Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Need more information

   Tell us more

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**I don't know**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Quite well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	I don't know
Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Quite well
Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Quite well

Tell us more (please note which focus area your comment refers to)

Where I have said 'Don't know or need more information ' is because I'm interested in the 'how'

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better public transport and safer ways to walk and cycle around our neighbourhoods,Cleaner neighbourhoods and reducing illegal dumping,Safer neighbourhoods and public spaces

Any further comments?

Let's get these dirt bikes off our parks and public spaces!

Increase Inorganic cubic metres collection

Increase dog patrol to make streets safer option to walk/run

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Improving safety, lighting and accessibility in public places,Improving transport connections, walking routes and safer travel options,Maintaining and upgrading parks, playgrounds and sports spaces

Any further comments?

Add play furniture at Moyle Park given the new development

We could do with an upgrade of the Beddingfield playground in Ōtāhuhu and a dirt volleyball court, so much housing has been built in this part of Ōtāhuhu

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better cycling and shared path connections,Better transport access and connections between local neighbourhoods and town centres,Safer school drop-off and pick-up areas

Any further comments?

Dedicated parking for drop off and pick up at schools, kura, kindergarten, play group and language nests like Aoga Amata

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Please do up the Ōtāhuhu Tennis courts, it needs to be used by the community. It's current state is an eye sore when I drive past it.

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Improving safety, lighting and accessibility in public places,Improving transport connections, walking routes and safer travel options,Projects that help revitalise town centres and public spaces

Any further comments?

Hi Team, thanks for the chance to give feedback.Could you please consider adding more budget for local rubbish and berm maintenance into the next plan?There seems to always be litter in the gutters and bushes along Elmdon St, Hall Ave, and Bader Dr (between Elmdon and McKenzie). The Watchfield Close cul-de-sac could also use a bit of a tidy-up, as beer bottles, cans, and rubbish are left behind by visitors attending rugby league at Moyle Park on the weekend. Also, the public berm shrubbery on Elmdon St and Watchfield Close is quite overgrown and could do with pruning and upkeep.Thanks for listening and for helping to look after our community.

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better transport access and connections between local neighbourhoods and town centres,Less congestion and smoother traffic flow,More reliable and frequent public transport

Any further comments?

A bus stop down Elmdon would be helpful. A bus that goes from Mangere Town Centre along Elmdon st that goes to Otahuhu train station would be great especially once the CRL opens this would help people who work in the city to catch the train there and back home. So far, I only know of the 311 bus that goes to the Otahuhu train station in my area, which means I

have to walk about 15 minutes to get to a bus stop on Walmsey Ave, not ideal or safe if you are travelling home alone in the dark. Also it would be great if the 309 went down Elmdon street too. it was doing that while the Walmsley Bridge was being upgraded and that helped get closer to home for those that live in that corner of Mangere.

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

The dog issue, there are a few dogs roaming the streets, I feel I can't walk in certain areas, especially on exercise walks, bus stops etc.

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Please include in the Parks workplan - Upgrade to the Sturges Park changing room/toilets on the main field, increase LUX capacity to 200 to allow for Girls ripper to be played in the Ward instead of families having to travel to the other side of town. Escalate the lease of the Otahuhu Tennis courts, there are groups who would love to access this dormant facility.

Cover up all potholes on Mangere road. It a nuance having to travel on the roads of mangere with so many potholes around Mangere town center, archboyd, chelburn, EVERYWHERE....

Potholes are not safe for the people of mangere= causes stress and damage to transport vehicles!!

Community priorities

3. **Which areas do you think should be the biggest priorities for the local board over the next three years?**
   (Select up to 3 options)

   Other (please tell us):COVER ALL POTHOLES and FIx work construction watercare it causes massive delay to traffic for EMPLOYEES and Elderlys who travel home

   Any further comments?

   Get it together= Cover potholes, take away ugly bumps on chelburn or create smoother ones and hurry the construction road works that delaying traffic
   😳😳😳😳😳😳😳😳😳😳😳😳😳😳😳😳😳😳😳😳😳😳

Funding and investment priorities

4. **Which areas do you think should be prioritised for future investment by the Local Board?**
   (Select up to 3 options)

   Spaces and services that support young people, families and older adults,Other (please tell us):Take away ugly bumps on the mangere roads on chelburn it so annoying - damages car....or create smoother bumps

   Any further comments?

Transport priorities

5. **Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?**
   (Select up to 3 options)

   Other (please tell us):Cover all potholes, demolish ugly bumps on chelburn street- it rough on the car

   Any further comments?

Other feedback

6. **Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?**

Create better bustops- make it look pretty.

Create better infrastructure in mangere town center - the toilets there are yuck and disgusting. Build toilets near the mangere library is for easy access for elderly add toilet near the old countdown use too be and one near mc Donald's and fix the one near the fair....

*Toilets should be better looking, comfortable, better mirrors, etc.

*The cycling track at center park is ugly and the space for cars to travel through is restricting- take that bike track away

*Make movies in the park more frequent in davidlange park

Thankyou for listening am looking forward for these changes to happen

Local Board: Māngere-Ōtāhuhu

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Quite well

   Tell us more

   Transport is a huge issue for Mangere, where it becomes a very congested pass-by for all of Auckland getting to and from the Airport and Airport Oaks. Safety for the community is paramount from heavy trucks and fast cars trying to get passed Mangere.

   Mangere and Otahuhu local board have become quite friendly with accepting large gatherings at the town centres, often loud music and spills onto the residential streets late at night. Being welcoming to people is one thing, but some peace and quiet for the residents is another. Thirdly, something needs to be addressed about the large number of developments where there was one home and now a huge apartment building. Providing the safe walking and cycling paths are useless when multiple cars are parked all over them. Therefore, council signing off on plans which come with adequate carparking.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Very well**

Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Quite well

Fund the Māngere Education Centre - they are doing such great mahi and deserve to be fully funded to keep it up. In my local tourism business, we take our manuhiri to Te Pane o

Mataoho and share with them the work being done at MEC to educate our next generation and all those who want to learn of the volcanic and human history of the maunga.

Transport - Buses that travel Mangere to Walter Street, Bus no. 324 used to deliver passengers back to our stop outside our village, now they get dropped off at Seaside Park, it's cold in winter and hot in Summer - and elders age 65 - 83 sit waiting an hour at Seaside Park for next bus.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better parks, libraries and community facilities,Better public transport and safer ways to walk and cycle around our neighbourhoods,Cleaner neighbourhoods and reducing illegal dumping

Any further comments?

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Community programmes and activities that support local wellbeing and belonging,Improving transport connections, walking routes and safer travel options,More support for local events, arts and cultural celebrations

Any further comments?

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better road repairs and maintenance,Better transport access and connections between local neighbourhoods and town centres,More reliable and frequent public transport

Any further comments?

Our village - 50/90 High Street/Walter Street home to 109 aged tenants. We had excellent contractors before Kainga Ora changed contractors.

Our lawns are not taken care of - no edge or verge trimming - cleaners of hall below par, and after many complaints, our bins are slowly getting collected.

The change of maintenance contractors should be kept to local contractors - not companies that don't speak English.

Lighting Upgrade Request for Williams Park, Viscount Street

Manukau Rovers is a growing community football club, and 2026 has seen significant growth across both our junior and senior programmes. Participation in our junior grades has increased, and we have successfully established an additional adult women's team, reflecting the increasing demand for football opportunities within our community.

To support this growth, Williams Park on Viscount Street requires an upgrade to its field lighting. The current lights do not provide sufficient illumination for evening matches, which means our teams are unable to play night games on the field. As a result, some of our junior girls' teams, who would normally play home fixtures at Williams Park, are required to travel to alternative venues, creating additional costs and inconvenience for players and their families.

Improved lighting across all fields is also essential to provide adequate training space. Currently, training activities are concentrated on limited areas, causing wear and tear on a single field. Access to quality training space is already at a premium on many nights, and this challenge will only increase as the club continues to grow.

Upgrading the lighting at Williams Park would enable night games, increase training capacity, improve player safety, reduce pressure on individual fields, and support the continued development of rugby in our local community. This investment is critical to ensuring Manukau Rovers can meet the needs of its growing membership and continue providing accessible sporting opportunities for players of all ages and abilities.

Organisation: N/A

Local Board: Māngere-Ōtāhuhu

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Need more information

   Tell us more

   The draft plan is too general. I'd like to see more specific, measurable commitments for Māngere-Ōtāhuhu, particularly around infrastructure, wastewater and stormwater improvements, town centre safety, and neighbourhood upgrades. It's difficult to know what tangible changes residents can expect over the next three years.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Quite well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Not very well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Quite well

Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Not very well
Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Quite well

Tell us more (please note which focus area your comment refers to)

Community - while the focus areas are relevant, the plan feels too broad. It talks a lot about supporting communities but doesn't clearly explain what tangible improvements residents can expect over the next 3 years. I'd like to see more concrete commitments

Community priorities

3. **Which areas do you think should be the biggest priorities for the local board over the next three years?**

   Better road repairs and maintenance,Safer roads and intersections,Safer school drop-off and pick-up areas

   Any further comments?

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Overall, I think the plan needs to be more ambitious and include clearer, measurable actions. I'd like to see a stronger focus on growing Māngere's economy by supporting local businesses, attracting investment and creating more quality local jobs. I also believe improving safety should be a higher priority through better lighting, cleaner public spaces and safer town centres. Finally, I'd like to see more investment in improving our waterways, reducing pollution and addressing issues such as wastewater and stormwater infrastructure, as these have a real impact on our local environment and quality of life.

Supporting the heartbeat of our maunga: Māngere Mountain Education Centre

To the Māngere-Ōtāhuhu Local Board,

I am writing to strongly support the Māngere Mountain Education Trust and urge the board to prioritize their funding in the upcoming budget.

The Education Centre is far more than an operational site; it is a cornerstone of our community. For over 30 years, it has served as a bridge between our past and future, offering tamariki and rangatahi a space to connect with the deep history, culture, and ecology of Te Pane o Mataoho.23

The success of the center is clear in the stories and data we see daily. With visitor numbers surging and feedback highlighting the life-changing nature of these programmes, it is evident that the demand for this unique, place-based learning is growing. Whether it is total immersion in te reo Māori or understanding the history of the maunga, the center provides experiences that cannot be replicated elsewhere.24

Currently, our community risks losing this invaluable taonga due to funding instability and lease uncertainty. The center has worked tirelessly to manage its resources effectively, even providing subsidized access for local students despite significant budgetary pressures.124

I ask the Local Board to recognize the center’s irreplaceable role in our region. Please ensure that MMET is supported with the sustainable funding and security needed to continue their work. Investing in this center is an investment in the education, culture, and well-being of our community.

Ngaa mihi,

Maangere-Ootaahuhu Local Board should continue to help funding The Mangere Mountain Education Centre because of the thousands of people who walk through the centre and enriched with the history of the ancestors before us, and the kaimahi who provide the korero, but continously nurture and support all the visitors who come.

The kaimahi have done beautiful things to help keep the centre thriving, and with the plan of cutting funding is devistating, please continue this kaupapa as it provides matauranga maori for generations to come.

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Quite well

   Tell us more

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Quite well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Very well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Quite well
Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Not very well
Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Not very well

Tell us more (please note which focus area your comment refers to)

Transport - Being a resident of Ihumatao mangere, we haven't had public transport here or near by for the longest time. The closest bus stop to us is 2-2.5km from our area. If kids miss a school bus and don't have whaanau transport available, they aren't able to catch public transport to get to school. It's also hard for young people who have no modes of transport to get to work therefore jobs don't hire as much.

Community priorities

3. **Which areas do you think should be the biggest priorities for the local board over the next three years?**
   (Select up to 3 options)

   Better public transport and safer ways to walk and cycle around our neighbourhoods,Protecting and improving the natural environment,Safer neighbourhoods and public spaces

   Any further comments?

Funding and investment priorities

4. **Which areas do you think should be prioritised for future investment by the Local Board?**
   (Select up to 3 options)

   Community programmes and activities that support local wellbeing and belonging,Improving transport connections, walking routes and safer travel options,Other (please tell us):Would love to see Mangere Mountain education centre open and receive funding! What they do and have done in the past Is highly appreciated and needed for the revitalisation of our crops, community and it helps keep te reo maaori me ona tikanga alive and thriving.

   Any further comments?

Transport priorities

5. **Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?**
   (Select up to 3 options)

   Better road repairs and maintenance,Better transport access and connections between local neighbourhoods and town centres,More reliable and frequent public transport

   Any further comments?

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Need more information

   Tell us more

   what about opportunities for local businesses to tender for contracts within our community. We need

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Not very well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Not very well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Not very well
Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Not well at all

Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Not well at all

Tell us more (please note which focus area your comment refers to)

Economic development - We have to acknowledge the fact that low socioeconomic areas where poverty is prevalent also have high proportion of businesses that sell highly processed foods, smokes, vapes and alcohol. Mangere/Otahuhu have higher density of these types of businesses compared to affluent areas like remuera and mt eden. This needs to be addressed. The people and their families within this area deserve better.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better public transport and safer ways to walk and cycle around our neighbourhoods,Cleaner neighbourhoods and reducing illegal dumping,Support for families, seniors and community groups

Any further comments?

We need community groups like MUMA out and about in our community to help keep us safe. Its sad that if i choose to go for a walk along george bolt drive cycle lane heading to the airport, that i get could get abused and challenged to a fight by someone who just seems intent on harassing strangers. All of that just for wanting to walk and improve my health! We need reassurance that our community is safe. For people of all cutures and ages

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Improving safety, lighting and accessibility in public places,Improving transport connections, walking routes and safer travel options,Other (please tell us):Neighbour hood watch

Any further comments?

Community neighbour hood watch network. To provide strong neighbourhood connections that mobilize during big events like natural disasters. That can provide support networks around the community so we can all keep a friendly watch over our community. Re-invigorate that community spirit that may be missing in some areas

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Less congestion and smoother traffic flow,Other (please tell us):Smarter traffic network that more accurate feedback around high/low traffic congestion

Any further comments?

Improved education on how to navigate nz's roading network. Something as simple as understanding that some T3 signs are actually not in use at specific times that are specified on the sign. If the public were properly educated on that, they wouldn't necessarily clog up the one lane and actually use the T3 lane. Thats an example of people creating congestion by treating every T3 sign the same which is not true

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Local procurement - If there are contracts for services required in the Mangere-Otahuhu area, local businesses in the area must be given priority to apply for. Those that live within the community will always deliver a high level of workmanship because its in our backyard so its in our interests to go above and beyond

Transport - Reassessing Cycle Paths in Māngere-Ōtāhuhu

The dedicated cycle paths in the Māngere-Ōtāhuhu area should be reviewed due to their consistently low usage compared with the increasing traffic congestion experienced by motorists.

Many residents observe that, even during peak travel times, cycle paths are often empty or used by very few cyclists, while adjacent roads experience significant delays. The reduction of road space for vehicles has contributed to slower traffic flow, longer travel times, and increased frustration for commuters who rely on these roads every day.

Rather than maintaining underutilised dedicated cycle lanes, consider converting suitable sections into shared paths for both cyclists and pedestrians. Shared paths would benefit a much broader range of users, including walkers, runners, families with prams, mobility scooter users, and cyclists, making better use of existing infrastructure.

Transport infrastructure should reflect how it is actually being used. If cycle paths continue to have low patronage while traffic congestion worsens, it is reasonable to review whether the current allocation of road space best serves the needs of the Māngere-Ōtāhuhu community.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better parks, libraries and community facilities,Protecting and improving the natural environment,Safer neighbourhoods and public spaces

Any further comments?

There is a lot of pollution across Mangere and Otahuhu the steel mill just one example, the airport. These industries need to provide protection within the area to minimize the effects of their pollution, Mangere and otahuhu have very high respiratory disease amongst its residents

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Community programmes and activities that support local wellbeing and belonging,Maintaining and upgrading parks, playgrounds and sports spaces,More support for local events, arts and cultural celebrations

Any further comments?

Very few green spaces across Mangere and otahuhu

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Less congestion and smoother traffic flow,Safer roads and intersections,Safer walking routes and pedestrian crossings

Any further comments?

Town planning has been poor and now there are cars parking in reserves as there is no road space for all the housing without car parking, no parks in the near vinicitny of these massive builds.

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Te pane of mataoho Mangere mountain education trust provide an excellent service and the only cultural activity at the gateway to our country, this program and a program to protect the very few green spaces across Mangere and Otahuhu, more planting up the mountain and protect the Ta arata stream and surrounding area, which should be restored to the Pa Harakeke it once was

I'd like to see continued support and funding put into Mangere education Centre, they have the right access and tools to educate our tamariki from local scools and afar on the history of te pane o mātaoho. For them to sustain this service they need adequate support and funding from local boards and the community.

Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Not very well

Tell us more (please note which focus area your comment refers to)

Currently you can still need to travel quite long distances on foot to get to a bus-stop. If you have a trolly you are rejected from riding the bus. Access is difficult if you use mobility aides. This is particularly bad for the more "industrial" or scenic areas of Māngere.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Community events and activities that bring people together,Preparing communities for emergencies and extreme weather,Protecting and improving the natural environment

Any further comments?

I am very very passionate about cleaner spaces with less rubbish. I resent the way that this is stated as if it is a personal ethics issue that needs to be policed more. Actually the increase in illegal dumping is the natural result of the reduction in rubbish bins, the reduction of inorganic rubbish collections, the out of control pricing at rubbish dumps & the lack of regulations on corporate businesses about creating safe & durable products. Punishing poor people without access for doing the inevitable is not solving the problem.

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Community programmes and activities that support local wellbeing and belonging,Maintaining and upgrading parks, playgrounds and sports spaces,More support for local events, arts and cultural celebrations

Any further comments?

Important spaces like the Māngere Maunga Education center cannot run without funding & support. Our Arts spaces like the Māngere Arts Center & Wheke Fortress(serves a lot of Māngere & Ōtahuhu locals) cannot run without funding support. Programs like Ōtatahuhu Arts in tha Square cannot run without funding support. All of these things are underfunded & struggle despite being absolutely vital for the community.

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better road repairs and maintenance,Better transport access and connections between local neighbourhoods and town centres,Other (please tell us):Better access & education about keeping footpaths open & uncluttered for better access for people using mobility devices

Any further comments?

There needs to be better transport options between Ōtahuhu & Māngere & around the area. Not everyone can use a bike or scooter.

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

The Māngere Maunga Education Center & trust need more funding. Wheke Fortress need more funding. The Māngere Arts Center need more funding.

   Need more information

   Tell us more

   Only has the what and why

   No how and who - this is the important part as details where, when and who gets to spend the dollars and on what. So much money has been wasted in recent years on unimportant/irrelevant things. The community is fractured, dirty and unsafe with the rapid swelling of numbers, violence and rising crime and a lack of enforcement. Too much money has been spent on cycle/bus lanes that are rarely used. Those who seemed to be in charge of designing and spending the money don't seem to actually live in the area and use the facilities. The general public seems no longer to care about following the basic rules eg walking your dog on a leash, cycling rules (such as stopping for red lights/stop signs and indicating) no smoking or vaping in public spaces, parking properly, littering, obeying any signs in parks etc. n Money should be spent on facilities that are designed for everyone eg Public parks, libraries, pools etc. Not given to those who are running specific cultural or religious festivals etc that are inherently racist and separatist in nature.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Not very well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Quite well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Not well at all
Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Not well at all
Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	I don't know

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Quite well

   Tell us more

   Prioritisation of spend is key to helping communities feel basic needs are being met. Covid has given a whole new appreciation to community space eg. Libraries, Playgrounds etc- places our people can find fun and relaxation at low to no cost. The cost of living crisis increasingly effects our general health and wellbeing exponentially.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Quite well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Not very well

Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Not very well

Tell us more (please note which focus area your comment refers to)

Economic Developing and funding while appreciated is very much and seed funding, rather than assisting with strategic moves to step up to BID opportunities. The advice and assistance, is near non-existant, unless you are already a commercial operation. How do immerging collective co-ops, step up?

Community priorities

3. **Which areas do you think should be the biggest priorities for the local board over the next three years?**
   (Select up to 3 options)

   Better parks, libraries and community facilities,Preparing communities for emergencies and extreme weather,Safer neighbourhoods and public spaces

   Any further comments?

   I would have liked to have said the environment; however, the reality is with optimisation across all Local Boards to find "cost savings"- our environment requires more time, more effort = a spend that is not to be found within the next 3 years and the Plan.

Funding and investment priorities

4. **Which areas do you think should be prioritised for future investment by the Local Board?**
   (Select up to 3 options)

   Improving safety, lighting and accessibility in public places,Maintaining and upgrading parks, playgrounds and sports spaces,Upgrading community facilities including libraries, halls and recreation centres

   Any further comments?

   Again, my priority picks are based on what actual spend is available to address short term opportunities, rather than the long term outcomes.

Transport priorities

5. **Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?**
   (Select up to 3 options)

Better transport access and connections between local neighbourhoods and town centres,More reliable and frequent public transport,Safer walking routes and pedestrian crossings

Any further comments?

There is antisocial behaviour on public land such as the Mangere bridge waterfront with drinking and loud music, motor dirt bikes being ridden on roads and at the parks where kids are playing and the infrastructure does not deter this behaviour as police cannot attend to arrest this behaviour. The built environment should be designed to deter and stop antisocial behaviour while allowing kids to safely use these areas.

The cycle lanes are a positive addition in Mangere bridge to connect to Onehunga.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better parks, libraries and community facilities,Preparing communities for emergencies and extreme weather,Safer neighbourhoods and public spaces

Any further comments?

I think the focus should be on making places safer and providing well funded places for families to use such as libraries, community pools and centres. This gives people positive places to meet and do activities instead of making trouble.

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

The local board is overall doing a good job considering the lower socioeconomic community and therefore funding that they represent.

I do think there is a focus on the “poorer” parts of the local board area. There should be a fair spread of the resources of the local board on other parts such as Mangere bridge and Otahuhu as these are also rate payers who have different needs/interest to other communities. There should also be a focus on non-pacific communities in this board area again even though these are minorities they do live here and bring value. For example encouraging and finding things like Asian festivals or smaller European markets e.g. german etc.

Local Board: Māngere-Ōtāhuhu

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Quite well

   Tell us more

   We have lived in Māngere all our lives and are proud to call it home. It is a wonderful community with so much to offer – everything is accessible within one area, from the beautiful Māngere Mountain and nearby beaches to the free swimming pool, our vibrant and diverse town centre, and the fantastic Centre Park right next to our home.

   However, we have become increasingly concerned about the growing levels of illegal rubbish dumping and the damage caused by trail bikes and motorbikes in our parks and reserves. These activities are harming the environment, reducing the enjoyment of our public spaces, and impacting the wider community.

   I strongly encourage the Local Board to advocate for stronger enforcement, higher penalties and fines for illegal dumping and damage to parks, along with increased monitoring and visible warning signage in known hotspot areas. Protecting our parks and natural environment should be a priority so that current and future generations can continue to enjoy the things that make Māngere such a special place to live.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Quite well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Quite well

Tell us more (please note which focus area your comment refers to)

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better parks, libraries and community facilities,Cleaner neighbourhoods and reducing illegal dumping,Safer neighbourhoods and public spaces

Any further comments?

I would like to suggest a few examples the board can consider to tackle illegal rubbish dumping: Make It Easier to Dispose of Waste

Promote and fund regular community inorganic collection events.

Increase awareness of free or low-cost disposal options.

Work with local businesses and landlords to improve waste management for multi-unit housing.

Provide more public litter bins where appropriate.

Rapid Response

Commit to faster removal of illegally dumped rubbish to discourage further dumping.

Develop a simple reporting process through the Auckland Council app or QR codes on signs.

Monitor hotspot locations and regularly review trends.

Community Education

Run education campaigns in multiple languages reflecting Māngere's diverse community.

Partner with schools to educate young people about caring for the environment.

Work with local community organisations, churches and marae to promote environmental stewardship.

Recognise and celebrate community clean-up volunteers.

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board? (Select up to 3 options)

Community programmes and activities that support local wellbeing and belonging,Maintaining and upgrading parks, playgrounds and sports spaces,Upgrading community facilities including libraries, halls and recreation centres

Any further comments?

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better transport access and connections between local neighbourhoods and town centres,More reliable and frequent public transport,Safer walking routes and pedestrian crossings

Any further comments?

   helps with cost of living and inequality, youth and community development and community safety, also caters for the growing community

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Quite well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Quite well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Quite well
Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Quite well

Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Quite well

Tell us more (please note which focus area your comment refers to)

Recognises affordability issues, especially seniors and people without cars

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Cleaner neighbourhoods and reducing illegal dumping,Preparing communities for emergencies and extreme weather,Programmes and opportunities for young people

Any further comments?

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Improving safety, lighting and accessibility in public places,Maintaining and upgrading parks, playgrounds and sports spaces,Spaces and services that support young people, families and older adults

Any further comments?

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better road repairs and maintenance,Less congestion and smoother traffic flow,Safer roads and intersections

Any further comments?

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Overall ticks many boxes for community needs but concerns whether

funding is sufficient to deliver all aspirations.

Heavy reliance on advocacy requests that require Governing Body or Central Government support.

Lack of specific measurable targets in some objectives.

Limited capital funding beyond the David Lange Park upgrade project.

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Quite well

   Tell us more

   Overall - Quite reasonable appropriate for our community.

   We really need to have proper filtered water fountain drinking/refill water stations at our Town Centre and our Libraries to encourage healthier fresh water for our community.

   We have a zumba zone in the middle of the town centre but no where for community to fill their water bottle or access free clean drinking water.

   Only options are to buy juice, fizzy and milkshakes, and buy bottled water.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Quite well**

Ensure school buses connect our Mangere students safely - as close as possible to their homes.

Better lighting for Manukau Rovers grounds. There's only one field that can be lit up in the evenings for a club that has many teams.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better parks, libraries and community facilities,Better public transport and safer ways to walk and cycle around our neighbourhoods,Safer neighbourhoods and public spaces

Any further comments?

We really need to have proper filtered water fountain drinking/refill water stations at our Town Centre and our Libraries to encourage healthier fresh water for our community.

We have a zumba zone in the middle of the town centre but no where for community to fill their water bottle or access free clean drinking water. Clean drinking water should be free and accessible to all in our community. Manawa Bay Mall has great ones there. We should at least have some at the Town Centre and all our Libraries. Maybe get Watercare to sponsor!!

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Improving safety, lighting and accessibility in public places,Spaces and services that support young people, families and older adults

Any further comments?

Please provide more lighting at Manukau Rovers Grounds for evening trainings.

Our womens team couldn't play on Field 2 because it's a Auckland Council Park - how come this is?

We really need to have proper filtered water fountain drinking/refill water stations at our Town Centre and our Libraries to encourage healthier fresh water for our community.

We have a zumba zone in the middle of the town centre but no where for community to fill their water bottle or access free clean drinking water. Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Less congestion and smoother traffic flow,Safer roads and intersections,Safer walking routes and pedestrian crossings

Any further comments?

I have liked the improvements with connected and wider walk paths on Robertson Road and up around the town centre connecting to Mangere Bridge! Excellent.

Board and AT really need to crack down on illegally parked 'large truck trailer units that are permanently parked on streets. For Robertson Road headed towards the Manukau Motorway there's another huge truck hiab type vehicle there, blocking the roads for morning access. Hain Ave a collection of large trucks all parked alongside. We are congested everywhere in Mangere these on the sides of the road are not helping!

AT need to come and enforce yellow lines and issue tickets for infringing large vehicles. Making it clearway areas etc. SO much effort is put into these types of things in Central Auckland - and nothing like that out Mangere ways.

People think it's ok to park large trucks dotted all over our community. Our road sides are not parking zones!

We have had this issue on McKinstry Ave for at least 7 months and yet again Auckland Tranpsort have not issued any infringement for a large truck and trailer unit permanently residing on our street. Have lodged at least 5 tickets, and goes on deaf ears. Even submitted photographic evidence multiple times.

It's no wonder people in the Mangere community don't bother to report!

Poor service and no positive outcomes.

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Reinstate the road bump from Robertson Road to McKinstry Ave turn-off.

Cars speed through there and it's hard to turn in and out of McKinstry Ave given it's an arterial route. Any type of speed calming would be great!

There was a previous road bump there but has been out of action for months now.

I don't see much about teaching and enabling our communities around AI and other learning opportunities. These are another tool in helping to prepare our community in not being left behind in the digital age. I'm sure we have providers locally that could help in the enabling capacity.

Auckland Transport and their emailing of correspondence for reporting issues is very singular and transactional. There is nothing around connecting similar issues. Everything is viewed only by ticket. It's no wonder they can't provide a holistic approach to problem solving an issue because everything needs to be lodged case by case and there's nothing to draw context to things.

Eg: My issue of reporting the illegally parked truck on my street for months. Probably lodged 5 tickets all saying the exact same thing. Traffic wardens came to view and deemed it not illegally parked.

The issue was that it was categorised incorrectly by me and should've been listed as "abandoned vehicle" had anyone from AT taken the time to view they'd see there was a reoccuring theme happening. It was not till i contacted the call centre and asked why on several occasions do the wardens not see this large trailer parked as an issue. It's decreased visibility for us who can't see oncoming cars. Perhaps this is where AI could help synthesise and connect the dots for AT staff.

Tell us more (please note which focus area your comment refers to)

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better parks, libraries and community facilities,Cleaner neighbourhoods and reducing illegal dumping,Safer neighbourhoods and public spaces

Any further comments?

Can the gym and swimming pool hours for Mangere be extended like the Otahuhu Pools and Gym.

Perhaps the 2 need to be the same hours of operation so people have the same experience. Sadly Mangere's ones close way too early for our schedule

As a family - we like going for night swims at Otahuhu pools which close at 8pm (Mon-Fri)

Some consistency would be good!

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Community programmes and activities that support local wellbeing and belonging,Improving safety, lighting and accessibility in public places,Projects that help revitalise town centres and public spaces

Any further comments?

We need water drinking stations/fountains at Mangere Town Centre and our Libraries.

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better road repairs and maintenance,Safer roads and intersections,Safer school drop-off and pick-up areas

Any further comments?

Reinstate the speed hump on Robertson Road to McKinstry Ave corner turn.

This helps the turning to slow the oncoming traffic down.

Better bus drop off for Onehunga High School students in Mangere - namely for the Roberston Road pick up and drop offs.

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

We enjoy the David Lange Park upgrades. It's a huge improvement on Mangere playground options.

Just sad to see our community do not look after our beautiful spaces.

Community - Strong investment into community is important culture is thriving but needs more support of those doing good work with space and funding to keep doing work that the community needs and helps grow thriving generations

Economic development - Less takeout options, less liquor options for us on growth and space for our kids to learn n reshape financial capabilities, life skills, physical educations options, sustainable living and growth into careers desire for more than staus quo. Bring in innovation and mash that with vibe and culture of community results will be a thriving community, supports for home ownership, better facilities and upgrades where needed- Partnership between all

Transport -not just moving with travel but how roads designed lights etc maintenance of things

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Cleaner neighbourhoods and reducing illegal dumping,Programmes and opportunities for young people,Support for families, seniors and community groups

Any further comments?

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Community programmes and activities that support local wellbeing and belonging,Projects that help revitalise town centres and public spaces,Spaces and services that support young people, families and older adults

Local Board: Māngere-Ōtāhuhu

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Very well

   Tell us more

   This is amazing! Its a work on progress but I can see what our local board is trying to achieve long term. The homelessness is growing around mangere, out of my 37 years living in Mangere Ive never seen it get this bad. Im soooo happy there is an initiative with the storm water drains. With all these additional high rise building ive always known there would be some negative effects within that part of the system.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Very well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Very well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Very well

Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Very well
Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Very well

Tell us more (please note which focus area your comment refers to)

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better parks, libraries and community facilities,Preparing communities for emergencies and extreme weather,Protecting and improving the natural environment

Any further comments?

I am a proud Mangere Resident, born and bred. Ive seen so many changes already within our communities, some good some not so good. Our parks are starting to look more vibrant like the nicer areas, but there are some that are still struggling. We often forget that we have many alleyways that our children use to cross through to get home poor lighting and upkeep of these areas make it an unsafe area sometimes for our children. For an area so close to the airport many tourists often stop in or pass by, lets set the stage of what Mangere really embeds vibrancy, diversity, culture, proud! Thank you for letting us have our say. If I didnt see this on fb I may have not known about this. Malo Au Pito

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?

Organisation: N/A

Local Board: Māngere-Ōtāhuhu

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Not very well

   Tell us more

   Mangere is improving in the community with events and parks for families but housing development increases population, the transport and economic strain with reduced living space, no residential parking, increased traffic and no supermarkets other than Paknsave. No banks. People have to leave Mangere to access quality services.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Quite well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Quite well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Not very well

Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Not well at all
Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Not well at all

Tell us more (please note which focus area your comment refers to)

The community is good at looking after each other. It is good at supporting events. The parks, library and community programmes are well attended. The council rates we pay are not demonstrated to be spent on infrastructure - roads, traffic managment, transport options, businesses fhat contribute to the community in a positive way that builda futures not create negative health problems.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better public transport and safer ways to walk and cycle around our neighbourhoods,Preparing communities for emergencies and extreme weather,Supporting local businesses and town centres

Any further comments?

Mangere does well with social.community events which is great. More infrastructure and care of our community.

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Improving transport connections, walking routes and safer travel options,Projects that help revitalise town centres and public spaces,Spaces and services that support young people, families and older adults

Any further comments?

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better road repairs and maintenance,Less congestion and smoother traffic flow,More reliable and frequent public transport

Any further comments?

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Mangere community has a strong spirit and would love the neighbourhood that reflects that. Wonderful gym/pool/park/ library facilitues. However the population has grown due to the councils mixed housing building zone creating congestion on the roads, access is difficult to get across Mangere - Bader Drive and Massey Rd are linked to major motorways and there needs to be more lanes.

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better road repairs and maintenance,Safer school drop-off and pick-up areas,Safer walking routes and pedestrian crossings

Any further comments?

I'd like to comment about safer pick up areas for children especially primary kids. All schools should have a designated space for pick up and drop offs.

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Parking and road markings: Many parking spaces and road markings have not been maintained or repainted for years, making parking unclear and creating safety concerns. This should be prioritised.

Funding for community events: Increase support for local events like 275 day for example that bring communities together and celebrate the diversity of Māngere-Ōtāhuhu.

Youth spaces and activities: Invest in more safe, accessible spaces and programmes for young people, including places to socialise, play sport, learn new skills, and access support.

Managing growth: While new housing is needed, there is concern that the pace of development is outstripping investment in infrastructure, parking, parks, transport, and community facilities. Future development should be better balanced with the services residents need.

Water-Sensitive Maangere Goal: Ecologically-viable streams; improved harbour health; co-benefits for community well-being (e.g. increased tree canopy; flood attenuation; food gardens; green recreation & play areas planted in accordance with Ngaa Hau o Maangere Ngahere Planting Guide).

Objective: Support efforts of Auckland Council & community environmental groups to provide information to MÄ ngere people on the benefits of WSUD around their homes, and how it works to provide those benefits, so they welcome Water-Sensitive Urban Design features and help maintain them.

Our Story: Te Ara-rata Stream Team has monitored this streamâ€™s water quality and macroinvertebrates for 25 years. Since 2019 we have added other biosurveys.

These data sets, and our general observations, show that stormwater pipes intermittently deliver pollutants to the stream (hydrocarbons, sediment, heated water, excess nutrients, sewage, etc) which cause repeated die-off of both fish and the small animals which are fish-

food. The other main stress on fish is summer low flow, associated with overheated, deoxygenated water and choking mats of waterweed.

Reduction of the stressors is necessary to give MÄ ngere a resilient foundation for community health.

Our suggestions:

1. Signal to Auckland Council that MÄ ngere recognises the need to incorporate Water-Sensitive Urban Design, to restore the urban water cycle to close to its pre-development functions.

2.Request that the modelling be accessible to our community, and provision made to explain the principles, designs, the costs, benefits, and maintenance required.

3. Ensure that public and private developments are closely monitored for compliance with all regulations designed to protect our environment, in particular percent infiltration.

4. Encourage retrofitting Water-Sensitive Urban Design in brownfield areas.

5. Encourage daylighting of stormwater pipes through floodprone properties for survival of freshwater biodiversity as tidal water encroaches with sea-level rise.

   Do not separate rubbish bins. Before, it was one house, one rubbish bin. Now three houses share one rubbish bin. Can be smelly having three houses dumping into one bin.

   Would like their own bin.

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better transport access and connections between local neighbourhoods and town centres,More reliable and frequent public transport,Safer school drop-off and pick-up areas

Any further comments?

324 bus route back from Otahuhu Town Centre to High St Courts - goes via Seaside Park where passengers have to get off and wait for the bus up to the pensioner flats (Bus has to go to Sylvia Park before back to Otahuhu).

   Living in Otahuhu pensioner village, previously there was one rubbish bin pet house. This has changed now and three houses have to share one bin. This is smelly and overfill. Want to go back to one rubbish bin per house.

Local Board: Māngere-Ōtāhuhu

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Quite well

   Tell us more

   The draft mangere-otahuhu local board plan does reflect a very good plan for the community, however things like street lights, speed bumps, a place for the homeless would make the community feel much safer at anytime of the day. Crossing lights too, like in areas where a lot of students live, they cross busy streets with a risk of getting run over.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Quite well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Quite well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Not very well

Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Quite well
Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Quite well

Tell us more (please note which focus area your comment refers to)

Built Environment providing safer buildings/homes for extreme weather and natural disasters like flooding. Trasnport, more considerate bus drivers often students miss their bus most likely because their bus card is not filled with money, this could be their family has financial issues etc

Community priorities

3. **Which areas do you think should be the biggest priorities for the local board over the next three years?**
   (Select up to 3 options)

   Better public transport and safer ways to walk and cycle around our neighbourhoods,Preparing communities for emergencies and extreme weather,Safer neighbourhoods and public spaces

   Any further comments?

   Preparing communities for extreme weather is very necessary because for heavy rain and dangerous weather, it puts the homes are at risk like the house that are in flood prone areas. Teaching communities how to research properties etc.

Funding and investment priorities

4. **Which areas do you think should be prioritised for future investment by the Local Board?**
   (Select up to 3 options)

   Improving safety, lighting and accessibility in public places,Improving transport connections, walking routes and safer travel options,Upgrading community facilities including libraries, halls and recreation centres

   Any further comments?

Transport priorities

5. **Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?**

Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Not very well

Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Quite well

Tell us more (please note which focus area your comment refers to)

Economic - businesses need to be with more exposure to youth for work experience. Hire youth for small businesses. Summer programmes.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Cleaner neighbourhoods and reducing illegal dumping,Preparing communities for emergencies and extreme weather,Programmes and opportunities for young people

Any further comments?

Workshops for youth. I never see emergencies prep yet maybe more mail to show what to do and support families. Reduce illegal dumping, especially in small neighborhoods. More emergency support. Better awareness.

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Improving transport connections, walking routes and safer travel options,More support for local events, arts and cultural celebrations,Spaces and services that support young people, families and older adults

Any further comments?

For culture as an asian I don't see much events to celebrate despite growing population. More sheltered bus stops close to schools and better connectivity. Spaces for the elderly so they feel safe but included.

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better cycling and shared path connections,Better road repairs and maintenance,Safer school drop-off and pick-up areas

Any further comments?

Bus is often late or delayed for students

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Please just reach to schools. Raise awareness.

Tell us more (please note which focus area your comment refers to)

Transport needs are great with the city rail link. However we need more cyclepaths to Otahuhu. Curlew Bay Rd and Tremwith St need clearer signage and actual tim tams on the streets

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better public transport and safer ways to walk and cycle around our neighbourhoods,Cleaner neighbourhoods and reducing illegal dumping,Safer neighbourhoods and public spaces

Any further comments?

Cycle paths in Otahuhu are very important. Please help this become a reality

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Community programmes and activities that support local wellbeing and belonging,Improving transport connections, walking routes and safer travel options,More support for local events, arts and cultural celebrations

Any further comments?

Cycle paths in Otahuhu. Push for me cycling. Security as well. With our project "Degiz Party" we have had real interaction with a lot of disenfranchised people

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better cycling and shared path connections,Better transport access and connections between local neighbourhoods and town centres,More reliable and frequent public transport

Any further comments?

Safety on public transport is so integral to people actually using it. Our child was almost kidnapped at the Sylvia Park bus stop 1 May. We are in the process of dealing with police, Kiwi Property, the local board and the most useless of organisations, Auckland Transport

The cycleways in Mangere Bridge eg. Coronation Rd dont seem to be used that often and they have stopped the ability for residents to park on the roads which is not ideal for residents here. Meanwhile cycle ways on the Mangere Bridge waterfront are great. Also the new buildings are causing over population or lack of space for residents. Theres congestion

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?

To include more opportunities for youth, more summer jobs, holiday jobs. To support small businesses so they can hire youth for work experience for the youth, while also supporting the small business.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Preparing communities for emergencies and extreme weather,Programmes and opportunities for young people,Support for families, seniors and community groups

Any further comments?

It's just the awareness for the community and families, with this awareness, it will push them to engage more in their community. Many traditional families who don't feel that it's necessary to be updated & therefore they miss out.

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Improving transport connections, walking routes and safer travel options,More support for local events, arts and cultural celebrations,Spaces and services that support young people, families and older adults

Any further comments?

Just the need to create a safer but connected community, where everyone feels supported and like they belong.

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better transport access and connections between local neighbourhoods and town centres,Less congestion and smoother traffic flow,More reliable and frequent public transport

Any further comments?

To allow affordable and easy access to the whole community regarding transport, as not everyone has access to certain transport.

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

It would be a good idea to run workshops for the youth as it creates awareness as of who you are, what you do and the plans you have for the community.

Local Board: Māngere-Ōtāhuhu

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Quite well

   Tell us more

   Good draft that has ideas contributing to an ideal community however, with only a short time frame and lacking realistic views.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Quite well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Not very well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Not very well
Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Not very well

Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Not very well

Tell us more (please note which focus area your comment refers to)

Sidewalks are full of waste and rubbish, transport used by youth in main town centre (Otahuhu) neighbouring TAB of intoxicated people wandering out and causing issues/danger, lack of diverse job opportunities/employment for youth etc, convenient transport locations being unsafe through proximity. Can there be more transport locations or can transport locations have more safety mechanisms employed?

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better parks, libraries and community facilities,Better public transport and safer ways to walk and cycle around our neighbourhoods,Safer neighbourhoods and public spaces

Any further comments?

Local parks (Murphy Park in Otahuhu) being infested with rats which disrupt children and builds fear - also hygiene concerns. Moving Otahuhu TAB somewhere away from schools or changing drinking times to be later when students have safely reached home.

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Improving safety, lighting and accessibility in public places,Improving transport connections, walking routes and safer travel options,Maintaining and upgrading parks, playgrounds and sports spaces

Any further comments?

Sidewalks more smooth & accessible for the elderly/disabled and their wheelchairs/walkers

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better transport access and connections between local neighbourhoods and town centres,Less congestion and smoother traffic flow,Safer roads and intersections

Any further comments?

Otahuhu College across from one of the busiest roads in Otahuhu. Increasing risk of accidents and endangering students/youth. Can traffic be slowed from 3-5pm when there is peak foot traffic including youth?

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Diverse job opportunities/programmes available to youth looking for employment. Ensuring cleaner neighbourhoods with more rubbish bins. Give incentive to clean & recycle (Collecting cans & bottles, trading at drop off points for small sums of money)

Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Quite well

Tell us more (please note which focus area your comment refers to)

Community and built environment: better street lights can help people to see things clearly, with no street lights the crime rates would increase that would lead to people feel unsafe.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Community events and activities that bring people together,Safer neighbourhoods and public spaces,Other (please tell us):People with physical abilities

Any further comments?

For economic development, there should be more job opportunities for people with physical ability, so they can be able to work responsibly without feeling like they can never work. There should be a workplace just for them. In that way they can connect with other people that relates to the community development.

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Community programmes and activities that support local wellbeing and belonging,Improving safety, lighting and accessibility in public places,More support for local events, arts and cultural celebrations

Any further comments?

Clubs for physical disability people, free wi-fi with study spaces and health counselling for teenagers.

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better road repairs and maintenance,More reliable and frequent public transport,Safer walking routes and pedestrian crossings

Any further comments?

More bike lanes because it can be challenging for people in cars to maintain a safe distance and speed.

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

To install cameras where most teenagers spend at, in that way the people may feel much safer. Have volunteering opportunities for young people to get involved in the Manger-Otahuhu local board they should spread this around assembly, social media so more people are engaged with the community.

You know a place that really hits these focus areas? Maangere Mountain Education Centre!!! They deserve full funding because they align with the focus area of COMMUNITY by providing a space for events, guided walks on the maunga, workshops, and visits to Taawhiao's Cottage. In the focus area of NATURAL ENVIRONMENT, the centre educates the community about the natural world through mātauranga Māori, including traditional climate resilience practices. Collaborating with Mana Whenua and the Tupuna Maunga Authority, it also drives ECONOMIC DEVELOPMENT by attracting thousands of visitors to Mangere Bridge annually.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Please fund Māngere Mountain Education Centre!!! It is an important and unique living classroom where our stories, land, and future come together. By supporting it, we honour Te Tiriti, preserve our heritage, and create a space for everyone to learn, connect, and grow. Without it, we lose a place that binds us to our past and inspires our next generation. WE LOVE MĀNGERE MOUNTAIN EDUCATION CENTRE!!!

Maangere Mountain Education Centre deserves FULL funding because it aligns with the focus area of COMMUNITY by providing a space for events, guided walks on the maunga, workshops, and visits to Taawhiao's Cottage. In the focus area of NATURAL ENVIRONMENT, the centre educates the community about the natural world through mātauranga Māori, including traditional climate resilience practices. Collaborating with Mana Whenua and the Tūpuna Maunga Authority, it also drives ECONOMIC DEVELOPMENT by attracting thousands of visitors to Māngere Bridge annually. You could hit out quite a lot of your focus areas really well by funding Māngere Mountain Education Centre.

Community priorities

LOCAL BOARD PLAN FEEDBACK

Draft Māngere-Ōtāhuhu Local Board Plan 2026

Overall position

We support the overall direction of the draft plan and its focus on community wellbeing, safe and accessible public spaces, local economic development and community-led initiatives. The feedback below is intended to strengthen the plan by making several local priorities more explicit and actionable.

Summary of Feedback

High-level feedback to keep the response clear, constructive and generic in nature.

The draft plan reflects many of the aspirations held by local communities. There is an opportunity to strengthen the final plan by giving clearer recognition to the role that local parks, sports fields, community-led activation, local procurement and locally owned businesses play in building connected, resilient and thriving communities.

The key request is not to change the overall direction of the plan, but to make several priorities more visible and practical. This includes improving the usability of parks and sports fields, supporting local entrepreneurs and vendors, and ensuring that local investment creates benefits that stay within Māngere-Ōtāhuhu wherever possible.

Parks, Fields and Playgrounds

Why this matters

Parks, fields and playgrounds are core community assets. They support children, young people, families, sports clubs and informal community connection. As local demand grows, these spaces need to be safe, usable and well-maintained across the year.

- Support further upgrades to local playgrounds so they remain safe, inclusive, accessible and fit for growing communities.
- Increase lighting provision for highly used winter training areas, including overflow fields such as Aorere Park. Where permanent lighting is not feasible, consider portable lighting options for the winter season.
- Continue improving local playing fields through drainage, levelling and resurfacing, especially where fields are heavily used by local clubs, schools and community groups.
- Recognise park activation as a community wellbeing priority, particularly where better lighting and field conditions can support more children, young people and families to use local spaces safely.

Local Economy and Local Businesses

Suggested framing

A local business should include both businesses owned by people who live in the area and businesses that demonstrate a clear commitment to local community benefit.

- Continue supporting local entrepreneurs to build their systems, strengthen capability and contribute to a circular local economy.
- Support local events and activations that prioritise local businesses, vendors and cultural enterprise, such as 275 Day and similar community-led initiatives.
- Where Business Improvement Districts receive local board funding, ensure community engagement and community benefit are clear priorities alongside business outcomes.
- Make local procurement an explicit priority in the work programme, particularly for contracts and services where local businesses may be able to deliver all or part of the work.
- Consider opportunities within maintenance-related contracts such as parks maintenance, mowing, edges, rubbish collection, stream care and waterway maintenance where local businesses or social enterprises could participate.

Community

Core message

Community-led initiatives remain one of Māngere-Ōtāhuhu's greatest strengths. Continued support for local networks and forums helps build participation, leadership, trust and local solutions.

- Continue supporting initiatives that are led by locals for locals.
- Maintain ongoing support for community forums and networks such as the Ōtāhuhu Community Network, Ngā Manga and similar local platforms that help build community connection and collective action.
- Ensure community engagement is embedded early in planning, investment and delivery rather than being treated as an afterthought.

Suggested Wording for the Final Plan

Suggested addition

The Local Board will support community-led use and activation of parks, sports fields and public spaces by prioritising practical improvements such as playground renewals, field drainage and levelling, and seasonal lighting solutions where needed. The Local Board will also strengthen local economic outcomes by supporting local entrepreneurs, community-minded businesses, local vendors and procurement approaches that help more council investment remain within Māngere-Ōtāhuhu communities.

Closing Statement

These additions would help make the plan more practical, locally grounded and outcomes-focused. They would also ensure that investment in parks, community spaces, local events and council work programmes creates stronger benefits for local children, young people, families, community groups and businesses over the next three years.

Clear priorities • Local benefit • Community-led outcomes

Have Your Say on the Draft Māngere-Ōtāhuhu Local Board Plan 2026

#120

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation: N/A

Local Board: Ōtara-Papatoetoe

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Quite well

   Tell us more

   More fenced playgrounds within our growing community is also the growing need for families with disabilities. One of the most challenging roles that affects the whole family. With little options to be in the community because of safety fenced playgrounds would help get families outside & on tough days be an outlet which would ultimately help the mental health of so many families

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Quite well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Not very well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Quite well

Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Quite well
Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Not very well

Tell us more (please note which focus area your comment refers to)

Community priorities

3. **Which areas do you think should be the biggest priorities for the local board over the next three years?**
   (Select up to 3 options)

   Better parks, libraries and community facilities,Support for families, seniors and community groups

   Any further comments?

Funding and investment priorities

4. **Which areas do you think should be prioritised for future investment by the Local Board?**
   (Select up to 3 options)

   Improving safety, lighting and accessibility in public places,Maintaining and upgrading parks, playgrounds and sports spaces

   Any further comments?

Transport priorities

5. **Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?**
   (Select up to 3 options)

   Better transport access and connections between local neighbourhoods and town centres,Less congestion and smoother traffic flow,Safer school drop-off and pick-up areas

   Any further comments?

Tell us more (please note which focus area your comment refers to)

Transport - my issue is with the Ritchie's hired drivers for at buses. They need to be more caring and helpful to the vulnerable customers like wheelchair bound, elderly and disabled and even parents with kids on prams maybe. My father experienced 2 drivers who didn't unload the ramp so he can safely enter and exit the bus .only untill I asked the first the 2n guy was still adamant he can come off. Not acceptable.

The environment and our manu+ there needs to be community involved in keeping our area clean. Need more info pushed out in person like door to door maybe or in schools or workplace on looking after pets or even strays. If we want our community to look after them ,we could look into making it more accessible and affordable to do so.

Economical - I haven't been to Otahuhu markets but I hope we get more traffic to health those local businesses

Community priorities

3. **Which areas do you think should be the biggest priorities for the local board over the next three years?**
   (Select up to 3 options)

   Better public transport and safer ways to walk and cycle around our neighbourhoods,Protecting and improving the natural environment,Support for families, seniors and community groups

   Any further comments?

   Businesses need to have more effective and recyclable packaging , community need to get in on sorting their rubbish better. All those options above are important.

   We need community to drive safer in neighbourhoods with kids .love to see them playing outside but some just roam the road and don't care cars come through. Pets especially dogs need to have a free space to roam and play but also the cost to have one registered every month I believe will discourage owners to do so and the pound need more funding and help to tend to dogs in extreme stress in such a small space.BREEDING any animal of any kind should be banned.

   Would love to have community gardens we can help build free for community to get local produce.

   We should do a neighbourhood clean up mandatory.

Funding and investment priorities

4. **Which areas do you think should be prioritised for future investment by the Local Board?**
   (Select up to 3 options)

Improving transport connections, walking routes and safer travel options,Spaces and services that support young people, families and older adults,Other (please tell us):Indigenous historical places

Any further comments?

The manager Mountain is one of the important spaces in South Auckland that need a big support for funding. They are if not one of the only spaces where we get to understand our role as Tagata te tiriti in helping Tagata whenua to look after the whenua and the history .

Healthcare system is bad. Nurses are worked over time with nurse ratio to patient being disgustingly unfair. We need them to be well looked after too ,they are the ones looking after our Whanau and deserve fair wages and working conditions.stop being cheap government !

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

More reliable and frequent public transport,Other (please tell us):Drivers who are caring and trained to help vulnerable passengers

Any further comments?

My after was subjected to 2 drivers who didn't unload the ramp for him expecting me to levatate him on and off. Although the second guy tried to use hydraulics to lower the bus , the Otara station was high enough the drop off near Flatbush road wasn't and he still tried to insist to use the hydraulic. It still was not safe . RITCHIES ARE THE HIRED CONTRACTED DRIVERS. They need more training and also be held responsible not making sure disabled, wheelchair boun, elderly, paossi ly parents with prams safely get on and off . The first driver didn't even check to see we sat down safely or got of our stop just drove. This is someone who is reckless and careless just cause or they are under a crunch time to get to stations on time. Doesn't make their actions acceptable. The customer service sadly didnt help either only receiving one reply from the driver who said they tried to help. Cmon we need people who can be caring .

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Our community is a mixture of Island, Middle easter,Asian cultures we must celebrate all and embrace all. Things we wouldn't welcome is violence any person . Immigration is something we came from unless we are indigenous no one should be made to be feel they can't express their culture. In saying that people coming into Aotearoa must learn the history of Maori,the reo or at least respect for it for the Tagata whenua, the land .

   Reinstate funding for Māngere mountain education centre. As a primary school teacher we have benefited immensely from the learning at Māngere mountain education centre. I think the aims of the draft local plan can be seen through the mahi that Māngere mountain education centre are teaching. Working together as a community, caring for the local environment, and learning about Māngere as a place where we can belong.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better parks, libraries and community facilities,Better public transport and safer ways to walk and cycle around our neighbourhoods,Programmes and opportunities for young people

Any further comments?

We need more child centered policies. In the areas of priority, it's why I selected anything related to transport, education & various community support. These programs might mostly seem like they benefit Children, but they benefit their families too. When you look after the Kids in our communities, you look after everyone.

Things like crime, clean streets & public safety also improve when you look after children & their families. It sounds woke but as far as I'm concerned, I don't want local government to be asleep.

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Improving transport connections, walking routes and safer travel options,Maintaining and upgrading parks, playgrounds and sports spaces,Upgrading community facilities including libraries, halls and recreation centres

Any further comments?

Seriously, just 3 options we can choose? like it's some multi choice quiz on who wants to be a millionaire???

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better cycling and shared path connections,Better transport access and connections between local neighbourhoods and town centres,More reliable and frequent public transport

Any further comments?

Community education & child centered policies MUST be at the center of your decision making.

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Need more information

   Tell us more

   I am not a resident of the Māngere-Ōtāhuhu area, so have marked this question as 'need more information'. However, I am a frequent visitor, buyer and friend of the area, love the town centres, markets and culture. What I have observed is that there is immense pride by those who live in Māngere-Ōtāhuhu, but real support and funding is incredibly lacking and this needs to be resolved. We cannot be party to letting a community just 'make do'. We have to recognise the need, champion for community-driven solutions and advocate for equity - and in simple terms, that means fighting hard for money, resources and tools from the governing body, central govt and other agencies/funders to rebalance the scales.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Not very well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Quite well

   Any further comments?

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

1. Reinstate previous funding to Maangere Mountain Education Centre - in 2025, the centre hosted over 6000 visitors, yet had 75% of their funding cut.

2. More funding for all local marae, schools and community centres that operate in a civil defence capacity - we know that South Auckland just gets on with it when there is an emergency, however its important that those on the frontline are equipped, supported and funded to respond, not to just be expected to work miracles with nothing.

3. Support community pride, consider refreshing local town centre building interiors/exteriors with a fresh lick of pain, maintaining car park areas and potholes, more regular rubbish collection.

4. Support elderly and kaumatua unable to live with dignity. Superannuation isn't covering costs, and this is forcing many of our elderly to live in cold conditions, unable to afford basics like kai. Please work with Haumaru Housing to prioritise affordable living in South Auckland.

5. Invest more into community māra kai initiatives around South Auckland (both existing and advocating for more), including compensation for staff to maintain the gardens. Food is too expensive these days, and fresh fruit/veges are left out of the trolley because everything else now costs too much. By ensuring there are many local māra kai located around South Auckland, communities can gather kai for free, eat healthily, meet others in their community and start to restore balance in a little way with the raging cost of living.

6. Advocate to ensure all new builds reserve areas for green spaces for communities to grow kai/māra.

7. The balance of build versus available car parks are not currently aligned or in proportion to need – people have nowhere to park and roads are congested (further exacerbated by reduced on street car parks due to bike lanes)

8. Excessive building and concrete on top of whenua compromises the natural environments ability to withstand extreme weather events. The floods are more impactful in areas that have been over-built.

9. Improved lighting and roading outside Middlemore, especially near the train stop and neighbouring carparks to help with safety

10. Limit/restrict new business establishments that are not locally owned and operated.

11. Stop any new alcohol and vape shops, and work towards reducing the number of existing ones.

12. Reduced/free public transport options for communities most in need.

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Very well

   Tell us more

   The plan is solid, with clear focus areas, and I value how it addresses Māori outcomes, climate outcomes, and equitable outcomes. These aspects matter a lot to me and to my whānau.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Very well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Very well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Very well
Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Very well

Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Very well

Tell us more (please note which focus area your comment refers to)

Māngere Mountain Education Centre deserves full funding because it aligns with the focus area of COMMUNITY by providing a space for events, guided walks on the maunga, workshops, and visits to Taawhiao's Cottage. In the focus area of NATURAL ENVIRONMENT, the centre educates the community about the natural world through mātauranga Māori, including traditional climate resilience practices. Collaborating with Mana Whenua and the Tupuna Maunga Authority, it also drives ECONOMIC DEVELOPMENT by attracting thousands of visitors to Māngere Bridge annually.

More reliable and frequent public transport,Safer roads and intersections,Safer walking routes and pedestrian crossings

Any further comments?

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Please fund Māngere Mountain Education Centre—it's a living classroom where our stories, land, and future come together. My mokopuna works here, and through this place, she has learned so much and gives so much back to our community. It's been incredible for her as a young wāhine Māori, and as a speaker of te reo, she uses her language every day at work, filling me with pride. By supporting the centre, we honour Te Tiriti, preserve our heritage, and create a space for everyone to learn, connect, and grow.

Other feedback

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

Please fund Māngere Mountain Education Centre! It’s a living classroom where our stories, land, and future come together. By supporting it, we honour Te Tiriti, preserve our heritage, and create a space for everyone to learn, connect, and grow. Without it, we lose a place that binds us to our past and inspires our next generation.

Your feedback:

1. **Overall, how well does the draft Māngere-Ōtāhuhu Local Board Plan reflect the needs and hopes of our community over the next three years?**

   Very well

   Tell us more

   I quite like the priorities outlined in the plan.

2. **How well do you think the following focus areas reflect what matters to our community over the next three years?**

Community - Māngere-Ōtāhuhu is a vibrant community where people have safe, welcoming spaces to connect, enjoy nature, and live healthy, thriving lives.	**Quite well**
Natural Environment - By working together with communities, volunteer groups and mana whenua, we can help protect our local environment, waterways and parks, reduce waste and emissions, and build resilience to climate change and extreme weather.	Very well
Built Environment - Māngere-Ōtāhuhu has safe, attractive neighborhoods where people feel connected, like they belong, and live well now and into the future.	Quite well
Economic development Māngere-Ōtāhuhu is a thriving community with innovative businesses creating skilled local jobs and shared prosperity.	Quite well
Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Quite well

Tell us more (please note which focus area your comment refers to)

This relates to Community most of all, but also to Natural Environment, and Economic Development. I would like to see full funding reinstated for Māngere Mountain Education Centre. The centre is an important hub for community to physically gather, but their teachings also promote inclusivity, making locals aware of the history of Māori living on the maunga, and connecting with all Tagata Pasifika through the stories shared. They also teach and embody the Natural Environment focus, instilling a love of the environment within everyone who visits. Māngere Mountain Education Centre extends to visitors from all over Tāmaki Makaurau and beyond, bringing thousands of people from outside of South Auckland to Māngere every year - this is of direct benefit to the Economic Development focus.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Better parks, libraries and community facilities,Community events and activities that bring people together,Preparing communities for emergencies and extreme weather

Any further comments?

Please, please reinstate full funding to Māngere Mountain Education Centre

Funding and investment priorities

4. Which areas do you think should be prioritised for future investment by the Local Board?
(Select up to 3 options)

Community programmes and activities that support local wellbeing and belonging,More support for local events, arts and cultural celebrations,Spaces and services that support young people, families and older adults

Any further comments?

Māngere Mountain Education Centre ticks the boxes for the 3 I have selected, especially Community programmes and activities that support local wellbeing and belonging.

Transport priorities

5. Which transport improvements should be the highest priority for Māngere-Ōtāhuhu over the next three years?
(Select up to 3 options)

Better transport access and connections between local neighbourhoods and town centres,More reliable and frequent public transport,Safer roads and intersections

Any further comments?

Transport - Māngere-Ōtāhuhu is well-connected with safe, reliable, affordable transport choices for everyone.	Very well

Tell us more (please note which focus area your comment refers to)

Māngere Mountain Education Centre deserves full funding because it aligns with the focus area of COMMUNITY by providing a space for events, guided walks on the maunga, workshops, and visits to Taawhiao's Cottage. In the focus area of NATURAL ENVIRONMENT, the centre educates the community about the natural world through mātauranga Māori, including traditional climate resilience practices. Collaborating with Mana Whenua and the Tūpuna Maunga Authority, it also drives ECONOMIC DEVELOPMENT by attracting thousands of visitors to Māngere Bridge annually.

Community priorities

3. Which areas do you think should be the biggest priorities for the local board over the next three years?
(Select up to 3 options)

Community events and activities that bring people together,Protecting and improving the natural environment,Support for families, seniors and community groups

6. Do you have any other feedback you would like on the draft Māngere-Ōtāhuhu Local Board Plan 2026?

I strongly support the continuation of funding for the Māngere Mountain Education Trust.

The Māngere Mountain Education Centre plays a unique role in preserving and sharing the history and significance of Te Pane o Mataaho, one of Tāmaki Makaurau's most important ancestral landscapes. Through place-based learning, the Trust provides tamariki, rangatahi and the wider community with authentic opportunities to learn about whakapapa,

mātauranga Māori, traditional cultivation and harvesting practices, kaitiakitanga, and the relationship between people and the environment. These are experiences that cannot be replicated in a classroom.

Many Aucklanders leave school with very little understanding of the history of the place they call home. The Education Centre helps address this by providing meaningful learning that builds respect for Māori history and culture while strengthening the identity of Tāmaki Makaurau.

The Trust's impact extends well beyond education. Through its gardens and pātaka kai, it supports community organisations, food banks and local whānau by providing fresh produce, while also demonstrating sustainable food growing practices grounded in mātauranga Māori. This is a practical expression of manaakitanga, kaitiakitanga and community resilience.

Continued funding also enables Auckland Council to give effect to its commitments under Te Tiriti o Waitangi. Supporting a Māori-led education provider helps protect and promote taonga, strengthens Māori participation, and ensures mātauranga Māori continues to be shared with future generations. It also aligns strongly with Auckland Council's Māori Outcomes Framework by supporting Māori identity, protecting cultural heritage, fostering environmental stewardship, and creating opportunities for all Aucklanders to engage with the unique history of this place.

The work of the Māngere Mountain Education Trust is far more than an education programme. It protects a living cultural landscape, strengthens communities, promotes environmental sustainability, and ensures the stories and knowledge of Te Pane o Mataaho continue to be passed on.

I respectfully urge the Māngere-Ōtāhuhu Local Board to continue funding the Māngere Mountain Education Trust. It is an investment in our shared history, our obligations under Te Tiriti o Waitangi, and the wellbeing of present and future generations.
