

Rosedale dog park

HAVE YOUR SAY

9 February - 9 March 2026

A recent assessment showed that the Upper Harbour area does not have enough fenced dog exercise facilities. Because of this, we want to explore Rosedale Park as a possible location for a proposed fenced dog park. The proposed area at Rosedale Park is easily accessible and able to provide a safe place for dogs to exercise and socialise while off leash and within a fenced area.

The proposed dog park is located within an area of Rosedale Park, on the corner of Rosedale Road and Jack Hinton Drive and is 14350m² (1.5ha approx) in size. This grassed area has previously been used for horse grazing.

Off-leash parks and reserves within the Upper Harbour Local Board area

Under the **Dog Management Bylaw 2019**, dog owners (excluding dangerous dogs) may exercise their dogs off-leash, provided the dog remains under control, in public places where this is permitted.

Within the Upper Harbour Local Board area, there are currently **188 parks and reserves** where dogs are allowed off-leash. These locations are **not designated fenced dog exercise areas**, but general open spaces where off-leash access is permitted under the bylaw.

There is currently one designated fenced dog exercise area within the Upper Harbour Local Board area:

(1) Sanders Reserve

DRAFT CONCEPT PLAN: ROSEDALE DOG PARK

The proposal is to develop the existing space into a new off-leash dog facility.

Key

Existing

- Site boundary
- ↔ Pedestrian pathway/connections
- ◀ Service vehicle entrance
- 1.2-1.4m Post and wire fence to be removed
- Post and rail fence to remain
- Vector/Transpower easement

Proposed

- Proposed 1.8m high deer fence to surround dog park
- Pedestrian access (gate) to dog park
- Service gate (restricted vehicle access)
- Proposed bollards (Stage 2 works)
- Specimen/shade trees
- 1 Timber bench seat on concrete pads
- 2 Rubbish bin
- 3 Doggy doo bag dispenser.

There is a future opportunity to install agility features within the proposed fenced dog exercise area, such as agility equipment or natural play elements (for example, rocks).

The installation of agility equipment is not currently included in the approved funding allocation, but may be explored at a future stage.
