Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Partially support

Do you have any comments about your response above? I think there should be fewer gold courses, but other than providing a broader range of golf experience, I support the goal - making it eco-friendly and sustainable, more play, cycling and walking spaces for public, and accountability is all great

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Don't support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? We should encourage green spaces and sports that aren't elitist, and are bad for the environment (such as the grass on golfing courses)

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Partially support

6. **Shifting to sport and recreation for all Aucklanders**
Partially support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

Don't support

8. **Shifting to best practice in ecosystem management and biodiversity conservation that meets clearly defined target**

Support

Do you have any comments about your responses above?

Golf courses are generally not eco-friendly and often come across as elitist. I don't think we should encourage more people to participate and instead reuse the land for other community spaces that could be better used by more people

Now we have a few questions about you and golf. Which, if any, of the following golf formats do you play?

Mini golf	
Starting New at Golf	
Driving ranges	
Golf simulators	
Introductory golf	
Short and fast golf	
Development golf	
Advanced golf	
High performance golf	
None of the above but I would like to play golf	
None of the above	Yes
I don’t know	

Other (please specify):

How often do you play golf?

What, if anything, stops you from playing golf?

The cost / it's too expensive	
I don't have anyone else to do it with	
I don't have enough time / it takes too long	
I don't know where or how to start	
I don't feel like the golf experiences offered are relevant to me	
I don't have the equipment	
It's at an inconvenient time for me	
I feel intimidated / I don't feel welcome	

Transport issues / the facilities are too far away	
None of the above	
I don't know	

Other (please specify):

Other feedback

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
Do not invest in golf! It's not even that good an exercise

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Support

Do you have any comments about your response above? Thr amount of land used for golf needs to be drastically reduced.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

Partially support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? Encouraging native biodiversity in golf course land is important - at the moment, the plain grass that makes up a course is a biodiversity desert but the space has the potential to make a huge, safe area for diverse flora and fauna

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Partially support

Do you have any comments about your response above? Golf is considered an elite sport requiring expensive equipment and fees to access the course. I see no reason to use the council's assets for this purpose. The focus should be on multipurpose facilities for all tax payers to enjoy free of charge.

If there are ways to enable multiple ways to use golf courses (e.g. disc golf, park or wetlands, other sports offerings, and general public offerings of 'green space') then I think that would be great for accessibility and approachability.

I think this is a good idea to promote golf to public, but that surely requires a booking system to avoid multiple golfers player on the same field and risk of having accidents.

There's nothing wrong with a site being used for a minority, as long as other sites are available for all the other minorities. If you make every site a 'free-for-all' you end up with the lowest common denominator and it not being satisfying for anyone.

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Partially support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Support

Do you have any comments about your responses above? The number of golf courses and the land they occupy does not reflect to future popularity of this sport and I believe less emphasis should be on retaining current enthusiasts at ALL sites (I do feel this is important for some, of course).

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Partially support

6. **Shifting to sport and recreation for all Aucklanders**
Partially support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

8. **Shifting to best practice in ecosystem management and biodiversity conservation that meets clearly defined target**

I do not think all golf courses should be approached in the same way for this bill. Communities surrounding the course should have a stronger say about the fate of local golf courses, and this should not necessarily need to include the retention of golfin

Ideally, public golf courses as they are now should be de-golfed and used fir a combination of housing and recreation. Ratepayers and citizens subsidise hugely a limited number of golfers who have almost exclusive use of vast areas of land, unlike the us

All of the above have been dreamed up by bureaucratic philosophically driven nitwits with no experience of the real world of ordinary New Zealanders. What for example is "a golf service". A club sandwich in the club house?

Golf is an integral part of the Auckland environment. Whilst I support making it easier for more people to play golf I would not want to see that happening to the detriment of true golf.

Your feedback

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Partially support

Do you have any comments about your response above? The golfers pay large fees. They may not pay as much if the golf course is not exclusive. Will the cyclists, walkers pay? Doubt it!

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**
Partially support

3. **Increased equity and participation by providing a broad range of golf experiences that attract and retain participants and services targeted at low participation groups**
Partially support

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**

Do you have any comments about your responses above?

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

5. **Shifting to a robust investment framework that is focused on increasing benefits to all Aucklanders**
Support

6. **Shifting to sport and recreation for all Aucklanders**
Support

7. **Shifting to a broad golf service offering across the network that appeals to a wider group of people**

It would be a good idea to have as many golf courses as possible and incite people to play the sport. It's a chance for New Zealand which is a democratic country.

1. **Firstly, we want to find out what you think of the draft Auckland Golf Investment Plan.**

The draft Auckland Golf Investment Plan aims to ensure all Aucklanders benefit from publicly owned golf land. Do you support this goal?
Don't support

Do you have any comments about your response above? The plan is not realistic. Golf courses are bad for the environment and are almost exclusively enjoyed by privileged (predominantly middle aged) white males. Playing golf provides little to no exercise benefits - indeed it is more often a means by which w

Objectives

The draft plan sets regional policy for council-owned or managed golf land and has three objectives. Please tell us whether you support each objective.

2. **Increased equity, sport and recreation by opening up publicly owned golf land to all Aucklanders**

4. **Best practice in ecosystem management and biodiversity conservation of publicly owned golf land**
Don't support

Do you have any comments about your responses above? Refer previous comment. Having so much space devoted to 'golf', an elitist game for largely privileged white males is not appropriate for any city, and especially not appropriate for Auckland, which is greatly lacking in open spaces for all members of the

Key shift

The draft plan proposes four key shifts for golf courses on public land to benefit all Aucklanders. Please tell us whether you support each key shift.

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
Yes, the questions in the survey are not the right ones. To focus on asking about golf, which so few people are able to play, let alone afford to play, is failing to understand that the world has changed, and that these courses are no longer fit for purpo

Do you have any comments about the draft Auckland Golf Investment Plan or this survey?
Golf courses provide one of the last bastions of wide open "green" spaces to help the environment.

Under no circumstances should Councils make decisions detracting from this,

including recent sale and/or subdivision proposals.
