The Massey Birdwood Settlers Association Inc, a resident and ratepayers group based in the Henderson/Massey Local board area would like to propose that the Henderson/Massey Local Board is to large both geographically and population.
To increase voter turnout in the local board area we would propose splitting the area into three sub divisions.
Currently the majority of local board members are from Te Atatu South or Te Atatu Peninsula and the area lends itself to party politics from central government.
The local board should be split into three sub divisions based on a Massey sub division - Massey/West Harbour/possibly Ranui. A Henderson sub division - Henderson/Sturgess Road/Glendene and possibly Ranui and a Te Atatu sub divsion based on Te Atatu South and Te Atatu Peninsula.
By doing that would increase voter turnout, and attract candidates not necessarily affiliated to political parties with a better understanding of the areas they represent.

I also believe the Upper Harbour Local Board should also be split into subdivisions in order to provide a better voice for those living south of the Greenhithe Bridge - Whenuapai/Hobsonville and West Harbour areas.

As with the Henderson Massey local board area, far better representation and a higher voter turnout would be achieved by splitting both local boards into sub divisions

Just received this from Auckland Council re representation and "have your say".

I'm sure the West Auckland ones will be announced in due course - my question is though - has Auckland Council or Government or anyone really produced a comprehensive but succinct document that can be easily and regularly shared about who does what.

I notice many times Council is blamed where if Local Board were informed they could sort it. Then you'll have an MP stepping in and "fixing" a local board/council issue.

Is there or could there be a document that is plastered across the FB/Insta notice boards giving a flow chart - if there is graffiti in West Auckland contact this email (tag out trust) - if there is a street light broken - contact ..... if you are unhappy with the facilities at your local park contact ..... if you are unhappy that your local school is full contact .....

It could even be an Auckland Council regular Top Tip Tuesday - but with new tips every week.

Hope I don't come across as venting - I just think that there is a lot of wasted energy and anger when there are usually pathways to solving problems already in place.

According to the rules of the city government, the city government needs to review the existing electoral districts and representation from time to time to see if they reflect the actual number of residents. This proposal involves a minor change in the district council boundaries, which shows that the city government is following the rules, so I support it.

If we can give young people in our community more opportunities to participate in training for management bodies, understand their operations, and become familiar with the contact channels between the district council, the city government and the community, and then

encourage these young people to participate in the operations of the district council and the city government, such as running for elections, we can enable them to represent our community more effectively.
