Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

I do not support most of the proposed plan because a 7.9 per cent rates increase is unsustainable for households and businesses during this period of economic instability. While the plan funds major projects like the City Rail Link, it fails to provide equitable service for many established areas within 10km of the CBD that still lack direct, efficient public transport. Even with bus lanes, travel times often remain higher than using a personal vehicle, and a $50 weekly transport cost offers no significant saving over existing commute expenses. The council should prioritize internal

efficiencies and basic, direct connectivity for all suburbs before imposing a significant financial burden that doesn't match the current reality of Aucklanders' lives.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Regarding these changes, I am specifically concerned about the refuse bin/bag exchange fee and the Onehunga Business Improvement District (BID) adjustments. At a time when households are struggling with essential costs like daycare and daily living, adding new fees for basic necessities like waste management creates an unnecessary financial burden. While I am less concerned about the residential parking permit fee increase, as vehicle ownership can be seen as a secondary expense, I believe the council must prioritize the affordability of basic survival for all Aucklanders. Furthermore, any changes to the Onehunga BID should be carefully managed to ensure they do not further strain the local shops and businesses that our community relies on. The council's focus should remain on making the city affordable for families, rather than introducing cumulative costs for basic services.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

I Support Some/Most of the local board's priorities. I value the focus on food resilience and environmental restoration, as these contribute to the long-term well-being of the community. I also support the Onehunga BID's proposal to reduce its targeted rate, as this provides much-needed relief to local businesses. However, my support is cautious; the council must ensure that the additional $1.4 million in operational funding is spent efficiently on essential community services that help lower-income families, rather than on administrative overhead. While I support local

sports and library enhancements, the priority must always remain on making Onehunga an affordable place for families to live and work.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Other

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Tell us why (please be clear which priority you are talking about)

I choose 'Other' because I do not believe additional funding should be prioritized for expanded cultural activities or senior programming when families are struggling with basic survival. There are already existing spaces and events for community gathering; adding more is not as critical as addressing the financial pressure on households. For example, a family with three children faces significantly higher costs for daycare and essentials but does not receive a proportional increase in government support compared to a one-child family. The Council should justify how it can spend $1.4 million on 'creative activities' while families in our community are suffering. I would rather see this investment redirected toward supporting basic amenities and lowering the financial burden on larger households that are falling through the gaps of current funding models.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Support

Tell us why

I support this proposal because it acknowledges the current economic reality where local shops and businesses are struggling to stay open. Reducing the geographic boundary and the targeted rate is a practical step toward lowering the financial burden on the business community.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.

4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

TO support the annual plan the cost is too high, we are still funding for cycleways etc. which is hardly used some i have known to have been built over15 years ago are still rarely used

i believe that council should review project benefit cost that was promised and make decisions on the success or otherwise and publish the results.

i believe too many projects are approved without due diligence on the business case

Also do we need to fund depreciation on public assets as the replacement are generally funded by the public when these are replaced and where does the fund go for depreciation costs

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Māngere-Ōtāhuhu,Maungakiekie-Tāmaki

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited

Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Do not support

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.

Support

B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Support

C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.

Support

D. Increase pools and leisure fees - Increase fees and charges by $1 for "Plus" services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.

Support

E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).

Support

Tell us why (please be clear which priority you are talking about)

library is available online now and less people use it

do maintenance on event response basis only

discretionary services should be reduced taking into account the hard times faced by residents

increase pool fees and charge visitors from outside these area or better still base it on user pays

4. Overall, how do you think the local board should address the cost increases?

A combination of a Local Service Targeted Rate and reductions to current service levels and/or increases to fees and charges

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Do not support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Do not support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Do not support

Tell us why (please be clear which priority you are talking about)

we are in the middle of a cost of living crises i have seen my rates on my property rates have increased by over 400% over 20 years inflation was definitely lower than this and we now have reduced services so what is the increase for

As Auckland we should be paying for what we need the basic service from council and not what we wish for

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.

4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
6	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Flood resilience is critical, without appropriate investment and increased climate change we will have uninhabitable areas of Auckland.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.

4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

I support public transport, walking, and cycling projects, including those from the Climate Action Transport Targeted Rate.

Also with the current crisis around fuel supply caused by geopolitical conflict I encourage council to show leadership and consider reallocation of more funding towards supercharging walking, cycling, and public transport to ensure that, where possible, Aucklanders have better alternatives to get around our city.

Rapid rollout of cycle lanes and bus lanes can be cheap and quick. This will allow us to reduce demand on fuel, and ensure those in areas without practical alternatives to driving will have better access to fuel, while those who are able to shift the way they get around can. Additionally, these changes can be adjusted to become more permanent, building resilience and lowering costs for Aucklanders, while providing a better transport system.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and

celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Heck, my area at Inkerman street is being rundown by your chisealed roads often causing issues in cars and tyres. Moreover, you allowing Chinese builders to build in the area at 12 Inkerman street created a lot of chaos, dirt and disturbance in the neighborhood, just screwing up the views and family friendly areas. And you expect me to pay more for this??

Also, my request to prevent another T3 lane being set up on Mt Smart Road went unheeded. And you guys just go ahead by barely receiving many signatures and not getting justification. Your T3 lane is just going to create more traffic. period

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Need more details please.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Albert-Eden

Albert-Eden Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

See below for details.

2. What do you think about the proposed key areas of additional investment and changes to services, fees and charges?

A. Restoration planning for Waititiko / Meola Creek, to leverage the improvements in water quality that will be achieved through the Central Interceptor.

Support

B. Investigating how to respond to future growth expected in our area.

I don't know

C. Trialling free off-peak access for Gold Card holders to swim at Mt Albert Aquatic Centre.

Support

3. Kingsland Business Society Inc is proposing to expand the geographic boundary of its Business Improvement District programme to include areas around the north end of Morningside Drive, and to increase the amount of targeted rate funds to be collected from $245,000 to $370,000 per year. If it is successful, ratepayers of business properties located within the BID expansion area will be required to pay the associated BID targeted rate. Do you support this proposal?

Do not support

Tell us why

Again refer Q2 please

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

For heavens sake, stop leasing out lands to Chinese builders to build substandard property. You are not only ruining the look of New Zealand structures but are also forcing people to leave their residential areas for property. And during such times of recession, inflation, high unemployment, people running away from NZ, you are just planning to make it worse and not lending an ear.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Transport...AT just sucks....especially since the last 7-8 years its quality has been substandard.

About floods, just do not displace people unnecessarily claiming its af lood zone only to lease it to CHinese Real Estate builders to build substandard, cheap structures which are an eyesore and injustice to the people living here. I do not want to sound "racist" (I am an Asian migrant myself!) But my goodness, things have really gone out of hand here.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Excessive fees. No real improvement in service. Waste of money.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Stop increasing the rates by so much. Get rid of your stuff instead.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Do not support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Do not support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Do not support

Tell us why (please be clear which priority you are talking about)

Let the people take initiative and stop interfering. Sports club can take care of their own. Stop with the hands out.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Support

Tell us why

If you reduce the rates it's always a good move.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Stop increasing our rates and start thinking about efficiency. Brisbane in comparison is set to host the Olympic Games in 2032, and yet the average fees are lower than in Auckland. Learn from them how to do it.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

None

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Do not increase rates please. It's just incredibly expensive already.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Māngere-Ōtāhuhu

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Other

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.

Do not support

B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging

to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Do not support

C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.

Support

D. Increase pools and leisure fees - Increase fees and charges by $1 for "Plus" services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.

Support

E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).

Do not support

Tell us why (please be clear which priority you are talking about)

4. Overall, how do you think the local board should address the cost increases?

A combination of a Local Service Targeted Rate and reductions to current service levels and/or increases to fees and charges

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

#3199

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

There are a few white elephants, one is in Clifton Court, Panmure. Children's playground hardly any children play there. How many millions of dollars did the council spend on the development? Those staff who came up with that idea should be sacked. It's a waste of ratepayers' money.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

We are also paying rates, but the condition of the footpath in Harrison Rd, Panmure, is in a very sorry state. We have a lot of old people living on Harrison Rd, and instead of walking on the footpath, they have to walk on the road dangerously.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Too many staff overpaid and under work.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Too many staff overpaid and underworked

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

The only justification the Mayor provides for the 7.9% rates increase — about $320 per household — is "the cost of CRL." But that framing neglects to acknowledge that we've already paid for it.

The CRL cost ~$5.5 billion to build. That was split roughly 50/50 between the Crown (NZ-wide taxpayers) and Auckland Council (Auckland ratepayers). So the build was already paid for collectively by the whole country, and by Aucklanders specifically through their rates.

Now, on top of that, Auckland ratepayers alone are being asked to cover 100% of the ongoing operating costs. And the $235 million annual figure the Mayor cites is the gross cost — the council's own consultation documents acknowledge that fare revenue will offset some of this, but that amount is never disclosed.

Then there's the fact that the "CRL benefits the whole city" argument was used to justify building it in the first place. The same logic should apply to running it. If a 50/50 Crown/Council split was fair for construction, then loading 100% of operating costs onto Auckland ratepayers needs a much better justification than the Mayor has provided, and so far, none has been given.

A consistent position would be Crown co-funding of operations proportional to its share of the build. That would roughly halve the annual cost, potentially eliminating the rates increase entirely — which the Mayor himself admits would be achievable if not for CRL costs.

At minimum, Aucklanders should know the net operating cost after fare revenue before being asked to accept a $320 annual increase.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Climate resilience and environmental conservation. These will prove to be the biggest challenges we face going forward, and will only get more expensive as we delay.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Our current public transport system is outdated, slow, lacks access and almost every other day is canceled due to whatever reason. Why can't we have trains running underground, public transport access to all areas of auckland. So having rate payers pay for the CRL in my opinion when some of us don't bother with public transport because it's unreliable and useless. It's take 40mins to travel by train from Akl CBD to Manukau. I have to wake up at 5am, leave home at 6am to catch the train at 6.20am do I can get to Manukau for 7am start. If I drive, I can get there in 15mins.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Why don't we give families in our community options to plant at home amd yue education for this. Instead it's only given to some groups in our community. I'm sure if families in our community knew there was incentive for planting their own veges etc at home they would take it or make use of the opportunity.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

I don’t know

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Do not support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Public transport and access to these and the reliability of these. Also, we have housing coming up in our community which is fine, but don't have space on the roads to accommodate more cars in our community. We have kids playing outside, people just meant to park on roads amd congest our roads. Why can't people who build these homes also accommodate ample car park spaces for the homes/tenants etc.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Support

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I want to see the CRL actually open and increase train frequency to see if the increase in rates is worth it.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Auckland needs more road infrastructure and better public transit.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Highly support the investment on the infrastructure, and please spend the money wisely. However, I don't support the spike of rate increase at all. The taxpayers and property owners shall not be the unlimited ATM machine for council's mis-judgement and poor management. The increase in the past few years has already gone to far and too much.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Totally disagree with all these proposed changes, which are not neccessary in a short term and can be postponed to a later timeframe.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Other

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Support

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

It is not suitable to be proposing a near 8%

rate increase at this time. Over recent times we have seen a significant increase in rate costs, and there is a cost of living crisis.

I also pay 35% PAYE on my income. Understand it important to have development projects, however, cost cuts need to found elsewhere, or reduce/ slow down the projects until they can be reasonably afforded, it is quite ignorant to apply additional cost to rate payers at this time.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

It is not suitable to be proposing a near 8%

rate increase at this time. Over recent times we have seen a significant increase in rate costs, and there is a cost of living crisis.

I also pay 35% PAYE on my income. Understand it important to have development projects, however, cost cuts need to found elsewhere, or reduce/ slow down the projects until they can be reasonably afforded, it is quite ignorant to apply additional cost to rate payers at this time.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

We had 7% rate increase already recently.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

There have already been very high increases in rates over recent years and in general cost of living has increased, it's not the time to burden people with more costs with a lot of people already struggling in this economy. Focus should be on doing more with less.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

As per my previous answer these should be managed within existing budget or not undertaken.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Do not support additional spending

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Do not support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Do not support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Do not support

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Do not support

Tell us why

Question 4: Other feedback

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

I don't know

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I can’t keep paying increased rates charge. I’m already falling behind because of the increases over the last few years.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

I don’t know

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

I don’t know

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

I don’t know

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

I don’t know

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

I don’t know

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc’s proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland’s future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland’s spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Rates increase is crazyyy. in this economy

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Why put it on the averaged value house,

?! these brackets are already coping the highest taxes with lowest government support. Then just increases rent prices- for most of whom are at the lower end of the same bracket- which are already a struggle.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Don't know much about it

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Flood resilience. A lot of damage to our lands and waters that take so long to recover from. Higher the safeguards, the easier to bounce back. In taking care of the lands that have dominated, we will also be taken care of - transport is apart of this too.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

That is a ridiculous rates rise at a time when cost of living is rising so rapidly. Council needs to cut spending to ensure rates stay low. Mayor Brown was elected (including by me) on a ticket of sensible rate increases. He has severely let us down.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

No comment other than they sound like changes that should be covered by general rates not specific on charges

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

"partnering with mana whenua and community groups on restoration, food resilience planting, and environmental education"

Don't support this. Do not believe its the local councils role to do food resilience planting. WASTE OF MONEY

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Do not support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

"partnering with mana whenua and community groups on restoration, food resilience planting, and environmental education"

Don't support this. Do not believe its the local councils role to do food resilience planting. WASTE OF MONEY

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Don't like rubbish taste unless we get more inorganic collections

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Māngere-Ōtāhuhu,Maungakiekie-Tāmaki,Ōrākei,Ōtara-Papatoetoe,Puketāpapa

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Do not support

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.

Do not support

B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging

to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Do not support

C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.

Support

D. Increase pools and leisure fees - Increase fees and charges by $1 for "Plus" services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.

Support

E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).

Do not support

Tell us why (please be clear which priority you are talking about)

4. Overall, how do you think the local board should address the cost increases?

I don't know

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Do not support

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Support

Tell us why

Ōrākei Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to services?

A. Increase community-use sports fields provision either through redevelopment or expansion of our asset portfolio to address the forecasted move of Auckland Cricket into Colin Maiden Park and other demands on our sports fields.

Do not support

B. Increasing investment in restoration and pest-management programmes to grow and protect your natural environment. Our reserves and open spaces are one of the most vital resources in Ōrākei.

Do not support

C. Changing the Meadowbank Community Centre project to a self-funded community centre to capitalise on existing investment and resources.

Do not support

D. Construct a playground Remuera Library to optimise the under-used green space at the side of the building.

Support

Tell us why (please be clear which priority you are talking about)

Ōtara-Papatoetoe Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing and other pressures, we must address an increase in the cost of delivering existing services within its current funding. To balance the budget, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $1.1 million capital value based rate charged to all properties (this would be around $27 based on average value urban residential property in the Ōtara-Papatoetoe Local Board area) to cover the increased cost of delivering existing services. What do you think about this option?

Support

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Do not support

B. Reduce library hours: Ōtara Library, reduction of 4 hours per week; Papatoetoe Library, reduction of 2 hours per week; Tupu Youth Library, reduction of 5 hours per week; Manukau Library, reduction to a 6-day service, close on Sundays.

Do not support

C. Reduce discretionary spending on community grants, community and/or environment projects.

Do not support

D. Increase to fees for "Plus" (spa, sauna, and steam room entry) services by $1 at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

Do not support

E. Charge adult visitors from outside the local board area at Ōtara Pool and Leisure Centre and Papatoetoe Centennial Pool (PCP).

Do not support

Tell us why (please be clear which priority you are talking about)

4. Overall, how do you think the local board should address the cost increases?

I don't know

Puketāpapa Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

When are you going to stop wasting rate payers money on 'nice to haves' and start being fiscally responsible by focussing on the 'have to haves' ?

eg today marks the first major major rainfall of the year and the streets are flooded because you haven't maintained the existing stormwater infrastructure.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

This increase is unnecessary and easily avoided by stopping wasting rate payers money on 'nice to haves' and starting being fiscally responsible by focussing on the 'have to haves' .

Like you promised before I voted for you Wayne Brown.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Do not support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Do not support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Do not support

Tell us why (please be clear which priority you are talking about)

I do not support because they are all 'nice to haves' , great when the Auckland City Council is wealthy & can afford luxuries, a total waste when the Auckland City Council is funding this spend through a rates increase. Stop wasting our money on luxuries, focus on the necessities.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

When are you going to stop wasting rate payers money on 'nice to haves' and start being fiscally responsible by focussing on the 'need to haves' ?

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Maintaining existing infrastructure

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Other (please specify):None of the above, they are all a frivilous waste of rate payer money

Annual Plan 2026-2027

#3542

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

You are charging homeowners too much and yet the whole infrastructure of Auckland is not coping with the amount of houses that you allow to be built. The traffic has gone worse, projects that are no use to rate payers. Stop wasting money on useless projects

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Introduction of refuse bin/bag exchange fee? Have you not charged home owners enough?

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Do not support

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Do better Auckland Council. Stop making home owners suffer and then waste funds on unnecessary projects.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Infrastructure. Traffic in Auckland has gone worse over the years.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Some of us don't use CRL and it is very costly for us to pay a large increase of rates on that. Auckland train services is very convenient, but it is often constrained by limited amount of parking available around the train station (park and ride). I could hardly find space to park after 10am. I recommend increase of park and ride carpark availability, increase park and ride prices, increase of train fares, and increase number of train cartridges to support funding for CRL. This way there is a lesser increase on rates burden on hardworking local residents.

In terms of water, an increase in water bills is probably fair to fund for water projects.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

It is a great idea to increase parking fees. In fact, I also recommend to increase price of train fares as it is excellently built and ran. The current fare is a bargain price.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Improvements of parks and playgrounds could benefit the local community, and also wider regions if they are coming around. It is also beneficial for tourists and travellers as they have more tourism choices to rest and relax. However, it is not necessary to waste money on digital signage. It is too costly to get one and does not generate good value for money.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Do not support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Do not support

Tell us why (please be clear which priority you are talking about)

For 1, 4 and 5, the existing funding and programmes are sufficient. It is a waste to expand these activities as we have already been spending a lot on these projects. It is necessary for the people in charge to work through their on budget and move their priorities around instead of asking all residents to pay.

For point 2: The reason that I support sport and recreation is that their funding is in fact quite low and the payment is one-off so it is reasonable to give a bit of support.

For point 3: Similar to point 2, the libraries don't have much funding for activities, perhaps one-off support payment could be considered.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Do not support

Tell us why

This could potential open flood gate for other areas. Other business associations might want reduction for their industry, their area, which will increase workload for council and reduce amount of rate to be collected in the long run. In the long run, we want business to take their fair share of the rate, rather than keep on asking council for reduction.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Less roadworks, higher transport fares, higher parking fees and charge more on recreation services. Lower the increase on residential rates.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Economic development and events - because this not only helps local businesses, but also provides attractions for tourists in the long run. Businesses need to see hopes and this creates a perfect chance to facilitate spending across accommodation, transport, food and beverage and entertainment.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

CRL was a necessary project, would be good to understand future of CRL and connectivity to airport and how the ticket fees will help to reduce the operating costs.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Expected, what does this mean for private waste management services as we are seeing it all over with the townhouse building? Parking fees would be a tricky issue as many new homes are also built now without any off street solutions.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Section 2 is rather vague fluff without the supporting information. Can they list projects and suburbs? Is it Otahuhu is it mount wellington?

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

Otahuhu centre after 5 needs to be regenerated, feels unsafe and very unwelcoming. The library and pools are always awesome but would be great to do activation events to bring people to the existing playground facilities which are awesome. Mount Wellington doesnt really have a hub but it does have Sylvia Park?

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Do not support

Tell us why

Cant find information on the reduction and what it means who is and isnt excluded

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Waste - we need to start facilitating the reduction of waste from households and education on recycling (what can/cant be recycled/contamination). Cultural change, community events for familys targeting kids etc. to get people to buy in. Holding it in publicly visible areas like the domain, sylvia park, etc.

Methods to reduce waste which I can see is WIP, changing bins to smaller sizes, alternative frequencies rather than fortnightly, ticketing repeat offenders for incorrect bin usage etc. Target private waste management services to include all new townhouse developments across AKL.

Playground rejuvenations - all of them need some type of shade cover, not across the whole area but it is disappointing to see new areas like the Otahuhu rugby club being upgraded to not include a shade cover at all especially in areas like the swing where people are sat for awhile. 10-15 minutes in the sun during midday in summer will produce a bright red sunburnt baby with blisters to follow. Short term thinking.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Waste, flooding resilience because out 1 in 100 year events are every year. Keeping people in the loop to be along the journey, use volunteers and outreach to faclitate where you can, every planting regime or simple labour reach out as there are always people willing to help. If families are the

target, reach out to the local daycares primarys and it will reach the areas you need to - an idea for engagement.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Panmure is growing rapidly and needs investment in recreational options.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Yes:

- Support additional funding for implementing the Regional Pest Management Plan.

- Support additional funding for enforcement and compliance activities to enable proactive monitoring of consent conditions and a more consistent response to illegal removals of protected vegetation.

- Support additional funding for an annual rolling programme of phosphite treatment for kauri dieback infected trees in regional and local parks.

- Support additional funding for labelling of scheduled Notable trees.

- Support funding for management of the Notable trees schedule, including adding new trees to the list.

- Support funding for the Urban Ngahere Strategy, including monitoring of canopy cover and planting more trees on public land.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**

- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

PLEASE continue to massively increase the number of separated cycleways. These are crucial to get non-cyclists and children confident enough to ride daily - which, as we know, has huge benefits way beyond the initial capital outlay.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

You currently don't have any say over transport matters at the moment so unsure why that is being looked at for investment purposes and should be focusing more on community needs.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

If the increase is in deprived areas, it should not be increased.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

Compliance and animal management are needed in our area its good to see the board investing in these areas. Helps to keep our community safe.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

Compliance and animal management are needed in our area its good to see the board investing in these areas. Helps to keep our community safe.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Other

Tell us why

No comment,

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

With the intensification happening all across the board area, the board should advicate for developers or whoever's in charge to ensure they also make space for parking in their developments. Our residential streets are becoming more and more like one way / give way streets. If this is how its going to end up then developers should be paying for these structural changes in the area rather than ratepayers down the line.

There also aren't many spaces for youth and young adults to hang out. The bridge in Panmure is a huge step forward and would be cool to see what else can happen in that space including at night because there's currently no visibility there but its such a huge spot for the community to get some exercise in and connect with our families when walking but the paths are broken up by tree roots and the lights don't work. Put in some picnic tables. Make it walkable like in mission bay and westhaven cause our area has heaps of cool places but the're not accommodating.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

#3666

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Aotea/Great Barrier

Aotea/Great Barrier Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to services?

A. Improvements to the library service including additional programmes.

Support

B. Partnering with mana whenua and community on the coordination and engagement of island fisheries management and local Ahu Moana marine projects.

Support

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Thank you for the opportunity to provide feedback.

From a macroeconomic perspective, the proposed 7.9% rates increase is difficult to justify in the current environment. It significantly exceeds prevailing inflation (circa 3%) and is out of step with wider economic conditions facing households.

New Zealand is still in a period of weak economic growth, with constrained household spending, elevated interest rates, and ongoing cost-of-living pressures. Mortgage servicing costs, insurance premiums, and essential expenses such as food and fuel have all risen materially over the past two years. These increases have already reduced disposable income across a large portion of the population.

At the same time, wage growth has moderated and is not keeping pace with cumulative cost increases. This creates a structural affordability issue, where households are being asked to absorb cost increases well beyond income growth.

In this context, a near-8% increase in rates represents a pro-cyclical policy choice. It risks further suppressing consumption, weakening local economic activity, and placing additional strain on already stretched households. Public sector pricing decisions of this scale should take into account their broader economic impact, not just funding requirements.

While the long-term benefits of infrastructure investment, including the City Rail Link, are acknowledged, the timing and funding approach must be carefully calibrated. Large cost increases during a period of economic softness can amplify financial stress and undermine economic recovery.

A more economically balanced approach would be to moderate the increase to a level closer to inflation, combined with stronger cost discipline, reprioritisation of expenditure, and where appropriate, staged implementation of major capital commitments.

In its current form, the proposal places disproportionate pressure on ratepayers relative to prevailing economic conditions. I encourage Council to adopt a more counter-cyclical and sustainable approach to rate-setting.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**

- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre,

both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

7.9% rate increase is not sustainable for for most people in Auckland. The house prices are already so high and we struggle to pay the mortgage. Now woth rates so high it feels like we are paying rent and a mortgage. Auckland is becoming less and less affordable. We, New Zealanders and Aucklanders are stretched so thin. Stop increasing rates. If people are using the railway, the train tickets can increase.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Māngere-Ōtāhuhu

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Do not support

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.

Support

B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Support

C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.

Do not support

D. Increase pools and leisure fees - Increase fees and charges by $1 for "Plus" services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.

Support

E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).

Do not support

Tell us why (please be clear which priority you are talking about)

4. Overall, how do you think the local board should address the cost increases?

Reduce current service levels and/or increase fees and charges for those services

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Other

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Other

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

Please see attached letter

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**

Q6: What improvements do you think we should prioritise in the city centre?

PANMURE
BUSINESS ASSOCIATION

26 March 2026

Tēnā koutou,

This is the Panmure Business Association's submission regarding the Auckland Council Annual Plan 2026/2027.

Support for Maungakiekie-Tāmaki Local Board

We acknowledge and value the Maungakiekie-Tāmaki Local Board's ongoing support for Panmure. We look forward to working with the Board on projects that enhance the town centre to ensure a vibrant business environment. Our association is eager to contribute to the local economy priority, specifically regarding the growth and development of town centres.

We appreciate the ongoing support for the BID programme.

Feedback on Proposed Rates Increases

The Panmure Business Association has several concerns regarding the proposed rates structure for the 2026/2027 year:

- **Opposition to disproportionate increases:** We oppose the proposal for commercial properties to face a larger rates increase than residential properties.
- **Comparison of rates:** The average residential rates increase is set at 7.9 per cent. In contrast, the overall rates increase for an average-value business property is forecast to be 9.84 per cent.
- **Business rate alignment:** We do not support the decision to increase total business rates to maintain a 31 per cent share of the general rates. We are supportive of the business rate decreasing to be more in line with residential rates.

Businesses are already managing various cost pressures, and a 9.84 per cent increase places an unfair burden on commercial property owners compared to the rest of the community.

We appreciate the opportunity to share our views. We believe that fairer rates for businesses will better support a thriving local economy and the long-term success of our town centres.

Ngā mihi,

[redacted]

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

The rates rises are huge, and with the current cost of living, this is going to create a further burden on everyone.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

None of these effect me.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Māngere-Ōtāhuhu,Maungakiekie-Tāmaki

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

There seems to be a lot of reductions for this ward, rather than improvements to an already struggling area.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Do not support

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.

Support

B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Do not support

C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.

Support

D. Increase pools and leisure fees - Increase fees and charges by $1 for "Plus" services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.

Support

E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).

Support

Tell us why (please be clear which priority you are talking about)

People should pay for use of pools and their other facilities.

I do not support the reduction in maintenance. The moment this happens, things start to look bad, which then starts a flow on effect of other areas. We need to maintain parks and gardens.

4. Overall, how do you think the local board should address the cost increases?

A combination of a Local Service Targeted Rate and reductions to current service levels and/or increases to fees and charges

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

There seems to be no reduction in services in this area. Maybe this suburb should be getting slightly less, so others can get more?

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

Funding should be going to groups that actually need it, or create a better public ammenity. It is quite frustrating to see that this area of Auckland is not needing to cut back, when Mangere-Otahuhu is needing to cut costs everywhere.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Planning for future growth and the infrastructure around that needs to be a priority.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

#3725

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Impact not universal to all Aucklanders.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I do not thing well of this. Please solve the issue rather than charge Aucklanders more to patch the symptoms of the issue.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

A lot of taxpayer money to impact only a small section of the population.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Do not support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

Invest rate-payer money into things that will impact the vast majority of rate-payers.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Planning. There is not enough parking for dense housing. Need to manage off-street parking. Needs more yellow-lines to stop people from doing off-street parking where there simply isn't any space!

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Auckland Council has a significantly higher staff-count than a comparative city, such as Brisbane, Australia. Brisbane has a higher population and will hold the Olympics in a few years. There is far too much bloat, self-promoting and useless staff members within Auckland Council. Many employees are incompetent at the roles their have been hired to do, but never need to fear losing their jobs, due to the culture of avoiding accountability that is rife within Auckland Council.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

It is egregious that Council is proposing a rates increase of >7%. This is many multiples above inflation and only serves Auckland Council to loosen the belt, instead of providing core services within a meaningful bidget.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

You should be ashamed of yourselves by proposing such a rates increase.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Other (please specify):Stop wasting money on cultural nonsense and get back to the core services a Council should provide.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Too much wastage on bicycle lanes and parking that is not being used.

Way over budget on CRL- too years longer than it should have.

Labour in 6 years spent 6 billion on He Puapua and giving us a new national holiday, after bankrupting the country during Covid.

That money should have been spent on CRL and these other costs, not thru rates.

Also the Downtown Carpark was sold for ALOT less than other offers, and the carpark could have been retained, by building on top of it.

It gave the Council a good return. NOW WE PAYING IN RATES!

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

There should be no charge to put your rubbish bin out!!!

Rates is hard enough to budget for- very inflationary- less money to live on next year.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

• environmental initiatives???

– working alongside mana whenua????

on restoration projects??

, expanding food resilience??

and edible planting programmes??

, and reinstating deferred environmental education activities??

We do not need to pay for any ethnic group to add more costs and delays on Council efficiency. Council always have been very difficult to get timely progress on matters - we don't need more delays and layers to add to costs and efficiency.

KISS Keep it simple. We all elected Council and they can do their job without consulting anybody else.

Our rates are going up to pay for this!

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Other

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Other

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

Sports bodies don't need ratepayer Council staff helping them, in this recession.

Libraries are already free and not being used by the majority now. Save this money, in this recession.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Support

Tell us why

If they dont need such a big area for Businesses, then that is OK to reduce it- and therefore they won't need as much Ratepayer funds to help them.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

We need more efficiencies and to run it like a business.

HOW did we get such a huge delay and cost overrun on the CRL???- Other countries put them in - on time and almost within budget??

Did we not consult with others who have already done it??

The public transport in AKL is not safe to use. Yet you took out the Downtown Carpark which was safe! Such stupid decisions.

7.9% is TOO MUCH, with all the inflation and lack of jobs- very recessionary.

This should be spread over 2 years. Wouldn't make any difference, as you have taken 10 years already!

All the extra costs, and delays, and red-tape with involving Iwi in Council affairs is disgraceful and a major reason for this increase.

Has anyone asked the majority of Kiwis if we want this?

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

EFFICIENCY- get rid of overlays, and delays and red tape. KEEP IT SIMPLE AND EFFICIENT.

That will save ALOT OF MONEY.

DO NOT INCREASE RATES

SAFETY- in using Auckland's facilities.

MAKE VAGRANCY ILLEGAL- take them to housing and help to sort their issues out. THIS IS INCREASING CRIME IN CBD

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces

work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

It will make it more harder for the household.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

rates, fees and etc shouldn't be increased. AT and city council never spent the funds on the right projects. mostly projects will always be late to complete. Eg under ground city rail took them 8 years and still not running yet.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

Local businesses should be the priority

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Transport and don't give tickets for no reason

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I agree as follows:

(a)Water section are needed to improved and updated to catch up the the quantity of houses to supply clean water for the residents , as well of update the network of waste water ; and

(b) transportation is highest priority to build up the good network for Auckland Transportation; and

(c) community service and marine/reserve are very important face for all Aucklanders and domestic/international visitors

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I objected 7.9% Residential properties for "mainly due the $235 million yearly cost to run and own the council's share of the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL", CRL should be run or operated by Auckland City and Central government, other than all burdens to Rate payer of Residential Properties or Commercial rate payers, it is unfair decision for all Auckland rate payers under the present economic depression, high unemployment rate, high diary food, high living fee, high insurance fee and stable salary can not catch up the all rates up. We are very hard to live in the Auckland region to pay huge Council rate.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

It is hard for commercial rate payer on the ground that road closure burdens their customers, and no good looking for aged buildings in Onehunga mall

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

I support in the cleaning and maintain all our reserve in environment program other than fooding resilience, and mainly build up our good environment

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Support

Tell us why

(i) too high rate increasement for business owner in the aged mall buildings;

(ii)Customers are decreasing in the old mall, and prefer to new mall such as Sylvia park mall;

(iii)It is not necessary to expand mall area after the consideration of present economy and customers' selection to big mall

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Thanks for restoration of clean and neat for all reserves for human being's sports, rest, exercises other than poor condition under the period of Covid-19!

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Regards for Transportation, I am very concerned with the workers' speed of maintainance of road in the daytime to block our traffic to work or school, why not think other time period to reduce our inconvenience?

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Too expensive

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

While i agree with what you are planning on spending it on, a 7.9% increase in rates is very out of touch with NZers right now. We are struggling with the cost of living as it as an this will hurt both middle class first home buyers and renters the most as these costs will be passed on by landlords.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I can't afford a 7.9% increase in rates

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Very supportive of strengthening participation and collaboration and environmental initiatives. Less clear why compliance resourcing may be needed as a priority - this feels less empowering, Would like to see more focus on fostering social cohesion given the increasing diversity of our LB area.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Other

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

I don’t know

Tell us why (please be clear which priority you are talking about)

See above

3. What do you think of Onehunga Business Association Inc’s proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

I don't know

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

In lower socioeconomic areas, rubbish dumping will drastically increase. The average household will not use the CRL & would rather their money be put towards and every day necessity. I agree in saving costs however weekly rubbish collection should be a mandatory service which is included in the rates.

Residential parking permits may be appropriate in some areas, however this seems like another money revenue gatherer. There is hardly enough street parking which doesn't have a time limit/restriction and including more areas in the parking permit will not result to less cars on the road - it will annoy road users more!

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

I am mostly focused on the transport section - and agree with removing the excessively large speed bumps from GI.

-As a resident, I am SO frustrated with the removal of off street parking & replacement of cycle lanes. These cycle lanes are very poorly designed as street sweepers cannot access the lane, so cyclists opt to use the road as their lanes have twigs/stones etc.

-The bus stops have been built so cars cannot pass. We are forced to sit and wait behind track, however most conduct highly dangerous manoeuvres on the wrong side of the road to pass a bus.

-Pedestrian crossings have now foolishly been installed at the entry/exit to roundabouts, creating sudden breaking as a vehicle passes through the intersection. I have seen countless near miss rear ends/t-bones. It is only time until a serious accident occurs.

-We are supposedly a government of ‘saving money’ and non excessive spending, yet I’m aware of the $5m+ pathway that is being built on the Wai O Taiki Bay reserve area. There is literally a cycle lane on the road and a beautiful cycle way along the waterfront, yet a $5m path will be built at the back of houses. This is incredibly dangerous for pedestrians/cyclists using the pathway as it is so secluded. And an utter waste of money given there’s two paths within close proximity. Not to mention, this project was surveyed around 2017 and 2/3 responses were against! I struggle to see how this is a good use of money.

-The above cycle ways are being overcome by dirt bikers flying down the pathways. Making it incredibly dangerous for a ‘shared pathway’ user such as kids and mums etc. We need to install barriers so this cannot continue.

-I believe public transport should be subsidised if people are going to use it. There also needs to be more parking around the stations WITHOUT time restrictions, so commuters can park here.

The answer to converting residents to public transport is NOT annoying car owners and forcing them to do it. We do not have enough transport hubs in AKL nor connectivity for people to feasibly catch public transport. Plus with the rise of attacks on public transport, it is highly unappealing.

-I believe we should focus on building community centres with free sports courts so youth can play and stay out of trouble. We cannot afford to spend money on unnecessary ‘commuter highways’ or cycle lanes when we have people in need of communal spaces.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

1- it is very important to preserve the natural environment we live in, allow trees to continue growing and birds/wildlife to inhabit their areas. We should preserve Maori artefacts as it forms our history. Neither of which are being done in the $5m pathway being constructed as phase 2 of Wai O Taiki Bay. Very disappointing.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
5	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.

4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Help break the tough barriers of applying for funding possible for the now and upcoming generations, especially for our Fuata's youth of Niue Tamakautoga

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

CRL is a piece of ********** benefitting only those contractors and council people but not people in NZ

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Subsidizing CRL by raising land taxes is not supported.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
5	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Besides raising land taxes, what else are you planning? A CRL (Construction Link) spanning several kilometers has been under construction for years; how many people will actually benefit? Is it reasonable to make all citizens pay more in land taxes as a subsidy? Why not build a CRL connecting to the airport?

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Does the so-called adjustment mean only increases and never decreases? I disagree with using increased land taxes to pay for CRL (Consumer Tax Restriction).

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

1. Prioritize the construction of an airport express line connecting the city center and other suburbs. This would attract and facilitate tourists, boosting economic development.

2. Improve the efficiency of the city council; approval processes are too slow, but revenue collection is quick.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

CRL is a program the Council is stuck with, forced to rely on subsidies from property taxes. Stupid Council! Stupid CRL!

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I disagree with raising land tax

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Construct railways connecting the airport with the city center and suburbs.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

#4344

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I do not support the continued spending of taxpayers' money on excessive speed measures and bike lanes that do not reflect the priorities of many in our community. There are growing concerns about poorly designed and even dangerous crossings, along with a clear lack of meaningful public consultation one day is simply not enough. A full week at minimum would allow more people to be informed and have their say.

It is frustrating to see significant funding directed toward what many consider unnecessary upgrades, while more urgent issues are being overlooked. Our roads and town centres in many areas remain outdated, unsafe, and poorly maintained. Basic services like regular street cleaning, reinstating street sweepers, maintaining berms, and increasing the number of rubbish bins would make a far more noticeable and immediate difference to the community.

We need to prioritise practical improvements that enhance safety, cleanliness, and functionality for everyone not just projects that look good on paper but fail to meet the real needs of residents.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I do not support the continued spending of taxpayers' money on excessive speed measures and bike lanes that do not reflect the priorities of many in our community. There are growing concerns about poorly designed and even dangerous crossings, along with a clear lack of meaningful public consultation one day is simply not enough. A full week at minimum would allow more people to be informed and have their say.

It is frustrating to see significant funding directed toward what many consider unnecessary upgrades, while more urgent issues are being overlooked. Our roads and town centres in many areas remain outdated, unsafe, and poorly maintained. Basic services like regular street cleaning, reinstating street sweepers, maintaining berms, and increasing the number of rubbish bins would make a far more noticeable and immediate difference to the community.

We need to prioritise practical improvements that enhance safety, cleanliness, and functionality for everyone not just projects that look good on paper but fail to meet the real needs of residents.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

I do not support the continued spending of taxpayers' money on excessive speed measures and bike lanes that do not reflect the priorities of many in our community. There are growing concerns about poorly designed and even dangerous crossings, along with a clear lack of meaningful public consultation one day is simply not enough. A full week at minimum would allow more people to be informed and have their say.

It is frustrating to see significant funding directed toward what many consider unnecessary upgrades, while more urgent issues are being overlooked. 2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

I don't know

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Do not support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

I strongly believe our town centres particularly Panmure, Glen Innes, and surrounding areas need real investment and attention. Many of the buildings are run down, poorly maintained, and in need of fresh paint and basic upkeep. Adding colour, greenery, and flowers would go a long way in making these spaces feel safer, more welcoming, and vibrant for the community.

We should be focused on revitalising these areas by attracting better shopping options and supporting local businesses to thrive. A well-maintained, lively town centre not only boosts community pride but also encourages people to spend time and money locally. It's time we prioritise practical improvements that uplift the look, feel, and overall experience of our neighbourhoods.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I strongly believe our town centres — particularly Panmure, Glen Innes, and surrounding areas — need real investment and attention. Many of the buildings are run down, poorly maintained, and in need of fresh paint and basic upkeep. Adding colour, greenery, and flowers would go a long way in making these spaces feel safer, more welcoming, and vibrant for the community.

We should be focused on revitalising these areas by attracting better shopping options and supporting local businesses to thrive. It's time we prioritise practical improvements that uplift the look, feel, and overall experience of our neighbourhoods.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

More services to help youth to thrive upgrade local skateparks in Glen Innes , upgrade the local playgrounds and parks. Upgrading the town centres by way of general maintenance up keep. Investing in programmes to empower Rangatahi

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

The plan contemplates continued financial burdens on ratepayers, including increases tied to infrastructure funding.

However, there is insufficient evidence that the Council has:

- Properly assessed distributional impacts across income groups

- Considered less burdensome alternatives

- Evaluated cumulative financial strain from successive rate increases

The plan is vulnerable to challenge for failure to properly weigh socioeconomic impacts.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

1. It Feels Like We're Paying Now for Benefits We Might Never See

Big projects like the City Rail Link are always sold as "transformational." Maybe they are; but for many of us, the reality is different:

- We're paying higher rates right now

- The benefits are years away

- Some suburbs may never really feel the impact

If you're a household already stretched by mortgage rates, rent, and groceries, it's hard to justify why so much money is going into something that doesn't improve your daily life anytime soon.

2. Everyday Problems Are Being Pushed Aside

While billions go into mega projects, smaller but urgent issues often feel ignored:

- Poor road conditions in local streets

- Flooding and drainage problems

- Maintenance of parks, libraries, and community spaces

These are the things people deal with every day. Fixing them might not be flashy, but they matter more to most ratepayers than large-scale developments.

There's a growing sense that the basics aren't being prioritised.

3. It's a Lot of Risk for Ordinary People to Carry

Big infrastructure projects almost always:

- Cost more than expected

- Take longer than planned

When that happens, it's not the planners or politicians who feel it most; it's ratepayers.

We end up:

- Paying more in rates

- Getting fewer services elsewhere

- Carrying the financial burden of decisions we didn't fully control

That feels unfair, especially when there's no guarantee the final outcome will match the promises.

4. Not Everyone Benefits Equally

Large projects tend to benefit certain areas more than others.

For example:

- Central areas often see the biggest gains

- Outer suburbs may see little direct improvement

Yet everyone contributes through rates. That creates a real sense of imbalance:

“Why am I paying for something that mainly helps someone else?”

A fairer approach would spread investment more evenly across communities.

5. Smaller Projects Could Make a Bigger Difference Sooner

Instead of concentrating funding into a few massive projects, the council could:

- Fix more local roads
- Improve public transport coverage in underserved areas
- Upgrade community facilities
- Invest in flood resilience where it’s urgently needed

These kinds of investments:

- Deliver faster results
- Benefit more people directly
- Feel more tangible to ratepayers

Right now, it feels like we’re choosing big promises over practical improvements.

6. It Feels Like Decisions Are Already Made

Even though consultation happens, many ratepayers feel like:

- The big projects are already locked in
- Feedback won’t really change anything

- The focus is on justifying decisions, not questioning them

That creates frustration and disengagement.

People want to feel like their input matters—especially when they're the ones paying for it.

From where many of us stand, the issue isn't that big infrastructure is bad; it's that:

- Too much money is tied up in a few massive projects
- The costs are immediate, but the benefits are distant or uneven
- Everyday needs are being overlooked
- The risks fall heavily on ordinary households

What we want is balance.

A plan that:

- Still invests in the future
- But doesn't ignore the present

And spreads benefits more fairly across all communities

Right now, it feels like that balance isn't there.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

As a ratepayer in Maungakiekie-Tāmaki, I am concerned that the proposed plan increases financial pressure on households without delivering clear, visible benefits at a local level. While community programmes and initiatives are valuable, funding appears too spread out across multiple small projects, making it difficult to see meaningful improvements in everyday life.

Greater priority should be given to maintaining and upgrading existing infrastructure—such as roads, footpaths, drainage, and parks—before investing in new initiatives. There is also a lack of transparency around how funding is distributed across neighbourhoods and whether higher-need areas are being prioritised.

Overall, there is a disconnect between rising rates driven by regional spending and the limited local impact experienced by residents. I would support a more focused, transparent, and balanced approach that prioritises essential services, demonstrates clear outcomes, and better reflects the financial realities facing ratepayers.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Do not support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

As a ratepayer, I am concerned about the proposed areas of extra investment because they do not appear to prioritise the most immediate and essential needs of our community. While these initiatives may offer long-term or indirect benefits, they come at a time when many households are already under significant financial pressure.

From my perspective, additional spending should first be directed toward core services—such as maintaining roads, footpaths, drainage, and existing community facilities—rather than expanding into new or enhanced programmes. Investing in new areas before addressing these basics creates the impression that priorities are misaligned with what residents experience day to day.

There is also concern that the benefits of this extra investment are unclear, unevenly distributed, or difficult to measure. Without clear, tangible outcomes for the majority of residents, it is hard to justify the added cost.

Ultimately, I am not opposed to investment itself, but I believe it should be more targeted, necessary, and affordable. At this time, the proposed additional spending does not strike the right balance between ambition and the financial realities facing ratepayers.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Do not support

Tell us why

I do not support the expansion of the Business Improvement District (BID) Programme. While supporting local businesses is important, this proposal risks prioritising commercial interests over the everyday needs of ratepayers. There is limited evidence that the benefits are shared fairly across the wider community, particularly for residents who do not directly use these areas. I am also concerned about the lack of transparency and accountability in how BID funds are spent, as decisions are made by business associations rather than being directly accountable to the public. At a time when many households are under financial pressure, council investment should focus on core services such as infrastructure, maintenance, and community facilities, rather than expanding programmes that primarily benefit a limited group.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

The plans seem very practical to running, maintaining and improving our society's infrastructure.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

The plan supports our current services like libraries, pools, parks, community centres and environmental education. These are all very important services that our society values and needs.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

Libraries and culture are very important and I believe we need to fully fund and develop these areas. Libraries are fundamental to creating access to knowledge and ideas. Libraries, through their books, allow us to encounter new worlds and reflect upon our own.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Do not support

Tell us why

I thought the expansion of the business area of Onehunga was to provide better funding for business's in Onehunga and to improve marketing and sales in Onehunga. It seemed a good idea and I'm not sure why it has been shot down without any attempt to trial it.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Libraries - see previous answer.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

#4452

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

CRL is expensive but it'll be worth it to the city. We also need to be spending more on infrastructure to enable more housing. In light of the current fuel supply crisis an 8% rates rise actually seems low as inflation is going to be really high this year.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

None of those fees impacts me. I am supportive of council recovering full costs from users of those services so that non-users don't have to subsidize them.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support all

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

After the 2023 floods the council started some blue-green network projects in some areas (Mangere, Wairau and Henderson) to improve flood resilience. There are lots of other suburbs that would benefit from these sorts of projects so I want to see more of them, particularly on the Auckland Isthmus.

- The city needs more cycleways, particularly ones physically separate from the road like the Northwestern cycleway. There are no safe cycle routes within 1km of my house.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Other (please specify):Discourage car traffic so it's safer for everyone walking and cycling

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I support an increase to the rates for an average-value residential property. However, for properties that saw 18% or more decrease in their 2024 valuations, I don't support increase rates to these properties. It would be unfair and not making sense for the properties who have significant CV drop but still need to bear the increased rates. Since the CV is specifically designed for rating purposes, I think for properties that saw 18% or more decrease in their 2024 valuations, their 2026/2027 rates should remain the same as the current 2025/2026 rates.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I support the above changes.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

I found that overall there's no specific point/project that has been mentioned/planned for this local board.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Do not support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Do not support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

I think rather than spending money on Items 1 to 3, many streets (footpaths, street trees, bus stops, street lights, rubbish on the streets etc)within this local board are indeed need some maintenance/upgrades.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

I don't live in this area.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

I don’t know

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

I don’t know

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc’s proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Like the Waikaraka Park area developments. Would like the plan to include to better management of the walk/bikeway between Waikaraka Park and Onehunga Pedestrian Bridge. There is unsafe dead branches, seats that have no view, tape on the board walk that is not fit for purpose and is lifting and providing a hazard. There is an opportunity here for this to be adopted by local businesses, Rotary or Lions, and users to support if a plan was developed and initiative take to promote. It is a stunning asset but is way under par at present. Is this zn initiative thst the local board could initiate with s partner organisation and invite businesses and individuals to get involved in?

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland’s future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland’s spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
1	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
4	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Regional Parks and environment

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.,Other (please specify):No preference

Annual Plan 2026-2027

#4654

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Water is to narrow a focus. Should include natural environment ...

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Do not want a reduction to Onehunga BID and reduction to funding to security in particular

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Other

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

2. Re libraries. The board has a median age lower than national average. I'd be concerned at inc funding to seniors was at the expense of younger demographic.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Do not support

Tell us why

Reducing BID reduces $$$. Need more focus on security in area as provided by business Onehunga

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
2	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
6	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
1	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

#4667

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

I don't know

Tell us why

50/50

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Before increase rates, has the council considered areas to improve in your OPEX? There are costs efficiencies to be found in further streamlining staffing. There's a significant portion of staff that do not have adequate amount of work to fill their day or a directed to carry out mindless admin processes that add zero value. Council does not operate or have an idea on how to implement a lean sigma approach. Processes are wasteful, they've been built upon over and over years of beaurocracy, staff don't even know why they do some things. Procurement is terrible, consultants and contractors knows it and takes advantage each time. In general, there's a lot of money that is being wasted. Better value principles are only a tick box exercise, there is no actual follow up or training provided to Project Managers.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

Local boards don't work. With such a low voter turn out, they are no longer relevant and does not carry the voice or interest of most of the rates payers in any area. Either improve voting, make it more accessible for all age groups and ethnicities, or remove local boards from governance. They add little value.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

I don’t know

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

I don’t know

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

I don’t know

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

I don’t know

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

I don’t know

Tell us why (please be clear which priority you are talking about)

Again, majority of Auckland's population is not engaged in any of these council activities. Get rid of local boards please. They don't work

3. What do you think of Onehunga Business Association Inc’s proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Support

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Reduce the increase in % of rates, that is diaboloical. Giving more money to council is like handing ice cream to a toddler

Question 5: Looking further ahead / shaping Auckland’s longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland’s future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland’s spatial plan**

- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Onehunga has been neglected by Council for decades. Finally council is doing something, but it's not enough. Clean up the lagoon at the dog park. Maintain the roads and berm, they look terrible in places. Provide better street furniture and lighting. Improve SW and WW infrastructrure.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Streets and public spaces – improve streets, parks and public spaces so the city

centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

#4694

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

N/A

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

I'd like to raise my concern about Herbicide pollution around our city.

After our street building sites have been heavily using Herbicide sprays. Leaves dropping off from my fruit trees, bamboo turning yellow, and vegetables die back in my backyard. Leaves are turning to reddish for cherry flower trees on the street berm.

Now the soil can't absorb water efficiently. So it doesn't help mitigate the storm drains to handle the heavy rain.

The spray not only damages the environment, it's also harming human's health. That is adding extra pressure into our public health system. The problem is that people don't realize the sickness is caused by the herbicide contaminant exposure.

Nowadays, over spray is quite common. Therefor if the spray operator has to hold a qualified license to do the work, it will minimum the herbicide contamination. It would be prevent our children exposure to the contamination, if we can ban the herbicide spray in urban living area.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**

- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
3	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Reduce the pesticide pollution in living area to protect public health.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

Support rates increase, don't always agree you're investing in the right areas/places.

City Rail Link opening will be a huge achievement. Despite pouring money into the city centre it lacks vibrancy, with no street life, social ills sit alongside crass high end shops. The net effect is sad. High points are City Art Gallery and other cultural institutes.

Given the size of Ak you need to spread the love, and not put all your eggs in one basket (the city centre).

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Māngere-Ōtāhuhu,Maungakiekie-Tāmaki

Māngere-Ōtāhuhu Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support most

Tell us why

Do not support cutting local services or introducing a local rate to pay to keep them. Should be about a fairer share of the pie.

2. Due to rising costs for utilities, maintenance, staffing requirements as well as pressures on revenue, we are facing an increase in the cost of delivering existing services. To address this, we are considering a Local Services Targeted Rate, changes to service levels or fees, or a combination of both approaches. We could introduce a Local Services Targeted Rate of $47.11 (GST inclusive) per Separately Used or Inhabited Part per annum on all rateable properties except those categorised as zero-rated in the Māngere-Ōtāhuhu Local Board area ($0.91 cent per week) to cover the increased cost of delivering existing services. What do you think about this proposal?

Do not support

3. We could adjust some service levels, fees and charges. What do you think about the proposed changes?

A. Reduce library hours - reduce hours at our four libraries as needed, without going below the regional minimum service level of 44 hours over 6 days at each library.

Do not support

B. Reduce maintenance - Stop scheduled bollard and post-and-rail maintenance, stop scheduled maintenance for bush areas (except High Value/Ecological), change garden edging to chemical application, cease infill planting and mulching in amenity gardens and reclassify re-vegetation areas to bush areas.

Do not support

C. Reduce discretionary funding for Community Wellbeing programmes and services, Environment Management programmes and services and community grants.

Do not support

D. Increase pools and leisure fees - Increase fees and charges by $1 for "Plus" services at Moana-Nui-ā-Kiwa Pool and Leisure Centre.

Support

E. Charge adult visitors from outside the local board area at Moana-Nui-a-Kiwa Pool and Leisure Centre and Ōtāhuhu Pool and Leisure Centre (Toia).

Do not support

Tell us why (please be clear which priority you are talking about)

All seem like desperate measures. If rates are going up 8%, there should be no need to cut these services.

The questions in the consultation limit the ability to respond, eg Q4 where I've selected the least worst option though not one I support.

4. Overall, how do you think the local board should address the cost increases?

Introduce a Local Service Targeted Rate

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Support

Tell us why

Onehunga is a great centre. The BID and council do a mostly good job.

Would like better cycling connections through Onehunga and surrounds to connect to Cornwall Park; SH20 and Mangere Bridge.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

This is an unreasonably generalised question

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Other (please specify):A lot of money has gone into the city centre without it improving the vibe of the centre. Downtown has sucked shops from midtown. It doesn't look sustainable. There's not enough people, events or vibrancy to support the amount of civic space between Aotearoa Sq, downtown, Waterfront and Wynyard Quarter

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Invest in more cycleways. Particularly to join up existing ones where there are gaps.

- Do the Kelston-New Lynn (and Glen Eden) cycling network. This project puts so many schools on safe cycling routes.

- I would like Queen Street to remain free of cars even during the evening as per previous consultation.

- Ensure Green Lane West is done to safe standard. Join the Glen Innes paths to the Eastern Busway cycleway via Panmure.

- Do the Gowing Drive connection. It has strong community support but a critical link to make this path even better getting good "bang for your buck" our of it.

- Connect the brilliant Glen Innes cycleways through to Panmure and thus the Eastern Busway cycleway.

- Work on some Mount Wellington connections, it's currently void of almost any cycling infrastructure. Mt Wellington Highway from the Panmure end through to along Penrose Rd to the Train station would be a good start. Ellerslie Panmure Highway linking Panmure and Ellerslie train stations would be an excellent link too. Housing has increased a lot around here so the more alternatives to driving the better.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces

work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

Annual Plan 2026-2027

Submitter details:

Organisation: N/A

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

The CEO and senior position pay need to be capped, and reviewed. Increase in city rates of 7.9% and reduction in library hours but no mention of capping or reviewing the $713,000 pay of City rail. The highest budget allocated to this sector and CEO gets big pay he does not deserve. Trains are not on time and off on weekends. Water Care should not be separated. Why propose to separate WaterCare when the biggest budget spender is City Rail. Remove CEO and keep the operation within Council.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Unfair. The money could be recovered from streamlining the CEO post and senior executives who earn nearly a millions from salary and bonus. Need to stop bonus and cap pay.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Do not support any

Tell us why

No details on what is the increase is allocated to. The reference of supporting document 1.11 leads nowhere because link is inaccessble. Therefore, nothing can be verified by rate payers. Intentional tactic to confuse rate payers.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Other

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Do not support

Tell us why (please be clear which priority you are talking about)

No details of the proposed investment. I do not agree if the budget and plans are generalized.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

I click on website. Nothing to clearly explain why this decision was taken by the business community. How does this affect the residental tenants?

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Document is not user friendly. Plan is very generalized and when click on links to get more detailed information, link is not accessible. I do not support this plan when it take more effort to learn details.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**

- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
4	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Road Markings on road for traffic from Queens Road going into Panmure-Ellerlise Highway need different colour or better marking. I have witnessed a lot of near miss in accidents because road markings are confusing.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Events and city life – attract people to the city centre through events, culture and

a strong sense of place.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Note: This simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation: N/A

Local Board: Maungakiekie-Tāmaki

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Expenditure should focus on what is necessary for the functioning of Auckland only without committing to any more huge projects . The increases in rates, charges and fees as a consequence are too costly.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

The Auckland Transport proposal to increase residential parking permit fees in specific areas is unfair in the circumstances in which Auckland Council does not require developers to provide off-road parking and hence Aucklanders are forced to park on the streets.

The NETR fee should not be increased. Millions of dollars have been spent from NETR in urbanising the Waitakere Ranges in defiance of the Waitakere Ranges Heritage Area Act 2008 and turning it into a Disney themed park with consequent loss of heritage and the inherent qualities of wilderness, and degradation of the qualities that are meant to be preserved as stipulated by the Waitakere Ranges Heritage Area Act 2008.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki,Waitākere Ranges

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Looks like a continuation of Local Board activities. If anything, it is a bit wishy-washy and vague.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Do not support

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

Support

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

Support

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

1. Environmental initiatives."Restoration programmes" in so far as can be ascertained, depart from the requirements of The Waitakere Ranges Heritage Area Act 2008 in that they involve interference with the wilderness of the Waitakere Ranges and the increase in built environments and structures, which are explicitly excluded by the WRHAA2008.

Setting up of community gardens is desirable.

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

Waitākere Ranges Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Community wellbeing - continue to grow and evolve our programmes to support community wellbeing with a focus on tamariki and rangatahi, as well as older people

B. Review level of community grants, including investigating a Facility Partnership Fund to support community organisations to plan, develop or upgrade community facilities

C. Improve engagement with communities of need, schools and youth

D. Progress an omnibus Waitākere Ranges Local Parks Management Plan

E. Walking and cycling connections, particularly through parks

Tell us why (please be clear which priority you are talking about)

See previous comment on Maungakiekie-Tamaki Local Board Environmental Programmes. This is applicable to this Board.

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

I am a fan of social services, good public transport should be a priority and ideally free so we use less cars/oil

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Yes, make cars more expensive to own while providing effective public transport options. Housing should be a human right so disincentivise property speculation and investment.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

Don't know (High) rates are good as long as the money is spent right

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
2	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.

- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Traffic conditions haven't improved; there's a lot of road construction, causing various congestion issues, long working hours, and a significant additional burden.

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Reforms in specific regions should include increases in local taxes for the corresponding areas.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
2	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
6	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

Economic development will support and encourage local businesses, creating more jobs.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Not agree

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Ōrākei

Ōrākei Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. What do you think about the proposed key areas of additional investment and changes to services?

A. Increase community-use sports fields provision either through redevelopment or expansion of our asset portfolio to address the forecasted move of Auckland Cricket into Colin Maiden Park and other demands on our sports fields.

B. Increasing investment in restoration and pest-management programmes to grow and protect your natural environment. Our reserves and open spaces are one of the most vital resources in Ōrākei.

C. Changing the Meadowbank Community Centre project to a self-funded community centre to capitalise on existing investment and resources.

D. Construct a playground Remuera Library to optimise the under-used green space at the side of the building.

Tell us why (please be clear which priority you are talking about)

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?

Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Request for installation of exercise equipment in the playground that adults can also use.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.

2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around

4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

1. Traffic is excessively delayed at key intersections

2. Concentration - Mandatory parking facilities - At least 1 vehicle

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

the Auckland council should find other way to raise except for rates.

As rates have already been hiked for the past few years eg ask Wellington or cut spending for

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

these changes are quite necessary but we should consider to deregulate traffic control

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

there arent many major plans and honestly the council should consider deregulation

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

No, consider deregulation and cutting council staff

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

2	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
6	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
3	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
5	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

I believe that the council should decide to invest more for trains and economic development. Prioritizing these should lead to a better nation for all.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Important to have access to this service

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
5	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.

3	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
6	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
1	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Streets and public spaces – improve streets, parks and public spaces so the city centre is a great place to live and spend time in.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support all

Tell us why

Trains are pretty cool

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support most

Tell us why

Students are already paying high rent in Auckland. Many students working part-time, in our case only 20 hours per week, to support studies and rising costs make it difficult. Also, since last 1-2 years, we cannot even find part-time jobs

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**
- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

Refuse charges and other property costs eventually passed to tenants. Students feel these increases even if indirectly.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

Public transport improvements are very important for students. Many students do not own cars so they depend on buses and trains daily.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

I don’t know

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

I don’t know

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

I don’t know

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

Support

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Support

Tell us why (please be clear which priority you are talking about)

Local economy

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

I don't know

Tell us why

No aware of this

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Council should focus more on affordable transport and housing for young people.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027-2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?

(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
3	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
6	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
1	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
4	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

More frequent buses and cheaper transport options for students.

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Better connections – improve links between the city centre, the waterfront and nearby neighbourhoods.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area
1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.

	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
4	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

#6054

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Do not support any

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

I disagree, I do not support it.

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Tell us why

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Support most

Tell us why

there is no intention of investment in the arts (visual, music etc) which is very important (like sports). As a local artist, business owner (the Good the Bad is tamaki first art gallery) not a lot of support for the work that we do. The arts play an important role to achieve Environment, Library's and culture, Safety and emergency readiness, and local economy but investment isn't direct which is much needed.

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

	Economic development and events – growing Auckland's economy and supporting events, tourism and creative industries.
	Local parks, community and recreation services – local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
	Planning and infrastructure to manage growth – planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
	Regional parks and environment – looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
	Transport – roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
	Flood resilience – reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

N/A

Tell us why

N/A

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

We are a senior group >65 years. We are interested in programs for seniors, sports and indoor activities for the seniors and our safety

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

N/A

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

Support most

Tell us why

being a pass tax payer I think everyone deseves a chance

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

overall cause only the government work out plans and requite

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

I don't know

Tell us why

i don't have enough time to study and understand the proposals

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

overall as stated its a growing population - as inform by the councils government

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

1	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
4	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
2	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
3	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
5	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
6	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

cause with money a lot can be done so i know employment is rise. money isn't enough from the government alone to run this proposal so with the economic development and events it helps raise more fund for the proposal that is needed

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.,Supporting businesses – help businesses succeed by making them easier to access by attracting more visitors to the city with well-designed streets and public spaces.

Q1: What do you think of the proposed annual plan?

Other

Tell us why

This sounds great apart from the increases to 7.9% is not

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

The sewerage system thing sounds good

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Feedback:

1. What do you think of our proposals for your local board area in 2026/2027?

Tell us why

2. What do you think about the proposed key areas of additional investment?

A. Environmental initiatives – working alongside mana whenua on restoration projects, expanding food resilience and edible planting programmes, and reinstating deferred environmental education activities.

Support most

B. Sport and recreation – providing one-off operational support to local sports clubs and facilities to strengthen participation and collaboration.

They sound like they have a plan

C. Libraries and culture – enhancing programming for seniors and increasing investment in creative and cultural activities.

D. Community safety and emergency readiness – exploring additional compliance officer resourcing in areas with limited coverage.

E. Local economy - supporting business associations to continue supporting local businesses and ongoing growth, development and liven-up our town centres.

Tell us why (please be clear which priority you are talking about)

3. What do you think of Onehunga Business Association Inc's proposal to reduce the geographic boundary of the Onehunga Business Improvement District (BID) programme, and amount of targeted rate to be collected?

Tell us why

Question 4: Other feedback

Q4: Do you have any other comments on the Annual Plan 2026/2027?
Including the Tūpuna Maunga Authority Operational Plan 2026/2027 (Section 3 of Consultation document)

Nope, good job team

Question 5: Looking further ahead / shaping Auckland's longer-term future

We also want your feedback on longer-term priorities that will help shape the city over time.

We are planning some discussions for next year that will inform plans and strategies that will shape Auckland's future. These plans and strategies include (but are not limited to):

- **Regional transport plans**
- **Water service strategies**
- **Auckland's spatial plan**
- **Our 2027–2037 long-term plan, which will set funding priorities for regional and local priorities listed below.**

We will continue to invest and deliver in all our investment areas, but we want to understand your priorities.

Q5: Which areas are most important to you over the long term?
(Please use the boxes to rank in order of importance, with 1 being the most important and 6 being the least important.)

Rank	Area

6	**Economic development and events –** growing Auckland's economy and supporting events, tourism and creative industries.
5	**Local parks, community and recreation services –** local parks, sports fields and other physical recreation services, libraries, community centres and services, and funding community-led initiatives.
1	**Planning and infrastructure to manage growth –** planning how and where Auckland grows, rebuilding urban centres, improving infrastructure, and coordinating land-use with public services.
4	**Regional parks and environment –** looking after Auckland's natural areas, streams, coastal zones and cultural heritage, reducing waste, and supporting community-led environmental projects
3	**Transport –** roads, public transport, walking and cycling, and making it easier, safer and more sustainable for people to move around
2	**Flood resilience –** reducing flood risks, upgrading stormwater systems and protecting waterways.

Q5 Comment: What specific council activities or services do you most want us to prioritise, and why?

N/A

Question 6: City centre

Auckland's City Centre is the economic heart of our region. Overall, the city centre accounts for about a fifth of everything produced in Auckland's economy. We want to make public spaces work better for people, get more value from major investments in transport, and make sure council helps the city centre thrive as a place to live, work, study, and visit.

Q6: What improvements do you think we should prioritise in the city centre?

Events and city life – attract people to the city centre through events, culture and a strong sense of place.,Getting around – make it easier to walk, drive, cycle and use public transport in the city centre and from east to west, including better traffic flow.,Māori identity and culture – reflect and celebrate Māori identity and culture throughout the city centre.,Safety – a safer and more welcoming city centre, both day and night, for residents, workers and visitors.

Annual Plan 2026-2027

Your feedback:

Question 1: Our overall plan and proposed increases to rates

Our Annual Plan 2026/2027 builds on the first two years of our Long-term Plan 2024-2034 (LTP). It focuses on continuing to strengthen our finances and Auckland's physical resilience, while investing where it is needed most to meet the needs of our growing communities.

In 2026/2027 that includes prioritising investment in:

- **Transport**
- **Water**
- **Helping local boards respond to the needs of their communities.**

This annual plan also proposes how we will pay for services and investments, including a 7.9 per cent rates increase for an average-value residential property. The increase in rates is mainly due to the $235 million yearly cost to run and own the City Rail Link, the bulk of which is interest and depreciation costs for the council's share of CRL.

Individual rates increase will vary by property type and value. Use our online rates guide to find out the proposed rates for your property.

Q1: What do you think of the proposed annual plan?

I don't know

Tell us why

Tell me why

Question 2: Changes to other rates, fees and charges

Besides the 7.9 per cent rates increase for an average-value residential property, the annual plan includes changes to a range of other rates, fees and charges. These include:

- **Introduction of a refuse bin/bag exchange fee**

- **Changes to the Kingsland and Onehunga Business Improvement District (BID) programme areas**
- **Waitākere Rural Sewerage Scheme**
- **An Auckland Transport proposal to increase residential parking permit fees in specific areas.**

Q2: What do you think about these proposed changes?

N/A

Question 3: Local board priorities

Q3: Which local board(s) would you like to provide feedback on?
