# Glendowie Park Pump Track

**Feedback must be received by 30 October 2025.**

We are proposing a new bike pump track for Glendowie Park in the Ōrākei Local Board area and want your feedback on the draft plan.

Glendowie Park is a suitable location because it:

- has a large underused open space with safe and connected pathways
- is central to other open spaces in the local board area.

The proposed pump track will be made of asphalt sealed surface and:

- create more recreational opportunities and a safe social space for everyone
- provide a safe riding facility for a wide range of ages, abilities and wheeled users including:
    - bikes
    - scooters
    - skateboards
- connect to existing paths and include planted areas and space for people to watch.

The design includes a one-way track with bumps, raised corners and smooth turns. The track will allow riders to build speed by moving with the track's bumps instead of pedalling.

There will be an additional advanced line which will offer jump and transfer opportunities for confident BMX and mountain bike riders.

We want to know:

- if you support the proposed design of the pump track
- how you or your household members would use the pump track, such as to:
    - develop or practice wheeled sports skills
    - exercise and fitness
    - spend time with family or friends or community members
- if you have any other feedback on the proposed pump track.

We encourage you to give feedback online at akhaveyoursay.nz or you can:
