elite sport, which is rubbish. Most golfers I know will be more than angry if this dumb plan is supported, and they all vote.

Stop making up plans like this and get on with doing things people want. Put a stop to AT's constant interference in suburban businesses by redoing the messes they've already - wrongly - been permitted to do. Make them accountable and under control!

I think that all recreation on public land should be reviewed.

The way that Grey Lynn Park is used should be better understood by the council. currently one sport is well catered for at the expense of the ways that locals would like to use the park.

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above?

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Don't support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? There are already few central city golf courses and increasing numbers of (lower-income) apartment dwellers in the central city. It is critical to retain our existing courses so that lower-income locals can access them readily.

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
I don'tknow

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

I don'tknow

8. **Shifting to best practice in ecosystem management and biodiversity conservation that meets clearly defined target**

How often do you play golf? Fortnightly

What, if anything, stops you from playing golf?

The cost / it's too expensive	
I don't have anyone else to do it with	
I don't have enough time / it takes too long	
I don't know where or how to start	
I don't feel like the golf experiences offered are relevant to me	
I don't have the equipment	
It's at an inconvenient time for me

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
Our inner city golf courses allow people on lower incomes living in an urban environment to begin and develop their skills in golf. The game is gaining in popularity because it is sociable, encourages exercise in fresh air and promotes mindfulness. Women and non-Pakeha groups should be assisted to learn. Access to low-fee rental equipment is key.

Do you have any comments about your response above? I support widening access to publicly owned golf courses for other recreational purposes, and to include under-represented groups, but I also strongly believe that in places of prime real estate potential such as Chamberlain golf course in Western Springs/Mt Albert, strong consideration should be given to reducing the size of golf courses to accommodate more housing which Auckland so desperately needs.

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? I don't play golf however it is my observation they are inefficient in potential public use. Other public open green spaces are crowded in comparison.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Don't support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? No

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Support

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Don't support

Do you have any comments about your response above? there seems to be the intention to take away the public 18 hole course at Chamberlain Park. This is the one place on the Auckland isthmus where anyone can play the full form of golf. Many young people learn to play the game (as it was intended) here. Many low income people (particularly Polynesian and Maori) play here. It has the most rounds per year of nearly any course in NZ.

Please don't mess with this course.

It seems to me that you are trying to slowly get rid of the few remaining city public golf courses that are left. While I'm not a fan of golf, they should remain, and maybe you should look at encouraging more generations to play it. There are plenty of derelict public spaces that can be renovated as playgrounds etc €“ why fiddle with a pristine golf course when other spaces could have a hand?
