Your feedback (all questions are optional)

The public feedback form was separated into four sections:

1. Walking multiple dogs
2. General policy and bylaw matters (for example clarifying existing rules and reformatting to make the documents more user-friendly)
3. Changes to dog access rules at Regional Parks
4. Changes to dog access rules at local parks and beaches.

This submission only contains submission content for sections 4 (local park access).

4. Dog access rules at local parks and beaches

Submitters were able to select from a list of parks with proposed local dog access rules changes to provide feedback.

Feedback is only included for the parks chosen to respond to.

Q4 HW-A

Lloyd Elsmore Park

What do you think of this proposed change?

I do not support the proposed change

Tell us why

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Do you have any further comments about dog access rules at local parks or beaches?

Once again please don’t take away off leash rights for dogs

The rules aren't clear. Are they still allowed to be off leash in the park when more than 10m away from the village?

It would be good to impose off lease dog parks where dogs can be contained away from people who don't want to be near them but still allowed to run freely and play. Most housing in auckland does not have back yards but there are not enough facilities for dogs to play and swim off leash ... especially in summer when it is so hot and they need to cool off.

Maybe stronger enforcement and penalties for those who have dangerous dogs and don't pick up after their dogs could be implemented? Dangerous dogs could be muzzled which would seriously reduce the likelihood of attacks (my dog has had several incidents where off leash pitbulls have charged and jumped on his back). This is just walking around the streets and not even at parks so muzzles on those dogs would be great. Failure to pick up dog poo is a littering fine? Can you use cctv to capture the offenders? No one wants dog poo lying around so maybe we could fine them and the people that flick their cigarette butts everywhere. You would probably make enough in fines to cover the wages required to monitor.

My dog is so placid and gentle and everyone loves him when they meet him but the existing rules already limit the options for good dogs and good dog owners. There needs to be a more targeted approach to problematic dogs and their irresponsible owners.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Location 1

What is the full name of the location where you want to change the dog access rules?

Bucklands beach

What local board area is this location in?

Howick

In general, how would you like dog access at this location to change?

Tell us why

Change the current rule to allow dogs under control off a leash

Do you want the change to apply to the entire location or a section of it?

A section of it. Please specify:Little bucks.

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To respond to opportunities for greater dog access without impacting other users (e.g. an area to take a dog under control off a leash). Please specify:

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

Can't take my dog swimming in summer when the tide is high because we are only allowed to have him there during set hours. He's had two cruciate ligaments, swimming is the best exercise for him but we can only access one tiny corner of eastern beach and I can't walk along it while he swims because it's so short.

There are no dog swimming pools so unless I pay hundreds of dollars a week for hydro therapy there aren't any options.

Do you have any further comments about dog access rules at local parks or beaches?

Yes. There just need to be more designated dog areas so owners aren't forced to break the rules because they've got not choice.

High energy dogs need off leash parks to play fetch to exercise and release tension in their stressful modern lives. A well exercised dog is calm and obedient. You can't achieve the level of exercise required on leash for a high energy dog.

Do you have any further comments about dog access rules at local parks or beaches?

We have a high energy rescue dog who requires daily walks. In a month, we might go to 10 different dog parks and beaches.

I'm also an amateur dog agility handler and require off leash areas to train my dog as my yard isn't big enough for a course. Pleas

Change the current rule to allow dogs under control off a leash

Do you want the change to apply to the entire location or a section of it?

Entire location

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To respond to opportunities for greater dog access without impacting other users (e.g. an area to take a dog under control off a leash). Please specify:This is already a highly regarded dog beach in the area so only makes sense to acknowledge it

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

Every dog owner already loves this beach and regards it as offleash dog beach, dogs love socialising here and it makes sense to update the rules

Few unruly dogs should not be reason for total ban - lot of dogs are way better behaved off leash than on leash! Also over leashing dogs will result in less socializing and more fear for animals for non dog owners. Rather than blanket “on leash” the law may say “off leash in control “

Lloyd Elsmore Park

What do you think of this proposed change?

I do not support the proposed change

I advocate for being allowed dogs under control and on leash in more of aucklands regional parks and within more areas of aucklands regional parks. Walking and hiking in Aucklands regional parks is a perfect activity for having canine companionship. There is plenty of space for everyone and when dogs are under control on leash there is little room for that to be problematic to anyone. Currently the options for getting fresh air and exercise for dog owners in Auckland are already incredibly limited. I do not support limiting this further. Again, the emphasis should be on policing and preventing nad dog ownership, not making it impossible le for good dogs and owners to enjoy wholesome, healthy activities in our own neighborhoods.

A section of it. Please specify:More areas that are fully fenced (and not tiny like the one at Lloyd elsemore). The more fully fenced off lead areas provided, the safer dogs are and other park users who do not like dogs

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To respond to opportunities for greater dog access without impacting other users (e.g. an area to take a dog under control off a leash). Please specify:If more fenced off leash areas were provided, less people would break the current laws. Also provides a safe space for dogs who do have poor recall.

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

As already explained, there are very few fully fenced off lead areas for dogs in Auckland in general. If more fully fenced, decent sized areas are provided, it becomes safer for all park users. However fenced areas need to be triple the size of the stupidly small Lloyd Elsemore one

generally there should be more parks and areas dedicated to dog free where dogs are prohibited at all times. This would make it easier to explain. enforce, and would best protect humans and wildlife.

Yesterday I submitted my feedback for the proposed changes to the council's dog policy and bylaw.

I am making a correction.

I am against all the proposed changes to the current rules.

I do not accept any of the alternative options offered.

I also do not see how my age, gender and ethnicity are relevant to these views in any way whatsoever, and I would appreciate an explanation why these questions are included, and how they relate to the matter at hand.

The proposed rules are not good for dog owners and seem to serve a vocal minority who either simply don't like dogs, or who have had bad experiences with dangerous dogs. Dangerous dogs and their owners should be held responsible as appropriate, and we should not punish the majority who are responsible.

The majority of dogs and their owners are perfectly safe, responsible and harmless. There is a small group of dogs and owners who are not. This group should not ruin it for those of us who take the care to train and socialise our dogs correctly.

Having a range of off-leash areas is important for dogs and is part of them learning to socialise well. A focus on anti-social behaviours and problem dogs would be a better use of council resources.

We need increased compliance monitoring and an instant fine process for those who breach the rules . It is frustrating that owners think it is ok for dogs to be off leash on streets leading to off leash areas.

Location 1

What is the full name of the location where you want to change the dog access rules?

Okahu Domain/playground on Tamaki Dr, Orakei.

What local board area is this location in?

Ōrākei

In general, how would you like dog access at this location to change?

Tell us why

Change the current rule to allow dogs under control on a leash

Do you want the change to apply to the entire location or a section of it?

Entire location

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To reduce owner-related problems (e.g. owner ignoring rules, dogs not under control, dog faeces not picked up, etc). Please specify:Increasing number of large dogs (pitbulls and rottweillers) off leash in this park. These dogs off leash put all park users at risk.

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

I am seeing more and more large dogs (pit bulls) off leash in this area. Twice in the last few months my son has had his rugby ball taken by two different pit bulls being walked off leash. The dogs did not attack my son but they burst his rugby balls. They pose a potential danger to people and other pets by being off leash.

There is nothing wrong with the current rules and those that pay their dog registration are typically not the rule breakers. Don't penalise those doing the right thing.

Howick

In general, how would you like dog access at this location to change?

Tell us why

Change the current rule to allow dogs under control off a leash

Do you want the change to apply to the entire location or a section of it?

A section of it. Please specify:The right hand side of the beach

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To respond to opportunities for greater dog access without impacting other users (e.g. an area to take a dog under control off a leash). Please specify:At the moment there is a sign stating off-leash to the left of the beach. I feel like this is frequented by many locals who also walk off-leash on the right hand side, a much larger area.

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

Currently this is being used as an off-leash area and locals seem to be happy with that.

Do you have any further comments about dog access rules at local parks or beaches?

I think if dogs can access an area, there needs to be more bins provided.

I believe the current rules are sufficient and shouldn't be made stricter. Many of us already struggle to find spaces where dogs can enjoy off-leash fun. Tightening regulations would only make it more challenging and disappointing. As mentioned, dogs are like our kids. If stricter rules are necessary, then why not regulate children too? For example, keeping babies away from other creatures, restricting them from playgrounds, or even banning screaming and crying in public. I walk my dog here and already put him on lead near the carpark by rugby fields past the howick historical village. I have no issue with it being made official. It's a safety thing for. dogs too near the roads. The walk wsy over the otherside following parallel to Aviemore drive should remain off lead. It is ideal and most fog owners are respectful of each other and their dogs on or off lead.

Dogs are family members it is already difficult to find activities you can do with your dog. Banning them from beaches and parks will be a step back as a society. In fact more and more people is opting for not having kids and having dogs instead. This will new proposed policy will definitively have a huge negative impact on the wellbeing of NZ dog owners. We should promote healthier, active lifestyle. What other alternatives we have as dog owners is the equivalent of banning kids in parks. that does not make sense.

We share this land - with all living things. We cannot prohibit access because it might cause issue with a few biased individuals. This doesn't solve an issue it creates disconnect and segregation between demographics. Focus on educating dog owners as well as non- dog owners and simplifying regulations. If people get used to dogs everywhere, the less of an issue it will become.

Dogs bring joy to peoples' lives. Stop trying to take away their rights to play. That's all they ask...we have people that treat them horrifically, people who hit them, beat them and try to kill them and yet they stay loyal to their owners and only ever ask for love and a good walk in return. Just let them be part of the community.

Don't take away the freedom to include dogs in our communities. Humans are far more harmful- if you need to restrict access, then consider restricting human access as well - they are the worst culprits when it comes to protecting our flora and fauna

It is a large open area with plenty of space. Dog owners are responsible with their dogs in this space, we go there all the time and don't witness any problems. We don't need to create rules for problems which don't exist. Dogs cannot get into Howick Historical village as it is a fully gated space so the animals within the community are safe in their space.

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Location 1

What is the full name of the location where you want to change the dog access rules?

Mellons Bay Beach

What local board area is this location in?

Howick

In general, how would you like dog access at this location to change?

Tell us why

Change the current rule to allow dogs under control off a leash

Do you want the change to apply to the entire location or a section of it?

Entire location

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To respond to opportunities for greater dog access without impacting other users (e.g. an area to take a dog under control off a leash). Please specify:Mellons Bay is typically considered a dog beach and very few people swim at it during the day. It would be nice, and appreciated by many owners and their dogs if there was one beach in the East Auckland Area that dogs were allowed to be on at all times. I

Nobody at council enforces the current rules so why bother changing them?

Secondly, dogs and their owners pay rates to access local parks and beaches. The proposed changes are draconian and ban dogs from completely empty spaces.

Glover park without dogs is a boring empty place

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Location 1

What is the full name of the location where you want to change the dog access rules?

Glover Park

What local board area is this location in?

Ōrākei

In general, how would you like dog access at this location to change?

Tell us why

Change the current rule to allow dogs under control off a leash

Do you want the change to apply to the entire location or a section of it?

Entire location

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To respond to opportunities for greater dog access without impacting other users (e.g. an area to take a dog under control off a leash). Please specify:

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

This is the only place my dog can socialize with other dogs

Do you have any further comments about dog access rules at local parks or beaches?

The people that are creating these amendments need to get a dog and stop being sad

Please see my previous responses. This approach is narrow minded and misguided. You should consider classifying owners as responsible and irresponsible and setting access rules accordingly. No limits should be applied in any locations for responsible dog

What do you think of this proposed change?

I support the proposed change

With regard to the limiting access to Lloyd Elsmore Park, I believe this has been initiated because dogs off lead have been getting into the Howick Historical Village and killing livestock.

I walk close to the Howick Historical Village and I can say that I have never seen chickens etc on the actual park land and the Village is actually fenced. Rather than ban dogs from that area of the park where the paths provide access from Aviemore Drive to the drive through Lloyd Elsmore Park I propose that dogs should be on a lead only in that area. The area causing concern is near to a children's play area and therefore if dogs were on lead it would make a safer environment for children in the play area.

I do not believe banning dogs from this area but rather see the area as on leash only. Lloyd Elsmore is a very popular walking area for dog walkers, senior citizens and families with or without dogs.

PRESENTATION FOR AMENDMENT OF AUCKLAND COUNCIL BY LAWS RELATING TO DOGS

Thank you for the opportunity to view my concerns to the proposed by laws.

To introduce myself, I am a dog owner, obedience dog trainer [redacted] I have personally owned multiple dogs for forty years and therefore feel I have an understanding of dogs and their behaviours.

The changes Council proposes 31 changes to prohibit dogs from areas, 19 changes from off leash areas to on lease and 10 new off lease areas.

Off leash exercise is very important for a dog's health and wellbeing. Off leash areas are especially important for those dog owners who live on small sections and want their dogs to enjoy some open space, and for those owners with physical limitations who cannot walk their dogs far enough on leash for the dog to get adequate exercise.

It is proposed by Council to limit the number of dogs one person is able to walk whether on or off lease. I am in favour of limiting the number of dogs being walked in our parks. However, I feel that to limit this to 6 dogs is too many. I would prefer to see this as 4 dogs. I cannot see how one person can control 6 dogs regardless of their size and regardless of whether they are on lead or off lead. If for example another dog approaches the pack or one of the pack disrupts the others or, if off lead one or more approach another dog. The criteria, which we already have in the by-law, is that dogs be under control at all times ie the handler can recall the dog immediately if required. So many times when I am walking my dogs on a lead another dog approaches us and the handler says do not worry its friendly. Well one of mine is not dog friendly hence she is on a lead but I do not want another dog to approach her. So many times the handler cannot call the dog off.

I also do not agree if you are walking a pack of dogs limiting the number off lead at one time. That could cause problems if one or two dogs are on a lead and the others run free.

My suggestion is no more than 4 dogs to be walked by one person whether on or off a lead.

With regard to the limiting of access to Lloyd Elsmore Park, I believe this has been initiated because dogs off lead have been getting into the Howick Historical Village and killing livestock. I walk close to the Howick Historical Village and I can say that I have never seen chickens etc on the actual park land and the Village is actually fenced. To say that all dogs be on a lead within 10 metres of the Village would be unenforceable and therefore pointless. Most people I see with their dogs near the Village are on a lead in any event.

Whilst not strictly addressed by Council I would like the definition of "on a lead" to be on a lead not more than 2 metres long. I have seen dogs on retractable leads which I personally hate as it provides the handler with little or no control of their dog.

Council relies heavily on voluntary compliance due to a lack of enforcement powers and abilities. Having simplistic rules with clear reasoning behind them work best to ensure compliance with the majority of the population. There will always be people who

I don't think this is necessary. The Howick Historical Village is fully fenced and separate from the rest of Lloyd Elsmore. There are also access roads alongside and nearby where a dog owner would not allow an off leash dog to go anyway.

This seems an unnecessary restriction. I walk my dog frequently in Lloyd Elsmore. As it happens it is always on leash, but I can't see how the dogs that are offlead would cause any material harm to people going in and out of the Village, let alone those inside.

There are already no off-leash parks for dogs in East Auckland, and the small enclosed fenced area for dogs to exercise is too small. If there are multiple dogs playing in that pen, that could cause more problems to arise, and potential risks for dogs to be attacked or injured if they do not have enough space to escape. It is better that they can be out and have wider space to play and avoid any tension with other dogs.

Too many irresponsible dog owners that cannot look after them properly - so why have them? These owners think that they too good to pick up their dog droppings after they fouled the pavement. If they are unable to look after their dogs properly then don't have them. I am fed up with irresponsible dog owners having dangerous dogs and allowing them to enter and foul areas where children play.

Q4 HW-A

Lloyd Elsmore Park

What do you think of this proposed change?

I support the proposed change

Tell us why

Are there any dog access rules at other local parks and beaches in Auckland that you think council should change?

Your feedback on this section will inform any future review of dog access rules. A future review has not been scheduled at this time and no changes will be made on any location you identify in this section as part of this proposal.

Only provide feedback on one location at a time.

Space is provided for three locations. If you would like to provide feedback on more than three locations, please copy the following pages or include your comments in the other feedback section.

Location 1

What is the full name of the location where you want to change the dog access rules?

Fowlds Park

What local board area is this location in?

Albert-Eden

In general, how would you like dog access at this location to change?

Tell us why

Change the current rule to prohibit dogs

Do you want the change to apply to the entire location or a section of it?

A section of it. Please specify:Outside of sports fields. Dog owners do not follow rules and have dogs defecating on sports fields.

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To reduce owner-related problems (e.g. owner ignoring rules, dogs not under control, dog faeces not picked up, etc). Please specify:Need more officer patrols or at least signs that cannot be removed or ignored

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

Constant ignoring of rules and dog owners having their dogs all over the sports fields defecating and no respect that it is a sports field

Location 2

What is the full name of the location where you want to change the dog access rules?

Nixon Park

What local board area is this location in?

Albert-Eden

In general, how would you like dog access at this location to change?

Tell us why

Change the current rule to prohibit dogs

Do you want the change to apply to the entire location or a section of it?

Entire location

What is the main reason you want to change the current dog access rule?

Please explain your issue in more detail:

To reduce owner-related problems (e.g. owner ignoring rules, dogs not under control, dog faeces not picked up, etc). Please specify:Dog owners consistently ignore rules to stay off the sports fields. Their dogs constantly defecate on the sports fields and destroy any signs saying the grounds are closed. They have no regard for children using the grounds.

Please explain why you want to change the dog access rule at this location, and provide any additional information or evidence

Constant defecating on the sports grounds. Constant destroying signs saying the grounds are closed and no dogs. At the least need large permanent signs saying grounds are closed. Need law inforcement and fines for dog owners who have no respect for anyone

To reduce owner-related problems (e.g. owner ignoring rules, dogs not under control, dog faeces not picked up, etc). Please specify:

Do you have any further comments about dog access rules at local parks or beaches?

Need more large signs with rhe rules

The sandwich boards saying no dogs are constantly destroyed by dog owners

Some dog walkers are ignoring the rules. Any policing?
unleashed dogs left poos without walkers' notice is another problem.
So, I would suggest unleash dog exercise area should be separated from the general public area.

We love exercising our dog with a ball near, not next to, the marble play area. That way our kid gets to play where he wants to and we can exercise our dog. There has been ongoing issues with roaming dogs that attack at Lloyd elsmore and I don't feel these rule changes are going to have any impact on the safety of the animals at the village. We need better laws around roaming dogs, not wait for them to be seen attacking before anything can be done. Most people with or without dogs will not hang around a scary looking roaming dog to collect the video evidence needed to charge the owners.

Restricting the space dog owners have when there is increasing dog numbers, will only force dogs to interact in these smaller spaces which brings about potential for conflict/incidents.

What do you think of this proposed change?

I don’t know

As long as there are off leash areas that dog owners have round the clock access to and that these areas are not too limiting, as that in itself can create unnecessary tension between dogs where there isn't enough space for them all to share and use.

As explained earlier - I don't feel there is any need to change the laws at Lloyd Elsmore in relation to dog walking. Lived and walked the Park for 25 years, never heard of any "incidents" surrounding or in Howick Historic Village. Would love to know what those incidents were that there is a proposed law change. Seems silly quite frankly. Maybe deal with the homeless in their caravans in the carparks rather than the responsible dog owners.

Many elderly owners walk their dogs off the lead in the park because the dogs travel faster, covering more ground but are still on a verbal lead. A dog can't know if it is within 10 mtrs of a no go area. I think you should credit the dog owner with enough intelligence to be able to restrain the dog when necessary, after all, there are many situations where we have to do this out of consideration with other owners and other dogs.

i mentioned this in the other part of the form. I have walked my dog there on evenings when my daughter has hockey never been any issues but we are generally on the field by the hockey stadium which is across the road from howick village.

there have never been any issues i can see people and their dogs there are always respectful i dont think any changes are required here unless someone can provide details of events including dogs that would cause a need for this to be changed.

I know the council has to balance the safety and also comfort of non dog owners and dog owners in public spaces, but there are less and less places to take your dog where they can get a good run in auckland. I have moved from wellington in the last 3 year

This is a huge park and the area around the Historical Village & Cafe has a huge number of children present. They should not be off leash in that sort of environment when there is plenty of space for them to be off leash elsewhere.

No but I do agree that the rules need to be changed as we have far too many instances of people being hurt by dogs or having a lucky escape. The other problem is a lot of them do not even get reported so even if your stats. for dog nuisances is not huge t

Currently the whole field is classed as a sports field so dog owners aren't able to use it. However many do with off lease dogs because they deem it unfair that it has gone from and on-leash area to no dogs without proper signage
