What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields

There are three options to consider

Which option do you prefer? Select one option only.

Option 3A: Neither Option 1 or Option 2 - keep things as they are and retain current arrangements

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

It's is absolutely absurd and disgusting that you would even consider and they way our useless Auckland council went around trying to get rid of western springs. Auckland council is an embarrassment and should be ashamed of themselves.

I have attended almost every single speedway meeting from 6 months old I am now 30 this is now a tradition I have started with my own 3 children who are devastated with the thought of not being able to attend and watch their favourite drivers anymore. I believe it is unfair to take away such a historical place that was gifted under the premise it stayed a speedway for future generations to enjoy. Despite the meeting numbers being dropped it still draws a massive crowd and income for the council from my understanding.. my suggestion is leave the speedway there as it is!

Speedway should be retained at Western Springs and it should not have ever been an option to move it or given to another party wanting it for personal gain. It was gifted to the people of Auckland as a Speedway track and this Council should have respected its heritage.

My kids are part of Ponsonby rugby club at western springs..... amazing club with people that do so much for keeping rugby alive and loved for our next generation, 💟 ❤ and western springs speedway..... that's Auckland heritage icon, in the times where Auckland council is ripping down houses, cutting down our trees and completely transforming the face of our city (not always for the better) I think it's important to keep some things as they are..... change is not always for the better.

Speedway should stay, unfortunately closing this venue down will close the entire sport Down for open wheel drivers. It's internationally known and the best place in nz for open wheels. Brings in so many amazing drivers, sponsors, supporters and family's from all across the world. Needs to stay!!

Leave western spring speedway at its home of 96 year!! As a fellow competitor we have no where else to race in Auckland, western springs speedway is apart of Aucklands history and it can not be lost ,your expected 1 million dollar loss per year doesn't even account for most parks around Auckland that loose 10s of millions for up keep that don't even get used as much. Save Aucklands history

It's been a huge part of my life for over 60 years and I cannot believe that the council want to close the venue down. Speedway is the best family entertainment that Auckland city has ever had and will ever have it has to stay.

Western Springs Speedway needs to stay. You are destroying a whole community by removing them from their home of 96 years.

Generations of families have been involved with the speedway whether that be part of a race team, a volunteer or a spectator. It just makes no sense!

That facility can host all of the options above as well as speedway as it is right now. We need better governance rather than changing things to suit agendas.

I choose this option because I want the use of the stadium to be for speedway & other events such as concerts, festivals and rugby, 96 years of history should be considered heritage. Listen to the people of Auckland speedway community, this has been our stadium for years, it will never be the same if you move it out of the area. This stadium is world class when it comes to speedway. There will be thousands of upset Aucklanders if an arrangement to include speedway is not agreed upon.

Western Springs Speedway should continue to be a fixture at this facility. It is disgusting the way this has been managed and decided to remove this activity after so many years. I am a West Auckland resident who has been here all my life and participated at Western Springs Speedway since I was young. There is no way families can now travel to South Auckland to participate with Speedway. I am a Rate payer and expect my voice to be heard.

Pre determined prediduce against a sport that is already operating in the venue (Speedway) shouldn't mean they are not given the chance to prove a model can work and is sustainable.

Speedway should remain at Western Springs. It creates a unique atmosphere that is family friendly, and its characteristics make it something that no other stadium provides. The proposed alternative for speedway does not benefit open wheel speedway, will require further investment. Speedway is synonymous with Western Springs, globally recognised and with some foresight, can continue to operate if it was truly supported by the council. We do not need another rectangle stadium. We do not need to spend money repurposing our stadiums. Keep Speedway at Western Springs where it belongs and work with those parities to ensure it can thrive and continue to be an

iconic venue. It’s a part of Aucklands DNA, and decisions like this - are crushing its identity without really understanding the repercussions,

Western springs is made for speedway and Ponsonby rugby club. Ask mowbray to invest 300m into redeveloping the run down go media stadium make it 35000. Auckland fc attract 25000 so why make a 12.5k stadium?

I've been attending Western Springs Speedway

since 1990's. My children have grown up around Speedway. My husband is a volunteer on the pit crew for the last four years.

My Grandchildren are also growing up with the sport.

Western Springs Speedway needs to stay you have more than enough stadiums to use that aren't (North harbour stadium). It was also gifted to the council to remain a speedway therefore it should stay that way

I am a generation of families that have been going from 1929 and have been involved in Sales walking the Stadium selling Fods and Drinks. I was on a crew with both Solo's and Sidecars. I also became n Official Track Photographer from 1980-2002. I decided to build a website www.sap.net.nz in 2005 and include all my years of photography career on Speedway.

So please consider the many supporters and generations and keep it going with its Heritage remaining for future years to follow.

I love attending speedway at western springs with my family. It's an iconic auckland landmark and it's heritage should be taken into account. Those other places should use albany stadium it's under utilized. Residents knew ********** well they were buying next to a speedway so shouldn't be able to complain now.

The current venue already facilitates speedway, concerts, rugby and other ball sports - keep it that way. We don’t need another cricket or arts venue, stop wasting our hard earned tax dollars and focus on EXPLORING more important issues in the region; make Auckland a safer place to bring up future generations and be a place we are proud to call home.

Option 1 appears to only make sense to save ratepayers money compared to the current lease model. However, it also relies on a long-term lease of 50 years with two rights of renewal for 25 years each (to total 100 years). As a minimum, you would have locked the land for at least 50 years, limiting future flexibility. Then, what happens after the lease is over? This option relies on a huge amount of private investment but is highly inflexible for land use and makes the site over commercialised and for what benefit. This will still draw large crowds so how much will this option resolve the 'noise' issue and replaces the existing sports identity in this location. This in itself is not quantifiable. There are other sites across Auckland that could be considered without ripping out a historic site not just for Auckland, but nationally and internationally as well.

Option 2 does not make financial sense and again, logistical sense i.e. parking, noise etc.

Option 3B provides the highest overall community benefit but keeping historic, legacy sports, adding flexible shared spaces, and encouraging culturally inclusive use without overburdening ratepayers. Retain the speedway to ensure there is community legacy (I'm not talking about the locals who CHOSE to live there, I am referring to the speedway community), and upgrade the infrastructure. This site is severely underinvested. You could build a multi-purpose structure that could serve the Ponsonby Rugby Club, Speedway and the local schools and community groups. Prioritise events that fit the space - Laneway and Friday Jams for example has been held successfully at this site every year. The pop up stages and mobile infrastructure avoids permanent installations keeping the site flexible in it's use and supports cultural vibrancy without over commercialisation. If you can identify a multi-source funding model, this can help reduce the burden on ratepayers over the long term.

Should be a Speedway venue without restrictions. 20 to 25 nights a year racing would be profitable and nearly a century of history should not be removed for a Stadium that wont be large enough for other options anyways.

Maintaining Speedway at Western Springs Stadium is essential. The only adjustments needed are to expand the number of races and to relax noise restrictions during the Speedway season (October to June).

The historic Speedway track is internationally acclaimed as one of the best racing venues in the world. Additionally, the Boxing Day race has become a celebrated part of New Zealand's cultural identity. These events attract visitors from across New Zealand and around the globe—not only as spectators but also as competitors—which in turn supports the local economy. The influx of fans bolsters local hotels, restaurants, and cafés while also providing valuable first-job opportunities for catering teams and driving business to local workshops that service the race teams.

In essence, any decision that undermines the Speedway at Western Springs is not just a loss of a world-class racing venue; it is an attack on our cultural heritage, historical legacy, and local economy.

Stop exploring and leave our family, local Western Springs, Aucklands, and New Zealands heritage alone. A speedway track and stadium with so much history that has served us all well and shaped our kiwi culture. Perfectly postioned alongside the lake, Motat and zoo. It would be criminal to modernise this iconic and wonderful Auckland landmark and precinct. Perfect for Speedway, concerts, and other sport as it is.

Option 1 seems a terrible idea. 12,500 seats for a football that averaged 18,000 people a match makes 0 sense as it will definitely cost more too attend and more people will miss out. The idea of having bigger games for afc at bigger stadiums also makes no sense as Ali Williams said “we want to create a home” at this new stadium but your most important matches won’t be there. It’s also not a great place to get too. Parking is terrible, and there is no train anywhere near the stadium. Why not spend the money on upgrading an existing stadium instead. Option 2 might work but again seems like another waste of money when we’ve got many places for concerts including Eden park for the biggest shows that’s also about to get an upgrade.

Western Speedway needs to stay at western springs. It has been there for nearly 100years, and it doesn't make sense to move it. I have been attending since I was born ~32 years. Speedway is to remain, there should be no other option unless, speedway continues there.

Speedway needs to stay at western springs at its rightful home of nearly 100 years. I have been going there for 31 years since the age of 2 weeks old. You can't beat a Saturday night out at the racing. Western springs speedway has made a lot of history and is still making history. It should never have been a choice at all for it to move somewhere else in the first place. Speedway at the springs is the home of Speedway and is the longest ongoing Speedway track in New Zealand

I chose this option because I would like to see speedway continue at Western Springs. I am a racing driver and spectator and would love the opportunity to race at this historic venue again. Speedway has been at Western Springs for almost 100 years and I don't think it should have to leave. It is a special place to race for NZ drivers and drivers from around the world. Many people have been coming to Western Springs for generations and the future generations should have this opportunity too.

Speedway deserves to be a part of the future of Western Springs. It has a long and proud history at the venue. To evict speedway because a couple of rich people who have little to no links to the area or the venue is the Council not listening to the very people who voted them to their positions.

Cause western springs speed way should be staying at its home ground it has been there longer than everything else it is culturally parts of Auckland city and is world famous. And the removal of speed way from the western springs venue would have a massive negative impact on on a sport that has been going there for 96years so close to 100 witch would make it a historical event

Speedway at western springs goes in history for racing. I grew up there and have been lucky enough to race there now I take my kids. Don't kill motorsport for for auckland and don't kill the best speedway in new zealand. It's is a great place and has been there for years football should go to North Harbour stadium or somewhere else leave speedway where it belongs.

The lease is what sold it to me. The fact the history and story of the land will not be privatised and lost forever. I support the redevelopment only because the council will have options to take the space back. I acknowledge that for the investors the length of time, up to 100yrs seems fair. I am sad to see and end of an era fall upon Western Springs but I hope it's rebirth is more resilient to weather (please make that so) and I hope it's a new heart for us going forward.

A current usage study would give an indication of how often the space is not utilised; and how many people are involved in the use of the space. I travel past that site and it seems to me the Monday to Friday it would make a great city edge parking space, where folk from the West (the highest commuting suburbs in Auckland) could drive to and hope on a bus to the city or walk in to the city.

Love the idea of keeping it as an outdoor festival venue + so many community clubs play sports there. It should continue to serve the local community.

There is a lot of history on the line both with speedway and a 150 year old rugby club. If you can't make alterations to historical houses and buildings, you shouldn't be allowed to for these historical organisations, especially considering both organisations are against moving.

Option 2 is vital for our rugby community and club, which has proudly called this site home for 150 years. The proposal to enhance Western Springs into a world-class venue while preserving its legacy as a community sports hub ensures that our deep roots in the area are respected and built upon. Renewing Ponsonby Rugby Club's lease and expanding into other sports offers exciting opportunities for growth, inclusivity, and wider community engagement. The proposed boutique stadium, with a 5,000–8,000 seat capacity, would not only support the development of local and semi-professional sport but also provide modern infrastructure that reflects the needs of our

growing community. This evolution balances tradition with progress, ensuring that our club continues to thrive for the next 150 years.

My family has been a part of this club and called Western Springs Stadium home for over 20 years. My dad played, and my siblings and I played from U5 to even my brother's playing currently (U9s and U21s). This club is more than just a team and about more than just rugby, it's a family, it's our community. So it is vital that we enhance and upgrade the facilities we have to better cater to the needs of our people and the community that has called these grounds home over the past 150 years and the future generations who will one day get to experience our home grounds in the next 150 years.

The displacement of Ponsonby Rugby club is a real concern as there really is no other suitable location without significant investment for Auckland Ratepayers. A combination of option 1 & 2 - football in summer / rugby in the winter - sharing of facilities whilst also providing a community / events outcome.

It is the perfect place for such a arena and will bring a lot of people to the area. The racetrack was not placed well. It has stressed out the zoo animals since the rwce track was built. Waikaraka speedway is perfect location for such activities.

The natural features of Western Springs should stay as they are and not be developed by self interested parties. Leave speedway there and continue to hold concerts and events. We are losing green space all over the city with infill housing so we need to keep all the green spaces we have. Stadiums could be located in existing under utilised industrial areas close to public transport.

Western Springs Speedway to have a future lease. Other sports and concerts will be detrimental to the surrounding neighbors that will bring in the hooligans as it does around Eden Park, cars and homes being broken into and far more noise than just the small number of speedway meetings a year.

Expansion would introduce noise, and traffic in an area with limited parking. There is already not enough parking for Auckland Zoo, MOTAT and the western springs playground. This would negatively impact families with children, as they would struggle to find parking and it would add stress, increase traffic and congestion and also affect people travelling to and from work. Overall, it would reduce efficiency in our society, and that brings a huge cost.

Speedway can best be described as an "institution" - one that has been there longer than any living resident of the area, that saw it open.

It is known around the world in Speedway circles, and every year top competitors from Australia and the US come to race here. On a flight to Melbourne one time, I sat next to gentleman who had come from the US to travel around all the Australian Speedway meetings and was going to return another time to see our Speedway racing. Before I could even mention it, he told me all about Western Springs - this is how well know it is there.

Western springs has been home to speedway for almost 100 years, many people still attend speedway as seen in the last few years even with raised price of tickets, just goes to show how much support there is for the venue to stay a speedway. is the only sport in New Zealand you'll find many generations of family's attending with a family friendly crowd. This is why support the option of western springs staying a speedway venue.

Option 1 caters for the Western Springs Precinct and is not reliant on public funding, however during cyclone Gabriel the Ponsonby Football club facilities did suffer from flooding, probably another reason why they need a new home which would require funding this could be relocated to Coxs Bay Reserve. Stormwater and waste water improvements to this area could be covered by the investors as part of the project.

Auckland FC club is growing quite rapidly with a huge fanbase, they need a permanent home to support the growth of this sport. Another growing support is Basketball/Netball with icons such as

Steven Adams we need to get behind and support them so we can encourage the next generation of athletes to do the same.

There is an opportunity to utilise the existing Tramline from MOTAT, extending it to the new retail shops that could be a neat shopping hub experience with tourists and local visitors.

The Western Springs Precinct has a good future and with the right planning and resources could be something to be proud of if done right.

Eden Park should be used for more concerts than it is and if not there then Mt Smart is good as gold. There shouldn't be a commercial organisation looking after a public park. Public transport in the area is insufficient in this day and ager to justify putting sports events there regularly. Other than the public transport issue it would be a perfect venue for cricket. We seem to be struggling for community sports fields and have plenty of options for stadium complexes. ... convert it to sportsfields on the inner and outer fields.

We need more opportunities for music concerts & festivals which are better for health and wellbeing than more sports facilities. Sports especially high impact rugby included are extremely dangerous in terms of causing injuries and shortening lives. We have enough sports venues don't need any more.

Western Springs has a unique position of being a heritage sports facility in the Auckland area, and indeed in New Zealand. It is and has been, in all our lifetimes a venue that reflects our cultural identity, and that heritage needs to be maintained and protected.

Legacy venues such as Western Springs hold a value beyond that of the soil on which they're situated. They carry the weight of the shared experiences that have occurred at the events that have been held at the venue for near enough a century, be it Speedway, Athletics, Concerts and more. People have fallen in love there, fulfilled their dreams there, seen their heroes, or indeed become heroes there. People have lost their lives there pursuing their dreams on that ground,

others have had their ashes scattered there to connect them forever with Western Springs and what it meant to them.

As part of the cultural and historic identity of New Zealand, the Speedway, stadium and grounds need to be preserved and protected with support from both local and national government as a landmark of both cultural and historic significance. Speedway at Western Springs needs to continue as part of Auckland's cultural DNA, where it creates tourism, enticing both domestic and international visitors and supporting local businesses. The same applies with concerts and other events that occur here.

For 32 iterations of the Auckland City council over 96 years, Speedway has been part of the fabric of Auckland. It needs to be the the current councillors prerogative to protect that legacy, not dismantle it.

This seems like a no brainer. Just what the area needs and such a good use of space. The economic benefits and positive impacts on the nearby communities will be fantastic. We are a country that loves sport and arts - so we need to invest in them because that isn't going away. We want to be able to play on the world stage so we need facilities that are on that level and can make Auckland a destination for events.

This venue should remain has it has been. Speedway should return, it has been there for almost 100 years. It should be cultural icon, not destroyed. Believe the process in removing and trying to change use was poor and influenced by personal beliefs/ agendas.

I found Western Springs Stadium as it was catered for a range of activities really well - sports, cultural, music, community. I would like to see Speedway back at Western Springs. With Auckland's traffic issues, it is better to keep events nearer to the central city for ease of access and public transport. Moving events further south, east, west, north causes problems for people having to cross the city to attend.

The benefits of option 2 outweigh the costs, in my opinion. However, my preference is conditional. I need more information on how much public spending may be needed following the end of the lease.

Western Springs Stadium has been a historical and iconic venue for over 90 years and is part of Auckland's heritage. It sits in harmony with the verdant and picturesque Western Springs and the zoo.

Noveau riche (ostentatious A listers) folk with their grandiose wealth and helicopter's would be non sequitur (not logically following) with the area. Auckland's traffic woes would be compounded with any newfangled incursions. High decibel construction noise and incursions could disturb the natural water table of Western Springs and its bird life and water fowl. Zoo animals would also be stressed and bewildered with these disturbances.

Speedway isn't every week and a number of families and patrons still enjoy this event along with the iconic Big Ben Pie, Hamburger and Chips cuisine. It would mean spirited to have their heritage entertainment expunge for the sake of these unnecessary incursions. Auckland is such a busy and congested city and Western Springs (as it is) is a lovely little oasis of nature and calm reflections. I have a feeling that local iwi (Maori) would like this area preserved as God and nature intended. SOS for Western Springs as it is.

Rich folks and their grandiose ideas can often be bullies and stomp rough shod over us humble people in the burbs. Hollywood style hubris and pretentiousness has no place in Auckland's diverse landscape and would be out of step with the character of Western Springs.

Kia ora Koutou,

Western Springs is at the heart of Auckland's transport future and we need to act now to ensure Western Spring's option for Option 1's New Arena takes geographical advantage of the Waterview Tunnel's proximity to Manukau city - and that the New Arena provides recreational advantages via

Western, Eastern and Southern Motor and Cycleways widenings to their already keen sporting and cycling populations. Also, we can see that Option 1's New Arena would a place of entertainment from not only the Central Rail Link to Khyber Pass, Grey Lynn, Ponsonby which is about to open at last but the New Arena will now reconnect Northern and Eastern and Southern Auckland populations with their very own world renowned Zoo and their special guests front and centre.

All around Pt Chevalier we have seen revitalization - TAPAC in Motions Road - Ponsonby Rugby Club sport and events, Mt Albert's Unitec Schools of Arts, Sciences, Construction, Landscape and Architecture Te Noho Kotahitanga campus - and a brand new housing hub for Mana Whenua called TOI and we would not be leaving out MOTAT from this New Arena Map if we give its 100 year old tram crossings another lease of life by extending trams into this New Arena for Western Springs.

We have plenty of other local parks that need lights and turf.

Leave western springs as heritage and upgrade 50 parks in the north island with lights and turf.

This would benifit more people.

And upgrade the second rugby league ground at mt smart.

We are currently removing all family motor racing venues from the Auckland area and although they plan to move to Waikaraka there is no way one track can cater to stock cars, sprint cars and TQs etc. They do not race on the same surface. There is also mot enough room available for sufficient stands and parking at this venue

I chose Option 2: Western Springs Bowl because it allows Ponsonby Rugby Club to renew its lease, supports the development of new clubrooms and community spaces, and preserves the natural, open character of the area. It also enables a wide range of uses from concerts and festivals to local community events, making it a vibrant, multi-purpose venue.

Importantly, this option allows a historic club like Ponsonby to continue thriving on its home grounds. Generations of families have come through those clubrooms including myself as a former player and now, even more meaningfully, my 12 year old daughter is able to continue her rugby

journey in the place she calls her rugby home. This proposal respects the club's legacy while embracing the future of the space for both community and cultural enrichment.

Which option do you prefer? Select one option only.

Option 1: Auckland Arena

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

The cost to ratepayers is less. Allowing the other options means the greatest benefit goes to Ponsonby Rugby, who represent a minority of rate payers. The high cost of the ongoing expenses for the other options means other rate payers are subsidising the rugby club. The location is central and should be set up for large events where costs are covered by users not ratepayers. Council should be looking only at options that increase benefit to everyone and reduce costs to rates.

Speedway should be kept and council finds other venues for options 1 and 2. Both options 1 and 2 have money and resources to find other choices. Renovations to stablise and place seating was done with intention of those using the venue at the time. There are enough other rugby fields and such venues not to have another piece of land wasted on it. There are also other venues for culture centres. The herigate of the area has been damaged enough to date buy people who are only intetested in their own wants claiming they are what the community wants/needs. The impact on the zoo is also something that has not been considered with the proposed developments.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I have read the options and all of the supporting information for each one. Option 1 appeals because of its strong focus on delivering significant amenities that will be of interest to many citizens, whether they are sports or performing arts fans, and whether they actively participate in sports and the arts or not.

That Auckland FC will be provided with a permanent home is also a plus, though I feel the disappointment that the Ponsonby Rugby Club will experience as they seek to find a new home. I hope AK CL will assist the Club with that mission.

The group proposing Option 1 is experienced in developing stadiums around the world. It is heartening that the group is committed to providing Tāmaki Makaurau with purpose-built, state-of-the-art amenities at no cost to ratepayers (though, in general, I am not opposed to AK CL investing in arts and cultural facilities).

It is important to me that the land remain in public ownership, and this proposal allows for that. I have a slight concern that a 100-year lease arrangement is a long time; however, I'm confident that there will be legally binding 'out' clauses in the agreement if the stadium encounters difficulties.

Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields

There are three options to consider

Which option do you prefer? Select one option only.

Option 3B: Neither Option 1 or Option 2 - explore other ideas

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

The City has too many venues that are under utilised, adding another is a waste of Rate Payers money. The Speedway is a world renowned icon Raceway. The relocation is undercooked with facilities poor and upgrade underfunded. Extend to Speedway another period of use i.e. 25years plus

Option 1: Auckland Arena

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I want some more investment in football. Auckland FC's home is currently Mt Smart which has poor accessibility which makes Aucklanders hesitate to go and watch the match.

Ponsonby Rugby Club has been there for 30 years and it has functioned well, with the departure of the Speedway I would like to see more concerts incorporated in this area which would allow both the community of ponsonby and you, the council to thrive and allow more opportunities to more people. I believe that there are enough basketball and tennis courts in Auckland as it is.

This is an iconic venue for Speedway. Given to the people of Auckland. There are other venues which are more suitable for Auckland FC and concerts such as buying Avondale racecourse and upgrading this . It has good locations being in a train and bus route. Alternatively North Harbour has a larger capacity for Auckland F C .

Western Springs Speedway is something that I've attended and enjoyed since I was a kid, and I have also now taken my own daughter to an event there which she thoroughly enjoyed too. This is an event that is great for people of all ages and provides an awesome nights entertainment. Speedway has been going on there for so many years, so it absolutely seems unfair to remove it due to local residents being unhappy with the noise. People have moved to the area knowing that it's there, so even if it changed to an event stadium for more concerts etc, it doesn't seem like they would be any happier! Bring back speedway!

I would prefer to see option 2 as I think throwing Ponsonby Rugby Club to the curb is such a colonising thing to do. Just because people have money to throw at things doesn't mean things should change to the intensity of option 1. The rugby club seems important to the area and to the people and these people's voices matter and deserve to be heard.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Speedway should never have been taken away from western springs and needs to remain there in its prior form of every week for the season. The selfish people complaining about its existence knew it was there prior to moving into the area. My grandparents/ parents never had an issue with the noise of speedway in fact used to attend every week.

THE COUNCIL WILL NO DOUBT RAISE TAXES TO PAY FOR OPTION 1 OR 2 AND IN OUR CURRENT SITUATION OF GROSS INFLATION IS NOT A VIABLE PROPOSITION.

BRINGING BACK THE SPEEDWAY AND RUNNING CONCERTS WILL GENERATE INCOME WHICH MAKES THIS A FAR BETTER OPTION THAN INCURING MORE COUNCIL DEBT WHICH THE PUBLIC HAS TO PAY FOR.

I believe speedway should have remained there given their long history of being there. Outdoor concerts have been held there for decades without any major issues or upgrades. I'm not sure if option 1 would eventually come to be as over the decades I've lived in NZ I've seen ideas come and go over arenas and stadiums and have only resulted in consultants making money from it.

It sounds great but I do not think the stadium seating capacity of 15,000 is enough as the Auckland FC games regularly sell out Go Media stadium with a capacity of 25,000 so a lot of people will miss out. a bigger stadium could also incorporate other sporting events easier if needed such as the Blues while the downtown stadium is being built (the best option for that by far) or Eden park being revamped.

Western Springs is the home of speedway for over 96 years & this is it's home.

Speedway & Ponsonby RC have a working relationship others should heed.

Western Springs should be granted a heritage site whereby people can attend if they so choose.

I'm sure there are many other heritage sites around Auckland & greater New Zealand, that do not get the "crowd" that Western Springs is world famous for.

Nepotism is not a good look for council & needs to be terminated.

It's been a speedway track for 96 years what harm are they doing once or twice a month they have race meetings for about four month between november and march or there abouts. people who choose to buy next to an event centre have to accept there will be noise it will be no different if auckland fc are successful in moving there it will still generate noise.

no different if you live close to the airport but that won't be moving will it

Currently, the facility is only available to concert goers and the rugby club. The wider community misses out on a world-class facility. We need something that delivers to the community year-round. A state-of-the-art indoor health and fitness centre, track and field events and/or other outdoor sports. Option 1 provides a monopoly to a private firm to charge a lot, and the majority of the West Auckland community misses out. I prefer the use of facilities like the AUT Millennium centre, which would have a combination of private and ratepayer funding, but also be available as a concert venue. Then the space would be fully utilised. I do not have a plan, but with options 1,2

and 3, I do not see my family using it, and I have never been to Western Springs Stadium, while living in Auckland for 20 years. Concerts are not my thing, and neither is rugby. I believe I represent a good chunk of the population that would appreciate being included in the users of the facility.

Option 3A is disingenuous, many people will think by ticking this option that they will saying they prefer for Speedway to stay at Western Springs. This is typical of the pre-ordained outcome consulting practices that Auckland Council continue to use.,

The other option Auckland Council must explore is for Speedway to be offered a reneal of their previous lease.

The fraudulent letters produced to 'produce' speedway support for the move was a very low point for this mayoralty.

I am an avid speedway fan. The other options are no lt understanding the heritage of this venue, known worldwide.

The gross misrepresentation of the attendance by the mayor, made it clear to me, that he has ulterior motives at play.

Why do we need another stadium, when we have a venue that already hosts football on the Northshore. Listen to the voice of rate payers, and articulate the possibilities bettee. This seems very bias toward option 1.

I feel that area needs a significant purpose for all sports and that is the best option for that. Transforming that area in to a multi sport complex and a place for Auckland fc would be amazing

Western Springs has been an iconic venue for dirt racing since 1929. It's more than just a racetrack—it's a place where generations of families have come together to enjoy the excitement and community that racing brings. For many of us, it's where lifelong memories were made and where a passion for motorsport was born.

This venue holds international significance. Drivers from around the world, including NASCAR Cup Champion and acclaimed dirt racer Kyle Larson, recognize and respect Western Springs for its rich history and unique character. I myself grew up watching races there, and it played a major role in inspiring my own journey into racing Midgets in the USA.

Every Christmas and New Year, Western Springs hosts a special international event that brings joy to countless fans and racers. To lose this venue would not just be a loss for Auckland or for New Zealand—it would be a loss for the global motorsport community.

Please, let’s not allow such a treasured part of our heritage to disappear in the pursuit of short-term gain. Once it's gone, the spirit and history of Western Springs can't be replaced.

Let’s keep the heart of racing alive.

I understand that various arenas and venues across Auckland are run differently, but I don't think that Western Springs has the surrounding infrastructure to handle massive upgrades. With Great North road being a major road network and the Northwestern motorway on the other side of it, there is not enough space to expand roading to compensate for any increase in venue capacity or traffic. That being said, I think that the versatility of Western Springs is fantastic, and I would like to see more options regarding a cultural or communal opening for this venue. I would like to hear of more music festivals and concerts held here, as well as expos that utilise the existing space. I think it is best to find a way to maximise what is already there by bringing more people into the space rather than building up the space.

Better to have a dedicated music venue and remove the need for Ponsonby Rugby club to move. Option 1 also removes the area into private control for 100 years instead of 50. Option 1 does not seem to factor in the cost of moving Ponsonby Rugby Club elsewhere.

Speedway has been part of Auckland for nearly 100 yrs, it deserves to remain, as a born & bred Aucklander having lived here my entire life, we all grew up with this Motor sport, I am 63 yrs old & have attended Western Springs Speedway & many Concerts for decades & continue to do so with my Family, Speedway has earned it's right to exist, its well supported by the Public & well attended, to often Aucklands History & Heritage has been discarded, dictated by the almighty dollar, it needs to stop, the haphazard way Auckland has been allowed to develop especially with its Housing has ruined this City? Don't ruin it further by discarding Auckland History & culture, leave the Speedway where it is, there are other Stadiums, Concerts & venues that Concerts & the AFC can go to, don't waste money on yet another white elephant Stadium & DON'T DESTROY THIS

NATURAL AMPHITHEATRE, protect & preserve it forever as a National Treasure, like Aucklands Volcanos, Western Springs & it’s environs including the Speedway Stadium needs protection from greedy developers & even Auckland Councillors with ulterior motives & agendas? Save the Speedway, Save Western Springs!

Speedway at western springs has been a part of my life for over 50 years. My parent took me thereand I have taken my children there also. I am disappointed that the council tried to force a decision without the public consultation and the on going barriers that have confronted any promoter over the past 20 years has made it difficult for anyone to provide a profitable business.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I believe Speedway has a strong future at Western Springs Stadium, but only if it's supported by a long-term lease and commercially viable operating conditions. The stadium has proven it can successfully host multiple uses—including concerts and rugby—alongside Speedway, showing that a shared model is entirely workable.

Just as the Unitary Plan was changed to allow concerts at Eden Park, there is a clear pathway to make similar adjustments for Speedway at Western Springs. What's missing is the will to explore that option fairly.

Many of us—fans, community members, and ratepayers—were never properly consulted before decisions were made, despite the significant impact on our local identity and use of public assets. Western Springs is more than just a venue; it's part of Auckland's heritage, and it matters deeply to me and to many others.

I would far prefer to see my rates invested in keeping Speedway at Western Springs than on several other Council projects that feel disconnected from community priorities. Sadly, the way this issue has been handled has eroded my trust in Council processes and some of those elected to represent us.

From what I hear across Auckland, I am not alone. This view is widely shared—and it’s time the Council listened. Do what's right for all people of Auckland!

We also don’t want to see this venue turned into a rich man’s game, shutting out the hardworking Aucklanders and families who have supported Speedway for generations. Western Springs should remain a place that’s accessible, inclusive, and proudly connected to its community—not just another elite entertainment destination.

The whole reason there are issues with the speedway is because of residents moving in and complaining about the noise. They were well aware of this situation they moved right next to and if they weren't happy with it, they should have brought/moved elsewhere. This has been here for 100 years. There is no way in stating noone knew of what was here. The venue entertains many aucklanders and is usually packed. Events are held here and the speedway brings many young and families together. With the other options available there will still be noise. Keep what is there and let the people remain with their sport, love and past memories with family. We have plenty of other venues around Auckland to hold such events that are wanting to be put in. Leave this

speedway as it is and allow the sport and love of others using it. Taking this away removes the possibility of people and younger generations enjoying this.

This makes a saving to ratepayers, though I would like to understand how that would translate (i.e. would we see a reduction in our rates or at least not an increase that is assumed the other option(s) would require?). I also feel it has less of a negative impact on the wider venues network, the other stadiums could retain larger sporting events/concerts while this venue takes on smaller ones.

It's better to keep our assets accessible to Aucklanders, if it's funded privately and maintained privately it doesn't seem it would continue to be accessible to Aucklanders the way it is now. I'm ok with the expense associated to option 2, as it's more important to support local and the cost isn't so much over 50 years. The ponsonby rugby club is historically significant also, and I would be disappointed to see it turned out due to billionaires wanting to remove accessibility to this important place. Our community deserves far better than this.

Western springs is a part of auckland city and speedway and is used for many activities, should not be up to the council. to dicside what happens they spend a lot of. ratepayers money on sports fields around auckland city, as auckland city grows this we need a stadium in the city where people can come to and then go and enjoy auckland city restaurants and help the hospitality of the city business...

Each year western springs has up graded it's stadium to the wonderfull facility it is today...a shift and providing millions of dollars can't recreate this wonderfull complex *overnight* and the racing cars at waikaraka park are not the same type of open wheel racecar you can't mix the two together..your asking to change 90years of history..also hard to recreate *overnight* it's Easy to start a new foot ball complex or Rugby or concert stadium but to start a new speedway complex your asking the whole sport to go *backwards*...

have lived in the area throughout my life on and off. I grew up on speedway and it is part of my life every summer even now at 51. I cherish the time I depend with my Dad. He has been going to speedway since 1974. We are both devastated that you want to move the iconic western springs speedway. It is an institution of the area and is much loved by young and old alike.

I think Speedway should be reintroduced at western springs!

I am a life long supporter of this sport. I believe the tough operating conditions set by the council have made it difficult for speedway promoters to operate. I think 16 nights would be great.

The facilities as they are sufficient to operate Speedway and host concerts,

I am against the proposed football stadium. We have many football stadiums already. Western springs is SPEEDWAY!

Speedway has been here for many years. I am so sick of people who move into an area then start complaining about the noise and the speedway. They knew it was there when they moved in so if you don't like speedway move elsewhere. Also The high handed way Wayne Brown just decided it was changing without consultation. Hopefully he will move on and speedway can continue.

Football is a rapidly growing sport in New Zealand, and so far we have not capitalised on the growth potential of the FIFA Women's World Cup. The excitement of Auckland FC's launch season shows the potential. Having another stadium for great football matches would enrich Auckland's footballing culture. Western Spring is at the heart of established central and western public transport routes, meaning people could more easily get to games. It would have a flow on effect for hospitality in the surrounding areas too.

I also like the reduced cost to council.

I am an active speedway fan, attending all speedway related activities at Western Springs, and believe that it should be retained in its current state that has been developed over the last 96 years. It has been developed as New Zealand's number speedway circuit for the classes that are run there and provides the fans a unique and safe place to view and experience those classes - that cannot be provided anywhere currently.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I started visiting speedway at Western Springs when I was 13, 52 years ago. I was a regular concert goer at the springs as a young teen. Surely the institution of speedway can be retained, while turning it into a multi-use stadium similar to the 2nd proposal and making it a true destination facility.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

With the history of the Ponsonby Rugby Club and large public events such as concerts, festivals and religious gatherings at the stadium, the opportunity to work with them and conncert promoters should be explored. The idea of something resembling the "Rose Bowl" of the USA would become even more of a magnet for major events benefiting the wider public of Auckland. As an Auckland FC fan and season ticket holder, Option 1 is underwhelming in its scope as the hub for professional football in Auckland. Option 2 gives a wider range of events a potential home in Auckland.

I've attended Western springs speedway for 10 years. It's an event for the whole family. 7 years ago after my nephew grew fond of racing we bought him a car. He's been racing since - Cody Lineham, Quarter midget racing. The community is kind and helpful and great for youngsters to grow up in. Springs is an iconic place where people flock to at every event.

I think option 2, provides an upgrade whilst not affecting too much of the existing structures. Ponsonby Rugby Club has been around for the past 150 years. A privately-invested stadium would get rid of the large publicly accessible nature of the grounds. Privatising Western Springs would disproportionately affect the Publics use and access of the stadium. Western Springs is a communal place. Auckland FC has other places they can play their games. Option 2 puts the people first.

I think it should still be used for Speedway, maybe fixing it up to make it more soundproof or something. It has been around for so many years and so many people and generations of families have enjoyed the Speedway. I remember going myself as a child at times, not much now, but I have friends who enjoy going every Friday. It would be really sad to see an Auckland icon go, surely you can fix it up and make it usable again, so many more people can enjoy Speedway Fridays.

There are plenty of other stadiums that can house sporting events and currently do. Speedway there is an iconic Auckland event for almost 100 years. Generations of families have visited and continue to visit speedway - after all it's only a few nights out of the year and other times it is used for concerts and sporting events. It's central and convo isn't to get to. Perfect set up which brings in 1000's of families each night. A family iconic event. Locals in the area have lived there many years or have moved into the area with the knowledge that speedway is there - so surely cannot complain about the noise which is decibel controlled and has a curfew.

Keep western spring speedway as it - and use for more sports /concerts also.

WESTERN SPRINGS SPEEDWAY IS WELL KNOWN INTERNATIONALLY FOR SPEEDWAY EVENTS AND MY WHOLE FAMILY AND MY FRIENDS ALL WANT THE STADIUM TO STAY AS A SPEEDWAY VENUE AND CONCERT VENUE. OVER THE PAST FEW DECADES THE COUNCIL HAS BEEN IMPOSING RESTRICTIONS ON SPEEDWAY EVENTS WHICH HAVE CHOKED IT TO DEATH. THE STADIUM NEEDS NO UPGRADE TO LET SPEEDWYA STAY WITH THE COUNCIL RESTRICTIONS LIFTED AND THE RUGBY NUTS CAN GO AND USE THE ALBANY STADIUM. THE LOCAL LATE SET CAN GO UP TO PONSONBY TO DRINK THEIR COFFEE. ALL I SEE IS GREEDY DEVELPOERS MOVING

IN ON OUR MUCH LOVED SPEEDWAY VENUE WHICH HAS BEEN THERE FOR OVER 9 DECADES AND PROVIDED FUN TO MANY FAMILIES.

I believe Speedway should always have a home at Western Springs, when I moved into the area I did my due diligence and understood I may hear noise , and I have come to love it. I had attended every race meeting over the 8 year period i lived in the area and often travel in to attend since moving further away. Something that has been there that long shouldn't be moved on just because some rich pricks have decided they would prefer soccer played there instead. Speedway at Western Springs is part of Aucklands heritage, and we appear to be loosing alot of our heritage over recent years.

Auckland needs alternative venues. An iconic outdoor space seeped in history, for 50,000 people?! There is no need to take that away. Would love to attend more shows, festivals, and outdoor events here in future.

Good bus connections from West Auckland and central city, currently the capacity is too low for AFC but may be ideal in 3-5 years it would be ideal. Parking is limited in this area however, Go media stadium has businesses nearby who allow venue users to park on their land for a small Koha.

Western Springs Speedway was given to Auckland City on the provision that the track was retained indefinitely. In its 96 year history, the stadium has gained a reputation as being one of the most prestigious speedway tracks in the world. Not only has international history been made here, but it's become a hub for a community based on generations of competitors and fans alike. There is no other motor sports facility in New Zealand that attracts such attendance as the Springs.

I see no reason why a solution for music-based events and speedway can't co-exist symbiotically - as it has done for decades.

Auckland has no shortage of sporting venues, we aren't losing out on events. We are losing out on concerts though. Even with Eden Park able to host more concerts, we are constantly missing out on huge superstar acts performing in favour of adding extra shows in Australia. It used to be that we got most shows that went to Australia, or were battling with Brisbane for a show. Brisbane now beats us out, we don't have a reliable venue to compete.

Western Springs is the rightful home of Midget and Sprintcar racing in Auckland. They need to be allowed to race there as they have done for nearly 100 years. They need a lease that will guarantee them a long future at The Springs which will bring certainty to promoters, car owners, drivers, teams, officials, volunteers and fans.

There are already enough large capacity sports stadiums in Auckland and I don't like the idea of 3 because it would cost a lot to maintain. Retaining the history of the amazing music events that have happened in the past is a wonderful way to honour that place and having grown up in that area I feel it does it a wonderfully cultural justice that is in better keeping than a sporting venue.

The capacity you provided as an option for Auckland Arena is not enough, the club consistently had over 20,000 people in attendance and nearly 30,000 at their last match, also the fans of the club love Go media as home ground and currently I believe both AFC and Warrior fan groups are hand in hand with supporting one another and is creating a better atmosphere for both events. it is already good as a music venue.

Allow the clubs to continue their lease and allow the speedway to be used, I doubt that it cost you anything for it's use at it's last event and it was so clear with the attendance that their is no question with it's sustainability.

The cultural and economic impact of Auckland FC having a proper stadium and training facility will be massive. Western Springs is a much better situated arena for Auckland FC to build a proper home base and directly link itself to the football clubs of Auckland to create a footballing pathway in Auckland. That and the economic impact that will come for Western Springs, Pt Chevalier and all surrounding suburbs will massive

From the recent victory of Auckland FC in their first season bringing a home team to Auckland for the A-league this would bring more attraction and boost in economy to local communities and businesses.. With the addition of new sports infrastructure this would be a great addition to existing ponsonby rugby club for new sports teams and creating new jobs

I believe football is a profitable sport for Auckland's entire social chain. Turning Western Springs into Auckland Arena would be perfect for that. And the stadium's location is excellent.

I think the idea of an arena would be good, seeing that it is in central Auckland however as the past season with Auckland FC has gathered an average crowd of 18,000+. 12,000-15,000 does not cater for what already is a big following. I can see that the public sports facilities are a great idea and allows the community to use the facilities.

I just think there needs to be more consideration where the arena could be still used for both, sporting and music/festival events while catering for the present following but also the ability to expand this in future as Auckland and Auckland FC has a bigger football following which will most likely grow, more than most other sports.

The proposed alternatives fall short of the real needs of the supporters of Auckland FC and is unambitious regarding attendance numbers and will likely cause significant price rises, shutting the door on low income families. Option 2 is not enough change for the cost proposed. Both fail to address travel and parking issues at that location. So based on the two poor proposals might as well leave it as it is.

Auckland is lacking sports arenas especially for basketball and a complex such as this would be a great investment for the community. We might visit western springs once every few years but with this complex you will see many more people from not only Auckland but across the motu accessing the facilities. As it is, the space is under-utilised but option 1 allows for the community to access all year round. Also, as a private investment, there is no additional costs to ratepayers so a win win.

Western Springs is a natural amphitheatre which is unique. Not many cities have this. I am a musician and have played at Western Springs and attend ended concerts there. This option is the best for current and future events and would set Auckland apart.

Future use of Western Springs Stadium

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Western Springs is a community recreational area, very well used by people and also carries a lot of history, The Ponsonby Rugby Club and Speedway are part of Aucklands history in this area, it would be s shame to lose them to wider development. Do we not already have enough Stadiums and facilities elsewhere?

Keep Western Springs as a recreational space as is for Aucklanders.

I like the idea of it but unsure of the location as there's no public transport. I also think it needs to be 25,000 at least and have 3-4k more seats to be able to expand for special occasions such as games against Wellington and finals. I believe there needs to be more cover. Please look at the layout of Allianz stadium which is Juventus's stadium. The cover will help with weather as well as atmosphere and noise

To allow the most popular sport in the world and New Zealand grow, the only professional team in the countries biggest city needs a high performance training facility to develop the next generation and attract the best talent. A stadium this size could be used for other sports that don't need 50k seats. Removing the cost from the taxpayer via the proposers is probably the biggest benefit to ratepayers

The owner of Auckland FC along with team Mowbray/Ali have just tried

The response from the FC fans has been quite telling - NO.

Western Springs is too small, they want to continue to use Mt Smart.

So the fans are making sense, and have zero interest in the vanity project. (And nobody believes the 'free' moniker)

I strongly suggest that you should give the people what they want, not what the billionaires want. Western Springs should remain Speedway and Rugby.

It's a speedway, leave it that way. You have already destroyed kartsport in Auckland with the closure of Mt. Wellington. The most important race track in New Zealand motorsport history, Pukekohe, is also gone. Don't further ruin it. Your claim that it makes a loss of 1mil per year is misleading. If you factor in the wages earned by workers there getting put back into the local economy, the jobs during the week created by the sport, and the spending done by traveller's, you would see it makes money for Auckland undoubtedly. This is before you consider that it could

become "profitable" if the council didn't restrict the amount of meetings it can run. Closing this will be the death of the careers for many of the councilors. 10k plus fans attend every week and those voters will not forget the choice that is made here.

Speedway is meant for Western springs, if it is moved speedway would lose tons of people, western springs is close to west Auckland and a lot of people from west Auckland attend speedway at western springs due to how close it is. Western springs is also an amazing venue for speedway due to how close it is to the bus system. So many people don’t want speedway gone from western springs and tons of people have always complained whenever you have even suggested moving it, every, single, time. Keep speedway at western springs!

Creating facility one offers a range of uses and it is an exciting prospect to have Auckland FC based here. After the amazing success of and interest in the recent Women's Football World Cup, having a facility like this would enhance our status and draw more international teams to our shores.

I can't see anything about keeping Western Springs Speedway. This event/sport needs to stay. The history for this venue is strong and apart of our Auckland Heritage. This is the best place to take your family out to for a night of fun, it's one of the safest family entertainment events you don't have to worry. The enthusiasm of the spectators is amazing, the atmosphere is entertaining in itself. The drivers, the volunteers, the spectators are 100 percent engaged in this sport. Speedway deserves it tittle of Historic and deserved Western Springs to be it's home. Why change something that works, that is fun, that is entertaining, that is safe and loved by many in NZ, USA, and Australia. This track is so popular, do the right thing keep it going, Respect the work that goes into this sport.

I believe we have enough stadiums already in Auckland that aren't being used to their full potential, it doesn't seem right to build another. This area won't be able to handle a stadium; congestion is already bad with Eden Park not too far away. We are also involved with Waitakere Rugby and play against Ponsonby Rugby club regularly, taking their fields away from them would be a huge setback to rugby in community.

As a representative of Netball in the region we support this option as it provides for more indoor courts - provided they are designed to allow for netball as well. Netball has the largest footprint of any indoor sport and therefore other sports will automatically fit within this space. No point designing to lock netball out. The Northern Mystics would also be interested in using the high performance space - gym, court, meeting, office space - as we currently struggle to find suitable permanent training venues.

There are not enough sport halls, gymnasiums, physio/health centres, that are accessible in West Auckland. Auckland funding is limited.

BUT there are huge concerns around protection of Motions Creek, and the established vegetation currently on this site.

Similarly, traffic issues and parking issues for this space need more consideration.

Suggesting that public transport is sufficient - doesn't cater to those with mobility issues, nor consider those who live in the area.

NEEDS to have 1 or 2 FUNDED after school groups/classes for various age groups, as a way to support it's community. Social Basketball, social volleyball, self-defence, thai chi, social badminton, tae kwon do, euchre, knitting, speed cups, zumba etc - anything that can give back to the community and encourage activity to all ages, and all ability levels, and various interests.

Speedway has long been a cherished part of Auckland's sporting and cultural landscape, providing thrilling entertainment and fostering a strong sense of community. To ensure its continued success, it is imperative that Western Springs Stadium remains its home.

A long-term lease for speedway would provide stability for the sport, allowing it to thrive while contributing to the local economy. Additionally, modifying the Western Springs Stadium Unitary Plan—just as adjustments were made at Eden Park to facilitate concerts—would create commercially viable operating conditions for speedway, securing its future.

Western Springs Stadium has successfully operated as a multi-use venue, accommodating speedway alongside concerts and rugby events. This demonstrates that with effective management, different activities can coexist, enriching Auckland’s entertainment offerings.

Beyond the cultural and economic significance of speedway, its closure would eliminate a valuable tradition for families. Speedway is more than just a sport—it is an event that brings generations together, creating lasting memories and strengthening community ties. Parents and children bond over race nights, cheering for their favorite drivers and enjoying the electrifying atmosphere. Losing speedway would mean fewer opportunities for quality family time and social engagement, diminishing an experience that has played a vital role in Auckland’s recreational life.

Additionally, speedway serves as an inspiration for young fans who dream of becoming drivers, engineers, or motorsport professionals. The absence of this experience could limit future generations' exposure to the sport, making it harder for aspiring talent to develop a passion for motorsports.

Its closure would also have far-reaching economic consequences. Many local businesses, including hospitality venues, automotive suppliers, merchandise vendors, and tourism-related services, rely on the patronage generated by speedway events. Restaurants, bars, and accommodation providers benefit from increased foot traffic on race nights, particularly from fans traveling from other parts of Auckland and beyond. Moreover, speedway supports a network of mechanics, engineers, and parts suppliers who specialize in servicing race vehicles. The sudden loss of speedway would jeopardize these businesses, putting jobs and livelihoods at risk.

Speedway contributes to employment opportunities, including event staff, security personnel, and media professionals. A shutdown would lead to job losses and reduced economic activity, weakening Auckland’s reputation as a city that fosters vibrant sporting events. The council must recognize that speedway is not just an entertainment spectacle—it is an economic and social driver that benefits multiple industries and communities. Removing it from Western Springs could lead to long-term financial losses for local businesses, weaken family traditions, and erode the city's recreational landscape.

It is deeply concerning that stakeholders, fans, and the wider public were not consulted before critical decisions regarding speedway’s future were made. Given that ratepayer funds are allocated to such decisions, residents should have had the opportunity to voice their perspectives. Many Aucklanders would prefer to see their contributions support speedway rather than be spent on projects that do not reflect the community’s interests.

The handling of this issue has led to a loss of trust in the decision-making processes of council staff and elected representatives. Transparency and fairness must be prioritized to restore public confidence in governance.

Ultimately, speedway holds significant cultural, social, and economic value for Auckland, and most residents support its continued presence at Western Springs Stadium. It is now incumbent upon the council to listen to the people and take decisive action to safeguard speedway’s future.

Large scale music events at western springs outmatch any other live event I have ever attended and I know this sentiment is shared across generations. I love the idea of supporting the infrastructure of an enhanced permanent facility to bring people together through music for generations to come.

They are all bad choices. why would Auckland FC want to make that their home ground with a limited capacity of 15,000 people when they are drawing crowds of close to 30,000 at Mt Smart Stadium. Auckland needs to think big if it wants to compete and attract world class sports, performers etc. We need at least 60,000 capacity stadium on the waterfront in the city to future proof ourselves with good public transport facilities. This is the only way. Don't live in the past by

hanging on to Western Springs, Mt Eden. Have a vision. We are already behind and we will get worse off.

Western Springs speedway is historic, world famous and a great family event and should be left to continue at the current venue albeit with improvements to the outer field area etc to better utilise the space and create added income to cover all costs for maintenance so as it is not a burden on the Council and ratepayers.

Western springs would be a very similar set up to Pukekura park in New Plymouth. You can have it all, footy, parks, lakes, concerts and zoo's. Having played for Ponsonby Rugby myself, you can not move the history away from this club, instead embrace it and embrace an entertaining stadium like the bowl of Brooklyn. There is a place for everything in the one facility.

While i am not sure a 15,000 seater stadium is ambitious enough for Auckland FC it is the best option currently available. I understand that Ponsonby RFC would be disappointed but it is currently a very underutilised area with stands completely empty for games

The whole process to date has been to railroad the Speedway out, in the process one of our great rugby clubs is also being for Ed to relocate for no good reason. Western Springs is and always has been the home of speedway in Auckland and it should remain so. Relocating to Waikaraka Park will ensure the slow death speedway in Auckland. A disgrace!

To Whom It May Concern:

Speedway should still be an option at Western Springs Stadium because:

1. The sport as a sporting body, was not included in any of the current decision making.

2. The person who the council did liaise with was Palmerston North Speedway Limited director, Andrew Bruce Robertson, who is based in Palmerston North, who has little knowledge of the history of Western Springs Speedway. I am surprised and disappointed Auckland Council

disregarded this history and the part the speedway has played in the last 96 years of the Auckland sporting landscape.

3. The figures quoted by Auckland Council of the total spectators in the last full season (2023 to 2024 season) of 43,000 people, at an average of 3,500 per night. These figures are misleading as over recent years the council have continued to decrease the number of dates available for speedway to operate. With large gaps at times between meetings, which make it difficult for a promoter to organise international competitors to race and use their skills, week in, and week out.

For perspective, the number of speedway meetings allowed has shrunk from 22 nights in the 1970s, to 12 nights in recent times. It seems ironical that the council have publicly stated the revenue from Western Springs (the venue) needs to increase, yet they have continued to reduce the number of nights allowed for speedway and have turned down the promoters' requests for more availability.

4. Some of the Auckland Council members who voted against speedway to continue to operate at Western Springs Stadium were unaware of the of all the facts as stated above, including the 96-year history of the speedway.

The speedway fraternity was never given an opportunity to voice their ideas for the future of speedway to continue at the facility. Furthermore, alter the Western Springs Unitary Plan to help speedway continue, like what was done at Eden Park to help concerts be promoted.

Over the years Speedway has always worked with other stakeholders, such like Ponsonby Rugby Club, the Pasifika Festival and other large promotions like pop/rock concerts to be held at the venue. For example, the removal of the safety fences etc and cooperated fully with all others that use the facility. Finally, speedway has always paid a nightly fee for the use of the venue since the inaugural season in 1929. It has always been self-funding, without any ratepayer's subsidies. Speedway racing at Western Springs would be a great loss to Auckland City and the whole speedway community across New Zealand.

I first attended Western Springs Speedway as a new born and 53 years later take my own son. I'm currently living in Australia and take at least one trip EVERY year to return to Auckland solely to attend a Speedway event. Somethings in the world are worth more than money! Be that person and keep the Speedway!!!!!!

I fully support this proposal and our family and community groups would utilise it in this form. Ponsonby Rugby Club supports other community groups using its club rooms connecting it wider then just Rugby use. We support the club renewing its current lease and expansion of its operations across other sports such as basketball, netball and touch. The installation of the new facilities would create an opportunity for a 5,000-8,000-seat boutique stadium, allowing the facility to deliver a broad range of community and semi-professional sport.

Western springs speedway have provided a fiscally responsible alternative to these ideas, this should be investigated fully before decisions are made and the community must be consulted before Auckland council is allowed to just push their own ideas on the community over what is actually wanted.

We need to keep the speedway operating at western springs. It’s been there for a very long time & a few rich people shouldn’t be able to squash an iconic Auckland sporting event that thousands of people adore just because it suits them. We are a democracy & the people with the most votes should be heard

The many motorsport groups which operate out of the Western Springs Speedway precinct provide a safe and professional place for people to experience motor sport. Also the level of investment in the facility over many years is not something which should be arbitrarily taken away and given to others. There are many other options for development of other facilities nearby or in other spaces - leave Western Springs Speedway alone!

I think on the whole things should remain the same, notwithstanding improvements and modernisation without denigrating the historical feel and purpose. The venue is a natural wonder and iconic and should remain so. Also, to evict the historical users for a flash new development ultimately designed to line other parties pockets is disingenuous.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I am concerned that a white elephant will be constructed in option 1. Auckland FC has no history and the competition that they are participating in is far from robust as demonstrated by the financial position of the Melbourne club that defeated Auckland FC in the semifinals.

The Auckland council did not want this development at Western Springs as evidenced by the fact that they were offered North Harbour stadium before Western Springs.

Both Speedway and the Ponsonby Rugby Club have a long proud history in this area. I am concerned that they are both being forced out of the area.

A 50 year lease is a long time. The council will have the burden of maintaining this asset. It is of real concern as to how well it will be used by the Auckland public. If an attempt is made to make it pay for itself it will be priced out of reach for public, schools, cultural groups and sports teams.

I do not think option 2 is perfect but it is a much more sensible and public minded solution than option 1.

Fads come and go. 1 day cricket and sevens tournaments were once sell outs. Auckland FC could easily go the same way and Auckland council will be left with yet another stadium that does not pay for itself like North Harbour and Mt Smart. I thought the aim was to consolidate stadiums.

The number 2 ground at Eden Park could be developed into an multisport boutique stadium. This could be used by Auckland FC, Auckland Blues and Aucland provincial rugby, The Warriors and a range of other sports. The infrastructure is there and it is right next to the railway.

Western Springs is a taonga that must remain in public hands—owned, protected, and guided by Auckland Council (and/or TAU). Inviting private operators to develop facilities would be a betrayal of the community's interests and identity. This iconic space—home to Ponsonby Rugby and integral to the future development of MOTAT—is more than land; it's a cultural anchor.

Council's stewardship is essential to ensure this area is planned holistically, with purpose and care. Fragmenting control by handing it to private developers risks severing its potential as a

unified precinct for cultural experiences, recreation, and community pride. Western Springs belongs to the people—not to property portfolios.

I want to see Western Springs Speedway stay exactly where it is....at Western Springs for the following reasons:

1. It has a 97 year history which has huge significance not only for NZ drivers, support crews and spectators but for those from overseas as well. The USA has a number of speedway race venues yet American drivers rave about Western Springs over anything they have back home. Three generations of New Zealanders have memories created at Western Springs. There are people's ashes scattered there. It is not just a venue. It has huge meaning for so many. The turn-out on

March 22nd showed the passion there is for Western Springs. There were so many stories being shared that night of families' memories. At the protest march that morning, supporters carried photos of late family members for whom the Springs meant so much.

As a speedway, a concert venue and Ponsonby Rugby Club field, Western Springs needs to stay as it is and big, flash stadium Ideas can be saved for somewhere else. We already have North Shore Stadium, Spark Arena and Eden Park.

2. Waikaraka Park is a suitable venue for saloons, super saloons, stock cars and streetstocks. It is not a suitable venue for midgets and sprint cars. Western Springs is ideal for midgets and sprints and is recognised the world over as a top class track.

3. Waikaraka Park needs a serious upgrade and, even with that, would still not be a suitable venue for the race categories seen at Western Springs.

Its the history of the area keep it the same uts been almost 100 years since it's been used as a speedway

Established in 1929, Western Springs is packed full of racing events that will bring the biggest crowds in the area. There are more drivers than ever before who are due to come to New Zealand this season, so our fans will see wheel to wheel action from start to finish.

Just 6kms west of Auckland CBD getting to Western Springs Speedway is a breeze. Nestled in the picturesque Western Springs parks, we're just off the North-Western motorway with easy access and ample parking onsite.

I strongly support the continued use of Western Springs Stadium as a speedway venue. With a long-term lease and commercially viable operating conditions, speedway can thrive at this historic location.

There is clear precedent for adapting the Auckland Unitary Plan to support diverse stadium uses—such as the changes made to allow concerts at Eden Park. A similar approach can and should be taken for Western Springs to accommodate speedway.

Speedway is compatible with a multi-use stadium model. It has previously coexisted with other events, including rugby and concerts, proving it can be part of a shared and successful venue strategy.

Importantly, stakeholders, fans, and the wider community were not properly consulted throughout this process. As ratepayers and passionate supporters, we deserve to have our voices heard—especially when it concerns a public asset that means so much to Aucklanders.

Western Springs holds significant cultural and sporting value. I would far prefer to see my ratepayer contributions invested in retaining speedway at this venue than on many other current Council expenditures. The handling of this issue has been deeply disappointing. I no longer have confidence in the process, nor in the Council staff and several elected members involved.

Most Aucklanders I speak with feel the same. Western Springs speedway is part of our identity and community fabric. Please listen to the people and ensure it remains a permanent home for speedway.

Keep speedway where it is!!!

Not only is it ridiculous to move a venue that has been providing entertainment for nearly a century, the heart of open wheel racing in Auckland and an internationally recognised venue, the way this process has been unfolding is disgusting. I'm sure it's difficult being mayor however since Mr Brown expressed he was more upset about missing tennis than worried about people drowning in the 2023 Floods I have been appalled. Him and his council has repeatedly made questionable and downright terrible decisions, the speedway debacle being the latest. Western Springs is not

only home of open wheel racing in Auckland, it is host to Ponsonby rugby club, Laneway festival, concerts, cultural events, and much much more.

I have been going to Western Springs Speedway since I was four years old, every summer it is our family tradition. I take international friends and exchange students on field trips to race nights, and even those who know nothing about motorsport have a great time. I cannot stress how great of an atmosphere there is on race nights. In an increasingly stressful and shattering world I look forward to race season- Getting there early with a fold out chair, a picnic dinner packed and a few bucks spare for a hot drink. Finding our spot on the terraces, making friends with those around us, walking the pits, watching the sunset behind the trees, and watching as the sky turns dark, the lights turn on and the engines start revving.

I know speedway isn't for everyone, some people may find it boring - "they just go round and round!", but what people find fun, entertaining and exciting is subjective. Personally I don't understand how anyone could find golf exciting- they just hit the tiny ball into a hole! But to my friends, family and myself speedway is very important.

I urge you to consider why there is massive support to keep speedway where it is, even if you personally do not see the appeal, over five thousand people are currently lobbying for it to stay where it is and keep providing high quality racing. If you really want to show NZ and the world that Auckland is a melting pot of diversity and has so much to offer tourists, destroying a historical venue that provides a unique form of sport is a very strange way to do that.

I have been attending the western springs speedway for a few years and I would like it to stay there. Also to still be able to have concerts / events there and have Ponsonby Rugby Club continue to use the grounds for their sports. The stadium is an icon why change it now after so many years. Put money into the stadium, more toilets and food vendors in some permanent buildings.

A modern well designed, developed and manged multi-use stadium in theis location would be a boon for Akl. Large scale (larger than 25,000 - and how amny of those do we have or would we get infuture?) could surely be accommodated at Eden Park/ the Domain or simialr. If this truelu is multi-purpose and has a serious community component this would be a great outcome for AKL

I support local sports clubs that support the local communitites, seeing the families all watching the kids on a Saturday morning shows there is a need for the community facilities, where else can they go? I also like that concerts can be held at Western Springs, there are limited options close to the city. I would have selected option 2 and 3a if the system would have let me. Im not keen on the council taking back the build options in 100 years. The buildings will be unusable by then and a liability to the council.

The stadium should be left as speedway. Speedway can successfully co-exist with concerts, rugby and other sports with a little bit of time and money. The Auckland FC stadium is not going to be successful, just look at the feedback on their social media announcing support for the stadium, it speaks for itself...

• Speedway can be successful with a long-term lease and commercially viable operating conditions.

• Its Possible to change the WS Stadium Unitary Plan for speedway like they did for concerts at Eden Park.

• Speedway can be part of a multi-use situation with concerts and have worked with rugby at the stadium.

• We (stakeholders/fans/the people) were never consulted with before this time and should have been.

• Western Springs Stadium is important to me and Auckland. I'd rather see my ratepayer money spent to have speedway at WS than many of the things the Council currently spend the people's money on.

• I have seen how this issue has been handled and I don't agree with the process and have lost faith in the council staff and many councillors.

• Most Aucklanders I know want the same as me.

Submission in Support of Retaining Western Springs Speedway (Option 3B)

I am writing in full support of retaining Western Springs Speedway in its current location and form. This historic venue has been a cornerstone of Auckland's sporting and cultural identity for nearly a century. It is far more than just a speedway—it is a generational gathering place, a living legacy of community, and a rare urban motorsport venue that brings together people from all walks of life.

Why Western Springs Should Stay:

1. Cultural Heritage & History

Western Springs Speedway is a part of Auckland's DNA. For 96 years, it has provided world-class racing, trained local champions, and brought families together. This heritage should be preserved, not bulldozed.

2. Community Engagement & Accessibility

It's a place where kids fall in love with motorsport, where grassroots racing thrives, and where the community can gather in a family-friendly environment just minutes from the city. Replacing it with an amphitheatre or football venue serves a narrower demographic and erodes diversity in Auckland's recreational landscape.

3. Multi-Use Versatility

Western Springs is already a proven multi-use facility. From racing to concerts to community events, it has accommodated a wide range of uses without needing to destroy the speedway. A win-win is possible with smart scheduling and shared management.

4. Economic & Tourism Impact

The speedway season brings in substantial revenue from tourism, food vendors, and accommodation providers. It supports small businesses and gives Aucklanders a reason to stay in town over summer weekends.

5. No Proven Benefit to Relocation

The proposed relocation to Waikaraka Park is rushed, underfunded, and logistically uncertain. It threatens to gut the sport's momentum while alienating its loyal fanbase. Western Springs is iconic—Waikaraka is unproven.

6. Public Process Concerns

The decision-making process to close the speedway has lacked proper consultation and transparency. It is critical that the voices of the community—those who fill the stands and care about the venue—are heard and honoured.

My Position:

I strongly support Option 3B – retain Western Springs Speedway as it is with an extended lease. I believe Auckland Council can work with stakeholders to modernise, improve, and better share the facility without erasing its legacy.

Let's build upon our shared heritage, not bury it.

Save Our Speedway. Keep Western Springs.

I believe there is room for improvements in that area but i am dead against privatisation and selling it off. Option 2 is somewhat of a compromise. I would like to see Ponies stay in the area but also the upgrades for music events make sense, especially the permanent stage. Having a boutuque size stadium means more local community driven events with lots of breathing space as opposed to huge numbers of people coming into the area and causing major disruptions.

Option 1: Auckland Arena

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

No cost to me as a ratepayer. Seems like Option 1 will benefit more people. I have only been to Western Springs Stadium 3 times in 22 years (1 x concert, 1 x speedway, 1 x Pasifika festival). I enjoyed each event but never bothered to go back again for anything else, so I think it may be a good idea try something new at Western Springs as per Option 1.

Western springs speedway is an auckland icon. People that moved into the area years ago did this on the understanding of who the Neighbors were. They started complaining after they moved in. Not acceptable. Now the corrupt auckland city council is appeasing these arseholes and shafting Aucklanders taking away a world class racing venue. May they rot in **********.

The Massey Birdwood Settlers Association would like to see the continued use of Western Springs, including the retention of Speedway.

The Speedway could potentially cover its own costs and return a small profit back to the Council, while at the same time allowing the Ponsonby Rugby Club to continue to use the facility and possibly an occassional concert.

Speedway is sport in its own right, and unique to stock cars which run at Waikereaka Park, the cars requiring a different track to race on to stock cars.

Over the years, 95 in fact, the Speedway has been a home to a sport I love, I have raced at the track, and has been a venue the has provided sound entertainment on a Saturday night during the summer months to thousands of people, as well as attracting sums of money and investment and business for many car enthusiasts and motorsport fans, nringing tourists from overseas every year who make the pilgramage just to watchor participate in the Speedway.

The venue has proven to be multiuse, Ponsonby Rugby Club using the area, cricket and even concerts and similar events have been held at the Springs.

Why throwout a tried and proven activity just to provide a stadium for a sport its backers currently support, only to find in a few years that it is not a better option.

The Association has many residents who frequent Western Springs Speedway, and have attended the Springs for other activities.

The Council will be killing a sport in the hope of providing funding for Waikeraka Park. Perhaps you need to invest in the Park anyway, not try to wreak a sport by shifting the activity that has made the areas name.

We say Option 3B - not Option 1 or 2 and explore other ideas like to speak to our submission

IWe would like to see the continued use of Western Springs, including the retention of Speedway.

Revert the stadium vote by council back to the lessees, Speedway + Rugby with concerts as applicable. The strain on the rate payers is minimal. Little do the neighbors know what a disruption to the this area will be once football hooligans start destroying homes and cars as they did around Eden Park.

The community focus of the area needs too be maintained as a public space - not privatised for the privileged few. There are fewer and fewer spaces available in central Auckland and the scope for this public space could benefit many.

Speedway, Ponsonby Rugby and Concerts.

Speedway has not been given a fair chance to state their case in this matter. The only stakeholders TAU engaged were involved with the promoter who was going to receive a financial gain for his other speedway. That, on top of the falsified letters does not paint Auckland Council and its COO's in a good light.

Speedway had co- existed with Rugby, concerts and cultural events for many, many years. It is councils own restrictions which have been strangling speedway at western springs.

By choosing options 1 and 2, we are narrowing the facilities use and not using it to its full potential.

We also need to consider that option A will require the owners to make $6million profit over 50 years to break even. Auckland Council and TAU know that no stadium makes a profit like that. Billionaires don't become billionaires by dumping that sort of money into a project with no ROI, so I ask you, what is the bailout / contingency here? Rate payers buy them out once they are "done"?

We have other facilities for concerts and soccer - we have ONE world class open wheel speedway - option 1 and 2 will destroy this 96 year old icon. The way this is going is a complete disservice to the speedway community, who are rate payers in this city.

Speedway doesn't want to move. Looking at Auckland FC social media, their fans don't want to move.

Mt Smart doesn't have the same atmosphere and vibe as Carlaw Park did - don't do the same to Speedway

Speedway, Ponsonby Rugby and Concerts.

The fact speedway hasn't been given a fair go here is disgusting. Fraudulent letters of support, the fact the decision to move speedway was made before the EOI had started, down to the fact even this survey is misleading - it is clear their is a motive to move speedway out.

We desperately need better music venues in Auckland that have good reliable public transport to and from the venue. Buses are great through here as the train is just so unreliable and a nightmare when it doesn't operate, which is often. We need a larger capacity venue to attract more entertainment options. There are plenty of options for sports already.

I grew up around Speedway and my family was heavily involved; Dad was Midget-Car scruitineer, Mum haleped with promotion, I crewed on cars, Dad built cars. It has a vast history and is an iconic venue within NZ and Australasia.

Speedway has been at Western Springs for decades.

The space could be used for new things, while still retaining the old-Speedway and Rugby. As speedway doesn't run all year the space coul dstill be used for concerts and other events.

Why spend money on changing infrastructure when it is a built-for-purpose stadium that has great facilities and is a draw card for so many competitors and fans.

I have attended Western Springs for multiple community events, concerts and speedway with my family. This venue has history and it is wrong that council can just wipe almost 100years of history. Keep speedway and bring some respect back to the decision making by council and it's entities.

Open-Wheel Speedway should remain at Western Springs Stadium. Give the Western Springs Speedway Assn. the operating conditions it requires to be successful for both the sport and the city.

If the preference is that the 'landlords' require a long term solution, the WSSA are wiling to negotiate reasonable multi-use terms that benefit the region for this facility. They (we) are wiling to take over full time administration, commercial use and maintenance of the full venue for the next 50 or more years. This is the best use for this particular stadium which is unique.

[redacted]

Regional Facilities Auckland ltd was abolished and T.A.U is next on the agenda.

We all understand the Governing Body cant leave the E.O.I process vulnerable but the High Court will decide that for us all and hopefully give speedway its rights and protect the future EOI's of the council at the same time.

Its Possible to change the WS Stadium Unitary Plan for speedway like they did for concerts at Eden Park. We (stakeholders/fans/the people were never consulted with before this time and should have been. Western Springs Stadium is important to me and Auckland. I'd rather see my ratepayer money spent to have speedway at WS than many of the things the Council currently spend the people's money on.

Western springs speedway is an iconic institution that I've been to since I was a child in primary school. I even broke my arm there. It's steeped in history and should not be lost. People who moved in the area knew it was there, it should not be forced out because of noise when people purchased knowing it was there.

Western Springs Speedway deserves to stay put. Safest family entertainment available. Don't see Police walking the beat, and unsavoury behaviour not an issue. Worldwide the Speedway track at Western Springs is put up high on rankings. All the overseas drivers love our track and taking that away will no doubt stop the International content coming to NZ

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I've proudly been a member of Ponsonby District Rugby Club since 1993, starting at Blake Street before the club moved to Western Springs. This club has not only been pivotal in my personal journey to becoming an All Black, but it has also long served as a vital hub for our community providing pathways for men, women, boys, and girls to grow through sport, teamwork, and meaningful connection.

Relocating this club would have a massive and lasting negative impact, not just on the current generation of families who rely on it for sport, belonging, and development, but also on the future generations who deserve the same opportunities.

My recommendation is clear: retain both the speedway and Ponsonby District Rugby Club at Western Springs through a new, longterm agreement that includes plans to upgrade both playing fields, improve lighting for the outer fields, and rezone the outer car park area for permanent sporting use.

Western Springs Speedway has played a significant role in my life and who I am today. I have been going since I was a kid and it holds special memories that I would like my kids to have.

Western Springs Speedway has a rich history and is part of Auckland, moving it elsewhere and changing the venue loses part of our identity.

My family has been enjoying speedway for many years. My father crewed on a midget as have my wife and I. I think it is ridiculous that sone odd can move next to something that has been there, since probably they were born, then demand it be closed down. Does this mean that if enough people in Mangere complain about the airport, you will relocate it. After all, it's the same principle

Building not only a home for Auckland FC and the home of football in Auckland it will be the catalyst for encouraging huge acts and entertainment to NZ, will help to develop and encourage participation in local sports for young girls and boys. A stage for local artists to perform and flourish in front of a local audience. And a place for local community and cultural events to take place.

Western Springs has provided 96 years of exciting family entertainment for generations of New Zelanders, including my own family, who have competed, crewed on rave teams and cheered from the stands for many decades

Western Springs is a renowned world-class heritage venue for the sport and attracts many overseas racers to come here and involves many local and national businesses. It would be a travesty to throw all that away to create another football venue with limited seating when other larger football venues, such as North Harbour Stadium, already exist.

Western Springs also provides a great open air venue for live concerts and also Ponsonby Rugby, which has also been an important part of Auckland culture, past and present. None of this could continue if the small stadium gets built in its place.

The council decision-making process has been suspicious at best, with inaccurate, incomplete and allegedly fraudulent information put forward to councillors to inform their decison-making. There has also been a lack of transparency and consultation - and I cannot think of another sport with almost 100 years of history that would be so callously set aside and offered a woefully inadequate alternative venue in which to operate. Waikaraka Park is a significantly inferior venue and is not set up to enable open wheel racing to operate safely or successfully. Even with a suggested $11 million of band-aid funding, that amount wouldn't come close to renovating Waikaraka to a suitable standard for the sport. Waikaraka is a basic stock car venue. The facilities are sub-standard, there are only temporary grandstands, the pit area is way too small, parking is inadequate, and significant safety upgrades would be required at significant cost for it to operate as a safe and viable venue. The cricket and soccer grounds would also realistically have to be repurposed to be part of the speedway facilities This would require much more than $11m and affect other codes Forcing open wheel speedway into this venue would very likely contribute to the death of the sport in NZ, which could no longer develop the world-class motorsport champions this country is renowned for.

Auckland would be so much poorer for not having Western Springs speedway and concerts as part of its cultural fabric. At the very least, decision-making on this heritage venue requires a more robust, informed and transparent process.

Option 2. My son is part of the Ponsonby Rugby Club and therefore I'd like to support the clubs position. Also as an avid concert-goer I believe we need a venue with 50000 capacity in central Auckland that would attract big acts here to NZ. Especially given that Eden Park can only hosts a handful of concerts a year

Speedway has become a part of my life. It needs to stay as it brings people together from other parts of NZ to race even some from abroad! Barry Butterworth and others of his time were champions and I personally would like to see their legacy continue through speedway. We have enough malls, concert arenas and stadiums!! There isn't another speedway that holds so much heritage and community togetherness like our western springs speedway.

This will allow the club to renew their lease, build new clubrooms and a community space. Will preserve the natural character of the area and allows concerts, festivals and community event all year, especially in summer. This is not just about rugby but a legacy and community that has been build over the last 150 years.

Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields,I participate in nearby activities (e.g. community sports, performances, MOTAT, Zoo, Western Springs),I am part of a cultural or community group with an interest in the area

There are three options to consider

Which option do you prefer? Select one option only.

Option 2: Western Springs Bowl

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

See attached submission

Malo le Soifua Auckland Council Members,

Thank you for the opportunity to submit on this topic. I strongly support Option 2 retaining Western Springs as a venue for speedway, sport, and community events. This option honours the stadium's history as a place where Aucklanders gather, compete, and connect.

If it hadn't been for Ponsonby Rugby Club, I may never have had the opportunities or rugby career I did. The club gave me a sense of belonging, purpose, and teammates who became like family. Places like Western Springs are where those lifelong connections begin. These spaces matter especially for young people seeking identity and community.

Western Springs carries strong community attachment and is one of the few places that brings together families, fans, and cultures across generations. Thousands attend events here annually, from grassroots sport to international concerts. The outer fields and stadium aren't just facilities — they're integral to Auckland's collective identity.

Option 2 delivers value for money. It makes smart use of existing infrastructure, avoids unnecessary duplication, and attracts private investment to upgrade the venue — without removing it from public hands. This option balances fiscal responsibility with community benefit.

Most importantly, Western Springs supports Aucklanders' well-being. It's an accessible, inclusive space that reflects the diversity and spirit of our city. From speedway nights to junior rugby games, a range of Aucklanders can gather and make memories.

I urge you to support Option 2 a common-sense plan that respects heritage, supports well-being, and delivers for Auckland now and in the future.

Ia manuia,

[redacted]

Speedway at Western Springs has been home to so many amazing legends and fans alike, I have been to many events there including concerts. As a ratepayer i don't want something there that i'm not interested in and will not attend events there. I will not agree for you to spend my ratepayers money on another waste of money.

Keep Western Springs Stadium & the outer fields as they are.

Keep Speedway there as it has been used for this purpose for nearly 100years. It brings family friends & people of all age groups & from all walks of life together for the enjoyment of this sport.

It provides great a atmosphere & entertainment for all.

I chose option 3b – neither Option 1 nor 2 – because I believe the current setup at Western Springs Stadium still has value and shouldn't be dismissed without further consideration. The stadium is not only a long-standing home to speedway and the local rugby team, but it also holds community significance.

Rather than replacing or removing current uses, I feel more effort should be put into exploring alternative solutions that improve the site while preserving its history and current community connections.

I have been attempting western springs speedway since I was a child taking my children to speedway and now my grandchildren. It is such an iconic well known venue not only to Auckland but NZand the world. It would be a shame and a disgrace to lose such an well known speedway venue. Keep speedway at Western Springs the home of of such an amazing venue.

I believe that everything needs to be evaluated, especially the TAU spending and their charges, and if the council stopped wasting money installing these stupid speed humps that money could go into the Springs development and possibly repairs. I also believe that if entry prices were a bit more affordable more families would attend meaning more revenue. I believe the low numbers being used in your data are because of the doubling in entry prices meaning it has been harder for people and families to attend. This venue is iconic and needs to be saved. I believe wasting rate payers funds on things which aren't wanted or needed are putting pressure on funding for things like Western Springs that should be fore front funded. Not only if we have spare funds. It would be

a huge shame to loose this venue and speedway using it for racing. I hope there is a way forward for the speedway at Western Springs.

I believe that Western Springs Speedway can continue to be a viable long-term tenant under a reasonable lease and appropriate operating conditions. With careful planning and cooperation, it is entirely possible for speedway to coexist with other uses of the stadium, including rugby and concerts.

I do not believe the public was adequately consulted throughout this process, and I have serious concerns about how the entire matter has been handled. I know many others who share this view and feel similarly frustrated by the lack of transparency and proper engagement.

My family has been attending events at Western Springs Speedway since the 1940s. The speedway is not just a sport – it’s a tradition and a deeply rooted part of Auckland's culture. It continues to be an important recreational and social activity for thousands of families across the city.

I urge decision-makers to recognise the value and heritage of speedway at Western Springs and to ensure its future is considered fairly and openly, with genuine public input.

We already have plenty of stadiums available that are currently under used. Instead of taking away a historical sporting arena build a new one in an area where there is projected growth and build the infrastructure to accommodate it.

Western Springs is a terrific concert venue for large epic concerts, as well as multi stage festivals like the Big Day Out. I do not support option 1 as it only allows for a concert venue with a capacity of 25,000. I like the bigger 50,000 capacity that option 2 will deliver. I've attended many large concerts at Western Springs (Rolling Stones, AC-DC, Guns n Roses, Big Day Out) and it is a magic venue for huge concerts. I also don't like option 1 because it involves such a long term lease. Western Springs needs to be retained as a concert venue that can accommodate 50,000 people.

Western springs speedway is a great family friendly event. There is no other track in nz that compares to it in my opinion, I would like to see it stay, along with the Ponsonby rugby club as well.

My preference is 2, 3a or 3b. I specifically do not want option 1. This is one of the few open green public venues in Auckland. It makes the most of the natural topography. Auckland does not need another stadium, we are well catered for with Waitakere Stadium, Vector Arena, the Civic, Aotea Centre, Town Hall and Due Drop Events Centre.

I am most bothered by the thought of losing this well utilised open space. Western Springs is a gem , particularly being as central as it is and being located close to the zoo and Motat.

Western Springs should continue to be a speedway venue, speedway at Western Springs is part of the history of Auckland and the venue as a speedway track is iconic. The process of deciding speedway should move to Waikaraka was dodgy and raised more questions than it anwered, the appearance is that the decision was made some time ago by unelected nameless officials and events and processes were then managed to make sure that the elected council members arrived at the chosen decision. The only reason speedway wasn't viable at the Springs was restrictions

placed on the speedway by Council. Speedway should be grandfathered in at that venue under conditions that allow it to be viable.

The facility is fit for purpose. Not only with speedway but the events that is successfully hosts. More importantly it is a significant piece of this city's history, it's one of the places that make Auckland a great city and by turning it into something that it isn't will put yet anothet nail into the coffin. Auckland is congested and miserable but it still has pockets of importance and culture, and this is one of them.

I support speedway remaining at Western Springs, its home for 96 years. In the course of its history thousands upon thousands of people have attended speedway meetings there. It is a family friendly environment with generations of families coming along to events. The speedway attracts some of the biggest motorsport stars in the world bringing much needed revenue and publicity to the region. Many motorsport stars e.g. Kyle Larson have publicly spoken of their support for speedway to remain at Western Springs. I lived close to the stadium for over 45 years and saw how much enjoyment the speedway brought people.

We already have enough football stadiums in the Auckland region and do not need another one. Experience with Eden Park has shown that they become a never ending drain on ratepayers money. Promises of private sector investment never match reality and ratepayers end up having to bear the financial cost.

Western Springs speedway is both part of the heritage of Auckland and its future. Please keep the speedway at Western Springs.

I think this venue is ideal for speedway as have been many many times and it has a great atmosphere there.

I think the costs charged by TAU is ridiculous. The numbers showing as attending seem very low and inaccurate so wonder if they count a family ticket which may be 6 people as 1?

The charges went up considerably this year to 50 per adult ticket which before that was more only for international fixtures. Usually there was early bird pricing or around 25 for an adult. Seems like someone wanted to help the numbers appear lower for this year.

Virtually every time I went the venue was fairly packed so again only ~3,000 people on average seems crazy low.

Speedway has nearly 100years there and it is an iconic part of nz history.... why lose this from Auckland and NZ for the motor racing industry.

Firstly,Thank you for taking the time to read this .. I would have nominated 3a but there was no mention under " keeping it as is" of speedway remaining " as it is". As I understand , the land was originally "donated for the use of motorsports" back in the 1920s. It has been a big part of 4 generations of my family- where the family would spend quality time together - good people that become lifelong friends, united by a common love and passion- something special that hasnt just happened overnight.. looking beyond our borders western springs speedway has earned a world class reputation , putting a positive exposure on not only Auckland but New Zealand, to thousands of people all over the world - every year..

Speedway shouldn't be discriminated against because its looked at by some as dirty loud motorsports - it should be celebrated as a special part of this great city..

-again thanks for letting me add my voice , and for listening to "people like me", with an open mind to our future.

Chris Martin

Ranui Auckland pH 0210527663

- P. S. In the "near" future everything will be electric powered, clean and green and quieter...

Keep Western Springs as it is. With the zoo and MOTAT nearby this is a HERITAGE AREA. The idea of a 12,500 - 15,000 seat stadium is pathetic for a continually growing city. The investors in this idea are clearly greedy and corrupting the AKL council into change and what for? Making their own bank accounts larger. I grew up as a teenager on Old Mill Road and loved the concerts and speedway there. You will be depriving families of great memories with their children who attend speedway racing there! Don't change it!

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I am writing to express my strong support for option 2- the proposed redevelopment of Western

Springs Bowl into a modern, dual-use venue that will serve as both a world-class live music amphitheater

and a community-focused sports facility. The continued presence and lease of the Ponsonby Rugby Club ensures preservation of local sporting traditions.
