New Zealand is getting sold out too much as it is.

Speedway is a great sport, think ahead further than 50 years. Taking this track away isn't just for 50 years. It's FOREVER. Noone will ever build another track in the area. You are FOREVER removing the opportunity for upcoming generations.

Speedway should stay at the Springs.

Auckland FC games often get regular attendance of over 15-20,000 fans. Therefore at 12.5-15,000 capacity stadium will not suffice.

SAVE WESTERN SPRINGS SPEEDWAY!

Springs speedway has become a worldwide icon within the motorsport world for the past 96 years. Why fix something that isn't broken?

The area doesn't have the infrastructure to support all the extra traffic for starters. It's already a nightmare to negotiate. I visit regularly, it's my old stamping ground. Spend the money on paying back the unsustainable loans you have taken out.

Western Springs is the Home of Speedway, Waikaraka as an alternative does not work for our Sprint Car team as there is nowhere to park our team hauler. and the few million dollars offered won't change much at that venue, certainly track layout, pit area's for those teams like us with large race teams/equipment

I'm from little old Wairarapa and have travelled to the springs on a regular basis over summer to follow speedway. We normally have a group off 16+ kids and adults travelling when we do this. Speedway was unbelievable awesome at this track nothing like it in NZ. The pure history of this iconic track is something you have to think off and the legacy's it has produced over the many many years. Keep speedway, keep music festivals.

Speedway has been there for many, many years before everything was built around it. Waikaraka is to small for a large crowd and pits to small to hold lots of cars for races.

It is the home of speedway in NZ. Has been operating for almost 100years. If the community has voted for change. I can accept that. The way the council trying their absolute best to shut it down. Is extremely shaddy. There for it is right for it to stay until the community wants the change.

Western Springs Speedway has been a family institution and is internationally seen as the place for pace.

Speedway has heritage which can't be moved elsewhere

Speedway and rock concerts along with the rugby club was the intended purpose for as long as I can remember

Speedway needs to stay as an option at the springs along with whatever else that fits the mold,

Speedway at western springs is world renowned. If the council stopped putting so many sanctions on the place and put as much effort into supporting Speedway as they doing trying to destroy it, the place could be incredible. People, drivers and fans included, strive to come to NZ from all over the world to race/spectate at the one and only western springs. Look at other council owned Speedway in NZ, example- Palmerston North. With the backing from the council that place is unbelievable.

Give Speedway a realistic opportunity to continue without the heavy restrictions on event numbers and operating times in line with every other speedway in the country. It is a National sport with a large following throughout the country so needs a fair deal for any Promoter to work with Council and run this very popular venue as it has been for the past 96 years. This has huge heritage status.

I support Speedway being the main use of Western Springs Stadium. I have been attending race meetings at Western Springs since 1963, it has been apart of my family for as long as I remember. I have seen the stadium at its full capacity when promoted right. Speedway deserves to stay at Western Springs, and is the best use to preserve the history and future of grass roots motorsport in New Zealand.

This speedway is iconic and been a part of the motor racing community for 96 years. There is no way this should make way for a concert bowl or super centre. Not viable. Money should be used to upgrade current facility.

Speedway should stay at its home where it has been for nearly 100 years. There should be a eoi put out for promotors for speedway at western springs. Open wheel dirt racing should not be moving to waikaraka park where it is not suited and lacks amenities and crowd capacity.

Soccer should stay at mt smart or goto north harbor stadium.

The reason I voted for this option is because the Speedway has a rich history spanning nearly 100 years. As part of a team from Australia, we've had the privilege of competing in the international midget series there many times. The atmosphere is truly electric, the crowds are consistently the largest I've seen at any racetrack, with fans traveling from all over the world just to be part of the experience. It's not only a unique and iconic venue, but it also contributes significantly to the local economy through tourism and international events. There's nothing else like it anywhere! It's a truly special place.

Speedway has been there for 98 years, it is an institution. Just look at how many motorsport stars NZ produces who have cut their teeth in Speedway or something similar. The ACC needs to support Speedway to stay and then add other events to make the place profitable.

Been a long time competitor (multi generational)and spectator at Western Springs speedway and believe it has to be retained as a speedway.

This works as a multi use facility with rugby and concerts being able to be based there as well.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

New Zealand DESPERATELY needs a 10,000 - 15,000 seater stadium for football. For too long NZ has built stadiums focused on being able to host large events, like ODI cricket matches and All Blacks Testys, when the regular use case is for crowds of 5,000 to 15,000. A stadium of that size would create excellent atmosphere. The location at Western Springs is easily accessible to Aucklanders given it's proximity to Spaghetti and Avondale junctions, and rail at Mt Albert, Kingsland and Morningside.

The Ponsonby Rugby Club has been instrumental in the personal development and sporting excellence of young men and women for many generations. It is the benchmark for the number one sporting passion and participation in NZ. There is compelling reason to preserve and enhance the heritage and culture that is Ponsonby Rugby while maintaining and further developing the iconic venue for concerts and entertainment.

I have travelled internationally to Auckland on multiple occasions to attend speedway events at Western Springs. The level of prestige and reverence which Western Springs is held in the speedway community worldwide cannot be emphasised enough and is a bucket list venue to visit for many fans abroad. It would be a tragedy for speedway to end after nearly a century at the venue and would personally defeat the purpose for any further visits to Auckland.

Western springs speedway is hands down the best speedway we have in New Zealand. Watching speedway events has been part of my life since I was a young child and has made me who I am today. Motorsport events are my life, My Bissness in the automotive trade, my weekends. My family. All evolve around Motorsport. I travel from Christchurch to attend western springs events, as this track has character, history, and atmosphere that cannot be replaced. It is a special place. People travel from overseas to race at western springs speedway. It will be heartbreaking to see this place go and will be a huge loss to our fantastic speedway community.

I would love to see western springs carring on and racing as it was one of the best open wheel tracks in new Zealand. Western springs was there before the houses where and I don't know why we have to move an amazing track to another location.

I hope Western Spring stadium is used as a multiple facility. It can be used for concert place, rugby stadium, museum, park and so on. You have spent a lot of money already to keep the stadium. And you have Eden park for Rugby and cricket games. Also a concert can take place at Eden Park. And We do not know What is going to happen in the future. It is too risky if you invest much money to survive the stadium. So I recommend you should keep the stadium for rugby game, concert and festivals. And Auckland is rainy from time to time. People in Auckland go shopping or stay home when it is rainy. So you will need a long art museum so that Aucklander can walk and see the arts when it is rainy. Also the stadium can be used a park or park for flying taxi in soon future. Aucklanders will be able to cross the Chasea bay by flying car.

Western springs is the home to speedway for almost 100 years. This feels like another land grab similar to the late 1800s. We are letting history repeat itself if this stadium is taken from the speedway community

I am not fully in support of option 3, but totally reject the other two outright.

Option three can only work if speedway is allowed to run the way it use to back in the day, it will make money and draw huge crowds if the totally draconian rules put in place by the Auckland Council kowtowing to Johnny come lately residents complaining about noise they knew existed before they bought into the area. Concerts make much more noise as evidenced by the fact that we could hear ACDC from Kumeu, and run much later, but that appears to be fine. The Manukau

council faced with a similar situation at Ardmore with new residents complaining about the noise of planes taking off, were told in no uncertain terms that they knew about the noise beforehand, and therefore did not have a justifiable reason to complain. completely different to longstanding Mt Eden residents justifiably complaining about increased noise from more concerts at Eden Park. The Auckland Council need to be fair and reasonable nothing of what they have done at Western Springs to Speedway is either fair or reasonable.

New Zealand has a great love of music, we champion our exports and rejoice when they do well overseas, and by the same token we love to host, and support overseas artists on our shores. Hardly an international artist visits us without the concert being full, in fact, a lot of concerts are sold so quickly it can be hard to purchase tickets. A proper, purpose built stadium for music will attract larger artists, on a more frequent basis and this will not only generate income, but also inspire, and network our own talent to a worldwide audience. Music is one of the very few things that brings people together, something that is becoming increasingly important in society, it brings happiness to all that experience it. There are no sides to a music concert, unlike sport,

which studies have proven, can quite often create division. I wholeheartedly support Western Springs to be used as a purpose built concert venue.

There is only one home of speedway in Auckland and that is Western Springs Stadium. It is world famous. I have travelled to Australia and the USA on many speedway trips and when I meet new people, the first thing they mention is Western Springs.

Waikaraka Park is less than a B-grade facility, even when it is upgraded. The track is way too small for the larger sprint cars to safely race. The concrete wall and fence is substandard and dangerous. It is and will always be a stockcar not a speedway track. It is located in a unsafe part

of town. You need to walk through dark streets at length to the nearest train station or bus stop. At Western Springs, the bus stop is right at the door for those that wish to use public transport. They can simply transfer from the train station to a bus, catch an uber or lime scooter easily from the CBD, you cannot do this from Waikaraka Park easily or safely.

I have been going to speedway for the last 56 years. My father raced and was a highly regarded engineer. My partner and I have run a race teams and businesses all because of Western Springs not Waikaraka Park.

The entire EOI process needs to be redone correctly in line with the judicial review proceedings. There was a lot of information withheld at discussion meetings that will have altered many a Councillor's perspective. Due diligence was not handled correctly.

I look forward to speedway continuing at the only home it should have, Western Springs Speedway.

I lived in Auckland for 54 years but now reside 1.5 hours away but continue to attend the speedway at Western Springs.

Although I don't currently live in Auckland I used to and still have family there. When I did live in Auckland over several decades I enjoyed the times that I went to the stadium.

I am also a long time rugby fan and believe that Ponsonby Rugby Club should not lose the facility. I think their idea for the future of the space is more in keeping with the area generally, Motat, Zoo, lake etc.

I am totally against the idea that 'money' can take away the space from a community group such as Ponsonby Rugby.

Speedway should be retained at Western Springs Speedway - it has lasted for 96 years and that should not stop now. Open Wheel Speedway needs a home up north like it does down south to thrive, Waikaraka is not that home. Western Springs is one of the most amazing facilities for dirt track racing and even the best say so. Kyle Larson and Christopher Bell, two NASCAR Superstars and Sprintcar greats have openly said how much they love Western Springs, and every season we get blessed with some huge international talent coming from Australia, the US and the UK and I can assure you should Western Springs Speedway cease to exist at the stadium, you will not get those fantastic talents come across and boost the Auckland economy. When these people are here you have people coming from around the country and even the world coming to Western

Springs to watch them race. The facility has hosted 96 years of racing, bringing legends with it, and you can just feel it. The vibe of Western Springs Speedway is totally unmatched and any suggestion of Speedway leaving the facility is not only a huge disgrace to the sport itself but to the city of Auckland. Western Springs Speedway is THE HEART of Auckland's sporting industry, it's not cricket, its not Auckland FC, it is the speedway and any Auckland sport goer will tell you that.

Western Springs needs to stay as it is. I fully support the venue remaining as a speedway track. Let me just add that jt is the best speedway track in New Zealand. It would be a travesty if this was taken away. Your other proposals are ridiculous as there are so many other venues you can have for these options. Speedway HAS to remain at Western Springs.

I am filling this form out for myself & on behalf of my Husband & Child..

We would like Western Springs to continue as a Speedway track, we fly from Dunedin to attend Midget car & Sprint car events at this arena every year. We will NOT attend Auckland for these Speedway events if they are moved out to Waikaraka park. I feel many other competitors & fans from Dunedin will be in the same boat.

Waikaraka park is not a suitable track for open wheel Speedway cars.

Holding concerts etc here where possible is always a great idea too.

I believe this option will provide the greatest asset to the people of Aucklands and the community that is home to western springs. While at the same times preserving the heritage of this amazing culturally important venue and the neighbourhood. I have attended countless events at Western Springs since the 1980's, I have lived the area during the 1990's and 2000's and I would hope my young family will be able to continue to enjoy this jewel of Tamaki Makaurau long into the future where people of all walks of life have come together to celebrate music arts sports and culture

Auckland FC needs its own grounds. Their owners and investors have a lot of money to fund it privately. They're visionaries and I think their stadium would serve a better purpose and bring in more money into the city than the other options.

I prefer the first option as selected. However I would like the council to explore the use of this to be fully enclosed and then also be open to the use of concerts. There is opportunity for both Auckland FC / Ponsonby rugby club for a multi use arena.

If we're going to make it a community hub then lets make it a hub for multi use that everyone can make use of - lets invest money wisely and open up corridors that bring people to/from here without hassle. Lets make it a vibrant area that invites international acts to auckland city - lets do it right the first time alongside those that are willing to invest this money

Speedway has been at Western Springs for nearly 100 years. It needs to stay. Fans and stakeholders were not consulted on this decision. Speedway can be viable with a long term lease and commercially viable operating conditions. With speedway returning to western springs it could be a multi-use venue.

Western springs is a beautiful natrual sports ground and has deep roots in the community of Auckland as a whole and would not benefit from such a proposal of removing the identity of such a place. Mount smart is a perfect place for Auckland FC and you also have FMG stadium and Eden Park to work with

I attend events at the stadium or its sports fields

There are three options to consider

Which option do you prefer? Select one option only.

Option 3B: Neither Option 1 or Option 2 - explore other ideas

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

It should continue to be used as a speedway track. The track has been around for decades, longer than any of the surrounding businesses now making complaints about the noise. If you are going to build a building next to a speedway, expect there to be noise and no don't complaining because it has been there a lot longer than your buisness has. Getting rid of the speedway there has left a mark in speedway history, so the only right option is to restore the speedway track.

It's a speedway track. Leave as is. If people don't like the noise, they shouldn't have brought so close to a stadium.

I believe that the Speedway at Western Springs should remain. The speedway has been there for nearly 100 years and overseas competitors and visitors have rated it as one of the best speedway venues in the world.

When I was young my father used to take the family there and as I grew older, my friends and I used to go there regularly. My children and my grandchildren also go there and love the events. It is a part of the history of Auckland and when people speak of Western Springs, it is the speedway to which they are referring.

I also attended many concerts there over the years and it's bowl like environment was ideal being able to operate both as a speedway and concert venue.

Motorsport in all its genres makes it the most popular sport in New Zealand and we have an amazing record for our achievements internationally. To lose this amazing venue would be a tragedy and once gone would never return. It's location is ideal for access with bus routes and the motorway in close proximity.

I steadfastly endorse the continuing use of Western Springs by the Speedway.

There is a reason why the biggest bands on earth, in the rare occasion they choose to add this small country to their tour schedule, always choose Western Springs as the venue. It's an incredible location and there's nothing else like it in NZ. It would obviously be further enhanced by permanent stage infrastructure.

I appreciate it's an Auckland facility but the entire North Island has benefitted from Western Springs and regularly visits there for concerts, please don't take this amazing facility away from us or ruin it by turning it into a small soccer stadium

Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I am part of a cultural or community group with an interest in the area

There are three options to consider

Which option do you prefer? Select one option only.

Option 1: Auckland Arena

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

We need more basketball courts!!!!!! And if we have willing investors, we should take advantage of that for the benefit of our population

I think New Zealand as a whole needs to keep up with the world and stand out in our own way and this will draw attention and crowds for future events that could be held here and create a lot of jobs and world wide popularity to the city and country

Keep as western springs speedway.

One of a kind speedway. All the history of this speedway cannot be lost. I attend western springs every summer as is a family tradition to go to Boxing Day racing. There is other stadiums in Auckland that suit other sports and concerts so why does this one need to change from Speedway.

Return the top level speedway racing. The classes and level of racing excitement is not matched at any other venue. The great racing at the western springs venue is the reason I gave traveled to Auckland in the past. The same cars and drivers have been disappointing to watch at Waikaraka Park.

I have made my choice because I am almost 25 years old western springs speedway has been a big part of my upbringing and to see it vanish will leave me in absolute sadness, western springs is such a fun place to watch racing, and especially when all the Americans come over, this is a good track for them and it would be a huge waste of money to be demolished! Let's save the SPRINGS!!!

I have been attending western springs speedway since I was a little girl & I attended the last meeting as a grown adult. I have attended every season with my parents, my own kids & friend who love this sport. This speedway has been around for almost a century! History that should be preserved. Families enjoy attending to watch the battle of racers & it is a great entertaining evening, watching some of the best race car drivers in the world. It brings international racers here & some have said it's the best track in NZ. Speedway should not be pushed aside to facilitate another football venue at the hands of the wealthy that wave their dollars. It showed quite clearly on the final race night just how special western springs is. The only reason you don't see a profit is because you have put more & more restrictions on their race meetings over the

years, reducing race meeting & noise level restrictions, that then affects the whole entirety of the event/season not to mention a promoter who wants to see the end of speedway at western springs. Let me put this forward to you, you wouldn't buy a house near an airport & then complain of the noise of the airport. Those residents that purchased a house on the surrounding streets or boundary of western springs knew that speedway was there but then have the audacity to complain about the noise when they quite happily get free concerts & wouldn't complain. It will be such a shame to loose such a great icon of NZ racing history because of the higher power getting their way. I am not supporting any other speedway that is built from the allocated money from Western Springs contract. Save Western Springs Speedway

Western Springs Speedway has been at the venue for nearly 100 years. It is a space for open wheel racing and has always been different from Waikaraka park. The racing is different and this sport will collapse without this designated place. The young people who have competed at WS speedway have gone onto international motor racing all over the world. The WS speedway hosts racers yearly from USA and Aussie. To remove this racing from WS will ruin this sport. Michael Pickens is one of the best midget driver for over 10 seasons at WS he and many other guys compete in Aussie and US. This decision will restrict the ability for this to continue. There have also been quite an industry evolve around the design building and maintaining these cars. This decision will change all this for Auckland. We have some amazing people involved in the

production and design of these cars. AC allowed Bruce Robertson from Palmeston North t operate the venue for several years which pushed out Auckland operators the chance to continue running the space.

What is your connection to Western Springs Stadium? (tick one or all that apply)

I don't have a direct connection, but I am interested in how the space is used

There are three options to consider

Which option do you prefer? Select one option only.

Option 3B: Neither Option 1 or Option 2 - explore other ideas

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

There is significant history and an international interest in the current use of Western Springs Stadium. The Speedway has a long history and works well with the current arrangement along with the Rugby Club. There are a signifcant amount of people use the stadium and Speedway as it sits and it seems a shame to loose the current history of the current venue.

This would be great for sporting events such as A - League football as this is a smaller capacity stadium allowing a more direct and tangible atmosphere for players and fans - also very good for local football as this could facilitate final play offs etc. Also a great utilisation of an otherwise seldom used facility in central Auckland.

Would like to see Speedway stay at the Springs as seriously doubt combining the Western Springs type of racing with other forms of Dirt racing at another venue will help either progress or even survive in Auckland.

Open wheel racing currently only has two home tracks in New Zealand, Western Springs in Auckland and Ruapuna Speedway in Christchurch. By closing down one of these venues you are seriously impacting open wheel motorsport across the whole country. Western Springs fosters motorsport of all ages and across several classes. I has produced several drivers over the years who have raced internationally and also brings oversea drivers to their venue annually, this helping the economy and businesses, this also helps to bring drivers down to the South Island tracks, which helps the country as a whole. Stockcar and open wheel classes need completely

different track surfaces and race management to fill the potential of our sport. There is no other venue which can provide this as having one track to fit both purposes will just not work.

11059

11th June 2025

To Whom It May Concern,

I am writing to express my strong support for the continued operation of Western Springs Speedway as a dedicated motorsport venue. The potential closure or repurposing of this facility would not only be a significant loss for Auckland but would have far-reaching consequences for the future of open-wheel motorsport across New Zealand.

Auckland is fortunate to have a wide range of venues that cater to concerts, cultural events, and traditional team sports. However, it has only one purpose-built open-wheel racing track: Western Springs Speedway. This venue is not just a track—it is a cornerstone of New Zealand's motorsport community and one of only two open-wheel-specific venues in the country, the other being Ruapuna Speedway in Christchurch.

Open-wheel racing requires a uniquely prepared surface and layout that is fundamentally different from stockcar or saloon racing. Attempting to combine these disciplines at a venue like Waikaraka Park would be detrimental to all classes, as the track conditions necessary for safe and competitive open-wheel racing would be compromised. For this reason, Ruapuna Speedway does not support the merging or replacement of Western Springs with a multi-use facility, as it would ultimately degrade the racing experience for all involved.

Western Springs has a long and proud history of fostering talent, from youth divisions through to international competition. Many of New Zealand's top drivers began their journey on this very track, and some have gone on to race successfully overseas. The venue also hosts international events annually, welcoming drivers from the United States, Australia, and other countries—providing a valuable economic boost to Auckland through tourism, accommodation, and local spending.

Ruapuna Speedway
Christchurch Speedway Association
www.ruapunaspeedway.co.nz

11059

Motorsport is a passion that may not resonate with everyone, but it holds a deeply rooted cultural significance for thousands of New Zealand families. I personally have travelled to the North Island five times this year specifically for motorsport events, contributing to the local economy through accommodation, hospitality, and other associated expenses. The ripple effect of motorsport tourism should not be underestimated.

Every event at Western Springs is a testament to the dedication of passionate volunteers, loyal fans, and racing families. With fewer constraints from Auckland Council, the venue could expand its potential and deliver even more to the community, both economically and socially.
I urge decision-makers to recognise the unique and irreplaceable role Western Springs plays in New Zealand motorsport and to safeguard its future. Its loss would not only impact Auckland, but also the national landscape of open-wheel racing for generations to come.

Yours sincerely,

[redacted]
President
Ruapuna Speedway.

New Zealand has plenty of rugby stadium's, evean to the point of talk about closing North Harbor stadium down. Western springs speedway is one of the worlds best speedway facilities and certinly the best in New Zealand. Western Springs has opperated along side other sports and concerts for 95 years. the attendance at Western springs speedway has fallen off in recent times because the latest premotor running stock cars and super stocks etc. If Western Springs speedway fans wanted to watch these classes of race cars they would go to Waikaraka park to do so.

Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields

There are three options to consider

Which option do you prefer? Select one option only.

Option 3B: Neither Option 1 or Option 2 - explore other ideas

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Western Springs Speedway is part of the local and cultural heritage, it is known throughout speedway nations as the best venue worldwide. This fact alone should be enough to maintain speedway at Western Springs as it promotes Auckland and New Zealand bringing in local and international visitors, which in turn brings revenue to the area.

Western Springs is also the ideal location for the sport as the access and parking cannot be found elsewhere in the city, it also has an atmosphere and feeling that the other arenas do not have. It is ideal as a shared venue for all the same reasons as having speedway there and an if it is redeveloped then all this will be lost and the city will regret the decision for a long long time.

Western Springs Speedway is an asset to Auckland, do not throw it away!.

Western Springs is an iconic Speedway Stadium, loved by thousands Worldwide. It has a feeling and a vibe which cannot be replaced, once lost it will be gone forever, thus in turn will leave a huge hole in Auckland itself.

Another ‘Building’ with no soul, no history, no culture can replace it , but that’s exactly how it will remain! Soulless, History takes Time, 96 years to date and a Culture which has been built around the speedway.

Auckland still misses , Cook Street Market , replaced with Victoria Market it didn’t last !!!!

The Council should be there to give people what the majority want not.

A Council prepared to erase Western Springs Speedway clearly shows no respect for businesses attached to the sport.

The stadium also hosts Rugby and concerts as it stands and works well.

If top Artists Sting etc are prepared to play here this tells you alot!

Above all Save Western Springs Speedway, Auckland has something very special it’s become part of Aucklands Heritage An Iconic Speedway Track known Worldwide!

So Please Keep it!!

I don't have a direct connection to the area but I do have whanau that have attended that place for years and they should be allowed to continue to do that for years to come.... by keeping it locally and the general public have a major input into how it should be run is huge and could be a good thing for the whole community and not just Auckland.

Give Speedway a long-term lease.

Give speedway commercially successful operating conditions.

Change the WS Stadium Unitary Plan to help speedway like they did at Eden Park to help concerts.

Speedway can be part of a multi-use situation with concerts can and have worked with rugby at the stadium.

We (stakeholders/fans/the people) were never consulted with before this time and should have been.

I'd rather see my ratepayer money spent to have speedway at Western Springs Stadium than a lot of the things the Council currently spend the people's money on.

I have seen how this issue has been handled and I don't agree with it and have lost faith in the council staff and many councillors.

Most Aucklanders I know want the same as me.

Speedway has been at the Springs for almost 100 years and it's important to honour the history of such a great venue! People who got there after the speedway shouldn't get to have an opinion on the speedway, they knew where they were buying property and it's their responsibility to know what they're getting into, not the speedway's responsibility to keep all the new people in the area happy

KEEP THE SPEEDWAY!!

I've attended many music events at Western Springs over the years, and some of my most cherished memories have been made within those speedway walls. There's something truly special about the energy, atmosphere and joy that large-scale outdoor concerts at this venue create. It's a sense of connection to people, music, culture, and environment that has not been replicated elsewhere.

Life isn't easy at the moment, and spaces that bring people together in joy, celebration and shared experience are more important than ever. Western Springs is not just an Auckland treasure — it is a national icon. It has long been the home of outdoor music events in Aotearoa and plays a vital role in our cultural landscape.

We need to keep this mecca of arts and culture alive. Once history is lost, it cannot be reclaimed. Western Springs holds a unique place in the memories of many New Zealanders. Please protect and invest in its future as a place where music, connection and joy can continue to thrive.

I grew up in Taranaki. The Bowl of Brooklands is the most stunning outdoor live venue in NZ. Western Springs could measure up to that if you built a permanent stage, increased the grassed area and planted zones. The Big Day Out held there in 2014 was the best one I attended totally due to the green spaces. It's awesome that the public can access the green space too. Don't build it out and make it exclusive.

Having a permanent stage will be an attractive and cost effective option for touring artists. It will be a versatile space allowing for larger shows, as well as smaller shows in an outdoor venue. Locking the space in as a venue more focused on sports really ensures that international acts will continue to skip New Zealand.

Strictly a bias choice as an AFC football fan and Port season ticket member. I would want a football style stadium with all the ideas the Port have put forward. Option 1 looks like the best option for AFC going forward if the team make it their home ground.

Because there are enough rugby venues already. We need better music venues that can hold far more people than current options. NZ frequently gets passed over by the really big acts due to lack of space in dedicated venues. I am not in Auckland - but since many music acts only have a show/shows in Auckland, every New Zealander should be able to have a say

I have been attending Speedway meetings since coming to NZ in the mid 1970's. Western Springs is the most central venue in Auckland and the historic venue for Open Wheel Speedway Rascing. There are plenty of other venues in Auckland for Rugby and Soccer to be played. We do not need more Stadia for these sports. Leave the Springs open for the Sport that was one of the initial and longest running sports to use it

There is so much history of motor racing and concerts at Western Spring. NOBODY who lives in the area now would not have known the facility was there when they bought and/or moved into the area. I grew up in Auckland attending motor d motor racing and concerts there and I still travel to Auckland to attend motor racing there. I would not go to Waikaraka Park

Waiakaraka Park is not ideal for the cars that race at Western Springs, I think there will be more accidents and more risk to everyone

Western Springs has a rich history of Speedway. Many top visiting international drivers have raced here and are amazed at what we have. It would be a shame to throw that all away for the sake of having a flashy rugby stadium that could be built anywhere else in the city. What's is wrong with upgrading one of the other rugby venues and leaving speedway where it is. Seems like a cheaper and more sensible option.

Western Springs Speedway is internationally recognised as one of if not the best speedway venues in the world. It is yet another event that brings people to central Auckland. It has a long history and is unique in its own right. Having an international speedway operating in central Auckland contributes greatly to all that Auckland has to offer. Send it elsewhere and comments and feelings along the lines of " Wasn't Auckland a great place to be when the speedway was still going" These types of feelings and concerns are already out there concerning other changes in Auckland so it's

time to start preserving Auckland’s heritage rather than erasing it. Remember you are about to erase 96 years of history.

Firstly; I live in Wellington but I see the opportunity for a national facility here which I would patronise occasionally.

Frankly, most of the sporting and cultural facilities in Auckland are third rate and in awful locations. The opportunity to create a great space at Western Springs should be seen as part of a city-wide upgrade of what is best for the city and nation overall. There is no doubt that Auckland needs a better venue for large sporting events, (particularly rugby, football, and cricket), but

Western Springs is not the place to add to the plethora of inadequete venues in poor locations the city currently has.

The location, topography, and juxtaposition of Western Springs to the Zoo and MoTaT, (a wonderful and incredibly under-rated museum), lends itself to an entertainment venue with emphasis on live music. Anyone who thinks live music with an audience of 50,000 at Eden Park or <shudder> Mt Smart is a great experience has obviously never been to anything there or doesn't think young people are an important consideration. Those venues have no versatility to cater for such events. A concert venue for acts that can draw crowds of 40,000 plus would be an asset to the nation. Anything else would just kick the can of Auckland cultural venues down the road to our continued national embarrassment.

If you care about Auckland, and New Zealand's, future the development of Western Springs must be seen as part of a total city strategy and not just a short-sighted and cost-oriented question of, "What shall we do with this piece of dirt?"

What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields,I participate in nearby activities (e.g. community sports, performances, MOTAT, Zoo, Western Springs),I am part of a cultural or community group with an interest in the area

There are three options to consider

Which option do you prefer? Select one option only.

Option 3A: Neither Option 1 or Option 2 - keep things as they are and retain current arrangements

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

The Speedway stadium has been there for nearly 100 years. Why all of a sudden does it not work. 2 reasons. Council or people who have moved in to the area and then complain about the noise.

This works in Palmerston North very well. The area is utilized by not only Speedway but by sporting groups.

Football already has an arena. Make them use it. Western Springs is already used for some concerts.

LEAVE IT HOW IT IS. upgrade the facilities but leave open wheel racing at Western Spings. We have people come from USA to race there.

Auckland already has a number of sports facilities that can cater for multiple sports. A dedicated music venue utilising the natural amphitheater and that can cater to large audiences is lacking. Having this facility means acts that bypass NZ due to limited facilities may perform here in the future. The fact that this option caters for Ponsonby Rugby Club means this option enhances the Auckland community much more than the other 2 options

Western Springs is Aucklands history and people still love it! So many people have absolutely amazing memories at the speedway or the concerts etc held there. It has worked perfectly all this time why waste money that the rate payers don't have to make these changes.

Anyone complaining about noise etc shouldn't have purchased a home in that area, its common sense.

Keep it as it is!

Auckland, and New Zealand need a range of concert venues. The current Western Springs is a great space, however in turning it into a “Hollywood Bowl” type area would attract more talent, and provide further options to gigs and other events over and above Eden Park and Mt Smart

I work in the live events industry as a supplier... keeping the natural Amphitheatre is a plus and keeps open for live music options and sporting events.

Building a permanent stage in there will limit the appeal of overseas acts as staging is very specific to shows... permanent bowls are not that appealing.

Also it’s such a beautiful green bowl in a city that needs more green spaces. Option one will destroy this

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Western Springs has become a piece of speedway history over the years, it's one of the best tracks in new zealand to race at and spectate at. It would be sad to loose this speedway track with all it's history. Would be amazing to keep going there to spectate and take the kids there.

Speedway has a large following - keen competitors and spectators. This should be retained just like historical buildings in Auckland. Part of history.

I chose this option because Western Springs is a historical venue and Speedway has been a huge part of that. It makes sense to keep Speedway at the Springs as there is already the infrastructure to support speedway racing without having to spend a huge amount of money to either adapt or build another venue. Western Springs Speedway is known worldwide and is considered to be one of the best venues where international drivers and race teams can come to race.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Live music outdoors at Western Springs is a special and unique experience, unlike any other gig I've been to in Auckland. Having been to festivals and concerts at Western Springs, I'd love to see this space enhanced as a music venue to attract performers to Auckland and to be a special destination- I have gone to events I wouldn't normally have bought a ticket for specifically because they were at Western Springs. Any place can have a stadium but nowhere else can be Western Springs - a fantastic outdoor venue so close to the city centre, I grew up in Auckland and live driving distance from Auckland now however am a frequent visitor for work, arts and social events.

Future use of Western Springs Stadium

Note: Attached at the start of each volume is the full feedback form. This version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Outside Auckland

Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields

There are three options to consider

Which option do you prefer? Select one option only.

Option 3B: Neither Option 1 or Option 2 - explore other ideas

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Speedway should be back at Westernsprings.

It is disgraceful the way this council has conducted its self.

It is a very good wholesome family night out.

Change for the sake of change is not a good reason to spend millions of rate payers money. The western springs stadium works. Neighboring properties purchased knowing the stadium was there.

my option is to keep it as a speedway track as it should stay the same
