

Onepoto Domain Playground

Feedback must be received by 8 November.

Auckland Council are in the early stages of planning for the playground at Onepoto Domain to be renewed. The existing playground was first established in the early 2000's and now needs a revamp. We would like to know what you like and don't like about the playground and what else you would like to see included in the new design.

It is proposed to renew most of the existing play equipment except the relatively new 6 way swing set, learn to ride track, and the shade sails. The playground renewal will also address drainage issues and include a plan for managing the vegetation within and around the play spaces.

Your input will help to inform the design for the new playground, what play activities are included and what associated facilities to include for caregivers. Please tell us what you would like to see included by participating in the 'Have Your Say' questionnaire.
