Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6904

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
Do not support
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?
Other (please explain below)

Tell us why

Last year, Auckland Council received thousands of complaints about dog-related issues. But here's the reality: only 0.7% of those complaints were about multi walkers, that isn't just inclusive of pack walkers its anyone with more than one dog. While over 52% were about roaming dogs—uncontrolled, untrained, and often neglected. Yet, instead of addressing this major issue, the council is proposing bylaws that will severely restrict pack walking, a service that actually helps prevent these problems. Would anyone in this room like to guess or knows this answer, how many complaints were made to council in the last 3 years about pack walkers?

10, yes 10 complaints in 3 years Auckland wide.

Take, for example, a dog named Max. When his owner first brought him to a pack walker, he was anxious, reactive, and nearly impossible to control on a leash. Within weeks of structured socialization and exercise in a well-managed group, Max transformed into a confident, obedient dog. Stories like Max's are common among pack walkers, who provide essential training, socialization, and exercise for dogs whose owners struggle to meet their needs alone.

By limiting pack walking, the council isn't protecting public safety—it's creating a future where more dogs are poorly trained, reactive, and likely to escape or become a nuisance. If the goal is responsible dog ownership, why target those who are actually contributing to it?

The importance of pack walking goes beyond just the dogs—it's a vital service that greatly impacts both the community and the business of professional dog walkers. For many busy dog owners, pack walking is more than a convenience; it's an essential part of their dog's daily routine. Dogs require socialization, exercise, and training to live happy, healthy lives. For owners who lack the time, knowledge, or physical capacity to provide this, pack walkers are a lifeline.

Removing or restricting this service would not only affect dogs' well-being but also leave owners without a reliable option for addressing their pets' needs. The ripple effect could be significant: less well-socialized dogs could result in increased behaviour issues, leading to more complaints, higher rates of abandonment, or increased demand for other, less effective services.

Professional pack walkers are skilled at managing groups of dogs. They use structured training techniques, controlled environments, and consistent leadership to ensure that dogs remain well-behaved. These are not chaotic, uncontrolled packs running wild—they are carefully curated groups that build confidence, improve recall, and reinforce obedience.

In regards to complaints around 20 dogs at one time this is ridiculous but it is also very rare.

A thoughtful, balanced approach to regulating pack walking—one that weeds out the cowboys but recognizes the value of skilled professionals and the needs of both dogs and owners—will help preserve this essential service for the community while ensuring that the dogs in care are safe and well looked after.

The proposed rule allowing handlers to have three dogs leashed while three remain off-leash poses significant risks, especially in situations where uncontrolled dogs from the public approach the pack. This scenario can lead to unpredictable interactions, increasing the likelihood of conflicts or injuries.

Auckland Council’s proposed changes include restricting the number of dogs a professional can walk at one time. On the surface, this might seem like a safety measure, but in reality, it undermines the very people who are preventing dog-related issues in our communities. There absolutely needs to be a limited set-in place but I do not believe 3 on 3 off at any one time is the way to go about this.

The proposed changes to off-leash areas in Auckland not only limit the freedom of dogs but also diminish the joy they bring to both pets and their owners. Off-leash time is an essential part of a dog's well-being, allowing them to exercise, socialize, and engage in natural behaviours that are critical to their physical and mental health. For owners, these moments provide an invaluable opportunity to bond with their dogs in a way that simply isn’t possible when leashed.

Auckland already has a limited number of off-leash areas, and restricting this further will only exacerbate the problem. With fewer spaces for dogs to walk freely, owners will be forced into more crowded, often less suitable environments, undermining the very purpose of off-leash parks.

By reducing the availability of off-leash areas, we are not just impacting the dogs, but also the community. We are taking away a place where people can come together, interact, and enjoy a sense of community while watching their dogs play. This is a service that contributes to a well-rounded, active lifestyle and fosters positive social interactions among dog owners. It’s essential that the council takes this into account and ensures that off-lea...

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

Tell us why

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-

leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6909

Tell us why

Hello Auckland Council,

Thank you for allowing me the opportunity to give feedback on the dog bylaws, and in particular the proposed Dog Walking maximum dogs numbers restrictions (6) that Auckland Council (AC) is suggesting through the information on line and the feedback form.

I disagree with any limit on the numbers of dogs walked on lease or off lease. AC is proposing a maximum of 6 dogs per dog walker. What is this based on? I can not find any information or examples to substantiate that the number of 6 dogs maximum per walker is the correct number as per AC suggestions. What is this number based on? It would appear that AC is intending to introduce unworkable rules on an industry in order to control a minor group of offenders. There are other ways this could be dealt with.

I propose that AC look at other cities policies as part of this review, as my understanding is that WCC does not set a limit but needs to approve a "permit" for someone to be a "registered" dog walker and that persons needs to satisfy WCC they are capable of doing so, before WCC will "permit" them.

I propose all Dog Walkers should be certified by a set of standards agreed between Dog Walking Associations and Auckland Council. I understand certain Dog Walking Associations in Auckland have proposed a set of guidelines to AC already. There are very well trained and experienced Dog Walkers and there are non professional "cowboys". The cowboys must be removed from this industry. Licencing, monitoring and enforcing by AC is required.

I understand that 0.7% of dog complaints are related to "pack dog " complaints. I cannot find any information online giving a breakdown of the 0.7%, separating out packs of roaming dogs (not under the control of anybody), and/or the percentage of the 0.7% that relates to Dog Walkers complaints. How many dog walker complaints have been made, and over what period? Without this information it is impossible for AC to make proposals.

It is not an issue of the number of dogs walked in a group, but the assessment by a professional dog walker to determine if a dog has the correct temperament to walk in a pack, in public spaces.

The commercial reality is that if the proposed 6 dog maximum is put into play, it will not be financially viable for professional dog walkers as it will not cover the costs of the time taken to pick up their dogs, then drive to a specific location for the walk, then return drive. So the professional industry will fail, but the untrained cowboys will continue with

their poor dog manner assessments. This will also relate to less dogs being walked, and the wellbeing of the those dogs is something that AC needs to consider .

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I DO NOT want dogs PROHIBITED from FORESTRY BEACH and the associated coastal tracks, I want OFF LEASH at all times.

This is the only off leash all day beach in Rodney, where we can go out the whole family and take the dog for the day.

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6917

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?
Do you have any further comments on the proposed policy and bylaw changes?

I ask why Auckland Council feel the need to make the proposed changes?

What is the hoped for outcome?

I would rather my tax/rate payer money is put towards finding & controlling unregistered, uncontrolled roaming dogs & their owners. These dogs will probably never be in a park or on a beach on lead or be walked by a dog walker.

My 8 yrs old gentle rescue dog was being walked up Mt Wellington on a lead at the end of Nov '24. She was wearing a harness with the lead attached. She was registered and micro-chipped. She was abiding within all Council Bylaws

She was attacked by a dog, also on a lead, so viciously she had to be euthanized. Please see attached photos.

Had my dog not been restrained by a harness & lead she might have stood a chance to get away from the unprovoked attacked.

So frighten was my dog she actually somehow got herself out of the harness. She was terrified.
A very sad way for her to lose her life and an horrific memory for my friend who was walking her and myself. My friend is now terrified of dogs and will not exercise by walking up Mt Wellington again. Dogs on leads did not stop this attack nor save my dogs life.

The owners of the other dog picked their dog up and fled. They did not render any help nor wait.

How are the proposed bylaws going to prevent such an attack and make the lives of dogs & their owners safer? They are just going to restrict law abiding citizens and not make the slightest difference to the irresponsible owners or their dogs.

Instead of patrolling areas where law abiding citizens walk and exercise themselves and their dogs please put money towards finding those who own the uncontrolled, unregistered roaming dogs that are a danger to other dogs and their owners.

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

Clarification and Updates to Dog Access Rules in Regional and Local Parks

While I welcome the desire for clarity regarding dog access in regional parks and local beaches, I strongly oppose the minimization of off-leash areas. Clear signage is essential; however, making dog-friendly areas harder to access throug-h new restrictions or rules that disadvantage dog owners is not an appropriate solution. In the

proposal, where changes to dog access in parks and beaches result in fewer available areas for dogs and their owners, I must voice my opposition.

Dog policy, bylaw and regional and local park access rules feedback submission

dogsbylawreview@aucklandcouncil.govt.nz

To Auckland City Council,

I Jillian Cowan am writing to oppose the proposed changes in the ***Auckland City Council Dog Policy, Bylaw and Regional and local Park Access rules***.

As a concerned resident of Auckland, I feel strongly that these proposals do not adequately consider the positive role that dogs play in our lives, nor do they address the real needs of the wider Auckland community.

Dogs as an Extension of Families

Dogs are not just pets – they are beloved members of our families. They provide companionship, emotional support, and a sense of security to countless Auckland residents. The bond between a dog and its owner is profound and invaluable, contributing to mental health and overall well-being. For many people, dogs are a vital part of their daily routines, offering love and affection, as well as opportunities for outdoor activities, exercise, and socialization.

The proposed changes to the dog policy and bylaws fail to acknowledge that many families rely on their dogs for these essential connections. Restricting access to key public spaces, such as parks and beaches, would severely limit the ability of dog owners to enjoy these benefits. The policies could create an unnecessary divide between dog owners and non-dog owners, fostering division instead of community.

Disadvantaging Dog Owners

The proposed bylaw changes, particularly the stricter restrictions on dog access in certain areas, will disproportionately disadvantage responsible dog owners who take pride in adhering to local regulations and who actively ensure their dogs are well-behaved and cared for. Rather than penalizing the entire dog-owning community, the Council should focus on addressing the behavior of irresponsible owners rather than imposing blanket restrictions on well-behaved dogs.

Many dog owners, especially those who live in apartments or smaller homes, rely on public parks and open spaces to exercise their dogs and provide them with the stimulation they need. Limiting or reducing these spaces is not only unfair but could also lead to an increase in behavioral problems among dogs, as they would have fewer opportunities for socialization and exercise.

A Need for More Dog Walking Parks and Spaces

Instead of limiting spaces for dog owners, I strongly urge the Auckland City Council to consider expanding the availability of dog-friendly parks and walking areas across the city. As Auckland's population continues to grow, the need for accessible, safe, and well-maintained spaces for dogs to exercise, socialize, and play is even more pressing. By creating more designated dog parks and dog-friendly public spaces, Auckland would foster a more inclusive and pet-friendly environment that accommodates all residents, whether or not they own a dog.

Providing more spaces for dogs would not only improve the lives of dog owners but also create a healthier, more vibrant community where people of all ages and backgrounds can come together and enjoy the outdoors. It is essential that we do not take a backward step when it comes to providing spaces that support an active, engaged, and responsible dog-owning community.

Auckland growth in population and dog owners

As outlined in your proposal, statistics indicate that Auckland's population is growing, and, correspondingly, the number of dog owners is also increasing. Given this trend, it is essential that more off-leash areas be made available to the public for the benefit of Auckland residents. In addition to expanding public spaces for dog owners.

Restaurants / Cafē's

The Botanical Gardens in Manurewa serve as a cherished space for many Auckland residents. Families, including extended families, often visit to enjoy the gardens and take their pet dogs along, making the experience more enjoyable. The opportunity to also visit the café with our pets is a valued aspect of this experience.

I strongly oppose the proposal to restrict dog owners from accessing the café area. For many dog owners, this space provides an opportunity to gather with friends and family, share a meal, and enjoy the environment together with our pets. The question must be asked—when did this become an issue? What specific evidence exists to support the claim that such restrictions are necessary? Dog owners already face limited spaces in which to enjoy social activities with their pets, and the removal of access to the Miko Café would only further restrict this opportunity.

Rather than closing off the café to dog owners, a more thoughtful solution would be for the Council to work with Miko Café to develop clear signage and designated dog-friendly areas outside the café. This would allow dog owners to continue enjoying the space, while also ensuring that the public can easily identify designated dog-friendly areas. Such an approach would prevent the unnecessary disadvantage of responsible dog owners who wish to enjoy public spaces with their families and pets.

Furthermore, I believe the Council should actively encourage restaurants and other public spaces to accommodate dog-friendly areas for their customers, rather than discouraging such arrangements. Thoughtful consideration of these changes is essential to ensure that dog owners, along with the broader community, are not unfairly impacted.

Limits on the Number of Dogs a Person Can Walk at One Time in Council-Controlled Public Places

I have concerns regarding the proposal to restrict the number of dogs a person can walk at one time, particularly with regard to professional dog walkers. Many of these individuals are responsible and experienced in managing multiple dogs. Restricting their ability to exercise more dogs seems counterproductive and lacks a clear rationale. If the concern is about the welfare of the animals or public safety, I would expect more detailed evidence to justify such a change.

As a responsible dog owner, I have observed many professional dog walkers who make an honest living by caring for dogs, whether through daycare services, hourly walks, or simply enjoying time outdoors with them. I believe that those who wish to offer such services in a respectful and professional manner should not be disadvantaged by arbitrary limits imposed by the Council. I have personally not encountered any issues with dog walkers managing larger groups, and I can attest to the positive impact that interactions with well-behaved dogs from daycare services have had on my own dog's social development.

Furthermore, it is important to recognize that many professional dog walkers carefully evaluate and behaviour-test the dogs they walk before taking on the responsibility of caring for them. Imposing restrictions on these professional services is unnecessary and unjust, as they provide a valuable service to the community, promoting socialization and good behavior in dogs. As a ratepayer, I find it disturbing that such a proposal has been put forward without clear evidence or consultation to support it.

Clarification and Updates to Dog Access Rules in Regional and Local Parks

While I welcome the desire for clarity regarding dog access in regional parks and local beaches, I strongly oppose the minimization of off-leash areas. Clear signage is essential; however, making dog-friendly areas harder to access through new restrictions or rules that disadvantage dog owners is not an appropriate solution. In the proposal, where changes to dog access in parks and beaches result in fewer available areas for dogs and their owners, I must voice my opposition.

Concerns Regarding the 'Have Your Say' Events

I would also like to raise concerns about the timing and locations of the 'Have Your Say' events. As it currently stands:

1. The timing of these events does not accommodate dog owners who work during the day and wish to participate in the consultation process.
2. There are no events scheduled in South Auckland, despite the fact that the Botanical Gardens, located in this area, is one of the places being considered for policy changes.
3. The locations of these events appear to favour more privileged areas, which could lead to inequitable representation and consultation.

The current scheduling and locations of these events disadvantage a significant portion of the dog-owning community, and I believe this does not meet the standards of fair and inclusive consultation. I would suggest scheduling events during weeknights and weekends, and perhaps hosting a pop-up session at the Manurewa Botanical Gardens to ensure that those directly affected by proposed changes can participate fully.

Concerns About the Consultation Process

What seems to be missing in the current proposal is genuine, wide-ranging consultation with a variety of stakeholders. The manner in which the proposal has been presented suggests that research has been conducted, but the consultation process appears to have been minimized to a mere formality – especially with the 'have your say' events this proves the point that times and locations are to suit a minority of stakeholders to which it disadvantages many dog owners. This approach risks dismissing the perspectives of a diverse group of dog owners and community members who are directly impacted by these changes.

It is critical that the consultation process be more inclusive, thorough, and genuinely collaborative. I would welcome the opportunity to engage in further discussions regarding the proposals and how the feedback from dog owners in the Botanical Gardens area can be better incorporated into the final decisions.

Conclusion

I urge the Auckland City Council to reconsider the proposed changes to the Dog Policy and Bylaws. Instead of restricting dog access, we need to be opening up more spaces and increasing the availability of dog-friendly areas to ensure that all Aucklanders – dog owners or not – can enjoy the benefits of a city that embraces its residents' diverse needs. Dogs are not a nuisance but a valuable part of our community, and policies should reflect that reality.

Thank you for considering my submission. I hope you will take the needs of Auckland's dog owners into account as you move forward with this proposal.

Sincerely,

[redacted]

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
Do not support
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?
Other (please explain below)

Tell us why

I am writing to express my deep concerns regarding the proposed changes to Auckland's dog policy and bylaws, particularly the restrictions on the number of dogs per walker. While I understand the importance of responsible dog management, these changes take a blunt and ineffective approach that does not address the root causes of potential issues.

Auckland is home to some of the most unique and beautiful parks in the world—spaces that allow both people and dogs to enjoy nature, exercise, and connect with their community. Changing the rules in such a restrictive manner will not only affect professional dog walkers but will fundamentally alter the way many Aucklanders and their dogs experience these public spaces. The impact will extend far beyond limiting dog walking—it will reduce opportunities for safe socialisation, increase behavioural issues, and potentially lead to more dogs being surrendered or rehomed due to unmet needs.

The real issue is not simply the number of dogs a person can walk, but rather the experience, skill, and training of the walker. A person with no experience handling dogs can struggle with even one or two, while a trained professional can safely manage a larger, well-balanced group. Instead of imposing arbitrary limits, Auckland Council should focus on ensuring that professional dog walkers meet clear, evidence-based standards—similar to Wellington's licensing system, which requires training, certification, and experience-based limits.

Professional dog walkers play a crucial role in our city. They carefully assess each dog's behaviour, integrate them into well-structured groups, and ensure their safety and well-being during walks. Reputable walkers already follow best practices, such as conducting trial walks before introducing new dogs to a group and collaborating with owners to address behavioural concerns. The proposed changes fail to acknowledge this expertise and instead treat professional walkers the same as casual dog owners, an oversight that could have serious consequences.

Another major flaw in the proposed changes is the lack of accountability for individual dog owners. Many dogs roam freely in Auckland without being part of managed walking groups, contributing to issues such as aggressive behaviour, territorial disputes, and safety concerns. Yet, instead of addressing these real risks, the policy unfairly targets those who are already operating responsibly. If the Council is genuinely concerned about public safety, it should focus on enforcing existing dog control regulations and ensuring responsible ownership, including promoting desexing to prevent behavioural issues related to dogs in heat.

The impact of these changes will not just be felt by professional dog walkers but by families and their dogs. Pack walks provide so much more than exercise—they are essential for mental stimulation, socialisation, and overall well-being. Dogs that regularly attend well-managed group walks tend to be happier, better behaved, and more comfortable around other dogs and people. My own dog, Pretzel, goes on pack walks several times a week, and I have seen firsthand the positive impact it has on her fitness, confidence, and obedience. If these services become cost-prohibitive or unavailable due to reduced viability, many dogs will lose access to these benefits, leading to more behavioural problems, increased community conflicts, and potentially higher rates of abandonment.

Rather than restricting dog walking with arbitrary rules, I strongly urge Auckland Council to take a more effective and balanced approach by:

Introducing a licensing and training system for professional dog walkers, including first aid certification and experience-based limits, similar to Wellington's model.

Designating specific off-leash areas or parks where professional pack walks can operate safely and responsibly.

Focusing on responsible pet ownership by enforcing desexing requirements and improving education for all dog owners.

By prioritising walker expertise, responsible pet ownership, and practical solutions, Auckland Council can create a safer, more effective system that benefits dogs, their owners, and the wider community.

Thank you for your time and consideration. I hope the Council will rethink this approach and implement changes that truly support responsible dog walking while preserving the unique character of Auckland's parks and public spaces.

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

Tell us why

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6931

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
I don't know
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

I can well understand that the Council wants all members of the public visiting parks to enjoy their time in them, and not to feel threatened or overwhelmed by large numbers of dogs being walked together, either on or off lead.

Is this the reason the Council is seeking to limit the number of dogs a person may walk on Council controlled public places at any one time? And to require 3 of the 6 dogs to be on a lead?

Does the Council have information on the number of dog walkers in its area currently walking numbers of dogs at any one time - say 5-10-15 dogs in a pack? Are these walkers creating more dog related issues for the Council than walkers with one or a few dogs? How large have these packs been and how serious have any incidents been? What is the evidence?

For me the question is to some extent one of effective control - and also maintaining the overall ambience of the park and the activities that take place there.

I consider all dog walkers must be able to demonstrate they have effective control of the dog or dogs they are walking. And that they can maintain that control in the presence of other dogs - be that numbers of single dogs, or pairs of dogs, or a pack of dogs - and other people.

I accept that dogs are pack animals, and that packs can in the wild, range in size from 2-20/30+ dogs. I also accept that dogs gain socialisation benefits from being in larger groups. I can see some advantages to their being walked in groups, as long as they are well socialised and under effective control.

I am unclear whether the issues or concerns arise from sole or group walkers without dogs (for example, me walking alone), or dog walkers walking only 1 or 2 dogs, feeling uncomfortable with "too many" dogs being walked together?

In other words, is this a question of people's perceptions, and how they feel comfortable or otherwise with the range of activities in parks? And accepting that younger and older people, and/or those less used to dogs, who may feel more uncomfortable with groups of dogs being walked.

Has the Council had experiences of pack walking where there have been safety and control issues, for example, perhaps where walkers with different packs inadvertently meet up, and there have been issues between the packs? Or between one or more packs and with other people walking 1 or 2 dogs, or a pack meaning that a person walking alone feels uncomfortable or unsafe?

I know of dog walkers who walk between 25-30 dogs at a time - though not in public places.

I accept there may well be training issues for people used to walking one or two dogs but new to pack walking of dogs, for example, on how to ensure the pack works together while avoiding dogs becoming competitive, which could undermine effective control.

If the Council wishes to only allow up to a maximum number of dogs, then it should do so on the basis of the evidence and good practice, and the overall outcomes it seeks for Auckland's parks.

That may be a maximum of 6 dogs at a time - or it may well be more. And it may include some on leads and some not.

I accept that the Council would probably be loath to require all walkers to be able to demonstrate effective control of the dogs they walk, before they can do so in Council controlled parks and beaches. A family pet or pets are in some ways ways different to a pack of dogs.

I assume the latter are taken out by walkers walking dogs for a living.

If that is the case, is it a question of a walker clearly demonstrating to the Council they have the skills to effectively control and walk a pack of dogs, and manage the interactions with other dogs, including other packs, while also not undermining other people's enjoyment and use of the park?

This could be checked by requiring walkers of packs, to at least register with the Council, and possibly to provide a practical demonstration of their effective control of a group of dogs, and in a range of situations, rather than a written test. Registering could also include information on the number of dogs being walked, and the parks being used for walking, and contact information

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

I don't know

Tell us why

At 3.4 the Council has the ability to consider dogs to be dangerous or menacing. When walking up a hilly park footpath a long time ago, an Alsatian dog running down the hill jumped up and put his front paws on my chest, while the owner called out "he's friendly". If I had been shorter and lighter, I'd possibly have fallen over and been hurt. I was not impressed.

If I had reported the dog would it have been seen as "menacing'? It was the dog owner who was at fault, as she did not have effective control. I am unclear whether the policies and bylaws can require such a dog owner to undertake training until such time that they can prove they have effective control of their dog? I would like to see the Council require

them do so, as this would help prevent the situations that give people, including me, cause for concern. It should not be an optional extra!

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Support

Tell us why

I support a comprehensive region wide approach at 3.6.2, and to some extent also a place by place focus, though question the length of time that dogs will be restricted over the summer, that is, between 1 December to 1 March. I am not really a dog person, but accept that dogs need exercise, and accept that some owners or walkers may be restricted by non standard long working hours or shift work.

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

I agree with the Council promoting responsible dog ownership.

Under 2.1 bullet point 10, I would prefer to see the wording as follows:

“Rpespect other people’s personal space - public spaces are for everyone’s enjoyment, and not all people are comfortable around dogs; they may become anxious if a dog comes too near,

and/or may not know how to relate to a dog.”

It’s not necessarily a question of people not being fond of dogs, but feeling anxious or frightened as they do not know how best to help assist to

defuse a situation. It could be helpful to include some information for members of the public on how to respond to off lead dogs at the edge of effective control; I would hope that this is what 3.2 is about.

At 3.5 the focus is on services that reduce and respond to problems caused by dogs.

I consider that the heading should be more accurate, and so read "Provide services that reduce and respond to problems caused by poor dog control, and so problems with dogs.

The onus and focus should be on the individuals who do not have effective control, and/or do not take enough care, particularly around other dogs and people.

I support 3.6.3 and 3.6.4, though with the latter at (c) I consider that dog owners should be able to use their local parks, rather than be required to drive to another area. Dogs as well as human beings are prone to arthritis, particularly if most walking is done on surfaces such as concrete.

3.6.5 appears to require the “ideal situation” in the consideration of dog exercise areas. But a smaller area may simply mean that owners or walkers exercise their dogs differently, eg, doing circuits, or throwing a ball, etc.

3. Dog access rules at Regional Parks

What do you think of this proposed change?

I do not support the proposed change

Tell us why

As a Local of the area for 45 years, I have been taking dogs to this beach for this length of time.

Something that has never changed is the fact that some days I can be there and I am the only soul on the beach, just me and my dog. I can work 5km along the isolated beach and only pass one or 2 people. So why are beaches like this being lumped into the proposed 'Auckland wide' plan. This beach simply does not fit the 'normal, being so isolated from anywhere. Even with the golf course behind this has not increased or changed who walks the beach.

The document provided by the Auckland Council on "Proposed updates to the dog policy and bylaw quotes a statement of proposal to improve Policy on Dogs 2019 and Dog Management Bylaw 2019. The first paragraph of the document states this is about "Keeping dogs a positive part of the lives of Aucklanders. Dogs provide companionship, emotional support and help foster social connections"

The second paragraph of the document states "We make rules to keep dogs a positive part of the life of Aucklanders by maintaining opportunities for owners to take their dogs into public places ..."

I wholeheartedly agree and support these statements and purpose of this document.

I wholeheartedly disagree with the proposal in the same document to BAN DOGS FROM FORESTRY BEACH.

This proposal goes entirely against the Council's own stated intention and purpose of updating the policy and bylaw

Aucklanders and their dogs have for generations enjoyed Forestry Beach to provide companionship, emotional support, and fostering social connections. Removing that right would be a travesty to the freedoms and rights of the local community and the public of Auckland.

The need to keep Forestry Beach available to dogs and their owners is now a crucial one. This is due to the recent introduction of banning of dogs and their owners right to exercise them on both TeArai Beach to the north and Pakari Beach to the south by the Auckland Council. If this proposal proceeds, then nearly 20 continuous kilometres of beach coastline will be completely banned to dogs and their owners right to enjoy them there.

Forestry beach is the last remaining bastion of freedom for dog owners along this massive stretch of coastline that was previously all unrestricted to dogs.

This proposal is both draconian and unjustified in the extreme

The sole reason stated in the proposal for banning dogs on Forestry Beach is to "Protect wildlife (including dotterels) on the coastal areas between TeArai and Pakiri."

There is no evidence that dogs have negatively affected the wildlife along this coastline. I and many,many others, have walked this beach regularly for years and never witnessed a negative impact from dogs on the wildlife.

It is approximately 5 kilometres of beach between the carpark and the Poutawa Estuary at the southern end of Forestry Beach. There is almost no evidence of wildlife along this stretch of coastline other than a few sea birds. The dogs and the sea birds have both shared this beach for all these years without evidence of a problem in the past.

By comparison, The removal of hundreds of acres of trees/vegetation, and the construction of infrastructure and the three golf courses directly behind the dunes along this same coastline has had a massive impact on the loss of natural habitat for wildlife and significantly increased the dune exposure to coastal erosion.

These golf courses also expose this sensitive environment to noise, light pollution, and most significantly chemical spraying being so close to the beach.

Any negative impact by exercising dogs on the beach is miniscule by comparison

The golf courses ban dogs within their development which is their prerogative on private land.

However, these restrictions should not now be extended out onto the small strip of public land that remains along the coastline for our generations to enjoy.

Dogs were banned on the beach at TeArai shortly after the completion of the Tara Iti golf course . Now the council is proposing to ban dogs from the beach at Forestry shortly after the competition of the golf courses at TeArai Links. This cannot be allowed to happen. Who would actually benefit? Certainly not the local community or the citizens of Auckland.

Everyone understands the importance of protecting the Dotterels that do exist in small quantities along this coastline. There is a massive sand dune sanctuary at the north end of TeArai beach and there has more recently been active protection of breeding at the TeArai Stream entrance.

At Forestry beach there are notices and a large marked area 5km south of the public carpark at the Poutawa Stream entrance. The Dotterels are certainly considered in the context of this submission.

In order to provide to a sensible solution rather than a total ban of dogs at Forestry beach, I suggest a recommendation that dogs are required to be ON LEASH between the carpark and the high water mark of the beach at Forestry. Thi...

Shakespear Regional Park

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

I do not support the proposed change

Tell us why

As a Local of the area for 45 years, I have been taking dogs to this beach for this length of time.

Something that has never changed is the fact that some days I can be there and I am the only soul on the beach, just me and my dog. I can work 5km along the isolated beach and only pass one or 2 people. So why are beaches like this being lumped into the proposed 'Auckland wide' plan. This beach simply does not fit the 'normal, being so isolated from anywhere. Even with the golf course behind this has not increased or changed who walks the beach.

The document provided by the Auckland Council on "Proposed updates to the dog policy and bylaw quotes a statement of proposal to improve Policy on Dogs 2019 and Dog Management Bylaw 2019. The first paragraph of the document states this is about "Keeping dogs a positive part of the lives of Aucklanders. Dogs provide companionship, emotional support and help foster social connections"

The second paragraph of the document states "We make rules to keep dogs a positive part of the life of Aucklanders by maintaining opportunities for owners to take their dogs into public places ..."

I wholeheartedly agree and support these statements and purpose of this document.

I wholeheartedly disagree with the proposal in the same document to BAN DOGS FROM FORESTRY BEACH.

This proposal goes entirely against the Council's own stated intention and purpose of updating the policy and bylaw

Aucklanders and their dogs have for generations enjoyed Forestry Beach to provide companionship, emotional support, and fostering social connections. Removing that right would be a travesty to the freedoms and rights of the local community and the public of Auckland.

The need to keep Forestry Beach available to dogs and their owners is now a crucial one. This is due to the recent introduction of banning of dogs and their owners right to exercise them on both TeArai Beach to the north and Pakari Beach to the south by the Auckland Council. If this proposal proceeds, then nearly 20 continuous kilometres of

beach coastline will be completely banned to dogs and their owners right to enjoy them there.

Forestry beach is the last remaining bastion of freedom for dog owners along this massive stretch of coastline that was previously all unrestricted to dogs.

This proposal is both draconian and unjustified in the extreme

The sole reason stated in the proposal for banning dogs on Forestry Beach is to "Protect wildlife (including dotterels) on the coastal areas between TeArai and Pakiri."

There is no evidence that dogs have negatively affected the wildlife along this coastline. I and many,many others, have walked this beach regularly for years and never witnessed a negative impact from dogs on the wildlife.

It is approximately 5 kilometres of beach between the carpark and the Poutawa Estuary at the southern end of Forestry Beach. There is almost no evidence of wildlife along this stretch of coastline other than a few sea birds. The dogs and the sea birds have both shared this beach for all these years without evidence of a problem in the past.

By comparison, The removal of hundreds of acres of trees/vegetation, and the construction of infrastructure and the three golf courses directly behind the dunes along this same coastline has had a massive impact on the loss of natural habitat for wildlife and significantly increased the dune exposure to coastal erosion.

These golf courses also expose this sensitive environment to noise, light pollution, and most significantly chemical spraying being so close to the beach.

Any negative impact by exercising dogs on the beach is miniscule by comparison

The golf courses ban dogs within their development which is their prerogative on private land.

However, these restrictions should not now be extended out onto the small strip of public land that remains along the coastline for our generations to enjoy.

Dogs were banned on the beach at TeArai shortly after the completion of the Tara Iti golf course . Now the council is proposing to ban dogs from the beach at Forestry shortly after the competition of the golf courses at TeArai Links. This cannot be allowed to happen. Who would actually benefit? Certainly not the local community or the citizens of Auckland.

Everyone understands the importance of protecting the Dotterels that do exist in small quantities along this coastline. There is a massive sand dune sanctuary at the north end

of TeArai beach and there has more recently been active protection of breeding at the TeArai Stream entrance.

At Forestry beach there are notices and a large marked area 5km south of the public carpark at the Poutawa Stream entrance. The Dotterels are certainly considered in the context of this submission.

In order to provide to a sensible solution rather than a total ban of dogs at Forestry beach, I suggest a recommendation that dogs are required to be ON LEASH between the carpark and the high water mark of the beach at Forestry. Thi...

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6933

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs

We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:

Maximum number of dogs (both on-leash or off-leash): 6

Maximum number of on-leash dogs: 6

Maximum number of off-leash dogs: 3

1A. What do you think of this proposed change?

1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):
Tell us why

Remove outdated or duplicate bylaw content:
Tell us why

Do you have comments on any of the above proposed changes?
Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks
Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:
Te Ārai Regional Park

Ambury Regional Park
We are proposing to clarify the current rules (no change to dog access).
What do you think of this proposed change?
Tell us why

Auckland Botanic Gardens
We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.
A. What do you think of this proposed change?
B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?
Tell us why

Hunua Ranges Regional Park
We are proposing to prohibit dogs from tracks and roads that connect to the **Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from** single-use mountain bike tracks (currently on-leash).
What do you think of this proposed change?

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

I do not support the proposed change

Tell us why

see attached

Summary of Attachment

Dog Owners as Legitimate Users:

Dog owners should be recognized as legitimate users of public spaces.

The proposed ban would unfairly restrict access to a significant stretch of beach.

Current Integration:

The current integration of dog owners with other beach users is effective.

There are minimal conflicts between dog owners and other users at Te Arai Forestry beach.

Lack of Practical Alternatives:

The proposal does not offer practical alternative solutions for dog owners.

Nearby alternatives like Mangawhai Heads beach are overcrowded and less accessible.

Environmental Concerns:

The beach area proposed for the ban does not significantly impact protected wildlife.

Other factors, such as sand mining and development, have a greater impact on the environment than dogs.

Community Impact:

The ban would negatively affect the local community, particularly dog owners who rely on the beach for exercise and well-being.

The proposal lacks sufficient community consultation and consideration of local needs.

Recommendations:

Maintain current dog access rules and explore alternative solutions, such as seasonal restrictions or designated areas.

Improve education and signage to promote responsible dog ownership and environmental protection.

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Submission against the proposed total dog ban at Te Arai Forestry beach.

I am writing to strongly oppose the ban of dogs at Te Arai Forestry beach.

In order to address my submission against the ban of dogs at Te Arai I will use your own bylaw policy documentation and guidelines in order to structure my opposition.

What will Auckland Council do?

1. Provide dog access rules that are comprehensive, consistent and easy to understand and comply with the following approaches:

(a) Recognise dog owners as legitimate users of public places and dog access is essential for dog welfare. Cutting off a 20km stretch of beach access from the northland border to Leigh means we stand to lose this amenity in its entirety. It feels like we are being treated as illegitimate users.

(b) Integrate, where practicable, dog owners and their dogs with other users of public places The integration at Forestry is great already. 95% of the time the carpark is empty except for perhaps another dog walker or two. Even at busy times, it tends to be surfers. And on a busy beach day, Forestry is full of families with dogs and everyone gets along just fine. I have seen issues on other local busy beaches with dogs e.g Mangawhai heads beach, much busier more like an urban beach. Even on a busy day within a 200m walk of the carpark entrance you have a wide beach to yourself. I have never seen any conflicts between dog owners and other users of the beach here.

(c) Provide opportunities for dog owners to take their dog to public places that are accessible, desirable, and provide diversity of experience for both the dog and owner This policy will completely negate this. The closest place to take my dog will be Managwhai Heads beach, a completely different experience and why should we have to travel out of our region to walk a dog, not to mention it is a 30 minute drive away. In summer it is inaccessible due to crowding and really unfair to Kaipara council to have a huge northern contingent of the Auckland area having to travel north to take the dog to a beach. Recent changes at Tomarata Lakes with the new signage appearing in June 2024 have already reduced alternbatives in the area. The walks at Tomarata lake are another issue not mentioned specifically in this new dog policy but that have appeared under stealth from council recently.

(d) Consider access on a comprehensive region-wide basis, as well as a place-by-place basis

Whilst perhaps insignificant to other parts of our region, this policy proposal locks out a huge section of our coastline with no practical alternative.

(e) Promote safe interaction between dogs and people using public places and private ways to ensure that dogs do not injure, endanger, intimidate or otherwise cause distress to any person, in particular, children and vulnerable adults

This is not an issue on this wide open wilderness beach. Indeed, with the status quo it has allowed people who don't want to be near dogs to use the north beach where dogs were banned in 2019. Having such a large open beach facilitates the safe interaction of people and animals. If we were to end up only having the quarry at Te Arai north in such a tight confined area there would be great potential for harm between dogs and people as the animals wouldn't have the space to express their freedom to exercise. This popular swimming hole for children would be a disaster waiting to happen.

f) Manage the conflict between dogs and protected wildlife, stock, poultry, domestic animals, property and natural habitat.

Council reports done on the area in the past mention the Mangawhai dunes, Te Arai stream in particular, these are already being protected north of the point. Forestry beach and Poutawa stream was not mentioned as a special area for birds in the council's report on the park or in the report commissioned to prevent landowners in the new golf developments having pets. The location of any dotterels and protected birds along the forestry beach are by the Poutawa stream, this is a 4.5km walk from the carpark. This is the only area suitable for the birds to nest as all the way along the coast there is a steep foredune system and behind that the golf course and mansions. By the Pautawa stream, as with Te Arai stream and Pakiri river areas suitable for the birds to the north and south the dunes here are flatter and wider with suitable areas for the birds to nest. Blocking off the whole beach for something 4.5 km away that 95% of dog walkers never reach is completely disproportionate and completely unfair. If protection of the dunes themselves is an issue I question the logic of the dogs being the great destroyers of the dunes. There has been sand mining off the coast for years by McCallum brothers which has had a direct impact on the dune system At Forestry. The land in behind the foredunes was planted in a plantation forest since the 1960's and was clear felled in large parts in 2021 just before the vesting of land to Council to create the gold course, development continues today with mansions being built at pace and the fast tracked Te Arai South project full steam ahead. The trenches dug along the road into forestry only last week into the sand were where I saw Bitterns wandering justva few weeks ago, where they protected when this was undertaken? The whole dune ecosystem extends back to incorporate the dune lakes of Tomarata, Slipper and Spectacle Lakes. There has also been sand mining taking place at these lakes for years. How did our dogs become the bad guys in this story. The reality us dog walkers experience on Forestry beach is that there are very few birds, definitely no tara iti or Dotterels, perhaps a few seagulls. The occasional Oyster Catchers we see on our walks are the most chilled out Oyster catchers I've ever encountered, there is such a

wide expanse of beach they don't even scuttle off never mind fly away as my dog passes due to the lack of threat they feel on the wide expansive sands.

6. Consider the following before making any change to a dog access rule on parks and beaches that would provide less dog access:

(a) Consider whether there are practicable alternative solutions to address the conflict between uses of the place.

It seems this decision has been made arbitrarily, there are no proposals for practical alternative solutions. The Te Arai park plan suggests off beach paths could be explored for dog walkers, but there is nothing of this in your proposals only the banning of dogs from the beach Indeed our only local inland alternative walk at Tomarata Lakes has already been blocked recently after the appearance of no dog signs in June 2024. I note this has not been addressed in these latest proposals and really should be reconsidered as a place for our dogs to walk inland. This walk was a lovely shaded walk through plantation forest with low ecological value and no reason not to have dogs on it. At the time our local councillor Colin Smith investigated and said it was now no dogs as it was private land and they had no dogs in their consent. However it looks like the land from Tomarata lake south towards Poutawa stream is part of the vested regional park land and therefore it should be an ideal area for dog walking to be reinstated.

I support the protection of our endangered shore birds but blocking off access to this huge expanse of coastline to dog owners is going overboard. I agreed that the Te Arai beach north of the point was to be closed for dogs when it came in as we had Forestry as an alternative.

Protection around the Te Arai and Poutawa streams is a really worthy cause and is where the birds are actually located. In the wide expanse of wilderness beach between Poutawa stream and the Te Arai headland to the north there are very few birds. Whilst we do see seagulls and the odd oyster catcher the beach is such a wide expanse that the oyster catchers carry on dotting around the sand completely unbothered by my dog as she passes by The steep dunes which back onto the golf course is not their preferred habitat. Poutawa Stream is over 4.5km from the forestry carpark. Most dogwalkers turn at around the 2km mark. Limiting access further down the beach is an option, multi dog areas on beaches is something that is used widely in other areas. Other mitigations could include seasonal restrictions for bird nesting in the areas in which this takes place. Again, a blanket ban is over the top and unfair.

There is very little in the way of education at the beach to warn us reasonable dog owners of the environmental issues and what we can do as responsible dog owners to mitigate them. In fact there is very little education on display at the Te Arai Regional

park at all. The beach is such a wide access beach, there is no reason for dogs to be in the dunes, most dune damage that can be seen is nearest the carpark from people, not dogs. I have seen horses on both the dunes and coming over the headland (where dogs are already banned).

(b) Ensure, to the extent that is practicable, that displaced dog owners and their dogs have access to other places or that such access is provided as part of the same decision. This proposal leaves us with NOWHERE to go. The 30m wide quarry area at Te Arai north is a joke, how would having a concentration of dogs in a small space with nowhere to move freely work practically. The reason this hasn't been an issue to now is that no one takes their dog to the quarry as they come to Forestry to walk their dog.

I have been resident in Te Arai for 17 years, over this time the beaches have been a sanctuary for us to escape and experience the outdoors away from the stresses of life. Personally I have used my frequent walks at Forestry beach with my dog Nala as a huge part of my personal health and wellbeing as well as hers. I have lost 10kg over the last year as I put my health and wellbeing first and walking barefoot on our lovely wilderness beach has been a huge part of that. I am left bereft at the thought of losing this in our lives with nothing to replace it.

We are a long way away up in Te Arai from the city, but it is our home, it is our wilderness, and it is our community that will suffer from this proposal. I care deeply about the environment and if there were breeding birds on our beach in which our dogs were being a pest lets have the conversation about what can be done. Our reality is of us enjoying the beach as responsible dog walkers who clean up after our dogs and maintain control over them whilst they are allowed off leash to really exercise and be free (in a world where there are not many opportunities for them to do that). Juxtaposed against this wilderness is the skyline just meters back from this fragile dune ecosystem of huge cranes, massive mansions being built by millionaires and the dunes being excavated and removed in order for this development to go ahead. I can't get that out of my head, how did we end up being the bad guys here. This is why I have taken the time out of my life to make the trip to the city to let you know that we exist and we are here to let you know that it is not us the dog walkers who leave nothing but footprints that are the problem. Please work with your local community, not against us. Consult properly and come up with solutions which educate not discriminate.

[redacted]

Te Arai Resident since 2008

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6935

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
Do not support
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?
Other (please explain below)

Tell us why

It is hard to determine if the 64 beaches impacted by the proposals are in anyway changed as only examples are provided with the reader required to references Schedule 1. It is not clear whether the existing Schedule 1 rules stay the same. Hence it is difficult to provide any feedback.

I am providing free form feedback as the way the questionnaire is constructed, it is directing a particular outcome. The rules set up in other regions, particularly Wellington are absent from any of the information provided and there is no ability to comment on whether these alternative options should be considered.

Further, the proposal does not distinguish between professionally trained dog walkers and those who are not – this seems unreasonable considering this is taken into account in many other parts of our societal rules. Trained dog walkers are more likely to take their dogs out of the built up areas for walking.

Listening to an Auckland Council representative, it seems clear their research was paper based and there was no discussion with the professional dog walkers and their industry, dog owners who use professional dog walkers or determined whether dog walker complaints related to trained or untrained dog walkers. There seems to be no analysis around this.

It is difficult to find the statistics around dog complaints – an internet search suggests only 0.7% of complaints to Auckland council involve people walking multiple dogs, the majority of complaints are related to roaming or aggressive dogs. It does not clarify of this 0.7% whether the dog walker was professionally trained or not.

The difference between untrained and professionally trained dog walkers needs to be established otherwise this penalises trained dog walkers and doesn't take account of their training, including the one on one training I understand they undertake for each dog to assess whether they can join a pack walk.

The Wellington Council model for professionally trained dog walkers needs to be investigated / adopted. My experience in the area I live is that of individual dogs roaming or owners not keeping their dogs under control

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

I am in agreement that dogs need to be controlled for public safety and this includes extending the number of banned dog breeds if need be.

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

1. Walking multiple dogs

We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:

Maximum number of dogs (both on-leash or off-leash): 6

Maximum number of on-leash dogs: 6

Maximum number of off-leash dogs: 3

1A. What do you think of this proposed change?

1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):
Tell us why

Remove outdated or duplicate bylaw content:
Tell us why

Do you have comments on any of the above proposed changes?
Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks
Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:
Te Ārai Regional Park

Ambury Regional Park
We are proposing to clarify the current rules (no change to dog access).
What do you think of this proposed change?
Tell us why

Auckland Botanic Gardens
We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.
A. What do you think of this proposed change?
B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?
Tell us why

Hunua Ranges Regional Park
We are proposing to prohibit dogs from tracks and roads that connect to the **Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from** single-use mountain bike tracks (currently on-leash).
What do you think of this proposed change?
Tell us why

Long Bay Regional Park
We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.
What do you think of this proposed change?
Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

Tell us why

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

I do not support the proposed change

Tell us why

See attached

Summary of attachment:

Impact on Dog Owners:

34% of NZ households have at least one dog, and many consider dogs as family members.

The ban would negatively affect the quality of life for dogs and their owners.

Current Use and Integration:

The beach is currently used for walking, exercising, and socializing dogs without significant issues.

There is no other suitable area nearby for these activities.

Environmental Concerns:

The proposed off-leash area at the old quarry is unsuitable due to its small size and heavy use by people.

The beach provides ample space for all users, and there is minimal conflict with wildlife.

Council's Objectives and Communication:

The proposal does not align with the council's objectives of balancing dog-friendly and dog-free areas.

Poor communication and notification by the council have made compliance with dog access rules difficult.

Community Involvement:

The community is willing to work with the council to find positive solutions.

There is a call for better consultation and collaboration with local dog owners and conservation group

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Dogs on beaches or regional parks February 2025

34% of NZ households have at least one dog. 78% consider their dogs to be members of their family, and more than half of families that do not have a companion animal would like to have one. (4)

Dogs are part of our lives

This submission is in response to Auckland City Council's regular review of:

Auckland's dog policy, Dog Management Bylaw and local dog access rules.(1)

and the subsequent changes the council are proposing, specifically the total ban of dogs on Te Arai South/Forestry beach.

The 2024 Review findings report Auckland council policy and bylaw on dogs 2019

Key findings:

Recommendations from an options analysis Option to amend the Policy and Bylaw is recommended • For all topics, this option is the most appropriate way to minimise the risk of danger, nuisance, damage and risk of not meeting the needs of dogs and their owners from irresponsible dog ownership and the inherent conflict between users of shared spaces in Auckland. This option is the most effective and efficient way to minimise the problem • Provides a more reasonable, authoritative, and streamlined regulatory approach, by: o setting a limit on the number of dogs a person may walk at one time (maximum of six dogs, of which no more than three are allowed under control off-leash at any one time). o clarifying and updating dog access rules for 14 regional parks o clarifying existing rules, including the requirement to neuter classified dogs, who can provide dog behavioural assessments, application of region-wide dog access rules such as for council carparks and camping grounds. o updating and removing outdated information in Schedule 2 of the Policy. o reorganising and simplifying Policy content to make it easier to navigate and understand. • Reflects current operational practice and best practice bylaw drafting standards; • Is authorised by statute, does not conflict with other New Zealand legislation, is reasonable and is not inconsistent with the New Zealand Bill of Rights Act 1990; • Improves administration by clarifying delegations to enforce and administer the Policy and Bylaw. The recommended next step is to consider a statement of proposal • This sets out a proposal on the recommended option to amend the Policy and Bylaw.

Animal Management Policy

Policy Objective: "To keep dogs as a positive part of the life of Aucklanders by: • maintaining opportunities for owners to take their dogs into public places • adopting measures to minimise the problems caused by dogs • protecting dogs from harm and ensuring their welfare." (2)

Councillor Josephine Bartley, chair of Auckland Council's Regulatory and Safety Committee says the proposals aim to strike a fair balance for everyone who uses Auckland's public places.
It's important we maintain a balance that respects everybody's right to use them.
"The changes being put forward aim to keep a good mix of dog-friendly and dog-free spaces so there are places for dogs, and anyone who is not a dog person, to enjoy. This will also help to protect vulnerable wildlife, like endangered shorebirds nesting on our beaches, and kauri in specific places", she says. (1)

Another issue and not to be confused:

Data also shows that multiple dogs being walked together appears to be an emerging issue for Aucklanders, so a limit on the number of dogs that can be walked at the same time is being proposed. (1)

Under the proposed changes, people can walk a maximum of six dogs at once and only three of those dogs can be off a leash. This means you could walk three dogs off a leash at once, or three dogs off a leash and an additional three dogs on a leash, or six dogs on a leash.

"This aims to respond to the concerns in a way that's fair and reasonable, without imposing unnecessary restrictions. Ultimately, everyone should feel safe and welcome to visit Auckland's parks, beaches and public spaces – this is at the heart of these proposals. (1)

Protection of native species e.g. Tara iti

a balance of dog-friendly and dog-free spaces in Tāmaki Makaurau

They cover dog access rules (where dogs can go off a leash, on a leash, or are not allowed) at 14 regional parks and 64 places in local parks and beaches across the region. New off-leash areas are recommended, (NB provide photo, map and size of quarry) as well as changes to keep dogs out of places with vulnerable wildlife, and to provide some places for the public to visit that are dog-free.

some existing rules in the policy and bylaw will be made clearer. This includes the need for any dogs classified as menacing and dangerous outside of

Auckland to be neutered if they are moved here, rules and exemptions for working dogs and dogs in vehicles, plus dog access rules for places such as council car parks and camping grounds. ***What are the proposed changes for working dogs and dogs in vehicles, dog access rules for council car parks and camping grounds?***

An analysis of dog-related complaint data found complaints about dog access rules not being followed and multiple dogs being walked at once. In a preliminary survey in March 2024, Aucklanders told us that owners not picking up after their dog, dogs wandering off-leash in on-leash areas and packs of dogs taking up pathways were of concern to them.

https://www.aucklandcouncil.govt.nz/parks-recreation/Pages/park-details.aspx?Location=230#dogwalking ***Where you can walk your dog***

Always follow the rules on where you can walk your dog on our website even if the information on park signs does not match. ***Do your job properly Council and keep signs up to date***

Map on website does not indicate areas relating to dog access e.g. Eastern car park, Eyres Point quarry and "All other areas"

Also, when did the "dogs on leads at all times" come into play? When and by what process was this decided? Was there public consultation.

How often do ACC dog personnel visit TA-Forestry? What number of call-outs or complaints have been registered to this area in the last period? Do ACC dog personnel focus on specific areas of know issue?

Confirm that Council's objectives are to:
The objectives of this proposal are to:

Achieve a balance of dog-friendly and dog-free areas across Tamaki Makarau so that everyone feels safe and welcome at our beaches/regional parks

To protect vulnerable wild-life e.g. Tara iti

To be fair and reasonable without imposing unreasonable restrictions

I agree with the objectives but strongly disagree that the current proposal for a total ban of dogs on Te Arai - Forestry beach provides balance, is fair and/or reasonable without imposing unnecessary restrictions.

The reasons I disagree are:

1. This proposal adversely affects the quality of life of pet dogs, their owners and their families. This is a significant proportion of the population with 34% of NZ households having at least one dog.
2. I have in the 10 plus years that we have been using this beach for walking, exercising our dogs, socialising, swimming, collecting rubbish, taking photographs and fishing only ever heard of one instance of a member of the public feeling threatened by dogs. As a community we do not collect data on dog nuisance and I ask council to present data on the number of and types of complaints about dogs on Forestry beach.
3. There is no other area other than Forestry/South Te Arai where dogs can enjoy playing, exercising, swimming, or socialising with other dogs.
   In our area there are no public parks, no roads with footpaths that are safe to walk on, and no forest tracks that can be substituted for the beach.
4. The proposed use of the old quarry at Te Arai beach for use as an off-leash area is totally unsuitable. The area is very small, heavily frequented by people picnicking and swimming and is an access way between two parts of the Te Arai beach.
5. The expanse of the beach means that there is plenty of room to accommodate everyone, it is a most suitable place for all.
6. In the Council's Animal Management Annual Report 23-24, Te Arai does not feature as a suburb/area with menacing dogs (2)
7. Council is not proposing a "good mix" of dog free and dog use areas.
8. Poor communication and notification by council of council regulations regarding public area use by dogs has made compliance with dog access rules difficult to understand and adhere to.

My/our objectives:

To work with council to arrive at solutions that are positive for our environment and for all that regularly use that area.

To assist council through community action to preserve and conserve our beautiful regional park and beaches, hopefully taking some of the work and responsibility from council.

135,500 dogs in Auckland, 34% of households have dogs.

(4) Companion animals in NZ 2020 Report

Dogs on beaches and regional parks February 2025

34% of NZ households have at least one dog. 78% consider their dogs to be members of their family, and more than half of families that do not have a companion animal would like to have one. (1)

Dogs are an integral part of our society

This submission is in response to Auckland City Council's regular review of:

Auckland's dog policy, Dog Management Bylaw and local dog access rules,
and the subsequent changes the council are proposing, specifically the total ban of dogs on Te Arai South/Forestry beach (2), to which I am totally opposed.

The objectives of the Council's proposal (2) are to:

Achieve a **balance** of dog-friendly and dog-free areas across Tamaki Makarau so that everyone feels safe and welcome at our beaches/regional parks;

To protect vulnerable wild-life;

To be fair and reasonable without imposing unreasonable restrictions

I agree with these objectives, however the proposal to ban dogs entirely from Regional parks and some beaches does in no way meet these objectives.

I also strongly disagree that the current proposal for a total ban of dogs on Te Arai - Forestry beach provides balance, is fair and/or reasonable and doesn't impose unreasonable restrictions.

My, and the objectives of Love Te Arai, a local community group with 70 members who frequent the beach daily are to:

Work with council, DOC and conservation groups to arrive at solutions that are positive for our environment and for all that regularly use that area.

To assist council through community action to preserve and conserve our beautiful regional park and beaches, hopefully reducing the work load on council agencies.

The reasons I disagree with Council's proposal are:

1. This proposal adversely affects the quality of life of pet dogs, their owners and their families, who are a significant proportion of the population with 34% of NZ households having at least one dog.

2. I have in the 10 plus years that we have been using this beach for walking, exercising our dogs, socialising, swimming, collecting rubbish, saving wildlife, taking photographs and fishing, only ever heard of one instance of a member of the public feeling threatened by dogs.

   As a community we do not collect data on dog nuisance and I ask council to present data on the number of and types of complaints about dogs on Forestry beach.

3. The proposal goes against Council's own Animal Management policy for dogs.

'To keep dogs as a positive part of the life of Aucklanders by: • maintaining opportunities for owners to take their dogs into public places • adopting measures to minimise the problems caused by dogs • protecting dogs from harm and ensuring their welfare.' (3)

This proposal does not provide adequate opportunity for owners to take their dogs into the very few public amenities in our area, nor does it ensure our dogs welfare.

4. There is no other area other than Forestry/South Te Arai where dogs can enjoy playing, exercising, swimming, or socialising with other dogs and families, including children whose pets they are, to the extent that meets adequate welfare standards. In our area there are no other public parks, no roads with footpaths that are safe to walk on, and no forest tracks that can be substituted for the beach.

5. Council is not proposing a "good mix" of dog free and dog use areas.
   The proposed use of the old quarry at Te Arai North beach for use as an off-leash area is totally unsuitable. The area is very small, heavily frequented by people picnicking and swimming and is an access way between two parts of the Te Arai beach.
   As dog owners we demand adequate space to ensure that we are acting responsibly in maintaining the welfare of our dogs.
   In the past few years, we have lost the ability to walk our dogs through the forest surrounding Slipper Lake and to take them between North and South Te Arai, now we face the extermination of the one remaining and highly viable area to provide good welfare for our dogs.

6. The expanse of the beach at Te Arai South/Forestry provides a vast area that can accommodate everyone. Summer weekends bring high numbers of people, but for the rest of the time very few. And sometimes my dogs and I are the only ones there.

7. In the Council's Animal Management Annual Report 23-24, Te Arai does not feature as a suburb/area with menacing dogs (4). Wildlife, in particular seabirds, cohabit this space well without event. Tara Iti nest at the Pakiri Stream but this is kilometres away from where beach dwellers and their dogs visit. DOC wish to increase the number of breeding sites for Tara Iti and while this rare species require distance from each other to nest, there is a significant amount of space available around the stream area without encroaching on what has been a human and dog habitat.

Of greater environmental concern is the impact the three private golf courses and the proposed 420 residential sites adjacent to Te Arai beaches impose.

8. Poor communication and notification by council of council regulations regarding public area use by dogs has made compliance with dog access rules difficult to understand and therefore adhere to.

9. The 2024 Review findings report Auckland council policy and bylaw on dogs 2019 Key findings:

   'Recommendations from an options analysis **Option to amend the Policy and Bylaw is recommended • For all topics, this option is the most appropriate way to minimise the risk of danger, nuisance, damage and risk of not meeting the needs of dogs and their owners from irresponsible dog ownership and the inherent conflict between users of shared spaces in Auckland**. This option is the most effective and efficient way to minimise the problem • Provides a more reasonable, authoritative, and streamlined regulatory approach, by: o setting a limit on the number of dogs a person may walk at one time (maximum of six dogs, of which no more than three are allowed under control off-leash at any one time). o clarifying and updating dog access rules for 14 regional parks o clarifying existing rules, including the requirement to neuter classified dogs, who can provide dog behavioural assessments, application of region-wide dog access rules such as for council carparks and camping grounds. o updating and removing outdated information in Schedule 2 of the Policy. o reorganising and simplifying Policy content to make it easier to navigate and understand. • Reflects current operational practice and best practice bylaw drafting standards; • Is authorised by statute, does not conflict with other New Zealand legislation, is reasonable and is not inconsistent with the New Zealand Bill of Rights Act 1990; • Improves administration by clarifying delegations to enforce and administer the Policy and Bylaw. The recommended next step is to consider a statement of proposal • This sets out a proposal on the recommended option to amend the Policy and Bylaw.'(4)

To this point and in conclusion I am extremely disappointed that this proposal is the best that Council can produce. **We can do better than this by working together.**

Thank you for your consideration of my views,

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6940

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs

We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:

Maximum number of dogs (both on-leash or off-leash): 6

Maximum number of on-leash dogs: 6

Maximum number of off-leash dogs: 3

1A. What do you think of this proposed change?

Do not support

1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Other (please explain below)

Tell us why

Please see attached submission. Maximum three dogs, with all off-leash, but only if rules in parks

and beaches are changes to reduce the current extensive off-leash areas and rules are extended

to all year round.

Summary of Attachment:

Rising Dog-Related Injuries:

Increasing number of dog-related injuries in Auckland, especially among children.

Statistics show a significant rise in ACC claims for dog bites and other injuries over the past five years.

Policy Change Suggestions:

Prioritize child protection over dog welfare.

Implement stricter leash and muzzle laws for all dogs, not just specific breeds.

Designate specific small off-leash areas in parks and beaches, at least 100 meters away from busy areas.

Legislation and Enforcement:

Improve enforcement of leash policies and provide funding for patrolling recreational spaces.

Introduce mandatory sterilization of all dogs by six months of age, with exceptions for registered breeders.

Education and Awareness:

Increase public awareness about the risks of dog bites through campaigns.

Encourage responsible dog ownership and reduce stigma around muzzle use.

Equity and Focus on Vulnerable Areas:

Focus on South Auckland, where dog-related injuries are more prevalent.

Ensure that dog-access policies are inclusive and consider the needs of all communities

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

See attached:It is unclear what is defined as Māngere Mountain versus Māngere Domain. Dog rules are inconsistent and hard to follow, as there are two different rules for what is essentially the same space and playground (see below). This needs clarification.•

The whole mountain (and ‘domain’) should be on-leash at all times of the year

•

Dogs should be prohibited from the playground and entire whānau ātea space (including toilets, the grass area, basketball court, hāngī pit, skatepark, surrounding pathway, slides and stairs).

•

Dogs should be prohibited from the sports ground (and club-rooms) and within 100m of this

•

Dogs should be prohibited from the Māngere mountain education centre and within 100m of this.

•

Dogs should be prohibited from the Māngere bridge tennis club and Scout Hall, and the grass reserve area between the tennis club and playcentre/road.

•

A good space for an off-leash area would be at the base on the mountain on the north side, from the top of Scott Ave to the top of Matchett Way (dogs can run up the side of the mountain for exercise and it is a well demarcated area). The base of the south side of the mountain could also potentially be used.Māngere mountain is well utilised by children in the community. Children walk around the maunga with their whānau, use the sports grounds, football club rooms, footpaths, Playcentre, Plunket, Māngere mountain education centre, tennis club reserve and club-rooms/courts, and Scouts Hall.

Recent developments on Māngere mountain have been very positive, and resulted in a large number of people in the surrounding community now using the playground, whānau ātea space, and associated paths and stairs. The whānau ātea space is also used by holiday programmes with groups of children, and the local playcentre which sits directly on the maunga.

The education centre frequently has groups of both pre-school and primary school visiting, sometimes with walks up onto the associated paths of the mountain.

Over the years however, it has been very difficult to take the children to use the maunga, in particular for walks up and around the mountain, due to off-leash dogs. I also have ongoing concerns about dogs being allowed into the playground and whānau ātea area (even on-leash), where there are a large number of young children playing, running and biking in close proximity.

Māngere has one of the highest rates of dog-related injuries in Auckland, due to wider social factors related to deprivation and historical discrimination.[5,6] Dog-access legislation needs to account for this, and be more strict than other regions.

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park,Auckland Botanic Gardens,Hunua Ranges Regional Park,Long **Bay Regional Park,Mahurangi Regional Park,Muriwai Regional Park,Pākiri Regional Park,Shakespear Regional Park,Tāpapakanga Regional Park,Tāwharanui Regional Park,Te Ārai Regional** Park,Waitawa Regional Park,Wenderholm Regional Park,Whakanewha Regional Park

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

I support the proposed change

Tell us why

This is an excellent example of appropriate leash-legislation within a recreational park.

This will protect animals, wildlife and children (often young) who attend. Of note, a roaming dog

recently killed a horse at the nearby Pony club.

My own daughter and son volunteer at the farm feeding the animals. I am very grateful for this
change prohibiting dogs.

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

I support the proposed change

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the **Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from** single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

I support the proposed change

Tell us why

It is an excellent idea to prohibit dogs from mountain bike tracks.

Please also consider prohibiting dogs from attending the school mountain biking events which
are sometimes held there (although from memory the organisers already do this).

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

I do not support the proposed change

Tell us why

We frequently drive to Long Bay with our children but are often unable to use the beach due to off-leash dogs. I have experienced an incident with my own child at this beach where an off-leash dog chased and then started to attack my two year old child just after we had arrived at the beach, when I had a newborn in a front-pack. Dogs should be on-leash on most of the beach all year round, and should be allowed off-leash only at the very Northern end of the beach around Vaughan stream. Dogs should be prohibited from the beach during the day in summer.

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season)

and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

I support the proposed change

Mahurangi East

I support the proposed change

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

I support the proposed change

Tell us why

All council-run campgrounds should be dog-free. We are now unable to use campgrounds that have dogs due to concerns about the safety of the children, and previous issues with dogs in campgrounds compromising their safety.

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

I support the proposed change

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

Other (please explain below)

Tell us why

Dogs should be on-leash in all areas of the park, at all times of the year, and including the evening

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

I support the proposed change

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

I support the proposed change

Tell us why

This is currently the only beach (including the campground) we can go to in the Auckland region where we feel we are safe with our children. This park has significant cultural importance to use as a family, due to it being a special place to visit across

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

I support the proposed change

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

I support the proposed change

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

I support the proposed change

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

I support the proposed change

Tell us why

Are there any dog access rules at other Regional Parks and associated beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Location 1:

What is the full name of the location where you want to change the dog access rules?

Ōmana Regional Park and Ōmana beach and esplanade

What local board area is this location in?

In general, how would you like dog access at this location to change?

Tell us why

Do you want the change to apply to the entire location or a section of it?

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

0

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

- The whole park should be on-leash, other than the perimeter walk which can be off-leash
  - However, the perimeter walk starts right by the picnic/beach area used by children and families, so the off-leash area of the perimeter walk should be 100m after the start of the walk.

oCurrent rules that dogs can be off-leash on the ‘foreshore and park’ (excluding Omana beach) are unclear and confusing, as it sounds like the whole park is off-leash, but then there is a rule that says in all other areas of the park dogs are prohibited.

•Ōmana reserve should be on-leash the whole year.

•Dogs should be prohibited from the beach the whole year.

•Current rules for prohibiting dogs from the playground should remain.This is an important area to our whānau, as it is where we grew up. I have tried to return to have picnics on the beach, walk in the park or visit the playgrounds in both ‘winter’ and ‘summer’ months, with my own children and wider family. Unfortunately, off-leash dogs prohibit us from doing this, and we have had to stop going there. For example, as we were walking back from a picnic one time a large off-leash dog jumped out of the bushes, scared the pre-school children, and started to circle them which was intimidating and unsafe.

Many children and families use the beach, the playground and the reserve, in all months of the year, and all of which are closely connected. This is too small an area (considering how fast dogs move) for any off-leash areas to be so close to any on-leash/prohibited sections.

Description:

Dog bites and dog related claims registered with ACC between 1 July 2019 and 30 June 2022 including breakdowns for registration financial year, ethnicity, age group, Read code, injury diagnosis, injury site, contact type, external agency, accident (injury) location (TA), residential location (TA), Domicile (residential), dogbiteA, dogbiteB, dog related injury, flag for accident location = Auckland City (TA), Provider Board area, Provider Domicile, Provider mesh block. (TA) = territorial area. The data are presented in order of registration year (primary) and accident location (secondary).

Notes:

- In September 2018 ACC went live with 'Claims Front End Establishment (CFEE)'. This was done as part of an effort to streamline claims registration and cover decision processes and introduced an automatic process to find keywords in the accident description and group them into categories (where previously this was done by hand). These categories include external agency which is filtered for 'Live Dog' and used in conjunction with Contact as 'Kicked/Butted/Bitten by Animal' and a diagnosis type to identify dog bites. In some cases, including the external agency category, this change led to unforeseen increases or decreases which created a break in the data over the go-live date. A partial fix has been created to align the data before and after the CFEE go-live. This has become available since the last update of this data so there will be differences in the 2018 and 2019 data provided previously. A final solution has not yet been implemented so please note that there is potential for the volumes to experience a further shift once a fix is in place.

Caveats:

- All claims are accepted for cover.
- A claim can be registered at any date after the accident date.
- Dog bites are defined as follows:

Dog_BiteA - if readcode = "TE60." then Dog_BiteA = 1; else = 0

Dog_BiteB - if (extagency1 = "Live Dog" and Contact1 = "Kicked/Butted/Bittn by Animal") AND (free text within the accident description contains the following non-case sensitive words "bite", "bit", "bitten', "biten" (a common misspell)) AND (readcode does not equal "TE60.") AND (Dog_BiteA = 0), then Dog_BiteB = 1; else =0.

DRI (dog related injuries) are defined as follows and includes both Dog_Bite A & B:

DRI - if (extagency1 = "Live Dog" OR Dog_BiteA = 1 OR Dog_BiteB = 1); then DRI = 1;

- Years are given as financial years - 1 July to 30 June at time of the claim registration.
- Age is the age of the claimant (in years) at the time of the accident.
- Ethnicity is prioritised ethnicity
- Location data. The accident location TA is provided. The domicile of the residental location is provided. Where the accident location TA is 'Auckland City' then additional columns pertaining to the provider location are provided in addition to the clients residential information.

- Lifetime cost is a modelled value. The Lifetime costs do not include PHAS related costs.

#6940

ABSTRACT

We explored the views of caregivers regarding the value of dogs and the effects of caregiver views on children in private and public spaces in New Zealand.

This was an observational study utilizing a national anonymized online survey and focus groups in Auckland and Kaikohe to explore caregiver perceptions of the value of dogs within whanau (families) or the community, experiences of dog-related harm in the context of children, and the perceived importance of education as a prevention strategy. Quantitative and qualitative data were sought, using a general inductive approach.

256 caregivers responded to the online survey, and 12 caregivers participated in focus groups. Dogs were highly valued by Maori and non-Maori, predominantly as part of family. 233 dog-related incidents were described, occurring in both public and private settings, with both bite and non-bite harm from being charged at, knocked over, jumped on or attacked, as often significantly intimidating or traumatic experiences for children and their caregivers. Key themes were the emotional effect of an attack, the perception that children could avoid harm through education, blame placed on children, minimization of the trauma a dog can cause, and owner underestimation of risk.

This study revealed a broader picture of how children are physically and emotionally affected by dogs in both private and public spaces, indicating the need for proactive approaches in both. Dogs may become activated to attack due to their nature and unpredictable tendencies in response to children's natural movements, and future strategies may need to include a focus on owner-perception of risk to children in addition to creating child-safe environments and addressing systemic issues, rather than relying on child or dog behavior to prevent harm. The finding of high value people have for dogs is important to understand as this may be a barrier to implementation of evidence-based strategies.

Introduction

While dogs are valued within many societies, dog bite and other dog-related injuries remain a cause of serious child injury internationally, with the risk of sustaining bites to the head or neck region well described, including those causing fatal injuries (Lackmann et al., 1992; Schalamon, 2006; Tsokos et al., 2007; Raghavan, 2008; Hersant et al., 2012; Chen et al., 2013; Eppley and Schleich, 2013; Mannion et al., 2015; Sarcey et al., 2017; Vučinić and Vučićević, 2019; Caffrey et al., 2019; Abraham and Czerwinski, 2019; Barrios et al., 2019; Sarenbo and Svensson, 2021; Tulloch et al., 2021). Physical dog-related injuries can include bite or non-bite injuries such as fractures or head trauma from being knocked over by a dog (Juang et al., 2011; Duncan-Sutherland et al., 2022c). Emotional harm due to a dog-attack is also possible, even when no injury has occurred (Peters et al., 2004; Ji et al., 2010;). New Zealand (NZ) and Australian studies over the last 30 years demonstrate increasing rates of dog-related injuries in children (Langley, 1992; Marsh et al., 2004; Rajshekar et al., 2017; Mair et al.,

2019; Duncan-Sutherland et al., 2022c). Young children are vulnerable, likely due to their small size, developing cognitive awareness and erratic movements, coupled with an inability to either defend themselves or modify their environment.

Inequities are also evident with higher rates of injury in areas of greater deprivation and among Indigenous populations (Bjork et al., 2013; West and Rouen, 2019; Daigle et al., 2022; Duncan-Sutherland et al., 2022c). Hobbs et al. (2019) describe how this inequity exists on a background of historical trauma and through the process of colonization that elicits the current state of power imbalance. To address this imbalance, health prevention and social strategies must prioritize Indigenous self-determination as paramount (New Zealand Ministry of Health, 2020; Hunt et al., 2021).

Major advances have been made in multiple areas of child injury prevention, particularly when implementing legislated environmental modifications of the injury-prevention framework of 'Engineering, Enforcement and Education' (Pless, 2005). Examples are the introduction of bicycle helmets, seatbelts, traffic calming measures, pool fencing, child-resistant caps and playground safety standards (Jullien, 2021). However, the prevention of paediatric dog-related injuries has largely focussed on child-directed education on how to behave around dogs or identify early signs of dog-aggression to prevent escalation of the dogs behavior, with uncertain effectiveness (Duperrex et al., 2009; Shen et al., 2017; Duncan-Sutherland et al., 2022b). The circumstances surrounding incidents of harm to children by dogs are not well described internationally (Patterson et al., 2022), or in the NZ context, with no rigorous systematic reviews available, and studies frequently reflecting bias in the formation of study questions (for example, asking about whether an injury was provoked). While an in-depth study exists for adult victims in NZ (Wake et al., 2009) it is unknown how harm occurs to children in either private or public spaces. Researchers internationally have also called for qualitative research that will assist in understanding underlying attitudes or beliefs contributing to harm to children by dogs, to ensure a considered approach when shaping public health strategies (Mouton and Rock, 2022).

This study sought to explore the views of Maori and non-Maori caregivers of young children regarding the value of dogs and their impact on children within public and private spaces in NZ to help inform the development of dog-related harm prevention strategies.

Materials and methods

This observational study utilised data from a nationally available, online survey (OS). In addition, focus groups (FG) and individual interviews were conducted to explore views in more depth. FGs were run in Auckland (NZ's largest city, population 1.6 million; 2018 Census (Stats NZ)), and Kaikohe a small Northland town (population 4305, predominantly Maori (Stats NZ)). These areas were felt to be representative of other cities or small rural communities in NZ.

Adult caregivers (16 years or older) of children under the age of 10 years were eligible to take part in the study. Study design was informed by Kaupapa Maori methodology, and guided by the Te Ara Tika framework for Maori responsiveness in research (Hudson et al., 2010). Maori leaders from a range of disciplines including research experts, child injury prevention specialists, and emergency physicians were consulted at all stages of study development.

Domains of interest included the significance of dogs within the whanau (family) or community; reasons for dog-ownership; the importance of children being around dogs; the extent to which caregivers feel their children are safe around dogs; the extent to which caregivers perceive that children are harmed or intimidated by dogs in public or private spaces; descriptions of dog-related incidents; and the perceived importance of education in prevention of these. Question items were developed after consultation with animal, child and Maori health experts in multiple fields, and considered previous research in the field (Westgarth and Watkins, 2015; Oxley et al., 2017; Saleem et al., 2020; Brookes et al., 2020). Open-ended questions were designed to aid caregivers to consider if/how dogs were valued and to prompt descriptions of any potential incidents where harm to children may have occurred. Specific factors relating to incidents, including dog size, breed, perceived aggression-type, the use of environmental barriers (fencing, leash-use, muzzles, separate dog-spaces), or severity of incidents were not investigated. The broad term 'incidents of harm to children' was chosen to encompass any perceptions caregivers had of harm to their children by dogs, which could be bite or non-bite injuries or emotional harm, and could occur during a range of dog-related activities incorporating aggression, play, or predatory behavior. This term could also incorporate 'near-miss' incidents, for example if a dog-attack occurred but did not result in physical injury, which could provide valuable information for the development of prevention strategies.

Online survey

A nationally available, anonymised OS was developed in Survey Monkey (Momentive Incorporated) to explore caregiver perspectives of dogs within the above domains of interest using similar question items. The survey included 13 closed and seven open-ended questions (see supplementary data). The survey was available for five weeks during September to October 2021, distributed through existing community networks: Plunket NZ (a national well-child service supporting the health and wellbeing of children under-five and their families); Playcentre Aotearoa (an organization which operates parent-led early childhood education centres throughout NZ); and Safekids Aotearoa (NZs national child injury prevention service) via their Facebook organization page: with the survey shown to Safekids Facebook followers and members, and further distributed through a paid service to 'friends' of those people. Participants were given an opportunity to read an attached participant information sheet, which included information on data privacy and anonymity, and an explanation that participation in the survey implied consent. As predominantly qualitative data was sought, the intended sample size was 150 responses. When the survey closed after five weeks there were 256 responses. As an acknowledgement of participation, survey respondents could enter the draw for a $200 shopping voucher. Names and contact details for the prize-draw were not visible to researchers.

Focus-groups

FG participants were recruited from networks of child health providers and community groups within the Auckland and Kaikohe regions, with consideration to include a range of ethnicities, gender, and dog-ownership. We aimed to conduct four FGs, each with six participants. There were no specific criteria to participate, other than being a caregiver. It was not possible to know if FG participants had also completed the on-line survey, as this was anonymous. Participants gave their written and verbal informed consent, after being emailed a participant information sheet, including information on data privacy. Sessions were informal, semi-structured, lasted approximately an hour, and were recorded. A series of 21 open-ended questions within the same domains of interest as the OS were used as prompts to facilitate the sharing of experiences and conversation (see supplementary data). Discussion could also be participant-led, and an initial open-question was used to facilitate the sharing of experiences or views that were important to participants. Groups were co-facilitated with Safekids Aotearoa Maori and Pacific staff members and lead researcher Natasha Duncan-Sutherland (NDS), and conducted in a manner informed by He awa whiria, the braided rivers approach, (Macfarlane and Macfarlane, 2019) in English, with some use of Te Reo Maori (Maori language). Participants were given a koha (gift of appreciation) as acknowledgement of their participation. Audio-recordings were transcribed by a confidential professional transcription service. Names of people or animals were anonymised with the use of unique codes.

Data analysis

The write-up of this study was guided by the STROBE guidelines for reporting observational studies (Von Elm et al., 2007). Collected demographic information included age-group, ethnicity, gender, and area of residence. Survey responses were viewed by all authors. Qualitative responses from both the survey and FG were collated in Microsoft Excel and analysed by an author (NDS) using a general inductive approach, identifying emerging themes by reading through the responses multiple times (Thomas, 2006). Using this approach and having broad objectives allowed for new findings arising directly from analysis of the data not from a priori expectations, and reduced the risk of obtaining pre-determined answers through leading questions. This is particularly important for this topic, where researchers may have a number of biases, particularly if they have an interest in dogs or little experience with child-injury prevention. To support these qualitative findings, quantitative data was provided from the OS in the form of percentages, as descriptive indicators rather than to imply exact statistical representations. Data storage and privacy was in-line with standard organisational and national policies.

Results

Study participants

Two hundred and fifty-six people completed the survey. Respondents were located across the country and were predominantly female (97%; n=247/256). Over half (56%; n=143/256) were 31–40 years of age, with 23% (n=58/256) aged 21–30 years and 16% (n=42/256) 40–50 years. Eighteen percent (n=45/256) identified as NZ Maori who make up 16% of the NZ population (Stats NZ).

Twelve caregivers participated in one of either three FGs and two interviews. Covid impacted recruitment occurring during the region's pandemic restrictions, resulting in these being held via Zoom video calls. Participants included nine females and three males aged between 30 and 50 years. One third identified as NZ Maori. Four had never owned a dog or had a dog as a child, and three were current dog owners.

Value of dogs

More than two thirds (68%; n=175/256) of survey participants were dog-owners (Table 1), with the majority (70%; n=122/175) giving their main reason for ownership as 'part of whanau' (family), or companionship (19%; n=34/175). A minority (10%; n=18/175) stated other reasons including hunting, farming, protection, service, competitions, or to rehome. For some Maori participants hunting dogs were seen as a valuable asset in acquiring food for the family, with associated pride in this.

There were shared perceptions between Maori and non-Maori within both FGs and survey, of the value of dogs, reasons for and rates of ownership (Maori ownership 29%; n=14/48, non-Maori ownership 32%; n=71/219). There were no substantial differences in the responses to the online survey question "How important do you think it is for children to be around dogs?" between Maori and non-Maori (38% cf. 40%, Table 1). However, dog owners were much more likely to think it was very important for children to be around dogs (51% cf. 15%, Table 1). Maori and non-Maori also shared values around the positive experiences dogs could provide for children, including educational experiences teaching empathy or responsibility, or as a source of emotional support.

Impact of dogs

Across the survey and FGs there were a total of 233 incidents of harm to children by dogs described. Key themes that emerged in relation to these incidents included the emotional impact of an attack, dogs as intimidating to children due to their size and unpredictability, the perception that children could avoid harm through education, victimization and blame placed on children, minimization of the trauma a dog can cause, and owner underestimation of risk.

Maori and non-Maori shared strong views regarding the value and protection of children, with similar experiences of harm to children by dogs in both private and public spaces. Many incidents described were clearly both serious and distressing for both children and caregivers, as evident from the quotes below. However, some descriptions provided in the survey were not detailed enough to make an accurate assessment of the severity of harm caused.

Dog attacks provoked strong emotions, with feelings that their life (or their child's life) was in danger being worse than the physical injury:

> *"We were just on a walk. I had L (child) in the pram and L will still tell you to this day, there was a massive dog that came running at us. And then my husband had to come and save us, because I threw L in the car….but it was just a scary experience in itself"*
>
> *(FG - female, Maori, dog owner, Auckland)*

> *"My daughter was about 18 months old when a red setter knocked her flat in the park, stood on her chest and licked her face. My son was a little over 2 years old when a Labrador did exactly the same to him. For both children it was as frightening as being charged by a horse"*
>
> *(OS - female, non-Maori, non-dog owner, Auckland)*

Caregivers described that dogs could be very intimidating to children through boisterousness, play or simply approaching a child.

> *"My children get really scared from them just coming right up into their face, they (owners) assume that 'oh it's okay, the dog's just smelling you out, they're just being friendly' but that's not how children see it"*
>
> *(FG – female, non-Maori, non-dog owner, Auckland)*

Following an incident involving a dog participants acquired an awareness of the unpredictability and danger of dogs, with subsequent increased protectiveness of their children. Those who had not had those experiences were less protective, allowing their children to play more

Table 1
Responses to the online survey question "How important do you think it is for children to be around dogs?" (n 256).

Response	Total (n=256)	Māori (17.6%; n=45/256)	Non-Māori (82.4%; n=211/256)	Owners (68.4%; n=175/256)	Non-Owners(31.6%; n=81/256)
	% (n)	% (n)	% (n)	% (n)	% (n)

with dogs, have dogs jump on the children, or sleep a dog in the same room as an infant.

Public spaces

Survey participants described feeling less safe from dogs in public spaces compared to private (38%; n=96/256) cf 9%; n=23/256 "always safe from dogs", Table 2), with 100 situations described where a child or caregiver felt/was unsafe from dogs in public spaces.

Eight people described feeling a sense of unease, either due to roaming or off-leash dogs in parks, beaches or local neighborhood either approaching or near the children. "Often we drive to go for a walk in a better neighborhood instead." Six people described their children felt scared by dogs growling aggressively at them, either by roaming or off-leash dogs, or when out for a walk with children and passing properties with dogs. Six people described their children being intimidated by dogs approaching them boisterously on the beach, parks or playground, one of which was when a dog pushed its head into a child's pram.

Fourteen people described their children being charged at by a dog, usually by unleashed or roaming/escaped dogs, including a child on a bike, an incident where a dog tried to mount a child, a dog who tried to attack a one-year-old on their driveway, and a caregiver who was holding the hand of their child walking to the playground and having a loose dog jump out from behind a bush.

Twenty-two people described their children being knocked over by a dog, including two children who were on bikes, and one who was eating fish and chips on the beach with a dog trying to get to the food. Fifteen people described their children being jumped on, often scratching them, and including one description of a dog jumping up and trying to bite a child. Other incidents described were a dog scaring a four-year old by going down a slide at the same time as her, having a dog urinate on a sandcastle, eat out of children's lunchboxes, or jump onto their lap while sitting down.

Four people described their children being put in danger due to incidents of dog-dog aggression, and one further person who described an incident of her children witnessing dog-dog aggression as "devastating and scary" for them.

There were 13 dog bite incidents described. Three of these occurred on the face and two on the hands (one of which was because a child put their fingers through the fence). Three incidents were by a dog tied up outside a shop, and one was by a dog who leapt out of a car when the door was opened and attacked a child. One person described their own dog biting another child, saying this occurred because the child was teasing it.

Six other dog attacks were described. One was an adult who was attacked while swimming, one was a caregiver and her daughter being surrounded by five dogs acting as a pack in a predatory manner which traumatized her child, and one was an attack on a child in a pram by a dog that jumped on the child and scratched/mouthed her. There was a further description of an attack at a beach where a child was knocked over, and another was an attack by two roaming dogs who entered a school attacking the children, and biting ten.

Seven of these incidents involved babies in prams or a front pack, and three occurred with children on bikes. Many were 'near misses', where physical injury did not eventuate.

> *"Large dog ran at my when I had a toddler and carrying baby in front pack. Dog knocked me and baby over and I had to protect toddler. Another time a dog came and started eating my kids lunch out of their lunchbox. We've had dogs wee on the sandcastle our kids are building. I've been yelled at by a dog owner for pushing her out of control dog off my lap. All of this has happened in a section of the beach that's supposed to have dogs on a lead"*
>
> *(OS - female, non-Maori, non-dog owner, Tauranga)*

Where described, the location of incidents in public spaces were diverse (Table 3). Public incidents predominantly arose from dogs escaping neighbouring properties or being walked off-leash, including within areas supposed to be on-leash, and effects on caregiver and children's use of public resources. Incidents occurred across the country, with beaches, local streets and playgrounds of particular concern.

> *"Where our local skate park is, it's actually on like, on a walking path. Quite often the dogs will run over to us, and you know, they (children) are zooming around on their bikes and their skateboards when there's dogs running around chasing them"*
>
> *(FG – female, non-Maori, non-dog owner, Auckland)*
>
> *"Dog running all over playground and went down slide at same time as four-year-old, scaring her terribly. Owner just said the dog loves the playground. We will leave areas if there are unleashed dogs as our kids are scared and won't play"*
>
> *(OS - female, non-Maori, non-dog owner, New Plymouth)*

Within areas of greater socioeconomic deprivation, stray dogs, or dogs escaping from neighbouring properties were of significant concern. Participants in these areas described being unable to walk with their children and/or dogs in their local area or needing to walk with a stick to fend off stray dogs.

> *"There's a lot of stray dogs. I used to walk to the shops before, but ah, I just take the car now. But even if I have to walk I take an umbrella or even a stick with me because it's just that bad"*
>
> *(FG – male, non-Maori, non-dog owner, Auckland)*

Caregivers described needing to go to great lengths to keep their children safe in public spaces particularly, teaching them caution in approaching unfamiliar dogs, and keeping their children close when

Table 2
Responses to the online survey question "How safe do you feel you and your child/children are around dogs in public/private spaces" (n 256).

	Always safe	Safe most of the time	Unsafe most of the time	Always unsafe
	% (n)	% (n)	% (n)	% (n)
In Public SpacesIn Private Spaces	9% (n=23/256)38% (n=96/256)	76% (n=195/256)59% (n=149/256)	14% (n=36/256)4% (n=10/256)	<1% (n=2/256)<1% (n=1/256)

Table 3
Location of incidents involving dogs in public spaces.

Local Streets	Beaches	Parks	Dog-parks	Shops	Playgrounds
% (n)	% (n)	% (n)	% (n)	% (n)	% (n)

seeing an off-leash dog. Many expressed anger at owners who showed no or little concern for their child's safety even when injured, ignored on-leash requirements, or minimized the issue. It was clear that many owners felt their own dog was safe, with little awareness that children may be intimidated or unsafe around the dog.

> *"Child approached by off-leash dog in parks, beaches, playgrounds. I tend to only go to on-leash public spaces & this still happens. Owners often say "oh the dog is fiiiine" and not make any effort to intervene"*
>
> *(OS - female, non-Maori, non-dog owner, Auckland)*

> *"I don't appreciate when owners say "it's okay, he won't bite" etc. It invalidates the feelings of the child or the adult that is uncomfortable with the behavior of the dog. Our 1 yr cannot protect himself from dog jumping up & pushing him over. Owners need to not invalidate the feelings of others just because they believe their dog would never hurt anyone"*
>
> *(OS - female, Maori, non-dog owner, Rotorua)*

Private spaces

Nearly half (48%; n=133/268) of survey and FG participants described situations where they felt their child was not safe within private spaces. Of these, 26% (n=35/133) involved a child being attacked, bitten or scratched; 23% (n=30/133) were knocked over, jumped on or chased; 26% (n=35/133) involved being barked at or aggressive behavior directed toward them, including infants; 17% (n=22/133) described other situations where either they or their child felt fear/apprehension around dogs; 6% (n=8/133) had aggressive dogs coming onto their property (roaming); and one person described being scratched and nearly knocked over while holding a baby.

> *"Family member had left dog at a shared family home. Dog has attacked children before but family has chosen to keep dog. Dog went for children and an adult. Knocked all three over trying to bite them"*
>
> *(OS - female, non-Maori, non-dog owner, Canterbury)*

> *"Neighbours have 5 aggressive dogs. My son went over there one day and the largest broke it's chain and lunged at him. Only quick thinking by the son of the household stopped him being hurt"*
>
> *(OS - female, Maori, dog-owner, Far North)*

In the 74% (n=98/133) of incidents where the relationship to the dog was described, 83% (n=81/98) belonged to a friend, neighbour, or extended family, and 17% (n=17/98) were the families own dog. Most caregivers demonstrated awareness of safety when owning dogs, for example implementing safety barriers at home to create safe spaces for children or putting the dog away when unable to supervise. In the 74% (90/121) where dog-ownership and visiting status were clear, the vast majority of people (74%, n=67/90) were visiting a friend/relative who owned a dog, ten were dogs who had intruded their property after escaping from a neighboring property (including one description of a Staffordshire Bull Terrier chasing children who were playing in their own yard), one was an aggressive dog at the gate of a whare (home), eight incidents occurred within their own home, and four when the dog-owner was visiting the victim.

There were frequent descriptions of feeling pressured into placing children in unsafe situations with dogs when visiting friends and family in particular, with a perceived lack of concern by the owners making it difficult to advocate for their child's safety.

Cause attribution

Caregivers described how dogs (as often large animals in comparison to a child) frequently invade children's space, and compromised their real or perceived sense of safety, in both public and private spaces. There were very few mentions where issues were caused by children approaching and interacting with dogs. Causal attribution as a theme was described as creating significant conflict between people, at times resulting in loss of relationship or visiting friends/family. Caregivers in this study frequently described frustration and anger that despite their attempts to keep their child safe, in both public and private spaces some owners did not appear to perceive the potential risk or show remorse when incidents occurred, and children were often blamed for incidents occurring. Respondents specifically highlighted that incidents were unprovoked by children, and described feeling angry that their children were being blamed by others, often the owner of the dog. Their perception was that this was because the owner had a high value for their dog, and was not putting the children's needs above those of the dog. There were also references to a reluctance to acknowledge dog aggression, instead attributing the cause to 'bad owners' who did not provide adequate dog care or training.

> *"My daughter actually got bitten by his dog, my brother's dog. My daughter was traumatized. After that me and my wife spoke about it and we saw that my brother and his wife kind of blamed it on the kids"*
>
> *(FG – male, Maori, non-dog owner, Auckland)*

This triad of cause attribution, directed toward either victims (often children), owners, or the dog, with less awareness of the impacts of policy, resourcing or the socio-political environment in which injuries occur is illustrated in Figure 1.

Education

A high proportion of survey respondents felt that education of children (84%; n=216/256), dog-owners (93%; n=238/256) and caregivers (76%; n=194/256) was 'very important'. Differing views on this became more apparent in the FGs, with conversations relating to issues of 'who is responsible' or 'who is to blame'.

Child directed education programs with messages about how to behave around dogs, including how to stand still when a dog approaches or attacks, were perceived as helpful. Challenges were described, particularly with younger children who are unlikely to follow these instructions in practice. Paradoxically, views on the importance of child education at times followed descriptions of attacks that occurred without warning. Others felt education would be better directed to owners, but pointed out that many do not pay attention to current safety messages, and that enforcement would be required, with current requirements for being 'in-control' of a dog without a lead not providing adequate protection of children. There was a suggestion for discreet public reporting of issues, which could be difficult within small communities. There was also an understanding by some participants of issues such as cost, time and access to resources as a barrier to safety from dogs, including lack of adequate property fencing or gates.

Discussion

The aim of this study was to explore the value of dogs and their impact on children in private and public spaces. Study findings highlight the substantial dog-related physical and emotional harm children experience throughout NZ in both public and private spaces, indicating the need for proactive approaches in both.

Participants highlighted the unpredictability of dog behavior, including aggressive barking or knocking children over as part of an

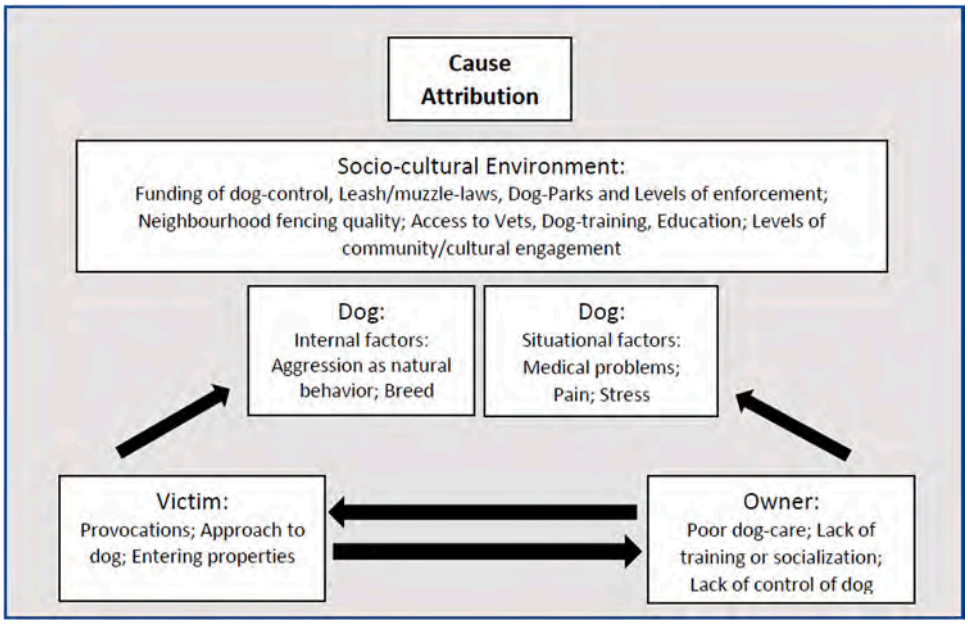

Figure 1. Cause attribution.

overtly threatening event or play, as frightening experiences for children. This differs to previous studies which focus on bite or non-bite injuries (Juang et al., 2011; Duncan-Sutherland et al., 2022c), and is unsurprising considering the size and strength of many dogs relative to children, and the considerable distances dogs rapidly cover, potentially causing harm or intimidation before a caregiver can intervene. The emotionally traumatic event of dog aggression has been described in previous studies (Peters et al., 2004; Ji et al., 2010), and may distinguish dog-related injuries from many other kinds of unintentional injuries.

Context and education

The findings of this study suggest that many dog-related injuries are frequently not preceded by an interaction with or approach to a dog, as caregivers clearly described how dogs frequently invaded children's space, and compromised their real or perceived sense of safety, in both public and private spaces. This is consistent with studies showing that dogs may be activated into attacking children in a variety of situations, including when guarding properties or food; predatory behaviour as part of a group of dogs; when children are walking to or from school; or after minor interactions such as walking, running or cycling past a dog, or patting a dog (Borchelt et al., 1974; Reisner et al., 2007, 2011; Shen et al., 2014; Notari et al., 2020; Gobbo and Zupan Šemrov, 2022).

Given it is now recognized dogs may attack children simply due to normal child movements or minor interactions, the question is which strategy will be most effective. Should we aim to teach children to change their behavior; increase training or socialization for dogs; or ensure that children are separated from dogs when unable to very closely supervised? Child-directed education programmes aim to change child behavior around dogs, including promotion of standing still around dogs, or ways to approach a dog. Several such educational programs are available in NZ, including information available in both English and Te Reo Maori (Carter et al., 2008; Carter and Swain, 2008). While it has been shown that these programs can improve short-term knowledge retention about how to behave around dogs, it is unclear if they change behavior or prevent injuries in the long term (Shen et al., 2017; Duperrex et al., 2009; Duncan-Sutherland et al., 2022b). It may be an unrealistic expectation that children consistently modify their natural behavior, particularly given the number of varying hazards that exist in both private and public spaces. Two systematic reviews also found a lack of good quality evidence on whether dog training or early socialization reduce injuries, and this is an area for future research (Newman, 2012; Duncan-Sutherland et al., 2022b). Maintaining a child-centric view, educational strategies to decrease injury rates in children may require re-direction toward improved dog-owner recognition of the risk, promoting collective responsibility for child-safety, and creating safe spaces for children to be in, with separation of dogs and children unless they can be closely supervised (within arms-reach), rather than primarily relying on changes to child behavior. It is also important to note that parent-directed education may not be effective in the indigenous environment, where child-care responsibilities are often shared with the wider family.

Cause attribution

Anger from caregivers due to the perception that owners did not see the risk a dog posed to children, and that children were frequently blamed with little remorse from the owner when incidents occurred was a significant theme of this study. Other studies have likewise found that safety issues may not be recognized by some dog owners, thus they may not acknowledge risks associated with normal canine behavior when the potential for aggressive behavior arises (Westgarth and Watkins, 2015; Arhant et al., 2016; Westgarth et al., 2019; Owczarczak-Garstecka.., 2020; Saleem et al., 2020; Náhlík et al., 2022), and this needs consideration when shaping public health strategies.

The triad of cause attribution illustrated in Figure 1, suggests there is value in taking a root cause analysis approach to dog-related injuries to identify where systemic changes are needed to prevent these events in the future. For example, policy to mandate and enforce leash and muzzle use in public spaces to create safe environments where injuries are less likely to occur; or sterilization or breeding policies, with associated funding to keep the dog population under control. Some studies have also suggested greater responsibility may need to be taken by health professionals and veterinarians, who may know about issues but for various reasons not make a notification to animal management (Harisberger et al., 2012; Duncan-Sutherland et al., 2022a).

Socio-economic barriers to injury prevention

Some participants felt that prevention was unlikely to be effective through education alone, and that governance of regulations would be required. They described, however, that reporting of dog-related issues

was difficult when incidents occurred within a community of people who knew each other. The same issue has been identified in studies within communities including indigenous groups in NZ, Australia and Canada (Dhillon et al., 2016; Brookes et al., 2020; Duncan-Sutherland et al., 2022a). Economic barriers to implementing safety measures were also highlighted by participants, and as with other injuries, the reduced ability to modify housing due to living in rental or social housing may be a contributing factor (Smithson et al., 2011; Kendrick et al., 2013; Growing Up in New Zealand, 2014; Hayward et al., 2017). Likewise a deficiency of Indigenous-led strategies that resonate with these groups is potentially a reason behind the inequities (Hunt et al., 2021).

Public spaces

In public spaces, incidents of dog-related harm to children in this study arose primarily through off-leash dogs, or those escaping neighbouring properties/strays. These occurred across the country irrespective of socioeconomic area, including places children frequently use, such as beaches, parks, local streets, shops or playgrounds, impacting on their use of these valuable public resources, including walking to school. Consistent with these findings, an Australian study by Howell et al. (2016) found that 26% of owners allowed their dogs to roam free when outside the home. Other studies also support the finding that dog bite injuries commonly occur in public spaces, and highlight the need for strategies to address this (Wake et al., 2009; Oxley et al., 2017; Mair et al., 2019; Jakeman et al., 2020; Duncan-Sutherland et al., 2022c). The importance of safety for children to independently mobilize within public spaces has likewise been addressed in studies internationally (Senda, 2015; Chaudhury, 2017). While parental concerns about strangers or road traffic are described as deterrents to children's use of these spaces, safety from dogs is not well investigated (Riazi et al., 2022). Other studies actively promote children walking dogs (Christian et al., 2016, 2022). However, given the concerning descriptions in this study for dog-dog attacks occurring while walking a dog, this could be placing children in potentially dangerous situations.

Modifications to the physical environment to protect young children are thought to be the most effective measure for prevention of child injuries (Craig et al., 2010; Morrongiello, 2018). This is further supported by studies where severe or fatal dog attacks have occurred in children despite adults being nearby (Patronek et al., 2013; Kumar et al., 2017). Legislated engineering barriers for all dogs such as leash and muzzle use and requirements for adequate fencing of properties, schools and dog-parks, may be effective strategies to prevent injuries in many contexts (Shen et al., 2014; Jakeman et al., 2020; Duperrex et al., 2009; Duncan-Sutherland et al., 2022b).

Private

Incidents on private property in the current study occurred more commonly when visiting friends or family, or by neighbouring dogs escaping/strays, with few incidents occurring with a dog they owned. Previous research has also shown high rates of injury occurring by dogs belonging to neighbours, friends or relatives, or in public (Schalamon, 2006; Chen et al., 2013; Shen et al., 2014; Hasselt et al., 2015; Oxley et al., 2017; Westgarth et al., 2018; Mair et al., 2019; Abraham and Czerwinski, 2019; Reese and Vertalka, 2020; Duncan-Sutherland et al., 2022a). This research is further supported by a study of 256 fatalities in the US, of which nearly half (n=116/256) were in children under the age of five years, showing that while 74% (n=190/256) occurred on the owners property, the vast majority of victims (85%; n=218/256) had only an incidental or no relationship to the dog (Patronek et al., 2013). Awareness of this common context may be important for providers of dog-safety information to understand, in order to promote safety for visiting children.

Strengths and limitations

Strengths of this study include the broad reach of the online survey in terms of regional coverage; Maori representation in study conceptualisation, design and participation; the use of participant-led discussions during FGs; and the qualitative exploration of issues impacting on injury prevention efforts. However, the findings need to be considered in light of several limitations. The low response rate of non-dog owners in the online survey created an owner-weighted bias; the use of closed-ended questions in the OS resulted in limited information given; responses may not be statistically representative of the NZ population given the sample size; and there was potential for researchers to inadvertently influence FG discussions, which had a predominance of Auckland participants. Different results may have been obtained from FGs if participants were selected from other regions in NZ. Study findings are also specific to NZ, and may not be generalizable to countries with different living situations or dog-husbandry practices, including those with a prevalence of free-roaming dogs. Furthermore, this study did not collect data on type of dog (size or breed), confinement strategies, or how training and other historical factors, or dog owner attitudes might affect perceptions dangerousness of dogs to children or the attitude towards dog-related incidents.

Further analysis of the situational/circumstantial factors involved in incidents of dog-related harm, using one-on-one interview methods, including more specific details about: location of incidents; dog size and breed; social and physical situations during which the aggression occurred, whether appropriate environmental barriers were in place (leash-use, fencing, muzzles or a separate dog-space), damage assessments, and perceived severity is required. Future investigation should focus on adult actions to prevent harm, more than child behavior.

Conclusions

This study revealed a broader picture of how children are physically and emotionally affected by dogs in both private and public spaces, indicating the need for proactive approaches in both. Dogs may become activated to attack due to their nature and unpredictable tendencies in response to children's natural movements, and future strategies may need to include a focus on owner-perception of risk to children in addition to creating child-safe environments and addressing systemic issues, rather than relying on child or dog behavior to prevent harm. The finding of high value people have for dogs is important to understand as this may be a barrier to implementation of evidence-based strategies.

Acknowledgements

The contributions to this study by participants and others are greatly appreciated. In particular Melissa Wilson (Former Director, Safekids Aotearoa) for her input into initiating the study; Lora Waqabitu (Community Engagement Advisor, Safekids Aotearoa) and Moses Alatini (Senior Policy Analyst, Safekids Aotearoa) for co-facilitating focus-groups and individual sessions; Tingting Cui, Molly Kirkbride and Molly Woolner (Safekids Aotearoa) for technological support; and Plunket New Zealand for assisting with distribution of the online survey.

The authors would also like to acknowledge the Study Advisory Group members for their support in the development of this research. Membership includes representatives from the Royal NZ Society of Prevention of Cruelty to Animals Incorporated (SPCA), NZ Institute of Animal Management, NZ Veterinary Association, Northern Regional Trauma Service, Accident Corporation Company (ACC), and medical practitioners in the fields of Plastic Surgery, Paediatrics and Emergency Medicine.

'Te piko o te mahuri tera te tupu o te rakau'

A special acknowledgement is also given in reference to this whakataukı to Dr Helen Wihongi for her leadership and supervision supporting our Maori investigator, kia tupu tika, kia puawai i roto i nga mahi rangahau. He puna mihi e kore e mimiti noa.

Ethics approval

Ethics approval from the Auckland Health Research Ethics Committee was obtained (AHREC: AH22562).

Contributors

The design of this study was developed by all authors. The online survey and focus groups were conducted by Natasha Duncan-Sutherland (NDS), Mareta Hunt (MH) and Moses Alatini (MA). The body of the article was composed by NDS, with ongoing review, feedback and input from all other authors.

Registration

The protocol for this study is held at the Starship Foundation. This study was not registered.

Attachment: Locations requesting change to Dog-Access rules:

Location 1:

What is the full name of the location where you want to change the dog access rules?

All Auckland beaches

What local board or suburb is this location in?

All local boards

In general, how would you like dog access at this location to change?

- **All** beaches in the Auckland region should have the majority of the beach **on-leash (or prohibited)** during the **non**-summer months.
- Only small sections at the 'far' end of the beach (rather than the 'whole beach') should be off-leash in 'not-summer' months.
- The only time of the day that any larger sections of the beach should be off-leash is before 9am.

The status quo for ***all*** of the hundreds of beaches in Auckland should be on-leash (or prohibited) all year round.

Do you want the change to apply to the entire location or a section of it?

Entire locations

What is the main reason you want to change the dog access rules? (list)

Child-protection.

Please explain your issue in more detail.

On-leash should be the status quo and standard, and off-leash sections of the beaches could be created from there, rather than the other way around which currently exists.

Auckland's temperate climate means that families with young children like to use the beach all year round, as much as people who walk dogs. Children like to have picnics (or fish n chips on the beach) with their families, play on the beach - running ahead or playing games/tag with their families on the sand, or running in the waves at the edge of the water. Older children also have a need for independent mobility in public spaces. [1,2]

As parents ourselves, every time we try to go to a beach with our children during the nine months of the year with off-leash rules, we have to guard our children from dogs running up to them (or jumping on/chasing them). Some people also bring very large and aggressive looking dogs. We end up having to hold our children's hands, stop them playing, and continually be on the lookout for dogs, to even be on the beach. The only places we can go, where we feel safe from dogs on a beach for the ***vast*** majority of the year are Tāwharanui or Pākiri Regional Parks. Times on most beaches where families with young children are basically excluded from using (or can only use with a significant risk to the children) are:

- Nine months of the year (1st March to 1st December)
- All summer evenings (some even after 2pm)
- All mornings before 10am

[redacted]

Expecting small children to 'stand like a tree' to protect themselves on a beach is completely inappropriate – instead, an evidence-based approach with **adequate dog-access legislation should ensure the children are protected from dogs**. [3,4]

Please explain why you want to change dog access at this location and provide any additional information or evidence.

I am unable to create a list of beaches and associated reserves where young families are unsafe from off-leash dogs, as there are too many. Beaches where we ourselves have experienced issues with off-leash dogs posing a danger to our own children **due to inappropriate leash-legislation**, are Ōmana beach, Māngere Bridge beach and Kiwi Esplanade walk, Sunkist Bay, Shelly Bay, Maraetai Beach, Bucklands Beach, Eastern Beach, Cornwallis beach, Wattle Bay, Waiake beach, Ambury-Waikaraka pathway, Campbells bay, Browns bay, Judges Bay, evenings at Cheltenham, St Heliers and Mission Bay, and also Takapuna beach (despite being on-leash the beach is so highly populated with people walking their dogs, it's impossible to take children there).

Other reserves we have had issues with are: Onehunga Reserve and Beachlands Domain, Grey Lynn Park, Swanson Park, Māngere Domain. But there are too many for me to list here.

Location 2:

What is the full name of the location where you want to change the dog access rules?

Ōmana Regional Park and Ōmana beach and esplanade

What local board or suburb is this location in?

Rodney.

In general, how would you like dog access at this location to change?

- The whole park should be on-leash, other than the perimeter walk which can be off-leash
    - However, the perimeter walk starts right by the picnic/beach area used by children and families, so the off-leash area of the perimeter walk should be 100m after the start of the walk.
    - Current rules that dogs can be off-leash on the 'foreshore and park' (excluding Omana beach) are unclear and confusing, as it sounds like the whole park is off-leash, but then there is a rule that says in all other areas of the park dogs are prohibited.
- Ōmana reserve should be on-leash the whole year.
- Dogs should be prohibited from the beach the whole year.
- Current rules for prohibiting dogs from the playground should remain.

Do you want the change to apply to the entire location or a section of it?

The entire location.

What is the main reason you want to change the dog access rules? (list)

Other: To protect children.

Please explain your issue in more detail.

Please explain why you want to change dog access at this location and provide any additional information or evidence.

This is an important area to our whānau, as it is where we grew up. I have tried to return to have picnics on the beach, walk in the park or visit the playgrounds in both 'winter' and 'summer' months, with my own children and wider family. Unfortunately, off-leash dogs prohibit us from doing this, and we have had to stop going there. For example, as we were walking back from a picnic one time a large off-leash dog jumped out of the bushes, scared the pre-school children, and started to circle them which was intimidating and unsafe.

Many children and families use the beach, the playground and the reserve, in all months of the year, and all of which are closely connected. This is too small an area (considering how fast dogs move) for any off-leash areas to be so close to any on-leash/prohibited sections.

[redacted]

Location 3:

What is the full name of the location where you want to change the dog access rules?

Māngere Domain (also known as Māngere Mountain Education Centre)

Te Pane o Mataoho / Te Ara Pueru / Māngere Mountain (including the playground)

What local board or suburb is this location in?

Māngere-Ōtāhuhu Local Board

In general, how would you like dog access at this location to change?

- It is unclear what is defined as Māngere Mountain versus Māngere Domain. Dog rules are inconsistent and hard to follow, as there are two different rules for what is essentially the same space and playground (see below). This needs clarification.

Rule for Māngere domain:

Rule for Māngere mountain:

- The whole mountain (and 'domain') should be on-leash at all times of the year
- Dogs should be prohibited from the playground and entire whānau ātea space (including toilets, the grass area, basketball court, hāngī pit, skatepark, surrounding pathway, slides and stairs).
- Dogs should be prohibited from the sports ground (and club-rooms) and within 100m of this
- Dogs should be prohibited from the Māngere mountain education centre and within 100m of this.
- Dogs should be prohibited from the Māngere bridge tennis club and Scout Hall, and the grass reserve area between the tennis club and playcentre/road.
- A good space for an off-leash area would be at the base on the mountain on the north side, from the top of Scott Ave to the top of Matchett Way (dogs can run up the side of the mountain for exercise and it is a well demarcated area). The base of the south side of the mountain could also potentially be used.

Do you want the change to apply to the entire location or a section of it?

The entire location

What is the main reason you want to change the dog access rules? (list)

Protection of children and other vulnerable people.

[redacted]

Please explain your issue in more detail.

Māngere mountain is well utilised by children in the community. Children walk around the maunga with their whānau, use the sports grounds, football club rooms, footpaths, Playcentre, Plunket, Māngere mountain education centre, tennis club reserve and club-rooms/courts, and Scouts Hall.

Recent developments on Māngere mountain have been very positive, and resulted in a large number of people in the surrounding community now using the playground, whānau ātea space, and associated paths and stairs. The whānau ātea space is also used by holiday programmes with groups of children, and the local playcentre which sits directly on the maunga.

The education centre frequently has groups of both pre-school and primary school visiting, sometimes with walks up onto the associated paths of the mountain.

Over the years however, it has been very difficult to take the children to use the maunga, in particular for walks up and around the mountain, due to off-leash dogs. I also have ongoing concerns about dogs being allowed into the playground and whānau ātea area (even on-leash), where there are a large number of young children playing, running and biking in close proximity.

Māngere has one of the highest rates of dog-related injuries in Auckland, due to wider social factors related to deprivation and historical discrimination.[5,6] Dog-access legislation needs to account for this, and be more strict than other regions.

Please explain why you want to change dog access at this location and provide any additional information or evidence.

[redacted]

Location 4:

What is the full name of the location where you want to change the dog access rules?

Swanson Park

What local board or suburb is this location in?

Māngere-Ōtāhuhu Local Board

Current rules:

In general, how would you like dog access at this location to change?

- Dogs should be prohibited from this park.
- An off-leash dog-training area could potentially be developed at the back of the park, which is a space that is not well used, if funding was provided for fencing from the rest of the park and library driveway, and for neighbouring properties.

Do you want the change to apply to the entire location or a section of it?

Entire location

What is the main reason you want to change the dog access rules? (list)

Child protection and enjoyment of the recreational space.

Please explain your issue in more detail.

The park is predominantly a large sports-ground, and there are almost always people including children on the grounds either playing or practicing. The majority of the remainder of the park consists of the Playground, Boxing club, Library and areas connecting these to the shops.

There are frequently people with off-leash dogs, which then run into the playground because while the overall rule is that the park is 'off-leash', the space is too small and contiguous for there to be separate on/off and prohibited areas as per current rules.

I would also like to allow my older children to independently go down to this park to practice football, but am unable to due to the off-leash dogs.

Please explain why you want to change dog access at this location and provide any additional information or evidence.

[redacted]

Location 5:

What is the full name of the location where you want to change the dog access rules?

Kiwi Esplanade

What local board or suburb is this location in?

Māngere-Ōtāhuhu Local Board

Current rules:

This covers Shelly Bay Beach and Kiwi Esplanade between Mangere Boat Club and Shortt Ave.

In general, how would you like dog access at this location to change?

- Dogs should be prohibited from the playground, beach and surrounding grass reserve at all times of the year.
- Dogs should be on-leash in all other areas around Kiwi Esplanade at all times of the year. This includes other grass areas, parking areas, boat clubs, and pathways (including that which runs from Ambury Farm to Mangere Bridge shops).

Do you want the change to apply to the entire location or a section of it?

Entire location

What is the main reason you want to change the dog access rules? (list)

Protection of children and other vulnerable people.

Please explain your issue in more detail.

The beach and grass reserve areas are extremely small, confluent with each other, and immediately adjacent to the playground. It is insensible to try and implement separate rules for on and off-leash for the beach and also prohibiting dogs from the playground, as an off-leash dog only needs to take a few steps and they will be on the playground.

This is a very busy area, and there are large numbers of children and whānau who use the reserve, walkways and beach, at all times of the year. We have stopped using the beach and nearby playground in the winter with our children due to worries about off-leash dogs, and I have significant concerns about off-leash dogs when my children ride their bikes along the path, which they like to do. The beach is so small, it is also not an appropriate place for dogs to play.

I also think that the reserve itself should be dog-free, to allow families to safely picnic.

Of note, dog-walkers do not comply with current rules, and frequently walk their dogs along the path off-leash. A friend of mine on a bike was bitten by a dog on an extended leash while riding along the footpath.

[redacted]

Location 6:

What is the full name of the location where you want to change the dog access rules?

Grey Lynn Park

What local board or suburb is this location in?

Waitematā Local Board area.

In general, how would you like dog access at this location to change?

- This park requires either development of a fenced off-leash area, or making the whole park on-leash.
- Dogs should be prohibited from the paths adjacent to the skatepark

Do you want the change to apply to the entire location or a section of it?

Section

What is the main reason you want to change the dog access rules? (list)

Child-protection.

Please explain your issue in more detail.

We have taken our children to Grey Lynn Park a lot over the years, as it has an amazing bike park. However, I notice that dogs are off-leash a lot, and often very near the Playground and Skatepark. I think this is such a busy and well-used recreational area, that any off-leash dogs should be in very well-defined and fenced off areas, ideally with their own dog-training equipment.

It is frightening having children on bikes when people walk nearby with their dogs off-leash, as dogs can become activated by bikes into attacking or chasing.

Patrolling in this park may also help owners to comply with rules, in particular children.

Please explain why you want to change dog access at this location and provide any additional information or evidence.

Dr [redacted]
(FACEM, FRNZCUC, MBChB, BA.BMus)
Emergency Physician
Adult Emergency Department
Te Toka Tumai, Auckland

To: Auckland Council

21st February, 2025

Tēnā koutou katoa,

Thank you for allowing the opportunity to give feedback on the proposed changes to the Auckland Council Proposed Updates to the Dog Policy, Bylaw, Regional and Local Dog Access Rules.

Beaches and parks are of very high value and cultural importance to all New Zealanders and should be protected spaces for all to enjoy, at all times of the year, including children. Whilst dogs are also valued by some people as part of a family or for specific purposes, the wider context of the value beaches and parks give for everyone needs to be prioritised.

I would like to bring to your attention the rising number of dog-related injuries in Auckland, particularly among children, and have made suggestions for policy change aimed at protecting vulnerable populations, underpinned by both statistical evidence and real-world incidents.

Statistics:

Tāmaki Makaurau has seen increasing numbers of dog-related injuries over the last five years in particular, as evidenced by published ACC statistics (Table 1 and 2) [1,2], and recent media reports *(https://www.stuff.co.nz/nz-news/360554509/traumatised-mum-bitten-while-saving-child-aggressive-dog-loose).* These statistics represent only a very small proportion of incidents of harm that occur to people by dogs, as many significant incidents result in either no injury or an injury where the person does not seek medical attention.[1] Of note, the vast majority of incidents are not reported in the media.

Table 1: Dog bite ACC claims by financial year.[2]

2019/20	2020/21	2021/22	2022/23	2023/24
3,568	3,838	3,826	4,297	4,538

Table 2: All dog related injury (DRI) ACC claims by financial year.[2]

2019/20	2020/21	2021/22	2022/23	2023/24
6,677	7,575	7,469	8,374	8,761

Tamariki

While children are equally as likely as adults to be bitten by a dog,[1] they are particularly at risk of serious injuries to the head/neck/face area, which can require multiple surgeries with the potential for life-long disfigurement.[1] Incidents of both physical and psychological harm to children by dogs in Aotearoa occur equally in public and private spaces, as highlighted in a recently published study of caregiver's perspectives.[3]

This study highlights the impact of off-leash or roaming dogs on children in public spaces, and their ability to utilise and independently mobilise, particularly in parks and beaches (*"Often we drive to go for a walk in a better neighborhood instead*"), with multiple incidents described.[3]

> *"Where our local skate park is, it's actually on like, on a walking path. Quite often the dogs will run over to us, and you know, they (children) are zooming around on their bikes and their skateboards when there's dogs running around chasing them"*
>
> *(FG – female, non-Māori, non-dog owner, Auckland)*[3]

Many caregivers expressed anger at owners who showed no or little concern for their child's safety even when following an injury, ignored leash requirements, or minimised the issue. The study highlighted how the high value owners have for their dogs can result in an under-estimation of the risk, with little awareness that children may feel intimidated or be physically unsafe around the dog.[3]

"Child approached by off-leash dog in parks, beaches, playgrounds. I tend to only go to on-leash public spaces & this still happens. Owners often say "oh the dog is fiiiine" and not make any effort to intervene"

(OS - female, non-Māori, non-dog owner, Auckland) [3]

"I don't appreciate when owners say "it's okay, he won't bite" etc. It invalidates the feelings of the child or the adult that is uncomfortable with the behavior of the dog. Our 1yr cannot protect himself from dog jumping up & pushing him over. Owners need to not invalidate the feelings of others just because they believe their dog would never hurt anyone"

(OS - female, Māori, non-dog owner, Rotorua) [3]

Assumptions

Preventing these serious incidents is challenged by incorrect assumptions made about the root causes of dog-attacks, which I have described below.

1. **Children:**
    a. Dogs, due to their size and unpredictability, can be activated to attack or harm a child simply by normal child movements such as running, playing or biking, or may harm or intimidate children through boisterousness or play.[3]
2. **Aggressive breeds or dogs:**
    a. Larger/stronger dogs (including German Shepherds and Labradors) are more likely to cause more serious injuries, as found in a NZ study on ACC Claims for dog-bite injuries.[4]
    b. One good quality study of 10,000 dogs found no breed differences in tendency to aggressiveness[5]
    c. I commend the Auckland Council campaign that ***'Any Dog Can Bite',*** paralleling a South Australian campaign that ***'Good Dogs Have Bad Days'***.[6]

*Photo used with permission from the child's parent

3. **Owners:**
    a. Anger and frustration is often directed at 'irresponsible' owners not paying attention to leash-rules or allowing dogs to roam as being the cause of injuries.[3]
    b. However, many dogs are off-leash/roaming due to a lack of appropriate leash/fencing-policy and financial investment in enforcing these rules.
4. **Legislation and Enforcement:**
    a. Lack of leash policy and enforcement is one of the most important root causes of injuries, yet often the least considered.[3]
    b. Similar to reducing road-traffic injuries with the use of traffic-calming measures,[7] legislation of leashes and muzzles, limiting dog-access, fencing and sterilisation are the most effective ways to reduce harm to people from dogs in public.
    c. True preventive efforts require application of these engineering strategies to *all* dogs, rather than based on either breed or past behaviour.[8] Of note, there were continuing increases in the number of serious injuries from dogs, with a lack of action taken in the previous review of Auckland's dog-access legislation in 2019.

Policy Change

I have made some important suggestions for evidence-based policy-change below.[8] When considering these I strongly encourage the council to refrain from attempting to 'balance' the needs of children against the needs of dogs**.** Child-protection is non-negotiable, and should ***always*** remain paramount over the needs of dogs and owners. The council should consider what their approach would be if this were adults going around and attacking, intimidating and biting children on their faces. Also of importance, inequity exists with a greater number of injuries occurring in the South Auckland region, and this area requires focused attention and partnership with Māori when reviewing dog-access legislation.[1]

The protection of tamariki (children) must remain paramount and beyond reproach when considering strategies for prevention of harm to children from dogs.

Honouring Te Tiriti o Waitangi through tino rangatiratanga with, by and for Māori in the development of strategies and research into the prevention of harm to people from dogs is required.

1. **Policy Purpose**
    - The Purpose of the Bylaw is to protect people from dogs, in particular children and other vulnerable populations such as the elderly, those with disabilities or mental health conditions, or other animals (including dogs themselves and wildlife).
    - The Dog-Control Act and Bylaws were not implemented to 'keep dogs a positive part of people's lives'. This statement demonstrates a bias for dog-welfare over than protection of vulnerable people, including children.
    - Dogs cause serious harm, rather than being an 'annoyance' and this needs to be reflected in policy wording.
2. **Dogs in Parks and Beaches**
    - Beaches and parks are of very high value and cultural importance to all New Zealanders and should be protected spaces for all to enjoy, at all times of the year, including children.
    - Any off-leash space is not a safe space to be in for anyone – in particular vulnerable children, families, elderly, those with disabilities, smaller dogs and wildlife.

- **Off-leash areas should *only* be specific small sections of all parks and beaches (rather than the *whole* Park/Beach, as currently exists), at all times of the year.**
- The *status quo* should be that dog are on-leash in **all** parks and beaches at all times of the year (with specific designated 'off-leash' areas).

3. **Children do not only play in playgrounds**
    - Of importance, children may be **anywhere** within a Parks and Beaches, and need protection well beyond only 'playgrounds and sports-grounds'. Children also walk or ride bikes along paths, build sandcastles and run along beaches, have picnics on grass areas, like to kick balls around, and have a right to protection and to safely enjoy these recreational spaces at all times.
    - Groups such as Forest Kindy's, School and pre-school trips out, and holidays programmes are also using these recreational areas, with groups of children at risk.
    - Due to nearly all parks and beaches being predominantly off-leash spaces, children remain unprotected, and are currently chased, jumped on, knocked over, bitten, intimidated and prevented from playing and independently mobilizing in those spaces.[3]
    - Many dog breeds can run at a speed of 25-30km/hr (7-8 metres per second).[9] Even a 'well-controlled' off-leash dog is clearly a risk if it is nearby a busy area such as a club, or around children/elderly walking along a beach, path or car-park. Having an on-leash rule when 'near' the playground needs to be better defined as at least 100m away from a playground or children.
    - When creating specific off-leash areas, these should be designed to be at least **100m away from any busy area, including playgrounds, car-parks, sports-grounds and clubs, or children**. This would allow time for a caregiver to react and protect their child, who also may not be directly next to them. Off-leash areas should not directly adjoin playgrounds, sports-grounds or frequently used paths.
4. **Winter Rules**
    - Current dog-access legislation is based on UK legislation, where winters are extremely cold and beaches in particular are not well used by other people.
    - This philosophy does not work in the Auckland context, where our winters are mild and our beaches and parks are often used by many people, including children, all year round.
    - Current legislation with off-leash 'winter' rules are preventing children and families from using these extremely culturally important recreational spaces.
    - The same dog-access rules should apply all year round.

Off-leash areas should only be specific small sections of all parks and beaches, at least 100m away from all busy areas, at all times of the year, to place the protection of vulnerable people and animals first, whilst also meeting the needs of dogs and their owners.

5. **Child-protection Policy:**
    - Children are even more important to protect than wildlife, yet are not appropriately represented in the policy. The policy currently protects 'Kiwi', our native bird. We need to even more strongly protect 'Kiwi' - our children.
    - To highlight the importance of child protection as paramount and non-negotiable, a specific infringement for a child being harmed by a dog in a public space should be developed.

- Web-based information and signage for every beach and park should specifically state that children are protected in all areas, at all times.
- Policy should reflect the importance of child-protection by stating that off-leash dogs should be at least 100m away from children that are not their own.

6. **Breed-specific leash-legislation:**
    - Dog-access, Leash and Muzzle legislation needs application to all dogs.
    - Current separate leash legislation for 'dangerous' versus other dogs is ineffective for a number of reasons:
        i. Waiting for incidents to occur and then applying rules is not a proactive approach to prevention. It is too late to apply leash and muzzle rules once a severe injury has occurred.
        ii. All dog-breeds are potentially dangerous: particularly larger dogs which can include breeds such as German Shepherds,[4] mixed breeds which make up a large proportion of the dog population, or the large number of unregistered (and therefore uncategorized) dogs that exist.[10]
        iii. There is a lack of enforcement of leash/muzzle laws for dogs considered 'dangerous', which is unable to be easily rectified due to a current lack of funding and large geographical region covered by Animal Management.[11]
        iv. Owners of dangerous dogs (whether due to breed or past complaints) do not adhere to the rules, potentially due to the stigma of having what is perceived to be an aggressive dog, and not wanting their dog to appear 'different' to other dogs.
7. **Muzzle-use**
    - Reducing the stigma of muzzles should be done through the introduction of policy regarding muzzle use in busy or high-risk areas.[12]
    - Humane basket-muzzles should be mandatory for all dogs when in these higher risk situations. Potential situations could include: visits to veterinarians; public transport and taxis; walking larger/stronger dogs in public spaces; if leaving a dog tied up in a public area; busy shopping areas; schools; or sports grounds.
8. **Patrols**
    - Provision of funding for patrolling of recreational spaces, prioritising low-income areas is required.
    - As a parent myself, I frequently attend sports, and there are almost always dogs on the sports-grounds, despite them being prohibited. Just a few weeks ago an off-leash dog ran into the sandpit as the five-year olds were trying to practice long-jump. Owners can also get very aggressive in all public spaces if politely requested to keep dogs away from the children, despite the rules.
9. **Children holding leashes**
    - Local bylaws also need to reflect that children may not be able to control dogs on-leash, and that adult owners are ultimately responsible.
    - This was evidenced by a recent well-publicised incident in the media, where a veterinarian was attacked by a dog being held on-leash by a child. The owners were charged and dog was euthanised, but the council was not made accountable for the lack of legislation regarding children being in control of a dog in a public space.
10. **Equity:**
    - Beaches and parks in South Auckland need a particular focus and review of dog-access policy. For example, dogs are currently allowed off-leash within the new playground on Māngere Domain (see current rules below).

- Current proposed changes have excluded the highest areas of need, with little reviews of beaches or parks in the Māngere-Otahuhu, Manurewa, Otara-Papatoetoe, Papakura, and Howick regions, as well as southern sections of Franklin including Beachlands and Te Puna.

11. Walking Multiple Dogs:

i. The main issue surrounding professional dog-walkers is not only the number of dogs walked, but the expansive area within of parks and beaches that are off-leash the majority of the year/day.

ii. However, I support the introduction of restrictions on walking multiple dogs, noting that companies set up for this have a financial conflict of interest and are not considering the safety of children. I myself have had to leave a recreational reserve where I was playing with my children, after the arrival of a dog walker with off-leash dogs.

iii. The number of dogs being walked should be limited to three, and they should all be on-leash unless in specific off-leash areas as described above.

12. Education Centres

- Currently schools can choose to have dogs within the school. This results in parents entering some schools full of children running around at the before/after school time, with large dogs who are not muzzled, creating an obvious risk. They can also leave dogs unattended outside classrooms at times (in spite of school policy about this).
- Unfortunately, school boards may not perceive the risk, and continue to allow dogs to enter despite the obvious danger.
- Reducing dog-related injuries to children also requires introduction of legislation that all early childhood, primary and intermediate education centres are dog-free (with the exception of reading therapy or guide-dogs, who should obtain individual permission from the school board).

Further strategies

Reducing dog-related injuries requires a multi-pronged approach utilising an established Injury-Prevention framework, including owner-directed education and the following further legislative changes:

Sterilisation:

- Introduction of mandatory sterilisation of all dogs by the age of six months unless owned by a registered breeder or veterinary approval for exemption. This legislation has been introduced in South Australia, Western Australia and Australian Capital Territory.
- Associated long-term increase in funding for reduced rates for registration and sterilisation for low-income regions, and improved access to services as led by communities.

Clear child-protection legislation:

- This is required allowing Animal Management Officers to ***promptly*** intervene, with the support of Police in any situation where they have concern a dog poses a risk to any children within the wider community. Currently the public informs Animal Management of safety issues (for example a repeatedly roaming dog), but officers are powerless to go onto the property or remove the dog, even when the risk is known and real.

Mandatory notification of dog-attacks:

- Introduction of legal responsibilities for health professionals and veterinarians and the public to notify incidents of dog-aggression, roaming dogs, or dog-related injuries to Animal Management and/or Social work, Police or Oranga Tamariki.[13]

Change in classification system: • Category names should also be altered to less stigmatising nomenclature, to particularly encourage safety-precautions for higher-risk dogs: o From 'Menacing Dogs' to 'High-Risk Kurī': inclusive of all large-dogs o From 'Dangerous Dogs' to 'Very High-Risk Kurī': for dogs with a history of aggression
Legislated fencing/gate requirements: • Should be established for all private properties where dogs reside, and may be linked to other fencing initiatives including driveway-safety.[14] This strategy must only be introduced with provision of funding for low-income owners.[15] Fencing of schools aligns with the prevention of other injuries relating to children in schools.[16]

The Auckland Council has an ethical and legal obligation to ensure that public spaces, including parks, beaches, and education centres, are safe for all users, and that children in particular are protected. Injuries and harm are occurring due to a lack of adequate legislation, and it is crucial the Council urgently addresses this gap.

Ngā mihi nui,

[redacted]

*Please note: I would also like to endorse the submission made by the **Safety Collective Tāmaki Makaurau.***

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6945

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs

We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:

Maximum number of dogs (both on-leash or off-leash): 6

Maximum number of on-leash dogs: 6

Maximum number of off-leash dogs: 3

1A. What do you think of this proposed change?

Do not support

1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Other (please explain below)

Tell us why

Maximum dogs a person can walk:

I understand this has been proposed after a pack attack. I do believe the council is being too hasty setting a limit. I do believe a case by case approach is needed. Walking 6 Great Danes vs walking 6 Chihuahua's would be very different. Understandably dogs can behave in packs but if the walker/trainers are experienced then this needs to be considered. Sensibly they would notice certain behaviours of dogs they walk, just like a person walking their own dog. Rather I think a certificate for dog walkers could be set up to be certified for the Auckland Region. It gives them credentials and also allows you to remove the status if they don't complete regular training, registration or have reported incidents. Creates accountability. Working with this industry would be far more beneficial for all of Auckland and its people

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

Tell us why

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

see attached

Summary of Attachment:

Limit on Number of Dogs: Proposal to limit the number of dogs walked together to 6, with only 2 allowed off-leash at a time.

Safety Concerns: Managing multiple dogs can lead to accidents, fights, and dogs running into traffic.

Loss of Control: Difficulty in controlling a large group of dogs, especially of different sizes and temperaments.

Public Safety: Uncontrolled dogs pose a danger to pedestrians, cyclists, and other animals.

Legal and Liability Issues: Complex responsibility in case of injury or damage caused by a large group of dogs.

Animal Welfare: Walking too many dogs at once may prevent proper attention to individual needs.

Environmental Impact: Large groups of dogs can cause excessive wear and tear on public parks and trails.

Disturbance to Others: Large packs of dogs can be intimidating or disruptive to other park users.

Emergency Situations: Handling multiple dogs can make it harder to respond quickly in emergencies.

Professional Dog Walkers: Ensures responsible operation within regulations.

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Proposed Updates to Council's Dog Policy, Bylaw, and Regional and Local Park Access Rules:

Submission by [redacted], Epsom (23 February)

Walking Multiple Dogs – Setting limits ensures that professional dog walkers operate responsibly and within regulations, reducing the risk of overcrowding and negligence. As a small dog owner myself, I support the proposal to limit the number of dogs being walked together and at once to 6 with only 2, preferably, allowed off-leash at a time. There are **several reasons** why there should be restrictions on the number of dogs which a person/professional dog walker can walk at one time.

Safety Concerns – Managing multiple dogs can be challenging, increasing the risk of accidents, fights between dogs, attacking other dogs or dogs running into traffic.

Loss of Control – A walker may struggle to control a large group of dogs, especially if they are of different sizes, temperaments and energy levels. This type of tragic situation must be avoided – in May last year, an elderly Cairn terrier, Kippa, was severely mauled by 4 huge dogs off-leash. The dog walker, who had 14 dogs with her lost control of them and fell over. Sadly, Kippa was so severely injured in the attack that she did not survive.

https://www.rnz.co.nz/news/national/515607/number-of-dogs-that-can-be-walked-in-packs-under-review-after-fatal-mauling

Public Safety – Uncontrolled dogs may pose a danger to pedestrians, cyclists, and other animals, especially in crowded areas.

Legal and Liability Issues – If a large group of dogs causes injury or damage, determining responsibility can be complex, potentially leading to legal issues for the walker or owner.

Animal Welfare – Walking too many dogs at once may prevent proper attention to individual needs, including hydration, rest, and safety.

Environmental Impact – Large groups of dogs can cause excessive wear and tear on public parks, trails, and natural spaces, leading to damage and excessive waste.

Disturbance to Others – A large pack of dogs may be intimidating or disruptive to other park users, including children, elderly people, and those with fears or allergies. Some areas have limited space, and large groups of dogs can make it difficult for others to enjoy parks and walkways.

Emergency Situations – In case of an emergency (e.g., an injured dog, a sudden altercation, or a health issue), handling multiple dogs can make it harder to respond quickly and effectively.

Professional Dog Walkers – Setting limits ensures that professional dog walkers operate responsibly and within regulations, reducing the risk of overcrowding and negligence.

Dog Access Rules at Parks and Beaches

Dogs should be under control on New Zealand beaches and in parks for several important reasons:

Wildlife Protection

Many NZ beaches are home to protected wildlife such as **seabirds (e.g., dotterels, penguins)** and **marine mammals (e.g., seals, sea lions)**. Uncontrolled dogs can **disturb, chase, or attack** these animals, especially during breeding seasons. Therefore, dogs should not be off leash when on a beach where there are breeding colonies.

Public Safety & Comfort

Not everyone is comfortable around dogs, and some people, including children, may feel threatened by loose or excitable dogs which are not on a leash. Dogs may also run into or jump on people, causing accidents or injuries and possibly trauma for those who may have experienced a previous dog attack.

Avoiding Conflicts with Other Dogs

Some dogs may be aggressive or territorial, leading to fights if they are not on a leash or under control. Owners need to be able to prevent their dog from harassing other dogs or beachgoers. From time to time, I walk my 2 small dogs in a small, local park in central Auckland where dogs can be off-leash. I prefer to have my 2 dogs on a lead in this park. On one occasion in this park, there was a labrador off leash and it suddenly charged towards one of my dogs and attacked him resulting in puncture wounds to the neck. The owners had difficulty getting the dog back under control but they paid the expensive vet bill for my dog which needed a course of antibiotics. It was a frightening experience for both my dog and for myself. In my opinion, the dogs in a park should be on a lead.

Preventing Dog Waste Issues

Unsupervised dogs in parks and on beaches may relieve themselves anywhere, leading to hygiene issues. Owners are more likely to pick up after their dog if they are under control.

Protecting the Beach Environment and Respecting Other Beach Users

Dogs can dig up sand dunes, disturb nesting birds, and damage fragile ecosystems. Keeping them under control ensures minimal impact on nature and also ensures that everyone can enjoy the beach safely and comfortably.

Compliance with Local Regulations

Many NZ councils have bylaws requiring dogs to be on-leash in certain areas, especially during peak wildlife seasons which is essential. Failing to comply can result in fines or penalties which are also essential to maintain.

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6951

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

Tell us why

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I think this ban is completely useless and pointless for you, there is nothing wrong with the dogs on the beach so you should not ba them. This beach is one of the only nice and local beaches to walk dogs and nobody wants to go to mangawhai to walk there

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6952

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs

We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:

Maximum number of dogs (both on-leash or off-leash): 6

Maximum number of on-leash dogs: 6

Maximum number of off-leash dogs: 3

1A. What do you think of this proposed change?

Do not support

1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Other (please explain below)

Tell us why

See attached

Summary of Attachment:

Concerns About Blanket Leash Laws

Nuanced Approach: Advocates for a more nuanced approach rather than broad restrictions, emphasizing education and responsible dog guardianship.

Benefits of Freedom for Dogs

Physical Health: Increased physical activity and prevention of obesity.

Mental Stimulation: Cognitive engagement and environmental enrichment reduce stress and anxiety.

Agency and Space: Greater sense of freedom and exploration improves welfare and reduces behavioral issues.

Behavioral Benefits

Off-Lead Freedom: Helps address behavioral concerns and strengthens the human-dog bond.

Positive Reinforcement: Promotes well-behaved and content dogs through positive training methods.

Education Over Restriction

Educational Initiatives: Prioritizes education on humane training techniques and responsible stewardship over restrictive laws.

Integrative Approaches

Dog-Friendly Spaces: Recommends creating more off-leash areas and educational campaigns to address safety concerns effectively.

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Te Ārai Regional Park

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

Tell us why

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

I do not support the proposed change

Tell us why

Hello,

I am emailing to oppose the forestry dog ban.

We absolutely love taking our furry friend with us, we love the beach, the people and we have never come across any animals or owners disrespecting the beach.

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6973

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#6999

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7000

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7017

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7030

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7031

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7043

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7057

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7058

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7071

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7076

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7084

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7086

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7100

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7103

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7127

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7135

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7147

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7149

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7161

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7170

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7185

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7188

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7214

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7226

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

I do not support the proposed change

Tell us why

I WISH TO SEE THE FOLLOWING CHANGE: I strongly request that on ARMY BAY beach and foreshore areas east of the boat ramp that DOGS ARE ALLOWED according to the time and season rule for the rest of ARMY BAY.

Reason: The cliffs to the east of the boat ramp

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7253

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7261

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs

We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:

Maximum number of dogs (both on-leash or off-leash): 6

Maximum number of on-leash dogs: 6

Maximum number of off-leash dogs: 3

1A. What do you think of this proposed change?

Do not support

1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Maximum four dogs, with no more than two off-leash

Tell us why

I disagree with the number of 6. I think it should be 4. It of course depends on how well behaved they are which is an unknown so that is why I say 4.

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Support

Tell us why

BEHAVIOUR ASSESSMENTS:

These are necessary at times and need to be carried out by suitably qualified people

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

I don’t know

Tell us why

NOS OF DOGS KEPT AT A PROPERTY:

This question is not a good one. It depends entirely on the size of the property. There is no one size/rule that fits all. Suitably qualified people should inspect the property and make a decision.

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Do not support

Tell us why

CLARIFYING THE RULES:

Clarifying your rules will not help very much. The responsible dog owners already know the dog bylaws for their area. Instead of the Council spending more money on this exercise I think that more dog rangers should be employed to identify dogs that are not under control. All the rules under the sun will not make any difference to the people who do not read them in the first place.

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Do not support

Tell us why

ANCESTRAL MOUNTAINS:

I am against dogs not being allowed on Ancestral Mountains. Why can they not be? These areas are meaningful to Aucklanders and dogs should be allowed to join them on these visits.

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

I do not support the proposed change

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

No change to the dog access rules

Tell us why

PARKS:

I am very against the restricting of offlead areas in the Auckland Botanic Gardens and in Clevedon Showgrounds. Dogs, especially young and high energy dogs, cannot be exercised adequately on lead. They also cannot play with other dogs which is important for their wellbeing. The NZ Veterinary Assoction states that dogs are “sentient beings”. That is, they experience many emotions that we do. This includes the enjoyment of socialisation with their own kind. In addition, very many dogs have been keep confined in a house or run all day while the owners are at work. They therefore require adequate exercise in the form of off lead playtime to prevent frustration. My opinion on these 2 areas is that the status quo should remain.

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott’s Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Dog packs walkers

o Vans often come with 20 dogs to each person – they cannot keep dogs under control and do not pick after their dogs that has created a faeces issue

o Pack walkers vary – some have dogs under control and well trained and other are not and are a danger to others and themselves

o especially dangerous on narrow paths with huge packs of dogs (children are especially vulnerable)

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Tell us why

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

Tell us why

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

Tell us why

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7275

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
I don't know
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

- Have encountered a multiple dog walker not having control over the 8 dogs he was walking

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs

We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:

Maximum number of dogs (both on-leash or off-leash): 6

Maximum number of on-leash dogs: 6

Maximum number of off-leash dogs: 3

1A. What do you think of this proposed change?

Do not support

1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Other (please explain below)

Tell us why

- Concerned that dog sitters will be limited to 6 dogs. It's hard to keep 6 dogs under control.
- Recalls seeing 2 people walking half a dozen dogs. Dogs were not under control - 2 on lead and 4 disappeared. Thinks the walkers are unconcerned about wildlife, the environment, etc. Doesn't happen all the time, but frequently.
- Participant would like to limit the number of dogs being walked to 3 so that they can be under control.
- As with most businesses, commercial dog walkers should be required to have a permit.
- Muriwai is very popular. Commercial dog walkers invade public parks.
- In general, most dog walkers are responsible.
- Fully supportive of the beach as a public space.
- Will be unhappy if can't have dogs off-leash.

For commercial use of public spaces, how might we do permitting?

Permits are only as good as the people who enforce the rules. Dog walkers should be registered and council should charge a fee. Where the funds go should be up to council.

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

I do not support the proposed change

Tell us why

- Oppose the proposal for Forestry Beach
- It is unfair and contradicts council's own policy to provide balance access for dogs in public places
- For generations, dog owners have cherished Forestry Beach as a safe haven for their canine companions
- This

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

What do you think of this proposed change?

Tell us why

Proposed updates to the council's dog policy and bylaw and regional park dog access rules

#7300

Note: this version of the feedback form has been created for the purpose of publishing submissions. As such, name, contact and demographic information has been removed and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: I don't know

Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 1-3 (regional elements).

1. Walking multiple dogs
We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:
Maximum number of dogs (both on-leash or off-leash): 6
Maximum number of on-leash dogs: 6
Maximum number of off-leash dogs: 3
1A. What do you think of this proposed change?
1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:

Tell us why

Clarify rule that all dogs classified as menacing must be to neuter:

Tell us why

Clarify who can provide behavioural assessments in relation to menacing dog classifications:

Tell us why

Clarify what areas in Auckland require a licence to keep multiple dogs on a property:

Tell us why

Clarify how dog access rules are set:

Tell us why

Clarify Auckland-wide dog access rules (for example, rules at council carparks and camping grounds, for working dogs, dogs in vehicles and private ways):

Tell us why

Clarify or correct errors in Policy Schedule 2: Dog access rules:

Tell us why

Remove outdated information in Policy Schedule 2: Dog access rules (for example, outdated landmarks):

Tell us why

Update dog access rules for Tūpuna Maunga (ancestral mountains):

Tell us why

Remove outdated or duplicate bylaw content:

Tell us why

Do you have comments on any of the above proposed changes?

Do you have any further comments on the proposed policy and bylaw changes?

3. Dog access rules at Regional Parks

Submitters were able to select from the following list to provide feedback on any of the 14 Regional Parks we are proposing to amend or clarify the dog access rules:

Pākiri Regional Park,Te Ārai Regional Park

Ambury Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Auckland Botanic Gardens

We are proposing to change the off-leash rule at the Auckland Botanic Gardens and to prohibit dogs from all waterways and busy community areas.

A. What do you think of this proposed change?

B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

Tell us why

Hunua Ranges Regional Park

We are proposing to prohibit dogs from tracks and roads that connect to the Kohukohunui track, the Kokako Management Area and Piggott's Habitat and from single-use mountain bike tracks (currently on-leash).

What do you think of this proposed change?

Tell us why

Long Bay Regional Park

We are proposing to amend the summer daytime rule for the beach south of Vaughan Stream from on-leash to prohibited and clarify rules in other areas, including access to beach from southernmost carpark and prohibited tracks and bays.

What do you think of this proposed change?

Tell us why

Mahurangi Regional Park

We are proposing to prohibit dogs on Culdip Point Loop Track (currently on-leash), allow dogs on-leash at all times at Scott Point (currently on-leash time and season) and clarify rules in other areas (including dogs prohibited at Mahurangi Regional Park (East) and heritage grounds at Scott Point.

What do you think of this proposed change?

Mahurangi Regional Park (West)

Mahurangi East

Mahurangi Scott Point

Tell us why

Muriwai Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Pākiri Regional Park

We are proposing to prohibit dogs on the associated beach (currently off-leash).

What do you think of this proposed change?

Other (please explain below)

Tell us why

- Of the 20km of coastline from Maungawhai to Pakiri, there's very limited off leash options

Shakespear Regional Park

We are proposing to apply an on-leash time and season rule to the open grass areas between Army Bay and Okoramai Bay (currently off-leash) and clarify rules in other areas (such as boundary of Army Bay and Okoramai Bay beaches, on-leash tracks and prohibited areas).

What do you think of this proposed change?

Tell us why

Tāpapakanga Regional Park

We are proposing to provide off-leash access on the beach and on-leash access on areas between the beach and car park at any time (currently prohibited during lambing season) and clarify rules in other areas (such as prohibited at camping areas and bach, and during lambing).

What do you think of this proposed change?

Tell us why

Tāwharanui Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Te Ārai Regional Park

We are proposing to prohibit dogs on Forestry Beach (Te Ārai Beach South to Pākiri Beach) and associated coastal tracks and to clarify access to off-leash area at the disused quarry.

What do you think of this proposed change?

I do not support the proposed change

Tell us why

- Forestry Beach – do not support proposal
- When the latest bylaw was installed, the restriction for walking dogs up north was placed
- The quarry is a very place for children and not suitable for dogs off leash activity
- I find it disingenuous from co

Waitawa Regional Park

We are proposing to change the eastern part of Mataitai Beach from off-leash to on-leash (western part of beach to remain off-leash), change Waitawa Beach from off-leash to on-leash, prohibit dogs on single use mountain bike tracks and clarify other areas where dogs are prohibited (such as farm paddocks during lambing season, campground and bach).

What do you think of this proposed change?

Tell us why

Wenderholm Regional Park

We are proposing to clarify the current rules (no change to dog access).

What do you think of this proposed change?

Tell us why

Whakanewha Regional Park

We are proposing to provide on-leash access on tracks from Omiha (Rocky Bay) to the on-leash area of the Park.

1. Walking multiple dogs

We are proposing to set a limit on the number of dogs that a person may walk in a council-controlled public place at one time. The proposed number of dogs a person has in their possession in a council-controlled public place must not exceed the following limits:

Maximum number of dogs (both on-leash or off-leash): 6

Maximum number of on-leash dogs: 6

Maximum number of off-leash dogs: 3

1A. What do you think of this proposed change?

Do not support

1B. If you do not support the proposed change, would you support one of the alternative options presented to decision-makers in December 2024?

No change to current rules (no limit on the number of dogs and all dogs must be under control at all times)

Tell us why

- Take them out to Muriwai. Our dogs have amazing re-call. Dogs that don't have re-call will be on leash
- If we encounter horses or unruly dogs, we will retrieve our dogs
- Now only walk 3 dogs
- Having gone back to Grey Lynn Park, I see 90% not following the rules and I remind them of the rules
- To me, walking some dogs off leash and some on leash is not practical. It is dangerous as big dogs can pull you and you would not have control. So you should have either all on leash and all off leash. Professional dog walkers can have dogs under control
- Regulate dog walkers where they have to do education and time to build experience
- Wellington does 12 dogs and ensure dog walkers are competent
- 12 dogs is good for good dog walkers, but 6 is too restrictive and would destroy their business
- Revoke their license if an issue happens
- There are companies that are not good. Those are the people that need to be dealt with where they are not experienced or competent.
- Set the bar high for commercial dog walkers

2. General policy and bylaw matters

To improve our approach to dog management and the bylaw rules, we are proposing to reorganise, simplify and clarify the policy and bylaw content.

What do you think of the following proposed changes?

Restructure the policy to more clearly show its goal, focus areas, council actions, and rules:
