Do you have any comments about your response above?

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above?

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Support

6. **Shifting to sport and recreation for all Aucklanders**

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
I don't know

Do you have any comments about your response above? Golf is an elitist sport that is not accessible by "all Aucklanders" regardless of how accessible the land to play it on is but if you HAVE to keep them as golf courses (even though they're a huge waste of land that people could live on or land that could be enjoyed by ALL), I suppose making other features that could be enjoyed by non-golf players is better by nothing. I also have very little faith that kaitiakitanga would actually be consulted in this because surely they would say there is a better use for this HUGE amount of land.

Do you have any comments about your responses above? Why were publicly own golf courses not accessible to all Aucklanders before??

I don'tknow

Do you have any comments about your responses above?

I can't see how having tons of empty land could ever be in the best interest of conservation efforts. Planting trees is like conservation 101. I support the idea that the actual golf is made more accessible to EVERYONE but until I see that it is extremely cheap like a public pool, I don't know if I support this.

I do not support golf courses on council owned, or crown owned land in Auckland City. The land could be better used to provide a more diverse (not golf) range of passive recreation activities and experiences.

I support the transition of golf course on public land back into parks, walking and cycling routes, and passive recreations spaces.

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? I only support this aim if the aim to to make sure everybody benefits from publicly owned land by building houses on almost all of them

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Don't support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**

Golf is a stupid, outdated and dying sport. There should only be no more than 2 golf courses in the city.

Now we have a few questions about you and golf. Which, if any, of the following golf formats do you play?

Mini golf	
Starting New at Golf	
Driving ranges	
Golf simulators	
Introductory golf	
Short and fast golf	
Development golf	
Advanced golf	
High performance golf	
None of the above but I would like to play golf	
None of the above	Yes
I don’t know	

Other (please specify):

How often do you play golf?

What, if anything, stops you from playing golf?

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? I believe more Aucklanders should be able to use and enjoy golf courses - for activities other than golf. They cover a huge are of land and are currently not benefitting many people. Golf courses should be used to connect more people to the outdoors and nature by planting more native species, and trapping pests, encouraging more birds and other wildlife. I support the goal of including different types of people in golf courses - children, women, etc. this will make a more inclusive, community focused environment. Therefore I strongly support this draft plan

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Partially support

Do you have any comments about your response above? I see the need for recreation for a greater portion of the population, however how it is developed is a concern, proper guidelines and urban design is required to get the best outcomes and I am not sure Auckland is set up to do this yet. Infrastructure is critical, public transport, not intensive housing that equals more cars.

I've lived w/n 1 kilometre of Chamberlain Park for 15 years. I don't play golf. I have never been on the course because I don't know if I'm allowed to walk on it. I don't recall an open day being publicised or receiving any other communication from CP that would indicate I'd be considered part of that community.

I have seen how well used Western Springs is by young families, elderly and disabled Aucklanders. It's is a degraded space compared to CP.

It makes me sad that middle aged white men can dominate the pristine golf course at CP while young families have access to limited, over crowded, degraded park across the road at WS.

AC is the steward of public resources for ALL Aklders.

Public space is precious and must be accessible to all Aklders.

I have been dismayed by the aggressive and ugly campaign run by Chamberlain Golf Course last local body election which involved harassment of women who expressed a view that public spaces should be available and safe for all.

CP's reputation as a community asset is tarnished in my view. It has lost its social license to continue to assert it is a public good when how it conducts itself is as exclusive and inflexible.

I think the Plan is a waste of time. Golf courses are just part of the infrastructure of a large city, this is a waste of Council time trying to reinvent the wheel. Golf courses can only safely be used by gold players.

Do you have any comments about your responses above?

Very difficult questions to answer as the council is not being very clear on what it's intentions are in regard to golf courses. It appears that they intend to get rid of them. There was discussions some time ago about closing Chamberlain Golf Course. This was hugely unpopular and the public made it very clear that they wanted the course & the council backed down. It doesn't make sense to say that a facility must cater to everyone, we all have different interests. Look at making new facilities in new locations, rather than destroying what we already have!

Now we have a few questions about you and golf. Which, if any, of the following golf formats do you play?

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
I would like the council to be much more transparent on its intentions. It appears that many large scale projects are started and not always delivered to a high standard. I think the council should think carefully about removing golf courses as once they are gone we can't get them back. Urban sprawl should not mean covering every green space.

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?

Do you have any comments about your response above? Once green fields are gone, they are gone forever. Council is extremely short sighted in considering any chances to these spaces. "Repurposed" in Council speak is destroyed in all others eyes (except the envious who want to see everything reduced to a lower denominator. I do not play golf but understand how precious the open green spaces are. Housing and unused playgrounds is not a sensible use of these spaces.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**

Do you have any comments about your responses above? Thin end of the wedge. "Open up" in Council speak means destroy. We have seen this over and over by Council. In times of belt tightening the council should stick to core infrastructure and quit meddling in everything else. This will be wasted money, with

Leave things alone. There are plenty of unused parks in Auckland for all other recreational activities. Council is inventing an issue that doesnt exist. As for using Golf Courses for housing, what next, sell up One Tree Hill for housing too? The Council needs to stop meddling and stick to providing core infrastructure. Once green spaces are gone they are gone forever. NEVER to come back.

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Partially support

Do you have any comments about your response above? These plans always have broad objectives but the reality is in the detail. I would support it rather than partially support if I could trust the council honoring their proposals or written intensions but of course we can't do that as we do not know what the end result will be. The concept as presented is commendable.

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Partially support

Do you have any comments about your response above? I personally don't think there should be any/many publicly owned golf courses in the city. Land is tight, better the land used for all people to have access to and golf courses are terrible for the environment and are for a select few. I'm not sure that many young people or women would be that keen in taking up the sport.

If the golf courses are running well now then leave them as they are. We don't want "all of Auckland " on the courses. And we don't want the courses sold for residential homes to be built on. We need green spaces.

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Partially support

6. **Shifting to sport and recreation for all Aucklanders**
Partially support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

Partially support

8. **Shifting to best practice in ecosystem management and biodiversity conservation that meets clearly defined target**

Do you have any comments about your responses above?

All good ideas. I think there is a case for golf courses to be available for a wider range of activities but not at the expense of people's ability to play golf, eg changing hours they are available, but not the range of physical opportunities (18 holes etc) for golfers

Now we have a few questions about you and golf. Which, if any, of the following golf formats do you play?

Mini golf	
Starting New at Golf	
Driving ranges	
Golf simulators	
Introductory golf	
Short and fast golf	
Development golf	
Advanced golf	
High performance golf	
None of the above but I would like to play golf	
None of the above	
I don’t know	

Other (please specify): I briefly played golf in the past and have a son who was very good. So I am remembering appreciating what Auckland offered him at an otherwise difficult time in his life

How often do you play golf? I don't know

What, if anything, stops you from playing golf?

The cost / it's too expensive	
I don't have anyone else to do it with	
I don't have enough time / it takes too long	
I don't know where or how to start	
I don't feel like the golf experiences offered are relevant to me	
I don't have the equipment	
It's at an inconvenient time for me	
I feel intimidated / I don't feel welcome	

Transport issues / the facilities are too far away	
None of the above	
I don't know

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
Some good ideas to make better use of a fabulous resource, however I'd be sad to lose its primary aim

Chamberlain park caters for a wide range of cultures and people. It's essential that it stays as it is but a cafeteria is needed . This would encourage a wider diversity of people.

Do you have any comments about your response above? The golf courses on public land are open to all. there is nothing to stop members of the public from joining them. The clubs also maintain the land at their cost. if the land were to revert back to the city then the city would have the added cost of maintaining those areas.

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
The equity concept that underpins this survey will create it's own inequalities. The clubs on public land and two main public courses enable many who cannot afford the fees of clubs that own their courses to play. removing those courses will make golf a sport that only the better off can afford, which is itself hardly inequitable.

The same case for equity can be made for cricket grounds, rugby fields and similar through out the city so think it is concept that is nice to say but will create unanticipated difficulties

No golf courses under public ownership should be more than nine holes. Free up the land for housing, and other infrastructure, recreation and amenity.

I would really like what's left of Auckland's open green spaces to be left alone. There is so little left in Mt Albert and so much housing intensification underway. I don't play golf but still want to preserve Auckland's public golf courses. I love seeing the diversity of people using our local golf course - probably people who couldn't afford the fees of private golf clubs.

Encourage our low social economy families to take up golf as a form of family exercise. Rather than listen to developers and property speculators to open up council land for housing reducing our green belts and natural corridors for bird life which are already loosing tree corridors with many suburban trees being removed

As the city intensifies we need to retain green space - but perhaps such a large amount of land being used exclusively for golf is questionable. Safe access for other users (eg walkers or runners) would be worth investigating.

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? I love the focus on delivering for all Aucklanders in our diversity. I like the ecological outcomes.

Public land should be easily accessible and useable by all (unlike Chamberlain park which is heavily fenced).

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above?

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Support

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

Do you have any comments about your response above? I'd like to see this report in the context of all outdoor recreation.

I'd also like evidence to show that all other council-owned sports facilities are flexible and open for the community and not just capable of servicing 1 sport. Are netball courts available for footie or tennis? Are all rugby and football pitches available for other sports?

I'd like to have confidence that this very specific plan is seen within a complete recreation and environmental strategy. I worry that calling it an investment plan is simply going to lead to picking off rec sites for development when there is a genuine danger that the growing city will actually not have enough rec space for the future.

Do you have any comments about your response above? I think we are short of local parks for people to have beautiful places for walks and picnics and having peaceful places to be in and play non organised, or self organised recreation and play, and space to spread out in and be in nature

To use this land for golf courses for the relative few who who play golf seems very unfair. Golf courses are dangerous for non players to be in when golf is being played, and golf courses are not easily shared with non players, and much and many harmful chemicals are used in their upkeep.

Golf courses are very expensive to upkeep and are not ecologically good either, and require a very exclusive use of large amounts of land where ever they are. Private land is a better way of supplying golf playing space.

Golf is a problematic game, and did not arise in a public environment, more in private estate places where there is lots of space and is exclusive and privately owned and financed and away from other people, and is not easily shared democratically

I'm particularly interested in Chamberlain Park. I don't feel strongly about hte 18 hole vs 9 hole issue, but support the idea of converting the western end to a streamside wetland and shared path. The golf course is a barrier to increased use of trains to reach MOTAT and the Zoo using Baldwin Ave station. It would be grat if there were walking access through the golf course (though I appreciate there are health and safety issues at play).

Keep Chamberlain Park as a full 18 hole public course.

Perhaps add a walking track around/through it.

There is enough additional recreation space across the road at Western Springs.

Comments as before. Golf is a sport played by all Aucklanders. It is the only sport where numbers do NOT drop off with age ("active NZ Survey). Golf is one of the most popular sport and recreation activities with 11% (19% males) of Aucklanders participating in 2017 (Sport NZ Active NZ Survey). It appears that whoever drafted this document is relying on outdated and incorrect information. The number of holes per population in Auckland should be increased, not decreased and the numbers of people playing golf has significantly increased over the last 5 years. Most golf clubs have closed their membership and the 2 public courses are busy all day. 11% of golfers are Maori, 12% Samoan, 7% Asian (vs Rugby-5% Maori, 7% Samoan and 0% Asian).

Great that council is looking at changing golf courses which are making profits from council owned land, however please don't change chamberlain park! It's the only course where broke people can go and play a full round of golf - if you break it up then it will simply reinforce the elitism of the sport instead of making it accessible like your plan envisages. 18 hole golf courses where lower income people can play are super rare worldwide and we are lucky to have one available in Auckland. My dad played at chamberlain all through my childhood as his one activity outside of work that he could do for himself, and we could never have afforded that if it was private like most of the other clubs. Even now chamberlain is 30 bucks tops for 18 holes for anyone, and there's no dress code, whereas other courses start from 50 bucks for visitors (on the few days they even allow non members) and require collared shirts etc which is ridiculous. If you want to include more Aucklanders, you'd be better off making more courses follow chamberlain's vibes instead of chopping them up.

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? I think golfers think they should have exclusive access to the land - hanging onto their privilege even as their numbers decline.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Partially support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above?

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
I don'tknow

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

I don'tknow

8. Shifting to best practice in ecosystem management and biodiversity conservation that meets clearly defined target

Support

Do you have any comments about your responses above?

I think there is a far too great emphasis on sport, especially rugby, at the expense of other kinds of recreation.

Now we have a few questions about you and golf. Which, if any, of the following golf formats do you play?

Mini golf	
Starting New at Golf	
Driving ranges	
Golf simulators	
Introductory golf	
Short and fast golf	
Development golf	
Advanced golf	
High performance golf	
None of the above but I would like to play golf	
None of the above	Yes
I don’t know	

Other (please specify):

How often do you play golf?

What, if anything, stops you from playing golf?

The cost / it's too expensive	
I don't have anyone else to do it with	
I don't have enough time / it takes too long	
I don't know where or how to start	
I don't feel like the golf experiences offered are relevant to me	
I don't have the equipment	
It's at an inconvenient time for me	
I feel intimidated / I don't feel welcome	
Transport issues / the facilities are too far away	
None of the above	

I don't know

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Partially support

Do you have any comments about your response above? I support the idea to make Aucklanders benefit from it, but I don't support investing money for a typical rich people sport.

We need equity and opportunities for everyone, mainly for those who can't afford other leisure activities.

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?

Do you have any comments about your response above? It is good that all Aucklanders of all income levels and cultural backgrounds can access golf courses locally. However often this is at the expense of those who want to recreate differently - the numbers of these are probably higher.

The environmental impact of currently designed golf courses - from lack of diversity and use of chemicals - should also be considered.

It would be good to attract younger

Do you have any comments about your response above? In general I think there is a mismatch between the number of golf courses and associated expenditure and the number of Auckland residents who play golf. I would prefer to see more of the public land currently given occupied by golf courses converted into other types of recreation spaces or even housing.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Partially support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Partially support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**

Do you have any comments about your responses above? I agree these are nice objectives if you're a golf enthusiast however I am concerned these priorities do not consider that golf is not a particularly popular sport for the majority of people - it's time-consuming. The land can and should be used for other

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Partially support

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**
