Your feedback

1. How do you or your household currently use the park?

Play golf at the golf course, Use the golf driving range

2. How often do you use the park?

Once or twice a month

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

There is no where else in Auckland that's priced as reasonably and in such a handy location to be able to play golf without having to pay an expensive membership. Golf has been there since I was born in the 80s and it would be a disappointment to see it disappear like everything else that has any kind of lasting history

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), 9-hole traditional golf course (35-36 par), Short-game practice area / putting green

5. What other type of recreation would you most like to see provided at the park?

None of the above

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Nature - protecting or enhancing the natural environment for people and wildlife, Organised recreation - space for organised sport or clubs, Safety - providing a safe environment for play, sport, and relaxation

7. Which Park lease approach would you prefer?

Keep all land under Council control

Tell us Why

To keep the costs down, commercial operators will turn it into every other expensive golf course in Auckland

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Keep the golf course in some form or another

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Connectivity - walking and cycling connections through the park that link with the wider community, Open space - space for free play and relaxation

7. Which Park lease approach would you prefer?

Keep all land under Council control

Tell us Why

Over time the land will become increasingly valuable. Run as a golf club and the current sports center it would generate enough cashflow to become cash neutral or even positive if properly set up.

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

It can incorporate other activities as long as it caters for 18 hole golf as well. It is a very important location for youngsters to learn and play golf and those not associated with a club

4. What type of golf would you most like to see provided at the park?

3. What mix of recreation uses would you like the park to provide once redeveloped?

A balanced mix of golf and other recreation uses

Tell us Why

There are only two public golf courses in Auckland, a major city with 1.5million people. The other, Chamberlain Park, is also under pressure. Takapuna Golf Course is the most popular course in New Zealand and to totally close it to golfers is both unfair and unnecessary. The Golf Warehouse plan is an excellent idea and suits all needs.

If the course is closed, Auckland Council should provide an alternative, perhaps at the now disused Gulf Harbour Course.

4. What type of golf would you most like to see provided at the park?

7. Which Park lease approach would you prefer?

Lease all land to commercial operators

Tell us Why

Commercial operators do a better job of managing things. Auckland Council's record is pretty poor.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

It is a public golf courses. Go with the Golf Earshouse proposal.

While it would be nice for all the land to remain under council control the reality is the council doesn't have the funds to facilitate this.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

I am writing in support of the proposed redevelopment of A F Thomas Park as part of the Wairau Blue-Green Network, with a specific focus on ensuring EventFinda Stadium is future-proofed against flooding. This is crucial for the continued operation of NHG Gymnastics, New Zealand's largest gymnastics club, which is based at the stadium and serves thousands of athletes across Auckland.

The 2023 Anniversary Floods devastated NHG Gymnastics, resulting in the loss of \$1.2 million in equipment and an eight-week closure that disrupted training for hundreds of young athletes. As the park is transformed into a flood storage area and cornerstone of the blue-green network, it is essential that any redevelopment of EventFinda Stadium incorporates flood-resistant design to prevent future disruptions. This would protect critical community assets and align with the project's goals of enhancing resilience in the Wairau catchment.

Importantly, the redevelopment must be staged to allow NHG's facilities to remain open for training throughout the process. Athletes cannot afford extended closures while a new, flood-proof facility is constructed. By prioritizing this, the Council can ensure continuity for NHG's programs, which promote physical health, skill development, and community engagement for people of all ages.

I urge the Council to integrate these measures into the park's redevelopment plans to safeguard this vital sporting hub for generations to come.

Golf courses are becoming very scarce due to the fact that they often are gobbled up by land developers and converted into housing. Takapuna Golf Club has a very easy topography (compared to Pupuke for example) and is therefore great for all levels of golf players. The wetland will inevitably displace and decrease the space available for the golf holes, let's not make it even smaller by adding too many other activities.

4. What type of golf would you most like to see provided at the park?

The wetland and dry detention basin would obviously have to be retained under Council control, but the rest can be leased to assist with creating better resourced spaces. Council must be careful not to kill the goose laying the golden eggs (golf). Golf has been and will keep on being very popular, if the end solution is practical, and it will be able to generate funds to maintain itself and facilities. Having the area as walking tracks, outdoor areas etc will not generate money and Council will be responsible for all upkeep on your own. There are enough open spaces (think of all the beach areas on the Shore), we need a golf course.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Please don't use this situation to create a completely different outcome of this area. It has a rich history of providing golf recreation, let's keep it that way (as much as we possibly can with a smaller footprint.)

This is an integral part of the golfing community and the future of the sport because Takapuna golf course (A F THOMAS PARK) provides accessibility for beginners to access the sport. Golf is a sport which requires a huge space for very few users. I would prefer in such a built up area that maximum residents get to enjoy outdoor open spaces near to where they live.

7. Which Park lease approach would you prefer?

Lease some land and keep some under Council control

Tell us Why

From experience with another Kaipatiki Reserve, Council do a poor job of pest control and general maintenance, so at least if they leased some of it, some of it could be maintained properly as part of the lease to private parties.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Yes - poor decision-making by previous Council planners has resulted in overdevelopment with too little open space and allowance for natural floodplains. Wairau Creek has been concreted and has no riparian planting or space for overflow as there is commercial intensification on both sides - again, terrible planning . As a result, the community now has to lose available recreational space to flood mitigation areas. While this is a sensible solution, in future the Council should always err on the side of playing it safe and leaving a large amount of open space for flood mitigation rather than use every square foot available for intensification. Additionally, Council is not enforcing non-permeable areas on private properties. I hope we've all learned a valuable lesson.

Public golf courses in Auckland are few and far between, and their preservation is vital to the future of the sport. With only a handful of affordable options accessible to the general public, these spaces play a crucial role in making golf inclusive and available to all. Unlike many sports that cater to specific age groups, golf is uniquely suited to people of all ages and abilities. Encouraging participation across generations not only fosters community but also supports physical health and mental wellbeing. These courses are more than just recreational grounds - they're essential assets that deserve protection.

7. Which Park lease approach would you prefer?

Lease all land to commercial operators

Tell us Why

As outlined above, I strongly support retaining this site as an 18-hole golf course and range facility. Operating a golf course is not a core function of council - this is best left to experienced operators who specialise in the sport. Council can benefit financially through a well-structured partnership, without needing to manage the facility directly. I would like to see a long-term arrangement secured with an independent operator, with a clear requirement to maintain the course and range as a public amenity accessible to all ages and skill levels.

It's very hard to play golf in Auckland at an affordable price. Takapuna provides people learning and wanting to enjoy the game on a limited budget the opportunity to play. Auckland Council has already ruined Chamberlain, Auckland needs an 18 hole public course. We are North Shore residents and our family would not be able to afford to play golf together at a private members course.

I think the planned proposal I've seen put forward from Golf Warehouse is incredible. It not only sort to solve current issues but considered factors and other stakeholders outside of golf. It catered to a whole community approach. From what I've read about it it's well thought out, well researched and strategically sound. Well rounded indeed.

Pickleball is the fastest growing sport in New Zealand, and with that appetite for both social and competitive play comes opportunities to provide venues. Those venues can operate for a charge (nominal or for profit) while taking advantage of the friendly, sociable and healthy benefits of this increasingly popular sport. Along with that, it is common to see pensioners playing with twenty-somethings, and having a blast! What an opportunity to provide local residents with such a useful venue and fun activity as pickleball.

Commercial operations stick around if the market allows. Thereby forcing the business to continually prove its worth. Having some aspects of the area council managed ensures community is at the forefront instead of commercial profit.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

I'm not a golf player, so I can't comment on its popularity. What I can say is that large swathe of land could have a far greater density of use in terms of local citizens and the various activities they could partake. As it stands, walks along designated paths, a small park, and a golf course a couple dozen people are wandering around on at any given time seems a bit of a wasted opportunity.

NHG Gymnastics

2. How often do you use the park?

Once or twice a week

3. What mix of recreation uses would you like the park to provide once redeveloped?

A balanced mix of golf and other recreation uses

Tell us Why

We support Scenario One and would love to see NHG Gymnastics to have a safe, flood-proof home for future generations of girls and boys. My very shy and uncertain daughter has flourished with gymnastics and it is such a special activity for lots of young girls that we need to protect its future.

4. What type of golf would you most like to see provided at the park?

2. How often do you use the park?

Less than once a month

3. What mix of recreation uses would you like the park to provide once redeveloped?

A balanced mix of golf and other recreation uses

Tell us Why

As it's a great location and key hub of the north shore.. We learnt to plethora golf here.

This proposal turns a disaster into an opportunity and really he chance to have something world class. It's vital for the shore residents.

4. What type of golf would you most like to see provided at the park?

9-hole traditional golf course (35-36 par), Pitch and putt golf course, Driving range, Short-game practice area / putting green

5. What other type of recreation would you most like to see provided at the park?

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Connectivity - walking and cycling connections through the park that link with the wider community, Equity/Inclusion - a diverse range of experiences the whole community can enjoy, Heritage - highlighting local Māori culture, Nature - protecting or enhancing the natural environment for people and wildlife, Open space - space for free play and relaxation

7. Which Park lease approach would you prefer?

Lease all land to commercial operators

Tell us Why

Because there is people wanting to provide great activities at no rate payer cost. It can be world class. Look at Te Kaha stadium we need to thinking how can we get world class sports and recreation in auckland. Council can't afford it so let industry do it successfully.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

This proposal is a chance to do something great for the area and turn it into a positive opportunity. I support the \$20m million upgrade option.

To ensure good governance

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

My preference is for Scenario 1.

Gymnastics is definitely a preferred sport that must be included in the plan.

We must secure a future, flood-proof home for Eventfinda Stadium and North Harbour Gymnastics. This club and the children and families involved make up a massive community and the positive impact of this sport in the children's lives is immeasurable

7. Which Park lease approach would you prefer?

Lease some land and keep some under Council control

Tell us Why

It makes sense to lease some land to groups so that events such as the Event centre and the Archery club can continue. Rhere is opportunity for additional groups similar to these.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Just ensure that the Council does not sell the land or lose control of it. It is essential to keep for the city's people as public space.

Basketball is one of the sports with the highest numbers of participants throughout NZ. There is a huge lack of court space on the north shore and it is much needed to have a 10 court facility in the harbour region similar to that at Bruce Pulman and trust arena. Especially since the harbour region is the largest basketball region in New Zealand

There is only Waitemata within 30 minutes of Takapuna plus North Shore They are member clubs with very high fees for a casual or learner golfer. Takapuna has been a club where it is simple to go to with a group of friends to play together more for the enjoyment of companionship than being a championship winner - i.e. we are always relaxed when we play at Takapuna. I have played and learnt golf slowly over the past 40 years at Takapuna and would love those younger than myself to have the same opportunity to find the game of golf

It is important to have balance as to who makes decisions as to what facilities are available and who can have access to them. If it's the council then as per the introduction to this point states things go slow and don't always happen, If it is solely commercial then there is a need for the enterprise to make profits which can lead to pricing a greater number of the public out of the use of the facilities.

Balance the use of land for multiple public use, currently there are plenty of sports fields and courts and pitches in relative proximity to the park. But lacking facilities for basketball, pickleball and skater board/scooter/bike tracks for kids. The creation of a more family friendly golf facility would be fantastic too, mini golf, short golf for my kids and a spot to eat and drink.

Other

Tell us Why

Grew up playing in school/club/social-related basketball tournaments held at EventFinda (formerly NSEC). I currently play at the men's opens at the social basketball league ran by harbour. I see this park as the heart of the Northshore and would be greatly disappointed for it to go and/or not be replaced by numerous local indoor courts.

3. What mix of recreation uses would you like the park to provide once redeveloped?

A balanced mix of golf and other recreation uses

Tell us Why

Golf is a great game. But also has park like grounds and is wonderful to look at and walk around. So want to maintain the park

4. What type of golf would you most like to see provided at the park?

9-hole traditional golf course (35-36 par)

5. What other type of recreation would you most like to see provided at the park?

7. Which Park lease approach would you prefer?

Keep all land under Council control

Tell us Why

Council renting land will increase the cost to use the facilities. Sport facilities should be available to everyone in the community. Not as a way to make money!

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

We need indoor basketball, pickleball, badminton and show facility on the north shore. This looks like council do not want to fund what we pay rates for! Rates are paid via the cost of house. So expensive housing gets higher rates. These should be used for all in community to meet the needs of all. Sports keep our young and old fit and moving. Lets invest in the futures of all

We need a functioning indoor sports complex for gymnastics and it needs to be run efficiently.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

The Eventfinda or a similar stadium is a vital part of the area and benefit many people, especially children doing gymnastics, with thousands of visitors per week. Indoor sports like gymnastics are every important for children's overall health and the stadium is utilised all year around. We are in huge need to keep a similar stadium running after the restructuring of the park.

The current Takapuna Golf Course serves as a recreational and amusement park, offering affordable access to countless golf enthusiasts. If the operation is transferred to a private operator, fees for residents will increase several times. Private operators are not philanthropists. The current golf course should be maintained, with the exception of a minimum area.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

The current golf course must be maintained, even if it is slightly reduced.

Affordability is an important aspect as the park is situated in a lower decile area compared to the bulk of the North Shore and people would need access to some things where it is free or at a nominal price, rather than commercially driven pricing

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Important to give consideration to parking in or near the park at affordable pricing, toilet facilities and maybe even an overbridge from Smales Farm bus station to the park for pedestrians ... that would remove need for parking and encourage access.

The park is also located close to at least four schools and wondering whether schools should be specifically targeted in terms of what they would like to see at the park and whether they would use it!

It needs to stay as a golf course as it is one of only 2 public courses in Auckland. All club courses are already very full and offer limited access to green fee players so without Takapuna there will be few opportunities for casual golfers to play.

4. What type of golf would you most like to see provided at the park?

3. What mix of recreation uses would you like the park to provide once redeveloped?

A balanced mix of golf and other recreation uses

A high end 9 hole golf course would be a good public amenity. Other recreation use in a growing community would also be a useful addition.

4. What type of golf would you most like to see provided at the park?

12-hole beginner/intermediate golf course (approx. 36-40 par), 9-hole traditional golf course (35-36 par), Driving range, Short-game practice area / putting green

7. Which Park lease approach would you prefer?

Make sure you give them a specific brief so that the facilities the community want and need are provided. Clearly some of the facilities need to be chargeable for them to make a profit, so the council perhaps can retain the land containing outdoor courts, skate park and fields that you want public to be able to access without charge.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Golf is a really important activity at the park for public who cannot afford the very high membership fees of private golf clubs on the Shore. A 9 or 12 hole course with a driving range would continue this important historic community activity but allow greater utility of the space for other much needed sporting and recreational facilities in the area.

2000 people a week play there. It's the most popular and well used course in the country.

There are plenty of workable options, including a quality nine hole course and a pitch and putt for beginners.

No other suggested sport for the current course has anything like those numbers.

4. What type of golf would you most like to see provided at the park?

Private enterprise is more efficient and would not be a cost to ratepayers. Plus, by the council's own admission, it just doesn't have the cash to provide what people want there.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

It's been a public golf course for decades and it's the main leisure venue for thousands of Aucklanders. Joint use, ie golf and stormwater management, is easily achievable and is a highly desirable outcome.

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

I now live north of Auckland but first learned to play golf- 30 years ago- at the Takapuna Course.

We belong to a country golf club now.

I am continually amazed by the many fit and active 80 and 90 year old regular golfers at our club.

Many are still walking all 18 holes mentally sharp and social.

But there are many juniors too and as new retirees golf is a really important keeping healthy tool, with a perfect blend of physical mental and social aspects.

Belonging to a golf club is expensive however, particularly in Auckland, so likely that if Takapuna was not an option many regulars there might be unable to continue.

The drainage need is understood but do not underestimate the social loss that would be caused by this course closing.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), 9-hole traditional golf course (35-36 par), Driving range, Short-game practice area / putting green

There are very few accessible and affordable golf courses left in Auckland. The loss of Takapuna would mean extra financial costs on everyone who currently uses the course, and also the extra cost, both financial and environmental, of having to travel to an alternative facility, which may be as far away as Muriwai, Helensville, or Whangaparaoa.

Leasing the land will still mean the council gets financial benefits, but commercial operators will be able to generate the funding needed to upgrade the facilities quicker and to a higher commercial/consumer standard. It will also be operated commercially so not hindered by delayed council decisions/meetings for changes to be made.

My reason is that as this is a public golf course, it provides 18 hole playing facilities to a range of people, who for one reason or another, do not a member of a traditional golf course.

Changing this course over to a 9 hole facility, will not challenge the many people who are endeavoring to improve their golf.

Other sports facilities, could be included in any redevelopment, as deemed appropriate.

Mostly golf with limited other recreation uses

Tell us Why

The course is one of the best council maintained and run 18 hole golfing facilities in Auckland. There is no reason why this needs to change, when it already acts as a flood plain for the surrounding area. The course could easily be developed to improve both drainage, storage and act as a sacrificial floodplain at times of exceptional rainfall.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), Driving range

5. What other type of recreation would you most like to see provided at the park?

--

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Open space - space for free play and relaxation, Organised recreation - space for organised sport or clubs

7. Which Park lease approach would you prefer?

Keep all land under Council control

Tell us Why

It is a great example of a well run council facility.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Just keep the 18 hole golf course & driving range.

Play golf at the golf course

2. How often do you use the park?

Less than once a month

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

The park is where i played most of my golf when I first took up the game some sixty years ago. It is its traditional use and in spite of campaigns to eliminate traditional activity I think it should be continued.

I understand there is a need to address some iof the concerns about flood relief but am of the opinion this can be managed in conjunction with golf without seriously compromising tgolf activities.

4. What type of golf would you most like to see provided at the park?

I think it is a hub for golf and to other sports facilities including the stadium as my daughter is a member there and golf is already crowded enough in auckland so less golff facilities means busier golf facilities. The flood lands needs to run by council and sports facilities can be run by private. Makes it easier for both parties.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

I would love to have a golf facility mixed with other sports as it's a great location being central but not in the city and all sports can come together to create a fantastic fun sports environment for more outdoor things to do for generations to come. Life is spent to much indoors and this will encourage the younger generation to have somewhere to do a variety of sports.

Your feedback

1. How do you or your household currently use the park?

Play sport at Eventfinda Stadium

2. How often do you use the park?

Other, please specify: Several times a year, as it is the central venue for our gym club although I work at a different venue.

3. What mix of recreation uses would you like the park to provide once redeveloped?

A balanced mix of golf and other recreation uses

Tell us Why

All sport and clubs are important to their members. They form a central part of people's community, social contact and, often, their identity. As such it is important there is a flood-proof, future-proof venue for the indoor sports clubs that currently use the park. North Harbour Gymnastics is currently the only venue of its type on the North Shore, and it is the central hub for 6 other venues. For this facility to be damaged by another extreme weather event would be devastating for gymnastics on the North Shore and Rodney.

4. What type of golf would you most like to see provided at the park?

Your feedback

1. How do you or your household currently use the park?

Other, please specify: We are a key production supplier for Eventfinda Stadiums Events

2. How often do you use the park?

Once or twice a month

3. What mix of recreation uses would you like the park to provide once redeveloped?

A balanced mix of golf and other recreation uses

Tell us Why

I feel a 9 hole course is a good balance of keeping golf lovers happy while supporting the beautiful area and also expanding the commercial event growth of Eventfinda Stadium if it had a new site

4. What type of golf would you most like to see provided at the park?

9-hole traditional golf course (35-36 par)

5. What other type of recreation would you most like to see provided at the park?

Space to hold events (e.g. community markets, festivals or concerts)

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Equity/Inclusion - a diverse range of experiences the whole community can enjoy

7. Which Park lease approach would you prefer?

Lease some land and keep some under Council control

Tell us Why

I feel a balance is needed and the council should take on the role of caretakers of the nature and beauty side of the park so the wetland area where nature and animals can thrive. But then not have as much red tape when it comes to the commercial side where the businesses are left alone to thrive and boost events etc such as at Eventfinda stadium

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

We have been working in Eventfinda Stadium for close to 9 years now. We have seen the transformation of progress and disaster (floods) first hand and the effects of each. Our future as a company and the future of our employees, contractors and their families depends on the events aspect of this future plan to be thought of and looked after. The north shore needs a large event space to bring exciting possibilities to the area. If Eventfinda stadium was set up like Spark arena a mainly held events with the occasionally sport game like big basketball games then it would be so busy, support so many businesses and so on. With having large events though, infrastructure is also needed. So think public transport (bus routes to include the park) and lots of parking!

Your feedback

1. How do you or your household currently use the park?

Play sport at Eventfinda Stadium, Attend events at Eventfinda Stadium

2. How often do you use the park?

Less than once a month

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

Takapuna golf course is substantially more accessible than other nearby golf courses due to its lower fees and easier play. As the land is unsuitable to be used for housing or transport infrastructure the next best option is to retain Takapuna golf course as a beginner-intermediate level course.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par)

5. What other type of recreation would you most like to see provided at the park?

BMX pump track / skate park / other wheeled play, Space to hold events (e.g. community markets, festivals or concerts)

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Equity/Inclusion - a diverse range of experiences the whole community can enjoy, Heritage - highlighting local Māori culture, Productive land use - using parts of the park for food growing or other resources, Resilience - supporting flood protection and climate adaptation

7. Which Park lease approach would you prefer?

Lease some land and keep some under Council control

Tell us Why

Lease parts of land to commercial operators only where it makes most sense to do so.

This currently one of two public beginner golf courses in Auckland where it doesn't matter how good you are, you are welcome. It's hard enough getting tee times how it is now. Golf is an every increasingly popular sport and you need to support this and redevelop the park back to a full 18 hole course. Yes they take up more space than other sports but this also means more green space, less built up areas in our city.

Tell us Why

Keep the golf course cuz it is a golf course, however have other constructive recreational places to do amazing things.

4. What type of golf would you most like to see provided at the park?

9-hole traditional golf course (35-36 par);Mini golf;Driving range

5. What other type of recreation would you most like to see provided at the park?

Archery;Space to hold events (e.g. community markets, festivals or concerts);Walking / cycling tracks;Nature play / playground;Lawn bowls

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities;Nature - protecting or enhancing the natural environment for people and wildlife;Open space - space for free play and relaxation;Productive land use - using parts of the park for food growing or other resources

7. Which Park lease approach would you prefer?

Lease some land and keep some under Council control

Tell us Why

Council could be in-efficient, therefore do not give all the power to it. Leasing it entirely could lead to unfair privatisation. Therefore have a mix of council+independent operators under one vision - to improve and help society/youth by creating constructive areas.

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

Golf is a sport we should all be encouraging our kids to play.

As they get older, it's one of the few activities that gets them outdoors, away from screens, and spending hours with friends in fresh air.

There's often a perception that golf is an elitist sport — but I'm not wealthy, and I can see the enormous value it brings to society. It teaches fair play, etiquette, friendship, and the importance of staying active.

What The Golf Warehouse is proposing looks absolutely fantastic — and hopefully it inspires more kids and families to pick up the game.

There are very few public go,lf courses and driving ranges in Auckland yet golf is a very popular sport. I have played golf there since being. 16year old so about 50 years and it would be a shame to lose this facility. What is being proposed for the golf and a few other sports sounds amazing and way better than having yet another wetland.

You can't lease land for commercial use, they just going to use it until it's dead. They don't care about community, nature or environment. All they care is money.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Pickleball is a faster growing sport, and it easy to understand why. It is easy to learn and hard to master. It's inclusive, everyone can play, there are event specific rules for wheelchair players. It's affordable, all you need is a paddle and a ball.

With more and more player around the world and in NZ, having a dedicated Pickleball center could bring Takapuna into an international scene. People would come from all over the world to enjoy a game and travel around NZ. Don't miss this opportunity!

Your feedback

1. How do you or your household currently use the park?

Play golf at the golf course, Use the golf driving range

2. How often do you use the park?

Once or twice a month

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

Because golf is becoming very popular and there are very limited places in Auckland that a non rich golf member can play at. This golf course is for the people and is very reasonably priced

4. What type of golf would you most like to see provided at the park?

12-hole beginner/intermediate golf course (approx. 36-40 par), 9-hole traditional golf course (35-36 par), Indoor golf simulators

5. What other type of recreation would you most like to see provided at the park?

None of the above

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities

7. Which Park lease approach would you prefer?

Lease some land and keep some under Council control

Tell us Why

Because council tends to do dumb things with land like flood storage that won't help much and cost heaps

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Leave it as is, this is a crazy expensive solution to a problem. This will not benefit the community as indicated

Golf Warehouse plan will be beneficial to everyone. Hope Council approves plans submitted. It will be a great asset to Takapuna and will provide enjoyment to the public who thoroughly enjoy playing golf.

4. What type of golf would you most like to see provided at the park?

9-hole traditional golf course (35-36 par)

5. What other type of recreation would you most like to see provided at the park?

Outdoor sports courts (e.g. basketball, netball, pickleball)

There aren't too many golf courses in and around that location that are open to the public without requiring affiliation. It's also very easily accessed via the motorways and public transport (busses).

4. What type of golf would you most like to see provided at the park?

12-hole beginner/intermediate golf course (approx. 36-40 par), 9-hole traditional golf course (35-36 par), Indoor golf simulators

Council should keep some land specifically for community interest. I understand they won't be able to afford what a commercial organisation can so let the commercial companies make it a great place for recreational sports.

Please don't build high rises there though.

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

This is one of the few remaining public golf courses in Auckland and as such plays a vital role in encouraging people to start playing golf and keeps it affordable for people that don't have a lot of money. It avoids golf becoming an elitest sport for the rich only. The golf course has some very wide open spaces which could allow walking or bike tracks to be used in combination with the golf course as is done on many courses around New Zealand.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par)

5. What other type of recreation would you most like to see provided at the park?

Other, please specify: Retain the 18 hole golf course

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Organised recreation - space for organised sport or clubs, Other - please specify: An affordable and learning ground golf course - a golf course that can be used by beginner golfer and also affordable for established golfers

7. Which Park lease approach would you prefer?

Lease some land and keep some under Council control

Tell us Why

Leasing would likely allow development of the facilities to a higher standard than council would be able to build. Keeping the golf course and driving range would mean very little investment required from council or external operators.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

I strongly support retaining an 18 holes golf course. I understand that it is possible to achieve the flood mitigation measures while retaining an 18 hole course so can't understand why council are not adopting this option. It appears that council have made a decision ahead of consultation and are only going through the motions of pretending to listen to the community.

Private ownership will ultimately lead to the space not being available for the public - maybe not straight away but it would happen. With the amount of housing being built without land or even small yards public spaces are more and more important for children and families to go to.

This public golf facility is unique in this part of the city. It is very well used by a cross section of people most of whom could not afford to play at expensive private clubs. Loss of this asset is, in my opinion environmental and social vandalism driven by a small group of people. The course could stay as it is and still be used for run off in extreme weather events. No golf would begrudge a few weeks or longer, of closure in these circumstances

There are very few public golf courses available in Auckland City. It provides one of the few regular low cost informal competitive sport options for people of all ages but especially seniors, who use it as a means of socialising, keeping fit and getting outdoors.

If your plan goes ahead it looks like you have already taken half the course which many don't believe needed to happen given the other options. But if it is then leave the rest to those who have continually helped fund its existence are development for 50 years or more by paying fees. There are more than enough pump tracks, dog walking areas basketball and pickle ball courts around the city - there are very few public golf courses. The regular players will suffer enough with the shortened course - please leave that as the extent of your developments

4. What type of golf would you most like to see provided at the park?

Council has always leased the operation off the golf course out to people who know how to run. business. Council is distracted by trying to serve too many interest groups. Just look at your list above - you're worrying about growing food, the environment, diversity, safety, Maori interests etc...stick to the task. The golf course has to be your primary focus or you are guilty of stripping away existing sports and health facilities for thousands of Aucklanders who drive across the city to play - its needed the other things are nice to haves. the golf course is not broken, even though you will divide it, leave one the last few remaining courses alone.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Golf is a low cost recreation for thousands of people of all ages. it is currently undergoing a boom with 25- 40 years olds as well as the traditional seniors. It helps people stay healthy and active, just like the other things you're suggesting. So please leave it alone, there are many many other options for all the things you have raised, copouts etc available at schools and clubs, walking there's thousands of kilometres of bike and walking tracks etc.

With the population growth and housing density, green spaces must be for all, including wildlife, not just the few who play golf. There are plenty of golf courses, or they can build a new one out of densely populated areas. Council land and spaces are for everyone.

Lease part of the land, with the money going directly into upkeep and facilities for all. That minimises impact on ratepayers, and provides community facilities for all. Green spaces should be for all - not just a small cohort of golfers.

Tell us Why

This is a public park, golf has one of the highest entry cost barriers and so dedicating so much space to what I believe is of little use to the vast majority of the public is inequitable. Thus the land should be dedicated to other recreation uses, this is a public park so therefore golf should be the sideshow not the predominant feature. Not to sound ironic but there are plenty other 18-hole golf courses in Auckland.

It is the only 18 hole public golf course in Auckland. There is no need for a wetland area as flood waters could be dealt with by piping overflows into the harbour. The wetland area will be of danger to motorists when low flying birds return/enter the wetland area adjacent to the motorway

This is the only public 18-hole course in Auckland. It provides an affordable option for those learning to play golf - especially young people and women - as well as those who cannot afford a private golf club membership. It was a key asset for me and other women in the She Loves Golf programme to practice.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), 12-hole beginner/intermediate golf course (approx. 36-40 par), 9-hole traditional golf course (35-36 par), Driving range

5. What other type of recreation would you most like to see provided at the park?

7. Which Park lease approach would you prefer?

Unsure

Tell us Why

Need to see the detail. It is not a Council facility, it is a community facility owned by the public. We already have to pay for a round of golf so no problem continuing to do so under private lease, assuming cost is similar. If private sector lease gives us 18 holes and council gives us just 9 holes, I prefer a private option.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Auckland has parks everywhere yet only one 18 hole public golf course. there are plenty of other places people can walk, walk dogs etc. There are huge playing fields just across the road for a start and massive sports stadia all over the north shore.

There are plenty of golf course in NZ, but not as accessible of Takapuna, however, there are far more open space parks available that anyone can turn up to, Private golf courses are already full and busy, at least with Takapuna Golf you don't need to join, taking away this will harm the golf in NZ

take away the golf course and you'll damage NZ golf, People like Ryan Fox and Lydia Co exist because of places like Takapuna, making it a gateway into golf

Typically, the council is making a mountain out of the recent flood, it was a freak of nature and yes it might happen again, or it might not happen for another 1000 years.

The 18 hole Takapuna golf course is one of only two truly affordable accessible public courses in Auckland. If the 18 hole course is not saved, you will deprive current and future generations of a true golf experience (not just a hit n giggle 9 holes like the Golf Warehouse experience at Ellerslie) because most people cannot afford all the other 18 hole Auckland courses. 18 holes is a golf course. 9 is not!

Tell us Why

Keep the status quo with the Korean managers of the golf course . No more backroom meetings with the Golf Warehouse please

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Like many golfers I'm angry and disillusioned about the loss of a proper golf course which many experts on flood water mitigation deem unnecessary. Of course if you ask people what other recreation they want they'll come up with all sorts of requests like kids in a candy store. All of the activities mentioned above could be located elsewhere. People already walk their dogs and cycle round the course. What is the problem you are trying to fix? We understand a commercial arrangement with the Golf Warehouse has already been in the planning over the past couple of years and the excellent current Korean managers of the course will likely be shut out. Where is the transparency?

I think a balanced mix keeps more groups happy whilst building golf facilities that are more accessible for youth and learners.

4. What type of golf would you most like to see provided at the park?

9-hole traditional golf course (35-36 par), Pitch and putt golf course, Driving range, Mini golf

7. Which Park lease approach would you prefer?

Lease all land to commercial operators

Tell us Why

Higher quality facilities, quicker delivery, ongoing revenue to council to help maintain the wetlands and the green spaces.. I really like the proposal of the 9 hole course and facilities aimed at helping beginners, youth etc to give golf a go.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

The proposal to build a 9 hole course and learner golf facilities, move the event finder stadium, build pickleball courts etc seems a great way to keep golf going in the area but also support other local groups and importantly the restoration of the wetland ecosystem and flood resilience. Seems like a great private & council partnership.

Play golf at the golf course, Use the golf driving range, Attend events at Eventfinda Stadium

2. How often do you use the park?

Less than once a month

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

It is the busiest golf course in NZ gives access to a lot of people who can't afford other courses.

4. What type of golf would you most like to see provided at the park?

9-hole traditional golf course (35-36 par)

5. What other type of recreation would you most like to see provided at the park?

None of the above

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

It is the only public golf course in the city where you can book. Golf gets people outdoors in nature, exercising and socialising together. The golf course in Takapuna is used by a wide variety of ages and socioeconomic groups, making golf accessible to Aucklanders. It is also ideal for people learning to play golf.

Access to golf facilities across Auckland has become challenging, costs are escalating and access is being restricted. For those of us who choose Golf as our health and wellbeing activity, removing a facility as valuable as the Takapuna Golf course would have a significant impact on my physical and mental health.

A joint approach will enable costs to be contained but additional funding options outside of council scope to be enabled for the overall betterment of the area.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

The city has significant recreational areas which can be utilized by citizens for a wide range of activities, the impact of removing a specific use facility (Golf) is exponential as there is no equivalent option in near vicinity that could replace it.

The variety of people enjoying this space as it stands today should not be underestimated. I was very surprised at the diversity of ages, gender and use types of groups using the park as it stands today. I expected it to be mostly men in their 40-50s. What a pleasant surprise to see groups of women, people with dogs and a lot of children ranging from 6-young teens.

Golf is a family sport; it is lovely to see adults and their children on this friendly course. It is also a good course for the aged golfer as well as beginners. Both need wide fairways which is the advantage of Takapuna Golf Course. It is very affordable for families and pensioners. Golf benefits physical and mental fitness. Sometimes owners with well behaved/trained dogs golf together; we need more large green spaces in Auckland. With the residential intensification - developers should put aside land and develop green spaces as part of its development and contribute to infrastructure for flooding - instead of relying on existing public green spaces which the community are enjoying and taking it away from the community.

Council can keep use for Golf only operators. Golf is a fast growing sport in the community and is very affordable at Takapuna; We want golf to be accessible to all in the community and not rely on expensive clubs.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

The golf course is good for the wild life; encourage the development of trees and bonds to attract different birds.

Golf is a fantastic activity that brings together people of all ages and abilities. I can play with my 7 year old son and my grandparents at the same time. It is a healthy, wonderful, social activity and there are increasingly fewer options of places to play in Auckland as the sport's popularity explodes. Takapuna is one of only 2 public courses in the city. It is vital.

Your feedback

1. How do you or your household currently use the park?

Play golf at the golf course

2. How often do you use the park?

Once or twice a week

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

accessible public golf courses are far and few between, having this course enables many golfers access to a sport that can be considered exclusive. This has huge flow on effects for health and mental well being. Connection to the community and to other people is also a benefit. There are plenty of public spaces for most activities ,golf is the EXCEPTION to this and is one of the most popular sports across a wide age range.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par),12-hole beginner/intermediate golf course (approx. 36-40 par)

5. What other type of recreation would you most like to see provided at the park?

Off-leash dog exercise area,Walking / cycling tracks

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Connectivity - walking and cycling connections through the park that link with the wider community

7. Which Park lease approach would you prefer?

Keep all land under Council control

Tell us Why

this is a community asset and should not be considered for commercial use where business comes in and pushes out what rate payers for years have been supporting

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

in question 5 there is a list of alternate uses, most of these alternates ALREADY surround the park, what there isnt is a golf course easily accessible and affordable to the public.

Auckland need to preserve these kind of facilities not cut them up and use for other purposes. With the growing population that we have we need more outdoor sports like golf it's the most popular sport in the country it's a sport you can play from young to old. Since Covid more and more people have taken up golf as a form of recreational so why are we reducing golf courses it doesn't make sense when there's a lot of people taking up the sport.

Takapuna is an absolutely crucial venue for all walks of life, giving all levels of golfers with an amazingly valuable venue to practice and play golf. Be smart about it, maintain the golf facility and increase the flood protection. Just because some idiot was playing in his kayak, don't let that fog your judgement and claim that lives are at risk.

The current golf facility is a great asset for Auckland. Please retain its functionality. As golfers, we can accept that the use of the land as flood zone could interrupt its use for golf from time to time. However, this will be infrequent and the rest of the time it should be able to operate very similar to the present.

Providing access to a good quality and affordable golf course within an easy drive of central Auckland should be a priority when redeveloping the park.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par)

5. What other type of recreation would you most like to see provided at the park?

Tell us Why

Allowing a commercial operator (such as Takapuna Golf Club) to manage and operate recreation facilities (i.e. golf course and possibly a driving range), will allow the park to continue to be used by the public at affordable prices, without placing an additional burden on council funding.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Please allow Takapuna Golf Club to redesign their course with the remaining available land so they can provide the best possible public golf course for Auckland.

Auckland is losing its public outdoor golfing facilities. With the loss of the current course, Chamberlain park will be the only full 18 hole public course left in the city where people who aren't members of private clubs can learn and play.

New Zealand is very fortunate to have a golfing culture that is not as elitist or snobbish as it is in many parts of the world and I think it is a real asset for people who may have reduced mobility due to age, injury, or disability, to have access to sport at a reasonable price.

Since the covid lockdowns golf has seen a massive increase in popularity and demand for an outdoor sport that almost anyone can get involved in and be terrible at together is something we should, as a city, be trying to foster and develop.

Auckland desperately needs things to do that are affordable, fun, and not just a beach. Thomas park has great potential to continue to offer that.

4. What type of golf would you most like to see provided at the park?

2. How often do you use the park?

Once or twice a month

3. What mix of recreation uses would you like the park to provide once redeveloped?

A balanced mix of golf and other recreation uses

Tell us Why

All open green space is limited in already built up areas so it must be utilised effectively and fairly. Golf tends to be regarded by Auckland Council as some sort of elitist sport in spite of Rugby and Cricket being hugely supported by rate payers through maintenance of playing fields and provision of field marking and goal posts

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par)

5. What other type of recreation would you most like to see provided at the park?

Nature play / playground, Off-leash dog exercise area, Outdoor sports courts (e.g. basketball, netball, pickleball), Space to hold events (e.g. community markets, festivals or concerts), Walking / cycling tracks

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Equity/Inclusion - a diverse range of experiences the whole community can enjoy, Open space - space for free play and relaxation

7. Which Park lease approach would you prefer?

Lease all land to commercial operators

Tell us Why

Council have important core functions to perform and complex sports facilities and related commercial operations are not those. Better to collect commercially viable rent for assets owned.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

There are alternative proposals from sound commercial operators that must be given serious consideration

Your feedback

1. How do you or your household currently use the park?

Play golf at the golf course, Use the golf driving range

2. How often do you use the park?

Once or twice a month

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

It's the best, most accessible public course in Auckland with a nice outdoor area where you can have a drink after a round. You can't book a round at Chamberlain Park which is very annoying if there a lot of people in the queue before you. Golf is growing in popularity, we need more, not less public courses!

4. What type of golf would you most like to see provided at the park?

9-hole traditional golf course (35-36 par)

5. What other type of recreation would you most like to see provided at the park?

--

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Organised recreation - space for organised sport or clubs

7. Which Park lease approach would you prefer?

Lease all land to commercial operators

Tell us Why

Council rates are already too high, and putting the land under full or partial council control will simply add unnecessary expense.

Something similar to what is there at the present where a commercial lessee is providing a great recreational facility would be by far the best option.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

No really, just a great shame the current 18-hole golf is going with no relocation plans.

Tell us Why

It's about providing a place of sport where the costs are affordable.

4. What type of golf would you most like to see provided at the park?

9-hole traditional golf course (35-36 par), Pitch and putt golf course, Driving range, Short-game practice area / putting green

5. What other type of recreation would you most like to see provided at the park?

BMX pump track / skate park / other wheeled play, Nature play / playground, Open space / picnic area, Outdoor sports courts (e.g. basketball, netball, pickleball), Space to hold events (e.g. community markets, festivals or concerts)

Tell us Why

It has been a public 18 hole course for a long time, Golf is a non contact civilized sport, it is played by all ages, unlike many other sports that are only suitable for the young and physically fit. Auckland has a growing population, and golf has an increasing participation rate, to reduce the number of public courses when the population is growing. is exponential reduction.

4. What type of golf would you most like to see provided at the park?

As much as I love playing golf I realise what is best for the community is more indoor sports facilities especially basketball seeing as how this is the biggest growing sport in the country. It's also the 2nd largest sport worldwide so is only going to get bigger in playing numbers over the coming years.

7. Which Park lease approach would you prefer?

Tell us Why

Being a public private partnership in theory is the best of both worlds for the community. It should mean there is the possibility for more funds so better facilities but also that it will still be available for the public. If it was all leased then it will most definitely become user pays and in turn this would price some sectors of the community out of the market.

The country has many golf courses that are underused. This is not one of them. The golf course provides a safe and cost friendly way to experience a healthy and fun sport for thousands of people. It must be one of the most used and loved courses in Auckland. Its location, price, and quality make it unmatched in the area. To lose it would be a tragedy that no one I know asked for.

Your feedback

1. How do you or your household currently use the park?

Play golf at the golf course

2. How often do you use the park?

Less than once a month

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

Leave the golf course at 18 holes

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), Driving range, Mini golf

5. What other type of recreation would you most like to see provided at the park?

None of the above

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Nature - protecting or enhancing the natural environment for people and wildlife, Safety - providing a safe environment for play, sport, and relaxation

7. Which Park lease approach would you prefer?

Lease some land and keep some under Council control

Tell us Why

Current lease works well for golf course

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Keep 18 holes for golfing public if possible

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

It is one of the few golf places in Auckland open to the public and many people cannot afford to join a golf club. If this facility is removed many of us will no longer be able to play golf.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), 9-hole traditional golf course (35-36 par), Driving range, Short-game practice area / putting green

5. What other type of recreation would you most like to see provided at the park?

None of the above

There are very limited choices for public golf in Auckland. I live in Grey Lynn and the Chamberlain golf course is too congested, the facilities are dated and awful. Takapuna is the only choice for me. On Friday my staff (of 16 people) will be playing golf at Takapuna to celebrate another year of hard mahi and Christmas cheer together enjoying a game that not all of them play but have been encouraged to take up as a sport due to our annual game. We have the best time playing golf together as a team. Sadly, if the golf course goes, so does our team spirit with it because there's no other course to play at. It really would be a disgrace for the whole of Auckland to lose our only well facilitated public course - affordable and within easy reach for people on either side of the bridge.

There are limited other affordable and accessible options to play golf. I expect with an increasingly aged population the pressure on these facilities will only grow - golf being one of the few sports older persons can continue to play.

I think you have to give some weight to the original intent of the benefactors who created the park in the first instance.

I assume the fees current charged together with the charges to the operator fund the expense of maintaining the park. Whatever happens there should be no additional burden on ratepayers.

2. How often do you use the park?

Every day or most days

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

There are very few and getting less PUBLIC golf courses to give access to EVERYONE TO PLAY GOLF. There are clubs for rich people but everyday people can't access those golf clubs!!! If you can fit other sports things eg archery around the golf course all well and good!

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), Driving range, Short-game practice area / putting green, Other, please specify: There are very few places for the public to access golf courses so this has to be the primary function/use of this PUBLIC land! There's a driving range there already don't destroy it! Turn the land into water as other locations do to capture stormwater. Connect it to the par 5 alongside the motorway so it can be one huge stormwater catchment!

5. What other type of recreation would you most like to see provided at the park?

Other, please specify: There are plenty of existing spaces for other sports bc and facilities but PUBLIC golf courses are very few and far between!!!!if you can fit something like archery or other sports in and around the 18 hole golf course all well and good!

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Other - please specify: Why is driving range on there, there is already one there - don't destroy it!! Change it into a lake so you can capture water there and join up to the par 5 along the motorway so it's one huge stormwater lake! It has to remain as a PUBLIC golf course so everyone can access it. Where else can everyday Kiwis access a golf course in the North Shore! There are plenty of private course but everyday locals need this course

7. Which Park lease approach would you prefer?

Keep all land under Council control

Tell us Why

Again to protect the access to the golf course as a PUBLIC facility. Charging green fees and use of the existing driving range and club house for events etc should provide ample income to run the facilities and keep the course open for the PUBLIC!

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

I don't understand why you can't take half of the par 5 along the motorway for stormwater in 1 in 50 year weather events. Why do you need to spend a fortune on wetlands this already coexists with the golf course. I'm sure work could be done to allow the existing waterways and drains to accomodate a stack of water. The whole course is essentially a pond in winter, why change this and destroy the golf course which soooo many people have used over the years. I've used it all my life as have my kids

Golf has been part of this site for decades, and Takapuna is a cornerstone of Auckland's golfing community. With targeted funding and thoughtful development, it could become a high-quality facility that still welcomes players of all experience levels.

Currently, Takapuna provides a unique space where new and less experienced golfers can enjoy the game in a supportive, judgment-free environment, while also offering seasoned players a convenient, affordable course close to the city. Downsizing or removing the course entirely would disregard the needs of golfers and severely limit the sport's ability to grow and attract new participants.

Rather than eliminating this asset, Auckland Council should invest in its improvement—preserving accessibility while enhancing quality for future generations

4. What type of golf would you most like to see provided at the park?

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

When public feedback is sought on the park's future, many responses will come from individuals with little real connection to the site. While their suggestions may sound appealing, experience shows that facilities proposed by those without a vested interest often end up underutilized. This has happened in other developments where new amenities were installed but failed to attract consistent use.

Currently, Takapuna Golf Course is actively enjoyed and well-used by golfers. Removing it to install modern facilities risks alienating Auckland's golfing community and could lead to significant spending on amenities that see far less use than the course does today.

Your feedback

1. How do you or your household currently use the park?

Play golf at the golf course, Use the golf driving range

2. How often do you use the park?

Once or twice a week

3. What mix of recreation uses would you like the park to provide once redeveloped?

A balanced mix of golf and other recreation uses

Tell us Why

I would like to keep it as an 18 hole golf course (if at all possible) as it is accessible and affordable for most - with the existing uses eg bowling club, stadium also to be retained, as in the past my children have played basketball in the stadium which I think is important for teenagers to have a sporting outlet.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), 12-hole beginner/intermediate golf course (approx. 36-40 par), 9-hole traditional golf course (35-36 par)

5. What other type of recreation would you most like to see provided at the park?

Indoor sports courts (e.g. basketball, netball, badminton, gymnastics), Lawn bowls

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Nature - protecting or enhancing the natural environment for people and wildlife, Open space - space for free play and relaxation

7. Which Park lease approach would you prefer?

Lease all land to commercial operators

Tell us Why

Higher quality facilities and quicker turnaround

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

Takapuna Golf is Auckland's most affordable and easily accessible golf facility - the annual fee is affordable to me (and most people) and the system to book and play is easy to and very efficient. A lot of retired people who have been members at other courses around Auckland join Takapuna because it is hassle-free; a lot of younger learners also seem to enjoy Takapuna's easy playable rules and conditions.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), Other, please specify: I believe a smart designer would be able to reform the course in a way to handle the water flows expected over the next 100 years!!

5. What other type of recreation would you most like to see provided at the park?

Other, please specify: 18 hole golf course - Many of the above are already catered for in surrounding Council/Private facilities!

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Nature - protecting or enhancing the natural environment for people and wildlife, Other - please specify: For Golf!!

7. Which Park lease approach would you prefer?

Lease all land to commercial operators

Tell us Why

The current Golf course is well managed - presumably under a land lease from Council? - why not continue it with a flood protection scheme that is sympathetic to maintaining the Golf course.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Takapuna GC plays a key part in golf's accessibility in Auckland. One of very few public access courses, it opens up the game to people from all walks of life, financial means and golfing ability. It has an been a pivotalessential

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), Driving range, Short-game practice area / putting green, Indoor golf simulators

1. How do you or your household currently use the park?

Play golf at the golf course, Play sport at Eventfinda Stadium, Attend events at Eventfinda Stadium

2. How often do you use the park?

Once or twice a week

3. What mix of recreation uses would you like the park to provide once redeveloped?

A balanced mix of golf and other recreation uses

Tell us Why

Our kids play basketball and it's very popular. Although it doesn't need to be exactly here, if you can find a spot outside the flood land for Eventfinda that would be fine.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), 9-hole traditional golf course (35-36 par), Pitch and putt golf course, Other, please specify: Surely the driving range can be relocated elsewhere

5. What other type of recreation would you most like to see provided at the park?

Indoor sports courts (e.g. basketball, netball, badminton, gymnastics), Other, please specify: I said basketball because it needs a hole but it doesn't need to be here exactly. There are already a lot of lawn bowls around. Surely smaller things like archery and pump tracks can be elsewhere.

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Resilience - supporting flood protection and climate adaptation, Other - please specify:

7. Which Park lease approach would you prefer?

Tell us Why

Privatising public spaces isn't usually in the best interests of people who are not well off. Often it is those people who need these outlets the most.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

It seems you can't relocate the golf course and that will be a problem as there won't be enough public courses. Sport is essential for many younger people to stay out of trouble and to connect either others in real life.

Please find a space for the basketball, but it doesn't matter where exactly. Although not too far north, as we already travel from the city as our school Bayfield is in the North Harbour complex. We are happy with AUT, YMCA for instance but it's a ball ache when we travel to Murray's bay it would be gutting if it were moved to Albany for example.

Thank you

2. How often do you use the park?

Once or twice a week

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly other recreation uses with limited golf facilities

Tell us Why

Indoor sports facilities in Auckland are very limited for kids playing sports like basketball. Basketball is hugely popular and space is needed for kids to play.

4. What type of golf would you most like to see provided at the park?

9-hole traditional golf course (35-36 par), Mini golf

5. What other type of recreation would you most like to see provided at the park?

BMX pump track / skate park / other wheeled play, Indoor sports courts (e.g. basketball, netball, badminton, gymnastics), Off-leash dog exercise area, Outdoor sports courts (e.g. basketball, netball, pickleball), Walking / cycling tracks

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Equity/Inclusion - a diverse range of experiences the whole community can enjoy, Organised recreation - space for organised sport or clubs, Safety - providing a safe environment for play, sport, and relaxation

7. Which Park lease approach would you prefer?

Keep all land under Council control

Tell us Why

Auckland needs open space for communities to enjoy. leasing this land will likely reduce access ability to the wider community, create traffic and rubbish etc. The space does need to be opened up to the wider community and less space dedicated to a few who play golf.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Parking at event finda stadium is good, and helps make the space useable for families.

There are only 2 "public" golf courses in Auckland. Takapuna and Chamberlain. We learnt to play on these 2 courses and want to preserve the same facility for others.

Takapuna offers a course without the strictures of a private course meaning you can learn and make mistakes and without the dress and equipment etiquette or adherence to "golf rules".

We play at Takapuna when we can't get a convenient booking at our own club. We have played alongside many free spirited golfers especially women who have been introduced to the sport through "She loves Golf" and are steadily getting their confidence for the game.

Golf for us is a pleasurable sport and Auckland will lose a sports pathway without a course at Takapuna

This should maintain the relatively low cost to golfers as is currently in place. Commercial operators may well shut out new and cash strapped golfers.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

It is a wonderful starting point for new golfers in Auckland. Most clubs have a high, often prohibitively so, joining fee. The opportunity to play golf in a relaxed, affordable and welcoming environment is something which it would be very sad to lose. Once gone it will never be returned.

This is a resource as an 18 hole golf course for Auckland. It has a Net Present Value of at least \$50 million. If the council accepts the Golf Warehouse offer of \$20million it will have lost \$30 million and an 18 hole golf course that is one of the busiest in NZ with 66,000 games played.. There is no capacity at other local clubs if only half the number are able to play.

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), Other, please specify: 4. There are lots of spaces in parks around Takapuna that have space for other sports like pickle ball. It could be strategically planned by council so people could walk to a nearby court. If there are lots of sports at AFThomas park it would cause traffic congestion and extra roading costs to council

5. What other type of recreation would you most like to see provided at the park?

Walking / cycling tracks, Other, please specify: I There are currently dog walkers on the coarse that play golf and others walk there dog as around the outside of the coarse. HDw walkers on the golf course. There is some land spare in small pockets that I would like to see used by locals for community gardens or to provide vegetables for anyone unable to provide for themselves.

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Connectivity - walking and cycling connections through the park that link with the wider community, Equity/Inclusion - a diverse range of experiences the whole community can enjoy, Nature - protecting or enhancing the natural environment for people and wildlife, Resilience - supporting flood protection and climate adaptation

7. Which Park lease approach would you prefer?

Unsure

Tell us Why

Im unsure as it depends on who the lease is sold to. I'm not sure that I trust Golf Warehouse to spend money on maintenance. Currently the Ellerslie Golf Warehouse has 9 holes short course and the driving range are a disgrace. The driving range is an environmental disaster and has thousands of lost balls in a mud pit. The greens on several of the holes are unplayable because they spend no money on drainage or maintenance. The current operator of the Takapuna spends a lot on drainage and maintenance. As a result the golf coarse has beautiful playable greens, he continues to spend money on drainage of the course and plants new trees to replicate the trees in Smiths Bush even when his lease is only monthly.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

If the government decide on a bridge the cheaper option rather than a tunnel as expected because of the cost then Council must consider the Shoal Bay Solution. It will prevent flooding for all those people that were flooded in the Wairau Valley on Anniversary Weekend. We have to consider all those flood victims rather than the wetlands which according to the Heathy Waters report, reduces the flooding by 30% and only saves 8 dwellings and 5 businesses. We could have a wonderful resource of 18 holes and the Shoal Bay Solution works as the best solution for flood mitigation. Also keeping this 18 hole resource is the best recreational use for 66,000 players every year. This is one of the most regularly used reservers in the whole of New Zealand.

There is a whole community that use this course because it is currently affordable. It's a healthy activity for teenage boys, for communities that don't speak much English, fathers and sons, many Pacifica and Maori men as well as overseas visitors. At present 18 holes is affordable. If the Golf Warehouse investv\$20 million they are likely to want higher return.

If the course becomes 9 holes there is no capacity at other local courses for players to play.

The proposed wetland can't work. Since the Healthy Waters proposal they have discovered a 10 meter slab of fractured basalt where the wetland was proposed. This will mean it can't work as a wetland because it will be porous and in the summer the wetland will drain and the plants will die. When the plants die the water becomes stagnant in winter. The alternative will be the huge cost of removing these rocks and making a non porous base.

The environment damage in making a wetland is horrific destroying every tree and it will take up to 3 years before it can be used for golf. Helen a regular 18 hole player at the age of 93 will probably never play again.

5. What other type of recreation would you most like to see provided at the park?

Other, please specify: This is all massive distraction from The general issue of the Council aiding the canibalisation of any remaining open space, eg all golf courses, racecourse,

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Connectivity - walking and cycling connections through the park that link with the wider community, Nature - protecting or enhancing the natural environment for people and wildlife, Open space - space for free play and relaxation, Resilience - supporting flood protection and climate adaptation

7. Which Park lease approach would you prefer?

Keep all land under Council control

Tell us Why

These contracts are notoriously badly written. There are always loopholes allowing undesirable outcomes in the future. Any commercial activity should not involve rights over the land.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

It should be seen in the broadest context. Not merely as a local crisis project. That was alleged to be one of the benefits of the "Auckland Super City". How does it fit with other projects region wide. Eg, why have a driving range so close to an existing one? Is this the last of its kind? Can it be used as an example of good practice for Avondale, Papatoetoe, Green Bay, Western Springs.

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

It's what's there and has been there for a long time that I've used for that purpose.

It ticks the need for a more affordable, relaxed communal feeling golf environment that most golf clubs don't offer

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), Pitch and putt golf course, Driving range, Short-game practice area / putting green

5. What other type of recreation would you most like to see provided at the park?

BMX pump track / skate park / other wheeled play, Indoor sports courts (e.g. basketball, netball, badminton, gymnastics), Lawn bowls, Off-leash dog exercise area, Open space / picnic area

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Organised recreation - space for organised sport or clubs

7. Which Park lease approach would you prefer?

Lease some land and keep some under Council control

Tell us Why

Whether it's lease some or lease all it provides some income back the council while reducing council costs at the same time.

Under the right circumstances and conditions those who lease it hopefully have good intentions for that space that's inclusive for the public

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

There needs to be a golf course there in some capacity or another. Removing that provides too much power and monopoly back to private courses that are already extorting keen golfers

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly golf with limited other recreation uses

Tell us Why

There are a very limited number of Public golf courses available in Auckland. The Takapuna course is accessible and affordable. Most private member courses have waiting lists and joining fees. Golf is increasing in popularity and everyone in the family can play! Housing density is increasing without any corresponding increase in recreational space to service that growing population. This aspect is overlooked in planning considerations. Once taken away it can never be brought back!

4. What type of golf would you most like to see provided at the park?

18-hole beginner/intermediate golf course (approx. 54-60 par), Other, please specify: While we understand the drivers behind the decisions for the wetland, we don't believe the Council tried hard enough to come up with other solutions. It's a case of easy option taking without much thought for the other consequences!

5. What other type of recreation would you most like to see provided at the park?

Other, please specify: This is and always has been a golf facility! The Council should find and create other space for other activities. I have been heavily involved with Sport administration and coaching across a wide range of other sports throughout my life. This is not a case of being fixated on Golf. If Council wants to truly make decisions which provide wide ranging benefits to our communities, it needs to ask better questions of itself in relation to the connections between sports, community, transport, accessibility and housing density decisions rather than making them in isolation.

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Organised recreation - space for organised sport or clubs, Safety - providing a safe environment for play, sport, and relaxation, Other - please specify: Recreational space in developed areas is a dwindling resource. Using it for more housing or intensified development has far reaching impacts on our community, sporting traditions and our culture. Council has duties to its stakeholders that should not be compromised by narrow and short term thinking to resolve particular problems with what seem to be convenient solutions without considering the wider impact of those choices.

7. Which Park lease approach would you prefer?

Keep all land under Council control

Tell us Why

The view that private organisations can or should operate community facilities in a way that properly meets community needs and interests is a misguided and philosophically flawed approach that has been categorically disproven as being effective. Council's fundamental obligation is to provide services to its communities and not to abrogate that responsibility.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Keep the park for golf and work harder at options with the Golf facility and its supporters to achieve a solution that meets both sets of needs and interests.

I have previously played golf at Chamberlain GC, Huapai GC, Redwood GC, Waitakere GC, Akarana GC, Maungakiekie GC & Warkworth GC on a regular basis. I ended up moving to Takapuna GC because of its accessibility. I live in Avondale and still by far, Takapuna is the most accessible, affordable and walkable golf course of all those mentioned. Since hearing about the Council proposed changes, I have investigated other courses e.g. Southhead GC, Helensville GC and Wainui GC and they all have either closed their memberships due to them being full or are priced well beyond my means.

I have been an avid golfer for 40 years and it saddens me immensely that Takapuna GC is going to be impacted by these proposed changes. However, if you these changes have to move forward, then can we please at least have as much of AF Thomas Park utilised as a golf course as possible.

1. How do you or your household currently use the park?

Attend events at Eventfinda Stadium

2. How often do you use the park?

Less than once a month

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly other recreation uses with limited golf facilities

Tell us Why

I am not interested in golf, and will never be interested in golf. It seems unequitable for a large amount of green space to be reserved for residents interested in golf. In contrast, use for other recreation uses makes the green space unusable and accessible for much wider number of Auckland residents, whether or not they play golf.

4. What type of golf would you most like to see provided at the park?

None of the above

5. What other type of recreation would you most like to see provided at the park?

Nature play / playground, Open space / picnic area, Space to hold events (e.g. community markets, festivals or concerts), Sports fields (e.g. rugby, soccer, cricket), Walking / cycling tracks

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities, Equity/Inclusion - a diverse range of experiences the whole community can enjoy, Nature - protecting or enhancing the natural environment for people and wildlife, Open space - space for free play and relaxation, Resilience - supporting flood protection and climate adaptation

7. Which Park lease approach would you prefer?

Keep all land under Council control

Tell us Why

Keeping under Council control is the best means for ensuring the community has a strong voice in any future developments or changes to land use in the park. Council should not be providing valuable green space for commercial interests, but keep the land for use by and for the community. If activities (such as golf) are outside the main business of the Council, the Council should elect to withdraw from using the land from those activities rather than engaging any commercial partners.

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

This is a valuable piece of green space within Auckland. Use for golf strongly restricts how many people can use this land for recreation as only a fraction of Aucklanders are interested in golf. It is unequitable to use such a large amount of valuable green space for only a fraction of residents. Council should focus on ensuring its green space land is usable by the whole community.

As Auckland grows, I feel the park would be better utilised by wider group of people if it caters for other recreational purposes. Not many people around me play golf; some of my friends do play there but it seems fairer if more people could use it. Now, the park is closer to the Auckland central, we should rethink what suits most people during urbanisation.

It provides a balance in having mixed approach. Time to completion is important but the council should also have good say in what is done, and how it is done. And what is done should cater to general public interest, than just a minority group who can afford the profitable commercial activities

3. What mix of recreation uses would you like the park to provide once redeveloped?

A balanced mix of golf and other recreation uses

Tell us Why

4. What type of golf would you most like to see provided at the park?

Indoor golf simulators; Mini golf

5. What other type of recreation would you most like to see provided at the park?

BMX pump track / skate park / other wheeled play; Indoor sports courts (e.g. basketball, netball, badminton, gymnastics); nature play / playground; Outdoor sports courts (e.g. basketball, netball, pickleball); Space to hold events (e.g. community markets, festivals or concerts)

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities; Equity/Inclusion - a diverse range of experiences the whole community can enjoy; Nature - protecting or enhancing the natural environment for people and wildlife; Resilience - supporting flood protection and climate

adaptationion and climate adaptation; Safety - providing a safe environment for play, sport, and relaxation

7. Which Park lease approach would you prefer?

Lease some land and keep some under Council control

Tell us Why

I chose this option because it allows development while still keeping part of the land managed by the council, ensuring transparency and protecting community interests

3. What mix of recreation uses would you like the park to provide once redeveloped?

Mostly other recreation uses with limited golf facilities

Tell us Why

A purpose built gym like Bruce Pullman Centre

4. What type of golf would you most like to see provided at the park?

None of the above

5. What other type of recreation would you most like to see provided at the park?

Indoor sports courts (e.g. basketball, netball, badminton, gymnastics)

6. Whether you currently use the park or not, what do you value most when thinking about the park's future?

Affordability - providing low-cost or free activities; Organised recreation - space for organised sport or clubs

7. Which Park lease approach would you prefer?

Tell us Why

Unsure which selection. Currently North Harbour gym club shares building with other organisations while other sports have their own purpose-built facility (e.g. hockey, netball, badminton, tennis, etc.). The gym was badly affected in the last flood and took a lot from the community to recover. A purpose built facility will ensure future for the sport, with spectator stands could bring in overseas competitions leading to revenue to North Shore businesses

8. Do you have any other feedback about the future recreational use of AF Thomas Park?

Do not build any residential properties/houses/townhouses/apartments etc.
