Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields,I work or volunteer at Western Springs Stadium or nearby

There are three options to consider

Which option do you prefer? Select one option only.

Option 3B: Neither Option 1 or Option 2 - explore other ideas

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I have been attending western springs speedway for over 30 years. The speedway staying at Western Springs is critical for the survival of the sport and supporting local businesses that rely on this speedway.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

The last thing Auckland needs is another football stadium. The ones we have do not make money, are not being maintained properly, and are incredibly expensive. The OPEX on a new stadium alone is a reason not to do, but I also do not believe it will be fully paid for private parties.

The soccer all ready has bigger capacity crowds than the springs can hold. Return the speedway, Waikuraka was never the right option, as again the capacity for those who want to go cant fit.

It offers so much more for the people of Auckland and as a rate payer it's pleasing to know it will be privately funded

Western springs bowl is iconic and the inly olace like it in Auckland. Ponsonby Rugby Club should be allowed to stay and keeping a permanent amphitheater for concerts is so important. Option 2 allows for upgrade of the current facilities and keeps a 50,000 capacity. I am totally against privatisation of the facility which would be accessible only to people able to afford its use. Western Springs should be kept for all Aucklanders.

I think that a smaller mixed use would keep the heritage of the area. As a larger facility will compete with Eden park that already holds large concerts and sports events.

I have been coming to speedway since I was a child and my family were well known for sidecar racing back in the day. I think that the council should keep it alive at western springs don't rip away the culture of gasoline and mud just because of a few people who can't stand it but live near the area fully aware that this happens on the weekends. Come on Auckland let us live a little.

Good afternoon, thank you for the opportunity to have a say. I chose option 3b as I believe Speedway should remain at their home of 96 years and not be forced out because billionaires want to play soccer there. Western Springs is a world famous Speedway venue and an Auckland asset and the way they've been ousted from their home was a disgrace. A Fraudulent and in my opinion predetermined out come made without consultation with the public for whom they are elected their to represent. Generations of Auckland family's have attended over the years and having been to 11 of the 12 meetings held last season the crowds were incredible and Speedway was very well supported. Auckland does not need another stadium especially at the expense of a world class much loved speedway. I vote for Speedway to stay and at the very least a fair process

with public consultation. I prey that the wishes of the public are supported and the big money privateers are rejected from Nzs most beautiful venue. Leave it how it's always been and allow the history and tradition continue and thrive...

I don’t believe TAU or some Auckland Councillors have been fair in their decision making by denying Western Springs Speedway drivers , volunteer's ,or public a chance to have their say.

Apart from the entertainment value no consideration has been given to a large number of businesses that sell or support Speedway drivers. TAU has done their best to get rid of Speedway for as long as I can remember. I have volunteered as a section rep for over 30 years and have worked under different promotions. My preferred option is 3B .

Because they should return to one of the original options where speedway at western springs still exists and happens it has been an event that's run longer then any person that lives in the area who doesn't want speedway to return and has problems with the noise,, they brought there knowing that speedway was there and wasn't expected to be leaving not, me and my partner have taken our 3 kids their whole life's our daughter is now 10 turning 11 I'm 34 and grew up going to speedway with my family my partner is 30 and she also was raised going to speedway with her

family since 6 months old and we are only 2 ot a very lot of family's with similar traditions, speedway also helps generate income for some people aswel

Western springs should remain a hub for vibrant live events, concerts and local sports. Privatizing the facility (option 1) would drive hirage pricing up and restrict public access and enjoyment of the area. Keeping it as a public space but enhancing the facilities will encourage local groups, bands and events to thrive.

Speedway has been there for 95 years. I want it to remain as well as exploring other options to make it viable ie Concerts, culture events, keeping Ponsonby Rugby there.

At the beginning of his term the Mayor said our main stadiums were under utilized. North Harbour being one of them. AFC trains there, it makes more sense to upgrade that stadium to AFC requirements.

I have enjoyed going to speedway since I was young and now take my family. It's a great experience that you don't get anywhere else and creates an addicting atmosphere. It's also a globally recognized speedway that is known by all the big names in the sport and has fostered some of NZ's best racing talent

We need a stadium which can operate in addition to Eden Park. Auckland only needs two stadiums and this western springs option is not big enough to replace Mt Smart. While it's being privately funded it will eventually become rate payers responsibility to maintain (like north harbour). Western spring is in a poor location not close to trains, bars and restaurants. Work with Ali Williams and the warriors, plus more private investors to develop a 25k stadium in the city. Make western springs a park.

For 40 years I have enjoyed concerts and Speedway and had just started to share this tradition with my grandchildren. There used to be more motor racing events, it's harder to find family events like these. We need to preserve these events in areas of Auckland that have great public transport access.

Myself and my family have been apart of the Ponsonby rugby club for many years and on top of that have attended many music and or cultural festivals hosted at Western Springs. For us this is our second home not only during the winter season but all year long. I chose option 2 as it will allow us to continue being here at home where we have been for many many generations on top of that we will be able to see an expansion of multiple sports/events being able to be held here.

I am keen for speedway to stay in conjunction with other possible uses for the stadium. Western Springs Speedway is a world renowned speedway. Young Americans have cut there teeth at W/S and gone on to greatness. I believe W/S is part of the fabric of Auckland for 96 years. My parents took me there, I myself have be going for 47 years and now we bring our kids.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I chose this option because I want open wheel speedway to continue to operate at Western Springs as it has since 1928.This is ane of the best speedway tracks in the world (and I have been to a number of tracks in Australia and the U.S.A.)and I consider it shameful that the council is throwing away an icon that has 97 years of history and tradition.

Sport is an important part of community and a vehicle for so many positive things - connection, being active, etc so it's so important that Ponsonby Rugby, a prestigious club, retain their base in the area they have called home for 30 years!

Western Springs is the home of Speedway and Ponsonby Rugby in Auckland. That is where they belong. The other entities wishing to use the location already have other places in Auckland to occupy. Mt Smart is perfect for Auckland FC, and North Harbour is begging for attendance and occupation. Council needs to re-address its earlier vote and return the sport of Speedway back to Western Springs, and also leave Ponsonby Rugby to continue.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

An upgraded natural park that has the ability to hold minor sporting and music events is attractive for Auckland which has a very green public image. A massive building in the area removes the naturist view. Plus ponsonby rugby

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I support the enhancement of Western Springs as a premier live music venue, including private investment in permanent staging and infrastructure. I strongly oppose the use of ratepayer funding to support the operations and expansion of Ponsonby Rugby Club.

Investing $18–$20 million in facilities for a single club, with a total public cost of up to $107 million over 50 years, is not a fair or justifiable use of public funds.

Auckland does not need another stadium. Public funding should focus on improving existing facilities that serve the wider community, not supporting the expansion of a single club's footprint.

Concert infrastructure should proceed through private investment, while any public funding for sport should be allocated more equitably and transparently.

Historically, the stadium at Western Springs was meant to be a multi-purpose facility for a number of sport and recreation activities, not just dominated by one (speedway). Option 1, the Auckland Arena, looks most likely to fulfill that original plan and design, as well as be most cost-effective for the city.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I don't think Western spring site is anything spectacular and I wouldn't want waste much money into that site. There are plenty of other venues in Auckland for concerts, etc.,

This is a good option and I'm skeptical and that private investment will actually happen. Look at places like Eden Park that manage to secure public investment

I don't have a preference of which venue to keep and which one should be redeveloped to finance the upgrade, but my observation over last 30 years is that all of them are underutilised. If new venue is picked, I'd pick the one that can be used 365 days a year without restrictions, has a good public transport connection and can have multipurpose use, evening events, daytime events, morning practice etc... If any of the private investors invested to have used

Alot of people dont understand how much a rugby club can impact a life let alone a legacy. My family have been loyal to alot of clubs, clubs including Ponsonby where my grandfather and uncles have played since they could walk, and they continue to support it in their retired years. It has given an opportunity for our younger ones to find interest in playing for a club that deserves its place in their rightful home, no one deserves to be stripped of something just for council to demolish a home and turn it into something less deserving.

The Motions family gifted the land where Western Springs Speedway is located to Auckland Council with a deed specifying it be used for a speedway track. We have other Arenas and Music venues. The North harbour stadium's future is in doubt. We don't need another white elephant.

This is a unique option that couldn't exist anywhere else in Central Auckland. We don't need a bland new corporate complex like option #1. Re: option #1 as well, this is being supported by Anna Mowbray and Ali Williams. Considering their actions relating to their private helipad application and illegal encroachment of the sea wall at their property, I do not trust them to interact with good faith and the interests of the local community. It may cost the council less in cash, but at what cost with the public? I don't see Ponsonby Rugby Club being able to continue to use the venue under option #1. The Mowbrays and associates can build their facility anywhere, Western Springs' amphitheatre is unique and should be preserved.

We need more options to attract world-class entertainment to NZ. I don't think we need another standard arena, Eden Park already exists in the same area with double the capacity, and Spark Arena is not far away either. We have no good options for outdoor summer festivals. Laneway at Western Springs was far improved over Albert Park and improved facilities will allow for an even better experience.

Think of all the money international acts bring in across NZ at outdoor venues eg. Mission Estate Winery and what that could do for Auckland's economy if we could attract those events to Western Springs.

It also preserves the ability for Ponsonby Rugby Club to use the space in the off season and expand to other sports potentially. I do agree that while speedway has a strong history in the area, it is better off moved to the industrial zone in Waikaraka. The Western Springs site, and particularly option #2, has so much more potential to benefit everyone in the area, and not one group of hobbyists.

Because the history of western springs has been around for a long time not just my parents but my grandparents have been there. Bob Marley also has been there to perform. It's a great place to use not just for concerts but sports also. Why disturb something and spend money when we as a country are behind in other areas like health care, school conditions and also for housing.

Simply we already have an arena option, it is Vector Arena. We don't need another.

We do need a decent outdoor music venue. Western Springs was it.....it needs updating with modern seating and permanent stage.

As for the rugby club...hate to say it but rugby is dying sport in reality.

Parking....here is your real issue here. No parking, no rail, busses will not move 50,000 people. So in reality a smaller bowl venue, say 30,000, enough for a Pacifica festival is what is required.

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

My Choice: Option 3BI firmly back a modular, community-first precinct that honors the existing Bowl amphitheatre and builds on what already works. While I value the natural amphitheatre for concerts and gatherings, I reject grand Arena or Bowl overhauls that lock us into megaprojects now. Instead, let's preserve the Bowl as a core feature and add phased stadium or indoor elements later as community demand and funding allow.

Anchoring Excellence: MOTAT & Auckland ZooMOTAT's heritage trams and Auckland Zoo's world-class conservation and educational programmes are the precinct's beating heart. Extending the

park to weave together tram circuits, wildlife habitats, open lawns and interactive learning hubs will amplify visitor experiences and strengthen community identity. These proven anchors demonstrate how public assets can deliver consistent, year-round engagement and revenue without imposing on ratepayers.

My Vision for Western Springs—A Mini-Village Park:

Phase 1: Repair terraces ($31.1 M), upgrade tram stops, install signage, and launch heritage tours, open-air fitness classes, weekend markets, and community workshops.

Phase 2: Deploy demountable courts, studios, pop-up pavilions via a PPP (ratepayer cap < 20 %). Enable basketball, yoga, maker workshops, art classes, health seminars, and continuous community learning.

Phase 3: Bring in temporary stages for small/medium concerts year-round, reserving outer fields for major sports fixtures.

Next Steps—Make It Happen:

Transport Commitment: Secure dedicated shuttles, park-and-ride, upgraded tram frequency before any event expansion.

University-Led Research & Partnerships: Commission University of Auckland, AUT and Massey to engage students and experts in researching best design, usage patterns, revenue models and community impact.

Global Inspiration: Model after London’s adaptive Olympic Park, Toronto’s Brick Works, and Melbourne Docklands—flexible, phased, and community-powered.

Conclusion:Option 3B isn’t just the best choice—it’s the only responsible path forward. Let’s build a dynamic, inclusive culture–sport–health–learning precinct that truly serves every Aucklander, not a playground for special interests.

I want speedway to continue but without the ridiculous restrictions on the number of meetings in a season. Speedway was there before most of its neighbours were born and also was there when most of its neighbours bought their houses. The grounds should be developed to provide better facilities for fans and to encourage more concert promoters to hire the venue. Ponsonby Rugby Club should continue to be based there with a number 1 ground inside the stadium.

Speedway is a Sport that has been there for 96 years, I was virtual born at Western Springs, as mum went into Labour during a practise when in 1978, i have been going since, watching, crewing and Racing myself. Western Springs is the Holy Gail of Speedway in the New Zealand if not the World. This place holds some great memories in the past and I believe that this place will hold many more memories for all.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I believe that having a 12-15,000 seat stadium would be a valuable asset to Tāmaki Makaurau Auckland and would provide options for all sports that require a rectangular field. Whilst the primary users would likely be football, rugby, and league could also be played there, particularly for games like provincial rugby, and club finals.

Additionally, I think the idea of a high-performance centre and other facilities like basketball courts near to the city centre would be of benefit. I also think that having a 25,000 capacity concert venue would cover a gap in the city's concert options.

The only concern that I have for any development of the space is that there must be prioritisation of public transport to allow for easy access to and from the venue after events. It is not appropriate to think that people can only access through private vehicles. Whilst buses are good and active transport routes are nearby, connections to those routes are needed, and consideration for other forms of public transport need to be implemented from the beginning.

I see advantages to both option 1 and 2, but overall I don't think we should settle for either of them because neither deliver great outcomes in my opinion. This site is too good to accept half a solution.

I like about option 2 that it keeps open space, the "bowl," preserves the natural environment, trees and other greenscapes, the grass, the open sky. Keeps the natural, relaxed, welcoming vibe

that the space currently has - like anyone can just rock up and use it. I see people jogging, exercising, kicking a ball around, having picnics, going for walks with others, I like that it combines music and sporting events and activities.

Option 1 seems the best value for Aucklanders on the face of it- that we'd get the most benefits as a city out of this option. It's a positive that it would host year-round events (weather friendly) and accommodate a variety of sports. However I don't see a lot of real, actual community benefit compared to the current use - with that big building, the feeling that you can just rock up and make use fo the space would be gone. I do feel that by building an enclosed/covered structure we'd lose something significant and unique abotu the site. It's not just the building but I'm sure they'd cover most of the site with concrete and prob have to cut some (if not most) of those lovely trees down. At the moment, Western Springs is a lovely balance to the rest of the built environment - arterial road, motorway on and off ramps, petrol station, motorway in the background. If the site is developed it will just be concrete and cars everywhere and that's not OK with me.

If option 1 provides for mostly niche sports and hospitality I don't think you could say there's a lot of community benefit. It looks more like private benefit to me. In fact if people are coming from afar for the niche sports, the increased traffic and associated congestion etc could be a detriment to the community.

Option 3B: If I could wave a magic wand...

Think of all the intensification happening in Avondale, Pt Chev/Carrington, Mt Albert. I imagine Kainga Ora has plans to replace the exisitng social housing blocks opposite the site and up the road with newer, more dense developments in the near future. We're talking tens of thousands more people living in the surrounding suburbs than now

We deserve a proper leisure centre with pools, running tracks, courts, a gym etc - it's too hard to get to the west wave in henderson (actually a long way away, esp if you bike/scoot and can't use the motorway), and mt albert is just a little pool for playing in - doesn't even count. The next closest is the tepid baths in the city - they are great but still a distance to travel and small, with limited facilities. We, the growing population of central-west Auckland, deserve our own leisure centre (this is the only thing that would make closing in the site with a roofed building worthwhile in my opinion), possibly with an open air track like the Trusts Arena in Henderson. I reckon Council could make this happen by working with partners and commercialising some of the space inside while keeping the outdoor part (track and bowl/amphitheatre seating) open to the public for recreation, leisure, theatre and performance.

We already have 4 large areas for arenas. Like Western Springs, Mt Smart, Mt Eden,/Eden Park amd Vector Arena. Are these venues booked out for activities. Basically we have these arenas already. We don't need more arenas? The same amount of money should be spent on infrastructure and reducing large debt. Why get into debt when we already have four venues. Oh hang on, five, North Harbour Stadium. Whereas we can't swim at beaches regularly because the pipes are messed up and we swim in fecal matter. What a tremendous cost to rate payers for another stadium. Stop this wasteful spending on what we already have. Jesus

the ground was gifted to aucklanders as a speedway venue where my father i law use to race . As it was gifted I dont see why the council now should take the venue and use it for other perposes . Mind saying that the next question is who is making a profit or kick back from changing the use of site ?

These options privatize the limited public space that is available to Aucklander's. The area should be returned to full public park access with areas that are currently suitable for parking to be used to supplement Auckland zoo and Motat parking which is woefully short in supply. This parking could be charged to help cover maintenance costs and provide good parking facilities and access to the area. Open space areas could be used for open air concerts as currently done.

A park should not have to make a profit - it is an investment in the health and wellbeing of citizens.

I think the Western Springs Bowl option increases the availability of the venue to more and a broader range of community groups, also acknowledges its value as a quality concert venue while retaining its use by Ponsonby Rugby with expanded operation. It needs to be retained as Auckland's asset and funded accordingly.

I think we need to look after our long standing Rugby Club who is Auckland Central and a place where lot of community is involved in using the facilities through Rugby, Touch and Tag over different age groups junior and senior.

I agree in off season it can be hired out for concerts which I have attended a couple and it's such a great location.

Western Springs should stay as a speedy track! It has been the home of speedway for 96 years and it should stay its home. It is a world famous speedway track that attracts many international racers to our country! It is disgraceful that the council forced speedway from its home, with no public consolation. My family has for many generations visited speedway religiously during speedway season, with my father also working security there in the later 70's and 80s. I vote for this to stay the home of speedway racing!

Keep the speedway there as it's well regarded as one of the best tracks in the world and gets crowds of 20,000-30,000 people that love going there as a community for 96 years which is way more important than all the stupid ideas the council has had. We have already lost pukekohe racetrack and now this. Auckland council keep finding ways to give people reasons to leave the city.

The event area is a natural amphitheatre, which was ideally suited to Speedway events. Further, there is a significant amount of parking space, right on the site. Options 1 and 2 would probably mean that some or all of the existing parking space would be covered by buildings/sport courts. Possibly/probably a railway loop would have to be created to transport large numbers of attendees to the venues.

Auckland arena will inevitably be too small for the crowd anyway. Auckland FC seems to be a popular team and will likely outgrow the venue. As for option 2 - we already have plenty of facilities for Rugby and we already host music events at western springs. I don't see the sense in this if we can already host these events successfully. Bring back speedway as this was an Iconic venue for the sport and the proposed replacement venue will not be the same.

I've been attending the speedway for 45 years and I say it should stay, no need to change a good thing. And I have also attended amazing open concerts too. I love the it is and say it should stay.

Better sporting facilities for the community across a broad range of interests. International investment in a quality mid size stadium for central Auckland. No cost to ratepayers, while delivering meaningful growth to the region. Eden Park can host large scale concerts and this option 1 facility could still host the vast majority of gigs in NZ (<15k audience).

Football is NZ's most popular sport, basketball also growing quickly. Option 1 reflects the changing reality of sport participation in NZ and supports that growth, in a way that provides

great value to ratepayers. More individuals will get more public good from option 1, as long as access is affordable and a degree of public space is provided.

I prefer this option as it's fits the area better & keeps the uniqueness for the community. I enjoy the current model as we have been able to watch rugby, touch & tag at these fields plus concerts & community activations which has been amazing. I would prefer this to option as it seems the sensible & local connection.

Please keep Spreadway at Western Springs where it has been since 1929. It is the most cost affective option for Auckland ratepayers. We do not need any more stadiums, we have enough venues for football, rugby and entertianment events that can be used. Why move Spreadway to an unsuitable venue that is not fit for purpose and then turn around and spend millons trying making it suitable. It makes money for the council in its existing venue. So leave it where it is. All you are doing is sending they money that speadway makes out to Auckland to other regions that have a suitable venue.

Western Springs is a beautiful park not only beautifying this part of central Auckland but also acting as lungs to this busy city. The traffic is bad enough as it is in the area let alone add gigantic stadiums in the area. We already have Eden park for larger events and sport. As a previous resident in the area, I witnessed a lot of noise from the Speedway and concerts in WS, so a larger scale events/stadium would drive out local residents. WS just needs a good face lift. Put in a better playground for young families to use, as urbanisation is upon us and our community will lose play and recreational spaces. I have brought up my kids in this park and we love it. The Pasifika festival is an example of the level of community events that should be held here and it

brings vibrancy and diversity to the local community. Ponsonby rugby club has been an iconic family orientated club where we joined so our children could play sport with their school friends. I say leave it as is but clean up the birdlife that defacate everywhere and add a few more amenities like food/coffee trucks so more people come to enjoy this beautiful space.

Ponsonby Rugby is a rare and iconic part of Auckland's history — a living relic from a past that's quickly disappearing in a young city that has already lost so many of its treasures. Let's not let another one be erased. Ponsonby deserves to stay just the way it is.

Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I attend events at the stadium or its sports fields,I participate in nearby activities (e.g. community sports, performances, MOTAT, Zoo, Western Springs),Other (please specify):

Have lived in neighbouring avondale and enjoyed many years of activities at western springs

There are three options to consider

Which option do you prefer? Select one option only.

I do not have a preference

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Both option 1 and 2 have setbacks.

Both are claiming to serve the community, but both appear to have exclusions. One has a fence blocking everyday people from use, the other involves cost to everyday users, and they appear to have different definitions of the word 'community' and intended users.

It would be good if it was a space like a community hub with cheap and free community activities that bring the community together, and a space where functions and concerts could happen. A

public space should not have exclusions to those who are already disadvantaged. A public space should benefit and be accessible to all people.

When things go into private ownership, they can get expensive for the user. This should be avoided.

Questions for the council:

-How much would the funders of option A be charged annually for this 100 year lease?

-What exactly do both options mean by community use? Could you turn up with friends and play a game of basketball or badminton together for free or a very small fee? As Auckland grows, our cheap/free recreation and green areas become increasingly vital. And for those who fo not have spare cash, this is even more important.

It would be good to have a space that is free or very cheap for all to use... not just exclusively for specific clubs or large events.

In addition, I think this space can be better utilised and have the ideas mixed together.

We keep the speedway, build a publicly accessible gym/sports area where the barn currently stands, increase the stands for greater attendance if required, and keep the sports fields open to the public 24/7. I don't think we need another huge stadium. We already have a few in Auckland. This would create a more versatile and widely used space.

But whatever happens, we need to keep those front feilds open 24/7 for public use like all parks. People need to have spaces to kick a ball with their kids (without balls landing in western springs lake). Do not reduce or get rid of the green fields space, as this is a city's greatest asset that serves its community with greater health and wellbeing.

I would like to see some consultation with Maori. Local iwi may have a better idea than the current proposals.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Option B feels like there is more flexibility for a range of events and sports - and it's been such a great location for gigs like laneway and (RIP) big day out that I hope more music events like that can be explored. I don't like the idea of a privately owned facility here - partly because this is a true community asset and should stay that way, but also because I worry that it will limit access to cultural and other community groups that will not be able to afford high corporate rents to use the facility (on the basis that the private backers - although millionaires - will be wanting a return on their investment and will charge accordingly.) Western Springs is a jewel in Auckland's crown and should remain accessible to all of the community - from grassroots clubs to international

events. Option B also feels like it will be the best chance to retain some of the natural environment (such as the iconic amphitheatre) and the lovely trees and grass. Option A seems less in keeping with the natural vibe of Western Springs and conjurs up images of lots of concrete being laid over the grass to make room for car parks.

I grew up in the area, had family and friends who were involved in the club, and I often went to concerts, and events - sports, and music concerts. An upgrade wouldbe fantastic , keep the old club, add new sports facilities, have room for concerts, it would just enhance the old vibe of Community connection, fun , easy access to the stadium, adding a new flavor, to something that has worked well for Aucklanders, and visitors.

I am passionate about football and the pathway it can provide for Kiwi kids in the worlds biggest game. I am often skeptical when projects say they are solely privately funded, however having witnessed what Foley and his group can do to football clubs elsewhere in leagues and competitions much bigger than ours, I am more than confident this facility would be a huge asset to Auckland. The future of football ownership globally will be multi-club ownership. Auckland FC and Auckland as a city is unbelievably lucky to be ahead of the curve on this. This is a once in a lifetime opportunity we would be silly to pass up.

Western Springs has a very rich cultural heritage and history and it would be good to see this explored and developed when considering new facilities. The Bowl concept would give Auckland a unique and iconic venue, as opposed to the Option 1 which is replicating existing facilities that the city already has (and could be further developed) in other locations. It would also allow the area to retain its character. Proposers of Option 2 will likely have made site visits to similar global examples (e.g. Hollywood Bowl, Red Rocks Ampitheatre). I would also like to recommend the

smaller Orion Ampitheatre in Alabama (https://theorionhuntsville.com) as a 'best practice' example of a purpose built ampitheatre which acts as a music tourism attractor.

Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I live in the area (Waitematā or Albert-Eden local board)

There are three options to consider

Which option do you prefer? Select one option only.

Option 3B: Neither Option 1 or Option 2 - explore other ideas

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I live nearby and have attended many family nights there. The council are always wanting to change or move the good things the locals can and have for many years.. Historic buildings arnt allowed to be removed and neither should Western Springs Speedway after all these years. Other options could be et in behind it....expanded it get Bikes and

Sidebars back make it even better.

Speedway can and should stay at Western Springs Stadium.

They are able to continue to run it as a multi sport venue with large events and Ponsonby Rubgy Club. I have attending huge concerts there that have been better than any other venue I have attended for concerts. I have also attending Western Springs Speedway and many other tracks around NZ and no other Speedway track has the atmosphere and mass community involvement like Western Springs Speedway.

This issue/decision making has been severely mishandled and I do not agree with the process or decisions that have been made so far.

Future use of Western Springs Stadium

I have attended every speedway meeting for the last 60 years. I was an official for 20 years and now a regular spectator and moving speedway to Waikaraka park will be the end of speedway in Auckland. Drivers from the USA come here every year as the facility is the best in the world. To loose this stadium to anything else would be a travisty. I am sure speedway could share the stadium with rugby and other events ie concerts.

Western Springs stadium has a historical significance and is part of the local community since 1929 attracting legends like ivan Mauger and Barry Briggs. The stadium also played a role in the 1950's British Empire Games. Dont forget the major concerts and festivals accomodating up to 55,000 attendees! Remember the Pasifika festivals? Bring back our stadium that embodies a rich history, cultural diversity and community spirit.

It should be retained for the speedway. Don't throw almost 100 years of history away and sell out. You can build a new track which isn't central anyway but you can't duplicate what we already have.

The way Western Springs Speedway was treated through the council voting process was truly appalling. Speedway should stay and continue as the historic icon and family entertainment that it has been for close to 100 years. The $11m capex on Waikaraka Park was needed regardless and the two speedway disciplines are different regardless of the current promoters vested interests.

I would have chosen option 1 but I believe it's Ludacris to spend all this money.... for a 12 000 seat arena... auckland FC is putting 29k fans in Mount Smart right now... why spend money and have less fans to enjoy? This will drive prices to the roof. So I rather have western springs upgraded. If the proposal was for a venue with more seats I would take other option.

The world class speedway is an Icon of New Zealand. There is many other venues in Auckland to cove what the proposals are wanting to change it too.

The speedway has been going for almost 100 years. Why is the council trying to abolish the history of Auckland?

AUCKLAND (NZ)

****

1926 - WESTERN SPRINGS SPEEDWAY

In about 1926 two men in Jack Kay and AJ Roycroft got together with the idea of building a speedway on wastelands at Western Springs, these two men travel abroad to resarch speedways allready in operation, upon returning a proposal was put to residents and council to build the venue.

Work commenced in 1927, The stadium was built as a relief project as was the Chamberlain Golf Course and the Waterfront Reclaimation. some volunteers including residents and council workers all assisted, the speedway was built and ready for racing in November of 1929.

The first speedway meeting was held on the 30th of December 1929, the racing was in the form of motorcycle racing only around the quarter mile circuit.

1979 - WESTERN SPRINGS SPEEDWAY. Inter-Nation Midget Car Team Series. 29th December 1979.

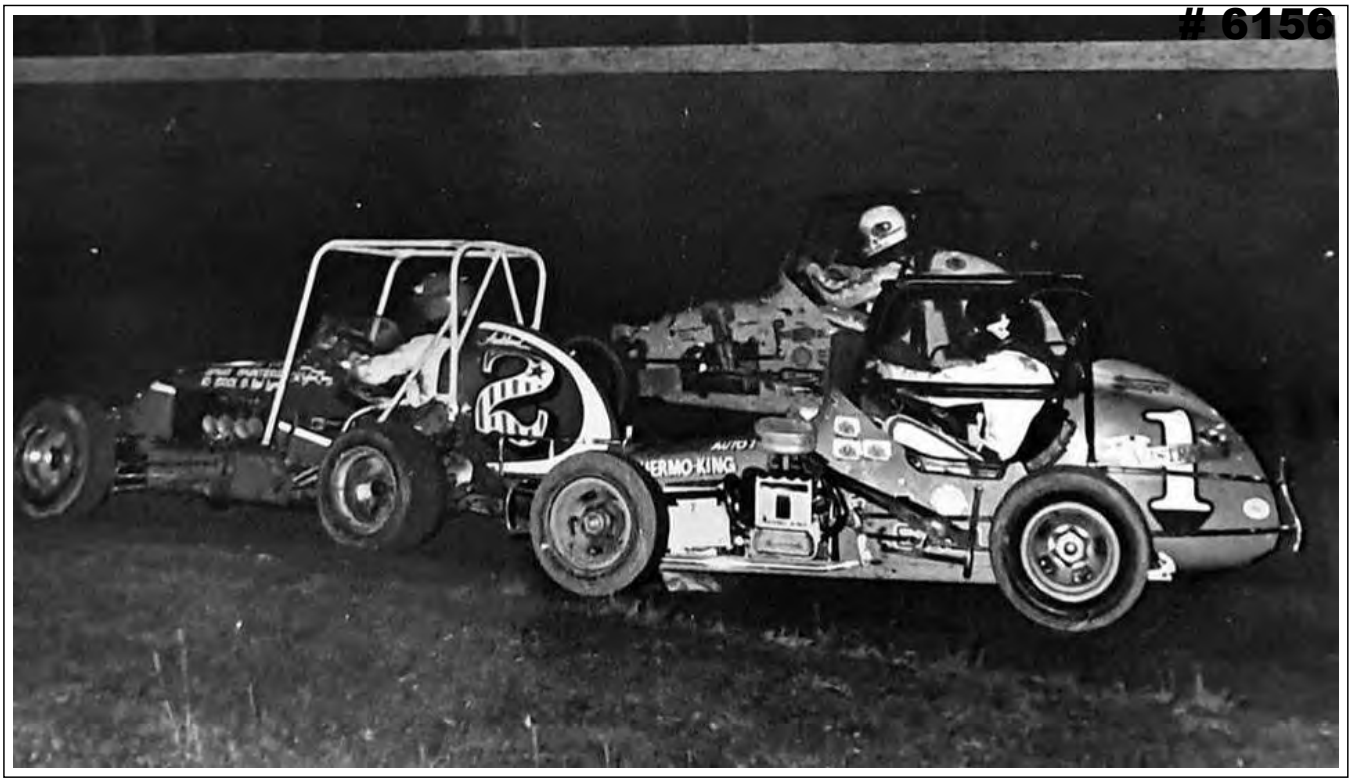

New Zealand Speedway team defeats USA & Australia

Some of the worlds best midget driver's were here in action tonight at Western Springs for the running of the Inter-Nation Midget Car Team Series.

Representing the United States of America were Mel Kenyon, Rich Vogler and Sleepy Tripp. From Australia were Ron Wanless, Gary Rush and John Fenton. Whilst our New Zealand team consisted of Barry Butterworth, Ted Tracey and Owen Shaw.

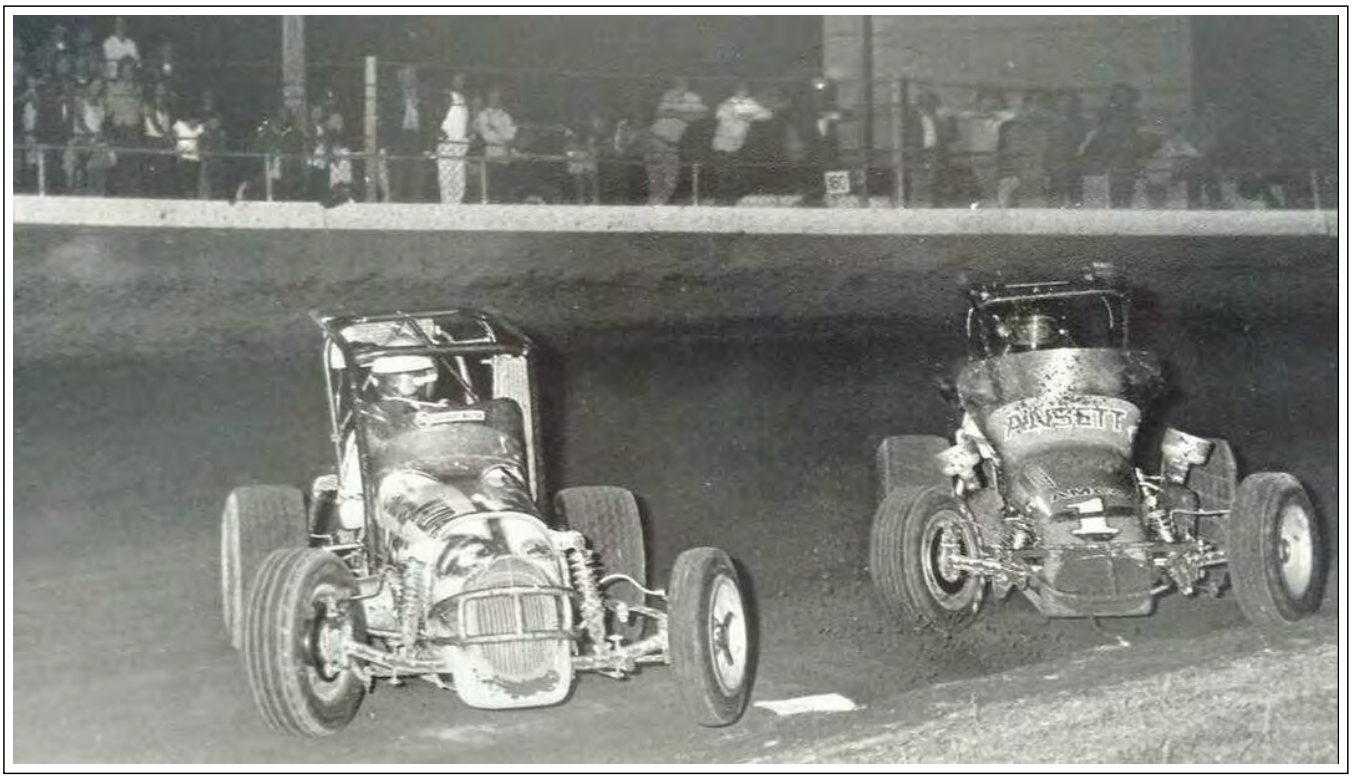

The five International races were won by Tripp, Vogler, Tracey and Butterworth x 2. The final point score was New Zealand 94, USA 76 and Australia just 23 points after some of the cars had mechanical problems all night. Vogler would also go on to win the 20 lap Midget feature event, from Tripp and the local driver, Warwick McKenzie.

- Give Speedway a long-term lease.
- Give speedway commercially successful operating conditions.
- Change the WS Stadium Unitary Plan to help speedway like they did at Eden Park to help concerts.
- Speedway can be part of a multi-use situation with concerts can and have worked with rugby at the stadium.

- We (stakeholders/fans/the people) were never consulted with before this time and should have been.
- I'd rather see my ratepayer money spent to have speedway at Western Springs Stadium than a lot of the things the Council currently spend the people's money on.
- I have seen how this issue has been handled and I don't agree with it and have lost faith in the council staff and many councillors.
- Most Aucklanders I know want the same as me.

It is hard to put into words just how strongly I feel that Speedway must be retained at Western Springs. The sheer audacity of councillors holding a totally temporary seat on council having an overinflated sense of self importance that would vote to destroy nearly 100 years of cultural heritage at Western Springs to save a few pennies is outrageous. The arrogance of these councillors to destroy the legacy of a sport that has endured at its home nearly a century is simply mind boggling and demonstrates how far council has strayed from serving its residents. The decision to relocate Speedway is cultural vandalism in and of itself.

But to make matters worse, the council is ready to give prime Auckland real estate to AFC for a 100 years. AFC is nothing but a billionaire's hobby team. It has no heritage, it has no history, it is a totally made up plaything. Yes it has drawn strong crowds this season, but what happens when the salary cap comes in, and AFC can no longer cheat and spend their way to the finals. What if AFC goes the way of the Kingz or the Knights before them?

I am totally opposed to AFC at Western Springs for the following reasons. First is in principle. No billionaire should be able to take public land to their benefit for 100 years and council should not be so ready to lick the boots of the rich and high profile. It is absolutely despicable that public land like this get converted to private profit for generations. This is community land for the community, not a billionaire's hobby team. Secondly, Auckland already has enough stadiums for football codes. There is Mt Smart, Eden Park, North Harbour, Pukekohe. AFC has a range of venues. There is no need to take over a public park to play.

Western Springs' history should be protected and should not be thrown away by unaccountable councillors getting excited by the smell of money. Auckland will be paying for this loss of amenity well after these councillors are long gone. These councillors need to have a hard look at themselves and think did they vote for the people or did they just want to be in the pocket of billionaires and Ali Williams?

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I am from a 4th generation family that has been attending Speedway at Western Springs since 1929. My Popa went in the beginning and then my Dad started going when he was a preschooler around 1947/1948. Up until his passing last year aged 80 1/2, he went for 76 years. Dad does remember not being allowed to go for a short time due to the polio epidemic in the late 1940's. Dad was involved with many crews over the years but in more recent years we go as a family for the thrill of the racing and the friendships that we have made with our Speedway Family worldwide. As an Aucklander and Auckland rate payer aged in my 50's I am saddened at the

possibility of the closure of Western Springs. It's the oldest race track in New Zealand and the history has to be protected. I would rather my rates be spent to have the Speedway at Western Springs than many of the things Council currently spend money on.

Drivers and fans come from all over New Zealand and the world to race at Western Springs, it's on many people's bucket lists if they haven't been yet and many want to come back. I have been lucky enough to attend numerous race tracks in Australia and the USA and Western Springs is up there with the best.

As Western Springs is almost 100 years old it has an important historical place in Auckland's history and in its future. It has successfully catered for the Ponsonby Rugby Club and as a great concert venue, this could continue with a change to commercially viable operating conditions and a change in the WS unitary plan for Speedway just like they did for concerts at Eden Park.

As Speedway fans and Auckland ratepayers we were never consulted on the future of Western Springs and we should have been. Groups supporting Speedway at Western Springs were denied speaking rights in front of council and this is not democratic. It's disappointing to see all the bad publicity in the media about the Auckland Council and the bad behaviour of some of the councillor's, and its shocking that the SFO, Ombudsman and a KC have to be brought in to try and sort this mess the Council have created. I have lost faith in the Council and I don't agree with the process the Council have followed and the way they have handled this situation.

Even this akhaveyoursay consultation document is misleading. Nowhere is speedway mentioned, if you want to find it, it's hidden in the fine print and very confusing for the average person who knows that Western Springs is currently the home of Speedway as it has been for 97 years. Most Aucklanders I know and talk to want the same as me - for Speedway to remain at Western Springs.

Love the Auckland FC idea but feel sport is served elsewhere perfectly well. As a music professional I can attest to the lack of a fixed infrastructure music amphitheater and how important Western Springs already is for major live music events. I also feel this is the best option as it will retain the rugby clubs lease, which holds great value for the community.

I have been going to Western Springs Speedway for 62 years as part of our 4th generation family attending every summer. It started in 1929 and is now a heritage park. My husband made a 1/4 midget for our young girls he also restored a 1948 Kurtis Kraft Vintage Midget in the 1980's. Our family sit at pole 8 and we celebrate birthdays to add to the fun. Our Speedway at Western Springs is known around the world, we have visited tracks overseas but Western Springs is the best and the track we call home. We have met overseas drivers and they love coming to Auckland to the Western Springs Speedway track they say is the best in the world. We enjoy meeting speedway friends over many years and the thrill of watching 1/4 midgets, 3/4 Midgets, Midgets and

Sprint Cars plus the noise, smell and food. It's a very safe family place to come to and we look forward to celebrating the 100th Anniversary at Western Springs in 2029.

I don't like reading in the media how badly behaved the councillors have been towards the speedway stadium, I would rather my rates be spent on the Speedway than any other thing the Council are wasting money on. I don't feel like I can trust some council people and have lost faith in the council and what they do.

I want to help keep the 150 yr legacy that is Ponsonby Rugby club and if it to keep going. Bigger establishment will mean more cost to everyday people. I also believe it doesn't have the infrastructure to house a multimillion dollar arena.

Seems to be the best future-proofing option. Also minimizes the cost to the ratepayers of Auckland for yet another outdoor venue. Auckland's stadiums are underwhelming at the moment, so Option 1 seems the best mix of a multi-purpose venue and a minimal cost to the public.

i like the idea of combined music and sport venue, don't like the first option of sport only. it would be great if the area was upgraded especially now that the speedway has been relocated. it is a great music venue with a natural amphitheatre, more people would be able to use the space if it was mixed art and sport.

I believe that Auckland needs a smaller rectangular stadium to house a number of sporting events with ancillary training and support facilities. Current venues do not cater for such events. The location lends itself to such a development. With major private investment and limited public investment it seems financially viable. A smaller venue of this type will get greater usage than other larger venues..

To whom it may concern,

The Auckland City Council may not actually realize just how iconic and historic the Western Springs Speedway actually is here in the city of Auckland..

There is a Speedway Culture at this venue over the summer months and its not just about crazed men and woman motor racers sliding around on the the dirt oval which has taken place for the the past 96 years, it's about Auckland City based families, visitors from out town and International

families coming together to compete, spectate and to socialize at this Internationally acclaimed Iconic venue.

It has been a meeting place for so many people from all parts parts of this country and also the world with the common interest of Speedway motor sport.

This track and the venue is recognized by by top international drivers as one of the best 1/4 mile dirt tracks in the world.

Western Springs Speedway is the home of Speedway racing here in New Zealand.

On a personal basis I literally grew up at this track from the age of six, firstly as a spectator, and then when old enough as a crew member for my late father who started his racing career at Western Springs Speedway in 1969, a racing career which spanned over 31 following years.

We as a family raced at this track for well over 31 years and I personally raced there for 3 seasons myself, as well as my two brothers. We were a family of five members racing and supporting the sport.

My late father and mother Pat and Rose Johnson hosted many international drivers and supporting crew and family members on numerous occasions both on and off the track. Speedway was a way of life for our family and it kept us all very close together with supporting each other.

In 1986 when NZ Rugby League had its first team admitted into the Australian NFL, Western Springs Stadium was in its sights as a new home to host the the NZ Warriors Team. They later settled for Mount Smart Stadium which has been a great success for both the team and the fans, and is now indeed the the home of the NZ warriors.

My late father helped with the battle to save the Speedway back in 1986 from that proposed take over at considerable personnel expense for his very much loved sport from being removed from Western Springs.

Here we are 40 years later with a similar situation which need not happen when North Harbor Stadium is being under utilized and is the perfect venue for up grading to what is being planned as an alternate option for the proposed new A league soccer stadium.

If I may use the great line from a wonderful movie the Field Of Dreams..... Build it and they will come.

Western Springs Speedways rightful home is at Western Springs Stadium and long may it continue for the next 100 Years as racing technology will allow for other types of racing to take place at this historic venue into the future.

If you move Speedway out of Western Springs Stadium you will indeed kill the sport and a legacy that so many people have built over the years to make the sport what it is today.

I believe you will destroy a family history of many competitors, crew members, supporters, and fans. and personally I find it totally inconceivable that you as a council would even consider any other option than what is currently happening with the facility's utilization of its current use, I personally don't believe you would be acting in the best interest of the Auckland Rate payers, Speedway Fans and competitors.

Thank you for your time reading this submission.

This is an amazing outdoor venue, particularly for music. We should not be putting indoor facilities such as basketball courts here. The backers of Option One are financial stakeholders rather than parties considering community benefit. It is a natural central location for music, concerts and festivals.

Your feedback

What is your connection to Western Springs Stadium? (tick one or all that apply)

I don't have a direct connection, but I am interested in how the space is used

There are three options to consider

Which option do you prefer? Select one option only.

Option 2: Western Springs Bowl

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Option 2 gives access to a wider variety of sports. Option 1 is too grandiose and could easily fall over, leaving Aucklanders with one venue less.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

We need something in Auckland that's state of the art and supports our kids with a variety of sports. Auckland Arena is the best option. We also need more football support in this country and having Auckland FC based there will do wonders for the city and area.

It is a Historical place and should be treated as 1. 5 generations have been going to speedway ww do not want to see it gone. It's a flood zone, leave it alone. We would be very disappointed if it doesn't live to 100, what a celebration that would be, if you ask the neighbors around the area, I'm sure they don't want noisy concerts. We have enough stadiums in Auckland we don't need anymore.

I would prefer a full reset of Auckland stadiums where a waterfront stadium is devised for sport events and not Western Springs. To fund the waterfront project, Eden Park is ceased. Auckland would then simply have x1 to x2 stadiums being the Waterfront and Mt Smart. Speedway and Ponsonby Rugby are to remain at Western Springs and funding is put aside to keep it fit for purpose for community speedway and grass roots Rugby (ie low cost facility fit for purpose).

I have embraced and supported AFC and feel western springs isn't the best option for everyone. Western springs should remain untouched for the historical reasons and be enjoy d by all in the community as well as the Speedway community and not become the hidden agenda of a few rich listers.

Just do it! The fact that this will be a multi purpose stadium is awesome. Nice seeing some support going to football also. Would like it if some good public transport was worked on as currently getting to a game is a nightmare.

Over the years, PRFC has been forced to relocate twice. There is not a suitable venue to to move the club to cosidering the the training requirements for teams and the parking restrictions for members and supporters on game days. Option 2 is better enviromentally and asthetically for Auckland.

It should stay as it is with speedway included. Not sure why it cannot stay the way it is. You can still up grade all the facilities.

I've also lived in the area all my life. So this place has a lot of history.

As a supporter of the Warriors and AFC I think unless a 25,000+ seating stadium for football (soccer + rugby) is built there is no real utility in developing the grounds in this way for community benefit. If a stadium is built, it will need to be designed for football codes and not cricket as this reduces the level of excitement and atmosphere for the event goer.

In its current form Western Springs is a good venue for concerts and festivals, further development in the culture sector would add the most benefit for the community.

Not that I am a fan of Rugby Union or have any affiliation with the Ponsonby Rugby Club, it would be a real shame to see them lose their home grounds. We need to consider the impacts on our grassroots sports when looking at developments of this kind as they are the foundation to our community engagement with sports.

I don't see the need for another major stadium for sports and enetertainment when previous studies have stated that Auckland has too many Stadiums. There is a 50,000 seat stadium nearby (Eden park) and other stadiums that can hold small events (Trusts Stadium).

Auckland Council bangs on about Hertitage values but wants to kick Speedway (96 years) and Ponsonby Rugby (over 125 years) down the road.

I could see a future for both Speedway and Ponsonby rugby to stay at Western Springs in conjunction with other events. This would require expense but it is hard to imagine that this would be more than that proposed for either option 1 and 2.

Auckland Council may need to rethink it's commercial approach as the basic function of a Council is to provide facilities for the general population not be a profit making enterprise. As a rate payer I feel the Council treats rate payers as a cash cow for a lot of expensive nice to have things and then states they don't have enough money for the basics.

I support Option 1 because it provides a facility that more people can benefit from and means ratepayers don't have to foot the whole bill. I oppose Option 2 because there are other things more worthy of capital investment by Auckland Council right now and it would be unfair to invest so much in what is essentially just a rugby club upgrade - especially when other worthy projects are facing cuts and people are struggling to pay their rates.

To the best of my knowledge there isn't a singular large capacity venue in New Zealand that is music first. Everything is for sports. There are so many options. Having one venue, just one would be a game changer for culture, for the city and for the local economy.

the speedway has been there long before the houses and its known world wide - it is important to makw ir a heritage site - perhaps putting a roof over it would reduce the noise to the neighbours

I've enjoyed some fantastic times as a music venue and is the least disruptive of the options. Also I'm not sure our population needs another sports venue - plenty on offer, Mt Smart, Eden Park, Spark Arena, North Harbour Stadium

Western Springs has a long history of hosting concerts and other events. Ponsonby Rugby Club has been there for a long time and they should be able to stay. I like the idea of making space for other sports and activities - that is important. I appreciate that this option may cost the ratepayer more but it seems like it will deliver a better outcome. We need something lasting that provides for existing uses as well as new ones. We don't want an option that means private interests are in control for a very long time.

Need more indoor basketball options in the city and close to where we live - currently Blockhouse Bay. There's a lack of basketball infrastructure and it being the fastest growing sport and possibly now the largest sport participation wise in NZ/Auckland, it needs all the support and facilities possible.

I would like to see a thorough analysis of all council owned event and sports facilities in Auckland. What are Auckland's needs now and for the next 50 years? Concentrating on the costs of one facility while ignoring the costs of all others seems inadequate. This land in central Auckland is valuable and I fear the council is focusing on short term cost savings.

I think option one presents a great opportunity to get a small boutique stadium for smaller events in Auckland. I don't think it is incompatible with option to either, I think it should be compatible with larger concerts and I'd hope there is a way that Ponsonby rugby club could use it in the winter months.

Western Springs has long been a multi use public venue (sports, cultural events, concerts and Speedway). I wish for it to remain so, it is a great community asset as is. Speedway should continue there as it has for nearly 100 years, It is the only centrally located venue capable of holding such races. This is one of its draw cards. i do not believe the current process of moving Speedway from its home has been fair and transparent. Council's vote on this matter is likely to be legally challenged. To save rate payers unnecessary cost of paying for on going potential litigation. A new council vote open to public scrutiny should be sought. While each of the above options has their respective merits. I respectively submit that the process should be started afresh.

An Upgraded Bowl in my opinion is the answer a. with a permanent stage in situ and clubroom and facilities retained for Ponsonby Rugby WS it can be a fantastic answer to a local music venue (natural amphitheatre - a blessing) whilst retaining it's existing service to the community!

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Council acted in an extremely underhanded manner in moving to evict speedway from Western Springs. A sport that has incredible pull and mana for the city and has had for almost a century. Any decline in crowd numbers or revenue is merely down to the severe restrictions accumulatively placed on it over a period of decades by the council itself (in an attempt to force it out of the stadium) and is in no way a reflection of it's popularity. There is virtually no one in Auckland who hasn't had incredibly positive experiences at Western Springs both as a speedway and a rugby or

concert venue. There is a long history of successful use of the stadium for both speedway, rugby and as a concert venue already. Speedway does not have to move out for the stadium for council to increase its use for other events like concerts. Remove the restrictions and let all mandated users of the stadium under the unitory plan, thrive.

In addition, the argument that this type speedway can just race anywhere and that Waikaraka stadium is a suitable alternative (even with the upgrades, which were long overdue and deserved anyway) is ludicrous. It's like telling an ice skater that a roller rink is just fine, or vice versa. Just because two sports look the same doesn't mean the facilities they need are also the same. And actually the current facilities as they stand at Western Springs- without spending any city money at all- are already rated as one of the best venues in the world attracting a loyal following of international competitors. I repeat, with zero money needing to be spent! Budget THAT.

And while it is awesome that Auckland now has a football team of its own, I believe that the owners of that club simply like the convenience of the location of western springs being close to their home and their bid is not about needing a different facility for their club either.

With speedway at Western Springs, we are one of the most privileged cities in the world to be able host a sport at it's highest level, not just any sport, but of one of the most exciting sports in the world and one that is actually unique to NZ, Australia and the USA. Not only that but a sport that has been born and grown here through the unique ingenuity and talent that can only come from the NZ spirit. Our NZ history of success in other world motorsports like Formula 1, Indianapolis, Nascar, and Supercars, comes from ground roots starts and opportunities in sports like speedway. Some of our most famous motorsport exports began their careers at Western Springs. Not at Waikaraka, but at Western Springs. Football is found in every city of virtually every country in the world. Do we need another football stadium? NO. Will we be losing an incredibly special and RARE sport and important sporting venue by destroying Western Springs stadium as it is? YES. I cannot stress enough how UNWISE this decision would be. And spending UNNECESSARY millions to do so? Ridiculous!!! Honour the unitary plan. Honour the unique history of the city and preserve not only the stadium as it is but keep the future of the sport of speedway there. Honour the hundreds of thousands of people who have created and enjoyed lifetimes of memories there because of this sport and this stadium. And honour your obligations as representatives of the people by acting with integrity instead of of greed. Thank you.

3b because

Our family has been involved in racing at Western Springs for well over 60 years. My husband has been a spectator. a member on the several crews on cars, worked as a mechanic on a couple of cars and been an advertising on cars. We have taken our children and grandchildren to the racing for years and hope to take our two youngest grandchildren one day.

Speedway can be successful with a long term lease and commercially operating conditions.

Its possible to change the WS stadium Unitary Plan for speedway like they did for concerts at Eden Park.

Speedway can be part of a multi-use situation. There is space to build a building for an indoor basketball court.

This is the only option because without the Council having a clear idea of planning for all stadiums how can they give the Springs away to a group for 50 years.

Western Springs Stadium 2005

Option 1 NO	Option 2 NO	Option 3 No	Option 3a Yes
The council would still need to spend money here. Cost of putting an extra road in. If it came out at the Bullock Track it would be diabolic for the traffc there. Does Pt Chevalier, Grey Lynn and other surrounding areas need more hospitality and other services competing with them? No. Does the local Football Club (Pt Chevalier Football Club) need a competing club so close to them. No. I haven't seen anything on there website or Facebook page that shows they are keen for this plan to ahead. If the PCFC needs more fields let them go in with the Speedway with option 3b. For Community events I think something could be worked out in 3b with the right management in place. The Professional Team has been operating out of North Harbour Stadium and the Go Stadium. Money would be taken away from these stadiums if the professional players stopped using the stadiums. This area is already pushed to the limit with the Zoo, Motat, Horticulture Society,	Auckland Council says there are other fields the Rugby can use so let them use them. Leave the fields for extra Football fields if there is a need in this area. Concerts. Why would you want more concerts there especially as they don't have the same rules as Speedway did (Noise restrictions and finished by 10.) I know my friends in this area would rather have Speedway there than concerts. The building that the Ponsonby Rugby club uses (I assuming the council owes this) as club rooms could be used year round for other community events or divided into smaller areas to rent out to services to bring more money in.	Not an option as it does not include Western Springs Speedway that had been operating on this site for well over 95 years. There is a court case pending on how the Speedway was pushed out of this stadium. The 11ml which TAU was earmarked years ago to give to the local board to use to up grade the whole of Waikraka Park and then there was no mention of the Western Springs Speedway having to go there if the money was to be handed over.	This would include Western Springs Speedway as I have been told there are people willing to run the Speedway here if they are given the right economical tools to do it. There would need to be more race days. Speedway can be succesful at the Springs with a reasonable lease time and commercially viable operating options. The 1ml that TAU say they were loosing by having it here was never fully explained to me. TAU should not be managing this as from what I have seen of them they do not know how to run Stadiums. For example North Harbour Stadium. There was talk of knocking it down. I know of people on the Shore that used to use this stadium eg teachers who no longer do. Why? TAU told us cricket was going to Western Springs and built extra seating. That never happened and money was wasted putting in the seats. If the Springs Stadium was loosing money I wonder if the TAU didn't look for other ways to bring in money on this site.

Western Springs Community Centre and Western Springs competing for parking in the weekend mainly. Public transport (bus and train) is good but some people still need to take cars. Great North Rd could be much slower to drive through this area which affects a lot of people especially people taking the bus. Apart from Steven Adams are their other indoor basketball places that have backed this. I'v not seen any of this in the media. If it is such a great option why don't the proposers just buy the land off the council. Is there is something in the deeds (conditions) where it can't be sold off.

We do not need another half thought out stadium to take away from local community groups. The Western Springs bowl is an iconic part of Auckland and losing it would be a tragedy.

Even the Auckland FC coach has said he doesnt really back the stadium cos it will not be fit for purpose for long - so DO NOT GIVE IT TO THEM.

Quote from coach: Auckland FC coach Steve Corica questioned whether it would be big enough, considering the big crowds the team is drawing at the moment.

I choose option 2 because other than Western Springs Stadium there isn't a dedicated amphitheatre style concert and / or event facility in Tāmaki Makaurau that can host both large scale events or smaller 10-25,000 capacity events. There are currently at least 3 stadiums capable of hosting the football crowds that option 2 outlines in it's current proposal.

I have amazing memories of speedway from my childhood in the early 2000s. What an awesome family event that we could all enjoy! I believe it should be kept, the community is friendly and inviting. It gives Aucklanders something to look forward to doing on a weekend. Lastly something I want to some day take my kids to!

Why fix something that isn't broken or cause more financial harm to rate payers when they are already overly inflated in the last year and now next.

Because it is great for speedway events and concert events, it has great acoustic surrounds and has been an iconic events centre for many many years and would be a terrible shame to destroy that experience.

I doubt anything new could compare and would obviously cost a lot of money that does not even need to be spent, the site dies not need develome t.

I do not, under any circumstances, want the private sector to run this facility. They are not to be trusted. I would prefer option 2 where the venue remains in the hands of the community, and benefits the community.

It's an iconic venue. I have been to many concerts and have been a speedway goer for decades. Residents who complain about it knew it was there when they chose to live in the area so in my view do not have legitimate grounds for complaints about noise.

The Western Springs site has cultural heritage, and I have attended many great concerts and sports events in the past where the venue has been excellent. I would prefer the council focuses on other projects, such as reducing the number of homeless people sleeping rough around the city and addressing environmental issues, such as unsafe beaches and reducing traffic chaos around Auckland.

I support NZ Music and think this is the best option to encourage the development of local events and artists. Auckland needs a venue like this, and I don't believe it needs another major sports stadium. I have loved attending various outdoor shows at Western Springs over the years, and believe it would be a major loss to the city if it was unable to be used for these type of music events. I also love the fact that Ponsonby Rugby Club could continue to operate there with the Western Springs Bowl proposal. Thanks.

From what I've heard it seems to consider the current community interests (rugby club, recreational users) and outdoor festival area (commercial interests) both equally well

It would be utilizing a natural amphitheatre with convenient transport links which would make it ideal for live music & performances. This could bring in extra work/ commercial opportunities without detriment to existing community groups which currently use the space

I think it is the most balanced and forward-looking choice. A world-class concert venue that attracts top global entertainers and also supports Auckland's cultural and music scene. If designed well, it could rival the Bowl of Brooklands in New Plymouth — a venue that has become a celebrated cultural destination and a huge drawcard for major events.

Statement of Support for Ponsonby Rugby at Western Springs

I strongly support Ponsonby Rugby retaining access to the Western Springs fields. This location holds deep significance—not just for me personally, but for generations of players and families who have called it home.

Ponsonby Rugby has a proud legacy, established 150 years ago, and its long-standing connection to Western Springs is a vital part of that history. The central setting makes it accessible to many

in our community, and it has served as a gathering place for countless teams, supporters, and families.

My husband, children, and extended whānau have all played for Ponsonby Rugby. The club has shaped not only our sporting lives but our sense of belonging and community. For many, Western Springs isn't just a field—it's a home, a heritage site, and a symbol of what rugby means in Tāmaki Makaurau.

Preserving this space for Ponsonby Rugby is about honouring the past, supporting the present, and safeguarding the future of a club that has given so much to so many.

Ponsonby Rugby is a cornerstone of rugby in NZ and provides the immediate and wider community a sporting opportunity that many can participate in regardless of age, gender creed or socio- cultural background. Ponsonby Rugby history was documented in a book, Ponsonby Rugby Club - Passion & Pride, Neazor. P; (1999) and tracks the influence of this club as a influential agent in creating community spirit and cohesion. It is a 'land- mark' that should be recognize for its capacity to create "community". In the words of a club that I played for, for 12 years, No Easy Pony!

There is no need for the Western Springs Stadium to become anything different. It continues to serve the community so well.

Working & middle class people have rugby, speedway, festivals, great concerts and so on. We do not need a private events center that will only cater events as it chooses to, not serving the community.

A handful of people should not have the authority to pull 96 years of history from Auckland. Western Springs Speedway is an import part of Auckland history and I support my ratepayer money being spent on these events. There is no reason why the stadium cannot continue to be used as multi purpose to support Speedway, Rugby and Concerts. We the people have been shafted by this council, do the right thing to fix the distrust council have created with its ratepayers.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

As a long time attendee of Western Springs Speedway - I would love to see speedway continue at this venue. So that future generations of Aucklanders can enjoy such an iconic experience. The park land was donated to Auckland for sports purposes and speedway is a great sport.

Involving a private entity would price out all small local events. And the public transport and roads anyway don't cope with big events so option 1 is a terrible idea.

Because these will allow Speedway to continue a near hundred year institution. I was taken here as a child and have continued to go there as an adult.

Under this option it would also allow rugby to continue here along with other sports. This also allows Western Springs to be a multi sport venue.

Concerts could continue to be held here also. Which I have attended.

Why Fix something that is not broken.

Rally NZ has used the Speedway in the past as a Service Park and a Special Stage. This would be able to continue possibly into the future.

I have also watched Cricket here.

Again, why change something that is not broken?

Western Springs Stadium is the home of Open Wheel Speedway in Auckland, it is an iconic venue and far superior to Waikaraka Park. It also as is is a great concert venue with amazing history. All that is needed is more nights or Afternoons for Speedway to make it profitable. It is under utilized due to council restrictions. Speedway, Rugby and Concerts can all co-use the Stadium, along with exploring other options for use.

Speedway is the only use of Western Springs Stadium that I support. I have been attending speedway events at the Springs since I was a child - there is 96 years of history in that stadium. From an outside perspective, Speedway has not been given a fair hearing - at the time of writing, only last week had a united voice for Speedway been given the opportunity to speak to councillors. There is clear bias from the Mayor - videos have been widely circulated of him dancing around in Auckland FC merchandise. He is either a fan, or has been bought by the wealthy backers of Auckland FC - or both. None of this process has been fair or transparent.

The proposal to consolidate Speedway at Waikaraka Park is not fit for purpose - open-wheel speedway (the discipline of the sport which has been successful at Western Springs for the past 96 years) is very different to stockcars (as operated at Waikaraka). The supporters are very different, and there are longstanding issues with Waikaraka that the pitiful sum promised as part of the consolidation will not fix – including the lack of parking, pit area, or general atmosphere.

Speedway can be successful at Western Springs again, if a respectful and collaborative attitude towards the sport is forthcoming from Council. The longstanding noise issues have been all but solved with the implementation of the decibel limit. By working with, rather than against the sport, it will continue to be successful into the future - particularly if changes are made (to the stadium facilities and/or regulation) to allow an increase to the current 12-night-per-season limit, and an increase in the operating lease term to provide certainty of investment from private backers of the sport. This is a world-class and world-renowned track, and more needs to be made of embracing this fact, in terms of promotion of Speedway events at the Springs, and enabling the investment to help Speedway to continue to succeed at the Springs.

Speedway fans are a respectful, tidy crowd. Residents surrounding the stadium have in the past reported issues with inebriated cricket fans and concertgoers causing problems in the surrounding streets - no such issues are apparent after Speedway events.

Speedway has worked successfully with other sports in sharing the facilities - the Ponsonby Rugby Club have a longstanding arrangement to use the infields. The stadium can also be optimised better for concerts, while still keeping Speedway at the Springs - in particular, more could be made of the outer fields, and current pit straight area for concert fixtures.

The most grating part of all of this is that until now, Speedway fans (and there are tens of thousands of us) have been dictated to, with very little option for response. We have been told, effectively, that Speedway is finished at the Springs, and to deal with it - because some rich man with a football fetish and an ex-All Black want to build a tiny stadium to indulge their niche passions. There has been no time before now to have our say, and demonstrate to Council that there is strong and widespread support for Speedway to remain at Western Springs Stadium, and this is the only option from this proposal I support.

Thank you for taking the time to read this, and for the opportunity (finally) for Speedway fans to respond.

There is a wish to create and maintain a dedicated outdoor music venue in Auckland, similar in style to the Bowl Of Brooklands in New Plymouth - creating an appealing and economically viable venue option for promoters of larger concert productions during the Southern Hemisphere's summer touring months. And then presto, in winter-time, Ponsonby Rugby can go at it against their club rugby rivals in the red-hot sports cauldron that will be the Western Springs Bowl. Meanwhile, other sporting codes are already well catered for throughout the wider Auckland network.

Western Springs Stadium provides an inclusive affordable music, cultural and sports venue for the local communities and the whole of Auckland. It's crucial to maintain this venue in public ownership so that EVERYONE can access and enjoy it. I am opposed to control of the venue moving under the influence and control of a small number of private individuals with means who have no long-term interest in preserving the venue for all to use.

I've picked option 2 in support of the ponsonby rugby union club. It's apart of many people's lives and especially the wider rugby communities across Auckland. It's been home too many famous past and present All Blacks. Getting rid of this part of history will be an absolute let down apart of the councils on going support to communities.

Longtime supporter of speedway at western springs. $11m will not fix that s--thole Waikaraka Park. If you wanted to combine both codes at Waikaraka Park, you would need to expand the current speedway area and take in some of the fields and rotate the track 90 degrees to increase and widen the racing surface to accommodate the open wheeled cars. I also feel for Ponsonby rugby being forced out of the re home, by the shonky council dealings, and money bribes.

I am writing to express my support for Winston Springs Speedway as a valuable asset to our community. The speedway provides a vibrant and family-friendly environment that brings together motorsport enthusiasts, local businesses, and visitors, contributing to the social and economic fabric of our region.

Not only does Winston Springs Speedway foster a strong sense of community, but it also supports local talent by providing a platform for emerging drivers and racing teams. The facility promotes responsible driving practices, safety education, and youth involvement in motorsport, creating positive opportunities for skill development.

Additionally, the speedway has become a hub for tourism, attracting spectators from across New Zealand. Events hosted at Winston Springs bring revenue to local businesses, including accommodation providers, restaurants, and retail shops.

I urge the council to consider the importance of Winston Springs Speedway when making decisions about its future. It is a venue that offers recreational value, economic benefits, and strong community engagement. I hope the council will continue to support its operations and growth.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I support Option 1 because Auckland needs a modern, covered venue for large, multicultural and faith-based community events. As someone who attends NZ Eid Day each year, I've seen how hard it is to find a weatherproof space that fits the crowd. This arena would serve many groups — for festivals, sports, youth, and culture. It would be a valuable addition for all Aucklanders.

I have been coming here with my family since I was a toddler, many families enjoy these evenings together. and the venue can still be used for Ponsonby Rugby and concerts. I have also played on this field as a junior rugby player. When my family lived in Avondale and if there was an evening we could not go on a saturday night I would ask my dad to leave the windows open to my bedroom so I could hear the cars which helped me sleep.

I attend events at the stadium or its sports fields,I participate in nearby activities (e.g. community sports, performances, MOTAT, Zoo, Western Springs)

There are three options to consider

Which option do you prefer? Select one option only.

Option 3B: Neither Option 1 or Option 2 - explore other ideas

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

I''m voting to keep the space as is INCLUDING the speedway which is such a large part of the culture of western springs and brings in many families from all over Auckland for its events

Western Springs stadium is a great venue for large music gigs & festivals. Amazing space for the speedway. Keep the speedway there. Would love to see the space stay as it is, plus more large concerts & festivals held there.

The most important requirement is that the space remains available for recreation to those who cannot afford to pay for access. The intensification of housing means that many houses have little or no size to throw /kick a ball outside. For the health and wellbeing of all we must ensure free access remains.

Speedway is part of aucklands history, why us this being ignored?. Council was voted by aucklanders and should listen to the voters. Speedway has worked with concerts and ponsonby fc for decades, there isno logical reason this can't stay.

Council don't seem to understand that waikaraka is far too small and not appropriate for Speedway as well as stockcars.

Western springs is an internationally recognized stadium. Waikaraka is not and isn't likely to be with the constraints of space.

Give Speedway a long-term lease.

Give speedway commercially successful operating conditions.

Change the WS Stadium Unitary Plan to help speedway like they did at Eden Park to help concerts.

We (fans/the people) were never consulted with before this time and should have been.

My connection started back in 1967 as a 5 year old my dad took me their as he liked speedway and had some friends that raced . I continued to go with my day until i was around 13 years old when i started going to every meeting by bus. Over the years i have helped out on crewing with drivers like Pat Johnson Darrell Johnson to name a few . Around 2012 i brought t a jeep push vehicle off the then promotor Bill Buckley and have worked at the speedway since then . Over the years i have enjoyed local and international speedway drivers ' Family names like Butterworth. Mullins . Johnson . Tracey . Tripp . Drinkrow . Morris . to name a few . Speedway is Family !!!. History is

Western Springs . This is where speedway belongs . Leave Speedway at Western Springs we have lost too many iconic speedways in the world. Grant Dimmock

Future use of Western Springs Stadium – Feedback Form

We want your feedback!

Feedback opens at midday on **19 May** and must be received **by 11.59pm on 15 June 2025**.

We strongly encourage you to read the consultation document before answering any of the following questions. It is also available at **akhaveyoursay.nz/western-springs-stadium** or at the following libraries: Mt Albert, Pt Chevalier, Grey Lynn, Little Leys, Central City. Librarians can help you print any documents from the AK HaveYourSay site.

To help us understand who has an interest in the future of the venue, we encourage you to complete all parts of the form – however our priority is to understand your preferred option.

We encourage you to give feedback online, or you can:

Scan and email your completed form to:
westernspringsstadium@aucklandcouncil.govt.nz

Post your completed form to:
Future use of Western Springs Stadium
Auckland Council
Private Bag 92300, Victoria Street West
Auckland, 1142

Your details

Your name and feedback will be included in public documents. No other personal details will be made available to the public.

[redacted]

Are you providing:

- [x] Your **personal** feedback
- [ ] Feedback as the official representative of an **organisation**

Organisation name: _____

Important privacy information

The personal information that you provide in this form will be held and protected by Auckland Council in accordance with our privacy policy (available at **aucklandcouncil.govt.nz/privacy** and at our libraries and service centres) and with the Privacy Act 2020. The privacy policy explains how we can use and share your personal information in relation to any interaction you have with the council, and how you can access and correct that information. You should familiarise yourself with this policy before submitting this form.

These questions are optional, but they help us to understand who is engaging with us

[redacted]

Your feedback (all questions are optional)

What is your connection to Western Springs Stadium? (tick one or all that apply)

- [x] I live in the area (Waitematā or Albert-Eden local board)
- [x] I attend events at the stadium or its sports fields
- [x] I participate in nearby activities (e.g. community sports, performances, MOTAT, Auckland Zoo, Western Springs)
- [ ] I work or volunteer at Western Springs Stadium or nearby
- [ ] I am part of a cultural or community group with an interest in the area
- [ ] I don't have direct connection, but I am interested in how the space is used
- [ ] Other (please specify):

There are three options to consider

Option 1 - Auckland Arena

The proposal aims to turn Western Springs Stadium into a state-of-the-art, multi-purpose venue that combines sport, culture and entertainment. Anchored by a new 12,500-15,000-seat stadium and high-performance training facilities, the proposers say their design caters to the community (training fields, basketball and padel courts, hospitality concourse and access to the wider park precinct), has concert capability (25,000+ capacity), and will be a home ground for Auckland FC. The proposal is for TAU to retain ownership of the site and issue a 50-year lease with 2 x 25-year rights of renewal. All ongoing maintenance will be covered by the proposers and ownership of the built infrastructure will transfer to TAU once the lease ends.

Initial assessment by TAU suggests that private sector investment of $200-$300 million in the new stadium, along with full responsibility for operating and maintenance costs, could reduce the need for public funding by $18.1 million over 50 years - compared to a scenario involving a 30-year lease to Ponsonby Rugby Club with two 10-year renewals and no clubroom upgrades.

Option 2 - Western Springs Bowl

The proposal aims to enhance Western Springs Stadium as a premier entertainment venue, while maintaining its status as a renowned music and community sports facility. This would deliver a 'Hollywood Bowl' style live music concert and festival venue, with 50,000-person capacity and new permanent staging infrastructure. This would be an evolution of the existing natural amphitheatre and would also be complemented with updated concert infrastructure for Western Springs' outer fields.

This proposal would see Ponsonby Rugby Club renew its current lease and explore options to expand its operations across other sports such as basketball, netball and touch. The installation of the new facilities would create an opportunity for a 5,000-8,000-seat boutique stadium, allowing the facility to deliver a broad range of community and semi-professional sport. The proposal is for TAU to retain ownership of the site and issue a lease for an initial term of 30 years, plus two rights of renewal lasting 10-years each (to total 50 years). It would be leased to the concert promoter from October to April, and to Ponsonby Rugby Club during the rugby season.

Initial assessment by TAU suggests that $30 million in private sector investment for new concert facilities, combined with $18-$20 million in ratepayer funding for community clubrooms and continued stadium operation and maintenance by TAU, could result in an additional cost to ratepayers of $48-$107 million over 50 years - compared to a scenario involving a 30-year lease to Ponsonby Rugby Club with two 10-year renewals and no clubroom upgrades.

Option 3 - Neither option above: Keep things as they are, or Explore other ideas

Under this option, TAU could continue to operate and manage the venue for concerts and festivals and could retain existing arrangements with Ponsonby Rugby Club, whose lease runs until 2027, or explore other uses for the venue not provided for under Options 1 and 2. The estimated cost to the ratepayer of the existing arrangement if the lease with Ponsonby Rugby Club was extended is $31.1 million spread over a 50-year lease period.

When proposing new ideas, it is important to consider their funding sources. The current funding for Western Springs Stadium, as allocated through the council's Long-term Plan, only maintains the stadium in its existing state and does not cover upgrades or service changes. Therefore, any new options requiring investment will need alternative funding sources.

Which option do you prefer? Select one option only.

- ☐ Option 1 – Auckland Arena
- ☐ Option 2 – Western Springs Bowl
- ☐ Option 3A – Neither Option 1 nor Option 2 - keep things as they are and retain current arrangements
- ☑ Option 3B - Neither Option 1 nor Option 2 - explore other ideas
- ☐ I do not have a preference

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Continuing use by Speedway desired funded by redirection of funds allocated to Waikeruka Park upgrade. I chose this option because it engenders important family and community values.

Anchored by a new 12,500-15,000-seat stadium and high-performance training facilities, the proposers say their design caters to the community (training fields, basketball and padel courts, hospitality concourse and access to the wider park precinct), has concert capability (25,000+ capacity), and will be a home ground for Auckland FC. The proposal is for TAU to retain ownership of the site and issue a 50-year lease with 2 x 25-year rights of renewal. All ongoing maintenance will be covered by the proposers and ownership of the built infrastructure will transfer to TAU once the lease ends.

Initial assessment by TAU suggests that private sector investment of $200-$300 million in the new stadium, along with full responsibility for operating and maintenance costs, could reduce the need for public funding by $18.1 million over 50 years - compared to a scenario involving a 30-year lease to Ponsonby Rugby Club with two 10-year renewals and no clubroom upgrades.

Option 2 - Western Springs Bowl

The proposal aims to enhance Western Springs Stadium as a premier entertainment venue, while maintaining its status as a renowned music and community sports facility. This would deliver a 'Hollywood Bowl' style live music concert and festival venue, with 50,000-person capacity and new permanent staging infrastructure. This would be an evolution of the existing natural amphitheatre and would also be complemented with updated concert infrastructure for Western Springs' outer fields.

This proposal would see Ponsonby Rugby Club renew its current lease and explore options to expand its operations across other sports such as basketball, netball and touch. The installation of the new facilities would create an opportunity for a 5,000-8,000-seat boutique stadium, allowing the facility to deliver a broad range of community and semi-professional sport. The proposal is for TAU to retain ownership of the site and issue a lease for an initial term of 30 years, plus two rights of renewal lasting 10-years each (to total 50 years). It would be leased to the concert promoter from October to April, and to Ponsonby Rugby Club during the rugby season.

Initial assessment by TAU suggests that $30 million in private sector investment for new concert facilities, combined with $18-$20 million in ratepayer funding for community clubrooms and continued stadium operation and maintenance by TAU, could result in an additional cost to ratepayers of $48-$107 million over 50 years - compared to a scenario involving a 30-year lease to Ponsonby Rugby Club with two 10-year renewals and no clubroom upgrades.

Option 3 - Neither option above: Keep things as they are, or Explore other ideas

Under this option, TAU could continue to operate and manage the venue for concerts and festivals and could retain existing arrangements with Ponsonby Rugby Club, whose lease runs until 2027, or explore other uses for the venue not provided for under Options 1 and 2. The estimated cost to the ratepayer of the existing arrangement if the lease with Ponsonby Rugby Club was extended is $31.1 million spread over a 50-year lease period.

When proposing new ideas, it is important to consider their funding sources. The current funding for Western Springs Stadium, as allocated through the council's Long-term Plan, only maintains the stadium in its existing state and does not cover upgrades or service changes. Therefore, any new options requiring investment will need alternative funding sources.

Which option do you prefer? Select one option only.

- ☐ Option 1 – Auckland Arena
- ☐ Option 2 – Western Springs Bowl
- ☐ Option 3A – Neither Option 1 nor Option 2 - keep things as they are and retain current arrangements
- ☑ Option 3B - Neither Option 1 nor Option 2 - explore other ideas
- ☐ I do not have a preference

Tell us why you made your choice.

Please help us by explaining why you chose the option you did.

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

3B is the option I have chosen to maintain the use of Western Springs stadium for speedway events. This activity bridges the generation gap, is exciting and affordable for families, and leaves the area available for other community activity like rugby and sporting events and concerts.
Use the $11 million allocated to Waikaraka park to have this happen. We would not go there.

I believe the existing natural amphitheatre characteristics should be maintained and enhanced by this option. It also provides a reasonable balance of uses as a multi purpose facility, as option one appears to only benefit the interests of wealthy sports players (despite also being detrimental to local community sport). There are plenty of other large sports stadiums in the city, however large outdoor music venues are uncommon and the existing characteristics of the site seem best suited to this use.

We already have enough stadium's in Auckland. The developer should spend money on upgrading Mt. Smart stadium with Auckland city contributing to rail, roading, footpath, street lighting and parking upgrades in the surrounding area.

The NZ Eid Day Trust has been providing Eid festivals for the Muslim and non-Muslim community in Auckland for 13 years, and always struggled with appropriately covered venues to accommodate the growing community's needs.

We believe other communities and festivities will also benefit from a closed arena venue in Western springs, and if consulted with the needs of the community, will be both a sought after commodity and a valuable addition to Aucklanders.

I strongly support the application for a Stadium Arena

Auckland is already well served with large-scale outdoor sporting venues and multiple indoor arena spaces. Auckland does not have a permanent large capacity music and festival venue - Option 2 will give Aucklanders more choices, mean more large world-class concerts and festivals will happen in New Zealand's biggest city, preserve the historical nature of the site and ensure a home for the Ponsonby Rugby Club for generations to come.

Option 2 retains and continues the community focus, be it Pasifika, concerts, Ponsonby Rugby, community practice fields. I was a physiotherapist (1989-2002) and manager for the Ponsonby Rugby Club (est 1874)and saw how a community can develop an amenity.

It is misleading for Option A advocates to say that we have a stadium deficit when the North Shore's Albany Stadium has superb fields, a legacy of events, modern conference and catering rooms, ample parking, access via two motorway systems for car and public transport. It also supports the growing north/northwest population.

With Option A, Western Springs will be closed off to the privileged few, leased for too long by the private sector who will deny the wider diverse community affordable access to our Council ratepayers asset.

Option 2 makes better sense. It involves the community with operators who have previous/present financial experience of the Stadium (Six 60 with 50,000 patrons, Laneway, Ponsonby RFC, Pasifika). It fits generationally with Motat and it's surroundings. Don't close it off to the few with Option A. Let Auckland FC use Albany !!

If you want other ideas to be explored, let us know if you have any suggestions for the future use of Western Springs Stadium and the outer fields.

Ponsonby Rugby Club is an invaluable resource for the community. It provides an environment young girls and boys can learn rugby, and if they wish graduate to adult level. We cannot afford to lose this resource.

Should remain an open air venue to reflect the unique history of this venue. Do not want a soulless big box building. There are plenty of other locations for an ugly box to be built.

The history of the bowl is important to the area historically and keen to keep it that way for now.ill be interested in Auckland arena only if connected to a form of good transport such as rail infrastructure that would keep up with future Auckland growth.

We don't need another big stadium, we have a 40,000 plus stadium at Eden Park. We also have smaller stadiums that fit the needs of the sports that play there, would prefer money was spent to upgrade these stadiums. The Western Springs area has a natural ampitheatre that is great for outdoor concerts this should retained and upgraded. The area should be a community area we outdoor concerts, cultural and community sporting events can be held. Ponsonby rugby should be able to stay there also as well as Speedway, all these activities have value to the community around them. Option 1 and 2 will destroy the natural aesthetics of the area, bigger and brighter is not always better.

A modernisstion of the existing facilities to serve those that have used it and extend use of the October to April period feels like a good fit for Auckland. Option 2 considers a large spectrum of Auckland citizens and has openness to it that a public area/facility should have, I lived in Morningside and was always impressed by the numerous uses the Stadium and surrounding area enjoyed.

I grew up and have lived most of my life close to Western Springs. I would like to see the speedway returned as it has had a home there for years, I would then like to see the rugby and concert spaces continued and improved.

I see zero reason a Hollywood bowl style arena AND the speedway can't exist during the summer months and then the rugby club has the winter months. It's worked for decades, why change it now

You should keep speedway at western springs.

We were never properly consulted, this has been a highly flawed process and you've essentially just made the decision for us. How dare you, even these options and their wording prove you are trying to skew this in a certain way. This is highly manipulative and I am incredibly disappointed in how you are handling this, you should be ashamed of yourselves. You'd happily take away a generational and historical place without even considering how this will impact your community.

This speedway is the only connection I have to my recently deceased grandfather and the final thing holding my family together. Without this speedway this summer I do not know how we would have handled our grief and what we would look like as a family. The potential for this speedway to no longer be in its rightful place has broken our hearts even more. No move or new stadium will replace the history of western springs speedway. Do the right thing and make the right decision.

To Auckland Council and Tataki Auckland Unlimited (TAU),

I am writing to express my disappointment at having to again move Ponsonby Rugby. I am a 68 year old former player who bleeds Ponsonby Rugby. My late grandparents were life members as was my father, two uncles and a cousin. My eldest grandson is still playing (five years). We as a club of 150 years standing have been through adversity before and will fight on regardless of any outcome. After all this talk and posturing about who has the best proposal, I have yet to hear what any alternatives might be. I read Ali Williams say his consortium has an alternative for Ponsonby. I

am listening but hearing and seeing nothing. As council is our landlord what will they do once our lease expires. Are we as a club expected to expire also? I see millions of dollars spent on clubs in and around Auckland with many having to amalgamate or go out of existence. With Ponsonby's proud unmatched record history I would hate to see that happen. I thank you for reading my letter and hope an amicable result can be found.
