Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I don't agree increasing more as it will make affordability unrealistic for low to middle income holders.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

House rates should be lowered making more kiwis being able to afford housing.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.

1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Better shade on existing playgrounds.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Don’t increase rate so hard for doing nothing

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

Hibiscus and Bays Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to fees and charges?

A. Supporting further protection of our sea, soil and fresh water from contamination and sedimentation, through increased monitoring and extending projects such as local stream restoration including the Weiti River.

Do not support

B. Supporting community access to a wide range of recreational opportunities through investigating new capex projects such as outdoor court provision and increasing support for indoor court provision through facilities grants.

Do not support

C. Creating safer town centres and other public spaces through actions such as an increased support for community safety and placemaking.

Do not support

D. Ensuring Hibiscus and Bays is welcoming and supportive for all through collaboration with a broader range of local residents and an increased focus on inclusive design, so it is accessible and usable for people of all ages, abilities and backgrounds.

Do not support

E. Introducing changes to a range of fees in pools and leisure centres, including casual recreation, dry and aquatic group fitness and pool lane hire to better align fees across our sites.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

No accountability or costs required to achieve promised results . It's not details with qualified outcomes for money invested .

Lack of trust and transparency .

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Given the huge increase I. Petrol now is not the time to increase your revenue

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Rodney

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Water , we get do much rain in the country we should have the best water system I. The world not recycling it . It's disgrace .

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.,Other (please specify):Granny flats need to be valued in rates as it's an u fair system that is very much required for elders yo be supported . It should not be a rate targeted fee whether it brings in income or not .it allows for growth and savings in the long run .

Annual Plan 2026-2027

#2966

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

1.The rate increase is too much. The living cost is already high, the housing owners will spend less on health, eg, healthy food, gyms, heating to pay the rate

2 The introduction of a refuse bin/ bag can be done later to keep the rate increase down

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

rates increases are too much, when asking for assistance from Council now help is given. When asked to review the new rates assessment, no response was given and nothing has changed apart from an increase in the rates charged by council and increasing already over exhausted cost of living.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki,Ōrākei

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Other

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Do not support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Other

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Do not support

Tell us why

Ōrākei Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to services?

A. Increase community-use sports fields provision either through redevelopment or expansion of our asset portfolio to address the forecasted move of Auckland Cricket into Colin Maiden Park and other demands on our sports fields.

Support

B. Increasing investment in restoration and pest-management programmes to grow and protect your natural environment. Our reserves and open spaces are one of the most vital resources in Ōrākei.

Support

C. Changing the Meadowbank Community Centre project to a self-funded community centre to capitalise on existing investment and resources.

Support

D. Construct a playground Remuera Library to optimise the under-used green space at the side of the building.

Support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

YES AS PER PREVIOUS COMMENTS AND PREVIOUS YEARS SURVEY THERE WAS ALOT OF SUPPORT FOR KEEPING RATES DOWN DUE TO INCREASING COST OF LIVING, YET COUNCIL AS USUAL DOES NOT LISTEN TO RESIDENTS OR PROVIDE ADEQUATE HELP IN ANY WAY WHEN REQUIRED. I BELIEVE RATES SHOULD BE KEPT TO A MAXIMUM OF INFLATION AROUND 3-4% IDEALLY LESS.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.

4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

most Aucklanders can't afford to do all this.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Rates rise is too high.

Perhaps you need to sort out a restructure and lower the the salary expense. This money could be used towards this plan

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Boardwalks can be put on hold. Far more important things the money can be spent on such as water pipes

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Do not support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Do not support

Tell us why (please be clear which priority you are talking about)

as the national government said.... council need to focus on the basics.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Do not support

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Transport and water

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

We are expected to pay for something that we never asked for or will ever use.

Living in Frankln means the new toy is for the cental city and all of the new toy box houses that have been created for the latest wave of new arrivals.

I moved out of manukau in order to get away from that and yet we are still expected to pay for it.

Absolute JOKE !

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Pools , public transport etc.

We get none of that here...not even a bus service

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Cant see where our money goes

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Stpo overspending with other peoples money !

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Stopgiving permissuon to buildi so many ********** houses for new arrivals.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Other (please specify):Dont go there

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

The auckland council once again cares more about revenue gathering that its people

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

The auckland council once again cares more about revenue gathering that its people. some people cannot afford these constant increases of rates and other fees.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

RodneyDo not support anyI don't support anything proposed by mark dennis

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Don't increase the rates again.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.

	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

I am concerned by the impact of the new intensification rules which have the potential to completely change the face of the city. The CRL is a pre Covid, pre WFH world white elephant that does not address the issues for Aucklanders who live in the Central city (where you can walk easily between most of the stations), and does nothing for those who are connected to the CBD via motorways.

Intensification has been poorly planned and managed low quality builds, (some without wastewater) and no parking. Further intensifying in the inner city pushes up property pricesas every section now is worth , say three times what it was. There are no affordable townhouses in Mt Eden for example.

Govt interference and council ineptness is creating great uncertaity for owners.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

See above. Why should residentiall parking fees go up becuase the City has been poorly designed and managed?

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Albert-EdenSupport mostI do not support plan change 120. Further I note there is no work being done on how to manage Eden park's expansion of events which come at a massive cost to residents, who have to put up with major traffic disruption every time,. We are a neighbourhood not an entertainment district. SupportDo not supportSupportSupport

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Other (please specify):the central city is a disaster. Empty shps, homelss people and a few luxury store with no customers.

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

The way that rates are calculated is simply a wealth tax and has no bearing to the pressure put on infrastructure whatsoever. The Council is exponentially wasting the money collected from rates.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

The proposed changes are terrible. There should be no charge for refuse bin/bag fees whatsoever. This is what rates were for. Now, it is to fund an ever increasing bureaucracy with no KPIs and very little relevant output.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Ōrākei

Ōrākei Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

There is too much waste in any of the "investments". Everyone has a vested interest and that vested interest is not the betterment of the whole, it is betterment of the individual

2. What do you think about the proposed key areas of additional investment and changes to services?

A. Increase community-use sports fields provision either through redevelopment or expansion of our asset portfolio to address the forecasted move of Auckland Cricket into Colin Maiden Park and other demands on our sports fields.

Other

B. Increasing investment in restoration and pest-management programmes to grow and protect your natural environment. Our reserves and open spaces are one of the most vital resources in Ōrākei.

Other

C. Changing the Meadowbank Community Centre project to a self-funded community centre to capitalise on existing investment and resources.

Support

D. Construct a playground Remuera Library to optimise the under-used green space at the side of the building.

Do not support

Tell us why (please be clear which priority you are talking about)

There is too much waste in any of the "investments". Everyone has a vested interest and that vested interest is not the betterment of the whole, it is betterment of the individual

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

There is too much waste in any of the "investments". Everyone has a vested interest and that vested interest is not the betterment of the whole, it is betterment of the individual

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.

1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Infrastructure. The city has grossly underspent on infrastructure for decades. And I don't mean getting consultants in. I mean getting people involved who care about the city, not about their own back pockets.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

Need to focus on the basics - get the traffic flowing, fix the roads, collect the garbage etc.

Reduce rates to a more reasonable level: end the cost of government crisis which is causing so much misery for Aucklanders.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Rate are already far higher than can possibly be justified. A 20-40% cut would be a modest start.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

Need to focus on the basics - get the traffic flowing, fix the roads, collect the garbage etc.

Reduce rates to a more reasonable level: end the cost of government crisis which is causing so much misery for Aucklanders.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Do not support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Do not support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

Need to focus on the basics - get the traffic flowing, fix the roads, collect the garbage etc.

Reduce rates to a more reasonable level: end the cost of government crisis which is causing so much misery for Aucklanders.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Support

Tell us why

Reduce rates to a more reasonable level: end the cost of government crisis which is causing so much misery for Aucklanders.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

We must retract the 3 storey allowable dwellings on all sections and retain the daylight indicator and southern setback,to safeguard all neighbours.High density,3 storey,or more should be in close city fringe areas[currently warehouse,industrial,commercial etc] and new subdivions,where buyers know beforehand what they are getting and architects can plan accordingly.Only where public transport is in walking distance should there be no allowance for no carparking on site.Owners of houses in Auckland should be guaranteed of not losing their privacy or sunlight.An area immediately adjacent to an existing transport hub could have its density increased,but with a pyramid type height restriction to blend back into normal housing.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Organisation: N/A

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

Not all rate payers use the city rail link so why do they have to pay for it.

It should be user-pays. Why do the ratepayers have to fork out for it?

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Howick,Māngere-Ōtāhuhu,Manurewa,Maungakiekie-Tāmaki,Ōtara-Papatoetoe,Papakura

Howick Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

User pays

2. What do you think about the proposed local board specific key areas of spend?

A. Explore ways to get the best value from our play spaces so they continue to meet the needs of children and families.

B. Run regular seminars for community groups/organisations on the local grant's application process.

C. Identify what type of indoor/sheltered courts are necessary to support sports play in Flat Bush.

D. Continue advocacy of the Tāmaki estuary on water quality and coastal erosion.

E. Continue to advocate to crime prevention organisations on behalf of the community for ongoing safety initiatives.

F. Continue to support our volunteer groups with resources needed for ecological volunteering, such as stream clean-ups and pest plant weeding.

Tell us why (please be clear which priority you are talking about)

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

USER PAYS

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.

B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.

D. Increase pools and leisure fees - Increase fees and charges by $1 for "Plus" services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.

E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).

Tell us why (please be clear which priority you are talking about)

4. Overall, how do you think the local board should address the cost increases?

Manurewa Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

USER PAYS

2. What do you think about the proposed key areas of additional investment?

A. Allocate up to $1.5 million of funding to support delivery of the Manurewa War Memorial Park multi-sports pavilion.

B. Deliver a new multi-cultural initiative that responds to demands for increased ethnic engagement.

C. Develop a civics education initiative that helps people understand the role of local boards and how they can get involved.

Tell us why (please be clear which priority you are talking about)

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

USER PAYS

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Tell us why (please be clear which priority you are talking about)

USER PAYS

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Tell us why

Ōtara-Papatoetoe Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

USER PAYS

2. Due to rising costs for utilities, maintenance, staffing and other pressures, we must address an increase in the cost of delivering existing services within its current funding. To balance the budget, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $1.1 million capital value based rate charged to all properties (this would be around $27 based on average value urban residential property in the Ōtara-Papatoetoe Local Board area) to cover the increased cost of delivering existing services. What do you think about this option?

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

B. Reduce library hours: Ōtara Library, reduction of 4 hours per week; Papatoetoe Library, reduction of 2 hours per week; Tupu Youth Library, reduction of 5 hours per week; Manukau Library, reduction to a 6-day service, close on Sundays.

C. Reduce discretionary spending on community grants, community and/or environment projects.

D. Increase to fees for "Plus" (spa, sauna, and steam room entry) services by $1 at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

E. Charge adult visitors from outside the local board area at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

Tell us why (please be clear which priority you are talking about)

USER PAYS

4. Overall, how do you think the local board should address the cost increases?

Papakura Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

USER PAYS

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

A. Reduce library hours on Mondays and Fridays at Sir Edmund Hillary Library.

B. Reduce library hours on Saturdays at Sir Edmund Hillary Library.

C. Reduce selected maintenance: Stop bollard and post-and–rail maintenance in parks, stop scheduled maintenance for bush areas (except high value/ecological).

D. Charge a higher fee for visitors outside the Auckland region who visit Massey Park Pool.

E. Reduce or discontinue grant funding.

F. Reduce the numbers of public rubbish bins in public spaces such as town centres, parks and reserves.

G. Reduce or discontinue some arts and culture activities.

H. Reduce or discontinue some services and programmes in arts facilities and community centres.

I. Reduce or discontinue some community development and support activities.

J. Reduce or discontinue some environmental and water quality activities.

K. Reduce or discontinue civic events.

L. Reduce or discontinue sports and park activation activities.

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

USER PAYS

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Some of the things are not needed. Just focus on essential services.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I think its not needed at this time of hardship we all have been under. People pay dont even go up by 3% most year. This should be kept below 3% on inflation levels. Feel like council waste a lot of money putting arts and craft things like speed humps on crossing or lights which is waste of money and productivity as it slows vehicles for no reason delaying movement of traffic. Also councilors income should be capped to a certain amount kept closer to average Auckland wages.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Good to see transport and moving Aucklanders is a priority. Should be focus on how to get people to earn more money so that everyone is spending more rather than increasing expenses and focusing on no essential services like library. Everything is online these days and spending money in library for anyone that hardly uses it isn't good.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

We dont need cycleways and walking. Invest in more train connection around all of Auckland.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

I think a rates increase is unfair due to the fact that homeowners work incredibly hard just to stay on the property ladder at all, but then to charge them more just for having a property is rude. We pay rates, more and more every year but cannot.see any of the benefits or perks that you say you increase them for. The roads are constantly full of unnecessary roadworks, there are less and less public bins, the public toilets usually have a 50% chance of being ok to use, the parking prices are outrageously expensive. We truly as a family cannot see any benefit to a rates increase. It is just making it harder for an already struggling household in the current climate. The water charges are

already outrageous. We are already essentially charged for having a shower under "waste water charges". Public transport should be a lot cheaper to encourage users and for children and elderly, free.

The community needs are never even discussed, the council simply assumes what would be a nice way to spend their extra money. None of it practical. The fact that the council has the opportunity to work from 9-4 and we have to work 7 days a week says it all.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

Hibiscus and Bays Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to fees and charges?

A. Supporting further protection of our sea, soil and fresh water from contamination and sedimentation, through increased monitoring and extending projects such as local stream restoration including the Weiti River.

Do not support

B. Supporting community access to a wide range of recreational opportunities through investigating new capex projects such as outdoor court provision and increasing support for indoor court provision through facilities grants.

Do not support

C. Creating safer town centres and other public spaces through actions such as an increased support for community safety and placemaking.

Support

D. Ensuring Hibiscus and Bays is welcoming and supportive for all through collaboration with a broader range of local residents and an increased focus on inclusive design, so it is accessible and usable for people of all ages, abilities and backgrounds.

Do not support

E. Introducing changes to a range of fees in pools and leisure centres, including casual recreation, dry and aquatic group fitness and pool lane hire to better align fees across our sites.

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Stop making it harder for us. The beneficiaries do no work and you pay for them to survive. We work to the bone and you tax us further. You should be rewarding those that work hard, not crippling them further.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

You basing your plans on a model which accepts bogus science that the primary driver of global warming and climate change is carbon dioxide emissions. This has been shown to be a complete fabrication. Also allnof your proposals are tied in with the globalist agenda pushed by elites who control everything aka agenda 2030.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

You waste too much money by awarding contracts to consultants who are on the public gravy train and through awarding works contracts which are over quoted and poorly carried out. Your follow up on works for awarded contacts is poorly checked and monitored. Yet you still pay the contractor for the ********** job they do.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Waitākere Ranges

Waitākere Ranges Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

The big PC120 plan as exposed by Ken Turnerbis a complete sham and must be abandoned

2. What do you think about the proposed key areas of additional investment?

A. Community wellbeing - continue to grow and evolve our programmes to support community wellbeing with a focus on tamariki and rangatahi, as well as older people

Do not support

B. Review level of community grants, including investigating a Facility Partnership Fund to support community organisations to plan, develop or upgrade community facilities

Do not support

C. Improve engagement with communities of need, schools and youth

Do not support

D. Progress an omnibus Waitākere Ranges Local Parks Management Plan

Do not support

E. Walking and cycling connections, particularly through parks

Do not support

Tell us why (please be clear which priority you are talking about)

Because you fail to implement eve the most basic functions well. Concentrate on doing the basic stuff well and in budget before you embark on any more GDA d plans for diversity inclusionism and indiginous self government. One country one people

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Stop spending on cultural diversity and focus on delivering basic services well on on budget. Stop taxing us off our properties by wasting our money.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.

	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Stop with the rainbow diverse BS

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Other (please specify):Stop wasting our money on all of the BS above

Annual Plan 2026-2027

#3187

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Increasing rate is very hard for families who are alreadu struggling to upkeep their mortgage payments. The rate increase unaccrotable

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Increasing rate is very hard for families who are alreadu struggling to upkeep their mortgage payments. The rate increase unaccrotable

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Henderson-Massey

Henderson-Massey Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Increasing rate is very hard for families who are alreadu struggling to upkeep their mortgage payments. The rate increase unaccrotable

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I do not belive an over 7% increase in rates is fair. We pay enough in taxes and times are tough at the moment. Find somewhere else tobget your money for what you need to do don't make hard working families even more broke. You are being greedy and it is not this genrations or the nexts fault you did not get your act togehter many years ago with our infrastructure.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

a 7.9% rates increase primarliy due to the CRL rail line whioch has no affect on anyone noth of the city, yet alone on the Hibiscus coast, yet we still have to pay for it.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

The refuse bin system was working fine under a private company and i would have far more confidence that a private company could run this better than a council.. Why diod you change it?

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

Hibiscus and Bays Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Watercare spending many 100's of milions yet still saying thios will likely imprpocve the waste and sewage water getting into the sea. it should be to eliminate any getting to the sea.

2. What do you think about the proposed key areas of additional investment and changes to fees and charges?

A. Supporting further protection of our sea, soil and fresh water from contamination and sedimentation, through increased monitoring and extending projects such as local stream restoration including the Weiti River.

B. Supporting community access to a wide range of recreational opportunities through investigating new capex projects such as outdoor court provision and increasing support for indoor court provision through facilities grants.

C. Creating safer town centres and other public spaces through actions such as an increased support for community safety and placemaking.

D. Ensuring Hibiscus and Bays is welcoming and supportive for all through collaboration with a broader range of local residents and an increased focus on inclusive design, so it is accessible and usable for people of all ages, abilities and backgrounds.

E. Introducing changes to a range of fees in pools and leisure centres, including casual recreation, dry and aquatic group fitness and pool lane hire to better align fees across our sites.

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.

	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q6: What improvements do you think we should prioritise in the city centre?

Other (please specify):very rarely gert to the inner city so no real comment

Annual Plan 2026-2027

#3216

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

The expenses were too high, and much of the work was repetitive. There was no overall plan to reduce the budget; all we thought about was how to spend the money.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

The continuous rise in property taxes is a major factor contributing to the overall economic downturn. A lot of money is spent on property taxes, but the rising overall costs are leading to population outflow. We should be thinking about how to increase other revenue streams, not just raising property taxes; this is a vicious cycle.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Kaipātiki

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

This is unnecessary; save money where you can.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Find ways to make money from outside sources, instead of just trying to extract money from the people.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.,Other (please specify):We need to reduce costs and increase revenue.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Howick

Howick Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. What do you think about the proposed local board specific key areas of spend?

A. Explore ways to get the best value from our play spaces so they continue to meet the needs of children and families.

Support

B. Run regular seminars for community groups/organisations on the local grant's application process.

Do not support

C. Identify what type of indoor/sheltered courts are necessary to support sports play in Flat Bush.

Do not support

D. Continue advocacy of the Tāmaki estuary on water quality and coastal erosion.

Do not support

E. Continue to advocate to crime prevention organisations on behalf of the community for ongoing safety initiatives.

Support

F. Continue to support our volunteer groups with resources needed for ecological volunteering, such as stream clean-ups and pest plant weeding.

Support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.

5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Waitematā

Waitematā Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

2. What do you think about the proposed changes to service levels, fees and charges?

A. Reduce library hours at Central City, Little Leys, Grey Lynn and Parnell Libraries.

Support

B. Reduce maintenance for bollard and post-and-rail.

I don’t know

C. Reduce community grant funding and accommodation grant funding.

I don’t know

D. Increase fees for adult swim fees at council pools by up to $3.

Support

E. Reduce funding for environmental management activities.

Do not support

Tell us why (please be clear which priority you are talking about)

Support

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

I live in West Auckland and work in East Tāmaki, and at the moment public transport just isn't a realistic option for that commute. There aren't good interlink bus connections, so I still have to rely on driving.

I understand the City Rail Link will improve the rail network overall, but for people like me, the benefits feel quite limited unless the bus network and cross-town connections improve as well.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

We don't need another rates increase. Costs are going up across the board — rates, fees, and now petrol prices due to the Iran conflict. For people like me who can’t rely on public transport, it’s not something we can avoid, so it’s putting real pressure on our living costs.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

Auckland Council is simply wasting money, wasting billions of taxpayer money.

Corruption in contracts and for consultants is totally out of hand.

Auckland Council needs to stop eating money destroying roads around Auckland by installing needless speed bumps and huge concrete cycleways that are barely used. Look at Papatoetoe, Glen Innes, Karaka & in fact any area where needless road "improvements" be been made - the only result is far more traffic congestion - it's obvious you work for the WEF & C30 cities and you hate Aucklanders.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

No more rates increases or extra fees.

Cut Auckland council's budget in half - stop wasting our money.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

More roads and motorways are needed in Auckland to accommodate all the people you have brought here from India in the last decade. Stop wasting money on needless woke projects for the useless mayor.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Only rubbish collection and maintaining parks - all other council activities should cease. Cut the council budget and staff to an absolute minimum.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

A 7.9% rates increase is extremely high and every year this creates an extreme pressure on every householder in view of adding to the rising cost of living.

Commenting on 7.9% rates increase: Question: Why are you increasing our rates at such a high rate. This is totally not in sync with the CPI index. Why should we have such a steep increase every year when most citizens do not access or need to access the facilities most part of the city. What about the government budgeting plan. We do not see the enhancements to the city in the past years. All public facilities remain poor. and as semi -retired people it is fearful.

The city now has pigeon hole houses to facilitate more & more rates.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Papakura

Papakura Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

In relation to Takanini Level crossing removals- an absolute unnecessary expense. the residents of this area and the commercial area people have repeatedly communicated this.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

A. Reduce library hours on Mondays and Fridays at Sir Edmund Hillary Library.

Support

B. Reduce library hours on Saturdays at Sir Edmund Hillary Library.

Support

C. Reduce selected maintenance: Stop bollard and post-and–rail maintenance in parks, stop scheduled maintenance for bush areas (except high value/ecological).

Support

D. Charge a higher fee for visitors outside the Auckland region who visit Massey Park Pool.

Do not support

E. Reduce or discontinue grant funding.

Support

F. Reduce the numbers of public rubbish bins in public spaces such as town centres, parks and reserves.

Do not support

G. Reduce or discontinue some arts and culture activities.

Support

H. Reduce or discontinue some services and programmes in arts facilities and community centres.

Support

I. Reduce or discontinue some community development and support activities.

Support

J. Reduce or discontinue some environmental and water quality activities.

Do not support

K. Reduce or discontinue civic events.

Support

L. Reduce or discontinue sports and park activation activities.

Do not support

Tell us why (please be clear which priority you are talking about)

in some places bollards are more of a hazard as they are not always visible.

Question 4: Other feedback

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

Because you have had the opportunity to spend our money too many times and fauiiled to deliver. This is NOT the time to make increases .It is the time for having good transport BUT you are too late..NOT a spending time. So otherwise i would recommend no one [pays their rates until the time is clearly economically safe

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I hate bins and bags... i live down a long drive way and I am seventy and live alone. I have some disability and guess what you idiots have given me three bins to get out. So I cant sell the house because the council has failed me. I am sick of you need to go

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Kaipātiki

Kaipātiki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

I am sickof people wasting money on dumb unecessary stuff in hard times

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Yes it should be revisted when times are better and by the way who do you think you work for?4

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Transport because people may not have fuel .Dumb question

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Rate increase at this time is not right

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Not interested

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Henderson-Massey

Henderson-Massey Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Spending on key infrastructure and services is good. High rate increases are not acceptable at this time. You claim the plan is to strengthen aucklands finances, but family/personal finances have been suffering for years, and a 7.9% rate increase on top of the utility/fuel/cost of living increases and previous years rate increases is only making it harder. Especially when primarily driven by CRL, which most ratepayers will not use. Given the current nz and international economic climate, ratepayers need relief right now, not an enormous 7.9% increase.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Ōrākei

Ōrākei Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to services?

A. Increase community-use sports fields provision either through redevelopment or expansion of our asset portfolio to address the forecasted move of Auckland Cricket into Colin Maiden Park and other demands on our sports fields.

I don’t know

B. Increasing investment in restoration and pest-management programmes to grow and protect your natural environment. Our reserves and open spaces are one of the most vital resources in Ōrākei.

Support

C. Changing the Meadowbank Community Centre project to a self-funded community centre to capitalise on existing investment and resources.

I don’t know

D. Construct a playground Remuera Library to optimise the under-used green space at the side of the building.

Support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.

4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

An increasing trend in prices for any public utilities every year is very dangerous.

It puts pressure on the low income families, elderlies or retired people, companies and organizations across the country to meet the ends on daily bases.

Now, it's not the performance or caliber of the personnel to have a raise in his/her income, rather the pay hike is just to meet the inflation cost every year.

Focus, should be on how the citizens can save more and have good spending and purchasing power for a growing economy in longer run.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Do not support, with the real estate market already seeing a downward trend...the rates hike is not appreciated at this moment.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Manurewa

Manurewa Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

Impacts the savings and purchasing power of an individual. With no relief in tax slabs...all the investments should be managed within the allocated budget.

2. What do you think about the proposed key areas of additional investment?

A. Allocate up to $1.5 million of funding to support delivery of the Manurewa War Memorial Park multi-sports pavilion.

Do not support

B. Deliver a new multi-cultural initiative that responds to demands for increased ethnic engagement.

Support

C. Develop a civics education initiative that helps people understand the role of local boards and how they can get involved.

Support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects

2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

None of these changes are specific to Rodney

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I diagree with any further rate increases for Rodney. None of the the changes are specific to Rodney and we have already had a rate increase.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Rodneyl don't know

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.

	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

#3373

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

With the cost of living out of control where are we to get more money for rates which are all ready so expensive

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

I don’t know

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

I don’t know

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

I don’t know

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc’s proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Very soon people will have to move out of Auckland because we won’t be able to afford council rates

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland’s future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland’s spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

I'm really disappointed in the annual plan for upper harbour no detail on cape expenditure all about how there is a need to reduce opex... why build more if you can't maintain or operate what we have... rediculous

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Agree with those changes but what about a Auckland wide proposal re opex and making best use of existing infrastructure first before building more

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Upper Harbour

Upper Harbour Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

As before super short sighted and have some guts to challenge opex vs capex... we have awesome facilities in our area how do we make best use of those before investing more capex by building more.. Challenge the council

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

A. Reduce maintenance activities may include stopping scheduled work on bollards, post-and-rails, and low-value bush areas, ceasing amenity garden infill planting and mulching, and reclassifying re-vegetation areas as bush.

Do not support

B. Reduce grants funding.

Do not support

C. Reduce funding across all programmes and projects including environmental outcomes, events and activations, cycling initiatives and community outcomes.

Do not support

D. Increase the fees and charges for Albany Stadium Pool: Option 1: Increase casual swim and swim plus fees by $1 (Fees will range from $5.00 - $11.40)

Do not support

E. Increase the fees and charges for Albany Stadium Pool: Option 2: Increase spectator fee and supervising adult fee by $1 (Fees will become $2)

Do not support

F. Increase the fees and charges for Albany Stadium Pool: Option 3: Increase spectator fee and supervising adult fee by $4 (Fees will become $5)

Do not support

Tell us why (please be clear which priority you are talking about)

As I've said use your capex budget to fund opex... its just ridiculous and you need to challenge this stupid situation

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I don't want to use my rates to build more when we can't operate what we have... maintenance and operations needs to be top priority FIRST

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Support

F. Increase the fees and charges for Albany Stadium Pool: Option 3: Increase spectator fee and supervising adult fee by $4 (Fees will become $5)

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Councils spending is excessive on things that do not benefit the ratepayers, ie lunches, taxis etc personal spending. As a government department worker we have to use our own money to celebrate colleague's and for lunches...Council should too! Council pay is excessive for what we get in return. Make cuts there before charging the hardworking ratepayers more!

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.

3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

The roads, they are shocking and dangerous in some areas of albany, Coatesville and dairy flat

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

Struggling to meet day to day living cost and you want to increase rates. How the ********** we afford it.

It's already crazy high.

You charge us for that tiny as little compost bin that no one absolutely uses in my neighbourhood.

The streets in new surburbs are a joke. So narrow and no parking. Where do we leave our bins.

So you charge us for this bin that no one uses and you and your contractors are filling your pockets without doing any work.

Making box houses and concrete jungle.

Absolutely no land is spared! What about the land, soil erosion and the climate.

See Flatbush for example.

Putting disgusting state housing everyone increasing crime.

Why don't Auckland council CEO and the ministers put state houses in their street.

What a shame.

Hate money making greedy council.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Rubbish

Where is the money.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Howick

Howick Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed local board specific key areas of spend?

A. Explore ways to get the best value from our play spaces so they continue to meet the needs of children and families.

Support

B. Run regular seminars for community groups/organisations on the local grant's application process.

Support

C. Identify what type of indoor/sheltered courts are necessary to support sports play in Flat Bush.

Support

D. Continue advocacy of the Tāmaki estuary on water quality and coastal erosion.

Support

E. Continue to advocate to crime prevention organisations on behalf of the community for ongoing safety initiatives.

Support

F. Continue to support our volunteer groups with resources needed for ecological volunteering, such as stream clean-ups and pest plant weeding.

Support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

#3398

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

We live rural, feel like our rates doesn't give us the value that urban Aucklanders recieve. Also feel the substantial rates hikes year on year are not in line with wages that are not keeping up, causing unnecessary strain on families

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Understand costs need to be increased for additional services, but increasing permit parking is a marginal benefit income when you could look internally at where existing over expenditure occurs to meet that difference. Council isn't rin efficiently and has to align with the rest of the economy with regard to reducing expenses during difficult financial times

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Albert-Eden,Aotea/Great Barrier,Devonport-Takapuna,Franklin,Henderson-Massey,Hibiscus and Bays,Howick,Kaipātiki,Māngere-Ōtāhuhu,Manurewa,Maungakiekie-Tāmaki,Ōrākei,Ōtara-Papatoetoe,Papakura,Puketāpapa,Rodney,Upper Harbour,Waiheke,Waitākere Ranges,Waitematā,Whau

Hibiscus and Bays Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to fees and charges?

A. Supporting further protection of our sea, soil and fresh water from contamination and sedimentation, through increased monitoring and extending projects such as local stream restoration including the Weiti River.

Support

B. Supporting community access to a wide range of recreational opportunities through investigating new capex projects such as outdoor court provision and increasing support for indoor court provision through facilities grants.

Do not support

C. Creating safer town centres and other public spaces through actions such as an increased support for community safety and placemaking.

Support

D. Ensuring Hibiscus and Bays is welcoming and supportive for all through collaboration with a broader range of local residents and an increased focus on inclusive design, so it is accessible and usable for people of all ages, abilities and backgrounds.

Support

E. Introducing changes to a range of fees in pools and leisure centres, including casual recreation, dry and aquatic group fitness and pool lane hire to better align fees across our sites.

I don't know

Tell us why (please be clear which priority you are talking about)

Support most$400,000 is peanuts for a board to work with over a year. Not sure what good they can do with that

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Akl Council needs to looks within to make cost savings for a sustainable future. The recent years of rates increases are not a long term solution and need to be pulled back into realistic ranges for families. The cost benefit ratio doesn't add up and more individuals are struggling with inflation, high fuel and food prices and wages that remain static without even CPI increases.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Other

Tell us why

I do not approve of continually rate rise, you are pushing people out of their areas!

because we can no longer afford to live in our houses due to your constant rate rises !! STOP !!!

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I do not approve of continually rate rise, you are pushing people out of their areas!

because we can no longer afford to live in our houses due to your constant rate rises !! STOP !!!

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

RodneyDo not support mostI do not approve of continually rate rise, you are pushing people out of their areas!

because we can no longer afford to live in our houses due to your constant rate rises !! STOP !!!

Question 4: Other feedback

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

The increase is an unfair way to raise funds to compensate on the overspending of local agencies, there should be no cost increases for any residents since we're already taxed on every dollar earned and spent

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Ōtara-Papatoetoe

Ōtara-Papatoetoe Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

The Papatoetoe local elections were rigged, how do people who have never ran or are even know win an election

2. Due to rising costs for utilities, maintenance, staffing and other pressures, we must address an increase in the cost of delivering existing services within its current funding. To balance the budget, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $1.1 million capital value based rate charged to all properties (this would be around $27 based on average value urban residential property in the Ōtara-Papatoetoe Local Board area) to cover the increased cost of delivering existing services. What do you think about this option?

Do not support

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Support

B. Reduce library hours: Ōtara Library, reduction of 4 hours per week; Papatoetoe Library, reduction of 2 hours per week; Tupu Youth Library, reduction of 5 hours per week; Manukau Library, reduction to a 6-day service, close on Sundays.

Support

C. Reduce discretionary spending on community grants, community and/or environment projects.

Support

D. Increase to fees for "Plus" (spa, sauna, and steam room entry) services by $1 at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

Do not support

E. Charge adult visitors from outside the local board area at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

Do not support

Tell us why (please be clear which priority you are talking about)

Try living on minimum wage and see if you would support additional costs to live

4. Overall, how do you think the local board should address the cost increases?

Reduce current service levels and/or increase fees and charges for those services

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Stop over spending and wasting money on unnecessary costs

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**

- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making

them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Out of touch with real needs

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Do notcharge rate payers anymore it is such poor management to suggest an increase in rates. Thete should be a freeze on rates increase. You are the biggest contributor to unstainable inflation rates

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Albert-Eden,Aotea/Great Barrier,Maungakiekie-Tāmaki,WaihekeDo not supportYou need to review your operating costs and priorities before you increase our rates

Aotea/Great Barrier Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to services?

A. Improvements to the library service including additional programmes.

Do not support

B. Partnering with mana whenua and community on the coordination and engagement of island fisheries management and local Ahu Moana marine projects.

Do not support

Tell us why (please be clear which priority you are talking about)

Consultation with everyone

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Too costly

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Do not support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Do not support

Tell us why (please be clear which priority you are talking about)

I have seen how you spend our money in these activities and it is an apalling waste

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I support an independent review into current Council spending with an overall goal not to increase rates for next three years. It is apalling overspending already and it needs to stop

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Reduce rates and look at become lessof a monopoly

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Other (please specify):Reduce rates

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to services?

A. Improvements to the library service including additional programmes.

Support

B. Partnering with mana whenua and community on the coordination and engagement of island fisheries management and local Ahu Moana marine projects.

I don't know

Tell us why (please be clear which priority you are talking about)

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

Other

B. Reduced library hours over 7 days.

Do not support

C. Reduced local board funding to local organisations that deliver local events.

Do not support

D. Reduced budget available for contestable grants.

I don’t know

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Do not support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

Other

G. Reduced funding for parks volunteers.

Other

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

Reducing funding on programmes thst support your citizens is the exact reason people are practically fleeing the fucking country - I also think the CURRENT library hours are too low, this is a SAFE SPACE that could support children and keep them out of dangerous situations and homes or even just a place to go to before school if parents have work but the current hours make that impossible who would guess that we have a gang problem...

Franklin Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Do not support most

Tell us why

Hibiscus and Bays Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to fees and charges?

A. Supporting further protection of our sea, soil and fresh water from contamination and sedimentation, through increased monitoring and extending projects such as local stream restoration including the Weiti River.

Support

B. Supporting community access to a wide range of recreational opportunities through investigating new capex projects such as outdoor court provision and increasing support for indoor court provision through facilities grants.

Support

C. Creating safer town centres and other public spaces through actions such as an increased support for community safety and placemaking.

Support

D. Ensuring Hibiscus and Bays is welcoming and supportive for all through collaboration with a broader range of local residents and an increased focus on inclusive design, so it is accessible and usable for people of all ages, abilities and backgrounds.

Support

E. Introducing changes to a range of fees in pools and leisure centres, including casual recreation, dry and aquatic group fitness and pool lane hire to better align fees across our sites.

I don’t know

Tell us why (please be clear which priority you are talking about)

There are spaces that could be safe such as the libraries you want to reduce hours on

Howick Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed local board specific key areas of spend?

A. Explore ways to get the best value from our play spaces so they continue to meet the needs of children and families.

Support

B. Run regular seminars for community groups/organisations on the local grant's application process.

I don’t know

C. Identify what type of indoor/sheltered courts are necessary to support sports play in Flat Bush.

Support

D. Continue advocacy of the Tāmaki estuary on water quality and coastal erosion.

Support

E. Continue to advocate to crime prevention organisations on behalf of the community for ongoing safety initiatives.

I don't know

F. Continue to support our volunteer groups with resources needed for ecological volunteering, such as stream clean-ups and pest plant weeding.

Support

Tell us why (please be clear which priority you are talking about)

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Do not support

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.

Do not support

B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Do not support

C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.

I don’t know

D. Increase pools and leisure fees - Increase fees and charges by $1 for “Plus” services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.

I don’t know

E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).

Support

Tell us why (please be clear which priority you are talking about)

There is bigger issues with the government spending money we have literally thrown away over the years and now it feels as if the citizens are being punished for being here

4. Overall, how do you think the local board should address the cost increases?

I don't know

Manurewa Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Allocate up to $1.5 million of funding to support delivery of the Manurewa War Memorial Park multi-sports pavilion.

I don't know

B. Deliver a new multi-cultural initiative that responds to demands for increased ethnic engagement.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Prioritise the children before the human race kills themselves in a race to create the least gross version of a fake woman to compliment men that narrowly avoided being mass shooters

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

THE LIBRARIES AND COMMUNITY PROGRAMS

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

The increase in rates due to CRL is intended to be persist every year going forward. Operating costs rather than a one off investment cost. As such, more of this cost needs to be recaptured through fare increases for those using transport rather than ratepayers.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

RodneySupport mostModest incremental change is OK

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Cost of living is at an all time high these rate increases are just unaffordable

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Manurewa,Ōtara-Papatoetoe

Manurewa Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Allocate up to $1.5 million of funding to support delivery of the Manurewa War Memorial Park multi-sports pavilion.

Do not support

B. Deliver a new multi-cultural initiative that responds to demands for increased ethnic engagement.

Do not support

C. Develop a civics education initiative that helps people understand the role of local boards and how they can get involved.

Do not support

Tell us why (please be clear which priority you are talking about)

All of these investments are not neccessities

Ōtara-Papatoetoe Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

2. Due to rising costs for utilities, maintenance, staffing and other pressures, we must address an increase in the cost of delivering existing services within its current funding. To balance the budget, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $1.1 million capital value based rate charged to all properties (this would be around $27 based on average value urban residential property in the Ōtara-Papatoetoe Local Board area) to cover the increased cost of delivering existing services. What do you think about this option?

Do not support

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Support

B. Reduce library hours: Ōtara Library, reduction of 4 hours per week; Papatoetoe Library, reduction of 2 hours per week; Tupu Youth Library, reduction of 5 hours per week; Manukau Library, reduction to a 6-day service, close on Sundays.

Support

C. Reduce discretionary spending on community grants, community and/or environment projects.

Support

D. Increase to fees for "Plus" (spa, sauna, and steam room entry) services by $1 at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

Do not support

E. Charge adult visitors from outside the local board area at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

Do not support

Tell us why (please be clear which priority you are talking about)

4. Overall, how do you think the local board should address the cost increases?

I don't know

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.

	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

#3508

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

Current administration were voted in the last election with campaign promise they will not increase rates. This is horrible to see openly disregarding their campaign promise.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Cut 25 % of the auckland council bureaucats.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Devonport-Takapuna

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

B. Reduced library hours over 7 days.

C. Reduced local board funding to local organisations that deliver local events.

D. Reduced budget available for contestable grants.

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

G. Reduced funding for parks volunteers.

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Develop more outside of the city. I don't agree with focusing development within the already developed areas. We should be focusing on the expansion of the city in wider areas of Auckland where there is space. There is too much congestion in the city as is

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

During this period of uncertainty, as global tensions increasingly impact New Zealand, Auckland Council should prioritise essential services and defer non-critical events.

The current food scraps collection scheme should be reconsidered. Producing hundreds of thousands of plastic bins, additional rubbish bags, and running extra diesel trucks to service every household creates a significant environmental footprint that appears to outweigh the benefits—

especially when only a fraction of residents actively use the service. Ratepayers should not be funding initiatives that deliver limited value.

Additionally, greater discipline is needed in road design decisions - particularly the widespread installation of speed bumps. These should be implemented only where there is a clear and justified need.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Stop raising rates every year. A 7.9% increase is excessive - where are households and businesses expected to find that money? Many businesses are already struggling, and most people are not receiving salary increases anywhere near that level. Continual rate hikes are placing growing pressure on Aucklanders and steadily making everyday life more difficult.

This approach needs to change. Focus spending on core services that benefit the majority of residents, and cut back on politically driven or low-value initiatives.

Auckland is already in the middle of a cost-of-living crisis. Food prices alone have risen dramatically compared to pre-COVID levels, with many essentials now costing double or more. Increasing rates in this environment only adds to the burden.

Greater financial discipline, prioritisation, and accountability are needed. Aucklanders deserve to see their rates used efficiently, with clear, practical value in return.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Henderson-Massey

Henderson-Massey Local Board Feedback:

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Rates Increase in unjustified and it burdens every household even more on top of the increasing inflation. totally unjustified.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

it kind of makes it seem like its working against the people because of increasing rates not for them.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

do not agree with increase rates, try calculating how much extra will be coming in? and the amount of money spent on consultants is outright ridiculous and abrupt and for what, to transfer liability on someone else's head.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Rate cuts

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

Consultations with Auckland council are window dressing since all ratepayers opinions are ignored unless they happen to agree with the proposed plan

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Council rates increases and all the add ons that keep appearing under different guises are just ripping off a captive clientele....it really is time for a rates strike by all the victimd

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

RodneyDo not support mostThe only really good honest and honourable councillor we have had in recent years is Michelle Carmichael who worked very hard for Rodney but sadly got tired of banging her head on a brick wall

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

SCRAP THE PLAN COMPLETELY AND GET RID OF THE APPALLING MAYOR

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Transport.....trying to rreach North Shore hospital is a nightmare and the time of day doesn't seem to matter

As for Auckland itself I really can't remember the last time I ventured into the city

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Don't understand why ratepayers are having to fork up poor management of CRL construction project. It is crazy how much is now being spent on interest that is not going to other critical infrastructure the city needs such as second harbour crossing. And further why should north shote commuters be penalised for any second harbour crossing if inner city is benefiting from everyone else's rates going to CRL.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Should have a grace period of waiving these fees for households where testing of fortnightly bin collection or other similar changes or testing is done, so as to not penalise people for council decisions.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

Hibiscus and Bays Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to fees and charges?

A. Supporting further protection of our sea, soil and fresh water from contamination and sedimentation, through increased monitoring and extending projects such as local stream restoration including the Weiti River.

I don’t know

B. Supporting community access to a wide range of recreational opportunities through investigating new capex projects such as outdoor court provision and increasing support for indoor court provision through facilities grants.

I don’t know

C. Creating safer town centres and other public spaces through actions such as an increased support for community safety and placemaking.

Support

D. Ensuring Hibiscus and Bays is welcoming and supportive for all through collaboration with a broader range of local residents and an increased focus on inclusive design, so it is accessible and usable for people of all ages, abilities and backgrounds.

Other

E. Introducing changes to a range of fees in pools and leisure centres, including casual recreation, dry and aquatic group fitness and pool lane hire to better align fees across our sites.

Support

Tell us why (please be clear which priority you are talking about)

Ensuring area is welcoming and supportive - is very very vague. Artwork installations won't equal happier communities. Less roadworks, better parking and public transport connections, accessibility ramps etc would all be positive.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Pleased to hear more of Auckland transport decisions sit with councils - desperately needs lot more accountability

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Public transport in anywhere outside of central auckland is not up to standard. Cannot penalise people for using cars if there's no suitable alternatives. However, also need to be balanced with well managed projects for improvement or new projects, and accountability dor where projects go beyond budget.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Last year my rates were increased with 18%. Unfortunately my complaint was not processed because it was submitted too late. I have advised the team in charge that they have to update their processes so faulty rates assessments are sanitized before being submitted.

The value of improvements in my case had increased to $200,000 from $25,000 in a few years. I have not improved the property in these years.

Please embed proper processes to avoid these type of unfunded increases in valuations.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Whau

Whau Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Please add the necessity to extend the cycling network by adding separate cycle lanes to connect schools, shops, council facilities so citizens in Whau are able to move around safely in the Whau district by bicycle, esp. youth getting to school or sport facilities.

2. What do you think about the proposed key areas of additional investment?

A. Design and build a new destination playground at Avondale Central Reserve.

B. Promote community identity and diversity by funding a coordinator for Welcoming Communities, supporting the PAN African Hub, and refreshing the Whau Ethnic Peoples Plan.

I don’t know

C. Engage and respond to youth needs, and co-design initiatives to address opportunities and gaps.

Support

D. Improve water quality and flood resilience of Whau streams and rivers through collaboration with volunteers, local schools, community hubs, organisations, and neighbouring local boards.

Support

E. Prioritise projects identified through the Whau Sport and Recreation Facilities Plan and leverage partnerships to provide a local facility network for the community.

Support

F. Develop a Local Parks Management Plan to guide decisions on managing use, development, and protection of all 146 parks, reserves and open space within the Whau.

Support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Change subdivision rules so suburban streets are not choked by parked cars.

- Identify suitable land areas to build larger amounts of homes to meet demand, e.g. the Crown New Lynn land has still not being fully developed.

- Make it mandatory for property owners to communicate with the neighborhood about planned subdivisions

- Disallow overruling or exceptions in resource/ building consents. Rules have to be followed.

- Council has to invest in and deliver more fast and affordable safe cycleways, to create a connected cycling network.

- Construct Kelston-New Lynn-Green Bay-Glen Eden cycling network

- Construct Blockhouse Bay-Green Bay-Titirangi-Huia cycling network

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**

- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public

spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I'd like to see more prioritisation of public transport and walking/cycling infrastructure in order to maximise the benefit from the CRL and other existing infrastructure. With the accessibility of ebikes increasing, and the apparent limitations of car transport (primarily congestion/inefficiency) as a city we should provide viable alternatives for those who are willing to make the change to other (efficient) forms of transport.

Primarily cycling infrastructure is missing, it is almost there, just need a few more key routes. the primary concern is safety/comfort on these routes. The standard should be would you let a 10 year old ride on it. paint alone isnt infrastructure.

providing real options to people and freedom of choice will benefit everyone.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Howick,Māngere-Ōtāhuhu

Howick Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

I'd like to see more prioritisation of walking/cycling infrastructure in order to maximise the benefit from the CRL and other existing infrastructure. With the accessibility of ebikes increasing, and the apparent limitations of car transport (primarily congestion/inefficiency) as a city we should provide viable alternatives for those who are willing to make the change to other (efficient) forms of transport.

Primarily cycling infrastructure is missing, it is almost there, just need a few more key routes - panmure-howick is lacking. the primary concern is safety/comfort on these routes. The standard should be would you let a 10 year old ride on it. paint alone isnt infrastructure.

providing real options to people and freedom of choice will benefit everyone.

2. What do you think about the proposed local board specific key areas of spend?

A. Explore ways to get the best value from our play spaces so they continue to meet the needs of children and families.

Support

B. Run regular seminars for community groups/organisations on the local grant's application process.

C. Identify what type of indoor/sheltered courts are necessary to support sports play in Flat Bush.

D. Continue advocacy of the Tāmaki estuary on water quality and coastal erosion.

E. Continue to advocate to crime prevention organisations on behalf of the community for ongoing safety initiatives.

F. Continue to support our volunteer groups with resources needed for ecological volunteering, such as stream clean-ups and pest plant weeding.

Tell us why (please be clear which priority you are talking about)

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the

Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.

Do not support

B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Do not support

C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.

I don't know

D. Increase pools and leisure fees - Increase fees and charges by $1 for "Plus" services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.

Support

E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).

Support

Tell us why (please be clear which priority you are talking about)

4. Overall, how do you think the local board should address the cost increases?

Reduce current service levels and/or increase fees and charges for those services

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Dream:

surface light rail in the city.

Having experienced Sydney, the benefit of having a light rail run through the city is life changing.

project scope of last light rail proposal got way too big.

LR will transform the city centre, as will be necessary at some point anyway to deal with the demand of the most used bus routes.

note many cities have underground trains + surface LR. don't have to pick between them.

born and raised in auckland i thought that cars were the only/best way to get around and public transport was for poor people. but when you experience proper PT/options of transport it challenges your world view. obviously we are not as rich as other cities so i do not expect a metro. but surface LR + cycleways will provide most of the benefit

note on cost - looking at RoNS project where they have to readjust the cost benefit analysis to pass some of those projects over the line. all those billions of dollars to invest in a less efficient mode of transport?? at least you build rail you know you are building something worthwhile not a money black hole.

so clearly the nation has the money for better infrastructure, it just seems misdirected.

I'm sure the BCA on surface LR will be much greater than those money pits. just requires some passionate people to make it happen, as breaking the status quo of roads are the best is a difficult thing to accomplish.

repeat of what I wrote earlier:

I'd like to see more prioritisation of public transport and walking/cycling infrastructure in order to maximise the benefit from the CRL and other existing infrastructure. With the accessibility of ebikes increasing, and the apparent limitations of car transport (primarily congestion/inefficiency) as a city we should provide viable alternatives for those who are willing to make the change to other (efficient) forms of transport.

Primarily cycling infrastructure is missing, it is almost there, just need a few more key routes. the primary concern is safety/comfort on these routes. The standard should be would you let a 10 year old ride on it. paint alone isnt infrastructure.

providing real options to people and freedom of choice will benefit everyone.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces

work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.,Other (please specify):surface light rail

Annual Plan 2026-2027

#3621

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Auckland is paying higher rates compared to other countries and still the council wants increment..still paying higher bills to water and electricity..cost of living is so high..need a better strategy..hire a Chinese company maybe to build the kiwi rail.. too much unnecessary cost..

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Will see more rubbish on the roads and footpath.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Howick,Māngere-Ōtāhuhu,Manurewa,Ōtara-Papatoetoe,Papakura

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

I think the suggestions below are of vital importance. Please implement them.

Support additional funding for implementing the Regional Pest Management Plan.

Support additional funding for enforcement and compliance activities to enable proactive monitoring of consent conditions and a more consistent response to illegal removals of protected vegetation.

Support additional funding for an annual rolling programme of phosphite treatment for kauri dieback infected trees in regional and local parks.

Support additional funding for labelling of scheduled Notable trees.

Support funding for management of the Notable trees schedule, including adding new trees to the list.

Support funding for the Urban Ngahere Strategy, including monitoring of canopy cover and planting more trees on public land.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

They are all acceptable to me.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Henderson-Massey

Henderson-Massey Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

They will all help to make Henderson a more desirable place to live and work.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Well done!

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

The environment, especially in areas of native bush.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I was sent an email about the changes to the residential parking permit fees and to feedback via the link to this page. As a payer of the permit I think we are entitled to a better breakdown of the costs considering you are increasing the cost by 60%. Also, I don't own the road, infact I have no idea who actually does but it would appear that it is now an under utilised resource. What are the longterm goals? Getting commuters off the road and into public transport, if you have done this. What do you do with all the roadside parking now available in Parnell?

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

You guys need to budget better, you waste too much, stupid pet projects and employing the wrong people. Rates keep going up, then you give yourselves payrises to "keep up with inflation". The rest of Auckland do not have these luxuries and you lot keep wasting money and paying yourselves more. You should have your pay tied to budget efficiencies. You miss budget, no pay rise.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

So you're increasing rates, then you want to charge people to park on the streets we have already paid for? Then you'll send out parking wardens to ticket them. Instead of taxing all the time, do better.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Albert-Eden,Aotea/Great Barrier,Devonport-Takapuna,Franklin,Henderson-Massey,Hibiscus and Bays,Howick,Kaipātiki,Māngere-Ōtāhuhu,Manurewa,Maungakiekie-Tāmaki,Ōrākei,Ōtara-Papatoetoe,Papakura,Puketāpapa,Rodney,Upper Harbour,Waiheke,Waitākere Ranges,Waitematā,WhauSupportDo not supportSupportOtherOnly support if they're legit businesses. But again, tax, tax, tax, tax..... Where are the initiatives to generate revenue, not just taxes?

Aotea/Great Barrier Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to services?

A. Improvements to the library service including additional programmes.

B. Partnering with mana whenua and community on the coordination and engagement of island fisheries management and local Ahu Moana marine projects.

I don’t know

Tell us why (please be clear which priority you are talking about)

There should be dedicated blue zones where you can't fish, allow the stocks to flurrish and the regions will benefit from it. Have you thought about outsourcing reproduction of crayfish and other fish to boost the region and include marine habitats for the fish stock?

Devonport-Takapuna Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes?

A. Reduced maintenance of bollards and fencing, stop scheduled maintenance for bush area (except High Value/Ecological areas), reduced service level for amenity gardens and planted areas, and reclassifying re-vegetation areas to bush areas.

B. Reduced library hours over 7 days.

C. Reduced local board funding to local organisations that deliver local events.

Support

D. Reduced budget available for contestable grants.

Support

E. Reduced funding for organisations that deliver support and services for seniors, youth, ethnic communities, sport and recreation and community wellbeing.

Support

F.Reduced funding support for The Depot, Devonport Museum, The Lake House, The Michael King Writers Centre, North Shore Brass, The Pumphouse and The Rose Centre.

G. Reduced funding for parks volunteers.

Do not support

H. Reduced funding support for environmental restoration, planting, pest management, and waste minimisation.

Do not support

Tell us why (please be clear which priority you are talking about)

How about reduce council bloat and wages

Hibiscus and Bays Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to fees and charges?

A. Supporting further protection of our sea, soil and fresh water from contamination and sedimentation, through increased monitoring and extending projects such as local stream restoration including the Weiti River.

Support

B. Supporting community access to a wide range of recreational opportunities through investigating new capex projects such as outdoor court provision and increasing support for indoor court provision through facilities grants.

C. Creating safer town centres and other public spaces through actions such as an increased support for community safety and placemaking.

Support

D. Ensuring Hibiscus and Bays is welcoming and supportive for all through collaboration with a broader range of local residents and an increased focus on inclusive design, so it is accessible and usable for people of all ages, abilities and backgrounds.

E. Introducing changes to a range of fees in pools and leisure centres, including casual recreation, dry and aquatic group fitness and pool lane hire to better align fees across our sites.

Tell us why (please be clear which priority you are talking about)

Howick Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed local board specific key areas of spend?

A. Explore ways to get the best value from our play spaces so they continue to meet the needs of children and families.

Support

B. Run regular seminars for community groups/organisations on the local grant's application process.

Do not support

C. Identify what type of indoor/sheltered courts are necessary to support sports play in Flat Bush.

D. Continue advocacy of the Tāmaki estuary on water quality and coastal erosion.

E. Continue to advocate to crime prevention organisations on behalf of the community for ongoing safety initiatives.

F. Continue to support our volunteer groups with resources needed for ecological volunteering, such as stream clean-ups and pest plant weeding.

Tell us why (please be clear which priority you are talking about)

Manurewa Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Allocate up to $1.5 million of funding to support delivery of the Manurewa War Memorial Park multi-sports pavilion.

Support

B. Deliver a new multi-cultural initiative that responds to demands for increased ethnic engagement.

Do not support

C. Develop a civics education initiative that helps people understand the role of local boards and how they can get involved.

Do not support

Tell us why (please be clear which priority you are talking about)

Ethnic engagement... Let's have them pay taxes first.

Ōtara-Papatoetoe Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. Due to rising costs for utilities, maintenance, staffing and other pressures, we must address an increase in the cost of delivering existing services within its current funding. To balance the budget, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $1.1 million capital value based rate charged to all properties (this would be around $27 based on average value urban residential property in the

Ōtara-Papatoetoe Local Board area) to cover the increased cost of delivering existing services. What do you think about this option?

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

B. Reduce library hours: Ōtara Library, reduction of 4 hours per week; Papatoetoe Library, reduction of 2 hours per week; Tupu Youth Library, reduction of 5 hours per week; Manukau Library, reduction to a 6-day service, close on Sundays.

C. Reduce discretionary spending on community grants, community and/or environment projects.

Support

D. Increase to fees for "Plus" (spa, sauna, and steam room entry) services by $1 at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

Support

E. Charge adult visitors from outside the local board area at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

Support

Tell us why (please be clear which priority you are talking about)

4. Overall, how do you think the local board should address the cost increases?

Papakura Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

A. Reduce library hours on Mondays and Fridays at Sir Edmund Hillary Library.

B. Reduce library hours on Saturdays at Sir Edmund Hillary Library.

C. Reduce selected maintenance: Stop bollard and post-and–rail maintenance in parks, stop scheduled maintenance for bush areas (except high value/ecological).

D. Charge a higher fee for visitors outside the Auckland region who visit Massey Park Pool.

Support

E. Reduce or discontinue grant funding.

Support

F. Reduce the numbers of public rubbish bins in public spaces such as town centres, parks and reserves.

Do not support

G. Reduce or discontinue some arts and culture activities.

Support

H. Reduce or discontinue some services and programmes in arts facilities and community centres.

Support

I. Reduce or discontinue some community development and support activities.

Support

J. Reduce or discontinue some environmental and water quality activities.

Do not support

K. Reduce or discontinue civic events.

Support

L. Reduce or discontinue sports and park activation activities.

Support

Tell us why (please be clear which priority you are talking about)

Upper Harbour Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering changes to service levels or fees. What do you think about the proposed changes to service levels and fees and charges?

A. Reduce maintenance activities may include stopping scheduled work on bollards, post-and-rails, and low-value bush areas, ceasing amenity garden infill planting and mulching, and reclassifying re-vegetation areas as bush.

B. Reduce grants funding.

Support

C. Reduce funding across all programmes and projects including environmental outcomes, events and activations, cycling initiatives and community outcomes.

Support

D. Increase the fees and charges for Albany Stadium Pool: Option 1: Increase casual swim and swim plus fees by $1 (Fees will range from $5.00 - $11.40)

Support

E. Increase the fees and charges for Albany Stadium Pool: Option 2: Increase spectator fee and supervising adult fee by $1 (Fees will become $2)

F. Increase the fees and charges for Albany Stadium Pool: Option 3: Increase spectator fee and supervising adult fee by $4 (Fees will become $5)

Tell us why (please be clear which priority you are talking about)

Waitematā Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed changes to service levels, fees and charges?

A. Reduce library hours at Central City, Little Leys, Grey Lynn and Parnell Libraries.

Support

B. Reduce maintenance for bollard and post-and-rail.

C. Reduce community grant funding and accommodation grant funding.

Support

D. Increase fees for adult swim fees at council pools by up to $3.

Support

E. Reduce funding for environmental management activities.

Do not support

Tell us why (please be clear which priority you are talking about)

Whau Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Design and build a new destination playground at Avondale Central Reserve.

Support

B. Promote community identity and diversity by funding a coordinator for Welcoming Communities, supporting the PAN African Hub, and refreshing the Whau Ethnic Peoples Plan.

Do not support

C. Engage and respond to youth needs, and co-design initiatives to address opportunities and gaps.

Do not support

D. Improve water quality and flood resilience of Whau streams and rivers through collaboration with volunteers, local schools, community hubs, organisations, and neighbouring local boards.

Support

E. Prioritise projects identified through the Whau Sport and Recreation Facilities Plan and leverage partnerships to provide a local facility network for the community.

Do not support

F. Develop a Local Parks Management Plan to guide decisions on managing use, development, and protection of all 146 parks, reserves and open space within the Whau.

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces

work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Other (please specify):Why have Maori been carved our special privilege?

Annual Plan 2026-2027

#3679

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation: N/A

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

With the things already so expensive, cost of living over the roof and now the fuel prices going over the roof and the wages remains the same.how can one survive with things so expensive. Council should rather try not to spend on unnecessary things and spend wisely and keep a track of the expenses. Have seen those orange cones everywhere in Auckland. Road work.never seems to end.digging happens at one place, gets filled up and after few months same thing going on at the same.place.should have accountability, its the public hard earned money .so totally against the increase in the rates. Things are hard as it is.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Waitākere Ranges

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**

- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Other (please specify):Stop digging anymore and.juat finish the railway project. It's been years wasting money there and literally messed up the cbd

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.

	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Submission from Waikato Regional Council to Auckland Council's Annual Plan 2026/2027

Introduction

1. We appreciate the opportunity to make a submission to Auckland Council's Annual Plan 2026/2027, and acknowledge the relationship between our councils.

2. Waikato Regional Council (the Council) recognises that local government is currently managing the cumulative impacts of multiple reforms, and we understand the importance of continued partnership as we navigate through this period of change.

3. Significant growth pressures and a changing climate are also necessitating greater inter-regional collaboration in how we allocate our land, water and other resources to enhance the wellbeing of our regions. The flow of people and goods between our regions means continued collaboration to provide for these corridors is important. In particular, we recognise and appreciate the collaborative efforts of your council and its continued commitment to the Future Proof Partnership, to enable innovative and joined-up thinking for the Hamilton-Auckland corridor.

4. We also recognise the strong relationship between our councils to promote the integrated and sustainable management of the Hauraki Gulf, and the collaborative efforts of the Hauraki Gulf Forum to support healthier ecosystems. We also acknowledge the commitment of your council towards the goals of the Hauraki Gulf Forum, and our councils' combined efforts to eradicate exotic caulerpa.

5. Please find our feedback on your 2026/2027 Annual Plan below.

Transport

6. Often described within the Golden Triangle context, there are enduring and active economic relationships between the Auckland and Waikato regions which are supported and enhanced through good transport connections and easy access.

7. Since 2018, Waikato Regional Council has consistently advocated for support from Auckland for the Te Huia inter-regional passenger rail service as a way of increasing access to a larger skilled workforce and potentially more affordable housing, both of which support the growth of Auckland as a major economic zone.

8. In particular, the Te Tupu Ngatahi Supporting Growth package includes significant growth in South Auckland which will result in congestion on the Southern Motorway unless investment is made in resilient transport options such as public transport including passenger rail across the regional boundary.

9. More broadly, we have identified a range of benefits of the Te Huia inter-regional passenger rail service to the Auckland region. A summary of these is included at the end of this document.

10. Waikato Regional Council seeks your commitment to the future of this service during the final year of the trial, acknowledged through the letter from your Council to New Zealand Transport Agency dated 19 December 2025 in support of the extension of the trial to June 2027.

11. In addition, as we commence engagement with our communities and the New Zealand Transport Agency to secure a permanent service from mid-2027, we seek a commitment from Auckland to fund 50% of the local share costs as a demonstration of the inter-regional nature and benefits of this service. We note that both Horizons and Greater Wellington Regional Councils have provided financial assistance to the Capital Connection interregional passenger rail service which reflects the cross-boundary benefits of train travel.

12. The Council also highlights the benefits delivered to the Auckland Region through the inter-regional bus service operated by the Council. This service provides a critical transport link between Pokeno in the North Waikato and Pukekohe in South Auckland.

Natural Environment and Biosecurity Initiatives

13. We support the proposed increase to the Natural Environment Targeted Rate (NETR) as a necessary investment to ensure these outcomes can be delivered effectively for the benefit of both Auckland and the Waikato region. As Auckland's neighbour, the Waikato is directly impacted by invasive pests that originate from or are present in the Auckland region, making strong biosecurity and environmental investment essential for both regions' resilience.

14. We strongly support these initiatives as they align with Waikato's priorities for protecting our environment and enhancing regional resilience. Strengthening delivery of the Regional Pest Management Plan, alongside increased investment in pest plant, animal, and pathogen control, is critical to maintaining the health of our landscapes and waterways. We also support the continued protection of our remaining kauri through the Kauri Protection Programme, recognising their ecological and cultural significance.

15. Improved marine biosecurity, especially for vulnerable coastal areas such as the Coromandel, is essential to safeguard aquaculture, biodiversity, and recreation from emerging threats like exotic caulerpa.

16. Overall, these actions demonstrate strong, forward-looking stewardship that benefits both Auckland and the Waikato region, supporting healthier ecosystems and more resilient communities now and into the future.

Te Huia

Benefits of Te Huia interregional passenger rail service to the Auckland region

Urban and transport benefits

Reduced congestion

Removes 120 cars a day from State Highway 1 (SH1).

Even a 0.5% traffic reduction can yield measurable congestion relief in Auckland.

Improved public transport service

Provides a 5-10 minute faster service than AT Southern Line between Pukekohe and Auckland.

A limited stop service with on-board facilities such as cafe, toilets and WiFi.

Almost one-third of trips originate in Auckland.

Reduced emissions and pollution

Removes 3 million vehicle km/ year from Auckland roads.

Emissions reductions are more valuable in urban areas.

Resilience and redundancy

Provides an alternative mode to SH1 during planned or unexpected road closures.

Enhances network resilience and mode choice.

Increased accessibility

8.5% of passengers have no alternative transport to travel to Auckland.

Improves mobility for elderly, disabled and low-income individuals.

Social and economic benefits

Increased access to labour pool

Connects high-skilled Waikato workers to Auckland jobs.

Onboard amenities such as WiFi and charging points support productive commuting.

One-third of existing passengers travel for work in Auckland.

Educational access

Facilitates travel for students and educators to tertiary institutions in Auckland.

Encourages regional collaboration for students and educators between Auckland and Waikato institutions.

Housing affordability and urban planning

Enables housing growth in affordable areas while accessing Auckland jobs.

Supports decentralised growth.

Tourism boost

Supports leisure travel and day trips between Hamilton and Auckland.

Supports travel mode choice to sporting and special events between cities.

Annual Plan 2026-2027

#3745

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

there have been a significant number of subsequent increases to rates which points out to inefficiencies in how the money is spent. It is evident that no amount of increase will break this cycle and that the council should address the funding gaps via other means (incl. expenditure control)

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

proposal are not rooted in the economical reality. I would like to see a model that is sustainable and doesn't just pass on the cost because it is the easiest and most successful thing that's worked so far

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Waitākere Ranges

Waitākere Ranges Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Community wellbeing - continue to grow and evolve our programmes to support community wellbeing with a focus on tamariki and rangatahi, as well as older people

B. Review level of community grants, including investigating a Facility Partnership Fund to support community organisations to plan, develop or upgrade community facilities

C. Improve engagement with communities of need, schools and youth

D. Progress an omnibus Waitākere Ranges Local Parks Management Plan

E. Walking and cycling connections, particularly through parks

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

yes, I would like consideration given to the fact that this is all relying on funding from rates increases and nothing else which is not sustainable on the long run and it is also disproportionately passed on just to those who own a house but the benefits are for everyone

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.

	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Seems sensible. Rste rises are too high.

Ferrys need to be in council control.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Ferry fares need controlling.

Bins must remain free to empty.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

WaihekeSupport mostSeems to have a sustainability eyd.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

As a pensioner my rates take approx $900 per month. My pension is$1400 approx quite difficult.

A cap on pensioner rates or some considdration.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Climate resilience.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

Need Major Improvement is Infrastructure !! Especially widening of Roads after housing infestation.

Spending Millions of $$ on Cycle lanes and narrowing roads was a pathetic and horrific decision by Transport minister and Govt that backed-it up .

With countries like NZ , we need wide roads and mutilanes as possible, not Cycle lanes !! Countries like AUS , US with vast land can have it .

How many cyclist go through cycle lanes each day , compared to cars and buses ?

Surely minister and planning team were dumb and had no brains !!

That funds could be used to bridges , or hospitals or trains stations etc .

Why spent $$$ behind cycle lanes ?????

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

You thinking increasing prices on residential car parks is an answer right now!!! You're all delusional up there in your offices.

It's a direct you can throw this idea in the trash along with all your other ideas to increase money out of us even.

Read the news and let's see if there's any innovators among you at ACC that are able to create ideas to bring people together rather than scab more money off them, get your head out of the office and look around - there's a crisis going on that effects or everyday life, if you haven't already noticed 🤦 with everything costing more.

How inconsiderate can you be sending this during this point in time!!!

Do your job with the money you get already and stop spending it on doing up our roads over and over again in the one area and actually forecast it with dignity and honesty.

You may think no one watches you, but know that you can't hide. He sees all!

Do the right thing!

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

#3775

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

We've received this email below regarding a bizarre thought process that suggests that because we live in a certain street we should pay the full cost of issuing permits, so that we can simply park outside our own homes. The email asks for feedback but none of the links appear to offer a way to give direct feedback on this specific topic.

Where should we send our feedback so that it is included in the councillors' considerations.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I am writing to provide feedback on the proposed increase in residential parking permit fees from $70 to $114 per year.

While I understand the intention to recover the full cost of processing permits, I believe the proposal does not fully reflect the realities faced by residents in areas like mine.

I live close to the city, where car ownership is still necessary due to limited and unreliable public transport options. In this context, residential parking is not a discretionary benefit, but a basic requirement for daily life. Increasing the cost without first improving transport alternatives places an unfair burden on residents.

I would also like to highlight an issue with the current system. As a resident eligible for parking, I have received infringement fines simply for forgetting to activate a daily permit. I accept responsibility for these mistakes and have always paid my fines on time. However, these situations demonstrate that the system can penalise genuine residents for minor administrative errors, rather than actual misuse.

Given this, I would strongly encourage Auckland Council to consider a more balanced approach, such as:

Introducing a grace period or warning system for first time or occasional activation errors

Providing a limited number of automatic exemptions per year for verified residents

Offering discounted or capped permit fees for residents in areas with limited public transport access

Phasing in any price increases gradually rather than applying a full increase immediately

These measures would maintain fairness while recognising the realities residents face and improving trust in the system.

I support a system that is sustainable, but it should also be practical and fair for those who rely on it every day.

Thank you for your time and consideration.

Question 3: Local board priorities

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Thank you for the update regarding the proposal to increase the residential parking permit fee from $70 to $114.

While I understand the objective of avoiding cross-subsidisation, the explanation that the cost of issuing a permit is $114 raises some important questions.

Residential parking permits are a relatively simple administrative process and, in an era where most verification and permitting systems are digitally managed, it is difficult to understand why the cost per permit remains so high.

To help residents understand the basis of the proposal, it would be useful if Auckland Transport could provide greater transparency around the calculation of the $114 cost, including:

1. The total number of residential permits issued annually

2. Total revenue currently generated from permits

3. A breakdown of the $114 cost per permit (for example staff time, systems, and other costs)

4. Clarification of the extent to which building and corporate overheads have been allocated to the permit system

In particular, it would be helpful to understand whether the $114 figure reflects the true marginal cost of processing a permit, or whether broader Auckland Transport organisational costs have been apportioned to this activity.

Please appreciate that as you don't have an appetite to have others unfairly subsidise the cost of permits, I have no appetite for subsidising other general overheads of AT.

Given that technology and automation have advanced considerably since 2013, it would also be useful to understand whether Auckland Transport has explored further digitalisation or automation of the permit process to reduce administrative costs.

A 60% increase in a single step is significant for residents, and transparency around the cost structure would help ensure that any pricing changes are clearly understood and appropriately justified.

It may also be appropriate to consider that other cities around the world manage similar processes for far less fees than the $70 we already pay.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

As an Auckland rate payers, and a occupant of an address that necessitates a Residents Parking Permit ; here is my feedback in response to A.T's proposed R.P.P increase.

Firstly , stating the obvious : your rationale to increase the AT residential parking permit fee by 60% is ridiculous .

If the parking permit charge is purely a cost recovery, then what is the purpose of having in the first place? . Every dollar you bring on is neutralized by the cost to administer the system . So you are better off not having it at all and simply issuing the residents with a sticker for their vehicle windscreen. I'd happily pay $10 every year for a fresh sticker rather than the exorbitant $114 you propse to impose.

There are reportedly over 50,000 residential parking permits issued each year in Auckland

At $114 each, that's an annual revenue stream of approx $5.7m . My rudimentary math tells me that A T must have around 80 full time staff dedicated to processing the RPP if indeed the revenue received is purely to recover cost as claimed in your notice.

That is clearly ridiculous, which again proves the point that the total revenue collected far exceeds the cost for A.T to administer the system.

That aside, can you please explain why AT is not using A.I automated solutions to fully manage the entire process of billing and collecting these fees. This could be efficiently managed at a fraction of the fees that you are gouging from your rate payers under your current administration model ?.

Other cities around the world with a larger population than Auckland charge considerably less than the current $70 that A.T impose on their residents.

What makes A T so inefficent in comparison?

Based on past performance, I doubt my submission will cause A.T to rethink their approach.

This is a box ticking exercise so A. T can say "We asked Aucklanders their opinion,and we listened. And the consistent message we received is Aucklanders want the system to be fair on all permit holders and that's what A T will be able to do by implementing the proposed rate adjustment " .

(There's a free tip for you btw; call it a price "adjustment " rather than a price increase . Makes it less obvious that it's the cash grab we all know it is).

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.

	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I expect that costs of parking would increase over time but not by so much. I would hope it could be kept under $100.

My concern is that I often cannot find a space to park and assume that not all of the increased number of parking in Claybrook is from registered users.

I believe that Trades people, construction workers and clients or students of residents use the limited spaces but are not paying for them, as I am. This makes an increase to me rather unfair when I cannot find a space.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

#3791

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Sure no problem $114 is fine. Obviously I would prefer to pay nothing and I think $114 cost to process a parking permit electronically is completely INSANE - even $11.40 would be ridiculous however we are all used to AT just throwing our money away on overpriced vanity projects so ehhh .. And the countdown is getting closer to getting the AT Monkey off our back which is fabulous.

Hopefully there will be some kind of AT effigy in stocks positioned proudly in Aotea Square on the day of AT's demise so we can go down and throw tomatoes and eggs at it as part of the Council celebrations of this momentous moment

Thanks have a nice day

Mā te wā

Question 3: Local board priorities

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I am a resident permit holder - living in a single dwelling with no off street parking.

The suggested increase from $70 to $114 annually is a significant increase. I do not have an issue with the cost of the permit if there is actually off street parking for residents. The fact of the matter is, it is becoming progressively more difficult to park because there are limited car parks.

I would prefer to see Council increase parking meter rates rather than an increase the resident permit holder price. This way council receives their income through meters but this will also allow space for residents parking.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I am writing to provide feedback on the proposed increase to residential parking permit fees as outlined in the Annual Plan 2026/2027 consultation.

With the ongoing rise in the cost of living, including fuel, rent, and vehicle registration, costs are increasing across multiple areas at once. While I understand that fees may need to be adjusted over time, the proposed increase from $70 to $114 is too steep.

A smaller and more gradual increase would be more reasonable and manageable for residents. A $44 jump in one step places a noticeable financial strain on households.

While I understand the intention to recover the full cost of processing permits, $114 per permit appears excessive for what seems to be a relatively straightforward administrative process. If this is the true cost, there should be greater transparency around how this figure has been calculated, along with efforts to improve efficiency.

In addition, the residential parking permit does not guarantee access to parking. In areas such as Grafton, residents are competing for limited street parking with university students, businesses, hospital staff, and other residents. In my experience, this means I often avoid using my car during the day because there is no assurance I will be able to find a park when I return.

Given the lack of guaranteed access and no clear improvement in parking availability or service, it is difficult to justify such a significant increase.

For these reasons, I do not support the proposed increase in its current form and would instead support a smaller, more measured adjustment.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I'm not surprised by the processing cost for parking permits, I submit feedbacks every time that this process can be made a lot simpler and less cumbersome.

The increased in cost is a direct result of the inefficiency in this whole process . Perhaps, that should be the first thing to look at rather than increased the cost, especially at the current high cost of living that everyone is facing.

You asked for a feedback and I guess that's just part of ticking the box that a consultation has been done but I guess an increased in cost is already decided.

A response to my feedback would be a surprised although I won't hold my breath for it.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.

3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

#3798

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Just want to let you know that I fiercely object to this as it should not be anything near that amount to process a transaction such as this especially with today's technology and other avenues that are available such as simply using barcode or the current parking number plate Atcar processes. So how can you justify that it would cost $114 to process this? That's just an out fib.

Please consider other ways to process to permits for residential people and not increased the process but decrease the fee.

Shocked resident.

AppreciateAnd not happy.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

You're joking surely!

Doubling the existing charges for parking on the street - this is way too much of an increase.

You should be obliged to give residents a break down of the costs that reflect the processing of each permit.

So... please advice us how much time is spent processing an individual permit.

It's all computerised and when one considers that a large proportion of the 'applied for' permits will be repeats - there can't be too much extra that's involved.

I haven't heard that your AT Park employees have enjoyed massive increases in their salaries - so this increase won't be subsidising increased salaries.

The increased costs (should there be any) could apply to a third, forth or fifth vehicle.

Rates have increased hugely ... everyone's bleeding - please don't make life any more difficult.

So my feed back ... give us a break - please!

Question 3: Local board priorities

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Please note that I strongly oppose the raising of residential parking permits in Ponsonby. We bought our property when permits did not exist, and have never wanted to be in a permit zone but it was extended to include our road without us even being aware until it was too late to try and petition against it.

It's highly inconvenient when doing building work we ran into hundreds of dollars of cost to permit builders vans each day as we used all the free ones so quickly.

I strongly oppose us being charged more and not even getting more value for that money - if you have to increase the cost then you need to double the qty of free visitor permits at a minimum otherwise this is an even higher unfair expense on home owners who never wanted to be in a permit zone.

Please take urgent notice of this.

- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Typical for council the link for feedback doesn't work as you don't really want to hear any feedback.

$114 residents permit to park outside you own house is ridiculous. Should be for 5 years.

Finally residents don't even want no parking. Just let anyone park. You only put it in place to force commuters onto buses where they can be assaulted.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Plan to increase Parnell Permit pricing from $70 to $114. I do not agree or approve this increase. I pay rates which should include administrative costs incurred to process any parking permits.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

#3829

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I reckon the increase from 70 $ to 114 $ is not justified at all

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.

	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I'd like to provide formal feedback on the current dog desexing program. While the initiatives are a positive step, they largely reach owners who are already registered and engaged. The most at-risk group—unregistered dogs, often owned by those facing financial hardship—remains out of reach. To effectively address overpopulation and dog-related risks, we need targeted outreach—such as mobile clinics and no-barrier access in high-risk areas. I hope this can be considered in future planning, so we can reach the dogs and owners who need support most.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

You have contacted me about the cost of parking permits for our street. It came as a surprise to me that administrative costs for these permits should be as high as they are. Clearly the permits should not cost the council money, but I wonder of they could not be managed more efficiently.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Submitter details:

Organisation: N/A

Local Board: I don't know

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

The rate increase is much more than the inflation rate. Not acceptable and more cost of living.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I don't need my rubbish bin to be collected every week. So the bin tag previously is a much better option. By charging everyone the same it is easier for you but not easier for everyone

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Waitākere Ranges

Waitākere Ranges Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Community wellbeing - continue to grow and evolve our programmes to support community wellbeing with a focus on tamariki and rangatahi, as well as older people

Do not support

B. Review level of community grants, including investigating a Facility Partnership Fund to support community organisations to plan, develop or upgrade community facilities

Do not support

C. Improve engagement with communities of need, schools and youth

Do not support

D. Progress an omnibus Waitākere Ranges Local Parks Management Plan

Do not support

E. Walking and cycling connections, particularly through parks

Do not support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around

5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

See attached submission

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.

	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Other (please specify):Central city cycling amenities need to be retained and improved.

Bike Auckland is dedicated to making Tāmaki Makaurau Auckland for a better city for people on bikes. We believe that more people on bikes makes for a better city. The independent voice for cycling in Tāmaki Makaurau Auckland, we lead the push for positive change, on behalf of everyone who rides a bike in our city – and everyone who would love to give it a go. Bike Auckland is a community-based organisation and a voice for cyclists across the Auckland region. We work with local groups and local government organisations to make cycling a safe and attractive transport choice for all.

Submission

Thank you for the opportunity to submit on the Annual Plan.

In general we support the aims of the Auckland Council's 2026-27 Annual Plan.

We are concerned that there is little emphasis on supporting mode shift at a time when multiple crises are creating an economic and moral imperative to cease using fossil fuels. Below we list numerous cycling projects around the region that would provide real, safe alternatives to motor vehicle use. We submit that the Council ensure available funding for those projects is retained, and further, that funding to complete them is made available. Many of these projects are threatened by cuts to Local Board funding. For this reason, we **do not** support cuts to Local Board funding.

We are particularly concerned about the well-publicised push to bring cars back to Queen Street. This cannot be justified on economic or any other grounds. It will reverse years of progress and once again make Queen Street unsafe for active transport modes. We strongly encourage the Council to not only retain the existing cycleways, but to complete the Wellesley Street project to create a safe link up to the domain and hospital.

Our submission points are below.

We support:

- The continued building the Eastern Busway **and all associated cycleways** to support the opening of the City Rail Link (CRL) in 2026.
- Continued removal of level crossings at Glen Innes and Takanini train stations, **including safe crossings for cyclists**.
- Ongoing improvements to public transport **and integration with cycling infrastructure.**
- Making Carrington Road safe for all transport modes. **This includes separated cycleways**.
- Continued funding of Te Whau pathway.
- Delivery of the City Centre programme including **retaining and improving** access for cyclists to enable them to get through the inner city and surrounding areas safely.

We do not support:

- Cutting budgets for Local Boards. Auckland Council needs to fully fund Local Boards for the relatively small sum of $8 million.

City Centre Cycle Lanes

- These are part of the Central City Master Plan and have been consulted on and approved by the Governing body.
- The Auckland City Centre Master Plan envisages Auckland's city centre as Auckland's 'cultural, civic, retail and economic heart.' Other cities have recognised that this is incompatible with multiple lanes of traffic belching out hazardous fumes, and we submit Auckland Council must recognise this, too.
- The Queen Street cycle path is the only safe cycling route in the city centre and is the only north-south route. Bringing back traffic and parking will make the central city less safe for everyone. It will slow down buses, making public transport less attractive at a time when we should be encouraging mode shift.
- The removal of the cycleway and replacing it with another two lanes of traffic and parking would also result in many months of disruption, which central city shopkeepers have been very vocal in saying they do not want.
- Replacing lanes would also be expensive at a time when the Council is, as frequently noted in the Annual Plan Consultation document, trying to keep costs down.
- Areas which have been pedestrianised have seen an increase in profits for the businesses on those streets. Where businesses claim they are quiet, we submit that this is not a cycle lane problem, but the result of the deepest recession New Zealand has experienced since the GFC.

Other key projects to be continued/completed but are not mentioned in the Annual Plan:

- Te Whau Pathway – the next boardwalk section between the completed Horowai Connection (NW Path to Roberts Field) south to McLeod Park. Because of the specialist skills and machinery involved in carefully constructing Te Whau Pathway over delicate ecosystems, it is vital the project has funds to continue in the coming financial year. A pause in funding risks the chances of completion, and with it the benefits this north-south connection will bring.
- Green Lane West. This arterial is getting an upgrade, but needs funds from Council to make sure it meets Auckland Transport's own safety standards. Greenlane is a gap in the cycling network. It is also on a key commuter route to the Greenlane train station and needs to be protected to encourage commuter mode shift.
- Great North Road / the Inner West remaining gaps. Auckland Transport has done so much to connect the Inner West with safe cycleways, but there remain glaring gaps. These include the section of Great North Road from where the new cycleway currently ends down to Western Springs Park.
- Māngere East and Manukau Preferred Cycling Networks. Māngere West cycling network now connects cyclists to the airport. There remains significant work to do in Māngere East and Manukau Preferred Cycling Networks to complete the network. Currently Māngere East is one of the most dangerous areas in the region for cyclists.
- Cycleways connecting into the Northern Corridor. Those which are less advanced, such as Constellation Dr and Greville Rd, need funding to be continued.
- Kelston-New Lynn (and Glen Eden) cycling network. This project puts many schools on safe cycling routes. This network needs to be completed.
- The Gowing Drive connection, which connects Te Ara Ki Uta Ki Tai across the train line to Gowing Drive and local schools. This is the final stage of the Meadowbank to Kohimarama Connections project and it has strong community support. This critical link is on hold due to lack of central government funding for walking and cycling projects. Council needs a plan for how to fund the project as a matter of urgency.

Annual Plan 2026-2027

#3874

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Your expenses are still far too high. We don't need a rates increase or fees increase - look at your costs, wages and salaries get into the real world.

Not enough effort is going into cutting operational costs.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Whau

Whau Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

Needs more focus on economic factors

2. What do you think about the proposed key areas of additional investment?

A. Design and build a new destination playground at Avondale Central Reserve.

B. Promote community identity and diversity by funding a coordinator for Welcoming Communities, supporting the PAN African Hub, and refreshing the Whau Ethnic Peoples Plan.

Support

C. Engage and respond to youth needs, and co-design initiatives to address opportunities and gaps.

I don’t know

D. Improve water quality and flood resilience of Whau streams and rivers through collaboration with volunteers, local schools, community hubs, organisations, and neighbouring local boards.

I don’t know

E. Prioritise projects identified through the Whau Sport and Recreation Facilities Plan and leverage partnerships to provide a local facility network for the community.

Other

F. Develop a Local Parks Management Plan to guide decisions on managing use, development, and protection of all 146 parks, reserves and open space within the Whau.

Support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I would like to see more focus on impacting the town centers, more focus on the local economy.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.

2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Events that attract people into the area, streetscape upgrades, transport upgrades

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.
