Proposed updates to the council's local park dog access rules

#1

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Location 1

What is the full name of the location where you want to change the dog access rules?

What local board area is this location in?

In general, how would you like dog access at this location to change?

Tell us why

Do you want the change to apply to the entire location or a section of it?

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

Do you have any further comments about dog access rules at local parks or beaches?

The more off leash spaces the better, that way we can better train and socialise our dogs, and they will be safer for the general public. Making spaces on leash is going back in time.

We need better signage and enforcement across the whole of Auckland. People with little or no control of their dogs, and people failing to respect on-leash restrictions are a chronic issue from Rodney to Franklin. Create jobs. Make our open spaces better. Give Auckland's dogs better lives with better training. Hire more enforcement officers.

The Council signs are not straightforward enough and the Council needs to enforce the regulations.

I would prefer on leash in parks. Children, elderly are at risk from dogs startling them; picnic eaters don’t want to share with someone’s dog.

Yes - I understand why dog access is limited but it is becoming very challenging to own a dog. Additionally, lack of space for exercising dogs is leading to behavioural problems and other issues. If you remove any more areas please replace it with another option in a better place.

I kindly urge the Puketāpapa Council to keep the current access and rules for Monte Cecilia Dog Park unchanged. This park has been a wonderful space for dogs and their owners, attracting regular visitors from all over Auckland. Over time, we've built a close-knit community here, and Monte Cecilia has earned its reputation as one of the best dog parks in Auckland.

Public spaces should be shared for different recreational users and this includes dogs and dog owners - providing times when dogs are allowed to run off leash is important and early mornings are perfect because other users are not usually using these spaces at this time. This also makes it clear for everyone.

Do you have any further comments about dog access rules at local parks or beaches?

I think that dog access to all of the parks across should be reviewed and wider (off leash) access considered, but only if the number of dogs being handled by any person is limited. If there were more off leash areas permitted then you would have less concentrations of dogs off leash and give owners more choice about where they can exercise their dogs. There are lots of suitable places and many of the off leash parks are far from suitable (lack fencing etc)

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To respond to opportunities for greater dog access without impacting other users (e.g. an area to take a dog under control off a leash). Please specify:I believe that this entire park is suitable for off-leash dog walking, as long as the owners have suitable control.

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

This entire park is suitable for off leash dogs. I am very frustrated with the limited opportunities in my neighborhood to give my dog an off-leash walk.

There are very few places in Auckland (comparative to the dog and owner populations) that we can take our dogs now. Council and Central Government are investing heavily in dense infill housing in urban areas, most new houses and those that have been subdivided have minimal space on the property to ensure dogs have enough space and room to play and exercise. Responsible dog owners who pay their registration fees should expect Council to use them to fund dog friendly spaces of an appropriate size and hold developers accountable for providing this in new subdivisions. An example of where this has been poorly executed in the newish dog park in Auranga, Drury. There are thousands of houses being built there all with very small section sizes and the houses take up almost all the space on the sections. A dog park has been developed but it is extremely small and an inappropriate size in comparison to the size of the subdivision. Currently very few houses are occupied and the dog park is too small for more than 7-9 dogs. When dog spaces are too small this does not allow for less social dogs to have space from dogs who want to play together and also does not allow enough room for groups of dogs to run freely over larger distances. Dogs feeling cramped and stressed is what leads to problems between dogs, even dogs who are usually well behaved with other dogs. Council seems inclined to collect registration fees from responsible owners and only use them to fund Animal Control and dog pound facilities for dogs who are roaming, not looked after or not contained by non-registration paying owners.

2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

With areas being more built up and the loss of the 1/4 acre section we need large green spaces for dogs to run free. High energy dogs can need a minimum of 30 mins each day and it is also good for their owners too

Ensuring our dogs have regular places to go to and get their dose of exercise is important. These limitations and severely restrict where people take their dogs for walks and exercises which can impact the health and well-being of dogs and can cause behavioural issues and more harm.

Mt Eden/ Maungawhau is the local walking place for my family and our two dogs. We socialise with other dog owners there, as do our dogs and a large number of other dogs. Most of these dogs are of a small/ medium size, with the largest being labradors or dogs of a similar size. As far as I am aware, there has been absolutely no problems with dogs here. The council should make provision for leash free times of the day, say from 6am to 9am (ie. Before tourists visit the Maunga) to give the citizens and ratepayers of My Eden , Newmarket and Epsom and their dogs, the freedom to enjoy the local natural environment.

Do you have any further comments about dog access rules at local parks or beaches?

Yes - the dog access rule signs are incredibly confusing. Firstly, all the park sites on the council website have verbal descriptions of where you can and can't go in a park with your dog, which is very hard to decipher. It would be better if there was a map of each area with the areas highlighted. The way the dog walking rules are laid out are super confusing, please get a BA or UX designer to review as it takes me 5 mins staring at the sign to work it out and even then I'm not sure!

Do you have any further comments about dog access rules at local parks or beaches?

Dogs do not need to be allowed everywhere. We should prioritise creating safe, dog-free spaces that can be enjoyed all year around.

There is a particular loophole around playgrounds that are very close to beaches (such as Stanmore Bay beach and Browns Bay beach) where dog owners frequently walk through with their dogs off-leash as a walking path runs directly through or beside it, or access between the beach and path can be gained through it. This has led to several unwanted encounters between dogs and my young children. More needs to be done to prioritise the safety and comfort of children in these spaces. I believe these areas should have times of day where they are prohibited to dogs, applied year-round.

Beaches should have times of day where they are prohibited to dogs all year round. Our local beach is a space we would like to enjoy throughout the year, but my small children's fear of dog encounters currently makes this impossible.

Well behaved dogs under control should be allowed at all beaches and all parks at all times. Council should enforce existing hog control rules on owners of dogs that are not under control rather than penalise good dog owners and their pets.

There are limited spaces available in Auckland to walk your dog off leash. Off leash time is important to the wellbeing and health of a dog. A dog owner wants to get exercise at the same time. Ensuring the whole mountain is off leash provides this.

I think off-leash areas should be widened in Central Auckland as it's really hard to get areas to take your dog where you can also get exercise yourself. Having off-leash periods works well at places like Pt Chev beach and this is a successful model that allows everyone the opportunity to enjoy the environment. It is of course important that dog owners are responsible by keeping their dog under control and picking up after the dog. I think the majority of dog owners are, and shouldn't me made to pay for the actions of a few.

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Just reiterating the importance of off leash play and socialising for dogs in a safe place. If owners are actively watching their pet and engaging in play then I don’t see why any rules need to change.

Do you have any further comments about dog access rules at local parks or beaches?

As per my earlier responses, dogs should be required to be on leash at all local parks and beaches, apart from within designated, fully fenced off leash dog exercise areas. There are horrifying stories every day of vulnerable animals and people being attacked by aggressive off leash dogs. The only way to turn the tide is to make stronger rules and enforce them with fines and impounding to teach the owners a lesson.

I value maintaining and conserving the environment, but fail to see how the council has concluded that off-leash dogs are the major threat to it at Soldiers Bay and Kauri point.

The wildlife that is discussed is non-existent. There aren't any endangered shore nesting birds there. The other birds simply fly away when a dog approaches.

I would be more receptive to the idea if the council had been demonstrating more authentic interest in maintaining the environment through the inclusion of more bins and beach clean ups. Instead, Soldiers Bay is plastic ridden, with glass shards and empty cans scattered amongst the sand. Saying that the reason for the changes is to protect the environment is ridiculous as more straightforward solutions are staring the council in the face.

I am fearful of dogs, I particularly fear for my grandchildren when I am caring for them and dogs are running loose in the parks and on the beaches.

Even when I mildly point out the council signage I sometimes get into conflicts with dog owners who can be very aggressive.

I would like to see dog access to parks and beaches severely limited and much better monitored.

Responsible dog owners should have their dogs under control when allowing their dogs to go off leash, and I think there could be qualifications that people can go through with their dogs to prove that e.g. canine good citizen.

Remember we pay rates too & having areas for dogs is very important if you want to keep people living in your suburbs.

Tend to find that locals on Waiheke keep to dog rules very strictly. However those coming off boats and tourists flout the rules regularly. As can be seen when visiting beaches during the day during the summer season.

Dogs off leash should not take precedence over the quiet enjoyment of the beach by young families, visitors and local residents. There are numerous events of enthusiastic dogs not controlled by their owners bounding up to young children and scaring the bejesus out of them, not to mention polluting the sand with faeces and urine.

Do you have any further comments about dog access rules at local parks or beaches?

Why can't humans have at least one beach around the Devonport peninsula that we don't have to share with dogs; dogs peeing in the sand, leaving their droppings in the line of seaweed or up on the grass areas where people sit to picnic, dogs that run up to us and sometimes knock little children over. Why do dogs have to have free range of every single beach? Why can't there be one or two beaches and parks designated for dogs so that we don't have to share every space with dogs. Dogs run freely over North Head in spite of the on-leash signs. Most cities overseas have designated dog exercise parks and dogs are not permitted to run free in any other parks,

Can we please have dog-free areas so that humans can enjoy the area too and also can we do something about having a dog control person either located in Devonport or at least visiting much more often and enforcing rules because Devonport dog owners know they have free rein to ignore any rules and those owners seem to be increasingly outnumbering the few responsible owners.

Dogs should be allowed to all parks and certain beaches. There should be more punishment for people who fail to pick up dog litter. Have the dog removed for a night would really force people to making a difference.

Some people should not be allowed to own animals though. Those people, you can ban from parks sure. But NZ can't even out them in jail for murder so what can I say? Just NZ being useless as always. You take away from the people that do the right thing and let ferals do what ever. Well done.

No just target the unlicenced dogs and untrained owners, I never see a van doing door to door in West Auckland you can easily see the unlicenced mutts, barking and snarling at everything that passes..

Currently it doesn't feel like any of these rules are enforced - I always follow dog access rules with my dog but constantly pass people who are breaking them when we go for walks - dogs off lead and not under control. They don't care because they know they are never going to get caught or fined and are abusive when you tell them they are in the wrong. Especially in Le Roy's bush where it is a significant ecological area and dogs are off lead all the time, in the bush in the stream. What is the point of having these rules of no one ever follows them

We need more places for dogs to run ‘& play . Of course I mean responsible dog owners only. Could registered dogs use places?

It’s wonderful for the community , for forming connections and getting outdoors .

Beaches need to allow dogs if there is no wildlife. Beach holidays are a waste of time when we can’t go to the beach until 5pm .

New Zealand is rated as the most dog friendly country. I believe there should be more accountability for ignorant people that aren't aware of/respect the space that dogs require and less blame on the dogs. I have had too many issues with humans who feel that they don't have to listen to me when i ask for space to support my dog and let their dog at her or ride their bike to close to us, despite being asked not to.

Parks and beaches often host threatened wildlife, and they need to be protected against people who see them as glorified dog runs. No exceptions to the on-leash rule here.

We have a high energy rescue dog who requires daily walks. In a month, we might go to 10 different dog parks and beaches.

I'm also an amateur dog agility handler and require off leash areas to train my dog as my yard isn't big enough for a course. Please help me reach my dog's full potential and not take away our precious off leash parks (maybe we'll go to Crufts one day!)!!

Dogs require a mix of off leash and on leash areas to ensure they are mentally and physically tired out.

As the dog population increases and dogs live in small houses or apartments, appropriate exercise areas need to be readily available

Rather than relying on superficial fixes, AC could make a real difference by emphasising education to improve industry practices and introducing licensing for accountability. These measures will address the root of the problem more effectively than arbitrary limits.

As an active member of my community, I strive to see the benefits of both sides of these proposed changes. I understand the importance of creating a safe environment for sports, which plays an instrumental role in fostering community spirit. However, vastly limiting dog access to both Madill's and Glover Parks risks creating an unwanted divide within the community, undermining the inclusivity and shared enjoyment these spaces provide.

Do you want the change to apply to the entire location or a section of it?

Entire location

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To reduce owner-related problems (e.g. owner ignoring rules, dogs not under control, dog faeces not picked up, etc). Please specify:Many dogs not under control run up to people and children and frighten them and jump up on them on the beach and whilst swimming and picnicing. Faeces are a health hazard even after being picked up particularly for children.

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

Dog numbers have increased and so have the issues listed above. Summertime in particular should be FOR PEOPLE enjoying the beach.

10am is far too late for dogs off leash in the morning in summer particularly with a morning tide. 8am would be a good compro

It is all right having rules BUT the dog owners do not respect them and there needs to be enforcement. I don't want to have to ring and complain. I would like to see more regular patrols

Dogs are becoming more and more widely recognised as family. Westfield Newmarket and many local malls ie Eastridge and Orakei Bay Village welcome dogs as do many hotels. In Victoria it is illegal to discriminate against renters on pets. Why is Auckland Council going against progression and punishing responsible dog lovers.

Please leave as is. I am a ratepayer and a responsible dog owner. My dog goes on walks with a very experienced dog walker. You are punishing us. The irresponsible dog owners will continue to do as they please. Your rules are going against the responsible rate payers

Dog walking has any positives, from exercise, social interaction with other dog owners, exercising the dogs which helps with their health and behaviour overall. Instead of restricting access to popular dog walking areas (excluding dotterel breeding grounds) is the wrong approach and instead specific dog walking areas should be promoted.

With so many proposed plans reducing dog access to sport pitches, should some of them succeed, I think there's is an increasing need for regular dog access areas throughout the year in all residential suburbs. For example if sport pitches and beaches are prohibited, what extra provisions are being made in local beach communities?

Do you have any further comments about dog access rules at local parks or beaches?

Don't ruin businesses by reducing the already small number of beaches/parks that allow dogs off-leash. It does not work having some on lead some off.

I find it interesting that dogs are seen as the primary villain affecting wildlife, causing kauri die-back disease and potentially injuring people. While I agree that some dog owners are irresponsible, I note that cats are free to roam in our parks and are recognised predators of wildlife. Further, I am much more concerned for my safety in parks and on beaches in the presence of drinking/drunk/drugged people rather than an occasional dog.

You have a requirement to listen to the majority of users. Not just a minority that use the park as a sports field for sporting activities. We all pay our rates and therefore should all get access to our parks whether it be walking dogs or playing football. It would be completely undemocratic to stop dog walkers walking their dogs on the sports fields at Glover Park.

Restricting parks further for dog users only means limited options to walk dogs, having to travel by car to get to a dog park and more dogs on more limited space. There are plenty of dog free parks and areas already and people can choose to frequent these of they don't feel comfortable near dogs. No reason to add more restrictions.

Summer access for beaches makes absolute sense (and likely helps save dogs from being taken on hot sand on hot days) but the off leash on water line to on leash on the beach is complicated and confusing....perhaps just allowing off leash under control (which off leash should always be) on the beach anyway?

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

The proposed changes seem unbalanced. I don’t complain about cyclist using these paths at parks. We all have share and just get on with it but be respectful and responsible.

Do you have any further comments about dog access rules at local parks or beaches?

Please be sensible across the board. All people currently have good access to parks and beaches and dogs are usually excluded at peak times or restricted to on leash. Most of us are responsible dogbowners who pick up droppings, train our dogs well, follow rules and are considerate to other park users. This has been the case for many years and as usual most problems are caused by a small minority of owners who flaunt the rules. Please do not penalise the rest of us on this basis.

Entire location

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To respond to opportunities for greater dog access without impacting other users (e.g. an area to take a dog under control off a leash). Please specify:If the dog is not under control then the inspector's have sufficient power to apply penalties and/or offender's punished in the event something bad happens. Creating more rules that are largely unenforced undermines trust for all parties.

Yes these changes seem to be confining dogs to private property. How is the council proposing to deal with the animal welfare issues which will arise as a result?

The number of people using the Madills and glover parks for sport significantly exceeds the dog users. We need to value our green spaces and allow the continued use for physical exercise.

Monte Cecilia park - I could not find the option in the drop down menu.

Monte Cecilia Park is a wonderful dog friendly Park that many people show a patronage to. We have a great community and there's never any trouble. Making this a lead only park would lead to many to chosing another park to walk their dogs. We've had open discussions about this with at least 40 dog owners and we are all in agreement. Lead only might be suitable for other parks but definitely not for Monte Cecilia

There should be a better mix of dog off leash walking beaches and people/children/non dog lover beaches at all times of day and year. For example from mission bay to st heliers there are a number of beaches all with the same dog access rules which preclude responsible dog owners from being able to walk and socialize their dogs except at certain hours which do not align with everyone's schedules. If one or two of those beaches were dog off lead beaches at all times and year round, people could have the choice of which beach bests suits their vibe and needs. The same for all aucklands coastline and beaches so that all residents have all options nearby at all times of day and all days of the year

Cameras and drones to monitor as there is a n extreme shortage of control staff on the island. Send fines after monitoring. Poo, by the way is the least of your issues. Wandering dogs are a big problem and people who have too many at a time. In a situation where even only 2 dogs pack and attack it comes out of nowhere and when they are off leash the owner can't get them all back under control. Dogs are fast and will return to attack again doubling back while the owner is trying to just get one of the dogs under control. More than any human can manage.

Any owner with more than one dog accompanying must have all but one on a leash. Simple. Only one dog off leash at a time unless in an enclosed compound.

As a responsible and proud dog owner, I want to share my perspective and encourage a spirit of understanding within our community.

I have always ensured my dog is registered, follow all dog access rules, and make every effort to respect others while out and about. I believe this responsibility is key to fostering a harmonious environment for everyone.

That said, I feel it’s important to address a broader issue. Dog owners and those without dogs should not find themselves at odds. Dogs are known as humanity’s best friends for good reason—they bring joy, companionship, and countless benefits to our lives. Like us, they deserve spaces where they can exercise, explore, and run freely. Access to designated areas, beaches, and pathways is vital for their health.please don’t take away the limited areas they have.

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Location 1

What is the full name of the location where you want to change the dog access rules?

Browns Bay beach

What local board area is this location in?

Hibiscus and Bays

In general, how would you like dog access at this location to change?

Tell us why

Change the current rule to allow dogs under control on a leash

Do you want the change to apply to the entire location or a section of it?

Entire location

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To reduce owner-related problems (e.g. owner ignoring rules, dogs not under control, dog faeces not picked up, etc). Please specify:Owners not able to recall dogs, lots of children and family areas. Lots of dog owners not cleaning up after dogs. Some aggressive dogs with inept owners

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

This is a very popular beach and there are often too many dogs, aggressive incidents between dogs, owners not in control of dogs or able to recall. Lots of responsible owners too.

Do you have any further comments about dog access rules at local parks or beaches?

With smaller properties and more town houses being built, it is unreasonable to be restricting dogs access to areas to run away or even go for a walk. If more areas are taken away from dog owners, more dedicated areas or mixed areas should be set so they can take the dogs out without breaking the rules

Unclear if “allowable water areas” includes the sand right next to the waterline. Dogs run in and out of the water while walking along the beach and not sure if this is allowed after 5pm in summer or if they would still need to be on a lead

Just think better enforcement is required. Especially regarding picking up of dog poo. There is always dog ********** on pt chev road and it's really frustrating.

Do not punish the many to control the few. Ensure council animal management and officers are resourced to manage the few. Dog owners have rights and pay licence fees for our dogs that money should be used to manage those who break the rules. Also make dog owners more responsible with more requirements on them to be qualified owners. Other countries manage to do this. I just came back from Europe and dogs are in Cafes, pubs and on trains without muzzles. We have a training and compliance issue of a few uneducated owners. Take back control and focus on the real problem. What you are doing is similar to giving compliant car owners parking tickets for the indiscretions of the car they parked next to. How is this fair or logical?

Additionally cats do more damage to our native birds than dogs. Where are cats being managed to be restricted too?

I support our parks and animal management teams but this is a one sided and loaded consultation based on complaints. No one ever calls council for anything but complaints. So the data and research is flawed.

There needs to be stronger penalties and easier access to dog control. We have been out and our kids randomly nipped by dogs while standing still. Eg: two weeks ago our 4 year old was nipped while standing between us looking at the view at the top of mt Eden. The owner stated his dog will go a little kids and while the dog was on lead he didn't take it around us on the alternative path at the top. There's just no where safe for kids. It's rediculoius how dogs rule out lives. We have no rights or access to immediate help with menacing dogs. It was totally unprovoked and now we feel we can no longer visit this area.

Our beaches , walkways and parks are covered in dog feces.

As houses are build on less land people are taking there dogs to areas where they shouldn't be and there's no repercussions. Go to any playground eg takapuna playground any day and I guarantee there's a dog by the swings or slides.

Clarification of rules are great but often people know and just do what they please. Consequences need to happen for change

The times dogs are allowed off lead/on lead in summer and winter is reasonable as it gives both humans and dogs a chance to enjoy the local beaches in a safe manner.

Keep in mind demographically dog owners tend to have the time and energy to lobby aggressively. Less so eg parents with young children. The dog lobby has been given a lot of access rights in the past decade or so. Enough is enough.

Fine bad dog owners. For dog walkers let them walk as many dogs as they want but on the leash certain times of the day. Have the owners show a dog training cert if you think 6 dogs walked by one person is unsafe.

We’re very lucky to have so many parks and beach areas. Unfortunately the beaches often have dog excrement on the sand and the parks have holes in them. I think if dog owners needed to keep them on leash this would improve. Thanks

Maybe more fenced areas for off leash dogs, as I don’t think a lot of city dog owners today understand what “under control” actually means.

2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

I would like Council to consider allowing dogs on beaches during peak time like summer only if the weather is raining and unlikely to be used by families wanting to enjoy the beach.

Just people shouldn't let dogs onto playgrounds or around small children as this makes children a target for dog attacks. I know a few owners will be responsible but orthers don't.

Please ban dogs from beaches

Find a way to report irresponsible dog ownership. How can we possibly remedy bad ownership with untagged dogs running free and/or aggressive owners who refuse to keep their dogs leashed in leash only areas? No wonder dog attacks are increasing. I have never, once, had an owner respond appropriately when asked politely to leash their dog, yet no way to enforce/complain/fine.

To respond to opportunities for greater dog access without impacting other users (e.g. an area to take a dog under control off a leash). Access to mellons bay beach in Howick. This us an excellent beach for dog walking as it is safe , with no roads running along side. This beach is not often ysed by families all day in summer and it would be a bonus for dog owners to allow access to the whole beavh all day in the summer.

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

Do you have any further comments about dog access rules at local parks or beaches?

Dogs need controls, leashes or long lines, yet everyone supposedly has control of their off leash dog. How many dog fights, kids getting bit, loose dogs causing crashes or just roaming and making certain areas more unsafe. When will it change, these rules should apply to most parks in New Zealand provided that the council makes more of an effort to provide more offleash areas, the amount of reactive dogs I deal with due to every person letting their dog off is sickening and in thjs country there's no legal accountability. Change needs to happen

Cats are responsible for far more bird killings than dogs! Why do you still allow cats to be unlicensed, un-neutered and to roam freely???

There are NOT enough off-leash dog exercise areas in Auckland. Many more in ALL areas need to be provided URGENTLY.

LARGE areas, not small areas!

Dogs SHOULD be allowed on-leash in all parks and beaches and many more parks and beaches should become off-leash

Dogs are already limited in the spaces they can use, and removing more and more of these areas makes being a dog owner mire difficult. Rather than punishing responsible owners, I would like to see more enforcement of current rules and harsher penalties for dog owners not following current restrictions

While restrictions can sometimes be necessary it's important that it is not only the non-dog owners who are listened to. Dog owners pay rates and they deserve reasonable consideration. The sports users at Madill's Farm repeatedly attempt to change the dog rules and deny access keeping a large majority of the park to themselves, I feel this is selfish. Council needs to allow everyone to use the park for the purposes that suit them.

I think the current rules as they stand are very fair. There are many alternative locations in close proximity for people not wishing to come across off-leash dogs can visit. For dogs however, their welfare in this country is diminished and taking away further places they can be free to be stimulated mentally and physically is a backwards step towards fixing that. As dog people, we accept there are few places we can take our dog and allow them off leash in our local areas, and we don't push for more and we abide by that because we understand many people don't enjoy the company of dogs, so perhaps those people too should respect that in return, accepting that the amount of on-leash or dog free areas in the community far outweighs the amount of off-leash, and they should just attend those.

A well exercised, well stimulated dog will be better behaved and safer in our communities.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Location 1

What is the full name of the location where you want to change the dog access rules?

Takapuna Beach

What local board area is this location in?

Devonport-Takapuna

In general, how would you like dog access at this location to change?

Tell us why

Change the current rule to allow dogs under control on a leash

Do you want the change to apply to the entire location or a section of it?

Entire location

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To reduce owner-related problems (e.g. owner ignoring rules, dogs not under control, dog faeces not picked up, etc). Please specify:Reduce ongoing dangers especially to children, dog owners who refuse to pick up dog litter (health and safety), and reduce anger/ conflict that occurs regularly between dog owners and non dog owners.

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

It is simply a matter of time before another savage dog attack occurs. Auckland Council can prevent this by enforcing a bylaw that all dogs must be on a leash, at all times on takapuna and other Auckland beaches.

Location 2

Local parks are often the only spaces available for people to exercise their digs (and themselves) cou cil should be aware that reatricting too far or without clear reasoning these areas will lead to hardship in these communities, and increased likelihood of irresponsible owners breaking "unfair" rules (leading to lesa safe outcomes).

This inlet is perfect for off leash on the beach. There's a river to play in, and when the tide is out there's nowhere for them to get out.

Most dog owners know this is a great place and it would be best to make it legal and not an offence.

Please do

The music and rubbish is worse than the dogs and it would be good to see the council manage the people who dumb and create noise, especially boom boxes at the beach, they should just be banned.

The increasing amount of dogs means they are becoming more of a nuisance to people without dogs so greater separation and areas that are dog free should be enabled. As well as designating areas suitable for better dog access with fewer restrictions (away from wildlife and density of people).

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

I feel that the Council has not taken into account the increase in population in the Auckland area. So more people using beaches and more dog owners. The old rules do not take into account the increase of beach use.

Off-leash areas for dogs are an excellent and important resource for the people of Auckland, to reduce the number these spaces would be detrimental to the livelihoods of dogs and their owners. With less and less private outdoor space being available with ever increasing population density, the off-leash areas in local parks make the world of difference for dog owners - the owners and the dogs can exercise and socialise, which is important for everyone!

Dogs are part of many thousands of families. Dog owners are a substantial demographic. Restricting access to off leash areas will force more dogs into limited spaces risking reactive behaviour as dogs are overwhelmed without space to avoid each other.

I think the responsible dog owners should permit could be expanded to include rights to park access provided behaviour continues to be managed.

I think the council has a responsibility to provide more generous access for dog owners to enjoy Auckland. Bad dog owners should be policed with greater resources provided to do so.

I would like to suggest that the responsible dog owner

Council has a tough job here arbitrating between those who have sadly had dogs attacked and those of us who are good, even great dog-owners who take full responsibility for dog behaviours. Although dogs are licensed, perhaps owners need to be licensed as well?

Entire location

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To reduce owner-related problems (e.g. owner ignoring rules, dogs not under control, dog faeces not picked up, etc). Please specify:Need to reinforce dog in lead at this site- furthermore this needs to be a SHORT leads. Many near misses with weaving kids both off leash and on long leads while riding. Many people walk their dog walking close to one railing with the dog on lead walking

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

Do you have any further comments about dog access rules at local parks or beaches?

We need significantly better enforcing of dog regulations and a public education program to identify and discourage antisocial dog owner behaviours. Owners may love their dogs but they need to realise others may not and that everyone (including those who are intimidated by dogs) have a right to enjoy our parks reserves and always without harassment

Proposed updates to the council's local park dog access rules

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Most of the new proposals seem to be limiting dog access rules. I am against this. There is plenty of spaces for humans without dogs to go to.

There needs to be more dog off leash areas, not less, especially in the North Shore where there is only Sanders Reserve which is not close at all for most people to access.

I support 'on leash' as a way to minimise impact on wildlife and help with coexistence with non-dog owners.. I do not support total denying of dog access to beachs and grass areas snd regional parks because of conservation, but providing total access for dogs as long as they are on leash is a good solution, with hefty fines of$400 to ensure owners keep their dogs on leash. On-leash and full access for dogs on leash provide fair access to public shared spaces for dog-owners, rather than unfair access and discrimination.

On leash is generally fine. Peole will always take their dogs off leash and as properties get smaller and gardens get smaller, people need places to exercise their dogs off leash. Please do not ban all off leash dog activities. I do not support restricting dog access in places they were allowed. I might support on leash changes.

I do not support the prohibition of dogs on sports fields. Responsible dog owners do not allow their dogs to wreck the playing surface nor leave dog poo lying around. These are wonderful safe areas for a family to take their beloved pet. For us who have an autistic son this rule restricts where we can go and play as the dog is a support for him. It means having to travel further which in itself is a stress for our son.

Make few parks off lead. You can propose changes to dog on lead at all times depending on the breed and size of dog and how well the dog has been trained not to jump on people or attack other dogs but not all breeds of dogs z

I think that in any public place, including the beach, the owner must keep the dog on a leash, unless it is in his family's private area. I have to say that many vicious dogs are arbitrarily untied by their owners in public places, which threatens the safety of others.

Do you have any further comments about dog access rules at local parks or beaches?

I think it is reasonable to restrict the number of dogs one person can walk safely at a time. I think restricting dog access and off leash areas is unnecessary and only punishes responsible dog owners and their dogs while not changing the problem which is the group of antisocial people who should never be allowed to own dogs in the first place

I do not support any reduction in dog access areas. Doing so will create more problems as more dogs have fewer places to go.

Focus your efforts on responsible dog ownership and dog welfare rules instead.

Dogs should have more access. The key issues are caused by roaming dogs, not ones going out and about with their family. NZ is already backwards with their dog rules. More emphasis should be taken on reducing unwanted litters and punishment for people abusing animals and stop treating dogs as property - they are living beings and deserve rights.

Need to have better information online. When you look up where to walk your dog it is really confusing, particularly in areas where there are multiple parks e.g. Piha. All the rules are listed by park and at Piha it's not obvious where one 'park' begins and one ends. There needs to be maps both online and in place that are very clear. Maps may need to be changed with seasonal changes to rules. An App would be a great idea! Animal Management needs sufficient resources to patrol the areas to enforce the rules or no one will pay any attention. Professional Dogwalkers should pay a concession and be bound by strict rules to protect the environment and other users of the parks.

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

This is all anti dogs. Dogs needs public spaces, by restricting dogs you are discouraging people from taking them out, exercising and socialising which will lead to negative effects on dogs wellbeing and socialising and thus cause behavioural issues. It’s also cruel. ********** this person coming up with these proposed changes.

New Zealand is already the most unfriendly dog place I have ever lived, compared to Europe and the USA. Dogs are life companions and while they need to be under control at times, they have very little access to public places. In other countries, I could take my dog everywhere, to the library, on public transport and into shopping malls. NZ is really lagging behind.

Auckland council should put more action towards their policy with dog ownership. Why would responsible dog owners suffer the effect of irresponsible dog owners? Responsible dog owners should be able to enjoy the freedom of living their lives with their beloved family in this country. A number of academic research support the positive effect of dog and nature in the wellbeing and mental state of people. Why should we hinder this by limiting the owners time to spend outside with their dogs?

There should not be a reduction in parks where dogs are able to have access to / be off leash). I pay my rates, as well as PAYE, so I don’t see why people playing sport should have more “rights” to public spaces as I should with my dog.

generally there should be more parks and areas dedicated to dog free where dogs are prohibited at all times. This would make it easier to explain. enforce, and would best protect humans and wildlife.

Clear signs on beaches and parks. Signage is very confusing.

Please do not cut down the area allowed for madills and glover, for our four legged friends. Infill housing has cut down dogs lawns! Enough enough council stop taking!

Why not fully fence two of the soccer fields. Leave te rest for the rate paying public to use and enjoy.

As a resident living next to Glover Park, I can confirm that there is a much bigger burden placed on the park by sports people than by dog walkers. We are constantly unable to access our driveway by sports people blocking it, and by causing traffic congestion around the area. In addition, there is copious rubbish left by sports teams.

I think the majority of beaches dogs should be on a lead. Only specified beaches without local wildlife could be off lead if the dog is under control.

Absolute joke. Have some common sense and allow dogs who most consider family members the freedom to run off leash. I’ve never seen one harm anyone or destroy the ground. Stop controlling it’s disgusting and allow people to use common sense

Dogs are part of the community and should have access to the beaches at certain times. Most locals adhere to this but often visitors don't.

Keep Auckland a dog-friendly city. Don't change off-leash areas to on-leash. You'll end up with more badly behaved dogs as they won't have any opportunity to socialise with other dogs off-leash.

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

You can put in as many rules as you like, if it's not policed and if the fine isn't sufficient enough to discourage breaking the rules, then nothing will change.

Will the number of AMOs across Tāmaki Makaurau increase to support being seen at parks and beaches?

What training/ information etc are dog owners being asked to do/read/pass etc to lift the understanding of the humans who are the ones breaking the rules in the first place?

Don’t penalise responsible and considerate owners and well behaved dogs for the few. NZ is incredibly restrictive when it comes to dogs (and for some good reason with the native wildlife), but more prohibitions without good reason is frustrating. Focus on issues such as registration, training, ownership, breeding at source.

Dogs are important members of many families and consequently they make up a large community that have needs for spaces to play, run and socialize in order to have happy healthy dogs that don't annoy their neighbours. Beaches and parks with dog access is really important for families with pets.

I wish owners would get more comfortable with using a leash. “Under control, off leash” to me means instant recall and it’s rare to see that. For most situations it doesn’t matter, but big unknown dogs bounding up can be pretty scary.

Enforcement of regulations and bylaws regarding the muzzling in public of Menacing Dog breeds such as Pit Bulls should be enforced rather than further restrictions being imposed on other members of the public. That obviously flouted area should instead be dealt with effectively.

I would like to see more off leash areas available as dogs help to keep us fit and healthy. People are only afraid of what they don't understand, maybe a bit more education on the benefits of owning a dog and what make them tick might be useful.

The council needs to reconsider this proposal and prioritize solutions that reflect the diverse needs of all park users not just the few. A balanced approach can safeguard sports surfaces while ensuring sufficient off-leash space for dogs and their owners.

Dogs under control represent a significant social good for the community. They promote harmony and community spirit among all of us. Pitting dog owners against sporting people is a terrible idea and should be dropped. These facilities are public and should be available for all to use.

2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Location 1

What is the full name of the location where you want to change the dog access rules?

Fenton Circus Orakei

What local board area is this location in?

Ōrākei

In general, how would you like dog access at this location to change?

The council is at risk of creating unintended consequences by overly reducing the areas that people can have their dogs off leash for the following reasons:

1. Reducing off leash areas means that those remaining will become overly crowded and this will create stress for the dogs and likely cause more dog fights and negative human/dog interactions. This is already a problem at Onehunga Lagoon Reserve (I wouldn't go there on weekends for this reason) and Meola Reef

2. Lack of opportunity to socialize dogs means that dogs miss out on learning social skills in a safe environment. I predict that this will create more "problem" dogs" who have not been trained probperly.

3. Lack of playtime with other dogs will lead to frustration and dogs being unable to work out their pent up energy. Again this will create more problems than it solves.

4. Lack of access to dog walkers due to price and lack of suitable locations means that dogs will be left at home, left outside and generally will have a poorer quality of life. This is cruel and will lead to poor behaviors when the dogs are finally allowed out.

In general, I think the proposals are an over reaction to a problem of roaming and poorly socialized dogs and these changes do nothing to address this but rather punish responsible owners, whereas irresponsible owners won't abide by the rules anyway.

I agree with the changes to help protect wildlife but, again, we have seen that irresponsible owners are the main culprits and, without enforcement, nothing will change to the benefit of the wildlife. In most cases where wildlife has been killed, the dogs are in areas or off leash where they shouldn't be and increasing the number of controlled areas won't change that. it is already an offence for dogs to chase or harass wildlife but there is no means by which this can be enforced unless a council worker happens to witness it, which is very rarely. In most cases, the owners are unaware that chasing seabirds is against the law - I know this because I am the one telling them off - so an education campaign here is likely to be more effective than what is being proposed.

Council is overreaching and complicating something that can be really simple.

Dogs can go everywhere on a short leash. Including DOC areas. Special areas to stipulate no leash required.

A well trained dog is often a source of delight & joy to those seeing them walking. I have witnessed many people stop & ask a dog walker if they can touch a dog which brings them joy & pleasure. Of course as with anything there are exceptions such as shy or unfriendly dogs. Dogs need socializing with other dogs & with people so as the population increases more not fewer dog walking areas need to be available in Rodney.

Responsible dog owners would not allow their dog off leash unless they trusted and trained them. Let the dogs enjoy the parks too. Dogs are generally less threatened when off leash.

There is no demand from anyone outside council for any changes to the dog bylaws. This is just council staff “creating work” where no work needs to be performed on this unnecessary “project!”.

A good mix of dog and beach accessible parks as well as ones they do not allow them or restrict to on leash is already in place. The changes proposed are not justified in my opinion.

Be. Sensible, if u want. Well integrated community then try looking at what that entails to get dogs to fit in well, limiting access to areas where the public is just means a lack of socialisation and compounds problem Relady being seen

The majority of dogs and their owners are perfectly safe, responsible and harmless. There is a small group of dogs and owners who are not. This group should not ruin it for those of us who take the care to train and socialise our dogs correctly.

There possibly needs to be some use of the Responsible Dog Owner License beyond a discounted renewal cost. Perhaps responsible dog owners should have a different tag and different rules, so that members of the public who may not feel safe generally around dogs can see that that particular animal is registered as safe.

As a woman who walks her dog alone most mornings it is important to me, and other women , that we have access to a flat, open park where we can see and be seen from all angles. Heavy bush may conceal predators which makes Madill's Farm a particularly safe, sociable park for local residents' recreation. Not all of us want to kick a ball to get our exercise, and we have the right through the payment of our not-inconsiderable rates to enjoy our local amenities as we see fit.

All you are doing is making the parks more restrictive for dogs. Dogs are part of the family and should be allowed on leash.

I have already stated what I feel is the real issue here, which is the inability of Council to separate the few irresponsible Dog owners from the vast majority that wish to enjoy the simple act of walking their dog on a beach. Any Beach! Identify and prosecute the ones that are causing concern and leave the rest of us to enjoy life like we used to.

AC you are really doing a shocking job at providing a fun environment for dog lovers. Ask your team where they walk their dogs off lead? If you do not have dog owners in your team they should not be there. Do better!

We may need to look into a solution for dog waste not being picked up by owners. This is something that is becoming a common reoccurrence in Milford, Devonport and Takapuna - not only at beaches and local parks, but also in streets.

Having a range of off-leash areas is important for dogs and is part of them learning to socialise well. A focus on anti-social behaviours and problem dogs would be a better use of council resources.

I love how our city is dog friendly in many areas. Please consider adding more opportunities for off leash dog areas in our ever expanding city. Building more houses on less land does not equate to a happy living environment for animals and humans. They/we need space to run and be free. Many families chose to move to Auckland originally because of homes with gardens, parks and space. The kiwi dream (especially in the city) is getting less dreamlike every time you add more restrictions to our already limited off leash resources.

Currently I think there is a fair ruling in place where people who are wanting dog free/on leash times are able to enjoy parks and beaches during peak hours and dog owners can take their dogs off peak hours. It's unfair to ban or constantly make dogs on leash when there are more places for people who don't want to be around dogs to go than places dogs can go. Again, it's not the place or the people you are trying to target here that are the issue. It's the unregistered, unconfined, constantly roaming dogs that are the problem don't penalise those responsible owners and well behaved dogs for this.

I recently moved up here from Christchurch which is fairly dog friendly and I'm surprised at the lack of fenced of dog parks with utilities like bins for dog poo and drinking stations. Don't you think creating spaces for dogs and owners is a positive thing for communities? I live in gulf Harbour and we have no where to take them up here other than parks and beaches. Do you expect them to live in a backyard their whole life?

Build more dedicated dog parks.

We need increased compliance monitoring and an instant fine process for those who breach the rules . It is frustrating that owners think it is ok for dogs to be off leash on streets leading to off leash areas.

We shouldn’t discourage exercise for dogs on beaches and in parks if the dogs are under control and owners pick up poo. Deal with the small number of delinquent owners - don’t penalise all.

Stop penalising dog owners!!!!! Our dogs are our family. What about stopping careless cricket/football players and their supporters from leaving food scraps and garbage behind after a game every single weekend that we have to clean up.

All parks and beaches should have stronger enforcement by dog management. As too many times I've been seeing dog attacks while one dog is on lead and the other is not!

leave the rules as they are. They are not abused. you will end up having people break the rules because there will be no where else to run their dogs.

Dogs responsibly under leash should be permitted in Parks and to ban them (and by extension their owners) is unnecessarily exclusionary. Beaches are a different case, where dog excrement left behind poses a health risk.

In my experience, it is usually not the dog walkers with multiple dogs that are a problem but irresponsible dog owners with smaller dogs in public spaces with off lead dog. As such, I do not support the change as it will negatively and unfairly impact dog walkers and their business that I consider to be more equipped and trained to handle multiple dogs.

As a dog owner and parent, i often see dogs off leash in nearby parks and on walkways. These are usually the dogs that pose a higher risk by running up to my toddler and leashed dog while their owner is lagging behind. While updating rules is commendable, it is important that the Council puts some effort into ensuring the existing rules are followed too.

Dogs should be allowed everywhere as part of the family. Yes, some places they should be on a lead, but there are more harmful humans than dogs and no where do we discriminate humans.

There are less and less off leash places for dogs to burn energy and enjoy freedom. By limiting these places dogs are allowed, the standard of care of dogs is likely to drop. Dogs can get stressed being in areas with high dog intensity and more fights are likely, but dogs deserve to be able to run and enjoy freedom rather than being confinded on a leash constantly.

By-laws need to be enforced, at least occasionally and perhaps more often during the dotterel breeding season. Volunteers are keen to help advise and educate beach goers but have no power.

It seems like there are so few places to walk dogs or take them for a swim in Auckland. I am a responsible dog owner who is trying to ensure my dog is happy and fulfilled but there are so few places for us to go. It seems like responsible dog owners are being penalised for the actions of a few irresponsible people. It is fine to set rules but they are no good if they are not policed.

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

In order for restrictions to work well, there needs to be more dog parks, this will then mitigate the need for people to walk them in other parks where children can play freely.

I have visited a number of dog parks and Monte Cecilia is a park with a very friendly bunch of dogs compared to other dog parks. The dogs are generally labs or golden retrievers who are playing with other dogs or wandering through looking for a pat or a snack.

This proposed change appears to be a change to appease a few people who do not like dogs. If there are concerns about behaviours then this could be addressed with a requirement to complete mandatory dog training.

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Location 1

What is the full name of the location where you want to change the dog access rules?

What local board area is this location in?

In general, how would you like dog access at this location to change?

Do you have any further comments about dog access rules at local parks or beaches?

I do think it is very hard for families with dogs who are not allowed to take their dogs with them when they take their children to a playground. Most people have limited leisure time and their dogs are used to being around children. It is also a perfect opportunity for children to learn how to interact with dogs safely.

Change the current rule to allow dogs under control on a leash

Do you want the change to apply to the entire location or a section of it?

Entire location

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To reduce owner-related problems (e.g. owner ignoring rules, dogs not under control, dog faeces not picked up, etc). Please specify:Dogs run and defacate all over the playing fields run freely through the playground rush other dogs on leashes and most dog owners have no idea what the rules are at the park because the signage is very poor and not in the right location and no dog contro

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

I regularly walk my dog there on a leash and see problems with out of control dogs every day. Lots of people use the park including many children and I fear there will be a serious incident eventually if dog owners do not follow the existing rules

A section of it. Please specify:Similar to the approach on many Australian beaches - look to have a dog friendly end of the beach to allow off leash and swimming of dogs in summer and swimmers to enjoy the other end at the same time. Therefore removing the need for “set hours” and move

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To respond to opportunities for greater dog access without impacting other users (e.g. an area to take a dog under control off a leash). Please specify:A much more harmonious approach that I have seen work really well in Australia so all can enjoy the beach

There is nothing wrong with the current rules and those that pay their dog registration are typically not the rule breakers. Don’t penalise those doing the right thing.

Until people are held accountable for their dogs no rule change will be for the best outcome. Still dogs will roam free around Waiuku and it's probably the same for all areas, so give the responsible owners maximum access and sort out those who ignore best practice.

Do you have any further comments about dog access rules at local parks or beaches?

Dogs are a fundamental part of our lives, we pay council tax and walk our dog safely at all times. The council is becoming prejudice against dogs. I am happy to start a dog protest against the auckland council if needed.

Dogs need space too and increasing restrictions are unfair. Dogs provide companionship for many and it is unfair to penalise all dog owners for a few that are irresponsible and do not control their dogs and use parks appropriately and within rules around restrictions currently in place. .

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

Do you have any further comments about dog access rules at local parks or beaches?

All parks/ beaches with restrictions should have clear signage and a QR code that takes you to the Auckland council website with clear images on where access is allowed if restricted.

Websites also need to be clearer so that people do not drive to destinations and then end up either being disappointed or breaking the rules.

My feedback on dog access rules in parks is about ALL suggested changes you're intending to make. I don't want any changes. Parks need to remain free for dogs. They need to be walked somewhere. Imposing restricted time-windows and on-leash areas only takes away my quality if life and that of my dog!

The off leash rules are not the problem. It’s the owners. There is a certain percentage of them that have not trained their dogs and have not build a bond with their dog but the ones that have done the hard work to make sure that no one feels inconvenienced by their dog, this is seriously unfair to us. My dog is my literal world and I will do anything to protect him in return I have made sure that he never harms a human being or an animal. Please just think about these new rules because for us who are genuine dog lovers and a good person to society this is just a slap in the face. New Zealand already has so many rules and we have respected them. Lack of rules is not the problem.

Creating more bans on where dogs can and cannot go heavily impacts responsible dog owners who will follow the rules if they change. Please consider better signage and fines in order to better police areas where irresponsible dog owners break rules. Auckland is already so dog unfriendly compared to other places (including other larger cities overseas).

North shore parks and beaches are where locals abide by rules and are respected by all parties. Removing further access will lead to laws being broke.n. It is not fair to punish the majority for poor behaviour by non locals

My only concern as this is a waste of time as, the department does not have enough workers to manage all the regions. Unless you start putting cameras up in the parks and beaches.

Dog access within Auckland is too restricted. It’s becoming increasingly difficult to find and access dog friendly walks. Walking around the streets does not provide adequate exercise or stimulation for dogs. They need access to parks and beaches where they can explore, run, and play.

Stop demonising dog owners. We already pay a large fee especially compared to cat who are not restricted, do not pay registration and cause impact to wildlife.

A dog is often the substitute for humans and is a huge emotional crunch to many people living on their own. Hiding behind the excuse to remove present access to public venues because of dog faeces being left behind is not a good enough excuse to changes these present rules. Police the present rules.

Also please publish the list of those elected officials who vote for the rules to be changed so that those complaining can vote for them at the next election.

I am fully in support of the current dog access rules at beaches and local parks. I have an issue with people flouting them and letting their dogs poo everywhere, even when the council has provided bags and bins. I don't know what can be done here, unfortunately.

We need to amend the restrictions on Maungarei to allow off-leash dogs. There's no stock or cars on the maunga anymore, and it's not a habitat for threatened species so the current rule just doesn't make sense anymore. Dog owners already ignore the rule, and dogs are not causing problems on the maunga, so why not just amend it?

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Dogs not under appropriate control must be taken from public places. We need to improve enforcement to improve public safety. Roaming dogs must be immediately collected by animal control. Uncontrolled dogs must be removed from their owners.

Currently the rules are not adequately enforced. Please significantly improve animal control enforcement to protect the public.

As per my earlier comments - birdlife and sports fields (and people!) need to be protected - but the Council do need to provide more off-leash areas for dogs as denser living increases. Please look to provide new areas that can be used off-leash.

Long Bay needs an off leash area for dogs. The council makes a lot of money in registration fees from owners in this area and provides nothing. This must change.

I think there are enough restrictions, dogs have a right to access the beach so long as they are under control. I often find dogs more respectful to my space than people!

Happy to SHARE local parks with Professional Dog Walkers and their packs - which can sometimes be as large as 16 or 18 dogs.

All dogs should be on a leash if outside the owners properties. Why should people be confronted by dogs in public that are not under control ? I have been attacked many times by aggressive dogs not on a leash. Usual answer is "don't worry the dog won't hurt you ". Would these irresponsible dog owners be happy if horse owners let their horses gallop around uncontrolled ?

On leash walks can make dogs (especially smaller dogs) more aggressive and reactive. Allowing off leash means dogs have more room to bypass than being stuck beside their human.

Also, need to provide more dog poop bins. The removal of many bins is creating more of a problem.

Overall New Zealand has extremely restrictive dog access rules. Dogs under control on leash should be allowed in any ear of the park that their owners are.

Fenced off leash areas provide a safe place for dogs to play. I would like to see many more fenced off leash areas that provide a good social space for local dogs to meet and play meanwhile giving anti-dog people a place they know to avoid if they don't want to be among happy playing dogs. Having this voluntary location to congregate with other dog owners would likely also result in fewer off leash dogs in other parts of parks and dogs that are happier and better exercised.

Dogs are family members, as much as children are for many people. Well behaved dogs on leash should be allowed within parks in any location that other family members are allowed.

Additionally parks should allow off leash access in larger open areas.

There is a need for enforcing bylaws with severe consequences. People with a feeling of 'entitlement' openly disregard all rules and regulations and can be abusive towards anyone politely reminding them. It also needs MUCH better signage at every entrance to both beaches...not the current small info signs attached to posts ...it needs BIG 'in your face' signs both about the Summer Rules and the fact we have the Dotterels here. The birds ARE here - whether people like them or not...and they HAVE to be protected. There are lots of places to walk dogs whereas the birds nest in their natural habitat...our beaches.

We need a warden - even if seasonal. Dogs ARE a problem - even more so when off lead and when the owners have absolutely NO control...half the time more interested in their phone or their conversation - they have no idea where their dogs are or what they are doing. They can be a danger not only to wildlife but also to children, the elderly - people in general.

No I am happy with the off lead dog parks that we have, we have been walking our dogs at these parks for years. Something the council forgets that our pets and dogs are part of the family and in order to keep them happy and healthy they need some good areas to run around and play.

Why don't you employ someone to go around all parks and beaches to give council a presence and a chance to see how little impact dogs have in many areas. Let's be honest, you could claw back that person's salary and make huge profit in fines for those not abiding by the rules and people that break these rules would very quickly learn! Or give the public an easy way to report dog owners that don't pick up after their dogs or break other rules.

Without easy access to off lead areas, how are many people meant to train their pets outdoors? These are vital for training and socialising pets, not just for exercise of the bigger dogs.

Auckland instead of placing full responsibility on the dog owners has decided on a system of nearly banning all dogs from beaches. New Zealand and especially Auckland is not Dog Friendly.

We need to rethink signage. The current signs while giving explanations on the by-law are too convoluted and often erected on "a convenient post" which in most cases is too far from the beach access point and easily ignored.

We need simpler signs " Dogs on lead at all times"/ "No Dogs"etc placed so that they are seen by everyone entering the beach and should give some indication of the consequences faced for ignoring them, fines etc.

At present there is NO enforcement of present laws, the most often used answer when approaching someone is "Who is going to stop me". This MUST change as it encourages others to ignore the by-laws.

Dogs are constantly fouling these popular family beaches and all too often the owners just walk away and ignore it, we close some beaches (Little Manly) when there is a danger of sewerage pollution yet ignore the fact that dogs constantly cause the same problem.

Dogs should always be allowed on lead and in most places allowed off lead as well. It should be an exception where this is restricted.

The current 10am - 5pm summer ban works well, with dogs enjoying the beach outside those times. But, they should be on leash, for reasons mentioned previously. It's not right that we have to watch out for uncontrolled dogs constantly while trying to enjoy the beach with our children.

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Auckland Council needs to provide more fenced off dog walking areas. They are sadly lacking compared to other regions, cities and towns.

The seasonal rules of dog being allowed in beaches at certain times is good, especially off leash. However I find it frustrating that dogs are not allowed on the beach at other busy times, as long as they are on leash and controlled. Dangerous breeds should be muzzled. Visitors to a beach generally want to spend the day at the beach with their family, and that includes their dog. What dangers are there if dogs are always in leash and dangerous breeds muzzled?

The majority of dogs and dog owners are responsible. To manage the minority that are not, put more bylaws officers out in the parks monitoring things.

enforcement and monitoring are key - if Council is not going to monitor or enforce, the changes are pointless. New Zealand needs to look at Australia as an example: have rules, monitor them, enforce them and penalise offenders immediately.

Restricting dog use further than it already is not fair. We pay a lot for our dog registration, we follow the rules and appreciate the access we do have. Removing access will have a negative impact on my dog. He enjoys a mix of off lead and on lead exercise and environments that are different - footpaths, park and beaches. As responsible dog owners we deserve access to the same spaces as non dog owners so we can enjoy them.

when a park is not in use for sports or other events, it should be open for free use, incluidng off-leash for dogs.

dogs should be permitted on the beach during the day, under control on a standard length leash, no long leads. after day-time hours in summer months, dogs should be allowed off-leash and access to swimming in the water. During winter months, dog should have access off leash on the beach and in the water.

responsible ownership needs to be more accountable.

I think better publicising of the rules and places, times that you can can't take dogs would be beneficial for Aucklanders.

Do you have any further comments about dog access rules at local parks or beaches?

Any parks near schools should have like for cars "pick up drop off black out times" so on leash only if kids are walking through en masse. There should be clarity that guard dogs or dogs that could be a danger to any other person are never allowed off the lease in off the lease areas and can only be exercised within their own yard or ON the leash. Signs up for parents to remind children not to scream or squeal at dogs but instead to be quiet or shout in a deeper voice "no" if they do not want the dog near them. The main issue I have seen is people who are scared of dogs who walk nearby without calling out please keep the dog away who then scream or squeal which makes it hard for owners to recall their dogs since essentially someone is screaming excitedly so all dogs will naturally want to come to them not away. Education is important for any shared spaces.

Do you have any further comments about dog access rules at local parks or beaches?

I think I mentioned. I have seen dog owners & walkers take advantage of the lack of man power that allows them to let dogs do their business and not pick up after...it happens in lots of parks around Long Bay village - Rydge park, park at Westerley and Caldera.

I often don't feel safe as there are always dogs running loose in beaches and many parks, even when they are meant to be leashed and the owner is present. I think it's becoming more and more of a problem.

Same rules summer and winter. There should be no seasonally adjusted changes. Beaches and parks are used all year round. Dog mess is ever present.

Please enforce the rules. They are meaningless without enforcement.

Just that dogs can easily overheat (and burn their paws) in our harsh sun. Keeping dogs at home between 10am and 5pm is sensible to support the health and wellness of dogs in summertime.

I think the proposed changes look good, and I am a dog owner. I'd just like to add that I think the current and new rules need to be enforced better than they are.

Do you have any further comments about dog access rules at local parks or beaches?

In general the signage of dog excercise areas and rules are very confusing. A beach should either be dog friendly or not. Having parts of beaches as designated areas for dogs just doesn't work. People need simple rules. Yes to dogs or No. Fundamentally its humans who like to walk on beaches. Dogs are happy to go anywhere. It isn't just the bird life that is disrupted its the dog pooh you find when you put your towel down or rhe excited uncontrolled dog that bowls over the elderly or young. We have plenty of parks and public walkways. Let dogs been on these not on our beached

Focus on real issue like owners not taking care of their dogs. Going off leash under the current law and rules. These changes are punishing good behaving dogs and dog owners.

Auckland Council does not consider that Dog owners who pay rates as well as dog licensing fees have equal rights to exercise in their preferred fashion. If your preferred exercise is at a swimming pool, playing sport at one of the many parks, or visiting a Council owned gym - that is acceptable but as a Dog walker you don't have the same rights.

Do you have any further comments about dog access rules at local parks or beaches?

Dogs should be clearly under control at all times to ensure the safety and enjoyment of everyone using the Park or Beach. Roaming, dangerous/NOT de-sexed and vicious dogs should be removed by the Council Dog Control and destroyed.

Proposed updates to the council's local park dog access rules

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?
