Your feedback

1. **How do you or your household currently use the park?**
   Attend events at Eventfinda Stadium

2. **How often do you use the park?**
   Other, please specify: Once every few years

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Other

   Tell us Why
   Should use the space for more than one activity, based on what the community needs, what is lacking.

4. **What type of golf would you most like to see provided at the park?**
   None of the above

5. **What other type of recreation would you most like to see provided at the park?**
   Nature play / playground,Open space / picnic area,Outdoor sports courts (e.g. basketball, netball, pickleball),Space to hold events (e.g. community markets, festivals or concerts),Sports fields (e.g. rugby, soccer, cricket)

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**
   Equity/Inclusion - a diverse range of experiences the whole community can enjoy,Heritage - highlighting local Māori culture,Nature - protecting or enhancing the natural environment for

people and wildlife,Organised recreation - space for organised sport or clubs,Safety - providing a safe environment for play, sport, and relaxation

7. **Which Park lease approach would you prefer?**
   Lease some land and keep some under Council control

   Tell us Why
   Good to have some external funding for future projects, but not all as then council loses some control.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**
   Don't just take $$ and golf into account. Pay attention to what the local community NEEDS

1. **How do you or your household currently use the park?**
   I don't use the park

2. **How often do you use the park?**
   I don't use the park

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   Tell us Why
   Auckland Canoe polo trains at the Quarry just down the road in a lake that is unsafe for our beginner players, prone to algae blooms and lacking adequate storage and lighting. Ineltegrating our sport into the proposed recreation facilities would allow us to grow sports participation in the North Shore. A 4 pitch court would be the best case scenario!

4. **What type of golf would you most like to see provided at the park?**
   9-hole traditional golf course (35-36 par)

5. **What other type of recreation would you most like to see provided at the park?**
   Open space / picnic area,Outdoor sports courts (e.g. basketball, netball, pickleball),Other, please specify: Canoe polo courts

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Affordability - providing low-cost or free activities,Connectivity - walking and cycling connections through the park that link with the wider community,Nature - protecting or enhancing the natural environment for people and wildlife,Organised recreation - space for organised sport or clubs

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   Auckland Canoe Polo would be interested in leasing the section our proposed venue could operate within

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Tell us Why

   The golf course is the most used course in Auckland if not NZ
   All generations play here from children to 80 and 90 year olds. it's a very racially diverse course If this course closed many golfers would have to give up playing as to join a club is expensive and many clubs now have closed their membership .It's busy most of the time. To suggest it's for the elite is ridiculous. It's affordable for a round. The course is a lovely green space and once you loose a green space in a city you never get it back. Please please keep our course. Half of it has already been taken at least let us keep the other half as a golf course

4. **What type of golf would you most like to see provided at the park?**

   The North Shore has been allowed to grow without space - or resources - put aside for community recreation. In particular, with the development of the modern chicken-coup supercharged by the fucking stupid MDS standards, the area has a situation where thousands of people are shut into tiny ********** shacks with little or no amenity.

   Golf clubs utilise valuable publicly owned land at an expense unreflective of its market-value and unreflective of the recreational needs of the local community at large. They should be either made to pay more (so that alternative land can be set aside) or be pushed off to chase their balls elsewhere.
   Local golfers will - in a way - be compensated by such a move. A publicly accessible park will increase their property values (an obsession among golfers) and fund trips further afield to golf courses elsewhere.

   Tell us Why

   Much of the cost associated with developing the park lays in the Council's own bureaucratic governance and the red-tape it imposes on people. I suggest a process of removing the Council's fingers from its own ********** in order to leverage the associated cost savings to more efficiently deliver services to rate payers.

   As for the development of the park itself, there is too much unrealised value in the park that lays in opening it up to the general public for recreation. Much of this value can't really be described on a balance sheet (not directly anyway) and means that any profit driven development will inevitably miss addressing the needs that give rise to that hard-to-account-for value.
   Perhaps the Council should let the community in to decisions about utilising and developing the park?

   The Northern Pathway is eventually meant to run along here so it would be great if that could be built at this time. Even better would be to also extend a bridge across the motorway to the smales farm busway station to further open it up and to expand the catchment of the station.

   To my knowledge there are only two golf courses that cater for the general public and offer golf at a reasonable rate - this one and Chamberlain Park. This one obviously caters more for North Shore users although I travel over the bridge to it to meet my friends and play a game. I also use Chamberlain and I have noticed that both courses are very well used and much appreciated as an easy entry way into the game. There are many private courses around Auckland and I play at those too, but their fees are significantly higher and would price many beginners and lower-paid participants out of the game. This course serves a great social purpose in providing a golf venue at an affordable price.

   To allow some of the development costs to be shared with private operators. To maintain the accessibility of the golf to the majority there would need to be some form of price review/control built into the lease.

   A 9 hole course can offer, with careful planning, some aspects of an 18-hole course with alternative tee siting and so forth, and should be considered as part of the development.

   Golf is a very land intensive pass time that can only be used by a few people at a time. It is also has a high cost barrier to entry of green fees and golf clubs. Auckland Council currently owns 12 golf courses plus there are many other privately owned courses. The use of the space should prioritise recreational uses that are free/cheap, or highly used by a wide range of people.

   Cheapest and most accessible golf course in Auckland. Take that away and we will lose access to a sport that a lot of people enjoy recreationally. I understand the need for a drainwater option but there must be a compromise someway to still retain a full golf course and cater for flooding.

   This is one of only 2 council golf courses in Auckland that offers access for all at low prices. Otherwise some kids and parents will not be able to play, or face large increases of 40-80% to play elsewhere. If land is needed at least leave a 9 hole course, and use the rest of the land for wetland to protect ratepayers homes. Please save this land for recreational use.

   Tell us Why
   Auckland is a fantastic city with which allows people of all levels of income and golfing ability to play/try golf at a reasonable price and without an exclusive membership. The health and social benefits from having this option for tens of thousands of people a year outweigh the risk to 150 homes. Golf being the main drawcard with other recreation activities also contributing to a healthy community

4. **What type of golf would you most like to see provided at the park?**
   18-hole beginner/intermediate golf course (approx. 54-60 par),9-hole traditional golf course (35-36 par),Driving range,Other, please specify: The wetlands and stormwater works could form art of teh 18 hole course - by definition they are used during storms - when golf can be closed. Simple plannign an dliasion with parties interested in keeping the course open would easliy build both options into the future plans.

5. **What other type of recreation would you most like to see provided at the park?**
   Outdoor sports courts (e.g. basketball, netball, pickleball),Walking / cycling tracks

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Takapuna Golf Course stands out as the most accessible and affordable option for golfers across Auckland. Unlike many private courses in the region that require annual membership fees exceeding $2,000, Takapuna offers a public facility that welcomes casual players without the financial barrier. This makes it an invaluable resource for individuals and families who enjoy golf but cannot commit to costly memberships.

   Importantly, Takapuna is integrated with the Golf NZ app, allowing players to record scores and maintain official handicaps—an essential feature for those who wish to track their progress or participate in competitions.

   In my recent involvement with a council board submission for another sport, I advocated for increased diversity in recreational facilities to better serve both younger and older community members. Golf is uniquely positioned to support this goal. It is a sport that transcends age and gender—children, adults, seniors, men and women can all play together. It fosters intergenerational participation, promotes physical activity, and builds social connections.

Takapuna Golf Course is not just a place to play—it's a community hub where people meet, engage, and stay active well into their senior years. Preserving and supporting this facility is essential for maintaining inclusive, affordable, and diverse sporting opportunities in Auckland.

4. **What type of golf would you most like to see provided at the park?**

   9-hole traditional golf course (35-36 par),Driving range,Short-game practice area / putting green,Indoor golf simulators

5. **What other type of recreation would you most like to see provided at the park?**

   Off-leash dog exercise area,Space to hold events (e.g. community markets, festivals or concerts),Walking / cycling tracks

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Affordability - providing low-cost or free activities,Connectivity - walking and cycling connections through the park that link with the wider community,Equity/Inclusion - a diverse range of experiences the whole community can enjoy,Nature - protecting or enhancing the natural environment for people and wildlife,Organised recreation - space for organised sport or clubs

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   While leasing land to independent operators may accelerate development and generate revenue, I believe it's important to carefully weigh this against long-term community interests. Facilities managed by private operators often come with user charges, which can limit access—particularly for families, youth, seniors, and those on lower incomes. Recreation should be inclusive and accessible to all, not just those who can afford it.

   Keeping the land under council control, even if it means slower development and more modest facilities, would better support equitable access and community-led use. It also allows for greater flexibility in adapting the space to future needs, ensuring it remains a public asset shaped by local voices.

   I would encourage strong safeguards to ensure affordability, community input, and protection of public access.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Takapuna Golf Club welcomes players of all skill levels and backgrounds, making it a vital space for community recreation. Compared to other sports and leisure activities, golf at Takapuna offers excellent value for money, contributes to urban greenery, biodiversity, and mental well-being. Golf is a non-contact, low-impact activity that promotes long-term health without strain.

   Tell us Why
   Golf is a fantastic sport for all ages and genders. It offers a balanced activity of exercise and entertainment. With such a large population such as Auckland it can be difficult to access courses and public courses open the sport up to everyone without the huge outlay for private courses. Closing public courses makes it harder for the vast majority of golfers to play.

4. **What type of golf would you most like to see provided at the park?**
   12-hole beginner/intermediate golf course (approx. 36-40 par),9-hole traditional golf course (35-36 par),Pitch and putt golf course,Driving range

5. **What other type of recreation would you most like to see provided at the park?**
   BMX pump track / skate park / other wheeled play,Lawn bowls,Outdoor sports courts (e.g. basketball, netball, pickleball),Space to hold events (e.g. community markets, festivals or concerts)

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Affordability - providing low-cost or free activities,Connectivity - walking and cycling connections through the park that link with the wider community,Equity/Inclusion - a diverse range of experiences the whole community can enjoy,Organised recreation - space for organised sport or clubs,Resilience - supporting flood protection and climate adaptation

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   If you lease all land out then the public lose control. Local clubs and sports cannot usually afford to lease land and build facilities, they need council support. Leasing some land may offer funds for council to build facilities. Any funds raised needs to go back into the park.

   Golf is a popular sport for young and old. Participation has grown and continues to grow for young people, driven partly by YouTube golf. Takapuna and Chamberlain currently offer the only real avenues for young people to learn the sport, before they can afford to join a club. At the other end of life, like most first world cities Auckland is forecast to have an ageing population. Golf is also a valuable form of exercise and socialising for older people - there's a reason it's popular all around the world! Catering for accessible golf is a crucial way to provide recreation for older people, and will help Auckland to remain one of the world's most liveable cities for all ages.

   The Golf Warehouse proposal sounds great. Good mix of sports and climate uses.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**
   As above, I support the Golf Warehouse proposal. I currently use it mainly as a driving range and it's a great facility. Auckland would benefit from a par 3 course and I think this is more important than even a 9hole full size course. I grew up in Christchurch with a great par 3 course and it was amazing for non golfers and golfers alike. It was the entry point to golf for so many lifelong golfers. The GW plan also has a good mix of sports and climate adaptation and little public money contributed

   Golf is an incredible game for health - both physical and mental. Takapuna currently provides the most affordable golf in Auckland so is the best place for people getting into the game. Golf is often regarded as an exclusive game for wealthy, but Takapuna makes its accessible for all. I think it's so important that a centrally located course is open to all

4. **What type of golf would you most like to see provided at the park?**
   18-hole beginner/intermediate golf course (approx. 54-60 par),Other, please specify: If the option for a 9 hole and then a floodlit pitch and putt is there, then I think that's an awesome idea (and would be a first in Akl)

Your feedback

1. **How do you or your household currently use the park?**
   Play golf at the golf course,Use the golf driving range

2. **How often do you use the park?**
   Once or twice a week

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   Tell us Why

   I have seen plans that allow for a shorter course and a driving range plus other facilities and wetlands for stormwater mgmt.
   a sine of only two council courses (in a city the size of Auckland) the course must remain but a compromise where the park allows for other upgrades reacreation uses and supports the councils flood protection plans and funded privately seems logical.

4. **What type of golf would you most like to see provided at the park?**
   18-hole beginner/intermediate golf course (approx. 54-60 par),9-hole traditional golf course (35-36 par),Driving range,Short-game practice area / putting green

5. **What other type of recreation would you most like to see provided at the park?**
   Indoor sports courts (e.g. basketball, netball, badminton, gymnastics),Off-leash dog exercise area,Walking / cycling tracks

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Affordability - providing low-cost or free activities,Organised recreation - space for organised sport or clubs,Resilience - supporting flood protection and climate adaptation

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   In the same way compromise is required regarding the golf course foot print compromise in landowner vs leased will provide good balance of maintaining park legacy and allowing for the upgraded facilities it requires for ongoing golf/ sports use

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Golf is one of the few outdoor sports the elderly and less mobile can still undertake and feel they are competing against others and friends. I often talk to people who can't afford private courses, adding barriers to entry will take this away from them likely resulting in increased loneliness. It's also a space that beginners feelComfortable learning the game

Your feedback

1. **How do you or your household currently use the park?**
   Play sport at Eventfinda Stadium,Attend events at Eventfinda Stadium

2. **How often do you use the park?**
   Once or twice a week

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly other recreation uses with limited golf facilities

   Tell us Why
   Having a quality multi court facility is very important for Northcote Shore an Auckland.

4. **What type of golf would you most like to see provided at the park?**
   9-hole traditional golf course (35-36 par)

5. **What other type of recreation would you most like to see provided at the park?**
   Indoor sports courts (e.g. basketball, netball, badminton, gymnastics)

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**
   Organised recreation - space for organised sport or clubs

7. **Which Park lease approach would you prefer?**
   Keep all land under Council control

Tell us Why

In the hands of the people. Hopefully protecting highly valued sports arena.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Basketball courts are a highly valued asset that is needed for New Zealand's fastest growing sport. I believe Wairau Creek should be made wider and deeper. .

   There are few affordable options in Auckland for people who wish to play every two weeks or so. The Takapuna course is accessible to all to by retaining it as a traditional 18-hole council run course provides this opportunity to a vast number and diverse range of people from all across Auckland on a daily basis.
   There are plenty of alternative walking, playing and recreational facilities nearby.

4. **What type of golf would you most like to see provided at the park?**

   Other, please specify: Just keep the same options as currently, so no one missed out.

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Affordability - providing low-cost or free activities,Other - please specify: Providing an activity not provided elsewhere in the Community

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   Tell us Why

   If it is leased for golf course, rather than council run, then immediately it will become less accessible. I assume as a council run facility the golf course could come close to paying its way - I believe this is the case with Chamberlain.
   I understand the golf club has provided a good compromise which assists with the storm water issues and retaining a full 18-hole course.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Can the carpark of the Eventfinda Stadium be utilised in any way to assist with the flooding issues (which does only appear to impact a small number of households if only a couple of hundred people)? If this is a porous compound this may help. Likewise the carpark at the southern end of AF Thomas Park.
   Or culverts along the motorway?

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Please really focus on restoring "a natural wetland and [creating] areas within the park that temporarily hold excess water during heavy rain to reduce the risk of downstream flooding". Future generations deserve to know they are safe from flooding, and our environment needs to be taken care of more - also make this a point, a vocal point or message from Auckland to other cities across NZ and possibly the world that environmentally-friendly parks (that enhance and thrive local flora & fauna) in a big city works.

   There are enough golf course, we dont need more and they only cater to the few. I would prefer you develop water course for water sports. Canoe polo would be my preference, like the Hawkesbay Mitre 10 park and Christchurch Lake Rotokohatu. 4 courts would allow development for kids and schools, plus national and international events.

   The game of golf has been growing at a rapid rate all over the world in recent years and with everything getting more expensive in this world with cost of living etc, having a great entry level golf course like Takapuna that is affordable is hugely important. Most people cannot afford or get into a lot of the golf clubs around Auckland so having a few that are affordable is important. Specially in a central location. Without it more cars will be on the road having to drive and become members at courses further out of Auckland.
   Takapuna golf course has been a staple course in Auckland that every golfer has played and it would be a big shame to let that go.

   Before I became a club golfer as a teenager I played at Takapuna a lot and it helped me grow my love of the game. Now aged 69 I still play regularly and find the exercise and social interaction really valuable.    the golf corse is heavily used and provides a local golf corse to the surrounding area. Very important to keep as gold is a popular recreation and this is an affordable corse for Auckland. Before allowing density housing all around it was not flooded so much of an issue. Reduce the wetland. intertwine in amours the corse if must bet keep 19 holes.

5. **What other type of recreation would you most like to see provided at the park?**
   Off-leash dog exercise area,Other, please specify: There are plenty of other spaces around Auckland for outdoor sports corse. Markets and concerts do not need to be there. Walking cycling track around the corse would suit if being hit with a golf ball could be an issue

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Other - please specify: Affordable Local golf corse. Only one in the area. Any other use should fit around the 18 hole golf corse. we have enough driving ranges

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   Tell us Why

   The reason it floods is that all around the golf course the land has been built on. Why would you allow developers to come in and build more structures (probably ugly as well as the council seems to be blind to understanding that pleasing aesthetic city design creates a proud happy population) When golf is played people walk. so it is already used as a walk park.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   No. Thomas Park is already a large green space that is utilise to its maximum when not flooded. If the density housing around had been managed better it would be not so wet. Fix that so the corse can be used to its maximum. very special spot in the middle of Auckland that is affordable for golf to be played allowing exercise and outdoor exercise with Purpose. There are many smaller green areas that can be hennaed to attract wildlife and picnickers in the area

   Auckland has a lack of publicly available golf courses. In what you would consider the central city there are only two publicly available courses, being Takapuna and Chamberlain Park. All other courses have members only tee times up until at least 12pm on both Saturdays and Sundays or are at least an hours drive away. This leaves very few available spots to cater for non-members, given the rise in popularity of golf.

4. **What type of golf would you most like to see provided at the park?**
   9-hole traditional golf course (35-36 par),Driving range,Indoor golf simulators

5. **What other type of recreation would you most like to see provided at the park?**
   Indoor sports courts (e.g. basketball, netball, badminton, gymnastics)

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Equity/Inclusion - a diverse range of experiences the whole community can enjoy,Organised recreation - space for organised sport or clubs

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   The golf land of the proposed golf course could be retained by the council as it is now but the land that occupies other commercial activities such as a driving range, cafe/bar and indoor simulator would be enhanced by an outside enterprise with better access to funding.

   Golf is a growing sport for all generations, as per the latest stats. Takapuna is one of only 2 full public courses in Auckland and it needs to remain as such, 18 holes too. It's affordable compared to private golf clubs. We can never go back if it's changed. When you loook at the volume of people using the course and range it's amazing. We have plenty of parks etc in Auckland for the public, we don't need to lose a golf course (or half a golf course) for another park.

Your feedback

1. **How do you or your household currently use the park?**
   Play golf at the golf course

2. **How often do you use the park?**
   Less than once a month

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly golf with limited other recreation uses

   Tell us Why
   This is one of the most affordable golf courses, open to the whole public, in Auckland. It provides opportunities to golf for lower socioeconomic populations, and first time golfers that are impossible to find through private courses. As such I believe that Takapuna GC provides a gateway to a healthy recreation for older people to enjoy into later life that is otherwise unavailable

4. **What type of golf would you most like to see provided at the park?**
   Other, please specify: I believe it IS possible to retain a full 18 hole course

5. **What other type of recreation would you most like to see provided at the park?**
   Off-leash dog exercise area,Open space / picnic area

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Other - please specify: The existing golf course. Those other things are already provided elsewhere

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   Lease some to the existing golf course

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   I think this survey is designed to
   Illicit responses you want to hear about the golf course than what the community really wants

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Other

   Tell us Why
   I'd like it as a golf course. Golf is a sport any age or sex can play and is good for both mental and physical health. Takapuna offers a low cost option open to anyone.

4. **What type of golf would you most like to see provided at the park?**
   Other, please specify: Keep it as is. Expanding the wet areas(ponds) making the course a little more challenging, but able to store flood water.

5. **What other type of recreation would you most like to see provided at the park?**
   None of the above

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**
   Affordability - providing low-cost or free activities,Other - please specify: Diversity. No club mandating play or cost, golf open to the masses.

7. **Which Park lease approach would you prefer?**
   Unsure

   Tell us Why
   It depends on the proposed use. An independent golf operator would be great.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**
   Perhaps the council could concentrate on making sure their infrastructure is fit for purpose. Culverts and drains not blocked. Perhaps personal responsibility comes into play. Perhaps the council could remove their anti golf bias and simply modify the course to flood in heavy rain, but with improved drainage, as seen elsewhere.

   30 Ha of former wetland, unpopulated by houses and business, is a huge asset to Auckland in 2025. In an era of climate change, this is a great opportunity for Auckland Council (AC) & KPLB to make a natural area which is effective, and protective, and covered in native plantings, wetlands. However at this time, the golfing fraternity should be recognised for having protected this open space for over 100 years.

4. **What type of golf would you most like to see provided at the park?**
   Other, please specify: Local golfers should decide.

5. **What other type of recreation would you most like to see provided at the park?**
   Nature play / playground,Walking / cycling tracks,Other, please specify: Authorities should visualise this park as a wetland, with native plantings, functioning as a carbon sink and natural area for people to enjoy. Think firstly of the landscape and natural environment. Then how to fit sympathetic activities on it.

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Affordability - providing low-cost or free activities,Heritage - highlighting local Māori culture,Nature - protecting or enhancing the natural environment for people and wildlife,Open space - space for free play and relaxation,Resilience - supporting flood protection and climate adaptation

7. **Which Park lease approach would you prefer?**

   Other

   Tell us Why

   Council must decide and control this Council owned area. They have a biodiversity department and huge experience in parks and healthy waters. A strong kaupapa to protect and restore natural wetland values. Any leasing must be within this kaupapa.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   This document is surprising in that it is all about "development", with almost nothing about the actual land and landscape. This omission of biodiversity and ecological values is a shocking and fundamental oversight in such a valuable area. Please reconsider. "Kai Patiki" group is so well known in Auckland for all its environmental and ecological work. I am sure they know this area well and wiuld have invaluable input.

   I love the parks of Auckland and, while I have not visited the current golf facilities there as I do not play golf, if the park was transformed into a place dedicated to recreation, I would certainly be travelling there a lot as I love exploring the parks of Auckland. This is an area of Auckland that I typically do not regularly go to, but if the park was a modern park with beautiful passive recreation spaces, I would just love that!

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   I hope you go ahead with the full recreation plans! I love the other Auckland Council parks (they are seriously world class parks with only London's parks beating them for beauty and passive recreation potential) and this one, based on the current plans I have seen, would become one of the best in Auckland, and thus in the whole world!!

   There are very few opportunities for young or low income people to take up golf or to enjoy it as a sport for all ages. This is one of only 2 public golf facilities in the Auckland region. There are many opportunities for other sports and recreation but opportunities for non club members to play golf affordably are very limited. Losing this facility will make it even more difficult and expensive for the average person to try golf or take it up as a healthy pastime.

   There need to be a link over SH 1 to Smales Farm Station for pedestrians. This would make the Smales Farm Station far more accessible for people to use public transport, in particular:

   - the event centre;

   - any golfing activity or other recreational activity;

   - the neighbourhoods off Sunnybrae Road to enable people to far more easily use Smales Farm Station by either walking or cycling from their neighbourhood.
   A walking cycling link would provided connection to the planned shared use path on the western side of SH 1.

2. **How often do you use the park?**

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   Tell us Why
   Auckland Cricket supports a level of public accessible golf being retained at the park under a commercial lease. A commercial lease will reduce costs to Council in terms of maintenance and operational costs. It is understood that the flood detention/wetland works will require a reduction in the number of holes and a significant redesign in golf layout. A redesigned 9-hole course (and retention of a driving range) would still provide public accessible golf facilities but also present an opportunity to provide for a range of other recreational pursuits. A number of these opportunities have been conceptually canvassed in the documentation provided to date, including the opportunity to install some open recreational sporting fields.

4. **What type of golf would you most like to see provided at the park?**
   9-hole traditional golf course (35-36 par),Pitch and putt golf course,Driving range

5. **What other type of recreation would you most like to see provided at the park?**
   Sports fields (e.g. rugby, soccer, cricket)

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   A commercial lease does not have to extend over the whole area of the park and careful redesign can accommodate a broader range of open space active and passive recreation.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Cricket wickets across Auckland are fully allocated at present and the growth of the sport will be putting more pressure on for additional grounds in future. Current pressures are also constrained because of other sports and grounds being offline due to maintenance and redevelopment.
   Auckland Cricket would like to see provision for open sporting field(s). If sporting field(s) are to be part of the redesign, then Auckland Cricket would strongly urge there be provision for cricket. The number of wickets would depend upon the size, number and scale of playing fields provided. Preferably they would be like the design we have on Onewa No 2, (i.e. both a grass and artificial strip – between two winter sporting fields), or if that cannot work then just a single artificial strip.

   Event Finda Stadium is valuable as a basketball venue for local region. We have attended fantastic tournaments in event finda stadium with hundreds of spectators cheering kids on and hundreds of kids playing. It is an asset to the area and provides a great option. Sustainable stormwater management will always be a Council issue.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

Poor historical planning has led to increased flooding of downstream properties along the Wairau Creek. Prioritising improved stormwater outcomes should not prevent affordable development of the park in line with the wishes of current and future communities.

Future decisions should align with the Council's response to the issues identified in its Auckland Plan 2050, (2018) as highlighted on page 20, reproduced in part below.

“What does Auckland look and feel like?

The north-south motorway has become the divide between rich and poor. Signs of prosperity in Albany and Glenfield have been lost with the decline of small businesses.”

It seems to me, as someone familiar with the area and council decision-making processes, that well-organised and wealthy groups like golfing organisations may exert disproportionate influence in the feedback process, compared to ordinary residents, such as in the Council’s words above – “the poor of Glenfield”

In other words, the Board must recognise that decisions should not be influenced by popularity or favouritism in this submission process. Young and less privileged residents, who are less likely to be aware of or participate in this process, have needs—probably including the five I mentioned above—that are just as important, if not more so, than leisure activities undertaken by the more affluent residents like golf. The voices of all residents must be heard and their needs genuinely considered.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**
   People over 40 who have lost the ability to play jumping and contact sports such as rugby, netball, badminton, basketball but still want to be competitive need a sport. They don't just want walking paths. Golf is a gate way for young and old to compete against each other and give people a purpose and reason to keep going. Having a range of facilities such as small course, driving range, simulator, provides variety to cater to different levels and interest in golf.

   Council needs to diversify its offering. It has limited fiscal resources and leasing some of the land to a third party operator creates an additional revenue stream as well as taking one asset off the maintenance register, meaning the limited pool of resources stretches a little further.

   Tell us Why
   A golf course can be designed and built in conjunction with ponds, wetlands and flood resilience projects. Golf is having a worldwide resurgence and public golf is available to everyone, despite what many people think is exclusive or elitist. You only need to visit any public or private course during the weekends to see many people of all ages and all walks of life having a go at golf. Public golf courses are rare and this park should be maintained as an 18 hole course for everyone to have the opportunity to enjoy.

7. **Which Park lease approach would you prefer?**
   Lease all land to commercial operators

   Tell us Why
   A commercial operator could design and build or modify an 18 hole par 72 golf course. Destrying a public golf course and having latent land waiting for council funding is a waste of land.

   This golf course is more than fairways and greens—it's a lifeline for thousands of Aucklanders. It's where families bond, seniors stay active, and beginners discover a sport without the barrier of expensive memberships. Removing it would erase one of the few truly inclusive recreational spaces we have.

   Beyond golf, this land is a sanctuary. It offers peace, fresh air, and a safe place to walk and unwind—something we all need in a fast-paced city. It also protects our environment, managing stormwater, cooling our neighborhoods, and providing habitat for wildlife.

   Turning it into a multipurpose park sounds appealing, but it means losing a space that already delivers recreation, mental health benefits, and environmental resilience. Let's not trade something irreplaceable for something uncertain. Keep the course, keep the community, and keep the green heart of our city alive.

   Once this is gone, its gone forever. Don't come to earth, and with your one lifetime, do this kind of damage to our community that you propose by removing the golf course. Please keep the golf course.

   Why is the email and headings AF Thomas Park??? Is this to distract attention away from it being Takapuna Golf course ??
   Why can't you have 18 holes that can be played when the weather is ok, and keep 9 holes as a water wetland when the weather is bad and there's a lot of water offrun? That way there'll always be 18 holes to play but only 9 when there's water run off. (Run off will only happen perhaps once in 50 yrs)

   Golf is an accessible recreational activity especially on a public course. The health benefits of several hours walking and communing with nature are well documented. The public course opens access to people across all socio-economic groups but especially to people from lower income groups who may not be able to afford the fees charged at private courses. Along with recent changes to the chamberlain park course, closure of Thomas Park will be a very disturbing message from the council concerning the care they have for their community, especially lower paid people.

   The fact that the course is constantly busy is a very strong indication of how much the community needs this greenbelt facility within the urban environment.
   The last point is that golf is a wonderful way for people to meet strangers and interact across a wide range of interests and backgrounds.

   Takapuna is the best and most affordable public golf course for me and my two young children to play golf, it has been the reason my 8 and 10 year old have been able to learn the game without paying hundreds of dollars per round. By taking it away you are killing the sport for the younger generation and making Aucklands appeal as a city not a great place to be.

   The Takapuna Golf course is a great asset to the community and golfers of all abilities. Removing the golf course options severely limits options for casual and recreational golfers in Auckland and particularly the north shore. Other courses are expensive and not suitable for casual golfers. Having an 18 hole course is an asset to the community - please consider the impacts on this when making your decisions.

   It is a historic golf course where beginners and people of all ages can easily enjoy the game. It is conveniently located and affordable.    There are only 2 public golf courses in Auckland and the other one is very unorganized. Takapuna GC provides a very important affordable and unintimidating opportunity for people to play golf. It has proven to be a very important tool for many male friends of mine to drag themselves out of some very dark mental spaces. The fitness and comradery has been a massive mental health saviour to many of my friends which would not have happened if they had to pay thousands of dollars to join a golf club elsewhere as a novice, the stress would have been too big of a barrier. This 18 hole course cannot be taken away.

   Keep Takapuna Golf Club running and maintaining the park as a golf course, they have done a fantastic job so far, why remove it from them???

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Ignore the rhetoric that there are 48 golf courses in Auckland, this is ridiculous. There are only 2 that are public courses and Chamberlain Park is so unorganised and over crowded that Takapuna is the only great public course. It is very intimidating or learners to the game to spend thousands joining a golf club that many will simply will not play. In my experience as a 50 yr old male golf is a huge mental health treatment, especially for males. The loss of Takapuna Golf course will have a seriously negative impact on many middle aged males and their recovery from depression. The current club have been fantastic, it seems ludicrous to consider removing the stewardship of the land from them!

   It is great to keep a nice Takapuna golf course, which is popular for public use, especially the driving range for recreation, but the area can be better utilised by constructing indoor courts as there is a significant shortage of volleyball and basketball facilities for casual use and for regional/ national sports tournaments. We don't have a "Bruce Pullman Arena or Trusts Arena that has 9-12 volleyball courts" on the shore so our community is missing on sports and non-sports events by not having a facility as such. Kaipatiki can also be the sports hub of North Shore that offers different areas for different sports and recreational activities.

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   Private/ commercial operators would be able to provide funding for these projects and the business side of it would bring professionalism to how the facilities are run. In a way I also think that a lease or Community partnership agreement with Auckland Council can be beneficial for some facilities or areas to ensure that the place is still accessible and affordable to the public, assist in maintenance, and also deliver on welbeing standards for the community such as building resilience, making sure the community is happy, well, feel connected, etc.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   There's about 3 or 4 golf courses on the shore, but vamping up or adding other recreational facilities beside the Takapuna golf course may attract more people to use the venue and also utilise the golf course more.

   I fink A F Thomas park should be a place for the community and family and friends to gather and fun or peaceful time.

A F Thomas Park

My design will bring people together of all ages and cultures by designing places where everyone can take part.

Introduction

This is a great opportunity to turn A F Thomas park into an amazing, spectacular park not just another golf course. Mini golf, a picnic area with a public barbecue area with a playground will turn A F Thomas Park into a spectacular place that people across Auckland will come to.

Mini Golf

Mini golf is a great thing you could put in the park because everyone can do it no matter what their age or skill level. Mini golf is also a great way to exercise and have loads of fun with your family and friends at the same time.

Playground

A F Thomas Park needs a playground. A playground is a great way to get kids off their devices and into the outdoors, socialising with other kids and having a lot of fun. A playground is also a good way for parents to catch up with their friends and have a break while their kids have an amazing time.

Cafe

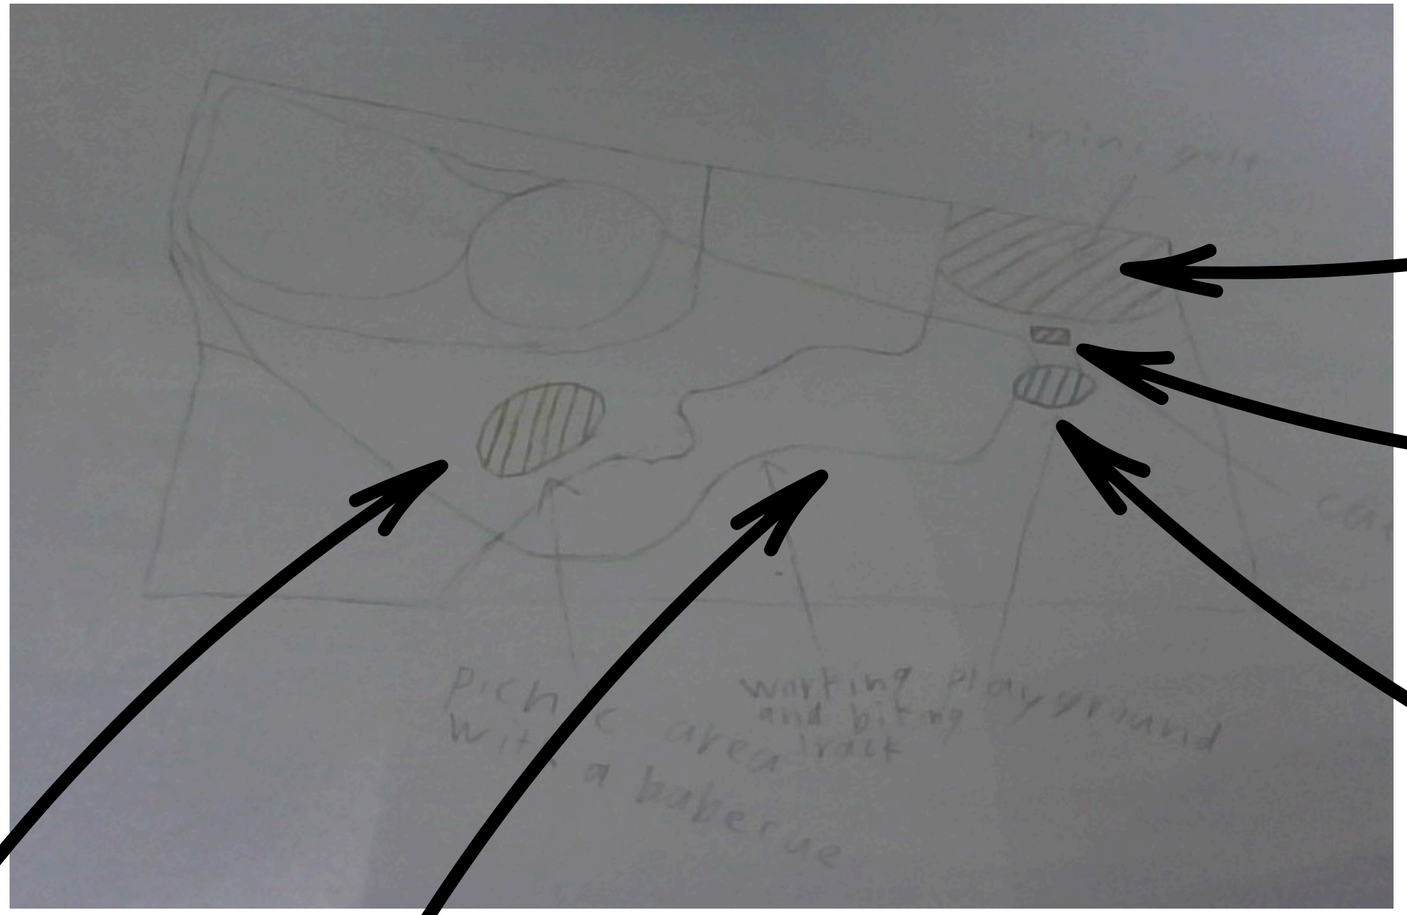

A F Thomas park should have a cafe because it is a nice place to catch up with friends and eat some delicious food. A cafe offers a relaxing environment for people to socialise and do a bit of work too.

Picnic Area

A picnic area with a public barbecue is a great thing to put in A F Thomas park because it brings the community together. A picnic area provides an open space for kids to run around and barbecues so that people can chat and make friendships over a good sausage.

Where I Will Put All My Ideas

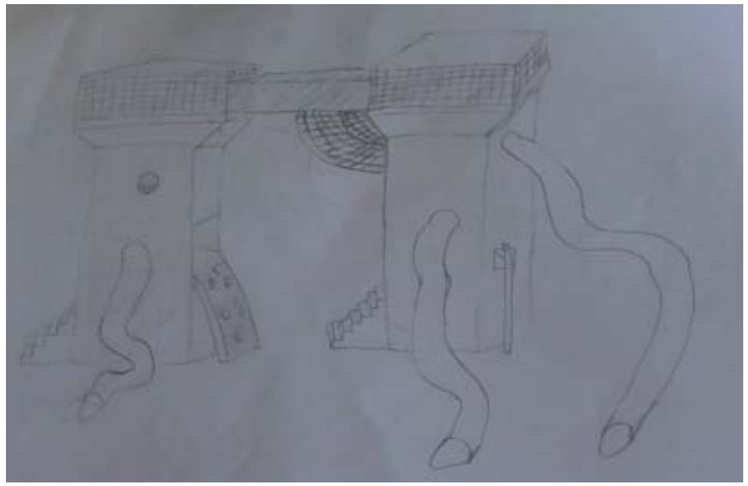

Some of My Designs for A F Thomas Park

#4670

These two are both
part of the playground

This is a tower with slides coming out of it. There is a web-like ropes coming up to the tower and a climbing wall to.

This is two connected towers with stairs all the way up, slides and fun stuff coming out of them.

This is a shelter in a the picnic area, with a barbecue, a table and chares for the community to use.

#4670

Some Ideas From Other People That I like

I like the wow Factor and challenge of these images.

In this image I like old sort of rustic vibe.

I like how there is a couple of main structures that are connected and have slides and fun stuff coming out of them.

I like how in this design it brings the outdoors indoors.

I like how the cafe draws you outside.

I also like the umbrellas so you can still sit out there even when its raining.

#4670

I like this setup so the community can gather and have a chat while eating a sausage.

I like the stone barbecue and the shelter so that you can still use the barbecue even when it's raining.

I like the big trees for shade and the lush grass.

I will turn A F Thomas park into a place where everyone can take part and have an amazing time.

   There are only two public golf courses in Auckland, with Takapuna being the only accessable and affordable option. There are plenty of other recreational facilities around the area including parks, rugby field, cricket field, walkways and netball court, so I don't see the need for more.

   The current owners of Takapuna golf course revolutionised the course to a whole new level, in terms of quality of the course and driving range provided, while keeping it affordable and accessable to players of every level and fitness. I really believe they should be given a chance to continue providing such wonderful service to the Auckland community.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**
   I fully support and appreciate Councils efforts to reduce risk of further flooding. I think this can go hand in hand with preserving the limited access to golf we Aucklanders currently have, and would really love to see the Council achieve both.

   I have been playing at Takapuna Golf Course for over 20 years. When I was a student, I couldn't afford to pay the fees at other golf courses because they were too expensive, but Takapuna was affordable. The current Takapuna team has been managing the course very well, not only maintaining it but also keeping the prices low so that EVERYONE CAN ENJOY GOLF. Please don't take away Takapuna Golf. My child is 5 years old and has just started to grip an iron. My dream is to one day play golf with my daughter, where I first started playing golf.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**
   Strongly disagree. New Zealand is a nature country with beautiful trees, grass, flowers, and many others. The NZ government should invest more in preserving nature rather than in recreation centers. Recreation centers are more suitable for cities that don't have enough land for sports.

Your feedback

1. **How do you or your household currently use the park?**
   Play golf at the golf course,Use the golf driving range

2. **How often do you use the park?**
   Less than once a month

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   Tell us Why
   For 80 years Auckland has enjoyed only 2 'true' public golf courses, Chamberlain Park & Takapuna. Population has almost doubled in that time & still we only have 2 public course. Reducing that to one is criminal.

4. **What type of golf would you most like to see provided at the park?**
   9-hole traditional golf course (35-36 par),Driving range,Short-game practice area / putting green,Indoor golf simulators

5. **What other type of recreation would you most like to see provided at the park?**
   Off-leash dog exercise area

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Equity/Inclusion - a diverse range of experiences the whole community can enjoy,Open space - space for free play and relaxation,Safety - providing a safe environment for play, sport, and relaxation

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why
   Its a popular golf area, however the stadium provides and indoor facility that can house so many different types of sports and events. It is a crucial part of the community. The Auckland region is already severely lacking in basketball stadiums and gymnastics facilities. We should be expanding these facilities to accommodate the growing demand

4. **What type of golf would you most like to see provided at the park?**

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   Council should have control but that would mean facilities are lacking or would take too long to establish, and likely will be unable to keep maintained. By leasing some we can have better offerings for the community now

   I would like to express my concern regarding the decision to alter the Takapuna Golf Course. This course has historically served as an important entry point for many junior golfers, who often transition to other clubs after gaining initial experience here. Numerous golf players I know began their journey at Takapuna Golf Club, highlighting its significant role in nurturing local talent.
   It appears that the proposed changes may be a hasty decision, as a more straightforward and efficient solution to the flooding issue might be available. I suggest considering the option of directing the overflow beside the motorway and out to sea. The current flooding seems to be a result of unmanaged water flow, and implementing a controlled system could effectively resolve this problem.

   If private investment is needed as proposed by The Golf Warehouse group, and they will provide community facilities as part of deal, I think it's win win. Keep it has leasehold so ultimately council still retains ownership for long into the future, and out caveats on how the land can be used by the private leassee.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Make a call and move. Don't be afraid of private investment.

   This isn't an eden park wider stadium use type issue that never gets resolved. This park doesn't have the same heritage and it can be a test case on how public private could work.

   This would allow for external investment in in the golf facilities whilst retaining council ownership of the land. The council can look after any non-golf public places.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   An awesome themed 9-hole course alongside a pitch-n-putt for beginners would serve casual Auckland golfers well. There aren't many centrally located courses to meet the demands of casual golfers. This would leave room for some other public use of the park and flood mitigation.

   Golf in New Zealand has been on the rise hugely in the last number of years and the current Takapuna course and driving range offers a huge amount of people the entrance way to playing more golf. The course would also generate huge revenue for the council. It is also visually more enticing and beautiful for the landscape.

   I believe it would be a much cheaper and better option to provide a new waterway that picks up at least half of the current depth, if not all, of the current drain that runs along Wairau Road and take it along between the motorway and the Golf Course, under the Northcote Road and straight down the hill into the tidal waterway that is part of Little Shoal Bay.

   This would stop flooding in Milford as well.
   Such a simple option.

   I have been playing the Takapuna Golf Course ever since coming to New Zealand 11 years ago. I feel a deep connection to the course as an avid golfer. Coming from the West Coast of Canada, I can not emphasize enough what a unique thing it is to have an affordable public golf course in a city like Auckland. I feel the proposal to keep the 18 holes to be a viable one with the water mitigation that Auckland Council are looking for.

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   Tell us Why

   I believe it is a common fallacy that the privatization of council properties will bring efficiency, higher quality, or quicker delivery. Many times the exact opposite is true as the private independent operators are not acting in the public interest, but in returning profit for their shareholders and less desirable outcomes are very often the result. It is part of council's duty to manage and operate certain public places and this is one of them, not everything is about profit and revenue

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   I believe that the 18 hole par 70 or 71 can still be a viable option for the park and have the water mitigation required, and I believe that council should consider the proposal from the current Takapuna Golf Course

Please tell us why Auckland council hates golf so much, first the attempt to kill Chamberlin Park and not the attempt to kill the other public course in Auckland

   Tell us Why
   I think making a shortened 18 hole course would be a compromised experience and also the par 3 holes tend to slow up play and create long waits on tee boxes already. Playing 18 holes at the current course generally takes 5 - 6 hours on a weekend which is too long. I think realistically a 9 hole traditional length course will allow people to complete that in 2.5 - 3 hours which is an acceptable amount of time for beginner/improving golfers who may be put off by 18 holes.

4. **What type of golf would you most like to see provided at the park?**

7. **Which Park lease approach would you prefer?**

   Lease all land to commercial operators

   Tell us Why

   Commercial operators are will be able to build high quality sports facilities quickest. There's a shortage of indoor basketball courts in Auckland and also golf is a growing sport so also needs accessible public courses.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Have you considered instead of building deep ponds for flood retention, lowering ground level across most of the site by a say a meter? That would hold a similar amount of water, but limit the need for large wetlands. Not sure how the cost of this would compare though.

   Understand the need for the wider drainage issue but the current golf course is an absolute mainstay of NZ Golf and id be a shame to loose it. An alternate golf course mixed in with the drainage scheme would be great. No problem opening it up to walkers and dogs at the same time. There is no reason these activities cannot coexist.

   The lack of public funds is likely not to be solved in the medium term so leasing it to a private enterprise to allow recreational development is a common sense medium term option. Long term lease allows council the ability for long term control.

   Takapuna and Chamberlain are the only two public courses in Auckland, and we have one of the densest golfing populations in the world. Losing the use of 9 holes may allow golf to continue to be played onsite, but will ultimately decrease availability of golf at the entry level for new players and those of lower socioeconomic standing

   Tell us Why

   As with Chamberlain, it's important to keep low cost but fully functioning golf courses available to those who cannot afford fully fledged NZGA affiliation or just genuinely want to try golf in a place that they are encouraged to. Private clubs have a high barrier to entry, may not be comfortable for new players and often do not allow public play

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Appreciating the need for a flood area, I think water is a feature well understood to exist on golf courses - whilst this may introduce some difficulty to the course for new players and require some redesign, natural water features incorporated into the golf course to provide surge relief seems a good compromise if it were possible to execute such a plan

   Lease all land to commercial operators

   Tell us Why

   I am sure that council can set rules to protect public goods and interest and find the formula that will let commercial operator invest money which will in return being some founding that will help council invest in this or other places of public interest.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   I would like having a multiple golf related facilities that anyone can access, but also know that other sports and community have benefit from that. This park can be self founding and sufficient, but also serving in public cause, helping flood management.

Your feedback

1. **How do you or your household currently use the park?**
   I don't use the park

2. **How often do you use the park?**
   I don't use the park

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly golf with limited other recreation uses

   Tell us Why

   Golf is an expanding sport which is fantastic for the local economy. It's for everyone and one of the few sports where families as well as the elderly can still get involved.
   No recreation is better in my mind than golf so this needs to be invested in greatly.

4. **What type of golf would you most like to see provided at the park?**
   18-hole beginner/intermediate golf course (approx. 54-60 par),Pitch and putt golf course,Driving range,Short-game practice area / putting green

5. **What other type of recreation would you most like to see provided at the park?**
   Open space / picnic area,Space to hold events (e.g. community markets, festivals or concerts)

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Equity/Inclusion - a diverse range of experiences the whole community can enjoy,Open space - space for free play and relaxation,Resilience - supporting flood protection and climate adaptation,Safety - providing a safe environment for play, sport, and relaxation

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   I think there needs to be a mix of funds and accessibility for all. Having council with some control and private investors promotes a stronger economy and better facilities.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   I believe dual lease will allow for competitive nature and good use of the land, and to have as council, we all have a say if the little that remain of the Greenland spaces in Auckland

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   Please don't loose another golf facility or sport option - this sport is becoming more popular with many age groups, I appreciate that there does need to be weather control, but I'm sure there are other options !

   The Golf Warehouse plan looks amazing for golfers, but not just your usual golfers but kids (mini put) learners (practice facilities and smaller par 3 course). 1. **How do you or your household currently use the park?**
   Play golf at the golf course

   Other, please specify: Occassionally - usually for social events

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly golf with limited other recreation uses

   Tell us Why
   My observation is that the park's future use as a “community” oriented open and recreational space is fundamentally flawed because there are very limited access and parking opportunities – being surrounded on its 4 sides by – the motorway, an industrial estate, private property and Northcote road. As far as I could see the consultation document makes no mention of this issue or the integration of the park into the wider and so-called blue/green network or cycling and/or walking networks. It works well for a large number of recreational golfers and I see no evidence that walking and cycling or other recreational provisions would increase patronage of the park because of the access issues identified above.

4. **What type of golf would you most like to see provided at the park?**
   Other, please specify: Retain the golf facilities "as is" to the greatest extent possible

5. **What other type of recreation would you most like to see provided at the park?**
   Indoor sports courts (e.g. basketball, netball, badminton, gymnastics)

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Affordability - providing low-cost or free activities,Organised recreation - space for organised sport or clubs

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   Tell us Why

   The commercialisation of any of the city's open space is a detrimental and irreversible step that runs counter to earlier planning decisions and open space provisions which were made before the advent of significant densification. In addition, experience elsewhere in the city (eg:- Gulf Harbour Golf Course) suggests that passing of control to private interests will eventually lead to commercially driven efforts to use the land for "higher use".

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   I reference with concern the report to the April committee meeting (Transport, Resilience and Infrastructure Committee 03 April 2025) approving the A F Thomas project and refer to the agenda item and supporting "business case".

   It appears from these docs that the business case lacks any assessment of alternative methods of achieving a flood detention objective comparable to the Council wetlands scheme (i.e. there is a single solution offered to decision makers). As far as I can see the claimed "co-benefits" are lacking in any evaluation of significance or reality and I repeat my earlier comments that the park's future use as a "community" oriented open and recreational space is fundamentally flawed because there are very limited access and parking opportunities – being surrounded on its 4 sides by – the motorway, an industrial estate, private property and Northcote road. In addition, the tabular format of the business case lacks any assessment of negative impacts – just risk to the preferred approach. The report under the agenda item also notes that the numbers associated with business case (B/C ratio etc) were subject to a claim of "confidential information". What could possibly be confidential about a B/C ratio or a clear explanation of the methodology used to assess those results?

   The report to the committee on 3 April 2025 and business case appear to lack the balanced option assessment that will be required when a resource consent application is considered.

   Golf club memberships in Auckland are expensive and prohibit low-income community members from being able to join or play. Takapuna Golf Course allows ALL the community access to a valuable means of exercise and physical activity.

   Golf is a phyisical activity that allows people with differing abilities and fitness to enjoy exercise together. One persons attributes have little effect on the enjoyment and participation of others. Golf is reasonably unique in being a physical activity that is egalitarian in this way. Running, Tennis, Cricket, Rugby, etc. rely on participants being of a similar level of ability.
   However, Golf club memberships in Auckland are expensive and prohibit low-income community members from being able to join or play

   Tell us Why
   This is a public resource. Many low income families live in compact accomodation and this is their resource... it is not an opportunity for affluent members of the community to enrich the middle class through development or commercial use.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   As a geologist, I am saddened to see a useless plan being used to steal resources from one sector of the community.
   The wetland model will NOT be able to cope with an event like the 2023 Anniversary Weekend floods. The water will flow over the wetlands and cause as much damage. A ********** or stop-bank with a control gate is needed to stop flow down the Wairau Stream, flooding the entire Takapuna Reserve in the event of an extreme weather event. Therefore, land use is moot with respect to safety. Whatever the land is used for, it should be allowed to be underwater during flooding, creating a temporary reservoir. A wetland will not achieve this. It is excellent to regulate normal water flow, but it is useless in the event of a deluge.

   I don't use the park

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly golf with limited other recreation uses

   Tell us Why
   There is too much impetus, by envious people, to close golf courses simply because they use such large areas of land. Open spaces are vital in any community and golf is not only very popular but provides a unique range of outdoor exercises. Walkways have been commandeered to such an extent by cyclists, skateboarders and scooters that they are no longer pleasurable for walking and roads have been similarly commandeered by buses, cyclists and scooters to the extent they no longer adequately carry out their prime function, and these are retrograde steps. Golf courses must be preserved for golf. There can be no objection to allowing other activities on golf course properties but ONLY if they in no way interfere with the prime function which is golf.

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   Council Control allows for better planning and land use PROVIDED council resists the temptation to succumb to current fads, such as Housing intensification, cycleways etc., which in most areas councils have abused with serious long term consequences, and the like. Some leasing of specific areas such as the golf course would make sense insofar as it would preclude thoughts of spoiling the course in favour of other non-related uses which could impinge on the prime use.

   It has been a golf club since I grew up as kid in the area and has served the purpose well, if not a little damp times, it should remain as such. There are other options for control of storm water. Look, it is a natural drainage water course and nothing the council will do, regardless of cost, will change that. Leave it be ! Let nature prevail, the way it has in the last 100 years. Water has affected my use of the facility on only a few occasions.

   Thomas Park has always been a great pathway to golf for those that cannot afford to join a club. A great place to get introduced to the sport, Golf is a great sport for the health and well being of a population. If we lose this like Chamberlain park on the other side of the bridge we will never get it back. You state in your info this is a generational choice but it is not, it is a choice for several generations so should not be taken lightly. If you take it away it is gone forever so people need to be accountable for this.

   Do not do what you have done to western springs, making decisions to end an era of sport and entertainment to the people of Auckland without having a plan going forward.

   Come up with a plan with a suitable funding model and get it approved by the people (who end up paying for it) then you can move forward

   GW has the best solution I have seen so far (no other solution offered, just vague ideas)

Mayor, your mandate was built on two simple promises: delivering essential infrastructure and stopping wasteful spending. The AF Thomas Park proposal proves you're succeeding on only one—the other is a shambles.

I fully support and demand the use of this land for flood protection and robust stormwater management. This is an essential public good.

The fact that this critical flooding issue has not been addressed until now is a clear demonstration of Council incompetence. This is the "hard graft" of fixing Auckland, and it is long overdue. Get the pipes, drains, and resilience measures sorted.

The idea that your Council is proposing to replace a facility fully maintained by users (zero cost to the ratepayer) with a redundant, high-cost public park is an act of utter financial insanity.

You promised to "cut the frills." This park is the definition of a frill.

We have beautiful parks nearby. Why, in the midst of a fiscal crisis, would we choose to create a new, recurring, and completely unnecessary ratepayer liability?

Choosing to burden Aucklanders with the cost of perpetual maintenance when a user-funded alternative exists is not just poor governance—it is willful, demonstrable waste.

You yourself spoke about your staff being idiotic and that you were "surprised they could feed themselves" based on the quality of their advice. Mayor, look at this proposal! It forces you to ask the same question now.

If your staff cannot spot the difference between a zero-cost asset and a redundant, multi-million dollar liability, their advice is stupid, their priorities are warped, and their existence confirms worst fears about the bureaucracy.

If you approve the creation of this unnecessary, ratepayer-maintained park, you force the public to choose between three conclusions:

1. You Don't Care About Waste: Your pledge to cut "frivolities" and "contain costs" was a political lie, and you are no better than the wasteful managers you replaced.

2. You Have No Power: You are unable to enforce your own policy within your own council, proving you are powerless to stop the culture of extravagance.

3. You Don’t Know What’s Going On: You are completely disconnected from the activities of your own city.
Reject the park. Stop the waste. And fire the idiotic advisors who clearly lack the common sense to manage a lemonade stand, let alone a multi-billion dollar council budget.

   I believe the AF Thomas park must be redeveloped for Auckland, Aucklanders and tourists. Mangere was impacted by Cyclone Gabrielle in 2013. So, AF Thomas Park should have empty space or Dam system to prevent flooding.
   AF Thomas Park is very close to Auckland Airport. So It need to be redeveloped for Aucklanders and tourists like the centre park in New York. There must be walking path , arts like paintings and sculptures

1. **How do you or your household currently use the park?**
   Play golf at the golf course,Use the golf driving range,Play sport at Eventfinda Stadium

2. **How often do you use the park?**
   Once or twice a month

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   Tell us Why

   Currently the facility is terrible. Bad golf course, run down driving range. Auckland deserves better. To add some wetland walking trails would be fantastic, very successfully done in several areas in London.

   And a par 3 course to encourage kids to play golf is s scaly what's needed. The current facility is not kid friendly, it feels intimidating for youngsters.

4. **What type of golf would you most like to see provided at the park?**
   9-hole traditional golf course (35-36 par),Pitch and putt golf course,Driving range,Short-game practice area / putting green

5. **What other type of recreation would you most like to see provided at the park?**
   Indoor sports courts (e.g. basketball, netball, badminton, gymnastics),Nature play / playground,Off-leash dog exercise area,Walking / cycling tracks

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Nature - protecting or enhancing the natural environment for people and wildlife,Organised recreation - space for organised sport or clubs

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   Public and private partnerships would allow the council to upgrade the facility.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   My wife has only learnt to play golf in the last year and golf courses that can be accessed by the general public are very limited - basically Chamberlain Park and Takapuna. This course is busy all day every day - by removing the public course you are seriously impacting thousands of Aucklanders. Most people can not afford to join a golf club and Takapuna offers access to this group - which is a large community of Pacifica people and Asians

   The proposal by the Gol Warehouse makes sense - it meets everyone's needs including the need to improve flood protection. It has A modern all-new nine-hole golf course, Par-3 short course (Floodlit), NZ's first 100x bay driving range, An XXL putting green and Mini Golf, New, modern, relaxed Clubhouse with Hospitality and Retail, Space for Eventfinda Stadium to build a new, flood-proof home and additional recreation facilities: Pickleball, pump track, walking/cycle paths.

   Most importantly - no public funding required for the recreation upgrade.
   As a tax payer I gully support this proposal and request Auckland Council accepts it.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**
   Accept the Golf Warehouse proposal and incur no cost for the Council. This also uses the land for golfing activities which are very limited for people who can not afford to join a club

   Flood protection measures can be added without the removal of the 18-hole golf course. This presentation presents them as being mutually exclusive, but they can be combined. Indeed, in NZ and overseas a number of golf courses are on flood plains.

Introduction

#4655

And, anyways wouldn't it be nice if we, us humans would like to learn about French culture? I know I sure would. :} Anyways! The whole point of this country is that we want for the people to feel safe, and happy.

So, why not have the French people feel at home? Considering they are really, really, REALLY far away from their lover, mother, father and many, many more. But, what if we change that and have the French people happy? Wouldn't that be nice? :}

#4655

All right, all right let's just cut through the chase, here, all right? :}

Merci

French cafe/What's it gonna look like? :]

Inside the cafe the walls will have old fashion picture frames with posters in them. The seating area will be classic style with small round tables and wooden chairs. Outdoor seating will have umbrellas and potted plants.

French cafe :}

So! For one thing is that we don't really have a lot of French cafes around here do we? And to be honest I just feel like maybe...we could have some nice, cute looking, tasty food in French cafes.

   This Council's 15 year record is cut smash and destroy anything & everything, always with the most unlikely & illogical reasons!

   Leave the last of our green areas strictly alone.....

   I have dealt with your parks & reserves people.

   Everything they say sounds like "this is what management has instructed me to say"!

   Considering how little the Council has done or remedied in West Auckland in almost 4 years, I don't think it's story of flood prevention in the Wairau Valley holds any 'water'.

   Who doesn't love a good roller coaster? One could encompass the entire park.

   As for golf ⛳ how about mini golf?

   How bout another theme Park council owned to bring in some revenue, as well as providing a decent sized free space near the entrance with a free playground and food trucks that pay for the contract.

   Wow, that's pretty good huh.

   I have more but it involves the entire country. I think I could fix Auckland and the homeless situation, the city's terrible image. Well, whatever, maybe not, but I'm sure some homeless would be keen for food, clothing, housing, power, water etc in exchange for work, in which they would be trained by professionals in a few key sectors.

   Anyway, build the dang park mang, it'll invite locals and tourists alike.. and with a nice friendly free atmosphere included, I don't see how you could go wrong.

   Maybe some fruit trees around the place for people to enjoy, a nice variety would be best, apples oranges pears oh yeah 👍

   Mmmm if ya need any more grand ideas you know where to reach me.

   It is a disgrace to remove a well frequented golf course because generations of Councils have failed in their jobs - all councillors who agree to this should hang their head in shame.

   Golf is going through a major growth right now but you are planning to take away the most accessible course in Auckland.

   The council must think again here, your approach is wrong - you can't remove a major recreation space due to your poor planning.
   This will be another poor decision following a history of incompetence.

4. **What type of golf would you most like to see provided at the park?**

   There are very limited public golf facilities in Auckland and this one should be maintained mainly focused on golf.
   You should not underestimate the positive benefits golf has for a very wide cross section of age , backgrounds and capabilities for people to exercise and socialize. A wider cross section of people play golf than most other sports in New Zealand.

4. **What type of golf would you most like to see provided at the park?**

7. **Which Park lease approach would you prefer?**

   Lease some land and keep some under Council control

   Tell us Why

   Offering the land for lease will encourage entrepreneurial activities and investment to improve the experiences available

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   There is a real opportunity to create something new and special. It is important for the council to listen to feedback from people who have used the space for many years. Encouraging investment will only improve the facilities you could build and offer the general public.

   It's either a 18 hole golf course or it's not.

   You want to take part of the land away for flood prevention.

   You " The Council" , won't protect my golf course due to your previous inability to plan the drainage needs of the surrounding areas.

   Now your setling on the cheapest solution for the future drainage in the time of flooding for the area.

   Shame on you for taking away golfers facilitate.

   Shame on you for dressing this up as some prissy future.

   Shame on you for your past planing mistakes.

2. **How often do you use the park?**
   Less than once a month

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   Mostly other recreation uses with limited golf facilities

   Tell us Why
   Golf isn't a communal activity, it's for rich people who enjoy some quiet time alone or with a friend like going to the movies. I think frisbee golf is a more social, diverse and universal option. A drone park would also be far more exciting, than fogie golf.

4. **What type of golf would you most like to see provided at the park?**
   Mini golf

5. **What other type of recreation would you most like to see provided at the park?**
   Space to hold events (e.g. community markets, festivals or concerts),Other, please specify: Frisbee golf

6. **Whether you currently use the park or not, what do you value most when thinking about the park's future?**

   Equity/Inclusion - a diverse range of experiences the whole community can enjoy,Open space - space for free play and relaxation,Safety - providing a safe environment for play, sport, and relaxation

7. **Which Park lease approach would you prefer?**

   Keep all land under Council control

   Tell us Why

   The public want free entertaining spaces similar to a beach or bushwalk. If money is required to enjoy the space, you failed. Think Western springs, Auckland domain, Shakespeare park, but on the northshore

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   A solid look at outdoor options that other countries have applied, tried, had, regret, or found to be extremely successful is an obviously important and valuable option.
   No skate park, no tagging & no antisocial magnet of any variety. Well lit open area, safe and enjoyable 24hours a day. Noise friendly. Do not mention any alcohol ban. Make sure there's great crime prevention camera coverage so police violence isn't possible. Include Zero vandalism targets.

Your feedback

1. **How do you or your household currently use the park?**
   I don’t use the park

2. **How often do you use the park?**
   I don’t use the park

3. **What mix of recreation uses would you like the park to provide once redeveloped?**
   A balanced mix of golf and other recreation uses

   Tell us Why
   I think having golf as part of the mix is important, but also having a Park Precinct of other sports is vital too, so it can be inclusive. Each sport and activity will help each other to be seen, and for people to have a tasting plate of activities, all in the one place. This could be world leading.

4. **What type of golf would you most like to see provided at the park?**

7. **Which Park lease approach would you prefer?**

   Lease all land to commercial operators

   Tell us Why

   From what I understand, the wetlands take up the majority of the land. With no budget from the councils to pay for any upkeep of the remainder, it makes sense to have independent operators, doing the upkeep and supplying an ongoing revenue stream to the council.

8. **Do you have any other feedback about the future recreational use of AF Thomas Park?**

   I see it as a project bringing a multi-sport, multi-activity park to cater for all types of groups and people. There is a growing need for out-of-home entertainment for the younger demographic. It needs to be a short-format, high-tech environment encouraging inclusion, a place for people to gather and enjoy.
