it doesn't strike me as a big deal either way the decision goes, they're relatively minor changes

it's reasonable to maintain the status quo, where a change would be impractical

6. Do you have any other feedback about how you and your community can be better represented through local boards and the governing body?

Mangere Bridge would be better served as part of "Maungakiekie-Tāmakai" ward. It is geographically nearer to Onehunga and we use it's facilities, shopping, swimming pools etc.. rather the Mangere town centre (which we last visited 5 years ago, as opposed to daily trips to Onehunga .) Mangere Bridge is represented by a Labour MP and councillors with a Pasifika bias, even though Mangere Bridge isn't Pasifika or Labour voting.

6. Do you have any other feedback about how you and your community can be better represented through local boards and the governing body?

Given the success of people with Maori heritage in being elected to Council representational positions I have no idea how adding Maori-specific representatives can be justified as democratic. While I recognise that the question will not be addressed in this cycle I suggest it should imply be removed from the agenda.

- Long-term partnership for priority programmes for the betterment of the ethnic communities.

- An age-friendly plan the Council have, but the implementation is not linked locally.

- Ethnic communities should have access to ethnic food banks if the council can influence them in some way.

very aware that the Manukau Ward [c190000 people] is bigger than Hamilton, and therefore all NZ cities and is already under resourced and distanced from democratic engagement ... 2 councillors and 7 local Board ... the 'super city' is not working ... so minimizing representation is undemocratic and not good for intergenerational wellbeing

The current status of the Otara/Papatoetoe Local Board need s to be maintaned to continue equity ... or at least some.

Local Boards need to be treated with much more respect by the centrist Council structure ... and much more equitably resourced if there is any benefit from a super city model
