The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? Clearly 'all' refers to those who already play, or wish to play, golf

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**

Partially support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? Again, only to those who aleady play, or wish to play golf - especially those who find club memberships/fees too expensive. However, NOT at any cost. There is a culture and mutual respect to the game and this should not be lost by providing access to others who have no knowledge of this culture, nor wish to have.

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? I'd support the repurposing/redevelopment of most Auckland golf courses into public spaces available to more Aucklanders for a wider range of purposes/activities, as well as more low-cost/Kiwibuild housing.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? Increasing participation in golf amongst groups that don't/can't usually take part is a nice idea, but shouldn't be used to justify keeping the current number of Council-owned golf courses.

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.
