Local Board: Maungakiekie-Tāmaki

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Not very well

   Tell us why

   We need more safe cycle/scooter lanes and connections to be able to get around more easily and without adding to traffic. We need less on street parking so roads are safe to navigate as well as more efficient. And we need to improve our existing parks and natural areas and build more for the increasing population in our area!

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Maintain and improve local parks, playgrounds and sports fields to better meet the needs of our growing community.,Other, please specify:As above - more bike lanes, less on street parking, more efficient roads

3. **Which of the following would most improve neighbourhood parks for young people? (Select up to 3 options)**

   Connections to public transport,Cycle and walking path connections,Wider play options e.g. options for over 10-year-olds

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

   Which of the following transport issues are most important to you?

(Select up to 3 options)

Improve walking paths and footpaths,Improve the cycling network,Better public transport (buses and trains)

5. Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?

Local Board: Maungakiekie-Tāmaki

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Quite well

   Tell us why

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Free activities and events in local parks, libraries, and public spaces,Building partnerships with local groups and mana whenua to find local ways to provide for our community,Maintain and improve local parks, playgrounds and sports fields to better meet the needs of our growing community.

3. **Which of the following would most improve neighbourhood parks for young people? (Select up to 3 options)**

   Cycle and walking path connections,Safety improvements e.g. lights,Shade and seating

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

   Which of the following transport issues are most important to you? (Select up to 3 options)

   Improve walking paths and footpaths,Improve the cycling network,Ensure speed limits are safe

5. Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?

As a Panmure resident who regularly walks and runs in the area, and frequently commutes via bike to the city, I would like the local board to:

advocate strongly to Auckland Transport for safe, connected cycling and walking infrastructure;

ensure active transport is considered whenever road upgrades or changes are planned;

prioritise links that connect communities to public transport, schools, shops and recreation areas;

engage with local cycling groups and communities when designing transport improvements.

Safe cycling infrastructure enables people of all ages and abilities to access schools, shops, public transport, recreation and employment without needing to rely solely on private vehicles. I would value the ability to safely cycle more in the local area and support our local businesses but it is currently a very hositle environment to navigate on a bike or by foot. The majority of my trip to the city is now on safe, separated paths however there are still critical missing links, particularly in Panmure.

Local Board: Maungakiekie-Tāmaki

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   I don't know

   Tell us why

   I didn't read the full plan - I only searched for keys words relating to 'dogs', 'cats', and 'environment'

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Support local volunteer groups to continue to do their work in communities.,Maintain and improve local parks, playgrounds and sports fields to better meet the needs of our growing community.,Other, please specify:Stronger regulation and enforcement for pets. Especailly off-leash dogs in areas where they should be on-lead. Taumanu resreve on the Onehunga foreshore is a prime example.

3. **Which of the following would most improve neighbourhood parks for young people? (Select up to 3 options)**

   Connections to public transport,Cycle and walking path connections,Other, please specify:A more thriving natural environment, e.g. native planting in low-use areas of reserves. This is good for our environment and helps young people appreciate our native biodiversity more.

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

Which of the following transport issues are most important to you? (Select up to 3 options)

Improve the cycling network,Help town centres make the most of rail connections,Better public transport (buses and trains)

5. Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?

More proactive action on compliance for people who let their dogs off-leash in on-leash areas. I'm absolutely sick of dogs being let off-leash in areas which are meant to be on-leash, as dog owners do not fear consequence as there is very little compliance monitoring. Taumanu reserve is a prime example.

Also, more funding and encouragement of conservation initiatives in Onehunga. The Oenhunga Peoples Garden could do with some funding please.

Thanks for your consideration.

Local Board: Maungakiekie-Tāmaki

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Quite well

   Tell us why

   The draft Maungakiekie-Tāmaki Local Board Plan reflects a lot of the priorities needed for our community and hope this will be followed through, especially from a Māori community perspective - recognising the long generational history of many of our whānau that settled into the community and remain since the 1940s. Having such a historical place like Ruapōtaka Marae also needs to be recognised and hopefully the Board will recognised the importance of such an established cultural icon it has within our community, especially everything that Ruapōtaka Marae has led and still continues to play a pivotal role for all cultures within our local Tāmaki community, other communities, regionally, nationally, and international partnerships.

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Building partnerships with local groups and mana whenua to find local ways to provide for our community,Other, please specify:The Maungakiekie-Tāmaki Local Board needs to continue to suppor the rebuild of Ruapōtaka Marae

3. **Which of the following would most improve neighbourhood parks for young people? (Select up to 3 options)**

   Safety improvements e.g. lights,Shade and seating

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

   Which of the following transport issues are most important to you?
   (Select up to 3 options)

   Improve the cycling network,Ensure speed limits are safe,Work with partners and agencies to improve congestion issues

5. **Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?**

   * The draft Local Board Plan recognises the importance of working with Mana Whenua but needs to recognise the importance of Māori community and to work closer with Ruapōtaka Marae, the local Kohanga Reo and the Kura Kaupapa to assist with better outcomes.

   * There is no mention of the rebuild project for Ruapōtaka Marae, as previous M-T Local Board Plans have supported the rebuild and have it recorded in previous Board Plans.

Local Board: Maungakiekie-Tāmaki

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Quite well

   Tell us why

   Ensuring that our voices are heard by being inclusive.

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Free activities and events in local parks, libraries, and public spaces,Groups such as children, older people, and migrant communities can participate and connect within our communities.,Maintain and improve local parks, playgrounds and sports fields to better meet the needs of our growing community.

3. **Which of the following would most improve neighbourhood parks for young people? (Select up to 3 options)**

   Cycle and walking path connections,Shade and seating,Wider play options e.g. options for over 10-year-olds

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

   Which of the following transport issues are most important to you? (Select up to 3 options)

Improve walking paths and footpaths,Other, please specify:Having better parrking spaces. No point in advocating for transport when the town centre is small, making parking and having space on the rod diffecult.

5. Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?

The plan is great; however, my question is, how is advocating for public transport when majority of the bus route is limited? E.g. where I live, there are 3 to 4 different buses I have to take to get to work. Also, upgrading the playground will be ideal for 10 + years.

Local Board: Maungakiekie-Tāmaki

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Not very well

   Tell us why

   Visual beauty and its plan is not taken care off in the plan. We need to balance growth of housing alongside our space. The space of greenery, sky view, plants, trees. There are many builds taking up air view and blocking access to beautiful skies, and the original beauty of Auckland. Trees are being cut, there is not much planting of trees and plants on footpaths. We need to improve the beauty, so birds and insects like butterfly can thrive. Pass laws to protect trees in properties or have a minimum amount of trees in all suburbs.

   Next, preserve and enhance our streams, coastal areas and harbors. Restore native planting and prevent flooding at all costs. We need more community planting activities, community tree preservation for mature trees, more trees planted.

   Lastly, The T3 road signs are a hindrance to traffic. People miss the fine print, causing delays. Reduce T3 to clear roads. This will enhance flow of traffic.

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Free activities and events in local parks, libraries, and public spaces,Maintain and improve local parks, playgrounds and sports fields to better meet the needs of our growing community.,Other, please specify:Grow more plants, trees, protect life and beauty. A beautify Auckland initiative.

3. **Which of the following would most improve neighbourhood parks for young people? (Select up to 3 options)**

   Wider play options e.g. options for over 10-year-olds,Wi-Fi connection,Other, please specify:Improved conditions of toilets and their maintenance. Often tissues are not present and toilets are left ugly. We need more public toilets, ideally witin a 2-3km range. atleast more space in existing ones as well.

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

   Which of the following transport issues are most important to you? (Select up to 3 options)

   Improve walking paths and footpaths,Work with partners and agencies to improve congestion issues,Other, please specify:Take out T3 lanes, they impede traffic. introduce clear ways. Not many read fine prints on T3 causing delay.

5. **Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?**

   Need a stronger vision to beautify Auckland, Growth of new builds and especially 2 story builds, killing trees, t3 lanes, not planting trees or plants more on footpaths. All this is impeding the beauty of Auckland. Address these with robust plans. We need more life, more beauty, more trees, more plants, lesser 2 story builds that looks like boxes.

Organisation: N/A

Local Board: Maungakiekie-Tāmaki

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Not very well

   Tell us why

   There is very little in this plan that addresses the real problems that the Panmure Town Centre has been facing for years. The town centre is at the heart of the Panmure community and should be getting more real support from the Local Board. The options in question 2 below reflect this lack of concern for the town centre, are chronically vague and wishy-washy, and lack any concrete action plans for Panmure.

   The paving blocks in the footpaths in the town centre are beginning to lift and separate, leading to serious trip hazards for elderly or disabled pedestrians. Nothing is being done about this and it is only getting worse. Other areas are looking very shabby and dirty. The Local Board should be lobbying the Council to get these problems sorted.

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Maintain and improve local parks, playgrounds and sports fields to better meet the needs of our growing community.,Other, please specify:A solid commitment from the Local Board to help clean up and refresh our town centres, and a resistance to Council planners' intentions to sell off our reserves and public car parks.

3. **Which of the following would most improve neighbourhood parks for young people? (Select up to 3 options)**

Events and activities,Safety improvements e.g. lights

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

   Which of the following transport issues are most important to you?
   (Select up to 3 options)

   Improve walking paths and footpaths,Work with partners and agencies to improve congestion issues,Other, please specify:Don't sell off Panmure's Public Car Parks. Supporting their sale would be a huge mistake by the Local Board. After Panmure has had to endure years of business-destroying disruption from the Eastern Busway construction project, we desperately need to encourage customers and clients back into the town centre again. Selling off the public car parks will only cripple Panmure's businesses even further and drive more people to Sylvia Park, which has 4500 free car parks to offer.

5. **Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?**

   EIGHT YEARS after it was launched, it is time to acknowledge that the Unlock Panmure project plan has been a complete waste of time and money. It has achieved nothing except endless proposals for projects that will not bring one cent of new business back into the Panmure Town Centre. The Local Board needs to stop pretending that Unlock Panmure is the way forward for this town.

   In addition, it is high time that the Local Board got serious about bringing its business meetings back into this ward, where they belong, instead of forcing members of this community to trek half-way across the city to watch their own Board's meetings.

   Finally - make a decision on the return of the Panmure Sign instead of further delaying it in the hope that everyone will simply forget about it.

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Quite well

   Tell us why

   Erhhh it definitely has the hope that the community has. In the areas the draft plan touches on, the environment and mana whenua and equity, I mean yeah...pretty good areas, I think if locals got over their anger they'd be keen to jump on board with community spaces and that - connection and community is a strong desire, I reckon. Peeps probably get hung on the smaller things, conveniences and dependencies

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Free activities and events in local parks, libraries, and public spaces,Building partnerships with local groups and mana whenua to find local ways to provide for our community,Maintain and improve local parks, playgrounds and sports fields to better meet the needs of our growing community.

3. **Which of the following would most improve neighbourhood parks for young people? (Select up to 3 options)**

   Connections to public transport,Cycle and walking path connections,Wider play options e.g. options for over 10-year-olds

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

**Which of the following transport issues are most important to you?
(Select up to 3 options)**

Improve walking paths and footpaths,Better public transport (buses and trains)

5. Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?

If there's a push to have more gardening at home to help with local cost and wellbeing, stray animals are going to hinder some of that prospect.

Great to see emphasis on relationships with mana whenua and empowering Māori and Pasifika communities especially in the business realm

Climate change - there might still be climate skeptics but so be it, climate preparedness for the community is always a win.

Transport - is there no way to advocate on nuances that locals pick up regarding transport? I dunno. Peeps will continue to complain about cycle lanes until the cars come home. The G.I taniwha street and apirana avenue cycle lanes are the main areas of contention. Less spaces for cars and that.

What I'm tryna say I guess is that there's gotta be some work around meeting peeps halfway between car use and lane use. I dunno. I don't have the answer. But you're gonna get peeps who live in Panmure coming through to G.I to shop. And the car's going to be faster than the bike/bus more often than not.

Now this is hearsay but if there was a pickup in supermarkets being built (private builds obviously, can't just will it to happen, I understand) in Panmure near the town centre or even near Te Reiputa 👀 then the bus looks to be the winner here, and then that's a good look for alternative modes of transport.

Otherwise, yeah, peeps are going to be angry about cycle lanes. More should be done to quell that anger or something.

Also with transport I meeean I dunno the new builds in Panmure, look, they just gotta account for parking, they just gotta. It's not great having new peeps in who likely have cars facing the prospect of parking their car in a way that compromises pedestrians trying to walk on sidewalks and that. Social, affordable, market houses have got to have at least one good park. I genuinely think peeps use garages for anything but the car these days.

I think it's a symptom of the Auckland car dependency culture that's prevalent throughout the region. What can you do. But hey this is a space to say all this so there's something!

Education should be innovative in scale for waste management - the onus is now on residents to sort their rubbish out since we all wanted to keep weekly kerbside collections. I dunno that's just something I thought of just now.

Local Board: Maungakiekie-Tāmaki

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Not at all

   Tell us why

   The plan is a reflection of a local board that has almost completely severed its connection with the community it nominally served. The local board does not even meet in the local board area. It is a plan that totally reflects the ideals and ideology of a internally focused bureaucracy,not the community. The community wants amenities,services and support,not a domineering ideology

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Other, please specify:reliable transport. safe streets.

3. **Which of the following would most improve neighbourhood parks for young people? (Select up to 3 options)**

   Other, please specify:why do you explicitly exclude older people from the parks.

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

   Which of the following transport issues are most important to you? (Select up to 3 options)

Better public transport (buses and trains),Other, please specify:correct the total stuff up that AT have made of transport in Panmure. Stop forcing an ideological car-hatred on the community. Force the railways to actually run, now and then, at present they are a very bad joke. Sak ALL the left overs from AT and replace them with far fewer people who know what they are doing. Traffic engineers,not social engineers

5. Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?

It is a document that you should be ashamed of. . Though everyone knows it is just window dressing.

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Quite well

   Tell us why

   It is good that Maaori and Pasifika peoples are acknowledged, but we need to remember that there are a number of other cultures here in the local board area, including a growing number of refugee communities.

   We need to focus on adapting to and continuing to prepare for climate change and climatic events.

   We need to ensure that transport options and alternative energy sources are available for all, especially with threats to fossil fuels.

   I love the work that is being done on the new playgounds - as an adult, I want to go and play!

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Free activities and events in local parks, libraries, and public spaces,Groups such as children, older people, and migrant communities can participate and connect within our communities.,Support local volunteer groups to continue to do their work in communities.

   Improve the cycling network,Ensure speed limits are safe,Better public transport (buses and trains)

5. **Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?**

   Local cycling networks and facilities (yeah, the GI Bike Hub!!!) within the local Board are great, but there is a lack of connection once we leave the established cycle paths to other areas. And the cycle paths are often filled with litter and broken glass, or parked vehicles.

   Streets are narrow (cars are bigger and wider) and I think there needs to be more "no parking yellow lines" on one side of roads - or even both sides in places, especially around bends - so that traffic can continue to go along in each direction.

   I think that organisations that are working with the homeless and vulnerable, like Chip Packet Project NZ and Everybody Eats, need to continue to recieve assistance and support, including financial, advertising, volunteers from the Board, ... Similarly for those groups caring for the environment - doing unpaid work for the benefit of anyone and everyone. Even advertising these groups on a regular basis on the backs of buses/at bus shelters/in the libraries/in the local board updates,... so that people are aware of the groups and what they do and how to support them.

   I htink that building sites need to be made responsible for clearing rubbish from outside their site and their neighbouring sites at the conclusion of each work day - too often, little bits of construction waste as well as food packaging are left lying around near the building sites.

Local Board: Maungakiekie-Tāmaki

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Very well

   Tell us why

   As someone who's just moved into the area, I noticed a lot of underutilized or dilapidated public spaces and playgrounds, it would be great to see these things refreshed, particularly the point England reserve playground areas.

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Free activities and events in local parks, libraries, and public spaces,Support local volunteer groups to continue to do their work in communities.,Maintain and improve local parks, playgrounds and sports fields to better meet the needs of our growing community.

3. **Which of the following would most improve neighbourhood parks for young people? (Select up to 3 options)**

   Cycle and walking path connections,Safety improvements e.g. lights,Shade and seating

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

   Which of the following transport issues are most important to you? (Select up to 3 options)

Improve walking paths and footpaths,Work with partners and agencies to improve congestion issues,Better public transport (buses and trains)

Support for Improved Sports Field Lighting at Waikaraka Park

Thank you for the opportunity to provide feedback on the Draft Maungakiekie-Tāmaki Local Board Plan.

I strongly support the Local Board's commitment to investing in local sports facilities and progressing improvements at Waikaraka Park. As a regular user of the park through Onehunga Sports Football Club, I would like to see the upgrade of the sports field lighting identified as a priority project within the Local Board Plan.

Onehunga Sports Football Club currently has 664 registered players, with 45 teams training at Waikaraka Park each week during the football season. The continued growth of junior football, girls' football and community participation means demand for evening training continues to increase, particularly throughout the winter months.

Unfortunately, the current sports field lighting is no longer fit for purpose.

During winter, almost all training sessions take place after daylight hours. While some areas of the park are lit, large sections of Waikaraka Park remain in darkness, significantly limiting the amount of usable training space available each evening. This creates several challenges for both the club and the wider community.

From a health and safety perspective, inconsistent lighting reduces visibility, making it more difficult for players to judge the flight of the ball, identify uneven ground and safely participate in training. Coaches and volunteers also find it more difficult to supervise groups of children in poorly lit conditions.

The limited number of adequately lit areas also means training is concentrated into less than 50% of the park. This results in excessive wear on those fields during winter, while other areas cannot be used because they are too dark. The club works hard to manage and rotate training areas to protect the playing surfaces, but the current lighting significantly limits our ability to do so. Better lighting would allow training to be spread more evenly across the park, helping preserve the quality of the fields while providing safer and more effective training environments.

An investment in modern sports lighting to cover the park would deliver significant benefits by:

Improving player, coach and volunteer safety during evening training.

Increasing the amount of usable training space across Waikaraka Park.

Reducing overuse and deterioration of the currently lit training areas.

Helping maintain higher-quality playing surfaces throughout the winter season.

Supporting the continued growth of junior, youth and girls' football.

Encouraging greater participation in community sport.

Extending the usable hours and capacity of one of the area's busiest sporting facilities.

Making better use of Auckland Council's existing investment in Waikaraka Park.

With 664 registered players and 45 teams training each week, improved sports lighting would deliver an immediate benefit to hundreds of local families while ensuring the park can continue to meet the growing demand for community sport.

I respectfully ask the Local Board to prioritise the upgrade and expansion of sports field lighting at Waikaraka Park as a key capital investment within the Local Board Plan and to investigate funding opportunities to deliver the project as early as possible.

This investment would improve safety, protect valuable sporting assets, increase participation and ensure Waikaraka Park continues to serve the growing needs of our community for many years to come.

Thank you for considering this submission and for your continued support of community sport within the Maungakiekie-Tāmaki Local Board area.

Andrew Wellgreen

   Which of the following transport issues are most important to you? (Select up to 3 options)

   Work with partners and agencies to improve congestion issues,Help town centres make the most of rail connections,Better public transport (buses and trains)

5. Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?

transportation ie public transportation is the most important thing, connection to public transport the more frequent busses and trains, 72x to CBD needs to be all the time not only during peak.

local economy is also important

too much focus on Maori not fair for other ethnic groups

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

   Which of the following transport issues are most important to you? (Select up to 3 options)

   Work with partners and agencies to improve congestion issues,Help town centres make the most of rail connections,Other, please specify:remove islands/trees in middle of residential

streets they are challenging to drive through espeiclaly in a van. Provide more parking in those streets eg Wadde Ave etc

5. Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?

GI swimming pool - the eduction and poos are often closed to the public during and after the school houses 3:15-7:30pm on weekdays. This means local children and familes can use the warmer shallow and child friendly pools for leisure. the pools are closed for swimm lessons and aerobics. Either they can build another pool or make at least have available for public use.

Plant more tees ina and around new builds to provide more shade and help keep the streets cooler and nicer to view.

Can any of the tree's/plants removed from the GI town center and local shops and rubbish and graffiti . can we beautiful the town centre like they do at St Heliers? Love the artwork around the centre reminds me of Katikati township.

Stormwater drains - street promotions or painting artworks by the drains that says it leads to the sea (have seen this done/online) to promote cleader sidewalks/curbs/roads

Pt England beach toilets - needs upgrading

Mt Wellington War Memorial Reserve - female public toil access to be fixed please and water taps (especially for sport events)

Would love to see the old Tamaki Akl Uni site to be converted to an indoor basketball/volly stadium on Merton Road - area could be ultimate site for sports.

thes shared lunches are welcomeing and educational with a great lunch provided. good to have different activities.

it would be great to have consistent support and advisory for the communities to help the, and encourage them to start markets of buy and sell and exchange.

small business ideas from business owners to help support the economy and to earn extra independent income

lack of employment is very evident

I'm thinking too get more people involved in what their talents are to inspire people to make an extra income

Speakers, lofi music

places to chill and relax with friends

more playing spaces for children & toddlers

safer for younger children too

More space for sports, activities eg - rugby, soccer, volley

Free food for homeless and others

schools could have like people at schools for kids to vent or talk to

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Quite well

   Tell us why

   The plan reflects priorities such as partnerships and events, but it would be good to see the board also provide opportunity for young people (example: affordable recreation)

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Free activities and events in local parks, libraries, and public spaces,Building partnerships with local groups and mana whenua to find local ways to provide for our community,Support local volunteer groups to continue to do their work in communities.

   needs to develop a master plan for the wider Onehunga area as a matter of urgency.

   Over the last 30 years, we have witnessed a lack of a long-term plan for the area, resulting in unnecessary financial stress and damage to the business and residential communities,

including Light Rail, Heavy Rail, SH20 East West Link, and apartments on the Port of Onehunga Wharf that have all failed.

A robust, well-documented master plan that has strong residential, retail, commercial and business support has unfortunately been lacking for the last 30 years, and the MTLB needs to demand that such a document be implemented with urgency.

Companies making financial decisions regarding the purchase of new machinery and employing more staff becomes very dangerous, with the possibility that their site may be compulsorily acquired by the PWA or safe road access is denied.

This issue needs to be addressed to ensure businesses have a strong foundation to build on, rather than not understanding the long-term implications of the master plan.

Unfortunately, this is not the case, in the wider Onehunga Penrose areas, and we have witnessed various iterations of the EWL, which have never materialised to the detriment of all parties and at serious cost to businesses as well as local and central government.

A master plan needs to be developed in conjunction with strong involvement from the local community, especially the MTLB, and it becomes the blueprint of how our community is developed sensibly and economically in the years ahead.

Regarding the EWL, it needs to follow along the Onehunga Neilson St Southdown Harbour foreshore and be treated as a greenfield project to the same design standard as the 8-time award-winning Taumanu Bay project.

There are serious environmental issues (leachate, methane gas, ground settlement, metals, asbestos & oil) with the marine sediment in this part of the upper Manukau Harbour that needs to be addressed, all due to poor environmental management over the past 70 years.

The EWL needs to be designed as a true multimodal corridor for pedestrians, cyclists, vehicles, power, gas and rail, etc in order to provide the connectivity we are currently missing.

Sir Barry Curtis wanted to see an international rowing course in the upper harbour area, which has strong community support, but the sediment buildup needs to be dredged, and contamination needs to be addressed, and a better long-term process is implemented.

One option to better manage this environmental issue is to dredge and convert the contaminated marine sediment into MudCrete.

MudCrete has been widely used in Auckland to provide a structural material by locking up the contaminants found in the marine sediment with the use of Portland Cement.

The projects where MudCrete has been successfully used include POALs, Fergusson Container Terminal, Westhaven Marina, Upper Tamaki River, and the Wynard Quarter.

When large vessels were using the Port of Onehunga, POAL would dredge the wharf area and truck the marine sediment to the Fergusson Container Terminal, where it was converted to MudCrete and used as a structural component for the container terminal.

I oppose like all of the business along Neilson St, converting Neilson St to an expressway. The original EWL along the Upper Manukau Harbour shoreline was based on the use of MudCrete to address sea level rise and establish holding ponds to reduce runoff from the reclamations.

All parties involved in the process need to in a sensible manner, avoid further ongoing legal challenges should NZTA adopt the Neilson St proposal.

NZTA spent $65m with consultants on the original EWL design and a further $12m with lawyers challenging it, and now NZTA has allocated a further $100m for a new design, the community has not been consulted and not one shovel of soil has been turned in the past 10 years.

We need to avoid these issues from repeating yet again, and the MTLB has a high degree of responsibility in avoiding this unnecessary legal process and fully supports the wider community.

The Taumanu Bay project is the largest ever reclamation for its purpose in New Zealand that never went before the Environment Court for a decision, as with early stakeholder engagement and local workshops there was 95% support for the Taumanu Bay project from the wider community. This is a process that we need to repeat.

A working group (OFWAG Onehunga Foreshore Working Group) was established by Auckland Council and was made up of an elected MTLB member and officers at Auckland Council plus an engineering consultant and members from the OBA and TOES and the occasional visit from an NZTA representative.

Auckland Council had a budget of $65m I had a construction company price it at $35m, and it was delivered for $28m, being $18m from NZTA and $10m from Auckland Council.

NZTA had no wish to be involved in the Taumanu Bay project management so provided their contribution of $18m to Auckland Council, and the working group managed the wider project …

Current Area of the Upper Manukau Harbour

Long Term Vision for the Upper Manukau Harbour

Your feedback:

1. **Overall, how well does the draft Maungakiekie-Tāmaki Local Board Plan reflect the priorities of your community?**

   Quite well

   Tell us why

   Generally good. The section 'build environment' sounds ok but nothing about community involvement or planning for what 'tamaki regeneration' overbuilds in panmure. They should NOT have free rein to block our views.

2. **Which of these do you believe our diverse community needs most? (Select up to 3 options)**

   Free activities and events in local parks, libraries, and public spaces,Groups such as children, older people, and migrant communities can participate and connect within our communities.,Support local volunteer groups to continue to do their work in communities.

3. **Which of the following would most improve neighbourhood parks for young people? (Select up to 3 options)**

   Cycle and walking path connections,Events and activities

4. **Local board decision making for transport is changing. Local Boards will decide on some things and advocate for others.**

   Which of the following transport issues are most important to you? (Select up to 3 options)

Improve walking paths and footpaths,Other, please specify:speed up essential infrastructure work that presently bring overload road closurers eg Tripoli Rd

5. Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?

speed up essential infrastructure work that presently bring overload road closurers eg Tripoli Rd

It is crazy that Tamaki Regeneration can get away with consulting to own tenants ONLY about their expansionist plans. In my street their tenants have see blueprints about future building (mass demolition) but not their owner/occupier neighbhours. We are losing our view to ugly blocks of apartments

5. Do you have any other feedback on the draft Maungakiekie-Tāmaki Local Board Plan 2026?

I think that upgrading the lights and pedestrian crossings so that walking is safer at night. Working with police to increase their availability.

Not building apartments too high to too dense so that we can have good communities, not slums.

Have groups for people to attend, so that they don't loiter on the streets.

work with the ministry of education to improve local schools so that people will attend them and build better communities. Reduce access to drugs and alcohol, so the neighborhoods can be safer.

   ensure funding is not wasted on unnecessary cycle lanes and concrete dividers, see email I sent to AT -

Hi Varsha

Thank you for the costing from Phil, I'm however struggling to comprehend how AT justifies spending over $1 million for bike lanes from a counter that provided faulty and incorrect counts?

Even if it was correct, your count of approximately 71 bikers per day over a 24 hour window (2.9 bikers/hr = 1 biker every 20 minutes) is hardly best use of tax /rate payer funds.

Would it not be more prudent to pay a real person say $2000 to monitor the bike use for 2-3 weeks to see if there's actually any need for such an expenditure?

The idea of spending a few thousand to do market testing/analysis rather than jumping into a $1 million plus dollar project is basic economic sense or does AT need to "spend" the budget allocated within the financial year?

Is there no one at AT that analysis the cost vs benefit of such expenditure?

I still find the count of 71 per day back in 2021 highly unbelievable as I travel between 586 Great South Road and Ryan Place multiple times during the day and also speak to my clients and staff about bicycle sightings frequently.

Unless the bikers you are referring to are like these -
https://www.facebook.com/reel/811927801775249

Also with the addition of the concrete separators, AT has caused unnecessary traffic build up turning LEFT into REAGAN ROAD and TE IRIRANGI Dr during the evening run. Was this not considered before the project started?

See Image attached

I would really like to know how the process works before such a sum is green lit.

Thank You

Tony

[redacted]

Hi [redacted]

Thank you for the costing from [redacted] I'm however struggling to comprehend how AT justifies spending over $1 million for bike lanes from a counter that provided faulty and incorrect counts?
Even if it was correct, your count of approximately 71 bikers per day over a 24 hour window (2.9 bikers/hr = 1 biker every 20 minutes) is hardly best use of tax /rate payer funds.
Would it not be more prudent to pay a real person say $2000 to monitor the bike use for 2-3 weeks to see if there's actually any need for such an expenditure?

Thank You
[redacted]

[redacted]

Apologies for the delay! I had to get info from the PM and it was discovered that the counter on Great South Road between Lambie Drive and Ronwood Ave appears to have been faulty and possibly providing incorrect counts.

This dates back to December 2021. Using the most recent data prior to when this fault occurred (January to November 2021) the daily number of cyclists is lower at an average of 71 per day.

We would expect an increase in cycle volumes at this counter in recent years, in line with a general increase in counts seen at other counters around Auckland.

Below is a profile of the proportion of cyclists counted throughout the day. As can be seen there is a morning peak, midday peak and evening peak when the largest volumes of cyclists are observed.

Hourly Profile - Weekdays ⤢
01/01/2021 — 30/11/2021 ▼ Great South Rd Manukau User Type

[redacted]

I've attached the official information you asked for
On 9/04/2026 you asked regarding costs of the concrete separators/cycleways on Great South Road between Cavendish Drive and Puhinui Road

I've attached a response from [redacted] who is our Engagement Manager for Customer Care.

Should you believe that we have not dealt with your request appropriately, you are able to make a complaint to the Office of the Ombudsman in accordance with section 27(3) of the LGOIMA Act and seek an investigation and review in regard to this matter.

You can contact the [redacted]

[redacted]
