Local Board: Kaipātiki

Your feedback:

1. How well do you think we captured the needs and priorities of *our Community* in this section?

Tell us why, and if there's anything else you would like us to consider

2. How well do you think we captured the needs and priorities of our *Natural Environment* in this section?

Tell us why, and if there's anything else you would like us to consider

3. How well do you think we captured the needs and priorities of our *Built Environment* in this section?

Tell us why, and if there's anything else you would like us to consider

4. How well do you think we captured our *Economic Development* needs and priorities in this section?

Tell us why, and if there's anything else you would like us to consider

5. How well do you think we captured our *Transport* needs and priorities in this section?

Tell us why, and if there's anything else you would like us to consider

6. Overall, what is your opinion of the draft Kaipātiki Local Board Plan 2026?

Tell us why and if there's anything else you would like us to consider, including how we could better meet our climate change goals or Māori outcome aspirations.

7. To ensure our community facilities network is sustainable over the long term, the local board may need to review how assets are used, including whether some may no longer be fit for purpose.

What factors do you think the local board should consider when making decisions about the future of local facilities and assets?

8. How could the Kaipātiki Local Board improve the way it engages with you about local decisions, projects and priorities?

For example, how should we keep you informed, involve you in decisions, and make it easy for you to have your say?

For example, how should we keep you informed, involve you in decisions, and make it easy for you to have your say?

Thursday 23 July 2026.

Feedback, as requested, of the Kaipatiki Draft Summary Local Board Plan 2026.

I am writing with feedback on the Draft Plan, as requested by you. I write now knowing what we have been exposed to at your 16 March 2022 Business Meeting, your 25th May 2025 Business Meeting, your 20 August 2025 Business Meeting, your 3 June 2026 Workshop, your 15 July 2026 Business Meeting, and the predictable subsequent Facebook announcements.

I refer to Page Four of the Kaipatiki Draft Summary Local Board Plan 2026.

Page Four, Bullet point one of the document states:-

“*We are guided by a Maori world view to protect and care for our natural environment”.

Page four Bullet point two of the document states:-

“*Our Parks, waterways and forests are protected and enhanced so birds and other native wildlife can thrive”.

This is in stark contrast to your proposed devastation of A F Thomas Park and your proposed devastation of the beautiful pristine, untouched, and fragile ecology of Oruamo Inlet.

Your own Kaipatiki Local Board communication of the Oruamo Inlet states:-

It is in the uppermost intertidal zone and some of the most rare habitat in the Auckland Isthmus.

Your unmandated plan to plough a 2.5 metre wide by 360 plus metre long concrete, steel and timber pedestrian highway through the middle of this, at a cost of One million eight hundred thousand dollars, plus, plus, is a travesty, compared to your above logical responsible wholesome expected intentions.

It is a dereliction of your elected duty and hypocrisy of your own stated values and responsibilities for this, and future generations.

It denigrates the fantastic work done by Pest Free Kaipatiki, (funded by Ratepayers).

It devalues the work done by their ever growing band of dedicated enthusiastic volunteers and supporters that have been attracted to, and spurred on by the National recognition that their work has now, and will continue to attract.

Thank you for the request and the opportunity to share feedback.

██████████.

Local Board: Kaipātiki

Your feedback:

1. How well do you think we captured the needs and priorities of *our Community* in this section?

Not very well

Tell us why, and if there's anything else you would like us to consider

Why does Kaipatiki Board reflect maori identity and culture? What about other cultures in the community?

2. How well do you think we captured the needs and priorities of our *Natural Environment* in this section?

Not very well

Tell us why, and if there's anything else you would like us to consider

Why is kaipatiki local baord guided by a Maori world view? What a load of rubbish. Maori are just like anyone else in the community. Why does maori get special attention>

3. How well do you think we captured the needs and priorities of our *Built Environment* in this section?

Not well at all

Tell us why, and if there's anything else you would like us to consider

Why does Kaipatiki Local Board get involved with the Glenfield Mall? You are involving yourself thats got nothing to do with you. Its privately Owned

4. How well do you think we captured our *Economic Development* needs and priorities in this section?

Not very well

Tell us why, and if there's anything else you would like us to consider

Why does Kaipatiki local board support maori businesses to grow? What about other ethnic groups in the community? I feel kaipatiki is very biased towards Maori

5. How well do you think we captured our *Transport* needs and priorities in this section?

Not very well

Tell us why, and if there's anything else you would like us to consider

6. Overall, what is your opinion of the draft Kaipātiki Local Board Plan 2026?

Do not support most

Tell us why and if there's anything else you would like us to consider, including how we could better meet our climate change goals or Māori outcome aspirations.

I find the Kaipatiki Local Board is very biased towards Maori when there are other ethnic groups in the community.

7. To ensure our community facilities network is sustainable over the long term, the local board may need to review how assets are used, including whether some may no longer be fit for purpose.

What factors do you think the local board should consider when making decisions about the future of local facilities and assets?

Dont be so biased towards maori

8. How could the Kaipātiki Local Board improve the way it engages with you about local decisions, projects and priorities?

For example, how should we keep you informed, involve you in decisions, and make it easy for you to have your say?

Im not impressed with the Kaipatiki Local Board through their biase towards Maori. In future Local Board Elections I wont be voting for you at all next election.

Local Board: Kaipātiki

Your feedback:

1. **How well do you think we captured the needs and priorities of *our Community* in this section?**

Quite well

Tell us why, and if there's anything else you would like us to consider

2. **How well do you think we captured the needs and priorities of our *Natural Environment* in this section?**

Quite well

Tell us why, and if there's anything else you would like us to consider

3. **How well do you think we captured the needs and priorities of our *Built Environment* in this section?**

Very well

Tell us why, and if there's anything else you would like us to consider

4. **How well do you think we captured our *Economic Development* needs and priorities in this section?**

Not very well

Tell us why, and if there's anything else you would like us to consider

As a young person im not aware of these.

5. How well do you think we captured our *Transport* needs and priorities in this section?

Quite well

Tell us why, and if there's anything else you would like us to consider

I think road congestion is a big one but it is also Auckland so not sure how this can be reduced.

6. Overall, what is your opinion of the draft Kaipātiki Local Board Plan 2026?

Support most

Tell us why and if there's anything else you would like us to consider, including how we could better meet our climate change goals or Māori outcome aspirations.

7. To ensure our community facilities network is sustainable over the long term, the local board may need to review how assets are used, including whether some may no longer be fit for purpose.

What factors do you think the local board should consider when making decisions about the future of local facilities and assets?

8. How could the Kaipātiki Local Board improve the way it engages with you about local decisions, projects and priorities?

For example, how should we keep you informed, involve you in decisions, and make it easy for you to have your say?

Local Board: Kaipātiki

Your feedback:

1. **How well do you think we captured the needs and priorities of *our Community* in this section?**

Tell us why, and if there's anything else you would like us to consider

Staying connected and culture

2. **How well do you think we captured the needs and priorities of our *Natural Environment* in this section?**

Tell us why, and if there's anything else you would like us to consider

3. **How well do you think we captured the needs and priorities of our *Built Environment* in this section?**

Tell us why, and if there's anything else you would like us to consider

4. **How well do you think we captured our *Economic Development* needs and priorities in this section?**

Tell us why, and if there's anything else you would like us to consider

1. My children have opportunities to study and work locally when they leave school. 2. Maori and Pasifika businesses are supported.

5. How well do you think we captured our *Transport* needs and priorities in this section?

Tell us why, and if there's anything else you would like us to consider

6. Overall, what is your opinion of the draft Kaipātiki Local Board Plan 2026?

Tell us why and if there's anything else you would like us to consider, including how we could better meet our climate change goals or Māori outcome aspirations.

Most important focus areas: Community Economic Development

7. To ensure our community facilities network is sustainable over the long term, the local board may need to review how assets are used, including whether some may no longer be fit for purpose.

What factors do you think the local board should consider when making decisions about the future of local facilities and assets?

8. How could the Kaipātiki Local Board improve the way it engages with you about local decisions, projects and priorities?

For example, how should we keep you informed, involve you in decisions, and make it easy for you to have your say?

Your feedback:

1. How well do you think we captured the needs and priorities of *our Community* in this section?

Very well

Tell us why, and if there's anything else you would like us to consider

Nice to see the importance of community interests being well recognised, unlike the attitude of the present government which has been cutting back financial support for arts and culture.

2. How well do you think we captured the needs and priorities of our *Natural Environment* in this section?

Very well

Tell us why, and if there's anything else you would like us to consider

With these objectives there is hope that we will live more sustainably.

3. How well do you think we captured the needs and priorities of our *Built Environment* in this section?

Very well

Tell us why, and if there's anything else you would like us to consider

Green spaces, like Nell Fisher Reserve and the garden behind Beach Haven shops, are important qualities of urban centres. Throughout Kaipātiki, well managed parks are vital.

4. How well do you think we captured our *Economic Development* needs and priorities in this section?

Very well

Tell us why, and if there's anything else you would like us to consider

5. How well do you think we captured our *Transport* needs and priorities in this section?

Quite well

Tell us why, and if there's anything else you would like us to consider

I think cycling and driving on the section of Mokoia Road between Colonial Drive and Chelsea View Drive is risky for people not familiar with this section of road, because it is used as a four lane route but there are no road markings to allow for this. A few years ago I passed an accident where someone turning right out of Porrit Ave got hit by a vehicle heading north on the inner "lane". The driver of the hit vehicle may have had vision obscured by a vehicle coming along on the outer "lane" at a slower speed and may not have realised that there were two lanes involved, there being no road markings to indicate the fact. There is also a pedestrian crossing near this intersection and users need to know how many lanes to look out for. Being a cyclist, I suggest this section of Mokoia Road be marked as single lane for general traffic, with dedicated cycling and bus lanes on the kerbsides. But, whatever, paint the road to make it clear what the arrangement is.

I have enjoyed many walk/runs throughout Kaipatiki and use pedestrian connections between roads and reserves. Some, like the path between 92 Manuka Road and Noeleen Street, were not obvious last time I went through. Obscured public thoroughfares need to be usable and well identified for recreational and community use. Some years ago, through the Kaipatiki Restoration Group, there was quite an effort to identify and enhance connectivity within Kaipatiki. I think it is really important for people to enjoy the many facets of Kaipatiki by walking and running.

I have lived in Kauri Road for nearly 70 years and the bush and coastal areas of this locality are close to my heart. It is most unfortunate, but understandable, that kauri dieback has resulted in the closure of Kauri Park, taking away people's ability to walk from the Verrans Corner area through the bush to Soldiers Bay and beyond. As a child, before Kauri Road was formed, we used to walk to Soldiers Bay for a swim, following the paper road through to Balmain Road and thus the bay. But when my Dad was made an honorary ranger by Lands and Survey, which used to administer Kauri Park, an alternative track was made through Kauri Park to connect with Balmain and the paper road route became disused. The well used Kauri Park connection is sorely missed, and it would be great if the paper road could once again serve as foot thoroughfare. But a couple of years ago the Kaipatiki chairman told me that access to the paper road was also closed because of kauri die-back.

.However, it would be easy to make a track that avoids the few kauri on this road reserve. The problem is crossing the gully, which is steeply-sided. I am using this opportunity to promote a

connection (and some form of footbridge) so that people can enjoy the road's bush, the crossing of a lovely stream, and visit adjacent, Fernglen without having to drive around. For the community's well-being and the reduction of emissions, let's give it a go!

6. Overall, what is your opinion of the draft Kaipātiki Local Board Plan 2026?

Support all

Tell us why and if there's anything else you would like us to consider, including how we could better meet our climate change goals or Māori outcome aspirations.

Road markings to indicate cyclists also use the road. The more cyclists, the less emissions.

7. To ensure our community facilities network is sustainable over the long term, the local board may need to review how assets are used, including whether some may no longer be fit for purpose.

What factors do you think the local board should consider when making decisions about the future of local facilities and assets?

Assets can be adapted to unexpected purposes so community consultation is important.

8. How could the Kaipātiki Local Board improve the way it engages with you about local decisions, projects and priorities?

For example, how should we keep you informed, involve you in decisions, and make it easy for you to have your say?

For me, the internet should keep me informed.

Not very well

Tell us why, and if there's anything else you would like us to consider

5. How well do you think we captured our *Transport* needs and priorities in this section?

Not very well

Tell us why, and if there's anything else you would like us to consider

6. Overall, what is your opinion of the draft Kaipātiki Local Board Plan 2026?

Support most

Tell us why and if there's anything else you would like us to consider, including how we could better meet our climate change goals or Māori outcome aspirations.

7. To ensure our community facilities network is sustainable over the long term, the local board may need to review how assets are used, including whether some may no longer be fit for purpose.

What factors do you think the local board should consider when making decisions about the future of local facilities and assets?

Further explanation is needed.

8. How could the Kaipātiki Local Board improve the way it engages with you about local decisions, projects and priorities?

For example, how should we keep you informed, involve you in decisions, and make it easy for you to have your say?

Instead of seeking communication only when necessary regarding the matters mentioned above, it is necessary to provide residents with opportunities for communication on a regular basis.

Local Board: Upper Harbour

Your feedback:

1. How well do you think we captured the needs and priorities of *our Community* in this section?

Not well at all

Tell us why, and if there's anything else you would like us to consider

Reserves often require a complaint to get mowed regularly

Pot holes in roads are not safe with months of complaining to get repaired

2. How well do you think we captured the needs and priorities of our *Natural Environment* in this section?

Not very well

Tell us why, and if there's anything else you would like us to consider

Don't know about "guided by Maori" ?

3. How well do you think we captured the needs and priorities of our *Built Environment* in this section?

Not well at all

Tell us why, and if there's anything else you would like us to consider

Roads and associated services poorly maintained

Shopping centres run down, dirty and poorly managed

Far too many road restrictions causing vastly increased safety concerns.

4. How well do you think we captured our *Economic Development* needs and priorities in this section?

Not well at all

Tell us why, and if there's anything else you would like us to consider

Who writes this rubbish! Get some new contract managers capable of managing the assets properly.

5. How well do you think we captured our *Transport* needs and priorities in this section?

Not well at all

Tell us why, and if there's anything else you would like us to consider

No buses come anywhere near our home in Hobsonville

Reading design is a disgrace with hazards installed almost daily to further restrict traffic.

6. Overall, what is your opinion of the draft Kaipātiki Local Board Plan 2026?

Do not support most

Tell us why and if there's anything else you would like us to consider, including how we could better meet our climate change goals or Māori outcome aspirations.

Reduce emphasis on Maori wants and provide economic viable and long term plans supported by real maintenance programs

7. To ensure our community facilities network is sustainable over the long term, the local board may need to review how assets are used, including whether some may no longer be fit for purpose.

What factors do you think the local board should consider when making decisions about the future of local facilities and assets?

8. How could the Kaipātiki Local Board improve the way it engages with you about local decisions, projects and priorities?

For example, how should we keep you informed, involve you in decisions, and make it easy for you to have your say?

I would love to see what, if anything is done regarding any of these surveys.

To date you just send them out, pat yourself on the back and actually do nothing other than plan for the next survey to be sent out.

Inform all ratepayers of your actual efforts you are doing “ personally” undertaking and your success. Ratepayers are sick of reading and hearing this continual rave by advertising and councils marketing machine about how well you are doing .

The community agrees that this council is among the worst performing in NZ and is saturated by talkers not doers!.

Get back to your core activities, and stop all this touchy freely rubbish which costs us plenty.
