ALBERT-EDEN LOCAL BOARD		
636	I support the proposed change	Again, I feel owners are the big problem so the restrictions are good.
668	I support the proposed change	More specific and clear direction.
960	I do not support the proposed change	Dogs should have the right to enjoy all beaches under control of their owners, if owners do not have control harsh penalties should be enforced.
1190	Other (please explain below)	Partial support - Beach and open grass areas - summer season rule should stay all year
1198	I do not support the proposed change	Dogs are a fundamental part of our lives, we pay council tax and walk our dog safely at all times. The council is becoming prejudice against dogs. I am happy to start a dog protest against the auckland council if needed.
1530	I do not support the proposed change	In general it is much more clear but I don't think that dogs should be prohibited during summer daytime.
1867	I support the proposed change	It makes sense
2781	I support the proposed change	This appears to be a balanced approach.
2784	I do not support the proposed change	Rules are already too restrictive to responsible dog owners. The ones causing the trouble already will continue to ignore the rules. This only punishes those who aren't contributing to the perceived problems with dogs.
2823	I do not support the proposed change	Out of summer season should have the same restrictions as summer.
2871	I do not support the proposed change	Too restrictive
2990	I do not support the proposed change	For reasons already provided
3253	I support the proposed change	It seems fair for all park users.
4096	I support the proposed change	Allowing dogs on a leash to have access to this limited area of the park at limited times makes it safer for visitors to the park and wildlife.
4368	Other (please explain below)	I have general concerns about any restriction of green areas where people and dogs can exercise. Especially on 'conservation' grounds, as I fear that such changes are driven more by ideology than fact or science. Also that these changes are not addressing more fundamental concerns about dogs in Auckland - undercontrolled breeding, which underpins growing issues like free-wandering, menacing, attacks on other dogs, cats, people, wildlife - in the final analysis all dog related problems including conservation related, are a numbers game. Continual killing at the pounds won't fix. Education and mandated/facilitated/funded de-sexing is required. This general comment from me applies to all the regional parks.
4412	I do not support the proposed change	I do not support any further restrictions on where dog owners can take their dogs for a walk. There are so many restrictions already! The focus should be on education and licensing, not access.
4474	I do not support the proposed change	Retain current under control off leash rules

Sub #	Q3 Shakespear	Q3 Shakespear Comment
4512	I do not support the proposed change	Auckland needs more dog off leash and accessible areas, not less.
4538	I don't know	I don't know this park well enough to comment on these changes.
4600	I do not support the proposed change	I think that current rules are fine and should not change
4947	I do not support the proposed change	This is reducing the amount of space available for off leash walking. I do not support this.
5251	I do not support the proposed change	Dogs should be under control and on leash at all times during summer months
5493	I do not support the proposed change	These rules are too restrictive and have over complicated what was an appropriate current setup
5502	I do not support the proposed change	Changes to the rules are confusing and make this part even more complicated.
5621	I do not support the proposed change	Being overly restrictive discourages people from taking their dogs here, and makes the experience less enjoyable. Prohibiting dogs from roads and parking doesn't make sense
6538	Other (please explain below)	This is so complicated and never been clear so I've never taken my dog here for this reason
AOTEA/GREAT BARRIER LOCAL BOARD		
3075	I support the proposed change	Less likelihood of dog attacks -people, wildlife.
6780	I support the proposed change	The map looks confusing, and from what I can understand I think the areas mentioned are nesting sites, so I support on a leash.
DEVONPORT-TAKAPUNA LOCAL BOARD		
17	I do not support the	There are already enough restrictions in the area without turning an all day off-lead
181	I support the proposed change	Balance between dog exercise and other recreational activities. Dependent on very clear signage indicating boundaries and enforcement due to extensive area of the park.
554	Other (please explain below)	I fully support the proposed limitations on dogs, as I've often encountered dog owners who disregard the rules. One particular incident stands out: while hiking on a narrow trail clearly marked with signs requiring dogs to be leashed, I came across a family with two large dogs off-leash. My friend, who has a severe phobia of dogs that can trigger panic attacks, politely asked them to leash their dogs before getting too close. Unfortunately, they ignored the request and dismissively told us that we needed to "learn to live in New Zealand." Situations like this highlight the importance of enforcing stricter dog regulations to ensure everyone feels safe and comfortable in public spaces. It's essential to respect both the rules and the well-being of others.
777	I support the proposed change	This is a more family friendly policy, especially for families with children under 5.

Sub #	Q3 Shakespear	Q3 Shakespear Comment
1954	I do not support the proposed change	There are already plenty of places that dogs are not allowed, people that don't like dogs can go there. Think of the dogs quality of life having to be on lead all the time. They need to be exercised off lead (as long as under control) for their mental and physical health. You should be going after people that have unruly dogs that are causing trouble, not responsible dog owners that already abide by the rules, because you will find most people do! Have you seen the mess that HUMANS leave behind at our beaches and regional parks, they leave rubbish, cigarette butts and all sorts, you should be going after these people, not dogs.
1985	I do not support the proposed change	Current rules better allows dog owners to enjoy the park but also accounts for other users who wish to enjoy it without dogs present. Would support less dig access not more.
3688	I do not support the proposed change	AND
4773	I do not support the proposed change	Dogs should be under control on leash only, as there isn't enough area to have a safe designated off leash area for dogs. Dogs should be permitted on leash between 10am and 5pm.
4790	I support the proposed change	Better for people to enjoy
5129	I do not support the proposed change	From Devonport it takes half a day to get there. How am i going to be able to walk my dog before 10am if i cannot get there before 10am.
5599	I do not support the proposed change	Proposed summer rules are confusing, would be simpler to make under control on leash in the daytime hours for all areas without creating any risk to other users
5732	I do not support the proposed change	Why so complicated? Just stick to old rules.
7020	I do not support the proposed change	I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY. Reason: The cliffs to the east of the boat ramp provide a natural access barrier to the Sanctuary beyond the perimeter fencing. There is no need to ban dogs from this area to keep them out of the sanctuary area. I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on OKOROMAI BAY beach east of the TREELINE EMBANKMENT DOGS ARE ALLOWED according to the time and season rule for the rest of Okoromai Bay. Reason: The proposal isn't fixing a known issue, but a 'possible' risk of dogs straying into the open Sanctuary.
FRANKLIN LOCAL BOARD		
1182	I do not support the proposed change	As previously
1766	I do not support the proposed change	Yet another plan that further restricts access for exercising dogs. The options are already limited.
2242	I do not support the proposed change	More rules for the sake of rules

Sub #	Q3 Shakespear	Q3 Shakespear Comment
5661	I do not support the proposed change	Responsible dog owners should be able to walk their dogs here. Stop limiting the good owners and restricting them. It is not fair on them or the dogs.
6088	I do not support the proposed change	There are already very limited places we can take our dog, and the waterbodies and parks provide enrichment, socialization, and stimulation, all of it contributing to a well behaved dog; council should attempt to increase dog access instead of reducing it.
6430	I do not support the proposed change	Not necessary.
6434	Other (please explain below)	This doesn't go far enough and introduces complexity and detail most people don't digest. Restriction to on leash at all times is better
7025	I do not support the proposed change	I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY. Reason: The cliffs to the east of the boat ramp provide a natural access barrier to the Sanctuary beyond the perimeter fencing. There is no need to ban dogs from this area to keep them out of the sanctuary area. I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on OKOROMAI BAY beach east of the TREELINE EMBANKMENT DOGS ARE ALLOWED according to the time and season rule for the rest of Okoromai Bay. Reason: The proposal isn't fixing a known issue, but a 'possible' risk of dogs straying into the open Sanctuary.
HENDERSON-MASSEY LOCAL BOARD		
998	I do not support the proposed change	I support clarifying current access rules, but not imposing more rules
1412	I do not support the proposed change	It is already ridiculously hard to find places to walk dogs ESPECIALLY if you want to allow the dog to be off leash. We claim to be a country that loves animals but there are very few places that you can actually take a dog which is crazy considering almost one third of Aucklanders have dogs. Summer is particularly difficult as it is so hot during the day, and you can't walk the dog unless it is at a beach or river where they can play in the water to cool down. However, the council continues to make this harder and harder particularly in summer. Either provide more beaches that are dog friendly and create more dedicated dog friendly off leash parks and walks that aren't small boring areas, around the whole of Auckland. Or at the very least do not put this proposal in place. You claim that the reason for these changes is to minimize risk in these areas. The reasonable solution would to be to create somewhere that people can go instead.

Sub #	Q3 Shakespear	Q3 Shakespear Comment
1666	I do not support the proposed change	Just another ridiculous confusing and restrictive rule for no apparent reason. Auckland is already so dog unfriendly and now you want to make it worse. People are entitled to enjoy themselves at the beach or on walkways with all members of the family, including furry ones. Can we perhaps put restrictions on where children can go and have dogs being able to access those areas instead? Personally, I don't have human children but also pay lots of expensive rates, am a voter, so where is my right to enjoy our city with my furry friend? I don't impede on anyone else's space, I clean up after my dog, I have him desexed, registered and socialised. He does not chase stock or birds, he loves all people and I rarely let him off the lead. I really can't see how I am doing anyone any harm or offending them in any way.. why should my poor dog be stuck at home, unable to spend time with me because everything else is set aside for children or cyclists!!
2155	I do not support the proposed change	The current policy is good enough and there is no evidence of any negative effects of dog access. Don't waste effort and money to make change unnecessarily.
2258	I do not support the proposed change	I don't want my dog on leash prohibited.
2375	I do not support the proposed change	So complex...rules are getting even harder to understand and memorise. Totally crazy...Allow dogs on beaches or don't allow but this is too much.
2488	I do not support the proposed change	It's already to minum the parks and areas that you currently can walk with your dog, and to keep a healthy and balanced dog at least the dog need to be walked once a day.
3790	I do not support the proposed change	This is over complicated and people will break the rules accidentally or completely stop going which leads to questions around the fees if there are such limitations to places to visit.
5419	I do not support the proposed change	I do not support restricting off-leash areas
6317	I do not support the proposed change	Dog owners like to take their dog, which is a family member, to accompany them while they enjoy their recreation time. Dog owners who choose to do this are responsible dog owners.
6523	I do not support the proposed change	Local body heavy handedness. Changing rules for the sake of it...
6540	I do not support the proposed change	I would like to be able to walk by dog on the tracks

HIBISCUS AND BAYS LOCAL BOARD		
3	I support the proposed change	There is no place for dogs in a wetland area. Any signage needs to be easy to understand. The above examples are not. Why do you need to keep saying "under control". Aren't all dogs supposed to be under control anyway?
9		No dogs should be allowed off leash in public areas due to the risks the animals have. Animal behaviour is completely unpredictable and the behaviour of an animal in all situations, no matter how well trained can be predicted or completely controlled.
29	Other (please explain below)	Leave the present bylaws
89	I do not support the proposed change	I do not support the proposed change. There should be set times in the day when people can use these tracks knowing they will not encounter a dog. There is ample time for dogs and their owners to enjoy this space, there should also be time for those who are wary to dogs to use the space in confidence, knowing they will not encounter dogs.
95	I do not support the proposed change	Dogs under Control should be allowed in most places in regional parks. Dogs on lead should be allowed in all places in regional parks. Regional parks are for all Aucklanders and should not be off-limits for those with dogs wanting to enjoy them
151	I do not support the proposed change	Dogs should be allowed at all times, under co trolley, on leash. The above proposal is extremely confusing and gives the ability for visitors to claim they don't understand so allowing dogs to roam everywhere.
319	I do not support the proposed change	Okoromai is well known as the local dog walking area, there are no issues with dogs being off leash on the grass area at any time of the day or year. Whangaparaoa has many beaches and it is a couple of minutes to Te Haruhi, where no dogs are allowed, people who have any problems with dogs have plenty of choice to visit somewhere else. This is a solution to a problem that does not exist.
351	I do not support the proposed change	Dogs should be allowed in the park and walking tracks on leash
451	I do not support the proposed change	It think the rules should stay as they are, constant changes are creating confusion.

Sub #	Q3 Shakespear	Q3 Shakespear Comment
518	I do not support the proposed change	Responsible dog owners deserve to have access to the beaches also. Keep it the same, dogs on leashes do not disturb other people. It's people who break the rules that are the issue. Which means the responsible dog owners would now be banned but the disruptive law breakers will still be out there doing whatever they want... Don't punish those who follow the rules.
533	I don't know	It seems instead of clarifying the rules they have become a bit too complicated
543	I do not support the proposed change	Lots of non compliance by dog walkers in this area. General prohibition in this time would be easier to enforce rather than a on leash allowance
566	I do not support the proposed change	These areas should be completely dog-free
573	I do not support the proposed change	No more than a handful of people on Okoromai park area after a couple of days over Xmas.
579	I do not support the proposed change	Too easy for dog owners to misinterpret the areas the dogs are allowed. Not sure a dog can be under control off a leash, they naturally chase after moving objects
690	Other (please explain below)	More dog access should be granted at this park
706	I do not support the proposed change	There should be less dog access and more safe spaces with no dogs.
765	Other (please explain below)	Don't really make a big difference. I would have loved to walk my dog on Shakespear because I can control my dog. Also, why is the license still so expensive.
860	I do not support the proposed change	Dogs need exercise. It is too hot on the pavement in summer to walk dogs during the day. How about some designated dog beach areas?? The suggested 10 am to 5pm prohibition of dogs is a bit harsh. Ironically, having lived nearby for over 30 years, I can say that it is the visitors from out of town who make the most mess at Shakespeare Park in summer, not the dog owners. Ask the workers who have to clean up their mess every morning. We live here and look after our beaches and parks yet we will be the ones penalized.
915	I do not support the proposed change	It's too confusing - needs to be simplified
1008	I support the proposed change	On-leash dog walking is safer for everyone. It protects dogs and the public and should be more widely encouraged
1009	Other (please explain below)	I agree with the rule that "dogs are prohibited in all other areas of the Park" and the specified list of areas. I also believe that dogs should be on-leash at all times on beaches, regardless of the season. Many dog owners let their dogs off-leash even during the summer and designated on-leash hours. This might seem strict, but there have been too many accidents recently
1026	I do not support the proposed change	I recently moved up here from Christchurch which is fairly dog friendly and I'm surprised at the lack of fenced of dog parks with utilities like bins for dog poo and drinking stations. Don't you think creating spaces for dogs and owners is a positive thing for communities? I live in gulf Harbour and we have no where to take them up here other than parks and beaches. Do you expect them to live in a backyard their whole life?
1031	I support the proposed change	Allows a little more summer places to walk your dog- great
1034	I do not support the proposed change	Limiting green spaces available for dog walking

Sub #	Q3 Shakespear	Q3 Shakespear Comment
1150	I do not support the proposed change	Once again pristine area with many nesting birds and people. Prioritise wild life and kids safety. NO DOGS
1272	I support the proposed change	I agree but think it may be complicated to only let dogs on western ends as some people will not follow this/ get confused on when the boundary starts and ends so clear signage would be needed
1358	I do not support the proposed change	Dogs should be allowed on leash in all park areas. Provision for off leash play should be made in all regional parks.
1367	I support the proposed change	I would like to be able to walk my dogs during the day on the beach too though and have a swim with them....
1375	I do not support the proposed change	Keep no change
1398	I support the proposed change	Dogs were always prohibited on Army & Okoromai beaches between 10-5pm so that's not a problem. I think it's good that there are some other areas that they will be allowed on the open grass areas between the beaches.
1532	I support the proposed change	I think it needs to be on lead at all times. This further protects our flora and fauna. Birds don't know the fence lines or boundaries
1537	I do not support the proposed change	Again why being taken off beaches during the day? Limits when we can have time w our dogs
1621	I do not support the proposed change	Again I think it's a nice area for families to be able to take dogs in summertime as long as they are on leash during the busy period
1682	I support the proposed change	So many dogs there running around with no control
1698	I support the proposed change	I believe it is safer for the general public and wildlife to have dogs on leash
1699	I do not support the proposed change	Again any of the decent walks and beach you can swim at we cannot do because of our dog. Totally unfair
1890	I support the proposed change	It will Be nice to sit on the grassed area with my dog while Family can use the beach
1893	I support the proposed change	Dog owners are not always in control of their dogs and signs are too few and not clear enough
2022	I do not support the proposed change	Dog should be allowed everywhere humans can go as long as they are under control and mess is picked up, anytime of year and day. Dogs should be also allowed in the fenced off area in shakespeare reserve but on lead the whole time
2084	I support the proposed change	Because the dogs can still be walked on the grass between 10am - 5pm - at the moment they are prohibited full stop
2140	I do not support the proposed change	Same as previous park

Sub #	Q3 Shakespear	Q3 Shakespear Comment
2154	I support the proposed change	IN MY VIEW DOGSD REALLY NEED TO BE ON A LEACH AT ALL TIMES WHEN OUT OPF THEIR PROPERTY. ESPECIALLY ON THE BEACH. THERE ARE EXCERISE PARKS FOR DOGS TO HAVE THEIR EXCERISE. OI AS A SENIOR CITIZEN WOULD LIKE TO HAVE A MORING BEACH WALK WITHOUT BEING SCARED OF SOME OF THE BIG DOGS THAT ARE CLEARLY NOT IN CONTROL BY THEIR HANDLER. MY HUSBAND (87YR OLD)HAS BEEN BUMPED AND NEARLY FALLING HAD HE NOT HELD ON TO ME BY THESE DOGS RUNNING WILDLY AFTER OTHER DOGS ON THE BEACH AND BEING VERBALLY ABUSED BY THE HANDLER AS HE PUT HIS WALKING STICK OUT TO PROTECT HIMSELF. AS AN ELDERLY PERSON YOU SHOULD BE SAFE AND FEEL SAFE WHEN GOING FOR A WALK ON ANY BEACH AROUND AUCKLAND,
2168	I support the proposed change	This is a fair change
2175	I support the proposed change	it allows dogs more opportunity to use the area
2265	I do not support the proposed change	No point in restricting people from bringing their dog on a leach at any time
2276	I do not support the proposed change	I think dogs should not be allowed there during the day. And always only on leash at all times. I also think in other seasons than summer the same rules should apply as in summer
2522	I do not support the proposed change	We need more areas to walk our dogs
2679	I support the proposed change	Protecting the wildlife in this area is very important
2742	I don't know	Agree to keep dogs off the beach during summer day time hours. Unsure if allowing on leash on the grass areas may confuse people.
2801	I do not support the proposed change	Dogs should be on leash at all times around this park
2846	I do not support the proposed change	Dogs need off leash time, especially bigger dogs, I'm a regular dog walker in this area and like that there is on leash areas and off leash areas, great for training. Please don't take away more off leash areas, it will make people go to areas that are more populated (by children) . I'm happy to wait till after 5pm in summer
3235	I support the proposed change	No dogs between 9-6pm
3443	I do not support the proposed change	This is adding to the confusion on where dogs can go. Limiting the time for access to before 10am and after 5pm is sufficient. There are few areas that dogs can run off leash and this is one of them. It was not long ago this area was open all hours and it has changed making things harder. We need spaces for our dogs to run free all year round. There is never anyone in these areas without dogs before these times and so the restrictions are in fair to dog owners
3658	I do not support the proposed change	The majority of people who walk their dogs off-leash on these areas are responsible dog owners with well-trained dogs. The proposed change will severely curtail the freedoms enjoyed by many dog walkers, a lot of whom are elderly. The current hours are restrictive enough and discriminate against shift workers and result in large numbers of dogs at the beach at once because we all have to wait for the 5pm time slot.

Sub #	Q3 Shakespear	Q3 Shakespear Comment
3803	I support the proposed change	Opening up more areas for dogs under control is almost always a good thing
3824	I do not support the proposed change	Okoromai Bay is our absolutely favourite go to for exercising our dog. It is not a very appealing beach for the public and has wide open spaces for dogs to have a good run. As I have said already the day trippers leave more mess than the dogs.
3833	I do not support the proposed change	I would like to see a complete ban on off-leash at Okoromai Beach and Wet land area. Open up Army Bay with longer off-leash times. I visit Shakespear Park 2-3 times a week. (I enjoy trail running) I also check the many traps that are located on the outside of the predator fence, while running. While running the tracks around Okoromai Bay I often see dogs chasing birds and owners not able to control them.
3836	I do not support the proposed change	There are plenty of restrictions at all other beaches in Whangaparaoa to ensure public whom don't like dogs can go and enjoy. Those of us with dogs are receiving never ending restrictions on where and when we can our dogs. There is no need to reduce our access further. You are punishing good dog owners (whom are the majority).
3842	I do not support the proposed change	Dogs are already prohibited from almost the whole area. This is one small area that the dog owners can use. Why can there not be a balance of usage?
3856	I do not support the proposed change	These are the sorts of beaches (regional parks) that people should be able to take their dogs to in the summer, provided they are kept under control. The existing bylaws, allowing dogs on Okoromai and Army Bay beaches during the day, provided they're on leash, is reasonable. Leave it alone. If people aren't keeping their dogs on leash, then deal with that problem, not banning the dogs.
4023	I do not support the proposed change	Dogs need access to shady areas, with the ability to roam freely, unleashed in Okoromai Bay. This has always been a dog area, owners know to keep their dogs away from anyone sitting on the grass, eating by the bbqs etc. The placement of a dog poop bin has already made a difference with more owners picking up after their dogs. The on leash rule is overly restricted & not needed.
4046	I support the proposed change	The changes will protect the native birds better. I would actually like to see a change that dogs must always be on leashes near or around any parks.
4054	I do not support the proposed change	Shakespear is one of the last areas in HBC where dogs can be 24/7 under control. The demand for this facility and access is only growing in demand with the increased population and development. Keep the rules as they are.
4071	I do not support the proposed change	To protect the wildlife.
4082	I do not support the proposed change	No off leash
4169	I do not support the proposed change	The number of dogs that now congregate at Okoromai with multiple owners together specifically at weekends is excessive. When they are all allowed off their leads it is a place to be avoided and even dropping down on to the beach to avoid them is not an option with them running on to the beach at all times of day, whatever the tide or the bird life is doing. If the times are changed to off lease at all hours for the March to Decmber period I will not be the only person who will no longer visit that beach and grasslands even though I live less than 200m from it.

Sub #	Q3 Shakespear	Q3 Shakespear Comment
4224		I support the proposed changes, but dogs should only be allowed on-leash during bird breeding season
4354	I support the proposed change	I was bitten by a medium size petagree, dog Last year off of lesh. My family and I vist Okoromai all the time, and it doesn't matter when we go there, I have never seen any dogs on leshes and their owners can never seem to keep their dogs under control. Dogs always come up to us, which I now have a fear of this.
4360	Other (please explain below)	This is too complicated
4545	I do not support the proposed change	The Council has not provided and nor do we believe there are any current problems in need of a solution with respect to dog access in the Army Bay and Okoromai areas adjacent to the Regional Park. We support the prohibition of dogs in the regional park due to its predator free status. We are not aware of any breaches of this and if there had been any significant ones, as local residents, we would almost certainly be aware of them. Feedback on current access rules and proposed changes: Okoromai Bay area 1. The proposal to remove the current off-leash area and make the entire grassed area a time and season restriction removes any off-leash area for residents in the Army Bay suburb over the summer months between 10am-5pm. In our view, the welfare of dogs requires them to have some opportunity to run under control off leash and to provide training. We understand that over summer people use the grass and tree area close to the beach for recreational purposes including picnics. However, the large grass area at the western end of Okoromai Bay is never used for such purposes and in our experience is almost exclusively used by dog owners. We overlook this grass area and this is based on our own observation. Maintaining the status quo for this area would ensure it continues to be used without causing concern for recreational visitors. Furthermore, due to the proposed loss of dog exercise areas it is recommended that some compensation is offered by making this grass area at the western end of Okoromai Bay a designated dog exercise area – which could be fenced off. 2. Error in map: There also appears to be a big error with the current and proposed map of the Okoromai Bay Area. The map shows a walking track along the northern ~~western end of the large grassed area at the western end of the bay. This is incorrect.~~
4574	I support the proposed change	Non dog owners should be able to enjoy the park without the problems of dogs running around.
4590	I support the proposed change	Fair

4730	Other (please explain below)	For all who live in this area Okoramai is known as the 'Dog beach'. Frequentated daily and for the 21 years of living here by multiple dog owners and to the best of my knowledge never been any problems. This area is not a main tourist beach and even if it were banned as a dog beach, I would never use this beach for pleasure as it's mud flats, Especially not when Shakespeare Park is right next door with its beautiful parkland and stunning clear waters. I would like to see Okoramai Bay designated as a true dog beach with no time restrictions and under control off leash at all times.
4760	I do not support the proposed change	There isn't much point putting changes in place when people don't follow the rules anyway.... there is no such thing as "under control off-leash" how are they under control when the owner is miles up the beach etc and the dog is running round people walking and umping up on them. A dog cannot be under control when off a leash.
4786	I support the proposed change	Public safety especially children
4795	I support the proposed change	sounds ok will it be policed?
4868	I support the proposed change	I think this is a good improvement as these are large areas which could be respectfully enjoyed by both dogs and people. Allowing dogs on leash instead of prohibited makes it easier for dog owners to be able to enjoy the areas within the boundaries.
4878	I do not support the proposed change	Dogs should be allowed on leash at all times during the day.
4882	I support the proposed change	There are birds in these areas. Dogs need to be controlled and on leash as much as possible to protect children, birds and people that do not like dogs. Dog poo is offensive to most people and some dog owners are not responsible for their dog poo.
4921	Other (please explain below)	No dog should be off their leash between 1000hrs and 1700hrs during winter and 0800hrs and 2000hrs in summer
4945	I do not support the proposed change	Too confusing, especially for people who may not know the areas referred to. Dogs should be on leash at all times to protect all the natural environment.

4955	I support the proposed change	The proposed changes provide better protection for native species, while still allowing ample recreational opportunities for dog owners and their dogs. In particular, the new prohibition east of boatramp at Army Bay is critically important. In our on-line submission we expressed our support for the proposed rules at Army Bay Beach and foreshore. We would like to stress the importance of having the area east of the boat ramp prohibited for dogs (as in the new proposal). The rest of Army Bay Beach has dogs allowed, including off-leash (under control) during certain times. It is logical for this beach therefore to have an area where dogs are fully prohibited, to provide respite to avifauna. Reasons include: - even well behaved dogs can be hard to recall when they are caught up in chasing a bird - even if a dog does not physically catch a bird, the disturbance is often significant and interferes with food uptake, metabolic rate, and hence survival, especially if it happens several times each day - even just seeing a dog being walked on a leash could be too disruptive to some birds Wildlife on Army Bay beach and foreshore that requires protection include: - waders (e.g. oystercatchers) - red billed gulls - little blue penguin can not be ruled out - any native species making their way around the fence end of the Sanctuary from time to time Therefore, if any presence off-leash continues to be allowed on Army Bay Beach (as it is proposed), a refuge area without dogs definitely has to be included as well.
4992	I do not support the proposed change	I am a volunteer that maintains a monitoring line and trap line on the outside of the sanctuary fence between Army Bay and Okoromai Bay that allows dogs off the leash. I have several instances of dogs off leash but not under the control of the owners. The latest occurrence was at Okoromai Bay on 22 January 2025 when 2 large dogs came over to see me retrieving monitoring card while the 2 owners were in deep conversation about 100 metres away not looking for their dogs. The Little Spotted Kiwi has been found in this area by your (Auckland Council) wildlife cameras, so your suggested regulation endangers our native symbol, which is not good PR for Auckland Council especially if a Little Spotted Kiwi is killed by a off leash dog. I recommend that dogs are kept on leash for their entire time they are in the Army Bay to Okoromai Bay area.
4995	I do not support the proposed change	Dogs need off-leash time for their health and wellbeing. Not everyone can walk their dogs during the proposed off-leash times. The proposal mentions balance, I believe the current rules at Shakespear rational park already offer that balance. The grassed areas of Okoromai Bay are not well frequented during weekday day times by non-dog owners, so it seems unreasonable to remove this fantastic facility for dogs to enjoy their off-leash time during the day, for no real benefit to the wider public.

5015	I support the proposed change	Dogs must be able to be controlled - and on leash is the most convenient and practical way of achieving this
5221	I do not support the proposed change	Dogs should be on leash at all times for the safety of others.
5430	I do not support the proposed change	It's too restrictive and dreadful
5479	I do not support the proposed change	I think all areas should be prohibited between 10am and 5pm.in summer
5571	I do not support the proposed change	There is no way the dogs can get up the cliffs at the eastern end of the Army Bay into the Sanctuary. It gives more space for the dogs and their walkers if they can access both ends of the beach. Also at Okoromai I think the predator fence is far enough away so the dogs are unable to access that area.
5675	I do not support the proposed change	More parks with camping facilities should be able to have dog areas - no prohibitions. You should be able to get a special licence for your animal and have more access.
5707	I do not support the proposed change	This area of grass is a well used area for dogs off lead all times. This whole area including beach should be a designated beach for the reason it is not a nice beach to swim and generally does not get used by swimmers. I am very angry at the proposal of yet another restriction for dogs! Our dogs need to have off lead exercise keep removing our options is disgraceful! Please tell us where we can locally have off lead exercise all year round?! Auckland council is so not dog friendly. The rule breakers will continue to do so and the rest of us suffer! Please do not make this change
5712	I do not support the proposed change	I am also deeply concerned by Auckland Council's plan to increase on-leash and dog-free areas. These restrictions further reduce dogs' access to exercise and socialisation—key factors in preventing behavioural issues. It seems clear that dog welfare is not the Council's priority, as these proposals not only limit safe exercise spaces but also restrict access to trained professionals who can provide it. a key factors of animal welfare are the "5 freedoms", one of these main pillars is freedom to express natural behavior. it is natural for a dog to run freely! I think there has been an overall lack of insight from professionals in the animal welfare, medical, training and walking community.
5829	I do not support the proposed change	There are a lot of bird species in this park and I think it should all be prohibited to dogs at all times - otherwise why bother with a predator-proof gat/fence?
5833	I support the proposed change	Uncontrolled and off-lease dogs can otherwise disturb and cause harm to wildlife, particularly in the wetland areas between the beaches
5870	I support the proposed change	The proposed changes provide better protection for native species, while still allowing ample recreational opportunities for dog owners and their dogs. In particular, the new prohibition on dogs at the boat ramp at Army Bay is critically important.
5984	I support the proposed change	I support in theory but have a problem with the the off leash part. It's Very difficult for even the best dog owner to control a dog off leash

6081	I do not support the proposed change	On the map, it looks like there will be limited off leash access which is often necessary to give dogs a good run to get rid of energy and help with behaviour.
6162	Other (please explain below)	I find the current rules a lot easier to understand.
6315	I do not support the proposed change	Once again you complicate it. On the beach between x and y off leash is easy. Most people snd people visiting from out of area haven't z clue where all these areas are. I bet most haven't a clue where east is snd which tres?? Your not simplifying your complicating till people just give up trying to make sense if it. Why can't dogs be on any beach during weekdays anytime and restricted times on weekends, with restricted or prohibited areas for special bird breeding populations.
6485	Other (please explain below)	I support the clarifications but Okoromai Bay has been spelled wrong in the proposed amendments.
6574	I do not support the proposed change	On a leash is preferred for 10 am -4pm and allowed to be there.
6590	I do not support the proposed change	I have good recall of my 6kg older dog.
6609	I support the proposed change	I think dogs should be on leash after 5pm
6616	I do not support the proposed change	At least there are some allowances in the proposed changes but as for all these changes-- since no responsible owner would let their dogs run free on streets, private property, or school grounds, we desperately need a variety of places to have a good long walk outside.
6752	I support the proposed change	The proposed changes provide better protection for native species, while still allowing ample recreational opportunities for dog owners and their dogs. In particular, the new prohibition east of boatramp at Army Bay is critically important.

6846	Other (please explain below)	The amended policy as proposed for Army and Okoromai Bays is definitely an improvement on the current situation. However I would suggest that given the high and varied public use and the wildlife present it should go further and that the entire Shakespear Regional Park area including both Army Bay and Okoromai Bay Beaches should ideally be off limits to dogs at all times. Or at least Okoromai Bay and its beach. There are sufficient alternative areas more suitable for dog exercising nearby that this would not be a significant inconvenience. Given that such an approach is likely to be contentious, a possible compromise could be that dogs are only allowed in the park and on the beaches “under control on-leash” at all times, at least for Okoromai Bay. A further compromise could be to have the more flexible rules, as proposed in the amendment, for Army Bay. It is my experience that “dogs under control off-leash” is a fanciful notion in an environment such as Shakespear Regional Park. At Okoromai Bay alone I have been harassed by dogs running free on numerous occasions and have seen the same happening to other park users of all ages, particularly when food is present. Dogs routinely venture onto private properties adjacent to the park. I have also seen dogs chasing, either of their own will or after being encouraged to do so, shore birds on the beach or pukekos on the grassed areas. But of greater concern is that after having seen a Pateke, an endangered species, in the creek on the western boundary of the park, about 20 m north of the
6971	I do not support the proposed change	I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY. There is no need to ban dogs from this area to keep them out of the sanctuary area. Reason: The cliffs to the east of the boat ramp provide a natural access barrier to the Sanctuary beyond the perimeter fencing. There is no need to ban dogs from this area to keep them out of the sanctuary area. I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on OKOROMAI BAY beach east of the TREELINE EMBANKMENT DOGS ARE ALLOWED according to the time and season rule for the rest of Okoromai Bay. Reason: The proposal isn't fixing a known issue, but a 'possible' risk of dogs straying into the open Sanctuary.

There is no need to ban dogs from this area to keep them out of the sanctuary area. I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on OKOROMAI BAY beach east of the TREELINE EMBANKMENT DOGS ARE ALLOWED according to the time and season rule for the rest of Okoromai Bay. Reason: The proposal isn't fixing a known issue, but a 'possible' risk of dogs straying into the open Sanctuary.
7157	I do not support the proposed change	I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY. Reason: The cliffs to the east of the boat ramp provide a natural access barrier to the Sanctuary beyond the perimeter fencing. There is no need to ban dogs from this area to keep them out of the sanctuary area. 541	I do not support the proposed change	Dogs should be allowed on leash in all parks at all times! There are too few dog-friendly off-leash exercise areas for dogs in all Auckland areas! We need many more dog-friendly off-leash exercise areas!!!! Rules should not be changed as a result of complaints against a few negligent dog owners spoiling it for the remainder of decent dog owners!! Instead, the Council should be targeting and educating the negligent and problematic dog owners!!
1520	I do not support the proposed change	Current rules are fine as it is.
1805	I do not support the proposed change	There should be a portion of the beach where dogs can be off leash and enjoy the beach with the owners during the summer time.
2124	I do not support the proposed change	We want to enjoy the beach with our dogs and family during summer time! They should be allowed on the beach during summer time too! Even if it's on leash!
2692	I do not support the proposed change	See previous
2707	I do not support the proposed change	I oppose the proposed change to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoromai Bay. These areas currently provide a vital space for dogs to exercise off-leash, allowing them to socialize and engage in necessary physical activity. Restricting off-leash access would unfairly limit enjoyment for responsible dog owners who already adhere to the rules. Instead, the current off-leash policy should remain, with an emphasis on educating owners and enforcing existing rules where needed. This approach would ensure shared use of the space without overly restricting access for dog owners.

2856	I do not support the proposed change	To make it simpler, why not make the beach and the grass areas have on-leash access during summer hours 10am-5pm as well. Your changes are for the protection of wildlife and to make it simpler? The changes are not simpler at all. They make it more confusing. Do the wildlife only need protecting between the hours of 10am and 5pm? It doesn't make sense. I feel wildlife are used as an excuse to restrict dog access for no reason.
4566	Other (please explain below)	Dogs should have ON-LEAD ACCESS to all regional parks. With additional areas within those parks designated AND FENCED for off leas access.
4699	I support the proposed change	But I would make the time earlier say 9am and no areas off leash
5453	I do not support the proposed change	This is not needed in NZ. Our pets are well looked after and trained. They help with most owners mental health, and something that helps with mental health is getting out and about, and the amount of good it does for the dogs overall health. This is a very stupid proposal and should not be brought up ever again.
5786	Other (please explain below)	I believe dogs should be allowed in the campgrounds on a leash at all times. If families come for a day walking and bring the family pet, then stay in the camp overnight, their pets should be allowed to stay also

2086	I do not support the proposed change	Never had issues before, punishing everyone for a small handful of irresponsible owners isn't fair. The less our dogs are out in society the more harmful to their behavior moving forward
2105	I do not support the proposed change	I completely disagree with further restrictions to dogs in this reserve. There is absolutely no reason why dogs should not be allowed off lead in the open grass areas.
2465	I support the proposed change	seems fair
2511	I support the proposed change	It appears to be clearer wording and fairly usual limitations during summer
2583	I do not support the proposed change	Dogs on leash should be allowed at all times
2713	I do not support the proposed change	We should be allowed to have access to these places as well
3286	I do not support the proposed change	Include more dog access but on leash. Removing access does not help owners who are looking to enjoy walks responsibly
3303	Other (please explain below)	Dogs should only be prohibited if there's threatened birds at risk
4153	I support the proposed change	We love shakespear regional park and really enjoy going one picnics there with our dog. Our family would really appreciate the proposal to have on-leash summer hours at the grass areas. This would make a huge difference to dog owners in the area. However I would ask that dogs could be allowed on-leash between Army and Okoramai Bay Beaches. It would be nice to be able to watch the kids play in the sand/sea AND not have to sit all the way back on the grass area to mind our dog.

4768	I support the proposed change	Dogs should absolutely be prohibited from Parks such as Shakespear to protect wildlife. I am aware go owners are feeling 'got at' but its also not appropriate to have dogs on busy beaches in mid-summer where there are lots of children.
4877	I do not support the proposed change	As above

5585	I do not support the proposed change	The current policy is already sufficiently strict.
5856	I do not support the proposed change	I don't think dogs should be allowed off leash in these areas at any time. This is a family beach where children are running around and playing on the grass.
5897	Other (please explain below)	Seems complicated to read and understand rules - need a map with diagrams to show area rules
6092	I do not support the proposed change	While protecting wildlife is essential, it's important to ensure that sufficient dog-friendly areas remain available to accommodate the needs of dog owners.
6350	I do not support the proposed change	We love summer and doing things as a family. Our dog is family
6832	I do not support the proposed change	Too limited. Figs need off leash and times for owners too limited.

1847	I do not support the proposed change	For all reductions in dog access areas, I strongly oppose the changes. Resources for dog owners are already so minimal. There are nearly limitless options for people that don't want to be around dogs. Why continue to punish dog owners? It will only cause more problems as dog owners will become desperate so start ignoring rules entirely. More areas for dogs to be adequately stimulated, exercised and socialized will only lead to better behaved dogs.
2483	I do not support the proposed change	Should be allowed on beaches on leash.
4142	I do not support the proposed change	You've over complicated the rules, people won't read these nuances. You'd have to pay people to enforce this, especially after the new rules are introduced for a time.

6580	Other (please explain below)	Auckland already lacks sufficient dog exercise areas, and further restrictions in regional and local parks will make it harder for dog owners to provide their pets with sufficient exercise and socialisation. Additionally, further restrictions will either push responsible owners to break the rules or force dog owners into unsuitable areas where conflicts are more likely to occur. Dog owners use parks for exercise, companionship, community and stress relief. Restricting access may negatively affect the well-being of both dogs and their owners. Instead of reducing access, Auckland Council should be expanding designated off-leash areas with proper fencing and signage to accommodate responsible dog owners.

615	I do not support the proposed change	I would love an off leash area pls
639	I do not support the proposed change	Stop banning access. Walking dogs is a great family and healthy activity in this location.
739	I do not support the proposed change	Again the issue lies with uncontrolled dogs. Those which are well behaved off leash are not the challenge. Propose a strong focus on dog management/ownership vs punishment for all. Recommend an update to 'Dogs which do not have strong recall or can not be controlled off-leash should be on leash at all times'. Focus on the issue and responsible management of these dogs vs punishment for both owners and dogs who are managed, well behaved off leash. Again a great example of regression impacting responsible owners and dogs who are well behaved.
783	I do not support the proposed change	Dogs should be banned from the park entirely to support indigenous biodiversity.

2876	I support the proposed change	same rules but clarified
3760	I do not support the proposed change	Owners with responsible dog owner license should be allowed to walk anytime unleash and pick up poop. Payroll high volume beaches to enforce this.
3959	I do not support the proposed change	Not good change
4178	I do not support the proposed change	How don't control a dog that is off leash
4211	I do not support the proposed change	No dogs on beach or grass area during summer. It's too busy. They can come before 10 and after 5pm under control. People with dogs make a choice and just need to get up early to walk them. People need a safe space to be without dogs.
5522	I do not support the proposed change	Give us off leash 24/7
6107	I support the proposed change	But also have a time in 'other seasons' where dogs are not allowed off leash. People still use beaches and parks out of summer and I am unsure why dogs should get better access to these spaces outside of summer time. Allocate areas where dogs are not allowed at all and fence these clearly.
6840	I do not support the proposed change	I think dog should be either prohibited or control under control on leash to be consistent with all parks. Also protecting children and other dogs from being attacked and scared.

183	I do not support the proposed change	Dogs are family too
209	I support the proposed change	Less dogs in parks around kids increases safety. Parks are for people not dogs.
369	I do not support the proposed change	too confusing keep as is
417	I do not support the proposed change	I advocate for being allowed dogs under control and on leash in more of aucklands regional parks and within more areas of aucklands regional parks. Walking and hiking in Aucklands regional parks is a perfect activity for having canine companionship. There is plenty of space for everyone and when dogs are under control on leash there is little room for that to be problematic to anyone. Currently the options for getting fresh air and exercise for dog owners in Auckland are already incredibly limited. I do not support limiting this further. Again, the emphasis should be on policing and preventing nad dog ownership, not making it impossible le for good dogs and owners to enjoy wholesome, healthy activities in our own neighborhoods.
480	I support the proposed change	Seems to be more restrictive.

Sub #	Q3 Shakespear	Q3 Shakespear Comment
610	I do not support the proposed change	I think it's a good compromise so people who want to visit the park are able to bring their dog but still not disturb the birds there by allowing them on leash in the grass areas. Of course, I would not think pack walks were a good idea in this space. I do not support having dogs off leash in this park because it acts as a bird sanctuary. And birds tend to move and not stay still, so I think having a bigger radius of areas where dogs are under control is a good idea. I wouldn't support banning dogs there but just having some limits in place. Simply, I think in off peak times, dogs should be allowed on leash (not off leash on beaches) and should always be allowed on leash on grass.
691	I do not support the proposed change	Dog restrictions are already SO difficult to know and remember one is always at risk of contravening the laws. It's just crazy how complicated owning and walking a dog is. These changes are just another example of bureaucracy gone crazy!
907	I do not support the proposed change	These changes are too loose. The summer season is too short and people are still using the beach and grassy areas way after 5pm in summer. Give dog owners an inch and they will take a mile. We see it all the time, dog owners flouting the rules and feigning ignorance Our regional parks should be for people and native wildlife not dogs
952	I do not support the proposed change	Further limiting dog access
1028	Other (please explain below)	Dogs should be on leash and under control at all times
1064	I do not support the proposed change	the rules work as they are
1114	I do not support the proposed change	I feel that areas to take your dog are already very limited, especially over summer and i therefore disagree with restricting, reducing and limiting these areas further
1341	I do not support the proposed change	Too complicated and the majority of the population will not comply as too confusing
1861	I do not support the proposed change	Current rules fine.
1957	I do not support the proposed change	Dogs in all these areas should be allowed off leash in the morning and evening but on leash access during the day.
2029	I do not support the proposed change	Dogs should allowed off or on leash at any time It is the owners responsibility to ensure dog etiquette
2139	I do not support the proposed change	Dogs are family members it is already difficult to find activities you can do with your dog. Banning them from beaches and parks will be a step back as a society. In fact more and more people is opting for not having kids and having dogs instead. This will new proposed policy will definitively have a huge negative impact on the wellbeing of NZ dog owners. We should promote healthier, active lifestyle. What other alternatives we have as dog owners is the equivalent of banning kids in parks. that does not make sense.
2315	I do not support the proposed change	This is unnecessarily restrictive and a disproportionate reaction to the level of issue and complaint that comes from existing dog control bylaws. Many Aucklanders have dogs and this will create further restrictions on their use and enjoyment of our local natural environment. We should put more emphasis on bylaws concerning cats who are actually much more likely culprits in hurting our wildlife, for example.

Sub #	Q3 Shakespear	Q3 Shakespear Comment
2864	I do not support the proposed change	There should be more options for 'on leash' time. The time frames between prohibited and off leash do not get followed, therefore dogs should be controlled at all times to prevent someone 'not knowing what time it is'
3107	I do not support the proposed change	The change is based on a redundant/old fashioned view of dogs (big & dangerous) & owners. While there are irresponsible dog owners in the minority - the majority of dogs & their owners are well trained, socially adjusted, contained, clean, small in size & socially important for the health & wellbeing of Aucklanders, A blunt instrument is being proposed that will punish dogs & owner's freedoms and our access to common spaces that are for all to enjoy. You're not fixing anything; you're neglecting to face the problem head on. The issue that should be addressed is responsible dog ownership. In Switzerland you must first demonstrate ability to become a good dog owner before you're allowed to bring a new pup home - they complete a course & take a practical & written exam. Responsible dog ownership (also in France & the UK) includes dogs allowed on buses, in restaurants/cafes, shops, museums, local parks, hotels - culturally the nation has moved on from dogs as hunters, fighters, working on farms to kind gentle creatures that are an extension of whanua. We don't go anywhere without our pup - to that end it's our freedom you're curbing, not just that of the dog. I would visit a lot more places & be more active/participatory if Akld was canine-friendly (instead of Uber Eats I'd spend my money at Akld businesses who are currently struggling). In Germany laws discourage pet owners from leaving their dogs at home for too long, In Hungary microchipping is mandatory, a program to make neutering affordable, rules to ensure every dog gets the minimum required exercise every day. In France messy footpaths were solved by adding more poop/doggy bag stations (again dog owners can subsidise the cost). Have you considered delineating dog rules based on the type of breed & size of dog? Owners paying more to register a dog in order to recoup council costs of legislating the rules seems fairer. On our affluent street we have a very large mastif owned by a family for security - he has no space to run & isn't walked, so he howls all the time. Where is the genuine Akld Council focus on the welfare of animals? I'm disappointed you're not taking the opportunity to modernise & pay attention to what's happening in your communities - the proposal is a blunt instrument. This is not a good idea. Please betterment the community.
3536	I do not support the proposed change	Your wasting my rates rearranging the deck chairs. Shameful.
3618	I do not support the proposed change	In the current Policy Rules under d. What is wrong with having dogs on leash in Shakespear Regional Park c. Keeps as is - the seasonal times for off leash walking are good and in line with other parks. In the Proposed Amendments 3c. Why not allow on leash.
3695	I do not support the proposed change	It should be the decision of the dog owner to allow Dogs to be on/off leash rather than a mandated law. I strongly oppose these changes.
3796	I support the proposed change	Seems reasonable .
4132	I do not support the proposed change	Restricting the space dog owners have when there is increasing dog numbers, will only force dogs to interact in these smaller spaces which brings about potential for conflict/incidents.

4729	I do not support the proposed change	Dogs are a risk to the native birds and should not be present, even on a leash
4735	I support the proposed change	seems ok, but could do with more " Under control on-leash" mornings and evenings
4762	I support the proposed change	on leash at all times if humans other than owner around
5370	I do not support the proposed change	Dogs need spaces to run and exercise off lead on. I think it's unfair to restrict the use of grass spaces only to people without dogs.
5918	I do not support the proposed change	Current rules are clear.
6116	I do not support the proposed change	Dear [Council Representative/Committee], I am writing to urge the council to reconsider current restrictions on dog access to public parks and to advocate for policies that allow dogs to be present in all parks without limitations, provided they are on a leash, with balanced measures for off-leash times during peak usage. As urban development increases housing density, private outdoor spaces are diminishing, placing greater importance on public recreational spaces for all residents — including dog owners. Dog ownership continues to rise, and yet, despite paying levies and registration fees, dog owners face significant restrictions on their ability to use public parks fairly and equally. Key Reasons for Allowing Unrestricted On-Leash Dog Access to Parks 1. Equity and Fair Use of Public Spaces Dog owners contribute to the community through fees and levies, and they should be entitled to equal access to recreational areas. Public parks are communal spaces, and no group of responsible users should be excluded. Ensuring that dogs on leashes are permitted in all parks supports equitable use. 2. Adapting to Increased Housing Density With the city's strategic plan prioritising higher-density housing, many residents now live without access to private gardens or yards. This makes local parks vital for responsible pet ownership. Denying dog owners reasonable access forces them to travel further afield, which can be impractical and counterproductive to community goals around local engagement and sustainability. 3. Supporting Mental Health and Well-being Dogs play a crucial role in the mental health and emotional well-being of many residents. These restrictions negatively impact their well-being and our community.
6122	I do not support the proposed change	These changes make it harder for responsible pet owners to exercise their dogs and themselves, which will negatively impact our health, happiness, and sense of community. The new rules are making spaces more dog-unfriendly, reducing the joy, endorphins, and positive interactions that come from exercising with our pets. I ask that you reconsider these proposals and acknowledge the negative effects they will have on our well-being and our communities.
6379	I do not support the proposed change	Under control on leash should be permitted

6382	I do not support the proposed change	As per my previous comments, this will create issues for the families and dog walkers/owners being forced to take their dogs at the same time rather than able to spread it out throughout the day, and will also impact families with children who cannot leave their children or dogs unattended. Under control on the leash during summer day time (10am-5pm) would be a compromise.
6395	I do not support the proposed change	The proposed changes are excessive, majority of dog owners are responsible and able to exercise their dogs without causing any problems for other park users. There are not enough free access for dogs in Auckland already and putting further restrictions is going to have a detrimental impact Dogs need opportunity to exercise off leach and to socialize freely with other dogs. Not allowing this will cause significant behavior issues for many dogs and impact on the health and wellbeing of dog owners.

7038	I do not support the proposed change	I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY. Reason: The cliffs to the east of the boat ramp provide a natural access barrier to the Sanctuary beyond the perimeter fencing. There is no need to ban dogs from this area to keep them out of the sanctuary area. I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on OKOROMAI BAY beach east of the TREELINE EMBANKMENT DOGS ARE ALLOWED according to the time and season rule for the rest of Okoromai Bay. Reason: The proposal isn't fixing a known issue, but a 'possible' risk of dogs straying into the open Sanctuary.

2245	I do not support the proposed change	Nothing wrong with the current rules stop putting more restrictions on us dog owners
3617	I do not support the proposed change	In park after park dog access is removed or reduced. This conflicts with your stated goal in 3.6.1: Goals 3.6.1 (a): recognise dog owners as legitimate users of public spaces and that dog access is essential for dog welfare. (b) Integrate dog owners and their dogs with other users of public places (c) Provide opportunities for dog owners to take their dog to public places that are accessible, desirable, and provide diversity of experience for both the dog and owner
6389	I do not support the proposed change	There should be no prohibited times. Beaches must be off leash at all times.
PAPAKURA LOCAL BOARD		
1357	I support the proposed change	If owners can keep their dogs on leash and pick up after them, then there will be more options to take your dogs to regional parks.
1574	I do not support the proposed change	There are so few places for us to legally and correctly exercise our dogs. Rather than shoving dogs and dog owners into corners, why not make spaces more accesible to educate the pubilc and owners on dog ownership and correct dog behaviour. Again, a license to take dogs off-lead in areas or parks could be an idea. Owners can get a license (not some silly annual thing, for the life of the dog), to take their dog in spaces such as parks.
2109	I don't know	Dogs should be allowed in all areas and areas should only be designated by on/off leash and these should be enforced to achieve the same results.

558	I do not support the proposed change	there is nothing wrong with the current rules
995	I do not support the proposed change	A lot of families have dogs and this further limits the already limited areas where you can walk your dog.
2327	I do not support the proposed change	During the bird breeding season all beach area should be on leash
4059	I do not support the proposed change	Council should be looking at ways of improving the number of areas dogs can be exercised and socialised within Auckland. Proposed changes look to limit this considerably. Proposed changes look to penalise good dog owners that do the right thing by limiting access across Auckland rather than addressing the real issue which is irresponsible dog owners with menacing dog breeds.
4366	I don't know	The Proposed amended Policy rules and the maps (To me) don't seem to be saying the same thing. the Proposed amended Policy rules says there's times and areas where off leash is fine but the map had no area for under control off leash.
4565	Other (please explain below)	I think all regional parks should have dogs prohibited at all times. Keep it simple and clear. The parks are not appropriate places for dogs.
5117	I support the proposed change	Silly and overcomplicated. It's a beach
5452	I do not support the proposed change	The current rules work fine and there is no reason to change something that isn't broken
6001	I don't know	It's nice to see off leash areas provided, would be nice to see the times go a bit further.

749	I do not support the proposed change	Should allow under leashed all times
813	I do not support the proposed change	Disagree with the prohibitions. Allow dogs if they are on a leash.
1247	I do not support the proposed change	I believe that with dogs on a leash and controlled that dog owners should have same right to enjoy the outdoors Humans create more damage
1320	I support the proposed change	Should not be allowed in cars on grounds at all
1511	I support the proposed change	Owners frequently do not pick up after the dog poo. Also many go to the beach to gather shellfish seafood. I am a grand dad and have a grand hild 3 year old. Many dogs are left to run around on the beach and park. Very frightening when dogs get into a scrap and the owner is owher close by.
1550	I do not support the proposed change	Again this is incredibly confusing. I do not know this park very well but it seems that dogs' access is shrinking under this proposed change? I'd love to visit this park sometime soon without needing to do algebra to figure out if my dog is allowed.
1589	I don't know	I do not believe access is further restricted so would support if so. A bit hard to understand from the text
2178	I don't know	Its too complicated. My vote should be applied to the most liberal dog policy.
2537	I do not support the proposed change	Overly specific and unnecessary.

2558	I do not support the proposed change	Dog access rules in Shakespear park are already very limiting
2609	I do not support the proposed change	Why does Auckland Council hate dogs so much? Every change I have seen so far is going from restriction, to even more restriction or an outright ban. There are already extremely limited options for dog walking in summer yet the council seem to be out to make life even more difficult for dog owners. It is already the worst region in the country I have experienced in terms of such limited dog access and it looks like you want to make it worse. I see no reason at all to ban dogs. This forces people to walk dogs on the burning hot streets or it forces everyone into tiny areas with huge numbers of dogs. Many, many people in the region have a pet dog, yet Auckland Council wants to punish all of us who are responsible, due to a small minority that are not. As long as dogs are on leads and under control, I see absolutely no reason why they should be banned. Most dogs I see are better behaved than most children, and cats do vastly more killing than dogs, yet there is no will apparently to prevent more people buying cats. We NEED more shaded tree walks for dogs. I am so incredibly sick on having to walk out in the open with my dog, getting burnt and baking when it's already hot at 7am and still hot at 7pm. I just returned from Taupo where the council leaves green, shaded walks all over town for dogs, Yet here in Rodney/ North Shore, I have to walk round houses because dogs are banned from all the walkable trails.
2638	Other (please explain below)	I rarely go to Army Bay beach but again the new messaging is going to lead to widespread confusion. Kepp it simple please like the original messaging . It is imp[erative that dogs and kept out of the regional park where peoplke nad birds could come into conflict- even if on leash (as dogs break free and owners sometimes have huge leashes.
3526	I do not support the proposed change	Put higher fines on those who don't comply with current rules rather than limiting all.
3808	I support the proposed change	Dog activity in those parks needs to be restricted for the safety of native species and also because there are some intimidating dogs in that area. No dogs should be allowed off-leash in Shakespeare Park.
3809	I do not support the proposed change	The timings assume reduced dog walking flexibility for owners
4311	I support the proposed change	I support this
4602	I do not support the proposed change	Rules too complex - simply have a license system for this area like fire permits; the permit can pay for tiered access (put back into maintaining the park area) and have higher or lower pricing reflecting schedule documented - muzzed animals with microchips get discounted rates.
4639	I do not support the proposed change	Works fine as it is
4788	Other (please explain below)	I want to see dogs prohibited completely and if any access is granted it needs to be on leash only and only outside of peak times ie before 9am and after 8pm

UPPER HARBOUR LOCAL BOARD		
466	I don't know	Why does it need to be seasonal? Why can't the rules be the same all year. The beaches aren't limited to summer. It would allow people camping there to have better access all year and those who viist
846	I don't know	Let's be real—does anyone actually follow these rules? This proposal is another layer of unnecessary bureaucracy that overcomplicates what should be simple and practical guidelines for dog owners. The rules are already a tangled mess, and this amendment makes it worse. Expecting people to remember specific boundaries, embankments, tracks, and time restrictions for every tiny section of the park is completely unrealistic. Nobody is going to memorise this, and it's unfair to penalise dog owners for rules that are impossible to navigate. Most dog owners at Shakespear Park are responsible, and the current rules work well enough. If the Council is serious about managing dog behaviour, invest in educating owners and enforcing existing rules instead of creating more that no one will follow. Proposals like this waste time and resources while failing to address real issues.
1140	Other (please explain below)	This one appears to be more flexible than the current rules, so o support it! It appears to be going in the right direction and starting to become fair to well Behaved dogs. We should be able to get a license to walk well behaved dogs off leash.
1141	I don't know	Seems to be even more confusing.
1814	I support the proposed change	I think it means there's more access for dogs - honestly, I'm an intelligent person but it is quite hard to read the information and work out what it means! Partly because I'm not familiar enough with the names of the areas.

2723	I do not support the proposed change	As a responsible dog owner, we love to enjoy a good nature walk with our lovely well behaved dog. Unfortunately ,there are less and less dogs allowed or safe place to walk my dog, not CBD,(not safe for human either), not shopping malls, not regional parks, not lot of reserves, then where can we walk? Auckland is an international inclusive city, and it's famous for it. If we can include all/none genders or LGBTQ human beings from all the world, we should do the same thing to dogs, our closest best friends

1576	I do not support the proposed change	The places we can take our dogs for off-leash runs become less and less. Dedicated dog parks are not the answer as stress levels in our dogs tend to rise if they're exposed to too many dog encounters at the same time and with it tension and escalation. We avoid dog parks and beaches like the plague. It's not relaxing. It would be nice to be able to take our dogs for beach strolls where they can roam free and enjoy the sunset with their owners. Why punish everyone when most dogs fit into the community so well. It's understandable to limit dog access to protect wild life and flora of course.
1833	I support the proposed change	This makes sense
1918	I do not support the proposed change	NO DOGS OFF LEASH AT ALL not in our regional parks protect our wildlife NO DOGS
1930	I do not support the proposed change	More restrictions on where we can take our dogs and at what time of day we can take them. What does this actually achieve? I would like to see a clear explanation as to why this is deemed to be better and for who?
2095	Other (please explain below)	Please see answer already provided under Section 2 which applies to all areas. It is the owners who allow their dogs to roam out of control that need to be policed/controlled. Activities should not be curtailed for the majority, who manage our animals well.
4044	I do not support the proposed change	I have had issues with individuals with off leash dogs they cannot control. Education around why you need to have your dogs under control in off leash areas would be far more beneficial.
4767	I do not support the proposed change	The proposed changes are far too restrictive in terms of access and times to areas to walk your dogs
5582	I do not support the proposed change	Dogs on a leash aren't an issue. Stop restricting people from taking their dogs places they enjoy and pay for with rates. I pay extremely high rates AND pay for dog registration and don't even get to take my dog barely anywhere. It's getting ridiculous. Stop banning on-leash dogs from everywhere. There's almost nowhere left to go Current policy is fine. Leashed dogs are fine.
5896	I do not support the proposed change	Current policy is fine. The new version only puts more constraints!
6082	I do not support the proposed change	Majority of dogs are well behaved, well controlled and cause no problems. This seems excessive and ridiculous

122	I do not support the proposed change	I think this is a clunky solution to irresponsible dog owners who let their dogs off leash and don't have control/consistent recall of their dog, and don't well socialise their dog, and the proposed changes greatly affects all responsible dog owners. Unfortunately, I think there needs to be more 'legislation' around dog ownership (for example needing to pass a basic test to get a dog ownership license) and enforcement around irresponsible dog owners (non-registered dogs etc), as opposed to clunky restriction to public parks.
560	Other (please explain below)	I'm wondering why dec1? If it's the people factor then say weekend s till Dec 18

2397	I support the proposed change	Safer
3263	I do not support the proposed change	Not strict enough - birds don't care about fences. There have been too many attacks on birds. Less dogs in critical areas will keep birds safer, and allow for harsher fines if the rules are broken. There will need to be more dog control officers at the same time, or the changes will be completely useless.
4591	I support the proposed change	to safeguard native birds and animals
5004	I do not support the proposed change	Parks are public resources that should be accessible to all Aucklanders, including dog owners. The proposed restrictions disproportionately affect those who follow the rules while doing little to address the real issue of non-compliance. Rather than creating more restrictions, Auckland Council should focus on improving compliance with existing regulations through education, signage, and enforcement.
5027	I do not support the proposed change	The rule change won't stop bad actors, just penalize everyone.
5358	I support the proposed change	Good
5489	I do not support the proposed change	Need to be able to exercise the dog off leash. The area as a total is small and there are plenty of opportunity currently for people to stay put of the exercise area. No need for additional restrictions.
5624	I do not support the proposed change	Dogs should be allowed in parks. There are already few public spaces they can go.

903	Other (please explain below)	Council is overreaching and complicating something that can be really simple. Dogs can go everywhere on a short leash. Including DOC areas. Special areas to stipulate no leash required.
1765	I support the proposed change	Give us more areas to walk our pets
1875	I do not support the proposed change	Dear council I am writing to urge you not to ban dogs from our beloved regional parks, beaches, and public spaces. As a vibrant part of our community, these natural areas should be open to everyone, including responsible dog owners, who are an integral part of our society. Why Dogs in Parks Matter: 1. Health and Well-being: Dogs are not only wonderful companions, but studies have shown that walking with dogs encourages more physical activity, which can help combat the rising rates of sedentary lifestyles and chronic diseases. These outings promote better mental health, lower stress levels, and a deeper connection to nature—benefits that extend to the whole family. 2. Economic Impact: Dogs help generate revenue for our parks. Local businesses benefit from dog owners spending on pet-related products, pet services, and park fees. Tourism also sees a positive impact as people often choose destinations where they can bring their dogs, boosting the local economy and increasing the sense of community. 3. Social Responsibility: Responsible dog ownership is a core part of being a good community member. Many dog owners are highly committed to respecting public spaces—cleaning up after their pets, keeping dogs on leashes when required, and ensuring their pets do not disrupt others. Banning dogs punishes those who are mindful and courteous, while the real challenge lies in enforcing responsible behaviour. Ensure you are fining and implementing consequences for those who
1914	I do not support the proposed change	I don't support the reduction of dog access
2183	I do not support the proposed change	We share this land - with all living things. We cannot prohibit access because it might cause issue with a few biased individuals. This doesn't solve an issue it creates disconnect and segregation between demographics. Focus on educating dog owners as well as non- dog owners and simplifying regulations. If people get used to dogs everywhere, the less of an issue it will become. Dogs bring joy to peoples' lives. Stop trying to take away their rights to play. That's all they ask...we have people that treat them horrifically, people who hit them, beat them and try to kill them and yet they stay loyal to their owners and only ever ask for love and a good walk in return. Just let them be part of the community.

2584	I do not support the proposed change	This is discrimination! My dog should be allowed in the same places where I go. Use tax money to have a ranger that checks dog owners that you believe cause problems.
4489	Other (please explain below)	I support where the restrictions are being lessened but the whole explanation seems difficult to understand and overly-complicated
4818	I do not support the proposed change	New Zealand doesn't seem to be particularly dog-friendly and appears to lag behind other countries in this regard. Dogs are cherished members of the family, yet the increasing restrictions on accessing regional parks mean that many people are missing out on opportunities to enjoy these spaces with their pets. Dog owners pay registration fees, and homeowners contribute through rates. Shouldn't they be allowed to spend quality time with their furry family members in these public places? Instead of spending time and resources on introducing new rules, that effort could be better directed toward identifying and addressing owners who aren't following existing regulations. Additionally, funds could be used to improve park facilities, such as upgrading bins, to create a more enjoyable and responsible environment for everyone.
5103	I do not support the proposed change	The changes are unreasonable and unneeded. They will not help with the actual issues we face with roaming dogs, and only punish responsible dog owners
5330	I do not support the proposed change	There are good dog owners who know when is appropriate and when not appropriate to have their voice controlled dog off leash, who read and respect signs and laws. Don't punish the good ones because of the bad ones. Also this will not help in the prevention of rouge dog attacks which should be the main thing you are focusing on at the moment. We already so so little space to be able to let our well behaved dogs stretch their legs.
5514	I do not support the proposed change	Who thinks of these amendments? What value are they adding except restrict freedom and push NZ back into an old, uncultured society.
6178	I support the proposed change	Not a huge change that will affect a lot.
6408	I do not support the proposed change	Dogs should be on leash between 9 am and 6pm all year round.
6594	I do not support the proposed change	Do not make it complicated and restrictive for owners and families wanting to enjoy an outing together. It serves no purpose to complicate the rules and would require extensive resources to police. Leave them as they are.

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on OKOROMAI BAY beach east of the TREELINE EMBANKMENT DOGS ARE ALLOWED according to the time and season rule for the rest of Okoromai Bay. Reason: The proposal isn't fixing a known issue, but a 'possible' risk of dogs straying into the open Sanctuary.
6986	I do not support the proposed change	I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY. Reason: The cliffs to the east of the boat ramp provide a natural access barrier to the Sanctuary beyond the perimeter fencing. There is no need to ban dogs from this area to keep them out of the sanctuary area. 7100	I do not support the proposed change	I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY. Reason: The cliffs to the east of the boat ramp provide a natural access barrier to the Sanctuary beyond the perimeter fencing. There is no need to ban dogs from this area to keep them out of the sanctuary area. Reason: The proposal isn't fixing a known issue, but a 'possible' risk of dogs straying into the open Sanctuary.
7253	I do not support the proposed change	I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY. Reason: The cliffs to the east of the boat ramp provide a natural access barrier to the Sanctuary beyond the perimeter fencing. There is no need to ban dogs from this area to keep them out of the sanctuary area. I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on OKOROMAI BAY beach east of the TREELINE EMBANKMENT DOGS ARE ALLOWED according to the time and season rule for the rest of Okoromai Bay. Reason: The proposal isn't fixing a known issue, but a 'possible' risk of dogs straying into the open Sanctuary.

4517	I do not support the proposed change	Why are you doing this? So restrictive. No current issues.
5410	I do not support the proposed change	Dogs need off leash environments for their health and wellbeing.
6428	I do not support the proposed change	Dogs should have more access to parks even if it is on leash only. Open up more park areas please.
