Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support most

   Tell us why

   I like the wellbeing, the park spaces, the hauora, well Te Pou Herenga Waka ama can provide

   We are ready to build, and our whanau are ready for it as well.

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important

Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Fairly important**
Manurewa residents benefit from developments in Manukau	Fairly important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important

Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

You have Maori and Pacifica need to lead in our community. Waka ama creates leaders, waka ama creates togetherness, kotahitanga, manaaki tanga, Again this is waka ama at its finest

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I strongly support the approval of the Te Pou Herenga Waka clubhouse. This project represents hope, opportunity and investment in the future of our tamariki, our whānau and our wider community. I encourage decision-makers to consider the overwhelming positive impact this facility will have and approve the project to proceed.

As a member of the local community

As a member of the waka ama community,

As a parent of a child who participates in waka ama,

I strongly support the activation of water-based activities and facilities in the Waimaahia inlet. In particular, the establishment of a fit for purpose facility for the local waka ama club, Te Pou Herenga Waka Ama Club

The development of the Waka Ama community facility meets more than one core priority of the local board.

- One of the Manurewa Local Board plan objectives is that "facilities and parks support inclusive, accessible, multi-generational play and recreation outcomes to support people's overall wellbeing."
- Waka ama is an inclusive sport, for all abilities, ages, ethnicities and diversities. It seeks to meet holistic wellbeing of whanau that engage – spiritual, cultural, physical and social. The club has multi-generational whanau that participate, from grandparents to mokopuna.

Further, that "open spaces and sports-fields meet the needs of our diverse communities," with the action to **"support water sport groups and make it easier for people to take part in boating, yachting, kayaking, waka ama and other water-based activities.**

- I strongly support the establishment of a waka ama facility in Weymouth. I believe the facility will achieve a myriad of objectives on behalf of the Auckland Council, the Manurewa Local Board, the local community, whanau, and rangatahi.
- The waka ama club has occupied a small shed for 21 years. It is a timely, and sustainable investment of support and resources into the future of waka ama in our community. The club has achieved so much from their current facility and limited resources. One can only imagine what can be achieved with the right facilities.
- I also believe supporting Te Pou Herenga Waka Ama Club to establish a facility meets the Auckland-wide commitment to Māori, climate and equitable outcomes.
- Investing in waka ama, on par with mainstream sports such as cricket and football, is a positive and equitable investment. Waka ama is the fastest growing watersport in Aotearoa, and attracts a large percentage of rangatahi, Maori and Pasifika whanau.

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Te Pou Herenga waka ama whanau are about growing, knowing, providing for our rangatahi. We deserve to be in our community with a club house to be in amongst other club rooms.
A clubhouse is an investment in community wellbeing. It will support physical health, improve mental wellbeing, reduce social isolation and strengthen relationships between whānau and community members.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Organisation: N/A

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support all

   Tell us why

   I agree with the direction the Local Board is taking to create a more inclusive community where people feel supported, connected and valued.

   As someone who has lived in Manurewa for over 50 years, I feel particularly strongly about our young people. We need to continue creating safe spaces and meaningful opportunities where they can live, learn and thrive. I fully support the Board's commitment to youth engagement and wellbeing.

   I also believe it is important that these opportunities are not only available but also affordable for all families. Financial barriers should never prevent young people from participating in sport, recreation or community activities that have such a positive impact on their development and sense of belonging.

   I would also like to acknowledge and support the long-standing community organisations and volunteers who have worked tirelessly for many years to provide these opportunities. Clubs such as Manurewa Marlins Rugby League, Te Pou Herenga Waka Waka Ama, Manurewa Netball, and Manurewa Rugby are part of the fabric of our community. For generations, they have brought people together, fostered leadership, promoted healthy lifestyles, and created a strong sense of pride and belonging.

   I encourage the Local Board to continue supporting these established clubs and organisations alongside investing in new initiatives. By strengthening the people and organisations already

making a difference, we can continue building a connected, resilient and thriving Manurewa for future generations.

2. How important are the following goals to you, in our community focus area?

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important

Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Fairly important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important
Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Yes, I strongly support the Local Board continuing to invest in activities that bring people together, celebrate culture, and strengthen our ethnic and Pacific communities.
Supporting cultural events and community activities helps people feel connected, valued and proud of who they are. It also gives us the chance to learn from each other, celebrate our differences and build stronger relationships across our community.
Having lived in Manurewa for over 50 years and working with young people, I see how important it is for people to feel a sense of belonging. When people feel connected to both their culture and their community, they're more likely to get involved, support others and make a positive contribution.
I'd love to see the Local Board continue supporting activities that celebrate our diversity and bring people together. They help build community pride, strengthen connections and make Manurewa an even better place to live for everyone.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

We need a bridge between Wattle Downs and Waiata Shores so that Wattle Downs residents can walk, bike or scooter to the supermarket rather than having to drive.

Do you think the Local Board should support these activities?

Support

Tell us why

To build stronger communities.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I support the Te Pou Herenga Waka clubhouse build because Te Pou Herenga Waka has been a big part of the Manurewa community for many years. The club has helped grow interest in Waka Ama among both young and old, creating opportunities for people of all ages to get involved, stay active and be part of something positive.

Waka Ama is much more than a sport. It has helped turn young people's lives around by giving them purpose, discipline, confidence and a strong sense of belonging. It has also developed many champion paddlers who have gone on to represent our community with pride.

The club also provides valuable learning opportunities that many young people don't get elsewhere. Through Waka Ama, participants develop water safety skills and confidence on the water—essential life skills that are not taught as much in schools today. They also learn about the history and significance of our local waterways, strengthening their understanding of the places they live and their connection to te taiao (the natural environment).

Most importantly, the club embodies the values of whanaungatanga, manaakitanga, aroha and kotahitanga. These values are at the heart of strong, connected communities and are exactly what we need to continue building a better Manurewa. A permanent clubhouse would not only support the growth of the club but also provide a lasting home where these values can continue to be nurtured and shared with future generations. Nga mihi nui

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I support the Te Pou Herenga Waka clubhouse because being part of the club was one of the best experiences I've had growing up.

When I first started paddling, I was really shy and didn't have much confidence. Waka Ama helped me come out of my shell. It taught me to work with others, trust my teammates and never give up, even when things got hard. Those are things I still use today at school, at work and in everyday life.

I also learnt so much more than just paddling. I became more confident in and around the water, learnt about our local waterways and their history, and gained a real appreciation for looking after our environment. Those are things I probably wouldn't have learnt anywhere else.

The club always felt like a second whānau. Everyone looked out for each other, encouraged each other and celebrated each other's successes. It didn't matter if you were new or experienced—you always felt like you belonged.

I'm really grateful for everything Te Pou Herenga Waka gave me, and I want other young people to have the same opportunities I had. Having a clubhouse would help the club grow, support more paddlers and give more people the chance to experience Waka Ama. I think it's something our community will benefit from for many years to come.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I fully support the Te Pou Herenga Waka clubhouse build.

I first got involved in Waka Ama after my family joined the club. I didn't know much about the sport and wasn't sure what to expect, but from day one everyone made me feel welcome. It didn't matter that I was new—people were happy to help, encourage me and make me feel like I belonged.

Over the years I've seen just how much hard work goes into running this club. The people behind Te Pou Herenga Waka have given up countless hours of their own time because they genuinely care about the sport, the club and our community. Their commitment has created opportunities for so many families, and it's something that deserves to be recognised and supported.

Waka Ama has become a huge part of our lives. It's a sport that brings families together, keeps people active and creates lifelong friendships. I've seen people of all ages and backgrounds come together on the water, and that's something really special.

I see a clubhouse as the next step for a club that continues to grow every year. It would give the club a permanent home, support the amazing work already being done, and allow even more people to experience everything Waka Ama has to offer. I have no doubt it will benefit our community for many years to come.

Organisation: N/A

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support all

   Tell us why

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important

Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important
Young people have the skills and training needed for quality, future-proofed employment	Very important

Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I fully support the construction of the Te Pou Clubhouse.

Volunteers have given countless hours to build this club into what it is today. Supporting this clubhouse recognises and honours the dedication of those who have worked tirelessly for the benefit of the community.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I fully support the build of the Te Pou Herenga Waka ama club. This facility will be a huge benefit to the community. I once represented NZ with the training camps held in Weymouth. The cold breeze while you're wet after training was not it. My daughter is now a paddler herself and I think how lovely it would be for her and her team to be in a warm place after training. But not only that, I think of my mahi as a kaiako at one of the local kura. We are always learning our school pepeha, how cool could it be to have little Manurewa history workshops in the facility then go for a paddle on the Moana.

20 Submission Statements in Support of Te Pou Herenga Waka Clubhouse

1.

I fully support the construction of the Te Pou Herenga Waka clubhouse. This facility will provide a safe, inclusive and welcoming space where people of all ages can come together to participate in healthy, positive activities that strengthen our community.

2.

Waka Ama is much more than a sport—it builds confidence, discipline, leadership and respect. A permanent clubhouse will ensure these opportunities continue to grow for future generations.

3.

Our tamariki and rangatahi deserve access to facilities that encourage healthy lifestyles and provide positive alternatives that keep them active, connected and engaged within their community.

4.

A clubhouse is an investment in community wellbeing. It will support physical health, improve mental wellbeing, reduce social isolation and strengthen relationships between whānau and community members.

5.

Te Pou Herenga Waka has spent years working towards this goal. The club has demonstrated commitment, resilience and dedication, and deserves the opportunity to complete this important community project.

6.

The clubhouse will become a community hub that serves far more than paddlers. It will provide a venue for education, meetings, cultural events, youth development and community programmes.

7.

Supporting this clubhouse means supporting healthier communities. Every dollar and every effort invested today will provide benefits for generations to come.

8.

Waka Ama embraces people from every background, culture, age and ability. This clubhouse will continue to foster an inclusive environment where everyone belongs.

9.

The values of Waka Ama—teamwork, respect, manaakitanga and perseverance—are values our communities need now more than ever. A permanent home will help strengthen these values across our region.

10.

This project will strengthen Māori culture by providing a place where tikanga, te reo Māori and cultural practices can continue to be shared and celebrated through Waka Ama.

11.

The positive impact Te Pou Herenga Waka has had on families throughout South Auckland is evident. A clubhouse will allow the club to continue expanding its programmes and supporting even more people.

12.

Community sport plays a vital role in preventing poor health outcomes. Investing in facilities like this encourages active lifestyles and creates lifelong habits that benefit individuals and reduce pressure on health services.

13.

Volunteers have given countless hours to build this club into what it is today. Supporting this clubhouse recognises and honours the dedication of those who have worked tirelessly for the benefit of the community.

14.

Having a permanent clubhouse will improve safety, organisation and accessibility for members, visitors and schools that participate in Waka Ama activities.

15.

This project represents long-term planning and sustainable growth. The clubhouse will ensure Te Pou Herenga Waka can continue serving the community for many years into the future.

16.

Strong community organisations create stronger communities. Supporting Te Pou Herenga Waka means supporting an organisation that has consistently invested in people, whānau and positive community outcomes.

17.

Opposition should not outweigh the overwhelming benefits this clubhouse will provide. The positive social, cultural, recreational and health outcomes for our community far exceed any perceived disadvantages.

18.

The clubhouse will create opportunities for young people to become future coaches, officials, volunteers and leaders, helping develop skills that extend well beyond the sport itself.

19.

This is not simply a building—it is a place where friendships are formed, confidence is built, culture is celebrated and community spirit is strengthened. These are lasting benefits that deserve our support.

20.

I strongly support the approval of the Te Pou Herenga Waka clubhouse. This project represents hope, opportunity and investment in the future of our tamariki, our whānau and our wider community. I encourage decision-makers to consider the overwhelming positive impact this facility will have and approve the project to proceed.

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support most

   Tell us why

   I am for the youth, the homelessness and the safety of the community.

   Our manurewa bus station is one of the most dangerous places for our youth catching buses for school, you have drunks coming from the bars over the bridge, and a risky space for abuse and all sorts, there needs to be security or some form restructuring that will allow children to feel safe in this depot. That depot needs improvement.

   We have seen the level of homelessness and the amount of houses in the community used for services which could be used as emergency housing or transition blocks. I know there is a few little lodges that accomodate the homeless and those who cannot afford a rental , we may want to look at rebuilding those spaces for them , the houses along gt south rd after the Alfriston intersection towards waiata shores intersection need some help and are a disgusting site.

   Youth- there are too many programs and services who cater to youth but are not preparing them for real life or further learning. We understand re-engaging and getting them off the streets but many shower them with too many unrealistic things that in the real world struggle to do simple things like communicate in a civil manner or be able present themselves well for an interview. We are more enabling their behaviour and that is why we do not see any change on youth. The focus should be on initiatives that will invest in their future with skills that will equip them ready for the real world and to be civil at the same time. I have had a few youth come from pride project program Mangopare and cannot communicate well, expect trips and treats, and cannot be consistent without incentives or they demand too much. Unrealistic.

There really has not been any change in behaviour but rather a distraction, only to find the real world does not dish everything out on a silver platter, you must work hard and make sacrifices with good communication skills. So, I believe that all the community houses that you chose to close was a good move in changing how Manurewa should be to be more civil by erecting services and solutions that will help to set the standard of where we want Manurewa to be. We don't want to be enablers of co-dependency and laziness we want to show them that there is a way out and it's called education, training etc. Services need to set the standard of where the community needs to be by hiring experienced and qualified staff and having hubs in the central parts of those suburbs. We understand there is poverty and there is hardships, but we are a first world country try and there are solutions all around us infact WINZ holds most of those solutions for low income families.

I like the fact that the new builds are slowly making Manurewa look vibrant and a tad bit civilised, but if we do not start charging people for dumping their rubbish on Kainga Ora homes and not keeping it clean, putting consequences in place for uncleanliness then we are going to see this issue carry on and what was supposed to look like improvement will go backwards.

So we need people doing their rounds to check the community and send out fines to those residences or warning to clean their spaces and no rubbish around their homes or on council land and action those warnings and fines so people know there are consequences.

If they have pets they should pay rent for that pet as well because pets damage homes especially if they are on Kainga Ora or housing Nz homes. Half of those housing homes need to be bust down and rebuilt into those new structures with these penalties in place to maintain cleanliness.

The fact that illegal dumping is happening shows that we don't monitor or clean our council areas as often as we should. Where people dump rubbish is on council land that is abandoned with high grass or by parks, creeks , lakes . So they need to be more proactive about this not only on watching the parking in malls and sending people fines. We just passed autumn and in wattledowns there is a lot of trees. That mess was not cleaned up for weeks on end in fact the just pushed all the leaves to the curb which blocked the gutters when the rain fell..

The transition houses happen to the the places they send the worse tenants to, having drugs and alcohol, domestic violence issues and police are often called to these spaces more when it should be a safe space for families.

Some areas are not well lit or have cctv and therefore we see more crime, assaults and robberies occurring. Crime watch? Where are they? Community patrols? Wardens? They should be at the manurewa depot or anywhere that concerns are always raised.

2. How important are the following goals to you, in our community focus area?

Family, whānau health and social wellbeing is supported and strengthened	**Very important**

Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Fairly important
Young people are engaged, have a voice and contribute positively to local life	Fairly important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Fairly important
Our open spaces and sports-fields meet the needs of our diverse communities	Fairly important
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Less important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Fairly important
Creative talent is supported, visible and celebrated	Fairly important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Fairly important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important
Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

I think this all depends on the initiative and whether to will change things for the community. As advised before, some initiatives lack. And so hubs that provide professional services with qualified professionals is important to cater to the needs of Maori and pasifika. Initiatives that will build them up and take them out of the poverty codependent on govt benefits mindsets, that will equip them with the financial literacy, budgeting, but also allow for community get together to celebrate as a community, we not only have Maori and pasifika but we also have other immigrants and refugees asylum and seek communities.
Maori there are many and ample services running for years but have a look at the community, the poorest streets has it changed anything there or enabled their behaviour? This is where the focus needs to be. We need to set the standard and that way everyone will have to adjust , starting from cleanliness, cleaning their home spaces as yards and not dump rubbish on the curbs or get a warning to sort it or get a fine . This is not to say it's just Maori but I think the only hub Maori need is the marae and any Maori services need to connect and be delivered alongside their suburban marae in the area. They hold the people the history etc.
Pasifika only need a good hub to gather and bring people together for cultural enrichment but also just central hub. Where pasifika can go to just like a marae for Maori but more catered to their cultural needs.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Please apply consequences to rubbish and shitty yards! Action them, please rebuild the manurewa depot. My children don't feel safe there or anyone! Make it safer and more secure!

Set the standard so that the community can change because nothing has changed.

Local Board: Manurewa

Your feedback:

1. Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?

Support most

Tell us why

There also needs to be a focus on the behaviour and respect neighbours show each other with regard to noise. If they understood that people don't want to listen to their music or a thumping base it may change this behaviour. Peoples homes are their castles whether rented or owned it is a place to rest after work or during illness. I know there is Noise Control but they are basically useless as not the Manurewa culture people anyway. Have always lived here, it's a poorish community but people care for each other with the above subject being the let down due, possibly to being uneducated.. I mention this as my little neighbourhood has elderly and 2 very ill people who are long term Manurewa residents bothered by this. Possibly not a lot can be done but it can be taken to Council level.

2. How important are the following goals to you, in our community focus area?

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Fairly important
Young people are engaged, have a voice and contribute positively to local life	Very important

Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Fairly important
Our open spaces and sports-fields meet the needs of our diverse communities	Fairly important
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Fairly important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Fairly important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important
Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Fairly important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

I don't know

Tell us why

I don't quite understand, Ethnic and Pacific, what does Ethnic mean in this statement. All races, or Maori and Pacific only. There is also a large pakeha community along with many other races. If your support is aimed at these 3 communities being integrated and supported better with the minor races included then yes I support.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Love the idea of a community garden, would love to be part of this, right into growing food to eat.

Not an easy job you have, I support most of the plan, mostly want to see our youth get job opportunities not all the imports taking that from them.

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Increased density without supporting facilities is a recipe for slums.
Particular attention needs to be paid to roads and streets as a new area of responsibility for the Local Board. Excellent progress has been made by AC/AT in transit, including new connections to industry in Wiri, but driving is still the default for adults. Antisocial driving and parking make our streets hostile for non-drivers, whether through speeding, racing, or parking on footpaths, bike lanes and crossings. The board can use its new responsibility to encourage active modes and transit, while penalizing short driving trips. On the flip side, providing clarity about parking and protecting legitimate street parking from damage would better serve the many who drive. That means bollards, planters, street trees and similar means to keep drivers out of pedestrian facilities like footpaths and crossings, but also to protect parked vehicles from bad drivers.
A related issue specific to Manurewa is unlicensed/unregistered motorbikes, petrol and electric. These give youth a bridge to mobility in a car-centric city, but hold serious risks for the users and general public.

Cost effective, inclusive events can bring together interest groups across demographics. I was surprised by the high attendance at sports events in Totara Park, and grateful for outdoor/art activities previously supported by AC for kids at the park. We have some great sports fields and parks that could be activated by events.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

It was good to see acknowledgement of our increased density and population, and the pressures they bring to bear on open space, roads and streets, services and facilities. Emphasizing our connection to Manukau seems like a smart strategic move, so we can coordinate development of these things.

Do you think the Local Board should support these activities?

Support

Tell us why

Big part of our community demographics and acknowledges their culture and contribution to a great Manurewa

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

More lit rugby league fields for Marlins, as largest club in NZ they are under resourced and continue to grow - how do we help them keep rangatahi in sport? By providing great equitable resources as basic needs to operate.

Hold business owners accountable for the maintenance and cleaning of carparks ie Clendon Shopping mall is disgusting potholes, rubbish and general cleanliness is lacking. If it was in Ponsonby it would be shut down at the standard - how does MLB influence this as it contridicts the plan focus areas community, taiao etc

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support all

   Tell us why

   For the betterment of the community

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important

Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important

Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

For the betterment of the community

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I fully support the construction of the Te Pou Herenga Waka clubhouse. This facility will provide a safe, inclusive and welcoming space where people of all ages can come together to participate in healthy, positive activities that strengthen our community.

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Other

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I support the development of the Waka Ama building in Weymouth. Waka ama should have a club house just like all other sports around the area. The space isn't used well. A lot of anti social behaviour. I witnessed burn outs and car parties at 0630 on a saturday.

I think it will be of better use and safety if it were developed for a greater purpose, deterring bad behaviour from the area.

IT is also important to support a sport that is growing rapidly, and underfunded.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I strongly support the inclusion and prioritisation of investment in a permanent clubhouse and training facility for Te Pou Herenga Waka Ama Club.

Te Pou Herenga Waka Ama Club has become a significant community organisation that provides opportunities for tamariki, rangatahi, pakeke and kaumātua to participate in one of Aotearoa's fastest-growing sports. More than simply a sporting club, Te Pou Herenga strengthens whānau connections, promotes hauora, encourages cultural identity, and creates a safe and inclusive environment where people of all ages and abilities can thrive.A dedicated clubhouse would deliver substantial benefits to the wider Manurewa community by:

Providing a safe and permanent base for training, meetings, education, and community programmes.

Supporting the growth of waka ama participation, particularly among young people, through accessible and well-equipped facilities.

Creating opportunities to host local, regional and national waka ama events that bring visitors and economic activity into Manurewa.

Strengthening Māori outcomes by supporting a sport that is deeply connected to te ao Māori, whakapapa, tikanga and environmental stewardship.

Providing secure storage for waka, paddling equipment and safety gear, ensuring club assets are protected and maintained.

Offering a community space that can be shared with local schools, community groups and health initiatives outside of training times.

Do you think the Local Board should support these activities?

Support

Tell us why

Because these types of events help us to celebrate who we are and the beautiful cultural practises that need to be preserved.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Make Manurewa a safe place to live again. I my whanau have just recently returned after being away for about 13 years and it is a shame to see all the roaming dogs, broken or damaged properties, rubbish and mentally unstable people who need support to live a dignified life. I want my tamariki and mokopuna to be able to walk the streets of Manurewa like we did back in the days.

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support all

   Tell us why

   For the betterment of the community

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important

Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important

Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

For the betterment of the community

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I fully support the construction of the Te Pou Herenga Waka clubhouse as this project will strengthen Māori culture by providing a place where tikanga, te reo Māori and cultural practices can continue to be shared and celebrated through Waka Ama.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

You speak about making road safety, can this extend to school zones! Time and time again I see people parking dangerously during pick up and drop offs, we need streets monitored during drop offs and picks ups, with parents being fined for parking dangerously or illegally. It's an accident waiting to happen. There is no excuse, it's pure laziness.

Do not support

Tell us why

They can apply for grants which I did while in scouting also fund raising as groups

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Yes two things Look at Jellicoe Road (speeders) also instead of putting a pedestrian outside the temple, it should have been invested in pedestrian crossing from outside the library to Manurewa Central. To many near misses and one child hit by car???? What price are you putting on a child's head. Also Jellicoe road is surrounded by parks and school children no improvements have been made

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Social cohesion in Manurewa is fragile and we face the risk of small scale outbursts of public disorder perhaps arising from the disconnection of groups from each other and from the wider community. As a priority we need to work to minimise this marginalisation and having activities which support connections between people and groups is important for this.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I ask that the Manurewa Local Board reviews the operation of the Manurewa Sports Centre on Mountfort Park and in particular the governance and management of the Centre by the Manurewa Community Facilities Charitable Trust. The Centre has (in my opinion) failed to deliver its potential to Manurewa people and the blame for this lies squarely with the Trust.

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

The upcoming generations need more youth friendly, accessible and safe spaces to be apart of in the local community. We need to support the community with members of our own community through activities, workshops, advertising local tight-knit fun days. This will help increase community engagement of all ages, strengthen the safety net of our people and promote the culture and togetherness of Manurewa.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

The 1-year maintenance closure of Te Matariki Clendon is very disappointing and I can imagine very upsetting for many families who utilise the centre to connect with our locals, participate in the daily activities or even come through the facility to attend sport evenings and community dinners. That is 1 year of families planning where to go next, what other space that can accommodate to their children and where to seek user friendly and cost friendly facilities that offer same/ similar programs. Due to the lack of planning and priority of the centre's safety structure over the years, youth and many families are paying the price while

the facility undergoes maintenance for this extremely long period. Local Board should be prioritising the safety of all buildings/sites that facilitate daily activities for all user group as the community will be at a loss. I think the board could request for more regular ttsw checks to ensure no shutdown period for maintenance is this long and communicate for this approach with Auckland Council, as they want to see more Aucklanders active and working towards making Auckland a world class city. As a Weymouth resident I want to see how local board and Auckland Council see this closure as a sustainable/ realistic method of maintenance work and hear their opinions of how this would negatively affect the local and wider community, all while hindering progress and momentum of celebrating, strengthening and proudly representing our people of Manurewa.

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Tell us why

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	
Our people and communities are connected, feel safe and help shape Manurewa	
Partnerships and engagement with mana whenua guide local decision-making	
Young people are engaged, have a voice and contribute positively to local life	
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	
Our open spaces and sports-fields meet the needs of our diverse communities	
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	

Climate change and sustainability initiatives build community resilience	
Mana whenua cultural heritage, identity and names are reflected in Manurewa	
Creative talent is supported, visible and celebrated	

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	
We are a low-carbon, zero waste community	
Our communities are engaged in reducing the effects of climate change	
Our communities have access to fresh, affordable kai and are supported to grow local food	
The water quality and mauri (life force) of our harbours and waterways is improving	

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	
Manurewa residents benefit from developments in Manukau	

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	
Support local businesses and entrepreneurs to innovate and succeed	
Young people have the skills and training needed for quality, future-proofed employment	

Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	
Give people more safe and accessible travel options for work, school and daily lives	
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

The TMC 12 month closure will significantly impact our youth and local community. With facility and communities divided, it removed the safety and security the facility it offered youth and Clendon alone. Resulting in an increase in hardship for those less fortunate

TMC closure/Clendon Library closure - 1 yr closure.

A safe place for our tamariki to come hang out/chill. Our less fortunate community come here to shower, eat and feel apart of society. This place is central for most. Travelling further down the road may not be possible for majority of Clendon comm. Our kids will end up doing more harm than good without a place they feel safe to express themselves. Where are they expected to go? and how are they expected to get there? Partial closure was an option even if it took longer.

Because it gives the youth the chance to be apart of something else rather than turning to gangs & violence.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I strongly believe the board needs to find an alternative to the closing of the clendon rec centre / skatepark as this is a safehaven for alot of our tamariki. The board either needs to find resources to speed the process or utilise other spaces for our community.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

The proposed 12 month closure of TMC is too long and would significantly affect our Community. We use the spaces for our youth activities, so this will especially difficult for us. The Centre is more than a building, its a place to learn connect, worship, exercise and support one another. It is used weekly by the Community Groups, families, Seniors, Youth & Children. A year long Closure could increase isolation, reduce participation, create financial pressure, and lead to loss of important wellbeing, cultural and social programes.

T.M.C is a safe welcoming space that strengthens relationships and the wider community. While we understand work maybe needed, we strongly urge that the closure be kept as short as possible or suitable alternatives provided.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I support the Te Pou Herenga Waka club because it is the only Waka Ama club in Manurewa. The sport alone caters from 5-year-olds all the way to 70+ year olds. They host 3 races a year (and the potential to host more) which bring people down to Weymouth beach and more revenue to the local shops and food vendors. Waka Ama is already a huge sport, and the National Waka Ama Comp is growing year by year. Having a proper clubhouse is going to give more opportunities to the Rangatahi of Manurewa, a chance to train and compete at a Regional level, National level and also International level. We have all the Rugby clubs, Soccer Clubs but Waka Ama is the only sport you can keep doing into your 70's. Imagine a local 5-year-old who stays and lives in Manurewa his whole life and paddles until that age. Imagine the legacies that can be created from that Club House.

Submission Statements in Support of Te Pou Herenga Waka Clubhouse 1. I fully support the construction of the Te Pou Herenga Waka clubhouse. This facility will provide a safe, inclusive and welcoming space where people of all ages can come together to participate in healthy, positive activities that strengthen our community. 2. Waka Ama is much more than a sport—it builds confidence, discipline, leadership and respect. A permanent clubhouse will ensure these opportunities continue to grow for future generations. 3. Our tamariki and rangatahi deserve access to facilities that encourage healthy lifestyles and provide positive alternatives that keep them active, connected and engaged within their community. 4. A clubhouse is an investment in community wellbeing. It will support physical health, improve mental wellbeing, reduce social isolation and strengthen relationships between whānau and community members. 5. Te Pou Herenga Waka has spent years working towards this goal. The club has demonstrated commitment, resilience and dedication, and deserves the opportunity to complete this important community project. 6. The clubhouse will become a community hub that serves far more than paddlers. It will provide a venue for education, meetings, cultural events, youth development and community programmes. 7. Supporting this clubhouse means supporting healthier communities. Every dollar and every effort invested

today will provide benefits for generations to come. 8. Waka Ama embraces people from every background, culture, age and ability. This clubhouse will continue to foster an inclusive environment where everyone belongs. 9. The values of Waka Ama—teamwork, respect, manaakitanga and perseverance—are values our communities need now more than ever. A permanent home will help strengthen these values across our region. 10. This project will strengthen Māori culture by providing a place where tikanga, te reo Māori and cultural practices can continue to be shared and celebrated through Waka Ama. 11. The positive impact Te Pou Herenga Waka has had on families throughout South Auckland is evident. A clubhouse will allow the club to continue expanding its programmes and supporting even more people. 12. Community sport plays a vital role in preventing poor health outcomes. Investing in facilities like this encourages active lifestyles and creates lifelong habits that benefit individuals and reduce pressure on health services. 13. Volunteers have given countless hours to build this club into what it is today. Supporting this clubhouse recognises and honours the dedication of those who have worked tirelessly for the benefit of the community. 14. Having a permanent clubhouse will improve safety, organisation and accessibility for members, visitors and schools that participate in Waka Ama activities. 15. This project represents long-term planning and sustainable growth. The clubhouse will ensure Te Pou Herenga Waka can continue serving the community for many years into the future. 16. Strong community organisations create stronger communities. Supporting Te Pou Herenga Waka means supporting an organisation that has consistently invested in people, whānau and positive community outcomes. 17. Opposition should not outweigh the overwhelming benefits this clubhouse will provide. The positive social, cultural, recreational and health outcomes for our community far exceed any perceived disadvantages. 18. The clubhouse will create opportunities for young people to become future coaches, officials, volunteers and leaders, helping develop skills that extend well beyond the sport itself. 19. This is not simply a building—it is a place where friendships are formed, confidence is built, culture is celebrated and community spirit is strengthened. These are lasting benefits that deserve our support. 20. I strongly support the approval of the Te Pou Herenga Waka clubhouse. This project represents hope, opportunity and investment in the future of our tamariki, our whānau and our wider community. I encourage decision-makers to consider the overwhelming positive impact this facility will have and approve the project to proceed.

this is a huge investment for the community and generations to come, Please help the continue growth of our communities to thrive and have opportunities too, thats what this is.

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support most

   Tell us why

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important

Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important
Young people have the skills and training needed for quality, future-proofed employment	Very important

Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Submission Statements in Support of Te Pou Herenga Waka Clubhouse 1. I fully support the construction of the Te Pou Herenga Waka clubhouse. This facility will provide a safe, inclusive and welcoming space where people of all ages can come together to participate in healthy, positive activities that strengthen our community. 2. Waka Ama is much more than a sport—it builds confidence, discipline, leadership and respect. A permanent clubhouse will ensure these opportunities continue to grow for future generations. 3. Our tamariki and rangatahi deserve access to facilities that encourage healthy lifestyles and provide positive alternatives that keep them active, connected and engaged within their community. 4. A clubhouse is an investment in community wellbeing. It will support physical health, improve mental wellbeing, reduce social isolation and strengthen relationships between whānau and community members. 5. Te Pou Herenga Waka has spent years working towards this goal. The club has demonstrated commitment, resilience and dedication, and deserves the opportunity to complete this important community project. 6. The clubhouse will become a community hub that serves far more than paddlers. It will provide a venue for education, meetings, cultural events, youth development and community programmes. 7. Supporting this clubhouse means supporting healthier communities. Every dollar and every effort invested

today will provide benefits for generations to come. 8. Waka Ama embraces people from every background, culture, age and ability. This clubhouse will continue to foster an inclusive environment where everyone belongs. 9. The values of Waka Ama—teamwork, respect, manaakitanga and perseverance—are values our communities need now more than ever. A permanent home will help strengthen these values across our region. 10. This project will strengthen Māori culture by providing a place where tikanga, te reo Māori and cultural practices can continue to be shared and celebrated through Waka Ama. 11. The positive impact Te Pou Herenga Waka has had on families throughout South Auckland is evident. A clubhouse will allow the club to continue expanding its programmes and supporting even more people. 12. Community sport plays a vital role in preventing poor health outcomes. Investing in facilities like this encourages active lifestyles and creates lifelong habits that benefit individuals and reduce pressure on health services. 13. Volunteers have given countless hours to build this club into what it is today. Supporting this clubhouse recognises and honours the dedication of those who have worked tirelessly for the benefit of the community. 14. Having a permanent clubhouse will improve safety, organisation and accessibility for members, visitors and schools that participate in Waka Ama activities. 15. This project represents long-term planning and sustainable growth. The clubhouse will ensure Te Pou Herenga Waka can continue serving the community for many years into the future. 16. Strong community organisations create stronger communities. Supporting Te Pou Herenga Waka means supporting an organisation that has consistently invested in people, whānau and positive community outcomes. 17. Opposition should not outweigh the overwhelming benefits this clubhouse will provide. The positive social, cultural, recreational and health outcomes for our community far exceed any perceived disadvantages. 18. The clubhouse will create opportunities for young people to become future coaches, officials, volunteers and leaders, helping develop skills that extend well beyond the sport itself. 19. This is not simply a building—it is a place where friendships are formed, confidence is built, culture is celebrated and community spirit is strengthened. These are lasting benefits that deserve our support. 20. I strongly support the approval of the Te Pou Herenga Waka clubhouse. This project represents hope, opportunity and investment in the future of our tamariki, our whānau and our wider community. I encourage decision-makers to consider the overwhelming positive impact this facility will have and approve the proceed of this project.

Family, whānau health and social wellbeing is supported and strengthened	
Our people and communities are connected, feel safe and help shape Manurewa	
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important

Climate change and sustainability initiatives build community resilience	
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	
We are a low-carbon, zero waste community	
Our communities are engaged in reducing the effects of climate change	
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	
Support local businesses and entrepreneurs to innovate and succeed	Very important
Young people have the skills and training needed for quality, future-proofed employment	Very important

Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Fairly important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Less important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Yes please install exercise equipment in our parks (Hayman, Wiri Reserve). Please ensure rubbish is regularly removed from Wiri Reserve Park. Please install more solar lights in both parks. Please also install more wide, strong bench chairs/forms to encourage less able, less fit, larger people to walk & feel safe knowing they have safe rest spots along the way. (My Dad was one of these people who used his walking aid instead to rest). He also wanted a toilet. Please add a toilet to Wiri Park (in the park, not to porterloo by the road/kerb).

Do you think the Local Board should support these activities?

Support

Tell us why

With changes to climate, very soon we will have an influx of Pasifika peoples. We have some of the most diverse pasifika groups in the world, and I imagine that more will be making their way to South Auckland soon. Lets strengthen the connection between the islands and Aotearoa, and acknowledge our shared indigenous history and whakapapa to facilitate this new migration :)

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I appreciate the focus into the community and natural environment. I have a vision of an economically resilient and connected community. We have a lot of needs in our community, but instead of relying on central government or big international corporations to bail us out, I want to see local businesses thriving and employing locals, healthy kids and families who are able to walk to each others homes and help with child support, food systems that are grown, cooked, and eaten locally! I reckon the solutions come from the ground up, so anything that strengthens our communities ability to make and retain money and wealth will lead to strong outcomes :)

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

I don't know

Tell us why

although this is definitely a good initiative, as stated, the changing demographic needs to be considerate of All peoples in the area. Maori and pacifika of course but also all the other nationalities here as well. We are as a community are starting to integrate with celebrations such as Dewali, Eid, Chinese New Year. Perhaps encourage and strengthen all community celebrations and culture

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

There didn't seem to be any plans for looking after the most vulnerable people in the community. What are the plans for the homeless people? Will you also be treating them with respect and dignity? It would be good to see some forward thinking plans to help support people in desperate need. And what about putting together actions to actually solve the increasing rubbish problem? Not just creating so called recycling that sends it over seas. Why cant this council as part of the wider Auckland council really do something positive to

actually mitigate or at least look at permanent ways to get rid of rubbish. In some countries they actually burn the rubbish rather than use it as land fill.

Do you think the Local Board should support these activities?

Support

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

The Manurewa Local Board has consistently recognised the importance of improving community wellbeing, increasing participation in recreation, supporting Māori aspirations, and investing in facilities that strengthen local communities. A clubhouse for Te Pou Herenga Waka Ama Club directly contributes to each of these objectives.

Demand for waka ama continues to grow across South Auckland. However, the lack of permanent facilities limits the club's ability to expand programmes, support volunteers, safely store equipment, and provide appropriate amenities for members. A purpose-built clubhouse would ensure the club can continue meeting the needs of current and future generations. Investment in this project is an investment in preventative health, youth development, community resilience and cultural wellbeing. It aligns with broader Auckland Council outcomes by encouraging active lifestyles, social inclusion, environmental connection and community pride.

Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Fairly important
Creative talent is supported, visible and celebrated	Fairly important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Fairly important**
We are a low-carbon, zero waste community	Fairly important
Our communities are engaged in reducing the effects of climate change	Fairly important
Our communities have access to fresh, affordable kai and are supported to grow local food	Fairly important
The water quality and mauri (life force) of our harbours and waterways is improving	Fairly important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Fairly important**
Support local businesses and entrepreneurs to innovate and succeed	Fairly important
Young people have the skills and training needed for quality, future-proofed employment	Fairly important

Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Fairly important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Fairly important**
Give people more safe and accessible travel options for work, school and daily lives	Fairly important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Fairly important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

I don’t know

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I have been part of the rugby league system for most of my life. I have seen the progress and support received to further develop rugby league in our community. It would be great to see the same support given to the local waka ama and watersports area of sport, as they don't usually get the same type of support. I've seen the club room, and it is not a club room lol.

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Community organisations like Te Pou Herenga rely heavily on dedicated volunteers who give their time to support others. Providing the club with appropriate facilities demonstrates that their contribution is valued and ensures they have the resources needed to continue making a positive difference.
I respectfully encourage the Manurewa Local Board to include support for this project within the final Local Board Plan and to advocate for funding opportunities that will help make the clubhouse a reality.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

My concern is about illegal dumping our or streets, parks and in our communities, and its getting worse . What is the local board doing about this.

Roaming Dogs / Dog attacks - People in our community should be felt safe in our area, and the amount of dogs that are roaming or attack people in the street is not on . What is the local board doing about this. The 3 year plan looks good, but these two issues are the main feature of what our people are wanting to know what you are going to do about it !!

Community is about everyone and for everyone. I've loved seeing so many new faces find home and footing in Manurewa and many who are non-maori, non-pacific and non-pakeha who want more opportunities to share their culture with the wider community.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I would love to see more funding opportunities and availability and support for the Te Pou Herenga Waka proposed Waka Ama Club. I forsee this being a major staple in our Weymouth Community, offering safety to our club members as well as a potential thriving hub for our wider community with possible venue hire, a cafe opportunity and employment options for locals. I love how much positivity the club has brought to the area over the last 20 years and progression to a physical club seems like the logical way to go. I wish them all the best of luck and vote in support of the clubs build.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I strongly support the application from Te Pou Herenga Waka Ama Club in their pursuit to build a clubhouse. This club has made a significant impact on my life in many ways, including giving me the confidence to partake in a sport (first sport I've ever done, as a 29 year old!), has helped improve my fitness, given me a sense of whānau that I never expected from a 'mere' sports club, shown me the immense love and adoration the members have for the sport and their community. It would also be a fantastic asset to the Manurewa/Weymouth community. As a tax and rate paying resident of Manurewa I fully support their efforts and will do everything in my humble role to help achieve these lofty and inspiring goals.

Supporting all green spaces/parks and reserves meet the needs of the local diverse residents that continue to use those facilities for recreational outdoor sports for mental wellbeing and to grow local sports that like soccer, rugby, cricket to name a few. For them not to be replaced by buildings for special interest groups.

2. How important are the following goals to you, in our community focus area?

Mana whenua cultural heritage, identity and names are reflected in Manurewa	Fairly important
Creative talent is supported, visible and celebrated	Fairly important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Fairly important
Our communities are engaged in reducing the effects of climate change	Fairly important
Our communities have access to fresh, affordable kai and are supported to grow local food	Fairly important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Fairly important**

Support local businesses and entrepreneurs to innovate and succeed	Very important
Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Fairly important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Having green spaces/parks and reserves for cultural events and for play and recreation for people to come together is very important and that we have them where mostly residents have their say on how its utilized.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I strongly opposing future developments of Waka taking over Greers Road Reserve as this is a well-used green space by all the local children of Weymouth by the sea and the closest green space to Weymouth Primary School and Early Discoveries. This reserve is used daily by all the children that attend Weymouth and Manurewa that live close by.

As a parent and local resident that backs on to the reserve and help protect our neighbourhood, i suggest that the local council work with Waka Ama in developing the Weymouth Commodores Club (Weymouth Yacht Club). This is the best location.

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

I don’t know

Tell us why

Worried about things not being fair, equitable and transparent.
Favoritism, bias, nepotism etc seems to occur in boards, councils etc..
Unfortunately boards in general can be misleading in their intentions, trusting in them is difficult.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

We need to be very aware that all of this boxed in housing intensification in Weymouth means no yards for kids to play, keeping the local small green areas are important for children's socializing.

I strongly oppose any building on Greers Rd reserve due to this.

Do you think the Local Board should support these activities?

Do not support

Tell us why

Tēnā koe Minister,
I am writing on behalf of residents in Weymouth, Clendon, and Manurewa who are deeply concerned about any proposal that would introduce a waka ama building, storage compound, or land-use change on Greers Road Reserve in Weymouth.
Our position is clear and firm: Greers Road Reserve must remain an open, public green space with no buildings, no exclusive occupation, and no reclassification.
This reserve is a designated esplanade reserve whose purpose is public access, conservation, and low-impact recreation. Any attempt to introduce club facilities or exclusive structures would be inconsistent with that statutory purpose and would undermine the community's only accessible coastal play area.
The neighbourhoods surrounding Greers Road Reserve are experiencing significant intensification. More houses, more people, and more development mean that the remaining open green spaces become even more essential. They are the only places where children can run, play, kick a ball, and enjoy the coast freely. Classic community sports such as rugby, football, and cricket rely on these open areas, and families use them daily for general recreation.

Replacing or restricting this space with a club building would remove the only green area available to local tamariki and whānau. It would also introduce traffic, noise, and safety risks into a quiet cul-de-sac that cannot support high-volume activity or vehicle movements.
We ask that you:
Uphold the esplanade reserve classification and protect Greers Road Reserve from any exclusive or intensive development.
Ensure no land-use changes, leases, or permissions are granted that would reduce public access or alter the open-space character of the reserve.
Support the preservation of green spaces in rapidly intensifying suburbs, recognising their critical role in community wellbeing.
Our community strongly supports keeping Greers Road Reserve exactly as it is: open, green, accessible, and used by everyone.
Ngā mihi nui, Antony Weymouth Resident

Do you think the Local Board should support these activities?

Support

Tell us why

This would be a way of staying connected to the community. The more community involvement the better the local boards will be supported

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

This might be off topic but could the pathways or grass verges (nearest the road) not have been converted into the cycle paths or roadside parking seeing as the new houses being built don't allow for off street parking.

Everyone benefits from stronger communities.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

The Transport section of the Draft Plan includes the statement "Implement the Active Modes Plan to improve connections across our local board area for active transport like walking and cycling." However, I have not been able to find a copy of the Active Modes Plan - unless this is the Local Paths Plan from August 2019 ? I currently use the path beside the Puhinui Stream from the Botanical Gardens to Gt Sth Rd at Rata Vine, and from Kerrs Rd to Tuaiwi St / Barrowcliffe Pl in Manukau City. I look forward to these paths being joined up from Gt Sth Rd to Kerrs Rd, and strongly support this being implemented in the next 3 years.

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Yes, the Local Board should support these activities, but funding must be equitable and inclusive of all communities in Manurewa. Support should not disproportionately favour ethnic or religious organisations over other community groups. Priority should be given to activities that are open, accessible, and beneficial to the wider community, including secular groups, youth, seniors, ethnic communities, and Pacific communities.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Submission on the Draft Manurewa Local Board Plan 2026–2029

Opposition to aspects of the draft plan, including any proposal to support or enable Waka Ama facilities at Greers Road / Te Rau-karaka Foreshore, and priorities for Weymouth and Clendon communities.

This submission opposes any part of the Draft Manurewa Local Board Plan 2026–2029 that would support, prioritise, or facilitate a waka ama storage or club facility on public reserve land at Greers Road / Te Rau-karaka Foreshore in Weymouth. The draft plan expressly states that it will “support water sport groups and make it easier for people to take part in boating, yachting, kayaking, waka ama and other water-based activities,” and that wording should not

be interpreted or used to justify allocating public reserve land to a private membership-based sports club at this location.

Te Rau-karaka / Greers Road Foreshore is identified by Auckland Council as a public park and foreshore reserve in Weymouth.[2] Public reserve land should remain open, general-use community space, especially in an area where residents already experience infrastructure stress, lack of local amenities, and pressure from rapid development.

Position on Greers Road Waka Ama Facilities

Strong objection is raised to any proposal that would transfer practical control, exclusive use, or long-term occupation of reserve land at Greers Road to a waka ama club through storage buildings, dedicated club infrastructure, or any arrangement that reduces ordinary public use. The key issue is not opposition to waka ama as a sport; it is opposition to the conversion of scarce public reserve land into infrastructure that mainly serves a private subscription-based club rather than the wider Weymouth public.

Council reporting confirms that Te Pou Herenga Waka Ama Club has already received planning support funding of $70,000, and that the club's stated issue is secure storage for waka currently spread across a carpark and nearby vacant reserve land at the Weymouth boat ramp.[3] That earlier funding history makes it especially important for the local board to hear clearly that many Weymouth residents do not support public reserve land being further encumbered for a club-based facility at Greers Road.

The present concern is that a public asset would be effectively given away, or functionally reserved, for the benefit of a limited membership group. The concern is heightened where residents understand that only a small proportion of the club's users are Weymouth residents, while the reserve serves the whole local community every day. Even if legal ownership remains with council, the practical effect of dedicated buildings and sport-specific occupation would be the same: less flexible open reserve space for everyone else.

Core objections

- Public reserve land should remain for open public use, not be allocated in ways that advantage one subscription-based club over the broader community.

- Any facility that gives one organised sport priority access to public reserve land creates inequity for non-members, casual users, children, families, and residents who simply want open space.

- Greers Road reserve land is too valuable as public foreshore and neighbourhood amenity to be narrowed into a club-serving footprint.

- Previous public concern about reserve use in Weymouth should be given substantial weight because residents are directly affected by the loss of open space, parking pressure, traffic, and changes to neighbourhood character.

- If the club needs storage or operational infrastructure, alternatives should be assessed on non-reserve or less publicly sensitive land, including sites that do not reduce general public access to foreshore reserve space.

Infrastructure must come first

Weymouth residents have experienced sewage backing up into houses in Greers Road due to blockage in the sewer line associated with the reserve area. In that context, it is inappropriate to prioritise or enable new recreation infrastructure on reserve land before essential underground infrastructure resilience is addressed.

The draft plan should therefore prioritise advocacy for urgent wastewater and stormwater upgrades in Weymouth, including the Greers Road area, before any support is given to additional facilities that may increase site pressure or divert attention from basic service failures. Where families have already suffered sewage intrusion into homes, the first duty of local planning is to protect public health, amenity, and infrastructure reliability.

Development pressure and housing impacts

A moratorium is sought on further intensification and new housing approvals in Weymouth until core infrastructure capacity, traffic safety, drainage, wastewater performance, and community facilities catch up with existing demand. Residents should not be expected to absorb continuing growth while basic infrastructure fails and local public spaces face further pressure.

The board should use the draft plan to advocate strongly to Auckland Council and central government agencies for infrastructure-led development, not development-led infrastructure. Growth without adequate pipes, roads, footpaths, crossings, and reserve protection is producing cumulative harm for established communities.

Social support and local services

The draft plan should place greater emphasis on practical support for high-needs and diverse families placed in social and private housing, including households connected with Kāinga Ora developments and placements. That means more frontline family support, youth services, education-linked support, mental health access pathways, and community-based prevention initiatives.

The draft plan should also support proven local initiatives that deliver high-value educational outcomes at low cost. In particular, greater support is sought for organisations such as Code 4 Change NZ to provide free or low-cost STEM, 3D modelling, digital creativity, and related enrichment programmes for local children and rangatahi.

Education and opportunity

The plan should more clearly back local schools, educational enrichment, music education, training pathways, and economic opportunities for children and young people in Weymouth, Clendon, and surrounding neighbourhoods. Long-term community wellbeing depends on

raising aspiration, capability and access to structured learning opportunities, not only on physical asset development.

Local board advocacy should therefore prioritise:

- Support for schools and school-linked enrichment activities.

- More STEM, technology, creative, and music opportunities.

- Stronger youth pathways into training, employment, enterprise, and community leadership.

- Community partnerships that help children and rangatahi access positive after-school and holiday programmes.

- Support for organization such as Clendon Pride Project including supporting them to secure their current HQ through Kāinga Ora.

Safer streets and active transport

The draft plan should give stronger priority to safer residential streets, raised pedestrian crossings, lower vehicle speeds, and effective traffic calming so children can walk and cycle safely. This is particularly important in neighbourhoods where children have limited access to safe recreation and where road danger reduces active transport.

Cycle paths and pavements in Weymouth and surrounding areas should be proactively upgraded, not left until after serious incidents or further population growth. A child-friendly local board plan must treat safe walking and cycling infrastructure as essential, not optional.

Weymouth and Clendon amenity priorities

The following neighbourhood improvements should be included more clearly and more urgently in the final plan:

- Sunshade over the play equipment at Keith Park Playground so it is usable during high heat and wet months.

- New or improved playgrounds at Blackgate Reserve and Laurie Gibbons Reserve.

- Beautification and renewal initiatives for Clendon Mall to address its rundown condition and improve local pride and economic vitality.

- Increased security and surveillance around Clendon Mall in response to repeated incidents and community safety concerns.

- Advocacy for the return of a police presence or police station function opposite or near Clendon Mall.

These matters have immediate day-to-day impact on residents and should rank above discretionary support for club-specific reserve development.

Manurewa Pool and Leisure Centre

The final plan should also include a clear commitment to upgrade and renew the Manurewa Pool and Leisure Centre on Sykes Road, which is a significant public recreation asset serving local children, families, schools, and the wider community.[4][5] The facility is located within Mountfort Park and is an important council-operated pool and leisure site for the Manurewa area.[4][5]

Recent council information shows the centre has required periodic closures for maintenance and upgrades, including aquatics, gym, and group fitness areas, which indicates the importance of continued investment to keep the facility safe, modern, and fit for purpose.[6] Council has also invested in solar panels at the centre to reduce energy use, which shows the site is already recognised as a long-term strategic community asset worth improving.

Upgrading the Sykes Road pool should be treated as a higher public priority than club-specific reserve development because it is an inclusive public facility used by a much broader section of the community. Investment should cover renewals, accessibility improvements, changing facilities, family-friendly amenities, water quality systems, heating efficiency, and general modernisation so local residents have a high-quality, affordable aquatic facility.

Requested changes to the final plan

The final Manurewa Local Board Plan should be amended to:

1. Remove or qualify any wording that could be used to justify dedicating public reserve land at Greers Road / Te Rau-karaka Foreshore to waka ama storage or club infrastructure.

2. State clearly that public reserve land in Weymouth is to be protected for broad public access and general community use.

3. Prioritise advocacy for urgent sewage and wastewater upgrades in Greers Road and Weymouth.

4. Advocate for a moratorium on further housing growth in Weymouth until infrastructure and community amenities catch up.

5. Increase support for high-needs families and communities affected by concentrated social and private housing pressures.

6. Support local education, STEM, music, youth development, and training initiatives, including community-based programmes.

7. Prioritise safer streets, raised crossings, traffic calming, better footpaths, and cycleway improvements.

8. Prioritise practical neighbourhood upgrades including Keith Park shade, playground provision, Clendon Mall renewal, and stronger safety measures in Clendon.

9. Include upgrading and renewing the Manurewa Pool and Leisure Centre on Sykes Road as a public facility priority.

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support all

   Tell us why

   Good robust plan

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important

Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important

Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Equity and inclusion. Whilst upholding Te Tiriti o Waitangi

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Tena koutou,

My children have participated in a myriad of sports in Manurewa. From athletics, rugby, netball, squash, and waka ama. All of these sports except for waka ama have operated from a hub, a club room. A space that we as parents could gather in all weathers and events to support our children. While some rooms are run down - they are spaces with functional areas. The space that my children occupied in waka ama was not fit for purpose. Parents wait in their cars, the club room is in the middle of a carpark, and so we are mingling and lingering in area reserved for vehicles.

We keep our kids safe, but I'm certain that the bare minimum is safety.

I implore the local board to support this aspiration. I am very aware of the challenges that have been presented within the communities. But the benefits far outweigh the concerns. The benefit to future generations, the benefit to community, the benefit of utilising land.

Thank you for including the objective to support watersports in your plan.

I support the Paddling club rooms at the end of Weymouth

My name is Kaya Smith and i paddle for Te Pou Herenga waka

I'm a shy kid who lacks confidence when it come to sport, so i shy away from participating in sport

The only sport, i enjoy, and am willing to participate in is Waka ama

Waka ama helps me to be more confident in myself and my own abilities

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Do not support

Tell us why

Manurewa needs community facilities that are safe, accessible, well maintained and designed to meet the needs of local people. A permanent, fit-for-purpose clubhouse for Te Pou Herenga Waka would improve safety, organisation and accessibility for paddlers, whānau, schools, volunteers and visitors. It would provide a lasting facility that can serve our community for generations.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I strongly support the development of a permanent clubhouse for Te Pou Herenga Waka and ask that it be clearly included and prioritised in the Manurewa Local Board Plan.

This clubhouse would be much more than a building. It would create a safe, inclusive and welcoming community hub where tamariki, rangatahi, adults, kaumātua and whānau can paddle, learn, train, connect and belong.

Waka ama promotes healthy and active lifestyles and supports positive mental wellbeing, resilience, confidence, teamwork, discipline and leadership. A permanent clubhouse would also create opportunities for young people to become future coaches, officials, volunteers and community leaders.

The facility would strengthen whānau and community connections and provide a place where Māori culture, tikanga, te reo Māori and the traditions and values of waka ama can be shared and celebrated.

The clubhouse could also support education, school programmes, community meetings, cultural activities, events, coaching and volunteering. It would improve safety, accessibility and organisation for members and the wider community.

Te Pou Herenga Waka has worked towards this goal for many years and has demonstrated commitment, resilience and dedication to the people of South Auckland. Supporting this project would be a meaningful long-term investment in community wellbeing and the future of Manurewa.

Please support and help progress the Te Pou Herenga Waka clubhouse so it can provide lasting benefits for our tamariki, whānau and wider community for generations to come.

20 Submission Statements in Support of Te Pou Herenga Waka Clubhouse

1.

I fully support the construction of the Te Pou Herenga Waka clubhouse. This facility will provide a safe, inclusive and welcoming space where people of all ages can come together to participate in healthy, positive activities that strengthen our community.

2.

Waka Ama is much more than a sport—it builds confidence, discipline, leadership and respect. A permanent clubhouse will ensure these opportunities continue to grow for future generations.

3.

Our tamariki and rangatahi deserve access to facilities that encourage healthy lifestyles and provide positive alternatives that keep them active, connected and engaged within their community.

4.

A clubhouse is an investment in community wellbeing. It will support physical health, improve mental wellbeing, reduce social isolation and strengthen relationships between whānau and community members.

5.

Te Pou Herenga Waka has spent years working towards this goal. The club has demonstrated commitment, resilience and dedication, and deserves the opportunity to complete this important community project.

6.

The clubhouse will become a community hub that serves far more than paddlers. It will provide a venue for education, meetings, cultural events, youth development and community programmes.

7.

Supporting this clubhouse means supporting healthier communities. Every dollar and every effort invested today will provide benefits for generations to come.

8.

Waka Ama embraces people from every background, culture, age and ability. This clubhouse will continue to foster an inclusive environment where everyone belongs.

9.

The values of Waka Ama—teamwork, respect, manaakitanga and perseverance—are values our communities need now more than ever. A permanent home will help strengthen these values across our region.

10.

This project will strengthen Māori culture by providing a place where tikanga, te reo Māori and cultural practices can continue to be shared and celebrated through Waka Ama.

11.

The positive impact Te Pou Herenga Waka has had on families throughout South Auckland is evident. A clubhouse will allow the club to continue expanding its programmes and supporting even more people.

12.

Community sport plays a vital role in preventing poor health outcomes. Investing in facilities like this encourages active lifestyles and creates lifelong habits that benefit individuals and reduce pressure on health services.

13.

Volunteers have given countless hours to build this club into what it is today. Supporting this clubhouse recognises and honours the dedication of those who have worked tirelessly for the benefit of the community.

14.

Having a permanent clubhouse will improve safety, organisation and accessibility for members, visitors and schools that participate in Waka Ama activities.

15.

This project represents long-term planning and sustainable growth. The clubhouse will ensure Te Pou Herenga Waka can continue serving the community for many years into the future.

16.

Strong community organisations create stronger communities. Supporting Te Pou Herenga Waka means supporting an organisation that has consistently invested in people, whānau and positive community outcomes.

17.

Opposition should not outweigh the overwhelming benefits this clubhouse will provide. The positive social, cultural, recreational and health outcomes for our community far exceed any perceived disadvantages.

18.

The clubhouse will create opportunities for young people to become future coaches, officials, volunteers and leaders, helping develop skills that extend well beyond the sport itself.

19.

This is not simply a building—it is a place where friendships are formed, confidence is built, culture is celebrated and community spirit is strengthened. These are lasting benefits that deserve our support.

20.

I strongly support the approval of the Te Pou Herenga Waka clubhouse. This project represents hope, opportunity and investment in the future of our tamariki, our whānau and our wider community. I encourage decision-makers to consider the overwhelming positive impact this facility will have and approve the project to proceed.

Waka Ama embraces people from every background, culture, age and ability. This clubhouse will continue to foster an inclusive environment where everyone belongs.

9.

The values of Waka Ama—teamwork, respect, manaakitanga and perseverance—are values our communities need now more than ever. A permanent home will help strengthen these values across our region.

10.

This project will strengthen Māori culture by providing a place where tikanga, te reo Māori and cultural practices can continue to be shared and celebrated through Waka Ama.

11.

The positive impact Te Pou Herenga Waka has had on families throughout South Auckland is evident. A clubhouse will allow the club to continue expanding its programmes and supporting even more people.

12.

Community sport plays a vital role in preventing poor health outcomes. Investing in facilities like this encourages active lifestyles and creates lifelong habits that benefit individuals and reduce pressure on health services.

13.

Volunteers have given countless hours to build this club into what it is today. Supporting this clubhouse recognises and honours the dedication of those who have worked tirelessly for the benefit of the community.

14.

Having a permanent clubhouse will improve safety, organisation and accessibility for members, visitors and schools that participate in Waka Ama activities.

15.

This project represents long-term planning and sustainable growth. The clubhouse will ensure Te Pou Herenga Waka can continue serving the community for many years into the future.

16.

Strong community organisations create stronger communities. Supporting Te Pou Herenga Waka means supporting an organisation that has consistently invested in people, whānau and positive community outcomes.

17.

Opposition should not outweigh the overwhelming benefits this clubhouse will provide. The positive social, cultural, recreational and health outcomes for our community far exceed any perceived disadvantages.

18.

The clubhouse will create opportunities for young people to become future coaches, officials, volunteers and leaders, helping develop skills that extend well beyond the sport itself.

19.

This is not simply a building—it is a place where friendships are formed, confidence is built, culture is celebrated and community spirit is strengthened. These are lasting benefits that deserve our support.

20.

I strongly support the approval of the Te Pou Herenga Waka clubhouse. This project represents hope, opportunity and investment in the future of our tamariki, our whānau and our wider community. I encourage decision-makers to consider the overwhelming positive impact this facility will have and approve the project to proceed.

Submitter details:

Organisation: N/A

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support most

   Tell us why

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important

Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Fairly important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Fairly important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important
Young people have the skills and training needed for quality, future-proofed employment	Very important

Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

I think we need to accommodate all, not just Maori and Pacifica, we are all important and all of our histories need to be acknowledged and learned from - currently I perceive our English histories are being sacrificed in favour of Maori and Pacifica - we have all had a contribution to where we are today and this should be celebrated.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

We are losing our greenspace in the residential areas - the children have nowhere to play in the home environment outside so we can put up more intensified housing and when this is done in discretion - this causes community angst and now the children are regularly playing on the roadways and streets - this is a concern and accidents waiting to happen. Cancel the discretion approvals so communities can have their voice on where they live, and the planners have to be able to answer rather than hide behind paperwork.

The Public Transport service is beyond a joke. Taking train services down every school holidays is ridiculous - the down time should be staggered. The bus services regularly get cancelled without warning, The Homai Train Station is not easily accessible if you are mobility challenged or are pushing a pram or trolley or have toddlers on foot or are elderly, having to walk up a steep hill next to a busy road to access the ramp was not well thought out.

Manurewa train station ramps do not have overhead cover. AND WHY is there NO public transport to the Manurewa pools or the Manukau Memorial Gardens without a sizable trek, again not suitable for mobility challenged people, - I guess Council does not want public transport users utilising these facilities.

Thirdly taking away the council offices and forcing people to have to air their private affairs in a public library space - open for all and everybody to listen to is treating people like animals and shows a lack of care and concern from Council decision makers.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I think closing Clendon library facility for one year is madness and a crazy idea. As a parent of a child who uses this facility for the OSCAR program I feel the children's voices aren't being heard of acknowledged. Why can't they close one area at a time for repairs and keep everything else going? This will be very unsettling for the children they have enough changes in their lives already.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

The 12 month closure of the Te Matariki Clendon is going to have a negative impact on our tamariki. As a worker in the building for over 10 years, I have seen the huge number of children that come here. So closing for so long will affect the kid's mental health, and then they become bored and end up causing trouble.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Our community centre (TMC) is closing for soo long, is going to be very sad for the children who attend daily. Most children are unaware of the closure, and will be deeply affected by this as alot of kids come here as a "safe place" outside of their home environment.

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support all

   Tell us why

   Nurture the community to nurture the future, tamariki 1st

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important

Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important

Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Our future needs a strong platform that starts with you!

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

During the refurbishment of: Te Matariki Te Pataka Korēro o Waimahia - What safeguards do you have to prevent out kids from falling through the cracks?

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

As a Samoan it caters for a lot of our young people with our weekly, physical activities

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Te Matariki Clendon closure - will have a negative impact on our youth group - Wiri Ministry

Coming from a regular user - we provide youth services to 50+ young people every week. The inconvenience of closing the centre for 12 months will have a massive impact as our youth now will seek other activities to fill their time. Providing extra support and insuring the closure will not go further than 12 months

Do you think the Local Board should support these activities?

Support

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Year long closure of TMC will disrupt community do not have means to travel.

Close parts of the centre so it can be partially utilised. No doubt 1 year will get pushed out to longer. (this is always the case)

I don’t know

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Closing the Te Matariki Clendon Community Centre for soo long is terrible for our community. People like me go to the centre as a safe place vecause I have troubles at home and don't want to be there with the arguments and toxicity with my own family. So removing the centre for so long will be terrible not only for my mental health but many other brown, Māori young boys

Do you think the Local Board should support these activities?

Support

Tell us why

The more activities the more broad would be human network- connection would be halthy and strengthening of ethnic would be more amicable

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

There should be people who practice fairness amongst all races. People who are not there in the board not contributing ideas. In fact these people should be in the board more from Manurewa

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support most

   Tell us why

   I wonder how much community consultation regarding the closure of the Clendon Community Centre and Library was done

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Fairly important

Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Fairly important**
We are a low-carbon, zero waste community	Fairly important
Our communities are engaged in reducing the effects of climate change	Fairly important
Our communities have access to fresh, affordable kai and are supported to grow local food	Fairly important
The water quality and mauri (life force) of our harbours and waterways is improving	Fairly important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Less important

Young people have the skills and training needed for quality, future-proofed employment	Fairly important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Prioritising initiatives which reflect the cultural diversity of our community and supports strength based activities will be beautiful for our Pasifika

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

It will be important to support the Clendon Community during the closure in the months ahead. young people and vulnerable whanau who have no or little access to recreation and information are at risk of getting into trouble and increased anti-social even criminal behaviours. It we harness the leadership in Clendon/ Weymouth to create spaces for local organisations to host activities and events that would create symbiotic relationships and improve community well-being

Local Board: Manurewa

Your feedback:

1. Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?

I don't know

Tell us why

I support most of the proposed 3-year plan because it focuses on improving community wellbeing, public spaces, safety, and opportunities for local residents. I appreciate the commitment to investing in parks, community facilities, and initiatives that bring people together. I encourage the local board to continue prioritising road safety, youth development, environmental sustainability, and maintaining clean, accessible public spaces. It is also important that funding is spent transparently and that the board regularly engages with the community to ensure local priorities continue to be met.

2. How important are the following goals to you, in our community focus area?

Family, whānau health and social wellbeing is supported and strengthened	**Very important**

Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Fairly important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

This will help the whole community to grow. This will take care of the wellbeing of whanaū. Along with that this plan will make Manurewa a better place to live and will unlock more opportunities to grow for Rangatahi.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Have Your Say on the Draft Manurewa Local Board Plan 2026

Organisation: N/A

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support most

   Tell us why

   I like how investigating safety options for walking and cycling is a priority because they are more sustainable modes of transport and should be utalised more to combat clinate vhange and global warming.

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important

Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important

Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Celebrating cultural diversity is important because it brings our community together and allows people to learn more about eachother and their cultures, breaking down negative stereotypes that keep us divided.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

The vast growth of the pacific population in Manurewa is increasing monthly, with many moving in and out of the Manurewa suburb. Celebrating and recognising cultural identity should be top priority when it comes to local decision-making and creating a plan that targets developing community health. Especially with the richness of culture being Manurewa's strong suit, mostly seen in our rangatahi. I believe we should be supporting this view, when it comes to deciding the overall changes and hope they are considered.

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support most

   Tell us why

   Overall, I support most of the proposed Manurewa Local Board Plan. I particularly support its focus on strengthening community wellbeing, ensuring young people have a voice and opportunities to contribute, protecting our natural environment, supporting local businesses and employment, and improving safe, accessible transport. These priorities reflect the needs of our growing community and will help make Manurewa a more connected, resilient, and inclusive place to live.

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

I support these activities because Manurewa is one of the most culturally diverse communities in Aotearoa, and that diversity is one of our greatest strengths. Supporting events and programmes that celebrate different cultures and strengthen Māori, Pacific, and other ethnic communities helps create a stronger sense of belonging, encourages people to connect with one another, and reduces social isolation. It also provides opportunities for people to share their traditions, learn from each other, and build mutual respect. Investing in these initiatives, particularly for young people, helps create a more inclusive, welcoming, and connected community where everyone feels valued and has the opportunity to participate.

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support all

   Tell us why

   The plan addresses the key issues facing Manurewa, including community safety, youth,transport, parks, and the environment, while promoting a more connected and inclusive community.

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important

Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important

Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

I think these activities are important because they help people feel included, build stronger connections, and celebrate the different cultures that make Manurewa a great place to live

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Your feedback:

1. Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?

Support most

Tell us why

I agree with most of the points listed in the local board 3-year plan. Some of these points being the focus on safety around Manurewa and the efforts to ensure Manurewa feels welcoming. I believe safety (especially roaming dogs) is one of the most important aspects that should be looked upon. Manurewa often falls under the impression of being unsafe or dangerous so more action towards this would be helpful.

I wonder if there could be more support on youth in education before high school. I feel that more could be done to encourage and support youth to stay and thrive in education as it helps for future growth for them and the community.

2. How important are the following goals to you, in our community focus area?

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important

Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Less important
Our open spaces and sports-fields meet the needs of our diverse communities	Fairly important
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Fairly important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Fairly important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Fairly important**

Manurewa residents benefit from developments in Manukau	Less important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important
Young people have the skills and training needed for quality, future-proofed employment	Fairly important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Fairly important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Fairly important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Other

Tell us why

Somewhat support - I sometimes feel, living in Manurewa, distant or disconnected from others in our community. These activites would strengthen the bonds and connections between whaanau in society. However, I do think this is the main priority for the local board. There are much more pressing issues such as safety that should have more attention towards.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support most

   Tell us why

   I'm happy with the budget for everyday services as this really benefits youth engagement and creates spaces for young people that they do not have. Improving public transport will be helpful for many school students as it is difficult currently with so many cancellations and late buses. Overall it's a decent plan, wish there to be a little more climate action rather than adapting to climate change but I know that's harder to do than say

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Manurewa is hub of so many different ethnicities and cultures and it is important everyone is able to understand and celebrate each other to reduce judgement and discrimination. It will be important for the youth to first learn about different cultures from a young age and second having activities for the community encourages youth engagement and provides the space for people to get out which has been reduced with the increase in technology.

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support most

   Tell us why

   I support most of the proposed Manurewa Local Board Plan because it focuses on priorities that matter to local residents, including improving community facilities, supporting young people, enhancing public spaces, and creating opportunities for community wellbeing. The plan presents a clear direction for the area and addresses several important needs. While some areas may benefit from further development and consultation, I believe the overall approach will have a positive impact on Manurewa and help strengthen the community over the next three years.

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

I support these activities because they help bring people together and create a stronger sense of belonging within the community. Supporting cultural events and community programmes gives people from different backgrounds opportunities to connect, learn from one another, and celebrate the diversity that makes Manurewa unique. I also believe investing in ethnic and Pacific communities helps promote inclusion, strengthens community relationships, and ensures more residents feel valued and represented.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I think more action on keeping the street drains clean would make a big difference when it comes to wet weather events.

Local Board: Manurewa

Your feedback:

1. Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?

Support all

Tell us why

I really like the core pillars and focus on community, the natural environment, built environment, economic development, and transport because I think that covers the most pressing issues in Manurewa and if you address those, all the other correlative issues are addressed as well. I really like renewing the community facilities like the library as I think that's definitely something that is neglected and vital for the youth of Rewa especially since they mostly just spend too much time online and not reading.

2. How important are the following goals to you, in our community focus area?

Your feedback:

1. Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?

Support most

Tell us why

I support most of the proposed Manurewa Local Board 3-year Plan because it recognizes many of the issues that matter to our community, including safer public spaces, community wellbeing, and opportunities for young people. I especially appreciate the focus on improving local facilities and creating stronger, more connected neighborhoods. However, I believe the plan could place a greater emphasis on creating pathways into employment, apprenticeships, and local work experience, as job security will be one of the biggest challenges facing young people over the next three years. Investing in both safe communities and meaningful employment opportunities will help young people not only feel proud of Manurewa but also build their futures here.

   I think the plan's direction speaks to the needs of Manurewa and its community.

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important
Our open spaces and sports-fields meet the needs of our diverse communities	Very important

Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Fairly important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Fairly important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**
Support local businesses and entrepreneurs to innovate and succeed	Very important

Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Manurewa holds one of the most diverse communities in Auckland, with a large number being of ethnic & pacific descent. It makes sense that we uphold the cultural identity of our communities whilst maintaining the strong relationship between mana whenua. What might that look like? Introductory sessions of mana whenua relations for ESOL courses / hosting more open days at the Marae or different kaupapa / more mana whenua relationship building alongside refugees or VISA holders.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Your feedback:

1. Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?

I don't know

Tell us why

The reason I have put 'I don't Know' as my opted answer is due to the fact that I wasn't aware that the Manurewa Local board had a 3 year plan going while filling out this form. Therefore, my reasoning will be justified by mine on reasons that of which don't concern you. Goodday laddys

2. How important are the following goals to you, in our community focus area?

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Supporting these activities is a vital investment in Manurewa's future because bringing diverse communities together builds a stronger, safer, and more connected neighborhood. By celebrating culture and empowering local groups, the Local Board can boost youth well-being, energize the local economy, and ensure that every resident feels a deep sense of pride and belonging. Ultimately, backing these initiatives turns Manurewa's rich diversity into its greatest asset for years to come.

Support local businesses and entrepreneurs to innovate and succeed	Fairly important
Young people have the skills and training needed for quality, future-proofed employment	Fairly important

Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Fairly important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Fairly important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Fairly important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

I don't know

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Have Your Say on the Draft Manurewa Local Board Plan 2026

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support all

   Tell us why

   I support the plan because it focuses on the key issues that matter most to the Manurewa community. It promotes community wellbeing, improves safety, protects the environment, celebrates local culture, and creates more opportunities for young people to succeed and contribute to their community.

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Very important
Young people are engaged, have a voice and contribute positively to local life	Very important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Very important

Our open spaces and sports-fields meet the needs of our diverse communities	Very important
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Very important
Climate change and sustainability initiatives build community resilience	Very important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Very important
Our communities are engaged in reducing the effects of climate change	Very important
Our communities have access to fresh, affordable kai and are supported to grow local food	Very important
The water quality and mauri (life force) of our harbours and waterways is improving	Very important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Very important**
Manurewa residents benefit from developments in Manukau	Very important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Very important**

Support local businesses and entrepreneurs to innovate and succeed	Very important
Young people have the skills and training needed for quality, future-proofed employment	Very important
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

I support these activities because they bring people together, celebrate cultural diversity, and help everyone feel included. They strengthen the community and make Manurewa a more welcoming place for people from all backgrounds.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I have no other specific feedback. I hope the plan continues to create positive outcomes for the whole community.

Organisation: N/A

Local Board: Manurewa

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support all

   Tell us why

   I would consider this plan as "support all" as a lot of the initiatives genuinely reflect what people in Manurewa, especially youth need. I support the focus on improving parks, sports facilities and creating more opportunities available for youth as these are things we actually use and benefit from on the daily basis. The emphasis on Pasifika communities, cultural events, and initiatives like a Pasifika hub also feels meaningful and relevant for identity amongst our area's youth and even the collective community. Programmes that aim to improve safety and wellbeing including reducing harm from drugs and alcohol are also necessary and significant aspects our community shall tackle more efficiently with our rangatahi falling into these pits.

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important
Partnerships and engagement with mana whenua guide local decision-making	Fairly important
Young people are engaged, have a voice and contribute positively to local life	Very important

Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Fairly important
Our open spaces and sports-fields meet the needs of our diverse communities	Fairly important
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Fairly important
Climate change and sustainability initiatives build community resilience	Fairly important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Very important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Very important**
We are a low-carbon, zero waste community	Fairly important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Being of the Pasifika community, and understanding the large population of this group - I believe it is a significant act to support these activities and goals. We are represented very well in the community, however we still are not aware of the vast opportunities the community has for us due to the lack of presentation and visible availability. So I think implementing these activities are vital for the betterment of the community and its engagement and function for the future.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

"Have you looked at all aspects of dog boxes going up at an alarming rate?

Aged and infirm would find 2x storied homes difficult, quality materials not used and earlier models looking shabby already. No yards for little one to play, no real clothes lines for a family wash, no easy access in emergency for fire engines, ambulances ... No parking for guests"

Feedback on community:

"Never forget the little teeny booze dives where I have heard ANYONE CAN GET GROG

FROM everywhere granted a license from our liquor licensing board."

"But otherwise except for many roaming and unleashed dogs, cracked pavements, uncontrolled noise till early hours, lack of Police on beat I am fine."

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	
Our people and communities are connected, feel safe and help shape Manurewa	

Partnerships and engagement with mana whenua guide local decision-making	
Young people are engaged, have a voice and contribute positively to local life	
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	
Our open spaces and sports-fields meet the needs of our diverse communities	
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	
Climate change and sustainability initiatives build community resilience	
Mana whenua cultural heritage, identity and names are reflected in Manurewa	
Creative talent is supported, visible and celebrated	

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	
We are a low-carbon, zero waste community	
Our communities are engaged in reducing the effects of climate change	
Our communities have access to fresh, affordable kai and are supported to grow local food	
The water quality and mauri (life force) of our harbours and waterways is improving	

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	
Manurewa residents benefit from developments in Manukau	

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	
Support local businesses and entrepreneurs to innovate and succeed	
Young people have the skills and training needed for quality, future-proofed employment	
Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	
Give people more safe and accessible travel options for work, school and daily lives	
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

The most important thing to me is to have a clear thinking group of men and women with honour, intergrity, who recognize the importance of working for the ratepayers who fund their salaries, who voted them into a position of trust.

We need the right to not only rebuke foul mouthed, bullies and those completely without honour and intergrity who pull down the decent, honest, hardworking Council members , who work hard to keep election promises.

I personally know there are decent, honourable, men and women of the people who kept their word to supporters.

Also know there are craven cowards and who value their position more than all else.

Got in under false pretences, not working for ratepayers but their own priorities.

Brown the uncouth has got to go.

What group of ratepayers can afford what seems a completely inept CEO at the salary people who not only struggle to pay ever skyrocketing rates but are finding it difficult to keep roof over headand food on the table cannot afford. HE IS A PARASITE.

Have you looked at all aspects of dog boxes going up at an alarming rate?

Aged and infirm would find 2x storied homes difficult, quality materials not used and earlier models looking shabby already. No yards for little one to play, no real clothes lines for a family wash, no easy access in emergency for fire engines, ambulances.

Delivery trucks a real problem.

Get one party group and whole residential unit uninvited guests.

No parking for guests..

Thats not town planning thats a future slums.

Just imagine if one of those shabby places caught fire how fast others would follow

Bike lanes in back streets of Mangere ill thought out.Most of those folk never ride a bike , those bike lanes barely used, then you get roads with so many unwanted speed humps that you scratch your head wondering why.

Never forget the little teeny booze dives where I have heard ANYONE CAN GET GROG

FROM everywhere granted a license from our liquor licensing board.

But otherwise except for many roaming and unleashed dogs, cracked pavements, uncontrolled noise till early hours, lack of Police on beat I am fine

I certainly did not vote for uncouth old fool Brown .

Having endevoured to get the vote against rate capping I was completely ignored except by one admirable young gentleman I had voted for in election his answer to my plea to stand with those who voted him in , who pay his salary was OKAY.

I KNOW THIS HONEST, HONOURABLE MAN OF HIS WORD CARRIED THROUGH.

He shall remain unnamed as I have little trust in some of his fellow councillors.

Old Alf who always talks of his people not only turned traitor to those folk but all people of every ethnic group in Mangere.

That old fool enjoys all mixed ethnicity NZ gives him and plays racial card.

I am just one thing a Kiwi.

One people Equality for all.

Alas priorities SELF.

I am utterly furious with crooked, self serving Po,iticians and Councillors.

We need men and women in both organizations working for the people they serve not to line their pockets.

A question I must ask as I cannot believe it can be correct?????

DOES INEPT , WELL FED CEO REALLY GET PAID IN EXCESS OF $600,000 PER ANNUM ?

ITS GOT TO BE A MISPRINT?

IF IT'S TRUE IT'S SCARY.

PLEASE , PLEASE TELL ME ITS NOT TRUE.

IF IT BY SLIGHT CHANCE TRUE TELL ME HOW, WHY??

Do you think the Local Board should support these activities?

Support

Tell us why

As long as the vast cultural and education activities are good and as long as safety to the community are adhered to.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Overall Support - I broadly support the direction of the draft plan particularly the focus on creating safe communities and protecting our local government. I want to see increased investment in lighting and security around local town Centre and make residents feel safe. Transport and parks- the boards must prioritise upgrading footpaths, cycleways to make commuting to local schools and train stations easier and safer. I support the protection of our urban forest and want to see more community led projects.

Partnerships and engagement with mana whenua guide local decision-making	Fairly important
Young people are engaged, have a voice and contribute positively to local life	Fairly important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Fairly important
Our open spaces and sports-fields meet the needs of our diverse communities	Fairly important
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Fairly important

Climate change and sustainability initiatives build community resilience	Fairly important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Fairly important
Creative talent is supported, visible and celebrated	Very important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Fairly important**
We are a low-carbon, zero waste community	Fairly important
Our communities are engaged in reducing the effects of climate change	Fairly important
Our communities have access to fresh, affordable kai and are supported to grow local food	Fairly important
The water quality and mauri (life force) of our harbours and waterways is improving	Fairly important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Fairly important**
Manurewa residents benefit from developments in Manukau	Less important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Fairly important**
Support local businesses and entrepreneurs to innovate and succeed	Less important
Young people have the skills and training needed for quality, future-proofed employment	Fairly important

Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Fairly important**
Give people more safe and accessible travel options for work, school and daily lives	Fairly important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Fairly important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

The closure of TMC community centre is too long. Where are the kids going to go? Our streets will be filled with bored kids, what's the alternative?

Have Your Say on the Draft Manurewa Local Board Plan 2026

Do not support

Tell us why

No

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Closure of Te Matariki Clendon Community Centre

For working families there will be no support for holiday programmes, more bored kids, families struggling

Holiday programmes are good structure for kids, keeps them out of trouble.

Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

We want a safer community. We don't want to move away from where we are familiar

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Very disappointed about the moving away of us from the Clendon library. 1st - Where are we going for our usual family issue - Photocopying, children to study and wait for parents to finish normal day and for our support. We are old people, hard to move form where we are. Petrol is going up, very poor communications, cold weather and what about the staff, they are the bread and butter.

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Do not support most

   Tell us why

2. **How important are the following goals to you, in our community focus area?**

Family, whānau health and social wellbeing is supported and strengthened	**Fairly important**
Our people and communities are connected, feel safe and help shape Manurewa	Fairly important
Partnerships and engagement with mana whenua guide local decision-making	Fairly important
Young people are engaged, have a voice and contribute positively to local life	Fairly important
Our facilities and parks support inclusive, accessible and multi-generational play and recreation outcomes to support people's overall wellbeing	Fairly important
Our open spaces and sports-fields meet the needs of our diverse communities	Fairly important
Our facilities and public spaces are welcoming and inclusive, support wellbeing and sustainability and are well maintained	Fairly important

Climate change and sustainability initiatives build community resilience	Fairly important
Mana whenua cultural heritage, identity and names are reflected in Manurewa	Fairly important
Creative talent is supported, visible and celebrated	Fairly important

3. How important are the following goals to you, in our Natural Environment focus area?

We protect and restore our natural areas, so they support biodiversity and healthy ecosystems	**Fairly important**
We are a low-carbon, zero waste community	Less important
Our communities are engaged in reducing the effects of climate change	Fairly important
Our communities have access to fresh, affordable kai and are supported to grow local food	Less important
The water quality and mauri (life force) of our harbours and waterways is improving	Fairly important

4. How important are the following goals to you, in our Built Environment focus area?

The Great South Road corridor and our town centres are thriving and a great place to live, work and spend time	**Fairly important**
Manurewa residents benefit from developments in Manukau	Less important

5. How important are the following goals to you, in our Economic Development focus area?

Grow a strong and resilient economy	**Fairly important**
Support local businesses and entrepreneurs to innovate and succeed	Less important
Young people have the skills and training needed for quality, future-proofed employment	Fairly important

Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Less important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Fairly important**
Give people more safe and accessible travel options for work, school and daily lives	Fairly important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Fairly important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Do not support

Tell us why

No opinion

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I think the TMC closure is terrible. We will not have a safe space for our children. The free food every Thursday feeds my family and saves me money that I have minimal

Do you think the Local Board should support these activities?

Support

Tell us why

Opportunities to connect with and appreciate the different cultures that make up our rohe are important for a socially cohesive community.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I'd like to see enhanced support for the Moth Pod Competition to equal the prize pools offered by Maangere-Ootaahuhu and Ootara-Papatoetoe Local Boards, particularly given the hugely improved success of the competition in the Manurewa areas this last year.

Under the objective of 'The water quality and mauri of our harbours and waterways is improving' I would like to recommend including 'community organisations' in the list of those worked in partnership with. Eg.:

'Work in partnership with mana whenua, neighbouring local boards, community organisations and the Manukau Harbour Forum to support the regeneration and restoration of Manurewa’s

major waterways, including Papakura stream and Pahurehure Inlet to improve ecological health and the quality of the water flowing to the Manukau Harbour.

Support

Tell us why

Give effect to Tàmaki Ora - Maori Outcomes Framework. Include Te Pou Herenga Waka Ama Club as giving effect to implementation of the strategy. Win-win for Manurewa!

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

As a member of the local community - my sister and her young family were amongst the young families who settled in Weymouth when it was a new subdivision. So, I have connection there through my nephews who went to the local schools, played and coached at the local rugby and softball clubs. As a member of the waka ama community, I strongly support the activation of water-based activities and facilities in the Waimaahia inlet. In particular, the establishment of a fit for purpose facility for the local waka ama club, Te Pou Herenga Waka Ama Club. The development of the Waka Ama community facility meets more than one core priority of the local board and Tàmaki Ora the Maori Oucomes framework. The Manurewa Local Board could easily give effect to these outcomes by supporting the establishment of Te Pou Herenga Waka Ama clubroom. It is a tangible project that serves to benefit all of the

community especially rangatahi given the relationship to the college as a feeder to sustaining the growth and longevity of the sport and club. Council must invest in this project to give practical effect to its Te Tiriti obligations and Maori Outcomes Strategy, Tàmaki Ora.

Young people have the skills and training needed for quality, future-proofed employment	Very important

Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Very important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Very important**
Give people more safe and accessible travel options for work, school and daily lives	Very important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Very important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I write in strong support of the proposed Te Pou Herenga Waka clubrooms and respectfully encourage decision-makers to approve this important community facility.

Te Pou Herenga Waka has become much more than a waka ama club. It is a place where qe as a whānau gather, tamariki learn, rangatahi develop confidence and leadership, and kaumātua remain active and connected. The club has created an environment where people from all backgrounds are welcomed and supported through the values of manaakitanga, whanaungatanga, kotahitanga and collective responsibility.

For many years the club has operated with limited facilities while continuing to grow its membership and expand opportunities for participation. This growth reflects both the dedication of its volunteers and the increasing demand for safe, accessible spaces where communities can connect through physical activity, culture and the moana. A permanent clubhouse is a natural and necessary next step in the club's development.

The proposed clubrooms will provide far more than storage or administration space. They will create a community hub for us, capable of supporting coaching, education, volunteer development, school programmes, whānau events, cultural activities and community gatherings. The facility will strengthen the club's ability to deliver programmes that improve physical health, mental wellbeing and social connectedness for people of all ages.

Investment in Te Pou Herenga Waka is also an investment in Māori wellbeing. Waka ama is grounded in tikanga Māori and provides opportunities for te reo Māori, mātauranga Māori and cultural practices to be experienced in a living, practical way. The proposed clubrooms will provide a place where these traditions can continue to flourish while remaining open and welcoming to everyone in the community.

The benefits extend well beyond the club itself. Increased participation in recreation contributes to healthier lifestyles, reduces social isolation and creates positive pathways for tamariki and rangatahi. Young people gain confidence, teamwork, resilience and leadership skills, while adults and kaumātua benefit from opportunities to remain active, connected and engaged. These outcomes strengthen whānau and contribute to healthier, safer and more resilient communities.

The commitment shown by Te Pou Herenga Waka's volunteers deserves recognition. Over many years they have invested countless hours into building a thriving organisation despite limited resources. Their dedication demonstrates responsible stewardship and a long-term commitment to serving the wider community. Providing permanent clubrooms acknowledges this contribution and equips the club to continue growing sustainably.

This proposal aligns strongly with the aspirations of local communities to increase participation in recreation, improve health and wellbeing, strengthen community connections, and support meaningful Māori outcomes. It represents an investment that will continue delivering social, cultural and recreational benefits for decades to come.

For these reasons, I respectfully urge decision-makers to approve the proposed Te Pou Herenga Waka clubrooms. This is not simply an investment in a building, it is an investment in our people, whānau, culture and community. The lasting benefits of this project will be experienced by current members, future generations and the wider community for many years to come.

Young people have the skills and training needed for quality, future-proofed employment	Fairly important

Māori and Pasifika lead, take part in, and benefit from an inclusive, and thriving South Auckland economy	Fairly important

6. How important are the following priorities to you, in our Transport focus area?

Our streets and paths are safe and well maintained	**Less important**
Give people more safe and accessible travel options for work, school and daily lives	Less important
Improve the Great South Road corridor to provide better connections and support a well-connected transport hub	Less important

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

I don't know

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

As a member of the Manurewa community, I would like to express my strong support for the development of a permanent clubhouse for Te Pou Herenga Waka Ama Club. I believe this project represents an important investment in our people, our environment, and the future of our community.

Over the years, I have seen the positive impact Te Pou Herenga Waka Ama Club has had on people from all walks of life. The club provides much more than opportunities to participate in sport. It creates a welcoming environment where children, young people, adults and kaumātua can connect, learn from one another, and develop a genuine sense of belonging. It is a place where culture, fitness, leadership and community come together.

One of the things I admire most about the club is its inclusiveness. Whether someone is paddling for the first time, training for competition, or simply looking to improve their health and wellbeing, everyone is welcomed and encouraged. This kind of community-focused approach is something that deserves recognition and support.

Despite the club's success, it continues to operate without a permanent home. A dedicated clubhouse would provide the facilities needed to support its growing membership while creating a safe and functional space for meetings, training, education, equipment storage and community events. More importantly, it would give the club a stable foundation from which it can continue serving the people of Manurewa.

I believe this investment would have benefits that extend well beyond the club itself.

7. Given the changing demographics in Manurewa, the Local Board is thinking about supporting activities that help people connect and take part in our community, celebrate culture and strengthen ethnic and Pacific communities.

Do you think the Local Board should support these activities?

Support

Tell us why

Yes. Supporting activities that help people connect and participate in the community can strengthen social ties, reduce isolation, and create a greater sense of belonging. As Manurewa becomes more diverse, celebrating different cultures and supporting ethnic and Pacific communities can encourage understanding, inclusion, and respect between residents. These activities should be accessible to everyone and developed in partnership with local communities to ensure they meet their needs and provide lasting benefits.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I fully support the construction of the Te Pou Herenga Waka clubhouse. This facility will provide a safe, inclusive and welcoming space where people of all ages can come together to participate in healthy, positive activities that strengthen our community.

2.

Waka Ama is much more than a sport—it builds confidence, discipline, leadership and respect. A permanent clubhouse will ensure these opportunities continue to grow for future generations.

3.

Our tamariki and rangatahi deserve access to facilities that encourage healthy lifestyles and provide positive alternatives that keep them active, connected and engaged within their community.

4.

A clubhouse is an investment in community wellbeing. It will support physical health, improve mental wellbeing, reduce social isolation and strengthen relationships between whānau and community members.

5.

Te Pou Herenga Waka has spent years working towards this goal. The club has demonstrated commitment, resilience and dedication, and deserves the opportunity to complete this important community project.

6.

The clubhouse will become a community hub that serves far more than paddlers. It will provide a venue for education, meetings, cultural events, youth development and community programmes.

7.

Supporting this clubhouse means supporting healthier communities. Every dollar and every effort invested today will provide benefits for generations to come.

8.

Waka Ama embraces people from every background, culture, age and ability. This clubhouse will continue to foster an inclusive environment where everyone belongs.

9.

The values of Waka Ama—teamwork, respect, manaakitanga and perseverance—are values our communities need now more than ever. A permanent home will help strengthen these values across our region.

10.

This project will strengthen Māori culture by providing a place where tikanga, te reo Māori and cultural practices can continue to be

Your feedback:

1. **Overall, what is your opinion of the proposed Manurewa Local Board 3-year Plan?**

   Support all

   Tell us why

   Thank you for the opportunity to provide feedback on the proposed Te Pou Herenga Waka Clubhouse. I strongly support this development and believe it will have a lasting positive impact on our community. Te Pou Herenga Waka has created a place of belonging, connection and opportunity for so many whānau, and a permanent clubhouse is the natural next step in strengthening that legacy. I ask that my comments below be considered as part of my submission in support of this project.

   1. I fully support the Te Pou Herenga Waka clubhouse being built. It will create a safe and welcoming place where people of all ages can come together, build connections, stay active and strengthen our community.

   2. Waka Ama is about so much more than paddling. It teaches teamwork, resilience, discipline and leadership. Having a permanent home will help those opportunities continue for generations to come.

   3. Our tamariki and rangatahi deserve spaces where they can thrive. This clubhouse will give them a positive place to stay active, build confidence and feel connected to their community.

   4. This clubhouse is an investment in people. It will support physical and mental wellbeing, reduce isolation and create stronger relationships between whānau and the wider community.

5. Te Pou Herenga Waka has worked incredibly hard to get to this point. The dedication shown by its volunteers, members and leaders deserves to be recognised by supporting this project.

6. This won't just be a clubhouse for paddlers. It will become a place where people can gather for education, community programmes, cultural events, meetings and activities that benefit everyone.

7. Backing this project is backing a healthier future for our community. The benefits of this investment will be felt for many years to come.

8. One of the things I value most about Waka Ama is that everyone is welcome. People of all ages, cultures, backgrounds and abilities can participate, and this clubhouse will continue to strengthen that sense of belonging.

9. The values that Waka Ama promotes—respect, manaakitanga, teamwork and perseverance—are values that help build stronger communities. A permanent home will allow those values to continue flourishing.

10. This clubhouse will also strengthen Māori culture by providing a space where tikanga, te reo Māori and our cultural traditions can continue to be shared naturally through Waka Ama.

11. Te Pou Herenga Waka has already made a real difference in the lives of many whānau across South Auckland. A permanent facility will allow that impact to continue growing.

12. Supporting community sport is one of the best investments we can make. It encourages healthy lifestyles, improves wellbeing and creates positive habits that benefit people throughout their lives.

13. So many volunteers have poured their time, energy and heart into building this club. Supporting this project is a way of honouring everything they have contributed to our community.

14. A permanent clubhouse will improve safety, accessibility and organisation for everyone who uses the club, including schools, families and community groups.

15. This project is about planning for the future. It will provide Te Pou Herenga Waka with a sustainable base to continue serving our community for many years ahead.

16. When we support organisations like Te Pou Herenga Waka, we're investing in stronger families and stronger communities. Their commitment to people speaks for itself.

17. The positive outcomes this clubhouse will bring far outweigh any concerns. The social, cultural, health and community benefits will have a lasting impact on generations to come.

18. This clubhouse will create even more opportunities for our rangatahi to step into leadership, coaching and volunteering roles, helping them build skills they can carry throughout life.

19. This is about much more than constructing a building. It's about creating a place where friendships grow, confidence is built, culture is celebrated and communities become stronger together.

20. I wholeheartedly support the Te Pou Herenga Waka clubhouse. It represents an investment in our tamariki, our whānau and our future. I encourage those making this decision to support the project so our community can continue to grow and thrive.

Thank you for taking the time to consider my submission. I encourage the decision-makers to look beyond the immediate proposal and recognise the long-term social, cultural, health and community benefits this clubhouse will provide.

2. How important are the following goals to you, in our community focus area?

Family, whānau health and social wellbeing is supported and strengthened	**Very important**
Our people and communities are connected, feel safe and help shape Manurewa	Very important

Do you think the Local Board should support these activities?

Support

Tell us why

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

Finally, I would like to thank the Manurewa Local Board for the time, care and commitment that has gone into developing this strategic plan. I appreciate the opportunity for our community to have a voice in shaping the future of Manurewa.

As our community continues to grow and evolve, I encourage the Board to consider embedding the principles of Te Tiriti o Waitangi more intentionally throughout the strategy, rather than treating them as a standalone consideration. A stronger Te Tiriti partnership provides a foundation for equitable decision-making, meaningful engagement with mana whenua and Māori, and better outcomes for all who call Manurewa home.

I would also like to see continued investment in high-quality parks and public spaces, particularly within our lower socioeconomic communities such as Clendon. Every child and whānau, regardless of where they live, deserves access to safe, vibrant and inspiring places to play, connect and belong. There are some excellent examples across Auckland, including within the Māngere Local Board area, where investment in innovative and welcoming play spaces has made a visible difference to community wellbeing. I would love to see Manurewa aspire to the same standard so that our tamariki and whānau can enjoy equally exceptional community spaces close to home.

Thank you again for your leadership and service to our community. I look forward to seeing this strategy continue to evolve in a way that reflects the aspirations, diversity and potential of the people of Manurewa. Together, we have an opportunity to create a community where everyone feels valued, connected and able to thrive.

8. Do you have any other feedback on the draft Manurewa Local Board 3-year plan?

I'd like to see enhanced support for the Moth Pod Competitions from Papakura and Manurewa Local Boards to equal the prize pools offered by Maangere-Ootaahuhu and Ootara-Papatoetoe Local Boards, particularly given the hugely improved participation and success of the competition in the area this last year. There is a visible decrease in instances of moth pods, and the competition jump starts education and identification of pest plants in the area.

20 Submission Statements in Support of Te Pou Herenga Waka Clubhouse

I fully support the construction of the Te Pou Herenga Waka clubhouse. This facility will provide a safe, inclusive and welcoming space where people of all ages can come together to participate in healthy, positive activities that strengthen our community.

Waka Ama is much more than a sport—it builds confidence, discipline, leadership and respect. A permanent clubhouse will ensure these opportunities continue to grow for future generations.

Our tamariki and rangatahi deserve access to facilities that encourage healthy lifestyles and provide positive alternatives that keep them active, connected and engaged within their community.

A clubhouse is an investment in community wellbeing. It will support physical health, improve mental wellbeing, reduce social isolation and strengthen relationships between whānau and community members.

Te Pou Herenga Waka has spent years working towards this goal. The club has demonstrated commitment, resilience and dedication, and deserves the opportunity to complete this important community project.

The clubhouse will become a community hub that serves far more than paddlers. It will provide a venue for education, meetings, cultural events, youth development and community programmes.

Supporting this clubhouse means supporting healthier communities. Every dollar and every effort invested today will provide benefits for generations to come.

Waka Ama embraces people from every background, culture, age and ability. This clubhouse will continue to foster an inclusive environment where everyone belongs.

The values of Waka Ama—teamwork, respect, manaakitanga and perseverance—are values our communities need now more than ever. A permanent home will help strengthen these values across our region.

This project will strengthen Māori culture by providing a place where tikanga, te reo Māori and cultural practices can continue to be shared and celebrated through Waka Ama.

The positive impact Te Pou Herenga Waka has had on families throughout South Auckland is evident. A clubhouse will allow the club to continue expanding its programmes and supporting even more people.

Community sport plays a vital role in preventing poor health outcomes. Investing in facilities like this encourages active lifestyles and creates lifelong habits that benefit individuals and reduce pressure on health services.

Volunteers have given countless hours to build this club into what it is today. Supporting this clubhouse recognises and honours the dedication of those who have worked tirelessly for the benefit of the community.

Having a permanent clubhouse will improve safety, organisation and accessibility for members, visitors and schools that participate in Waka Ama activities.

This project represents long-term planning and sustainable growth. The clubhouse will ensure Te Pou Herenga Waka can continue serving the community for many years into the future.

Strong community organisations create stronger communities. Supporting Te Pou Herenga Waka means supporting an organisation that has consistently invested in people, whānau and positive community outcomes.

Opposition should not outweigh the overwhelming benefits this clubhouse will provide. The positive social, cultural, recreational and health outcomes for our community far exceed any perceived disadvantages.

The clubhouse will create opportunities for young people to become future coaches, officials, volunteers and leaders, helping develop skills that extend well beyond the sport itself.

This is not simply a building—it is a place where friendships are formed, confidence is built, culture is celebrated and community spirit is strengthened. These are lasting benefits that deserve our support.

I strongly support the approval of the Te Pou Herenga Waka clubhouse. This project represents hope, opportunity and investment in the future of our tamariki, our whānau and our wider community. I encourage decision-makers to consider the overwhelming positive impact this facility will have and approve the project to proceed.
