

Albert-Eden Local Parks Management Plan

Feedback must be received by **11.59pm, 1 June 2025**.

Albert-Eden Local Board is developing a local parks management plan for all parks and reserves in the local board area. The plan will guide the use, protection and development of the local parks network over the next 10 years.

The plan will capture key cultural, historic, natural and recreational values associated with parks and desired activities including leases and licences. It will also identify issues and opportunities for specific parks.

We are following the statutory process for developing reserve management plans under the Reserves Act 1977 which includes two rounds of public consultation.

Once adopted, the plan will replace all existing reserve management plans for the local board area.

Why have local parks management plans?

The local parks management plan will:

- help the local board to make good decisions about how parks are used and protected,
- address what needs to be considered when developing and enhancing our parks,
- reflect the local community's needs and aspirations for their local parks.

Why we are consulting?

We would like to understand what you value about parks in the Albert-Eden Local Board area, the key issues you believe the local board should focus on, and how you'd like to use your parks - both now and in the future. Your feedback will help us develop a draft plan. Consultation is open from 1 May 2025 and closes at 11.59pm on 1 June 2025.

What will be the next steps?

After the consultation closes on 1 June 2025, we will analyse all the submissions received and provide a summary of feedback by late 2025.

We strongly encourage you to read the proposed approach and accompanying information before answering any of the following questions.

We encourage you to give feedback online at akhaveyoursay.nz, or you can:
