Representation review initial proposal

1. Overall, what is your opinion of the changes outlined in the representation review initial proposal?

Do not support

Tell us why

We voted in Wayne Brown to bring about a smaller governance for Council.

The changes are jsut not consistent with that.

I probably would be happy to see a 25% reduction in councillors across the board.

The Council needs less representatives but each having a wider geographic area of responsibility.

Split the city into 6 areas with support teams of representatives not 21 local boards ...this is absurd and creates bias fiefdoms and conflicts of interest. ...not to mention huge admin costs

.

Some areas of Auckland are currently not getting a fair deal!!!!

1. Overall, what is your opinion of the changes outlined in the representation review initial proposal?

Do not support

Tell us why

There is no evidence merger especially in Local Body Council creates savings. Evidence to support that is the Super City created 12 years ago and has run massive deficits, unacceptable rates increase Further North Shore needs a separate Devonport Takapuna Local Board. We have only 33% of the population and would no longer be heard in the larger grouping. Further the 2 areas are significantly different, both culturally and economically and we absolutely want to keep the voice of Devonport/Takapuna.

The local Chinese community is also very eager to participate in the work of the district committees and management organizations. Currently, it is difficult to find young Chinese

individuals to engage in this representative work full-time, while older members face language barriers. A more significant obstacle is that many issues of concern to the Chinese community have not gained sufficient attention from the management, resulting in a lack of communication. We hope that in the future, there will be more effective channels for interaction with the district councils and management organizations, so we can work together to build a better community.
